safety & efficacy of quetiapine, 6.2–15.3 yr old males with autistic disorder & mental retardation, 31675
safety & efficacy of risperidone & olazapine, geropsychiatric patients (mean age 71 yrs), 34993
safety & efficacy of use of atypical antipsychotic agents as adjunctive therapy for bipolar & schizoaffective disorders, 28425
schizophrenia developmental trajectory & disease course & amelioration by antipsychotics, 4968
selegiline augmentation to antipsychotic treatment, negative symptoms & overall functioning, 40 & 41 & 61 yr old patients with schizophrenia in continuing day treatment program, 15299
self-poisoning & suicide risk & fatal toxicity potentials of orphenadrine & other antipsychotic & anticholinergic drugs, patients with psychotic illnesses, commentary, 15340
serotonergic basis of antipsychotic drug effects in schizophrenia, 8922
serotonergic vs dopaminergic vs muscarinergic antagonists, discriminative stimuli properties of S-16924 & cocaine, male rats, 20341
serotonin 2A receptor blocking property of drugs, phencyclidine-induced disruption of prepulse inhibition of acoustic startle, rats, animal model of schizophrenia, 33514
serotonin 5-HT2 & D2 receptor occupancy of clozapine & risperidone & olanzapine, 19–54 yr olds with schizophrenia, 12192
sertindole as a high affinity antagonist of the human cardiac potassium channel & acquired long QT syndrome, cloned human cardiac potassium channels of human ether-a-go-go-related gene & Kv1.5 , 4252
serum level of interleukin-2 soluable receptor alpha & interleukin-6 & interleukin-1 receptor antagonist before vs after neuroleptic administration, schizophrenic patients (mean age 34.4 yrs), 24238
severe akathisia during olanzapine treatment, 31–60 yr olds with schizophrenia, 5639
striatal & temporal cortical D2/D3 dopamine receptor occupancy by typical antipsychotic drugs, 25–58 yr old schizophrenic patients being treated with antipsychotics, 34961
striatal D2 dopamine receptor occupancy of neuroleptic & clozapine & occurrence of extrapyramidal side effects, inpatients with schizophrenia, 5607
striatal dopamine-2 receptor occupancy, 19–54 yr old schizophrenic patients treated with olanzapine vs clozapine vs haloperidol, 12245
subcortical basal ganglia & thalamus MRI volumes, neuroleptic-naive & treated patients with schizophrenia, 8904
switch from risperidone to olanzapine, return of regular menstrual cycle, 34-yr-old female with schizoaffective disorder , 8896
tamoxifen or estradiol or metformin for counteracting antihyperglycemia & subsequent obesity induced by typical & atypical antipsychotic drugs, humans & animals, 29977
Texas Medication Algorithm Project on cost effectiveness of medication algorithms in mental health care in public sector, implications for schizophrenia & bipolar & major depressive disorder patients, 15339
therapeutic effects of quetiapine, 9 yr old female with mania & psychiatric symptoms, 21951
therapeutic index & adverse & antiamphetamine effects of quetiapine & NNC 756 & NNC 22-0031 & DOD 647 & haloperidol & melperone vs clozapine, monkeys, 26831
thioridazine vs remoxipride, neuropsychological & hemodynamic responses, healthy 20–42 vs 65–77 yr olds, 23586
timing of 1st administration of antipsychotic medication after 1st onset of psychotic symptoms, symptoms & clinical course, patients with schizophrenia or schizophreniform or schizoaffective disorders, 5630
tolerability & extrapyramidal symptoms & akathisia related to olanzapine vs risperidone, 33 yr old male with AIDS & major depression with psychotic features, 2366
tongue auto-amputation after flupenthixol injection for psychotic symptoms, 21 yr old mentally retarded male, 18722
treatment compliance with neuroleptic medication, 20–65 yr old schizophrenic patients, 31693
treatment with neruoleptics vs lorazepam & ECT, 43-yr-old male with agitated catatonia, 11966
typical antipsychotic drugs vs risperidone, quantity & quality of sleep, patients with schizophrenia, 38235
typical vs novel antipsychotics, tardive dyskinesia, patients with affective disorders, 18698
unreported side effects of olanzapine, African American male 27 & 37 yr olds with schizophrenia, 21972
use of newer antipsychotic agents with first-episode schizophrenia & dual diagnosis & elderly & children & adolescents with schizophrenia or other psychotic disorders, 5648
use of olanzapine to treat mental status changes, 23 yr old patient with hereditary coproporphyria, 35108
use of positron emission tomography to study serotonin- 2/dopamine-2 receptor effects of antipsychotics, implications for understanding schizophrenia & its pathophysiology, 21942
value of phase III clinical trials for assessment of efficacy of novel antipsychotic drugs in treatment of schizophrenia, 38242
vitamin B3 & corrective diet & hypoglycemia, 24900
vitamin E treatment, tardive dyskinesia symptoms, 19–60+ yr olds taking neuroleptic medications, 34953
ziprasidone vs clozapine & olanzapine vs desipramine, firing rate of serotonergic dorsal raphe neurons, 36626
zuclopenthixol, 19–64 yr old chronic neuroleptic-resistant aggressive schizophrenic vs psychotic oligophrenic patients, 2326

Neuroleptic Drugs [See Also Clozapine, Reserpine, Risperidone, Sulpiride, Tetrabenazine]—Books

Breakthroughs in antipsychotic medications: A guide for consumers, families, and clinicians, 21979

Neuroleptic Drugs [See Also Clozapine, Reserpine, Risperidone, Sulpiride, Tetrabenazine]—Chapters

The art and science of ethnopharmacotherapy, 28525
Atypical antipsychotics in schizophrenia, 25259
D_3 receptors and the actions of neuroleptics in the ventral striatopallidal systems of schizophrenics, 26871
Gender and response to antipsychotic medications, 28528
Management of treatment-resistant bipolar and schizoaffective disorders, 25255
Molecular biology and antipsychotic medications, 24315
Neuroleptic dosing in Hispanics and Asian patients with schizophrenia, 28532
The patient's view of antipsychotic pharmacotherapy, 25258
Psychoactive drug–drug interactions in children, adolescents, and adults, 25241
Psychopharmocology: A primer, 25253
Relationship of ethnicity to the effects of antipsychotic medications, 28529
Review of neuroleptic dosage in different ethnic groups, 28521
Treatment of the African-American patient with novel antipsychotic agents, 28535
Treatment-resistant schizophrenia in African Americans, 28522

Neuroleptic Malignant Syndrome—Serials

carbamazepine & neuroleptic administration & neuroleptic malignant syndrome, 54 yr old male with chronic schizophrenia, 2373
cases of neuroleptic malignant syndrome associated with antidepressants & their pathophysiological hypotheses, 14–75 yr olds, 8864
clinical presentation & outcome, 16–55 yr olds with vs psychiatric inpatients receiving neuroleptics without neuroleptic malignant syndrome, 11878
clozapine-induced neuroleptic malignant syndrome, female 41 yr old with severe mental retardation & paranoid delusions, implications for role in cholinergic & adrenergic antagonism, 38269
development of & treatment for & death resulting from neuroleptic malignant syndrome after initiation of olanzapine, 60-yr-old female with chronic paranoid schizophrenia & multiple medical conditions, 38271
development of neuroleptic malignant syndrome during treatment with atypical antipsychotics, 2286
diagnosis & treatment & disease course & outcome, 0.9–18 yr olds with neuroleptic malignant syndrome, 11338
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary reply, 12248
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary, 12246
incidence & demographics & risk factors & clinical evaluation & diagnosis & treatment & prevention & biology of & legal issues in neuroleptic malignant syndrome, commentary, 17822
low-dose fluphenazine induced neuroleptic malignant syndrome, female 21 yr old with first episode psychosis, 28430
model for neuroleptic malignant syndrome & role of sympathetic nervous system hyperactivity, 11789
neuroleptic malignant syndrome induced by olanzapine therapy, 22 yr old male with paranoid schizophrenia & history of neuroleptic malignant syndrome reaction on conventional neuroleptics, 12153
olanzepine induced neuroleptic malignant syndrome, mild to moderately mentally retarded 21 yr old male, 28460
pharmacologic & clinical risk factors for neuroleptic malignant syndrome, inpatient cases vs controls all treated with neuroleptics, 2280
possible olanzapine-induced neuroleptic malignant syndrome, 40-yr-old female with paranoid schizophrenia, 8926
risk factors, psychiatric patients with neuroleptic malignant syndrome, commentary reply, 1477
risk factors, psychiatric patients with neuroleptic malignant syndrome, commentary, 1453
risk factors, psychiatric patients with neuroleptic malignant syndrome, commentary, 1476
zopiclone, development of non-neuroleptic malignant syndrome, 62 yr old woman with history of alcohol dependence, 2354

Neurolinguistics—Serials

cortical organization of language using magnetic resonance imaging, right-handed fluent bilinguals in English & Mandarin, 16905
influence of pragmatics on listener's interpretations of what is said vs implicated, 30098
measurement of planum temporale asymmetries & role in linguistic function, non-human primates, 3856
neural correlates via functional MRI of linguistic tasks, male patients with schizophrenia (mean age 29.6 yrs), 24249
neurolinguistic full access theory of impact of universal grammar on 2nd language acquisition, adults, comment & reply, 3851
relationship between dyslexia & language disorders & neural level auditory processing deficits, 37729
relationship of discourse to environment & organism, right-hemisphere brain-damaged Ss, 29601
studied probability lexicon structure & hemispheric interaction in patients with depression or mania or schizophrenia, 34061

Neurolinguistics—Books

The neurolinguistics of bilingualism: An introduction, 20417

Neurolinguistics—Chapters

Language and the frontal lobes, 8691

Neurological Disorders [See Nervous System Disorders]

Neurologists—Serials

attitudes toward & knowledge of & treatment behavior in end of life care, neuro-oncologists vs amyotrphic lateral sclerosis specialists vs neurologists, 28588

neurologic & neurophysiologic & neuropsychological & biochemical diagnostic tests to assess effects of exposure to chemical neurotoxins, neurologists, implications for deposition or testimony, 22306

Neurology—Serials

age at onset & duration & behavioral changes & neurologic deficit & hippocampal atrophy & other clinical characteristics, patients with frontotemporal dementia vs Alzheimer's disease, 31302

age-related decline of neurological & neuromuscular function, 66–99 yr old women in study of osteoporotic fractures, 2-yr followup, 848

brain activity during dominant vs nondominant hand performance of practiced vs unpracticed design tracing tasks, 19–35 yr olds, 527

brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary, 11464

brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary, 14613

brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary reply, 14617

brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, 4987

childhood antecedents & biological markers of schizophrenia within neurodevelopmental framework, 21161

clinical & neuroradiological criteria for probable or possible Pick's disease, consortium, 2025

computer system for control of stimuli delivery & data acquisition during behavioral conditioning & neural recording experiments, 6455

cortical maps of & orientation scatter in receptive field position & orientation preference of neurons in visual cortex, cats, 33212

D. F. Benson's contribution to neuroimaging in behavioral neurology, 15026

diagnostic memory & dementia evaluation in multidisciplinary memory clinic in neurological setting, 19–97 yr olds, 31246

effect of long-term treatment with low to intermediate recombinant human interferon alpha on neurological & neuropsychological functioning, 46–85 yr olds with myeloproliferative disorders, 12 mo study, 31800

mycoplasma fermentans, tumor necrosis factor alpha & interleukin-1 expression & mediation of microorganism-induced neurobehavioral & neuroendocrine alterations, rats, implications for AIDS patients, 23365

need for neurology education at undergraduate level & during medical education, medical students, 15717

neural category & modality specificity of semantic memory, humans, 23153

neural events in visually guided reaching, 26375

neural ground of religious experiences & relation to epilepsy & schizophrenia & mood congruent depression, comment, 1399

neural ground of religious experiences & relation to epilepsy & schizophrenia & mood congruent depression, commentary reply, 1412

neural mechanisms underlying illusory contour perception & amodal boundary completion, 42 & 45 yr old collosotomy patients, 31202

neural mechanisms underlying operant & classical conditioning of antennal movements, honeybees, 10426

neural model of saccadic eye movement control to explain task-specific adaptation & saccadic coordinate changes, 33206

neural processes in & internal models for estimation of gravity & linear acceleration, humans, 16881

neural responses in delayed matching to sample & delayed nonmatching to sample tasks, 22–40 yr olds, 23305

neurodevelopmental & social development, 24 mo olds with severe respiratory failure treated conventionally vs with extracorporeal membrane oxygenation, 5753

neurologic basis of applied kinesiology or manual muscle testing for functional neurological assessment & types of tests & model for neurolymphatic reflex activity, 20143

neurological & ophthalmological features & causes & effect of visual stimulation early intervention, 7 mo olds–4 yr olds with cerebral visual impairment, 11955

neurological causes of indices of disorganized/disoriented attachment status & differential diagnosis guidelines, children, 36820

neurological correlates of depressive symptoms, patients with vascular dementia vs Alzheimer's disease, 21604

neurological features of unidirectional alexia in reading Hebrew but not English, 73-yr-old patient, 21574

neurological signs & psychomotor performance, 18–46 yr old patients with first-episode vs chronic schizophrenia vs their parents classified as family history positive vs negative for psychosis, 24254

neurological signs & test scores as predictors of cognitive & neuropsychological performance & ability to discriminate from healthy Ss, schizophrenia patients (aged 18–61 yrs), 34141

neurology & electrophysiology of imprinting & recognition memory, 13494

neuromagnetic responses in hippocampus during motor reaction to auditory cue within multimodal stimulation, 25–50 yr olds, 29865

neuron activity in medial superior temporal area of extrastriate cortex in response to optic flow &/vs translational self-movement stimuli, rhesus monkeys, 462

neuronal phase locking to envelopes of sound stimuli & difficulties in auditory discrimination, 22–36 yr olds with dyslexia, 34462

opiate-like peptides & treatments & cellular interactions & red cell lipid analyses in neurobiology of autistic spectrum disorder, 37633

pathophysiology & neurologic consequences of fatty aldehyde dehydrogenase deficiency, 4–42 yr olds with Sjogren-Larsson syndrome, 18288

personal report of hemianopia due to occipital infarct & neurological functioning & visual hallucinations, 63 yr old male professor of neurology, 34616

positron emission tomographical data on neural correlates of reading German words & pseudowords, 25–30 yr olds, 29805

prevalence of neurological abnormalities & behavioral & learning problems, 4–13 yr old children with dextrotransposition of great arteries, 1995

progression of neurology training, self confidence for treating neurological disorders & neurology Psychiatry Resident-in-Training test scores, 1st–4th yr psychiatry residents, 25593

psychiatric & neurologic predictors of psychogenic pseudoseizures outcomes, adults, 37858

psychiatric & neurological symptoms & ward behaviors & course of violence behavior, 18–55 yr old hospitalized patients with schizophrenia or schizoaffective disorder, 30730

relation of sensory integration & other neurological signs to eye tracking disorders, patients with schizophrenia, correction, 17919

relationship of patient age & psychiatric diagnosis & neurological & cognitive functioning to CT results influencing patient care, 23–85 yr old psychiatric patients, 4851

research of CNS tumor growth & therapeutic strategies on survival rates & methods for improving neurocognitive function & quality of life & training for medical personnel, 21509

role of lateral prefrontal cortex in prospective coding for objects, male monkeys, 26635

severe & melancholic depression & neurological factors & efficacy of sertraline & other SSRIs, 2271

small vs large object, judgments of object weight & effort to lift, 16–48 yr olds, test of neural gain hypothesis of weight illusions, 149

spatial structure & detection of neural registration of temporal structure & contrast modulation, 33224

temporal stability of neurological abnormalities, 26–45 yr old 1st episode patients with schizophrenia, 5 yr follow up, 34174

theory for disorganized & reality-distortion schizophrenia as disturbances in multiple constraint organization between neurological subsystems in brain, 34185

use of binocular rivalry to investigate neural correlates of conscious perception, 25–49 yr old Ss, 26643

utility of Nonverbal Learning Disabilities syndrome model for characterizing neurocognitive & psychosocial outcomes, children with brain tumors, 5197

Neurology—Books

The evaluation and treatment of mild traumatic brain injury, 24861

Neurology—Chapters

Advances in the cognitive neuroscience of neurodevelopmental disorders: Views from child psychiatry and medical genetics, 30968

Congenital hydrocephalus as a model of neurodevelopmental disorder, 31094

Current controversies in mild head injury: Scientific and methodologic considerations, 24867

Mechanical, neural, and perceptual effects of tendon vibration, 3523

Neurocognitive risk factors for PTSD, 24356

Neuroimaging and genetic disorders, 31346

Neurologic aspects, 11953

Neurological aspects of music perception and performance, 534

Neurological rehabilitation in Germany: The phase model, 35314

Neuropsychological findings in clergy who sexually abuse, 37537

Voice physics and neurology, 16551

Neuromuscular Blocking Drugs [See Muscle Relaxing Drugs]

Neuromuscular Disorders [See Also Cataplexy, Gilles de la Tourette Disorder, Muscular Dystrophy, Myasthenia Gravis, Paralysis, Parkinsons Disease]—Serials

age-related decline of neurological & neuromuscular function, 66–99 yr old women in study of osteoporotic fractures, 2-yr followup, 848

cognitive & behavior & language changes in motor neurone disease with dementia or aphasia & relationship to frontotemporal dementia & dysfunction, 31180

coping issues in & teacher attitudes during educational mainstreaming, students with neuromuscular disease, 16016

eyeblink classical conditioning, 16 yr old female identical twins with ataxia-telangiectasia, 37888

hypnotherapy, anxiety & depression & muscle pain control, middle-aged male with generalized dystonia of childhood onset, 35067

use of the modified Kral procedure & facilitory & oppositional paratonia as predictors of performance on motor & nonmotor tests of frontal lobe function & cognition, comment & reply , 28115

use of the modified Kral procedure & facilitory & oppositional paratonia as predictors of performance on motor & nonmotor tests of frontal lobe function & cognition, 54–84 yr old patients , 2009

Neurons [See Also Axons, Dendrites, Ganglion Cells (Retina), Motor Neurons, Purkinje Cells, Sensory Neurons]—Serials

2-amino-5-phosphopentanoic acid, neuron activity in motor cortex during paw placement conditioned reflex, cats , 555

acetylcholine applied to neurons in motor cortex, neural responses during conditioned paw positioning reflex, cats, 29777

activity of locus ceruleus neurons & degeneration of norepinephrine system, depressed vs nondepressed elderly patients with Alzheimer's disease, 11900

activity of neurons in human temporal cortex during identification vs memory for names vs words, 22–57 yr old awake patients undergoing left or right awake craniotomy for epilepsy, 28193

activity of serotonergic neurons, behaving animals, 26604

aging & life long ethanol consumption, sympathetic neurons, rats, 13581

alterations in hippocampal neuronal & GABA functions, patients with schizophrenia, 34144

amiloride, neural representation & discrimination of NaCl & KCl in taste responsive neurons of nucleus of solitary tract, hamsters, 29770

antioxidants vitamin E & beta-carotene, ethanol induced neurotocity in embryonic hippocampal cultures, rats, 15421

application of irritant chemicals to oral or ocular mucosa, activation of neurons in trigeminal subnucleus caudalis, anesthetized rats, 3828

apriprazole, modification of striatal neurons as dopamine D2 receptor agonist or antagonist, male rats, 36588

attention, neuronal visual orientation-tuning in extrastriate areas V1 & V4, male rhesus monkeys , 10436

behavioral role of neurons containing D1 dopamine receptor, transgenic mice, 23451

bimanual behavior in neuronal activity of neostriatum, monkeys, 13574

blueberry vs spinach vs strawberry dietary supplements, age-related declines in neuronal signal transduction & cognitive & motor behavioral deficits, male rats, 33165

c-fos assessment of long-term changes in neuronal properties associated with imprinting, chick brain regions, 7019

calcium influx vs protein kinase vs mitogen-activated protein kinase, mediation of ischemic preconditioning-induced protection in cortical neurons, rat cultures, 29864

calcium++ influx & mobilization from intracellular pools, expression of morphine tolerance, male mice, 13817

calibrated vs percutaneous electrical stimuli & nociceptive responses, somatosensory properties of ventromedial thalamic neurons in dorsal horn, rats, 36438

cell firing in superior colliculus during spatial memory task with vs without cues, male rats, 7113

cell-assembly coding hypothesis of memory processes, 513

cerebellar interpositus nucleus & lateral pontine nuclei neuronal activity during conditioned inhibition of eyeblink response, male rats, 33203

chronic lithium maintenance therapy, peripheral nervous system & sensory & motor nerve conduction velocity, 21–65 yr olds with bipolar disorder, 21889

circadian rhythmicity of spontaneous firing rate & other membrane properties of suprachiasmatic nucleus neurons, rats, 10486

cocaine self-administration, single neuron electrical activity in nucleus accumbens, male rats, implications for drug addiction, 23342

cocaine, sensitized responding & conditioned locomotion, male vs female rats with neuronal nitric oxide synthase deficiency, 7213

combined subicular & cingulate cortical vs hippocampal lesions, thalamic training-induced neuronal activity during discriminative avoidance learning, male rabbits, 481
complement proteins & receptors for chemotactic & anaphylactic peptides, neurons & neurodegenerative processes of CNS, 34663
conditioned responses using active selection of reinforcement based on food quality, interneuron interaction in basolateral amygdala, cats with impulsive vs self controlled behavior, 559
connectedness detection among neurons in visual system & figure ground segmentation, 3901
contour perception & visual illusions & neuronal representation in telencephalon, owls, implication for corresponding neural functioning in human visual cortex, 33237
contour perception & visual illusions & neuronal representation in telencephalon, owls, implication for corresponding neural functioning in human visual cortex, commentary, 33238
cortical maps of & orientation scatter in receptive field position & orientation preference of neurons in visual cortex, cats, 33212
cortical neuronal death after transient cerebral ischemia & delayed recovery of auditory cortical evoked potentials, awake gerbils, 428
cortical neuronal involvement, 15–38 yr olds with hyperekplexia, 5308
corticosterone, clasping responses & reticulospinal & medullary neuronal activity, male newts, 7250
density of dendritic spines on cerebral cortical pyramidal neurons, postmortem brains of 44–83 yr olds with schizophrenia, 1589
design of dynamic & symmetrical auto-associative neuronal networks based on structured sets of neurons that exhibit associative memory, 6471
early life seizures, later seizure induced neuronal damage & behavior, adult rats, 36430
effect of non-steroidal anti-inflammatory drugs on toxicity of human THP-1 monocytic cells towards neuron-like cells, implications for role of inflammatory processes in Alzheimer's disease, 30016
effects of 5–hydroxytryptamine, responses of macroglomerular complex projection neurons to female sex pheromones, male sphinx moths, 36428
effects of electrophysiology of hippocampus CA1 neuron, prenatal ethanol exposure, rats, 13616
effects of ethanol, responses to nicotine in cerebellar interneurons & medial septal neurons, male rats, 26655
electrophysiology of riluzole, striatal spiny neurons, rats, 3963
episodic & spatial memory processing in hippocampal neuronal activity, rats, 16956
ethanol toxicity & growth factor-mediated neural proliferation & relevance to fetal alcohol syndrome, 4203
ethanol, Fos-like immunoreactive neurons, FAST vs SLOW selected lines of mice, 10558
ethanol, locomotor activity & number of Fos-like immunoreactive neurons in central nucleus of amygdala, high vs low ethanol reactivity mice, 654
ethanol, nervous system cells & cycle delay, rats, 20325
excitation, NMDA receptor antagonists, entorhinal cortex & cultured entorhinal cortical neurons, rats, 23594
familial leukodystrophy & adult onset dementia & abnormal glycolipid storage indicative of new lysosomal disease, 37 & 38 yr old brother & sister with early onset dementia, 5405
figure shape & position & overlap, responses of inferior temporal neurons, male macaques, 29829
firing characteristics of deep layer neurons in prefrontal cortex during spatial working memory & alternation tasks & food search & role of hippocampal projection, male rats, 3865
firing properties of olfactory bulb neurons during sniffing, rats, 3977
functional dynamics of neuron B51, selective enhancement of motor pattern I in buccal ganglia, Aplysia, 16934
functional properties of nucleus interfacialis neurons in selectivity for learning of songs arising in or in structures afferent to forebrain nucleus, male zebra finches, 23314
functions of dorsolateral prefrontal vs posterior parietal cortex neurons in working memory via cell firing in perception-action cycle, adult male monkeys, 23399
gaze direction, response gain in primary visual cortex neurons, monkeys , 13596
glutamate & gamma aminobutyric acid, dorsal & ventral striatal neuronal activity, unrestrained male rats, 23321
grouping of image fragments by response properties of orientation-selective cells in primary visual cortex, male & female Japanese monkeys, 36514
influence of spatial attention, responses of neurons in middle temporal visual area of extrastriate cortex, monkeys, 20144
intracerebroventricular administration of kainic acid, neuronal loss & damage, male rats, 14 day study, implications for schizophrenia, 7034
KB-R7943, blocking of aspartate & glycine-elicited currents through NMDA channels in acutely isolated rat hippocampal neurons, 33487
laminin, A beta 40 amyloid fibril formation promoted by apolipoprotein E in vitro, implications for treatment of Alzheimer's disease, 4224
learning capacity in maze, bcl-2 transgenic mice, 29756
limitation of sensory input through partial limb denervation, somatosensory cortex neuron reactivity during ontogenesis, baby rats, 20188
location & movement & directional selectivity of hippocampal neuron action potential discharges, restrained awake male rats passively displaced on mobile robot, 471
long & short-term potentiation in neocortical L-II/III vs hippocampal CA1 pyramidal cells, rats, 29773
long term memory stimulators ethylnorantiphein & M1 & M2 analogs, genetic apparatus of neuronal calcium-regulatory system in cortex and hippocampus, rats , 485
mating & Fos-immunoreactive neuronal expression in brain, male macaques, 23331
mechanisms of long-term depression in hippocampal interneurons, rats, 33222
model of color contrast & color preference & double opponent cells, 33220
modulation of opioid receptor signaling by kainic acid in neural cells, 29980
monoclonal antibody, neural growth protein on defensive behavior, adult rats, 13816
morphology & neuronal phenotypes of hippocampal formation in schizophrenia, 14592
motivational properties of orbitofrontal neurons, monkeys, 20155
mutant presenilin-1, cell viability & apoptosis, rats, implications for pathogenesis of familial Alzheimer's disease, 26559
neural cell adhesion molecule polysialylation & potassium channel antisense inactivation after avoidance learning, male mice, 3654
neural correlates via functional MRI of linguistic tasks, male patients with schizophrenia (mean age 29.6 yrs), 24249
neural network probability density methods for smooth function approximation & learning in populations of tuned spiking neurons, 6473
neural processing of & networks activated by pain component of capsaicin-inducted secondary hyperalgesia, healthy adults, 29978
neuron encoding & object centered spatial awareness, male monkeys, 20129
neuron loss in amyloid-beta precursor protein, transgenic 14–18 mo old mice, implications for Alzheimer's disease in humans, 456
neuronal mechanisms associated with genesis of different motor patterns of buccal ganglia & their modifications by contingent reinforcement, Aplysia , 16935
neuronal substrate involved in personality switches, 47 yr old female with dissociative identity & PTSD, 30636
odor exposure & stress inhibition in granule neuron proliferation of dentate gyrus during postnatal period, neural development, rat pups, 3926
olfactory proteins & odeorants & transduction apparatus & globase basal cell turnover & odoraolfactory sensory neuron line, 36440
open environment size & barriers, spatial firing patterns of subicular vs hippocampal place cells, male rats, 29852
patterns of membrane potential changes in laryngeal motoneurons during vocalization & coughing & swallowing & sneezing & aspiration reflex, decerebrate paralyzed cats, 20147
plasticity & anatomy of serotonergic neurons in integrating external sensory & motor systems & homeostasis of neural tissue, 26540
potential role of serotonin in regulation of hippocampal neurogenesis & functional significance of adult-generated hippocampal neurons, 26542
prenatal binge-like alcohol exposure at various trimesters, cerebellum & olfactory bulb cell loss, rats, 20326
pyramidal neuron size in hippocampus & correlates with total cell count & degree of cell disarray, schizophrenic probands, 34161
reduced synaptic facilitation between pyramidal neurons in priform cortex after odor discrimination operand conditioning task, male rats, 36458
regional patterns of cell vulnerability & sensitivity & selective neuron loss in frontotemporal dementia with & without motor neuron disease & impact on pre & post synaptic terminals in frontal cortex, 31217
regulation of stress responses at level of medial prefrontal cortex output neurons, male rats, 20251
reinforcement to single target neuron, instrumental conditioned reflexes, land snails, 3931
responses of neurons in temporal visual cortex under backward masking paradigm, macaque monkeys, 23401
rich sensorimotor prior waking experience, neuronal plasticity associated with zif-268 brain gene expression levels during rapid eyemovement & slow wave sleep, male rats, 36504
role of neural cell adhesion molecules in memory consolidation, 503
role of neurotensin neurons in mediation of antipsychotic drug effects, implications for treatment of schizophrenia, 31662
role of spinal neurons in instrumental learning for flexed leg position under stress, male rats, 7049
role of stress response gene in neuron survival, rats, animal models of stroke & epilepsy, 433
role of stress response gene in neuron survival, rats, animal models of stroke & epilepsy, commentary, 430
role of synapses & neurons in coordination of fast & slow neuronal circuits for generation of complex behaviors, crabs, 26673
role of vesicular monoamine transporters in neuronal & behavioral function, genes of soil nematode Caenorhabditis elegans, 10408
Schwann cells & precursors & regulation of survival & differentiation of other cells in early nerves, birds & rodents, 33218
selective inhibition of group I metabotropic glutamate receptors, beta-amyloid-induced apoptosis of rat cerebellar granule cells & cortical neurons, implications for Alzheimer's disease, 33358
self-stimulation, excrescence density in apical dendrites of hippocampal CA3 neurons, adult male rats, 3898
shape representations & visual guidance of saccadic eye movements in monkeys, 33229
simulation of effects of modulatory system on biophysical properties of single cells for context dependent processing at system level, neuromodulation in visual cortical network, 29244
simultaneous timing of initial activation of neuronal assemblies in primary & secondary somatosensory cortical areas, 25–50 yr olds, 20108
somatosensory discrimination, neuronal activity in prefrontal cortex, monkeys, implications for neuronal correlates of working memory, 23345
spatial & spisodic memory processing in hippocampal neuronal activity, rats, commentary, 16942
spatial learning & memory in water rewarded spatial alternation task, expression of nitrous oxide neurons in dentate gyrus & frontal cortex, female rats, 3950
standard vs enriched activity housing condition, neuronal markers & neocortical graft-host interface, hypertensive rats with cortical infarct cavity, 16959
stimulation of chewing area of fronto-orbital cortex, muscles & medullary interneurons or motoneurons active during swallowing, adult ewes, 29819
synaptic excitation via cortico-thalamic fibres vs antidromic driving of thalamo-cortico cells from ectopic firing zone in epileptic cortex, thalamic neurone activation during epilepsy, cats, 13601
synaptic strength among neurons, genetic enhancement of learning & memory, mice, 33080
targeted verbally cued movement, evoked spike activity of globus pallidus neurons vs pallidothalamic nuclei, patients with Parkinson's disease , 564
temporal information across synchronized & oscillatory spike trains in odor discrimination, male locusts, 490
timing of neuron's influence on postsynaptic targets & steps in synaptic transmission at physiological temperatures, mammals, 23404
timing of spatial location signals in hippocampal vs subicular cells, freely moving rats, implications for path integration , 20187
transient global ischemia, functional status of CA1 neurons & performance on spatial learning & Morris water maze, male rats, 23363
translational & rotational optic flow stimuli, activity of binocular neurons in nucleus of basal optic root, pigeons, 13602
ultrastructure of synaptic contacts in immunocytochemically identified dopaminergic neurons in substantia nigra, patients with schizophrenia (aged 66–75 yrs at time of death), 21142
unilateral vs bilateral lesions in lateral mammiliary nucleus, generation of head direction signal cells & cell activity in anterodorsal thalamus, male rats, 26577
vanilloid receptor subtype 1 as capsaicin-receptor homologue in high threshold for noxious heat, cells from human & animals, 16994
ventral tegmental area–nucleus accumbens pathway lesions, behavior & biochemical functioning & short- & long-term regenerative capacities of dopaminergic neuronal axons & cell bodies, rats, 29869
vertical vestibular stimulation frequency & orientation, fastigial nucleus activity, monkeys, 29856

virtual vs real translocation task, activity of hippocampal formation & parahippocampal gyrus neurons during allocentric spatial processing, monkeys, 16974
visual motion selectivity of neurons in superior temporal polysensory area in absence of form cues, male monkeys, 20071
visual stimulation, spreading suppression of cortical neuronal activation & onset of visual change & headache, migraine patients with visual symptoms vs without aura, 24787
visual stimulus pattern, adaptation features of complex cells in striate cortex, macaques, 33235
Neurons [See Also Axons, Dendrites, Ganglion Cells (Retina), Motor Neurons, Purkinje Cells, Sensory Neurons]—Books
Critique of impure reason: An essay on neurons, somatic markers, and consciousness, 13375
Neurons [See Also Axons, Dendrites, Ganglion Cells (Retina), Motor Neurons, Purkinje Cells, Sensory Neurons]—Chapters
The basal forebrain corticopetal system revisited, 26671
Brain and sexual behavior, 26550
Epilepsy, schizophrenia, and the extended amygdala, 27505
Evidence accumulation in cell populations responsive to faces: An account of generalisation of recognition without mental transformations, 16961
The importance of being well placed and having the right connections, 26669
Memory reprocessing in corticocortical and hippocampocortical neuronal ensembles, 29887
Mesolimbic neuronal activity across behavioral states, 26879
Modulation of cell firing in the nucleus accumbens, 27719
Neural expectations: A possible evolutionary path from manual skills to language, 33268
A new view of hemineglect based on the response properties of parietal neurones, 29886
The "psychic" neuron of the cerebral cortex, 26690
Neuropathologists [See Neurologists]
Neuropathology—Serials
1994 & 1998 consensus diagnostic clinical criteria for frontotemporal dementia & progressive nonfluent aphasia & semantic dementia as clinical syndromes of frontotemporal lobe degeneration, 31292
5-HT-1B genotype & receptor binding kinetics, postmortem brains of suicides vs nonsuicides with vs without history of major depression vs alcohol/substance abuse vs pathological aggression, 27525
abnormalities in corpus callosum & cerebellum, patients with late vs early onset schizophrenia, 34189
accuracy of criteria for clinical diagnosis, elderly patients with autopsy-confirmed Lewy body disease neuropathology, 2070
animal models of neuropathic pain, 5234
antioxidant prevention of tumor necrosis factor alpha-induced AIDS dementia complex, rats, 4106
applying findings from animal models of neuropathic pain to clinical situations, 5403
behavioral mechanisms underlying diminished novelty-seeking behavior, patients with probable Alzheimer's disease, 11881
carbamazepine, Lyme disease-induced hyperacusis, 33 & 35 yr old women, 11804
central & peripheral mechanisms of neuropathic pain following peripheral nerve injury, 37811
change in density of pyramidal neurons and nonpyramidal neurons in sector CA2 of hippocampus, deceased 24–94 yr olds with schizophrenia vs manic depression, commentary, 21050
change in density of pyramidal neurons and nonpyramidal neurons in sector CA2 of hippocampus, deceased 24–94 yr olds with schizophrenia vs manic depression, commentary reply, 21022
cholinergic & serotonergic & glutamate receptor neurochemical pathologies of in frontal & temporal & partietal cortices, Ss with Pick vs non-Pick frontotemporal dementia vs Alzheimer's disease, 31306
chronic ethanol intake with vs without withdrawal, spatial reference & working memory & neurodegeneration in hippocampal formation, male rats, 20324
chronic lithium, neurological deficit & brain infarct induced by occlusion of left middle cerebral artery, rats, 4233
clinical & neurobiological evidence for hypothesis that schizophrenia involves limited neurodegenerative process with psychotic symptoms that is most active in early stages, 34172
clinical & neuropathologic & neurochemical correlates of D12S1045 91 base pair allele, autopsy-confirmed cases of Alzheimer's disease, 13505
clinical & neuropathologic overlap of Alzheimer–s & Parkinson–s disease & existence of common pathogenic mechanism for neurodegeneration & need for new classification, 5390
clinical & neuropathological & neurochemical correlates of D10S1423 234bp allele, autopsy-confirmed cases of Alzheimer's disease (mean age 67.1 yrs at symptom onset), 34693
clinical & neuropathological & neurochemical correlates of DXS1047 202 bp allele, autopsied brains of patients with Alzheimers disease, 28219
clinical & neuropsychological & SPECT imaging changes, 65–91 yr olds with depression, 2-yr followup, 34105
clinical & neuroradiologic features & medical comorbidity & cerebrovascular disorders & other risk factors associated with chronicity, 57–75 yr old outpatients with late-life depression, 37319
clinical & neuroradiological features of & treatment outcome in secondary mania, 22–59 yr olds with HIV, 31121
clinical & pathological aspects, 54–79 yr olds with reversal of vision metamorphopsia, commentary, 2031
clinical & pathophysiological aspects, 54–79 yr olds with reversal of vision metamorphopsia, 2080
clinical & polysomnographic data, 6–65 yr olds with nocturnal frontal lobe epilepsy, 31307
clinical applications for evoked otoacoustic emissions for identification of retrocochlear pathologies, persons with hearing loss, implications for infantile autism and learning disorders, 35879
clinical neuropathological findings, autopsied cases of 48–73 yr olds with sporadic Creutzfeldt-Jakob disease, 5330
clinical pathological findings of indifference to pain & thalamic gliosis, family members with autosomal dominant disorder , 2023
cognitive & MRI features important in clinical diagnosis, patients with corticobasal degeneration vs progressive supranuclear palsy , 31323
cognitive decline & length of survival, Alzheimer's disease cases with vs without Lewy body variant , 5386
competitive neuronal responses receptive field stimuli, attention in extrastriate visual cortex, male rhesus monkeys, 13580
cumulative effect of deviant structure in cerebral hemispheres & 3rd ventricle & 3 association cortex sulcal landmarks on diagnosis, 15–61 yr old males with schizophrenia, 30731
delayed neuronal loss induced by icv kainic acid, preweanling rats, 10628
demographic & clinical & neuropsychological & neuropathologic findings, patients aged 50+ yrs with Alzheimers disease alone vs Lewy body variant , 24810
deposition of beta-amyloid subtypes 40 and 42 in the differentiation of dementia with Lewy bodies from Alzheimer's disease, postmortem brains, 37870
disproportion in distribution of grey & white matter & neuropsychological functioning, patients with temporal lobe epilepsy with hippocampal sclerosis, 11872
effects of prolonged fentanyl treatment, patients with neuropathic pain, 2469
electrophysical data on dopamine action in prefrontal cortex underlying neuronal model of schizophrenia pathophysiology, 27715
epidemiology & psychopathology & neuropathology & differential diagnosis & treatment of geriatric mania, 24227
episodic memory & focal neuropathology & self, adult male with isolated retrograde amnesia following severe traumatic brain injury, 2052
ethanol toxicity & growth factor-mediated neural proliferation & relevance to fetal alcohol syndrome, 4203
feet apart vs together & eyes open vs closed, subjective report of steadiness, 21–48 vs 54–82 yr olds vs 29–77 yr old neuropathic vs 43–79 yr old parkinsonian patients, 14917
fluoxetine or desipramine, peripheral antinociceptive action in inflammatory pain, male rats, 33481
focal unilateral cortical lesions associated with psychomotor agitation or lethargy, adults & children with vs without mania vs depression, 11316
Freud & origin of obsessional neurosis in German language neuropathology & psychiatry, 12
frontal dysfunction & language impairment in & frontotemporal dementia preceding amyotrophic lateral sclerosis, 45–73 yr olds, 31331
frontal dysfunction & neuropsychological impairment, chronic alcoholics, 1765
functional MRI-assessed hippocampal formation & dysfunction, patients aged more than 65 yrs with normal vs declining memory vs probable Alzheimer's disease, 21605
functional relationships of glutamate receptors & glutamatergic neurotransmission in pathophysiology & clinical manifestations of schizophrenia, 14585
genetics & adrenal & testicular & neurological pathogenesis & diagnosis & treatment of & mania & psychosis & cognitive impairment as psychiatric symptoms of adult onset adrenoleukodystrophy, 31075
hypothesized reduction in interneuronal neuropil in prefrontal cortex as prominent feature of cortical pathology in schizophrenia, 11437
immunization against amyloid-plaque-related proteins, development of neuropathology, younger vs older mice, animal model of Alzheimer's disease, 26547
interaction of basal ganglia & limbic system & neocortex & role of phylogenetic & ontogenetic processes in behavior changes associated with & behavior therapy for frontotemporal lobe degeneration, 31326
intrahypothalamic hyperinsulinism, morphological alterations of ventromedial vs lateral vs dorsomedial hypothalamic nuclei, postnatal rats, implications for role in weight regulation, 17087
intrastriatal quinolic acid vs 3-nitropropionic acid, behavior & striatal & lateral ventrical size & neuropathology, male rats, animal model of Huntington's disease, 746
ion channel dysfunction in chronic fatigue syndrome, 11780
issues in effectiveness of opioids in relieving neuropathic pain, 22045
Lewy body distribution & neuropathological & symptomatic correlations, aged adults with dementia with Lewy bodies with vs without Alzheimers disease vs Parkinson's disease, 37843
magnetoencephalography measured spontaneous abnormal brain activity, 18–49 yr olds with multiple sclerosis, 21467
magnitude of age-related Purkinje cell loss in brainstem & cerebellum, 32–104 yr olds, 36462
MDMA dose & frequency, acute hyperthermic response & long term neurodegeneration of 5-HT neurones as seen in serotonergic markers of 3H paroxetine & 5-HIAA binding, rats, 4238
mitotic phosphoepitopes & helical filaments in Alzheimer's disease, human brain biopsy tissue of 28–93 yr olds, 5414
model of behavioral symptoms of neuropathic pain & associated changes in dorsal horn neurons, male rats, 20152
morphology of CalbindinD28K immunoreactive cells & processes in hippocampal formation & prefrontal cortex, postmortem 43–68 yr olds with schizophrenia, 24263
MRI-assessed correlates of depression, patients with early vs late onset Alzheimer's disease, 2019
mutant presenilin-1, cell viability & apoptosis, rats, implications for pathogenesis of familial Alzheimer's disease, 26559
mutation in tau exon 10 splice site region, family members with frontotemporal dementia or progressive supranuclear palsy or corticobasal degeneration, 18400
mutations in dinucleotide repeats in messenger RNA & neuropathogenesis of Alzheimer's disease, Alzheimers disease patients & nondemented elderly & other primates & rats, 5413
nature of attentional deficits, patients with Parkinson's disease with vs without frontal lobe deficits, 24783
neuroanatomical substrates & distinguishing clinical features of & drug therapy for pathological laughter, 67 yr old male with 20 yr history of involuntary unremitting laughter following brain injury, 21581
neurodegenerative & neurodevelopmental mechanisms involved in pathogenesis & clinical course of schizophrenia , 24273
neurodevelopmental abnormalities in mental retardation, 14869
neurodevelopmental factors & mechanisms of atypical handedness in schizophrenia & pathological shifts in handedness , 14579
neurofibrillary tangle staging in nucleus basalis & cerebral cortex, patients with Alzheimer's disease with vs without Lewy body disease, 5328
neurogenetics & pathophysiology & pharmacotherapy of Alzheimer's disease, 11887
neurologic signs of cerebellar & cortical sensory dysfunction, patients with schizophrenia & their relatives vs patients with bipolar disorder & patients with substance abuse disorder, 11420
neuronal & glial prefrontal cell pathology, postmortem brains of 30–86 yr olds with major depression, 21104
neuronal loss & gliosis & vacuolization as characteristic neuropathologic changes in chromosome 17 linked frontotemporal dementia, 31320
neuropathic & structural & functional neuroimaging studies in study of anomalous brain structure & function in developmental disorders of childhood, 11686
neuropathic mechanisms & use of tricyclic antidepressants & anticonvulsants & local anesthetics & clonidine & NMDA-antagonists & opioids in treatment of postherpetic neuralgia, 38393
neuropathogenesis & proposed final common brain pathway from various etiologies & lateralization & symptoms, delirium, 37918
neuropathology of schizophrenia & bipolar disorder & nonpsychotic depression, Stanley Foundation Brain Collection matched specimens, 37272

neuropathology of schizophrenia, 21137
neurotoxicological effects of low-level lead exposure within CNS, children & animals, 5335
normal vs disease-evoked neuronal loss as cause of cognitive decline, Alzheimer's disease patients, 2020
orphan neurones & dopamine excess & role of neuropathic changes in etiological factors & treatment, Parkinsonism & neuropsychiatric disease, 5417
pathophysiology & clinical criteria & diagnosis & treatment of vascular dementia, 28149
pathophysiology of reading epilepsy, 15–47 yr olds, 5418
patterns of temporal lobe atrophy, patients with dementia with Lewy bodies vs Alzheimer's disease, implications for use of MRI in differential diagnosis, 11894
plasma HIV RNA & CD4 lymphocytes, HIV-associated dementia & sensory neuropathy, male HIV seropositive adults (mean age 33.5 yrs), 10 yr study, 11830
positive symptoms associated with & underlying pathophysiologic mechanisms & diagnosis & treatment of peripheral neuropathic pain syndromes, 37909
potency of nerve growth factor & brain derived neuropathic factor & NT-4/5 & NT-3, elicitation of thermal hyperalgesia, rats, 20148
premorbid functioning & symptoms & neuroleptic responses, patients with atrophic & static schizophrenic psychoses, 24255
prevalence & nature of personality changes & relationship to patient & dementia characteristics & neurological signs, elderly Ss with dementia of the Alzheimer's type or multi infarct dementia, 37807
prevalence of mental disorders & personality disorders & neuropsychological dysfunction, male prisoners (mean age 29.4 yrs), 15692
quality of general movements in postnatal period, neurological functioning & behavioral development, high vs low risk children reexamined at 4–9 yrs, 31053
radial-maze spatial discrimination & barpress learning & spontaneous object recognition before vs after amyloid plaque deposition, 3 vs 6 vs 9 mo old male PDAPP transgenic mice, 36411
rat-based autotomy vs other models of experimental traumatic mononeuropathy & application to mechanisms of neuropathic pain in humans, 7062
regional patterns of cell vulnerability & sensitivity & selective neuron loss in frontotemporal dementia with & without motor neuron disease & impact on pre & post synaptic terminals in frontal cortex, 31217
relationship among traumatic emotional stress & hippocampal injury & memory loss & traumatic dissociative amnesia, animals & humans, implications for sex abuse victims, 33343
relationship of gene expression & neuropathological damage & seizure intensity & body temperature, male rats with kainic acid-induced seizures, 3849
resultant neuropsychological problems, 28–55 yr old burn patients with vs without amnesia, 2099
role of basal ganglia abnormalities, 12–29 yr olds with autism, 24604
role of cholinergic system in pathophysiology & therapeutics of positive & negative symptoms, patients with schizophrenia, 14586
role of mitochondrial mutations & oxidative pathology & protective nuclear responses & cell death in neurodegeneration & diseases, implications for treatment, 13526
saccadic performance characteristics & behavioral neurology, patients (mean age 40.6 yrs) with Tourette's syndrome, 15006
safety & efficacy of nicergoline, cognitive functioning, 60–82-yr-old hypertensive patients with leukoaraiosis, 31185
sensory & motor abnormalities & CNS pathology, complex regional pain syndrome patients with vs without trigeminal hypoesthesia, 5246
sex & apolipoprotein E genotype, beta-amyloid deposition & accumulation in frontal & entorhinal cortex, autopsied 39–97 yr olds with Alzheimer's disease or other neurological disorders, 5360
spatiotemporal mapping of neurofibrillary degeneration in normal aging & Alzheimer's disease, nondemented & demented 10–106 yr olds, 18362
spinal administration of mexiletine, somatosensory transmission of spinal neurones, neuropathic rats, 540
spinocerebellar degeneration & Parkinson's disease, visual processing, 51–65 yr olds, 31177
stability of neurological soft signs in relation to psychopathology & drug therapy with typical vs atypical neuroleptics, chronically hospitalized Ss with schizophrenia or schizoaffective psychosis, 11441
structural & functional & clinical significance & MRI of planum temporale in normal vs schizophrenic vs dyslexic brains, 14414
structural & functional neuroimaging findings related to alcohol & cocaine use & dependence & neuropathologic changes associate with acute & long-term substance consumption, 27871
subcortical basal ganglia & thalamus MRI volumes, neuroleptic-naive & treated patients with schizophrenia, 8904
subcortical white matter hyperintensities & neuropsychological impairment, resistance to monodrug therapy with vs without lithium augmentation or ECT, 65–85 yr old patients with major depression, 2397
substance P & other neurokinins in CNS development & neurodegenerative or psychiatric disorders, 506
systemic methylprednisolone, acute nociception & pain behavior & hyperalgesia, normal vs neuropathic male rats, 20308
tau protein pathology in neurodegenerative diseases, 1958
toxicity & psychopathology & neurotoxicity & potential interactions & abuse of oral consumption of 3,4-methylenedioxy analogues of amphetamine, humans, 21311
use of amitriptyline in neuropathic pain model, male rats, 20285
use of signal intensity as index of myelinization to characterize abnormalities in corpus callosum, 7.2–17.7 yr old pediatric outpatients with obsessive compulsive disorder, 24336
visuoconstructional drawing ability, patients with depression or neurologic compromise, 17777
Wnt-1 expression in hippocampus, postmortem brains of 45–73 yr old schizophrenic patients, 30735

Neuropathology—Chapters

Aphasia: Historical perspectives, 5423
Assessing and treating open head trauma, coma, and stroke using real-time digital EEG neurofeedback, 28220
Down's syndrome, 11729
EEG biofeedback: An emerging model for its global efficacy, 27953
A neuropsychiatric approach to aggressive behavior, 24484
Neuropsychiatry of human immunodeficiency virus infection, 24752
Prenatal exposure to alcohol: Effects on brain structure and neuropsychological functioning, 14787
Temporal windows of vulnerability within the third trimester equivalent: Why "knowing when" matters, 15052

Neuropathy [See Nervous System Disorders]
Neuropeptides [See Peptides]
Neurophysiology [See Also Neuroendocrinology, Receptor Binding]—Serials

5-HT involvement in paracrine neurotransmission in CNS, 33191
acute & permanent occlusions of carotid & vertebral arteries, cerebral energy metabolism & working & reference memory, adult male rats, model of cerebral ischemia, 26632
adrenoceptor agonists & antagonists, NMDA-evoked neuronal activity in medullary dorsal horn, rats, 773
age, prefrontal cortex neurophysiology during cognitive activation, 18–80 yr olds, 29790
amiloride, neural representation & discrimination of NaCl & KCl in taste responsive neurons of nucleus of solitary tract, hamsters, 29770
associative learning paradigm, neurophysiological responses, alcohol-preferring vs -nonpreferring male rats, 20059
attainability of reduction of mental phenomena to neurophysiological processes, 20138
basal ganglia volume changes, male (mean age 25.57 yrs) schizophrenic patients treated with typical vs atypical neuroleptics, 2 yr study, 31629
behavioral & neurophysiological & physiological events in stabilization process of sexual imprinting, male zebra finches, 13518
behavioral characteristics & brain basis of egocentric perspective vs object-based spatial transformations, 19–34 yr old males , 29874
behavioral speech-sound discrimination & neurophysiological correlate of discrimination, 6–15 yr olds, 36745
binding of pindolol to 5-HT type 1A receptors in frontal & temporal cortex & raphe nuclei, 21–23 yr old males, 26731
biobehavioral model of visceral hypersensitivity in irritable bowel syndrome, 8507
biological mechanisms & cognitive sequeli & inflammatory pathogenesis in Alzheimer's disease, 31227
brain activity underlying sensorimotor transformations elicited by acoustic & motor signal & instructional delay in visuomotor conditional task, 24–30 yr olds, 16954
brain function & cerebral basis of subjective experience & psychic phenomena, 16919
CA1 & dentate gyrus & intersynaptic communication, young adult animals, 33250
central & peripheral mechanisms of neuropathic pain following peripheral nerve injury, 37811
chronic lithium, regional neuronal activity in cingulate cortex & nucleus accumbens, male rats, 26800
clozapine pretreatment, haloperidol-elicited forebrain Fos expression in dorsal striatum & nucleus accumbens compartments & septum & prefrontal cortex, adult male rats , 26865
consciousness & F. Crick & C. Koch's neurophysiological theory of synchronized neural oscillations & Freud's neuropsychological hypothesis , 23170
conspecific song perception, cyclic adenosine monophosphate response element-binding protein phosphorylation in higher vocal center, male zebra finches, 20139
contributions to fields of electrophysiology & neurophysiology, Alan Hodgkin, 10429
cortical topography & dynamics of short-term and long-term memory, 467
description of life & work of cognitive psychologist J. Requin, model of motor preparation & neuron classification & cortical organization, 2731
diazepam, executive vs episodic memory task performance, healthy 21–41 yr olds, neurophysiological implications, 33382
dynamic core hypothesis of properties of neural substrate of consciousness, 7091
educational background & age-related changes in brain size & structure, nonclinical adults aged 65 yrs or older, 26584
electrical stimulation & metergoline & 8-OH-DPAT or 5-HT1A antagonist WAY 100635, dorsal & median raphe nuclei regulation of serotonin release in circadian clock in suprachiasmatic nucleus, hamsters, 20093
electrophysical data on dopamine action in prefrontal cortex underlying neuronal model of schizophrenia pathophysiology, 27715
enhancement of tone-evoked response by preceding tone in cortical processing of temporal structure of sounds, monkeys, 36402
enriched vs impoverished environment, stimulant effect of amphetamine & changes in nucleus accumbens of rats, 26736
estrogen, hemisphere asymmetries & other aspects of brain activation patterns during encoding & storage & retrieval during verbal vs nonverbal working memory tasks, postmenopausal 33–61 yr olds, 17098
excitotoxicity & peri infarct depolarizations & inflammation & apoptosis to delayed mechanisms of damage in peri infarct zone or ischemic penumbra & development of ischemic stroke, 34620
existence of outcome related neurophysiological subtypes, 17.7–48.5 yr old males with cocaine dependence in residential therapeutic community, 19077
explicitly unpaired visual stimuli lighting & rotation, phototactic orienting behavior & photoreceptor excitability & associative learning & conditioned suppression, Hermissenda molluscs, 36401
family history of conduct disorder & substance dependence, P300 event related brain potentials, 15–20 yr olds, 24123
functional MRI, in vivo localization of attentional tasks on Continuous Performance Test, 20–41 yr olds males, 7055
gaze tracking vs whole body rotation, neuronal focus in medial superior temporal area to compensate for smooth head rotation, monkeys, 29854
human neurophysiology & concepts & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19553
information-theoretical & psychophysical & neurophysiological properties of early stages of vision, 26357
intensity of vasopressin mRNA & gene expression in neurosecretory cells of main & accessory magnocellular nuclei of hypothalamus, male Wistar rats, 7051
interactions of hallucinogenic drugs with neurotransmitter systems, implications for elucidation of pathophysiology of neuropsychiatric disorders, 4288
intracellular calcium levels & heat threshold & heat responses, nociceptors, rats, 29817
intrauterine growth restriction, neurodevelopmental outcome, preterm infants (gestational age 26–33 wks at birth), 3 yr follow up, 5240
intrinsic circuitry of forebrain song control in robust nucleus of archistriatum, tonic to phasic neural activity during singing, zebra finches, 29859
ion channel dysfunction in chronic fatigue syndrome, 11780
lengthened formant transition duration, behavioral & neurophysiological ability to discriminate stop-vowel syllables, school aged children with learning problems, 37672
lesions of neostriatum caudolaterale, reversal learning & go/no-go tasks, pigeons, implications for equivalencies to mammalian prefrontal system, 473
localization of suprachiasmatic nucleus subregion regulating locomotor rhythmicity, hamsters, 26614
magnetoencephalographic single trial analysis of neurophysiological correlates of recognition of complex objects & facial expressions of emotion, adult males, 33225
mechanically induced traumatic brain injury, electrical activity & excitotoxicity of AMPA receptors in neonatal cortical neurons, rats, 33207
metabolism of glutamic acid & neurophysiology of monosodium glutamate & Umami taste & impact on nutrition & ingestive behavior, 13515

metabotropic glutamate receptor inhibition, hippocampal long term potentiation & spatial learning, male rats, 20074
model of physiological mechanisms used for recognition/coding of slow temporal patterns, 33208
model of temporal accumulator as internal timer & involvement of cerebral structures & neurotransmitters in timing brief durations, 488
MRI of cortical gray & white matter changes in volume, 9.2–17.9 yr olds with childhood-onset schizophrenia, 4 yr followup, 27700
neural aspects of anticipatory behavior & relations to motor preparation, 23296
neural changes after operant conditioning of aerial respiratory behavior, Lymnaea stagnalis, 13649
neural correlates of visual form vs visual spatial processing, 20–40 yr olds, 26642
neural mechanisms & LATER model, RT to sensory stimuli as procrastination & randomness of RT & neural correlates in frontal eye fields prior to visually driven saccades, 13525
neural mechanisms of rapidly turning during walking, 26–57 yr olds, 29806
neural mechanisms underlying spatial feature binding in object recognition, 26325
neural processes underlying generation of auditory afterimage, listeners, 191
neural substrates for assessment of facial emotion vs facial attractiveness vs background color, 19–25 yr old right-handed males, 36442
neural substrates in self induced anxiety & anger, activation of paralimbic structures, adults, 29661
neuroanatomical & physiological & functional imaging studies of cutaneous-evoked tinnitus, 34700
neuroanatomy & physiology of amygdala in psychotic illness, female with psychotic illness, 1588
neurogenetics & pathophysiology & pharmacotherapy of Alzheimer's disease, 11887
neuromuscular performance & incidence of falls, elderly Japanese vs Caucasian females, 30253
neuronal correlate of motion opponency in visual cortex, humans vs monkeys, 29808
neurophysiological aspects of reminiscence, implications for role of hippocampus, 496
neurophysiological contributions to & clinical implications for memory impairment & encoding failures & reversible amnesia & dissociative detachment, 14436
neurophysiological coordination between afferent & efferent components of nervous system in speech & motor functions & methods for assessment, 7292
neurophysiological correlates of recognition of facial expressions of emotion as revealed by magnetoencephalography, 24–35 yr old males , 16950
neurophysiological function & brain structure, people with vs without bipolar disorder, 37328
neurophysiological measures of reading ability & ERPs during lexical decision & semantic classification tasks, very-low-birthweight 8–10 yr olds, 10781
neurophysiological perspective of organization of visual system & neural bases of visual perception, primates, 33198
neurophysiological substrates of context conditioning & learning & memory, Hermissenda, 33256
neurophysiology & functioning & learning associations of orbitofrontal cortex, 33247
neurophysiology & perception of facial actions produced in speech, 32867
neurophysiology of synesthesia, 20–52 yr olds with chromatic-graphemical synesthesia, 11959
neuropsychological & neuroimaging & neurophysiological indexes to fronto-subcortical deficit in progressive supranuclear palsy & related neurocognitive features, 8685
nimodipine, extracellular dopamine levels in the nucleus accumbens shell, ethanol dependent vs non-dependent male rats, 36611
orthographic & phonological & lexico- semantic judgments of visually presented characters & words, neural activity, adults, 26592
pain mechanisms & physiology & fibromyalgia syndrome, 1920
pain perception vs stimulus identification, temporal properties of cortical activations & differentiation of cortical regions, 29747
pathophysiology & clinical criteria & diagnosis & treatment of vascular dementia, 28149
pathophysiology of reading epilepsy, 15–47 yr olds, 5418
physiological characteristics of capacity constraints in working memory, 18–39 yr olds, 16902
physiological limitations, ability of humans to identify components in odor mixture, 18–37 yr olds, 23316
physiological response properties in combination-sensitive neurons in inferior colliculus as basis for delay tuning, mustached bats, 36450
positive symptoms associated with & underlying pathophysiologic mechanisms & diagnosis & treatment of peripheral neuropathic pain syndromes, 37909
positron emission tomography correlates of neural recognition memory for words vs faces, adults, 29815
psychophysical & oculomotor & neurophysiological responses to plaids containing chromatic & luminance contrast, humans & female rhesus monkey, 161
quinine infusion, gustatory nerve activity & central patterns of taste-evoked neuronal activation, rats with bilateral transection of chorda tympani or glossopharyngeal nerve or combined neurotomy , 16920
renewed significance of Gestalt psychology principles due to neurophysical research into cortical processing of visual stimuli, 23362
repertoires of functional brain microstates during rest state, acute & neuroleptic-naive patients with schizophrenia, 34167
representation of visual fields in superior temporal sulcus in posterior inferotemporal cortex, monkeys, 474
reversed monocular deprivation, morphology of single geniculocortical arbors & functional recovery of visual cortex, kittens, 7020
review of primate studies of neurophysiological & human psychophysical neural basis of amblyopia & strabismus & anisometropia, 33344
selectivity for absolute vs relative disparity in depth perception, binocular neurons in area VI of awake monkeys, 26585
sensory experience, short-term synaptic dynamics in vertical & horizontal excitatory pathways within the supragranular cortex, rats, 26589
sequential vs fixed & slow vs fast movement, frontomesial cortical areas in self-initiated vs visually triggered movements, 26–52 yr olds, 29779
serotonergic & mesocerebral cell stimulation, synaptic input of premotor neurons in response to aversive withdrawal conditioning, terrestrial snails, 20118
sex, differences in neuropsychology & cognitive processes & gray & white matter volume & CSF, healthy 18–45 yr olds, 20104
sexually-dimorphic patterns of cortical asymmetry & role of sex steroid hormones in determining cortical patterns of lateralization, humans & nonhumans, 3942
shortcomings of drug models in study of pathophysiology of schizophrenia & relation to NMDA antagonist model for schizophrenia with focus on ketamine, 4089
signals from Purkinje cells in floccular region of cerebellar cortex, smooth pursuit eye movements & gaze control during active head movements, squirrel monkeys, 29768
significance of mutual complementarity principle in organization of neurophysiological processes with diverse amplitude & temporal characteristics simultaneously taking place in brain, 26602
simultaneous timing of initial activation of neuronal assemblies in primary & secondary somatosensory cortical areas, 25–50 yr olds, 20108
single-cell physiological approach for examination of functional brain architecture in monkeys & relation to working memory & disordered cognition in schizophrenia, 34156
site-specific nociceptive sensitization, electrophysiology of neural mechanisms, common snail, 20126
smooth pursuit vs saccadic eye movements, cerebral activation, 25–45 yr olds, implications for schizophrenia, 504
stringent & lenient criteria, development of health status questionnaire, patients suffering from chronic left ventricular dysfunction, 5760
structural & functional neuroimaging in autism, 1846
temporal activation pattern of primary & secondary somatosensory cortices in pain processing, 28–38 yr olds, 29842
temporal information across synchronized & oscillatory spike trains in odor discrimination, male locusts, 490
tepoxalin, synthesis inhibition of interleukin-1 & interleukin-6 & antichymotrypsin, rat microglia & astrocytes & human astrocytoma cell line U373 MG, 36555
thalamic size & shape & metabolic activity, patients (mean age 38.3 yrs) with schizotypal personality disorder or schizoaffective disorder, 30716
theory of geometric constraints on neural activity for natural 3-D arm movements, 16960
therapeutic commonalities among depression & Parkinson's disease & cardiac arrhythmias hypothesized to be related to CNS deactivation of dysfunctionally coupled cortical–subcortical circuits, 21669
twin concordance for schizophrenia, cerebral ventricle brain ratio, monozygotic twins, 4953
validity of neurophysiological measures & sustained attention in continuous performance test, 18–24 yr olds, 29762
virtual space stimuli, sound localization & cells in inferior colliculus & role of binaural interactions in auditory shaping receptive fields, cats, 29752
visual acuity & contrast threshold & temporal function & response latency & motion sensitivity of visual evoked potentials from primary binocular visual cortex to characterize visual physiology, wild type mice, 33297

Neurophysiology [See Also Neuroendocrinology, Receptor Binding]—Books

The physiological basis of behaviour: Neural and hormonal processes, 33173
Schizophrenia in a molecular age, 24302

Neurophysiology [See Also Neuroendocrinology, Receptor Binding]—Chapters

Acetylcholine and frontal cortex ''signal-to-noise ratio'', 7107
Autism: Clinical features and neurobiological observations, 30959
Disruption of information flow within cortical-limbic circuits and the pathophysiology of schizophrenia, 24314
The emergence of language from embodiment, 13335
Linking cognition, brain structure, and brain function in Williams syndrome, 31090
Medical applications of neurobiofeedback, 26691
Mental functions as constraints on neurophysiology: Biology and psychology of vision, 36387
Near-death experiences and ecstasy: A product of the organization of the human brain, 33274
Neurophysiology and neuropharmacology of short lead interval startle modification, 23282
Recent neurobiological research in autism, 14845
The role of neurobehavioral organization in stress responses: A polyvagal model, 20461
Startle modification in children and developmental effects, 23675
The state of flow, 3503
Stuttering: A neurophysiological perspective, 18224

Neuropsychiatrists [See Psychiatrists]

Neuropsychiatry—Serials

apolipoprotein E epsilon 4 allele, neuropsychiatric manifestations, patients (mean age 71.9 yrs) with Alzheimer's disease, 11898
application of conventional EEG & quantitative EEG studies to psychiatric diagnosis & treatment, patients with dementia or schizophrenia or mood or substance abuse or other psychiatric disorders, 20988
characteristics of mismatch negativity & role in neuropsychiatry, 11287
considerations for psychiatrists in combination antiretroviral drug therapy & effects on CNS & development of psychiatric symptoms, patients with HIV infection , 8900
differential involvement of frontosubcortical circuits, neuropsychiatric symptoms, adults with Huntington's disease vs progressive supranuclear palsy, 2054
discovery of cognitive impairment & other neuropsychiatric dimensions through content analysis of speech samples, 20–74 yr olds who stutter, 27990
efficacy & adverse effects of use of placebo in neuropsychiatric clinical trials, 2305
functional brain imaging in childhood neuropsychiatric disorders, 20995
genetics & adrenal & testicular & neurological pathogenesis & diagnosis & treatment of & mania & psychosis & cognitive impairment as psychiatric symptoms of adult onset adrenoleukodystrophy, 31075
history & accomplishments & goals of American Neuropsychiatric Association, 10401
molecular & genetic analysis of role of forebrain & limb & face & heart development & retinoic acid in vulnerability to schizophrenia, mice, 26612
neuropsychiatric emphasis to mental health nursing in 21st century, 12404
neuropsychiatric features, 47–80 yr old patients with frontotemporal dementia-frontal variant, 3 yr study, 37846
neuropsychiatric symptoms, 16–60 yr old patients with multiple sclerosis, 11883
pathology & diagnosis & medical workup & drug treatment & clinical presentation & psychiatric symptoms associated with CNS manifestations of Sjogren's syndrome, 47 & 54 yr old females, 21544
pathophysiological processes in neuropsychiatric disturbances of schizophrenia, 21133
penicillin prophylaxis, neuropsychiatric exacerbations, 5.2–15.9 yr olds with pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections, 25307
potential treatment applications & mechanisms of action & safety of transcranial magnetic stimulation & use in brain mapping & understanding brain-behavior relationship in neuropsychiatry, 17761
psychiatric nosology of schizophrenia & bipolar disorder from 1896–1930, 37269
recall of relative importance of ideas in stories, elderly patients with Alzheimer's disease vs neuropsychiatric disorders, 11912

role of detailed clinical observation & neuropsychiatric organizing paradigm in diagnosis & treatment, 27-yr-old HIV-1 positive male with delirium & aphasia & mania & complex partial seizure disorder, 21504
role of neuropsychiatric pharmacist in provision of antipsychotic drug therapy, 38651
similarities & differences in neuropsychiatric correlates, children with Tourette's syndrome &/or ADHD, 1417
use of binomial theorem to interpret degree to which score differs significantly from chance for neuropsychiatric measures with dichotomously scored items such as Geriatric Depression Scale, patients, 29412

Neuropsychiatry—Books

The clinical neuropsychiatry of multiple sclerosis, 37926
The fundamentals of clinical neuropsychiatry, 34050
Neuropsychiatry and mental health services, 25422
Recent developments in alcoholism, Vol. 14: The consequences of alcoholism: Medical neuropsychiatric economic cross-cultural, 5095

Neuropsychiatry—Chapters

The basal forebrain corticopetal system revisited, 26671
Dopamine projections and frontal systems function, 8087
Epidemiology and recognition of neuropsychiatric disorders in mental health settings, 24121
Neuropsychiatric and mental health services aspects of tardive dyskinesia, 24188
A neuropsychiatric approach to aggressive behavior, 24484
Neuropsychiatric evaluation of the closed head injury of transient type (CHIT), 24870
D-^{9}-tetrahydrocannabinol and cannabis intoxication in naive neuropsychiatric syndrome of study during wakefulness and sleep, 17138The
Neuropsychiatry and persons with developmental disabilities, 24621
Neuropsychiatry and the homeless, 24118
Neuropsychiatry in public mental health settings, 25504
Neuropsychiatry in the history of mental health services, 25424
Neuropsychiatry in the prison, 24574
Neuropsychiatry of human immunodeficiency virus infection, 24752
Neuropsychiatry of late-onset psychosis and depression, 24190
Neuropsychiatry of sexual deviations, 24487
Neuropsychiatry of substance abuse, 24550
Postconcussional disorder: Background to DSM-IV and future considerations, 24873

Neuropsychological Assessment [See Also Halstead Reitan Neuropsych Battery, Luria Nebraska Neuropsych Battery, Mini Mental State Examination, Wechsler Memory Scale, Wisconsin Card Sorting Test]—Serials

ability to solve real-life types of problems & performance on tests of executive function, adults with unilateral left- or right-sided lesions with vs without damage to the frontal lobes, 24789
adaptation of standardized picture set into Portuguese, study of mnemonic processes in naming objects in pictures, 15–39 yr olds, 3293
age & sex & education effects on generalizability & diagnostic discriminability of short form of Boston Naming Test, 46–97 yr olds with Alzheimer's disease vs normal adults, 26148
age & sex & education, confrontation naming performance on Boston Naming Test, adults with vs without Alzheimer's disease vs temporal lobe epilepsy, 26155
age effects & utility in discriminating cognitive dysfunction from normal aging & long-term changes, performance on Trail Making Test, 60–96 yr olds with vs without dementia, 2 yr study, 3339
apraxia test internal consistency & diagnostic discriminability expressed as sensitivity & specificity & predictive values, stroke patients with vs without apraxia vs nursing home residents, 29411
assessment factors in screening for medical & neurodevelopmental disorders, professional counselors, 29406
assessment of & treatment for cognitive & social-emotional deficits associated with mesial orbitofrontal damage, 47-yr-old female with an isolated right orbital frontal lesion, 34665
assessment of functional deficits & malingering in competency for adjudication evaluations, defendants presenting with neuropsychological symptoms, 16362
assessment of general psychosocial & vocational rehabilitation & family services outcomes, community-based acute brain injury rehabilitation service, 35999
assessment of outcome of cognitive & behavioral units in inpatient neurological rehabilitation hospital, 35981
assessment of outcome with measures of impairment & disability & handicap in cognitive behavioral rehabilitation units for acute brain injury, 35991
assessment of postexposure neurobehavioral & neuropathological changes, 27–52 yr olds with carbon monoxide poisoning, 31051
Barthel Index & Functional Independence Measure, assessment of functional & disability outcome, outpatients with acquired brain injury in outpatient neurological rehabilitation, 35982
baseline EEG asymmetries & neuropsychological functioning during assessment, healthy adults, 7058
behavioral & anatomical features of ipsilesional neglect, patients with spatial neglect, 31261
behavioral outcome measures in rehabilitation program for acquired neurological damage & behavior problems, 35979
characterization of metabolite profile in right prefrontal cortex using proton magnetic-resonance spectroscopy, 17–47 yr old patients with Graves' disease, 5193
clinical & demographic features & development of epilepsy & neurological outcomes & patterns of treatment, children with febrile convulsions (mean age 1.6 yrs), 12 yr followup, 31274
clinical & neuropsychological features of spinocerebellar ataxia type 2, 8 adult-onset members of Australian pedigree displaying frontal-executive dysfunction, 11815
clinical aspects of obsessive-compulsive symptoms & neurocognitive deficits, patients with schizophrenia, 37352
clinical criteria & outcome, patients with mild cognitive impairment vs Alzheimers disease with dementia rating 0.5 vs 1, 10 yr study, correction, 31301
clinical criteria & outcome, patients with mild cognitive impairment vs Alzheimer's disease with dementia rating 0.5 vs 1, 10 yr study, 15033
clinical variables & neurobehavioral test scores as prediction of post-concussive syndromes, 16–74 yr old minor head injury patients, 6 mo follow up, 18241
cognitive & neuropsychological functioning, patients with migraine headache vs nonheadache chronic pain vs mild traumatic brain injury, 18242
cognitive determinants of performance on Austin Maze, 17–52 yr olds, 10091
cognitive neuropsychological & model based assessment & treatment of acquired dysgraphia, semantic & graphemic processing, 45 yr old brain damaged female, 34614
cognitive performance on neuropsychological assessments, male vs female schizophrenic patients, commentary, 37346
cognitive performance on neuropsychological assessments, male vs female schizophrenic patients, commentary reply, 37364
cognitive processing efficiency, 13–18 yr old athletes, implications for monitoring recovery from concussion, 32406
combined informant report & cognitive testing, increased accuracy of dementia screening, 62–98 yr old patients of geriatric hospital or memory clinic, 83
computer-assisted neuropsychological evaluation of spatial working memory, asymptomatic HIV-infected individuals (mean age 33.2 yrs), 31124
concept formation & shifting assessed by California Card Sorting Test, 45–54 yr old frontal-lobe vs 64–75 yr old Parkinson's-disease patients, 8623
concomitant psychiatric symptoms & relationships between neurocognitive and social functioning, patients with schizophrenia, 14530
Consortium to Establish Registry for Alzheimer's Disease measure, utility in differential diagnosis of memory disorders, adults aged 65 yrs & older, Jamaica, 16365
construct & discriminative validity & reliability of Memory Impairment Screen for Alzheimer's disease & other dementias, aged patients, 9923
construct validity of neuropsychological tests, assessment of attention & memory & abstract reasoning abilities, male schizophrenic inpatients, 6601
contextual reasoning ability via Cognitive Bias Task, patients with schizophrenia (mean age 29.6 yrs), 24294
correlations between Wechsler Memory Scale-Revised & Memory Assessment Scale, adults (mean age 55.29 yrs) referred for neuropsychological assessment, 13091
criteria for dementia & neuropsychological dysfunction, patients with vascular dementia vs Alzheimer's Disease, 37872
criterion validity & responsiveness of Minimum Data Set, neuropsychological assessment, nursing home patients with Alzheimer's disease (mean age 83.4 yrs), 6 yr study, 29409
CT & MRI diagnosis of Marchiafava-Bignami disease & assessment of corpus callosum lesion origin & neuropsychological deficits & symptoms, 42 yr old female with alcoholism, 11888
current & future directions & issues of heterogeneity of ethnicity & language & acculturation & age & education in practice of neuropsychology & measurement of cognition, Hispanics , 32684
deficits in emotion & social conduct regulation & neuropsychological assessment, 50-yr-old male Vietnam veteran with right frontal ventromedial lesion, 34619
development & age & educational level norms & reliability & factor structure of NEUROPSI brief neuropsychological test battery in Spanish, 16–85 yr olds, 26201
development & psychometrics of Brain Injury Community Rehabilitation Outcome scales, assessment of personal & social functioning, patients with acquired brain injury, 35994
development & psychometrics of Neurobehavioral Functioning Inventory, adults with head injuries, 36000
development & validity & reliability of & normative data on multiple neuropsychological measures, 16–70 yr old Hispanics, 32685
development of measurement of amnesia in terms of temporal continuity, 31–58 yr olds with encephalitis or meningioencephalitis or aneurysm rupture, 8 wk study, 9912
diagnosis & clinical evaluation of delirium, elderly patients, 37855
diagnostic discriminability of low-education neuropsychological test norms, psychogeriatric inpatients with vs without dementia vs healthy elderly with limited education, 31276
discontinuation of carbamazepine, neurocognitive performance, 10.1–14.3 yr olds with symptomatic partial epilepsy, 31803
dose-related association between chronic cocaine use & neurobehavioral performance, 21–46 yr old abstinent chronic cocaine abusers, 30869
driving ability evaluation by neurologist with multidisciplinary neurological rehabilitation team & traffic psychologist vs spouse vs self, male stroke patients, 26199
duration of disorder & degree of cognitive impairment, patients with unilateral temporal lobe epilepsy with or without anterior temporal lobectomy, 6 mo followup, 31254
efficacy of Chinese Neurobehavioral Evaluation System-2, 18–75 yr olds with epilepsy, 15020
efficacy of clock drawing test to predict presence of very mild Alzheimer's disease, outpatients with probable Alzheimer's disease, 101
efficiency of invasive Wada test, determination of language dominance & functional transcranial Doppler sonography, 13–52 yr old medical patients, 19643
ERPs & neuropsychological assessments of memory & attention, 18–29 yr olds with mild head injury , 34670
evaluation of neuropsychological assessments for brain damage & recovery processes, adults with severe head injuries with vs without post-traumatic amnesia, 34690
evidence supporting visual vs spatio-sequential components for non-verbal short-term memory & use of Visual Patterns Test to assess visual component, brain-damaged 15–86 yr olds & normal Ss, 32678
factorial validity of Ruff-Light Trail Learning Test, neuropsychological assessment of visuospatial learning & memory, 16–70 yr olds, 13087
fluctuations in mood, cognitive performance, geriatric psychiatry inpatients with dementia of the Alzheimer's type vs vascular dementia vs schizophrenia vs major vs bipolar depression, 13089
format for pediatric neuropsychological assessment & reports, 14390
frequency of & tests used & purposes for adult reading assessment as part of neuropsychological examination & need for test reviews & functional criterion-referenced tests, neuropsychologists , 22897
frequency of perseveration on neuropsychological tasks, normal 20–35 vs 60–75 yr olds, implications for perseveration as marker of possible neuropathology or brain injury, 16364
frontal lobe lesions, neuropsychologic performance, 8–17 yr olds, 31218
functional imaging for neuropsychological assessment of necessary & sufficient neural systems, 50.5 yr old male with frontal & parietal & temporal lobe damage, 29407
Functional Independence Measure vs modified Barthel Index, prediction of length of stay & disability outcome at discharge, 16–60 yr olds in neurological rehabilitation following acute brain injury, 35990
functional outcome measures & assessment of cost effectiveness, inpatient neurorehabilitation settings, 35998
functional outcome measures developed by brain injury rehabilitation units, 35986
Gamma Knife radiosurgery, neuropsychological functioning, patients with ateriovenous malformations, (aged 31-62 yrs), 35074
geographic location &lead & mercury level, intelligence & visual contrast & neurobehavioral measures of cognitive & sensorimotor functions, 5–7 yr olds, Germany, 2101
goal attainment scaling in neurological rehabilitation, 18–69 yr olds with brain injuries, 35988
goal-based outcome assessment with functional activities of daily living bias & community relevance & client-centered focus, community-based rehabilitation service for acute brain injury, 35997

Goldman-Fristoe-Woodcock Test of Auditory Discrimination vs Stoop Color and Word Test, psychodiagnosis, 18–72 yr olds with ADHD, 16337
head size, Mini-Mental State Examination scores, nondemented 70–95 yr olds, 27098
importance of neuropsychological assessment & review of family history for proper diagnosis, 56-yr-old male with Huntington's disease, 31052
incurrence of concussions & chronic traumatic brain injury, performance on memory & planning & other tests of neuropsychology functioning, amateur soccer players, 37882
influence & differentiation of effects of culture & language & SES in neuropsychological evaluation, Latino & other non-European patients, 32683
influence of patterns of legal immigration & accompanying demographic attributes on acquisition of neuropsychological norms, Hispanics , 32681
internal consistency & interrater reliability of disability assessment by occupational therapists by observation of activities of daily living, stroke patients with apraxia aged 36–91 yrs, 13096
internal consistency & reliability of Recognition Memory Test, 17–84 yr old patients with traumatic brain injury, 5373
interrater reliability of neuropsychological symptoms & quality of life & interpersonal functioning in test of single-S research design, clinical examiners of middle-aged male schizophrenia patient, 29448
interrater reliability of the Advanced Psychodiagnostic Interpretation scoring system for the Bender Gestalt Test, personality & neuropsychological measure raters, 35886
interscorer reliabilities for Memory & Localization scores of Tactual Performance Test, patients with brain damage or Korsakoff's syndrome or undiagnosed or normal patients, 3337
item analysis & age & education corrections for long & short forms of Speech-Sounds Perception Test, patients with diffuse brain damage vs referrals for neuropsychological assessment, 3336
magnetic resonance imaging study of signal hyperintensities & neuropsychological functioning, 65 yrs & older depressed patients, 14490
measures for assessing vocational & psychosocial & other outcomes following rehabilitation, patients with traumatic brain injury, 5 yr follow-up, 35993
measures of functional & behavioral & psychosocial outcome, brain injured inpatients in cognitive behavioral rehabilitation units, 35992
methodological variations & cognitive processing operations purported to underlie performance on Corsi block-tapping task, 6650
neurocognitive correlates of positive & negative syndromes, adult patients with schizophrenia, conference presentation, commentary & commentary reply, 1620
neurocognitive functioning & perceived cognitive abilities, patients (mean age 61 yrs) undergoing coronary artery bypass grafting, 19015
neurocognitive impairment, 63–68 yr olds with fronto-temporal dementia, 5420
neurologic & neuropsychological & psychiatric assessment, 8 yr old male with narcolepsy, 5222
neurological signs & test scores as predictors of cognitive & neuropsychological performance & ability to discriminate from healthy Ss, schizophrenia patients (aged 18–61 yrs), 34141
neuropsychologic functions, adult patients with chronic obstructive pulmonary disease & mild hypoxemia vs mild Alzheimer's disease, 31060
neuropsychological & memory performance & diagnosis of age associated memory impairment & progression to dementia, females with subjective memory impairment, 8625
neuropsychological & motor functioning, 48–87 yr olds who underwent anatomically guided posterior ventral pallidotomy for Parkinsons disease , 5730
neuropsychological & neuroimaging & neurophysiological indexes to fronto-subcortical deficit in progressive supranuclear palsy & related neurocognitive features, 8685
neuropsychological & neurological & otolaryngological & auditory & olfactory status, HIV-positive adults, 5264
neuropsychological & pharmacokinetic assessment of cognitive functioning, 29–76 yr old hospice patient receiving morphine for cancer pain, 3341
neuropsychological assessment & communication aid system, cognitive functioning, 38 yr old female & male with locked-in syndrome, 2001
neuropsychological assessment of cognitive ability, 8–19 yr olds with Lyme disease vs their siblings, 4 yr study, 11865
neuropsychological assessment of short-term verbal memory & other cognitive functioning, patients with dementia syndrome of depression vs Alzheimer's dementia & concurrent major depression, 3 yr study, 31285
neuropsychological assessment of Ss (mean age 21 yrs) at high genetic risk for developing schizophrenia, 35983
neuropsychological assessment of visuospatial & verbal memory & other cognitive performances, monozygotic twins discordant for bipolar disorder, 14485
neuropsychological assessment via tasks differentially sensitive to functioning of specific cortical brain regions, developmental trends in cognitive performance, 8–23 yr olds, 17245
neuropsychological assessment, persons with varying mild to traumatic head injuries with or without persisting clinical problems, 15038
neuropsychological consequences of hemorrhage & surgical repair of a deep right frontal arteriovenous malformation, 7 yr old boy, 6 mo & 4 yr followups, 16909
neuropsychological evaluation used to diagnose & target treatment to encephalic focal lesion, 81 & 87 yr old females presenting with acute confusional state, 8615
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, commentary, 5711
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, commentary reply, 5716
neuropsychological evidence for dissociation in explicit categorization, male 60 yr old with naming difficulties, 24843
neuropsychological function & alteration in cholinergic system, patients with Alzheimer's disease, 37814
neuropsychological performance as measure of cognitive impairment, schizophrenic patients, 30737
neuropsychological performance, arithmetical achievement prediction, nursery school children, 4426
neuropsychological profile after treatment with methylphenidate, adult patients with ADHD with or without comorbid depression, 15333
neuropsychological test norms for letter & category fluency based on age & education & ethnicity, 20–101 yr old Whites vs African Americans, 23092
neuropsychological test performance & cognitive impairment, 13–18 yr olds with schizophrenia, commentary, 14542
neuropsychological test performance & deficits & neuroanatomical locus of dysfunction & involvement of neurotransmitter systems in & drug therapy for frontal variant frontotemporal dementia, 31309
neuropsychological test performance of executive functions, female depressed outpatients (mean age 20.33 yrs), 26196
neuropsychological testing, 30 yr old female with amnesia after major whiplash injury, 31277
neuropsychology test performance, literate vs illiterate elderly with vs without formal education vs Spanish-speaking literate elderly, 16363
one vs several factors, neuropsychological test performance, patients with AIDS, 11829
oral reading scores on National Adult Reading Test, estimation of variability of demographically corrected norms of neuropsychological functioning, healthy 20–81 yr olds , 16361
outcome measures for assessment of social impact of disability & adaptive behavior following postacute community-based brain injury rehabilitation, 36003
outcome measures for impairment & physical functioning & social & psychological adjustment, day & outpatient neurorehabilitation for acquired brain injury, 36002
Paced Auditory Serial Addition Test, measurement of attention vs emotional response to task demands, college students (mean age 19. 8 yrs), 13093
perceptions of process & outcomes & health care professional concern regarding child neuropsychological assessment, parents of 3–18 yr olds with neurodevelopmental disorders, 8624
performance of neuropsychological test & instrumental activities of daily living, risk of dementia, nondemented 65 yr olds & older, 36874
performance on Halstead-Reitan Neuropsychological Test & General & Left & Right Neuropsychological Deficit Scales, patients with substance abuse or psychotic disorders with vs without cerebral trauma, 24079
performance on Modified Card Sorting Test & general intellectual ability & demographic variables, 16–75 yr olds, 13570
performance on neuropsychological tests of early signs of age-related cognitive deficits associated with dementia, 28–58 yr olds with Down's syndrome , 1875
performance on supplemental measures of Wechsler Adult Intelligence Scale—Revised as Neuropsychological Instrument, adults with vs without brain injuries, 5381
performance on test of copying ability & prediction of survival rate, male vs female patients with Alzheimer's disease, 18358
prior history of & in-season concussion & presence of learning disability & cognitive functioning as determined by performance on neuropsychology test battery, male college football players, 37743
psychiatric & cognitive & neurological characteristics at disease onset, 45–80 yr olds with Alzheimer's disease, 5377
psychiatric syndromes & neurological disease & evaluation & psychopharmacology, elderly patients, implications for neurologists, 4882
psychological & neuropsychological predictors of coping patterns to disease-related stressors, patients with multiple sclerosis, 11906
psychometric properties & clinical utility of Normative Studies Research Project test battery, 62–94 yr old African American & European American urban medical patients with vs without dementia, 3338
psychometrics of everyday functioning questionnaire as measurement of cognitive & emotional problems, 23–60 yr old neurosurgical outpatients & their partners , 100
psychosocial & neuropsychological outcomes 20 yrs post-injury & role of orbitofrontal & dorsolateral prefrontal cortex in adaptive behaviors, high-functioning males with traumatic brain injury, 35288
race differences in brain morphology & neuropsychological function in schizophrenia, review of psychiatric journals, 1994–96, 14562
reading & spot the word tests, estimation of premorbid intellectual ability, 18–55 yr old patients with closed head injury vs orthopedic trauma controls, 21617
relation between neuroimaging & neuropsychological symptoms, 20–55 yr old patients with late whiplash syndrome, implications for presence of brain damage, 21597
relationship between clinical judgments of competence & neuropsychological test scores of cognitive processes & ability, 17–80 yr old male defendants competent vs incompetent to stand trial , 26200
relationship between neurocognitive variables & social functioning, outpatients with schizophrenia (mean age 40.1 yrs), 2 yr followup, 24252
reliability & stability of Mayo Cognitive Factor Score as measure of cognitive ability change, 54+ yr olds assessed 3–4 times at 1–2 yr intervals, 7405
reliability & validity of Symptoms Inventory & Performance Scales measurement of impairment & disability & quality of life, multiple sclerosis patients, 9924
replication of factor structure & relationship of Wisconsin Card Sorting Test to other neuropsychological measures as functional indices of rehabilitation outcome, stroke patients (mean age 70.65 yrs), 26141
role of MRI & SPECT & neuropsychological tests in early diagnosis of frontal variant of frontotemporal dementia, 49 & 50 yr old male patients, 4 & 7 yr studies, 18377
role of reasoning in diagnosis & assessment, clinical neuropsychologists, 25675
rotation of Ray & Taylor Complex Figures & performance parameters & anatomical correlates, 12–67 yr old patients with neuropsychological disorders, 6654
scores on Functional Independence Measure + Functional Assessment Measure, 22–65 yr old inpatients with traumatic brain injury in cognitive behavioral rehabilitation, 35980
selection & use in clinical practice for diagnosis & evaluation, delirium symptom rating scales & assessment instruments, 35995
Sensory Modality Assessment and Rehabilitation Technique, diagnosis of functional & behavioral responses to sensory & environmental stimuli, patients in vegetative state, 35987
sex, neurobehavioral laterality indices across motor & sensory & language vs spatial & verbal vs spatial memory domains, patients with schizophrenia (mean age 33.9 yrs), 14574
single-use paper & pencil vs ecologically minded reusable approach to administration of neuropsychological tests, test performance, college students , 22892
spectral analysis of EEG from prefrontal cortex, assessment & classification of ADHD, 6–30 yr olds with inattentive vs combined ADHD vs nonclinical controls, 24592
standardized regression-based approach to evaluation of cognitive changes, 63–69 yr olds with Alzheimer's disease or vascular dementia or Pick's disease, 15040
statistical tools for revealing verbal perseverations & assessing their significance & characteristics, 30–76 yr olds with impairments affecting different stages of the verbal processing chain, 5321
strength & sensitivity of neuropsychological test findings, cognitive deficits, nondemented vs demented patients with Parkinson's disease, 34692
structural equation analysis of Wide Range Assessment of Memory and Learning Test, clinical population of 5–17 yr olds, 13090
subjective vs neuropsychologically assessed word finding & naming ability, adult Lyme borreliosis patients, 11943

suitability of Cambridge Cognitive Examination, neuropsychological assessment, 30–65 yr olds with Down's Syndrome at age of risk for dementia, 22894
test structure & other factors affecting performance in & perception of neuropsychological examination, 23–56 yr old Maori, New Zealand, 9925
test-retest effects & response consistency on neuropsychological tests of verbal & nonverbal fluency & memory to detect malingering, college students, implications for use with brain-damaged patients, 18364
test-retest reliabilities & practice effects for Halstead-Reitan Neuropsychological Test Battery & other neuropsychological measures, neurologically stable 15–83 yr olds, 19638
test-retest reliability of psychological & neurobehavioral tests self-administered by computer, identification & characterization of consequences of service in Persian Gulf War, nonclinical adults, 13032
test-retest scores in neuropsychological assessments, patients with head injuries from mechanical impact (mean age 33 yrs), 1 & 2 yr follow up, 3340
testing battery, assessment of cognitive & behavioral & functional characteristics, 76–94 yr olds with possible or probable Alzheimers disease, 8613
test–retest reliability & normative comparison of performance on Dutch version of Rey's Auditory Verbal Learning Test, male vs female 6–12 yr olds, Netherlands, 26109
use of neuropsychological assessment for evaluation of cognitive functioning during treatment for medical disorders, 8733
use of proton magnetic resonance spectroscopy for detection of cortical dysfunction & correlation with neuropsychological testing, 47–74 yr old non-demented patients with Parkinsons disease, 31248
use of transcranial magnetic stimulation as neuropsychological tool allowing study of brain area roles without masking effects of cortical reorganization, 10465
use of verbal & spatial memory in performance of Tower of London Task, healthy 18–25 yr olds, 10209
utility of neuropsychological & cognitive tests vs Useful Field of View measure in predicting at-fault car crashes, elderly adults (mean age 70.36 yrs), 6652
utility of neuropsychological assessment, prediction of driving competency, patients with neurological injuries (mean age 46.75 yrs), 32682
validation of normative data on Doors & People Memory Test & relationship between test results & intellectual level, 16–75 yr olds , 35985
validity of Italian multiple sclerosis quality of life- 54 questionnaire, assessment of neurological impairment on perceived quality of life, patients (mean age 42 yrs) with multiple sclerosis, 32687
validity of Kaufman Short Neuropsychological Assessment Procedure, 45–79 yr olds with left vs right-hemisphere stroke, 8581
validity of Mini-Mental State Examination & Milan Overall Dementia Assessment, measurement of prevalence of Alzheimer's disease, 60 yr olds & older, 31204
validity of neurophysiological measures & sustained attention in continuous performance test, 18–24 yr olds, 29762
warning on ability to detect malingering on memory & motor tasks, simulated memory & motor deficit performance, college students, commentary, 28215

Neuropsychological Assessment [See Also Halstead Reitan Neuropsych Battery, Luria Nebraska Neuropsych Battery, Mini Mental State Examination, Wechsler Memory Scale, Wisconsin Card Sorting Test]—Books

Assessment of neuropsychological functions in psychiatric disorders, 24110
Clinical neuropsychology: A pocket handbook for assessment, 2107
Essentials of CAS assessment, 9830
The evaluation and treatment of mild traumatic brain injury, 24861
Handbook of normative data for neuropsychological assessment, 9927

Neuropsychological Assessment [See Also Halstead Reitan Neuropsych Battery, Luria Nebraska Neuropsych Battery, Mini Mental State Examination, Wechsler Memory Scale, Wisconsin Card Sorting Test]—Chapters

Assessment of aphasia, 3345
Bedside frontal lobe testing: The ''Frontal Lobe Score'', 6656
Childhood seizure disorders: Diagnosis and treatment, 34696
Clinical interventions with mild head injury patients, 14942
Clinical neuropsychological assessment of psychiatric disorders, 22899
Control processes explored by the study of closed-head-injury patients, 3346
Current controversies in mild head injury: Scientific and methodologic considerations, 24867
Emotion recognition and psychosocial behavior in closed head injury, 24866
Focus chapter: **Methodological issues in research on neuropsychological and intellectual assessment, 9928**
Geriatric neuropsychology: Principles of assessment, 32692
Malingering traumatic brain injury: Current issues and caveats in assessment and classification, 24864
Mild brain injury and mood disorders: Causal connections, assessment, and treatment, 24869
Nature, applications, and limitations of neuropsychological assessment following traumatic brain injury, 32693
Neuropsychiatric evaluation of the closed head injury of transient type (CHIT), 24870
Neuropsychiatry of human immunodeficiency virus infection, 24752
Neuropsychological assessment in dementing conditions, 22902
Neuropsychological assessment in genetically linked neurodevelopmental disorders, 29413
Neuropsychological assessment of executive functions: Impact of age, education, gender, intellectual level, and vascular status on executive test scores, 6655
Neuropsychological assessment of preschool children, 6657
Neuropsychological assessment, 13097
Neuropsychology and neuroimaging of alcohol and illicit drug abuse, 24546
Perspectives on assessment and evaluation, 11730
Putative functions of the prefrontal cortex: Historical perspectives and new horizons, 3343
Screening instruments and brief batteries for assessment of dementia, 32694
Visual-spatial skill and standard psychometric tests, 3342

Neuropsychological Rehabilitation [See Also Cognitive Rehabilitation]—Serials

assessment of customer satisfaction as key to comprehensive customer service initiative, stroke patients of a rehabilitation hospital in Washington, DC, 9931
assessment of general psychosocial & vocational rehabilitation & family services outcomes, community-based acute brain injury rehabilitation service, 35999
assessment of outcome with measures of impairment & disability & handicap in cognitive behavioral rehabilitation units for acute brain injury, 35991
Barthel Index & Functional Independence Measure, assessment of functional & disability outcome, outpatients with acquired brain injury in outpatient neurological rehabilitation, 35982
behavioral outcome measures in rehabilitation program for acquired neurological damage & behavior problems, 35979
cognitive memory training program, memory deficits, stroke patients, 4 wk followup, 2667
demographics & type of services & satisfaction & outcomes of coordinated interdisciplinary home-based neurorehabilitation program, 1–40+ yr olds with brain injuries, 6 & 12 mo followup, 35255
development & psychometrics of Brain Injury Community Rehabilitation Outcome scales, assessment of personal & social functioning, patients with acquired brain injury, 35994
developments in health insurance industry & effects on stroke rehabilitation services, 12493
distributed parallel processing model for visual & auditory brain areas, neural basis of neuropsychological rehabilitation, 458
effectiveness of attention process training, adults with traumatic brain injuries, 19043
effectiveness of left vs right limb movements in left space as rehabilitation technique, 68–78 yr olds with left-sided neglect, 19031
errorless learning, acquisition of word processing skills, 33-yr-old male with memory impairment , 2671
evaluation of cost effectiveness & psychosocial outcome at outpatient Centre for Rehabilitation of Brain Injury, 35984
evaluation of individual & family & community outcomes of neurological rehabilitation, 16–65 yr olds with traumatic brain injury & their families, 38589
Functional Independence Measure vs modified Barthel Index, prediction of length of stay & disability outcome at discharge, 16–60 yr olds in neurological rehabilitation following acute brain injury, 35990
functional outcome measures & assessment of cost effectiveness, inpatient neurorehabilitation settings, 35998
functional outcome measures developed by brain injury rehabilitation units, 35986
goal attainment scaling in neurological rehabilitation, 18–69 yr olds with brain injuries, 35988
goal planning in postacute neurorehabilitation center, 15–79 yr olds with CNS injuries, 38587
goal-based outcome assessment with functional activities of daily living bias & community relevance & client-centered focus, community-based rehabilitation service for acute brain injury, 35997
group psychotherapy, frustration & substance abuse & other psychosocial problems, individuals with acute or post acute traumatic brain injury within rehabilitation center, 8716
impatient multidisciplinary neurological rehabilitation program, health-related quality of life, patients with Parkinson's disease vs multiple sclerosis, 2446
individual & group lexical semantic therapy in remediation of word finding problems, 49–73 yr old residential patients with dysphasia, 2668
limb activation & unilateral neglect, neurological patients, 19045
mathematical word problem solving training, 23–34 yr old males in chronic stage after severe head trauma , 2666
measures for assessing vocational & psychosocial & other outcomes following rehabilitation, patients with traumatic brain injury, 5 yr follow-up, 35993
multidisciplinary approach & increased use of computer technology & emphasis on functional gains & neuroplasticity in stroke rehabilitation, United Kingdom, 5914
multidisciplinary inpatient rehabilitation program, return to work or duty, active duty military service members with moderate head injuries (mean age 24.7 yrs), 1 yr followup, 32413
multidisciplinary inpatient rehabilitation, neurologic status & disability & quality of life & emotional well-being, 25–66 yr olds with progressive multiple sclerosis, 1 yr study, 12496
neurogenesis after brain injury, implications for neurorehabilitation, 19038
neuropsychological evaluation used to diagnose & target treatment to encephalic focal lesion, 81 & 87 yr old females presenting with acute confusional state, 8615
neuropsychological therapeutic community approach to treatment, patients with schizophrenia, 19041
no simultaneous movements vs associated movement of left hand in left space vs movement of both hands in left space, reading digits & letters, 56–76 yr olds with left neglect, 19032
outcome measures for assessment of social impact of disability & adaptive behavior following postacute community-based brain injury rehabilitation, 36003
outcome measures for impairment & physical functioning & social & psychological adjustment, day & outpatient neurorehabilitation for acquired brain injury, 36002
patient characteristics & provider utilization patterns & results of rehabilitation care, measurement of stroke outcomes & quality of life, 12498
patient-centered goal planning, reduction of anxiety & distress, patients receiving neurological rehabilitation, 35294
pressure for measurable outcomes in medical model setting, music therapy practice in brain injury rehabilitation, 30 & 48 yr old male patients, 28556

Neuropsychological Rehabilitation [See Also Cognitive Rehabilitation]—Books

Case studies in neuropsychological rehabilitation, 11948
International handbook of neuropsychological rehabilitation, 35300
Principles of neuropsychological rehabilitation, 28750

Neuropsychological Rehabilitation [See Also Cognitive Rehabilitation]—Chapters

A brief overview of four principles of neuropsychological rehabilitation, 35313
Clinical interventions with mild head injury patients, 14942
The CRBI at the University of Copenhagen: A participant–therapist perspective, 35303
Dealing with rationalization and unawareness in the treatment of visual inattention, 38389
The Delta Group Experience: TBI in France, 35311
Empirical support for neuropsychological rehabilitation, 35316
The INSURE program and modifications in Finland, 35308
Milieu-based neurorehabilitation at the adult day hospital for neurological rehabilitation, 35309
Models and programs of the Center for Neuropsychological Rehabilitation: Fifteen years experience, 35317
Neuropsychological impairment: Challenges for therapeutic intervention, 37941
Neuropsychological pediatric rehabilitation, 35302
Neuropsychological postacute rehabilitation, 35304
Neuropsychological rehabilitation, 35318
The Oliver Zangwill Center for Neuropsychological Rehabilitation: A partnership between health care and rehabilitation resesarch, 35319
Postacute neuropsychological rehabilitation: A holistic perspective, 35301
Poststroke rehabilitation practice guidelines, 35307
Therapeutic milieu day program, 35305

Neuropsychology—Serials
5, 7-dihydroxytryptamine-induced serotonin depletion, intrinsic sensitization of leech whole-body shortening response, leeches, 36403
6 myths & hindrance of progress in neuropsychology, commentary, 3817
acute cimetidine challenge, neuropsychological & cognitive effects, healthy 65–77 yr olds, 17080
acute low dose sarin, EEG & erythrocyte cholinesterase & neuropsychological behavior, common marmosets, 23565
aerobic fitness, task switching & stopping & response compatibility controlled by frontal & prefrontal lobes, sedentary 60–75 yr olds, 27093
age & length of abstinence, recovery of neuropsychological function, chronic male alcoholics, 2 yr study, 18075
anomalous language representation, neuropsychological performance, adults with temporal lobe epilepsy, 28180
apo-E polymorphism & cognitive & language & memory & visuospatial impairment, Sardinian 45–83 yr olds with Alzheimers disease, 8661
articulatory processes & grapheme to phoneme conversion, 73 yr old male with phonologic dyslexia resulting from ischemic injury to anterior perisylvian region of left hemisphere , 18326
association of neuropsychological deficits & clinical symptoms, 16–55 yr old first-admission patients with psychotic disorders, 21164
autism & recent research focus on neural correlates & development & deficits of theory of mind, 37636
availability of neuropsychological training in APA-accredited counseling psychology programs, graduate psychology students, 19163
baseline EEG asymmetries & neuropsychological functioning during assessment, healthy adults, 7058
behavioral characteristics & brain basis of egocentric perspective vs object-based spatial transformations, 19–34 yr old males , 29874
biological basis of development of self concept based on evidence for perceptual disorders & other neuropsychological findings in cases of focal brain injury, 14998
blindsight as distinct neuropsychological phenomenon, persons with damage to primary visual cortex, 31258
brain N-acetyl-aspartate concentration reduction during perinatal period, adult male rat offspring subjected to stress, implications for neurodevelopmental disorders, 11926
brain-behavior relations & adaptive & cognitive function, individuals with prenatal alcohol exposure or fetal alcohol syndrome or fetal alcohol effects, 11623
citocoline, neuropsychological functional recovery, male 41 & female 39 yr olds with traumatic brain injury, case reports, 18738
clinical status & neuropsychological function & relationship to victim, 20–52 yr olds convicted of murder vs acquitted by reason of insanity & committed to forensic hospital, commentary reply, 17993
cognitive & adaptive & neuropsychological functioning, 14–16 yr olds with fetal alcohol syndrome, 8373
cognitive & physical rehabilitation & neuropsychological performance at 3 & 8 wks postinjury, 49 yr old male with brain injury following cardiac arrest, 32016
cognitive deficits, 18–65 yr olds with spinocerebellar ataxia 2 with vs without dementia, 21542
cognitive rehabilitation treatment via THINKable computerized system, neuropsychological performance & generalization, patients with senile deterioration of vascular origin, 9215
conceptual model of schizophrenia based on age-at-onset & neuropsychological & brain imaging clinical data, commentary, 1562
conceptual model of schizophrenia based on age-at-onset & neuropsychological & brain imaging clinical data, commentary reply, 1596
consciousness & F. Crick & C. Koch's neurophysiological theory of synchronized neural oscillations & Freud's neuropsychological hypothesis , 23170
construction diving, neuropsychological functioning & RT, 24–54 yr old male construction divers, 7023
criteria for dementia & neuropsychological dysfunction, patients with vascular dementia vs Alzheimer's Disease, 37872
CS–UCS interval in eyeblink classical conditioning, RT & response timing & motor learning & declarative memory & attention in neuropsychological tests, 18–28 vs 45–55 vs 70–80 yr olds, 7096
current & future directions & issues of heterogeneity of ethnicity & language & acculturation & age & education in practice of neuropsychology & measurement of cognition, Hispanics , 32684
demographic & clinical & neuropsychological & neuropathologic findings, patients aged 50+ yrs with Alzheimers disease alone vs Lewy body variant , 24810
development of cognitive & neuropsychological symptoms, presymptomatic 31–63 yr olds at risk for autosomal dominant familial Alzheimer's disease, 6 yr study, 5339
development of cognitive & neuropsychological symptoms, presymptomatic 31–63 yr olds at risk for autosomal dominant familial Alzheimer's disease, 6 yr study, commentary, 5355
developmental neuropsychology & language acquisition, 36743
diffuse weighted MRI, detection of long term changes in cerebral connections & neural development & evaluation of diseases that affect white & gray matter, 34674
discriminative stability of executive functioning & memory & auditory attention as schizophrenia genotype risk indicators, relatives of schizophrenia patients, 4-yr followup, 11411
disproportion in distribution of grey & white matter & neuropsychological functioning, patients with temporal lobe epilepsy with hippocampal sclerosis, 11872
dyslexia & neuropsychological functions & personality traits, 19–57 yr old prison inmates, 27473
dyslexia & sex & brain imaging, 21398
effect of long-term treatment with low to intermediate recombinant human interferon alpha on neurological & neuropsychological functioning, 46–85 yr olds with myeloproliferative disorders, 12 mo study, 31800
efficacy & safety of alpha-dihydroergokryptine mesylate, motor & intellectual & emotional functions & neuropsychological performance, 63–83 yr olds with dementia, 2 yr followup, 9011
encephalopathic symptoms & neuropsychological deficits, adult Lyme disease patients with vs without abnormal CSF, 11908
epidemiology & course & everyday impact & associated features & pharmacological treatment of neurocognitive complications of HIV disease , 24746
epilepsy surgery, patterns of cognitive functioning & neuropsychological outcomes, patients with temporal lobe development malformation & mesial temporal sclerosis, 38375
evolutionary & psychophysiological & brain mechanisms of emotion & motivation & anxiety, animals & humans, 6991
executive dysfunction & neuropsychiatric symptomatology & functional impairment, patients (mean age 69.9 yrs) with Alzheimer's disease, 2017
executive neuropsychological functioning, Ss diagnosed as subclinically obsessive-compulsive (mean age 19.4), 17939
familial density criteria for alcoholism & neuropsychological characteristics, 7–15 yr old children of alcoholics, 27844
fear circuits in pathophysiology of panic disorder, 8170
flunitrazepam, acute subjective & psychomotor effects, male 22–40 yr olds on methadone maintenance, implications for abuse liability, 7187
frontal dysfunction & neuropsychological impairment, chronic alcoholics, 1765
functional imaging of hippocampal system functioning & fit with neuropsychological data on declarative memory, 20080
functioning on complex tasks of daily living, 50–89 yr olds with mild to moderate Alzheimer's disease, 2104
glatiramer therapy, neuropsychologic functioning, 18–45 yr olds with relapsing-remitting multiple sclerosis, 2 yr study, 15436
high dose treatment with methylprednisolone & recovery, 27 yr old male with acute disseminated encephalomyelitis, commentary & commentary reply, 5634
high vs low frontal-lobe vs medial-temporal-lobe functioning, event-based prospective memory, 66–85 yr olds, 7075
history of International Neuropsychological Symposium, 7026
inhaled 10%–60% concentrations of trifluoromethane freon vs nitrous oxide, neuropsychological findings & negative symptoms, healthy male 18–35 yr olds, 7246
insight deficits & neurocognitive functioning & psychotic symptoms, social adjustment, 18–50 yr olds with schizophrenia or schizoaffective disorder, 11443
Internet resources & World Wide Web addresses for neuropsychology, 5996
intraoperative cerebral microembolic signals & postoperative neuropsychological deficit, patients with cardiac valve replacement vs coronary artery bypass grafting, 2467
lesion configuration & neuropsychological deficits in depression, patients 35–78 yrs old with left hemisphere vs 33–69 yr olds with right hemisphere strokes & depression , 37303
LSD or other hallucinogens, neuropsychological functioning, 13–58 yr old drug users, 18048
memory & metamemory functioning, adult patients with major depression with physiological or behavioral or cognitive symptoms, 24202
model of physiological mechanisms used for recognition/coding of slow temporal patterns, 33208
mood & neuropsychological functioning & cognition, 19–44 yr old premenstrual dysphoric disorder patients , 24214
MRI-assessed neural systems essential for processing & holding semantic & phonological & orthographic properties of written words in working memory, 18–44 yr olds, 16906
neonatal & social risks & cognitive function & neuropsychological abilities & academic achievement & behavior, 5–9 yr olds weighing less than 750 g vs 750–1499 g at birth, commentary, 26947
neonatal & social risks & cognitive function & neuropsychological abilities & academic achievement & behavior, 5–9 yr olds weighing less than 750 g vs 750–1499 g at birth, commentary reply, 26950
neural basis of fear, implications for anxiety disorders, 8187
neuroactive steroids & neurotransmitter & steroid receptors & neuropsychopharmacology & genomic & nongenomic crosstalk, humans & rodents, implications for stress & mental disorder treatment, 33249
neuroanatomic substrates & cognitive factors associated with erotomania, 30 yr old male & 65 yr old female patients , 17819
neuroanatomical & neuropsychological correlates, 26 yr old female with massive bilateral prefrontal damage of unknown etiology, 18385
neurobehavioral deficits, Persian Gulf war veterans, 18340
neurobiology & neuropsychology of memory & amnesia & issues in recovered memory, 6926
neurocognitive changes associated with substance abuse & nature of alcoholic deficit & recovery of function, alcoholics who do vs do not abuse other substances , 24531
neurocognitive performance & emotional status, chronic pain patients ages 22–67 yrs, 28029
neurodevelopmental delays, 8–11 yr olds with manic depression, 14501
neurodevelopmental delays, 8–11 yr olds with manic depression, commentary reply, 27630
neurodevelopmental delays, 8–11 yr olds with manic depression, commentary, 27612
neurofibromatosis type 1, 20–81 yr old psychiatric patients, 12 yr study, 11820
neuropsychological & brain structural abnormalities before onset of schizophrenia, 4939
neuropsychological & electrophysiological correlates of selective visual streaming in face recognition, 36-yr-old male with pure developmental prosopagnosia, 24781
neuropsychological & executive functioning, 17–21 mo olds exposed to cocaine in utero, 20495
neuropsychological advances in child & adolescent mental health, 36701
neuropsychological bases of creativity & assumptions of induced recall of poetry & prose as psychotherapeutic treatment, 2432
neuropsychological concept of schizophrenia, 1608
neuropsychological correlates & treatment issues of Huntington's disease, 5348
neuropsychological correlates of simple 2-choice guessing, 29–41 yr olds, 13537
neuropsychological deficits, adolescents with ADHD (mean age 14.1 yrs) vs adolescent-onset schizophrenia (mean age 16.2 yrs, 30627
neuropsychological deficits, male patients who have withdrawn from cocaine, 21346
neuropsychological function & cognitive development problems, 8–28 yr olds with nonprogressive cerebellar ataxia, 37914
neuropsychological function & later development of Alzheimer's disease, nondemented older adults genotyped for Apolipoprotein E epsilon 4 allele vs those without copy of epsilon 4 allele, 21535
neuropsychological function assessed at early disorder stage, children (mean age 12.3 yrs) with obsessive-compulsive disorder, 21170
neuropsychological function, young adult inpatients with psychotic vs nonpsychotic unipolar depression, 8040
neuropsychological functioning & cerebral glucose metabolism, 62–70 yr old patients with memory impairment vs Alzheimer's disease, 3 yr study, 11873
neuropsychological functioning, adult cocaine abusers with vs without alcohol dependence, 11636
neuropsychological functioning, adults with attention deficit/hyperactivity disorder, 8430
neuropsychological impairments & cognitive & academic functioning, children with sickle cell disease, 28005
neuropsychological models of childhood onset obsessive compulsive disorder, 34228
neuropsychological performance & frontal lobe executive functioning, 21–55 yr olds with ADHD, 18126
neuropsychological performance, aggressive & nonaggressive 13–17 yrs old with conduct disorder with or without ADHD, 27465

neuropsychological performance, recently abstinent cocaine-dependent 18–45 yr olds, 1772
neuropsychological profile for linguistic & visuospatial abilities, 4.8–15.3 yr olds with Williams syndrome , 11697
neuropsychological profile, 12 yr old girl with pineoblastoma & spinal metastases who underwent chemotherapy & cranio-spinal irradiation, 2 yr study, 24754
neuropsychological risk factors & profiles, 7–12 yr olds with borderline pathology in day treatment, 24279
new directions in neuropsychopharmacology, 7263
physical & neuropsychological symptoms, chronic fatigue syndrome, 37773
prefrontal cognitive & neuropsychological dysfunction, 8–19 yr olds with continuously treated phenylketonuria, 28053
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5187
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5188
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study, commentary, 37735
prenatal alcohol exposure, neurobehavioral outcomes & growth & physical anomalies, newborns, 14 yr study , 24540
preserved piano playing & transfer ability, female 79 yr old with Alzheimer's disease, 3 yr study , 37815
psychiatric adjustment & prevalence & onset of neurobehavioral deficits, 14–21 yr old offspring of schizophrenic parents, 30712
psychological state & neuropsychological performance, 26–60 yr olds with post-Lyme syndrome, 11885
reaching enabled by compensatory linkage of systems coding spatio-motor actions of eye & hand, 26 & 45 yr old males with non-foveal optic ataxia , 5316
recommendations & ethical implications of formal outcomes assessments regarding utility of forensic neuropsychology in resolution of legal disputes, 9723
regional cerebral metabolic rate for glucose & neuropsychological performance, 16–47 yr old patients with systemic lupus erythematosus with or without psychiatric symptoms, 34554
relationship between neuropsychological testing & on-the-road driving test performance, adults (mean age 70 yrs) with vs without Alzheimer's disease, 5309
representation in research on neurological or neuropsychological complications of HIV/AIDS, females, 1988–97, 11834
research approaches & findings & methodological problems in multidisciplinary field of neuropsychological toxicology, 36448
right vs left-handedness, clinical presentation & neuropsychology, patients with Alzheimer's disease, 37826
role of group neuropsychological studies in characterization of comprehension abilities, patients with Broca's aphasia, 1990–1996, commentary on literature review, 21531
role of group neuropsychological studies in characterization of comprehension abilities, patients with Broca's aphasia, 1990–1996, 18379
role of reasoning in diagnosis & assessment, clinical neuropsychologists, 25675
selection criteria used by postdoctoral fellowship programs in clinical neuropsychology, 6024
self- vs teacher- & parent-rated social skill ratings & patterns of neuropsychological ability, 10–12 yr olds with vs without arithmetic disabilities , 27958
semantic errors in serial cognitive neuropsychological models of oral reading, 34-yr-old female with deep dyslexia, 18153
semantic vs repetition priming, facilitation of motor response to lexical stimuli, HIV+ patients with vs without cognitive impairment, 28072
sex, differences in neuropsychology & cognitive processes & gray & white matter volume & CSF, healthy 18–45 yr olds, 20104
sex, neuropsychological factors & cerebral blood flow patterns in grammatical & reading tasks, adults, 3862
shunt for congenital hydrocephalus in spina bifida vs aqueductal stenosis, neuropsychologic & adaptive functioning & presence of nonverbal learning disabilities observed in childhood, adults, 18824
similarities & cortical resource overlapping in odor & language information processing, 13558
single high altitude exposure, brain MRI & neuropsychological testing, 31–48 yr old male climbers, 29761
spatial working memory & neuropsychological & oculomotor correlates, schizophrenia patients (mean age 35.7 yrs), 30750
speech dysfluency & crossed aphasia & other neurobehavioral deficits, right handed male 38 yr old with right cerebral infarction, 37892
sports neuropsychology of dementia pugilistica & concussion & postconcussion & 2nd-impact syndromes & implications for return-to-play decisions following head injury, 31215
strength & sensitivity of neuropsychological test findings, cognitive deficits, nondemented vs demented patients with Parkinson's disease, 34692
synthesis of elemental & configural theories of processing systems & role of hippocampus & neuropsychology in learning theory, 23131
tetrahydroaminoacridine vs clonidine, executive functions vs recall vs visuoconstructive functions vs verbal function ability, adults with Alzheimer's disease, 15332
thioridazine vs remoxipride, neuropsychological & hemodynamic responses, healthy 20–42 vs 65–77 yr olds, 23586
tibial & dimercaptosuccinic acid-chelatable lead levels, neurobehavioral function, 40–70 yr old former organolead workers , 21444
use of diffusion-weighted MRI for discernment of right-hemisphere dysfunction, 69 yr old male with Creutzfeldt-Jakob disease, 18447
use of magnetization transfer ratio histogram analysis & correlates to clinical & neuropsychological functioning, patients with multiple sclerosis, 34613
use of transcranial magnetic stimulation as neuropsychological tool allowing study of brain area roles without masking effects of cortical reorganization, 10465
venoarterial extracorporeal membrane oxygenation treatment, lateralized cognitive & perceptual motor & memory & tactile perceptual & neuropsychological abilities, 4–6 yr olds with cardiac disease, 28617
verbal & design fluency abilities, subclinical obsessive-compulsive Ss (mean age 18.7 yrs), 29826
verbal & semantic memory & vocabulary & other neuropsychological deficits, male vs female elderly adults with Alzheimer's disease, 31286
Wisconsin Card Sorting Test performance & prefrontal cortical function, adults with major depression vs schizophrenia, 21040
zolmitriptan, logical reasoning & choice RT & visual analog scale & Stroop & tracking tasks & sedation, healthy 18–45 yr olds, implications for treatment of migraine, 7229

Neuropsychology—Books

Assessment of neuropsychological functions in psychiatric disorders, 24110
The autonomous brain: A neural theory of attention and learning, 29616
Clinical neuropsychology: A pocket handbook for assessment, 2107
Handbook of neurodevelopmental and genetic disorders in children, 31086
High-level motion processing: Computational, neurobiological, and psychophysical perspectives, 3803
The human frontal lobes: Functions and disorders, 7097
INS dictionary of neuropsychology, 10470
Maps of meaning: The architecture of belief, 20685
Metacognition and cognitive neuropsychology: Monitoring and control processes, 3569
The neurolinguistics of bilingualism: An introduction, 20417
Neuropsychotherapy and community integration: Brain illness, emotions, and behavior, 34826

Neuropsychology—Chapters

A behavioral neurogenetics approach to understanding the fragile X syndrome, 31101
A cognitive neuropsychological approach to spatial memory deficits in brain-damaged patients, 5438
Conceptual and methodological issues in dyslexia research: A lesson for developmental disorders, 30994
Current controversies in mild head injury: Scientific and methodologic considerations, 24867
Geriatric neuropsychology: Principles of assessment, 32692
Individual differences in learning and memory: Psychometrics and the single case, 10224
Integrative developmental neuropsychology: A general systems and social-ecological approach to the neuropsychology of children with neurogenetic disorders, 31358
Modern phrenology: Maps of human cortical function, 26668
The nature of traumatic brain injury: Basic features and neuropsychological consequences, 37938
Neural mediation of language development: Perspectives from lesion studies of infants and children, 31089
Neurocognitive changes associated with loss of capacity to consent to medical treatment in patients with Alzheimer's disease, 21621
Neurofibromatosis, 31105
Neurological aspects of music perception and performance, 534
Neuropsychological contributions to differential diagnosis of personality disorder in old age, 27105
Neuropsychological findings in chronic medical illness, 24736
Neuropsychological findings in clergy who sexually abuse, 37537
Neuropsychological functions in personality disorder, 24375
Neuropsychological management, treatment, and rehabilitation of psychiatric patients, 24115
Neuropsychology and neuroimaging of alcohol and illicit drug abuse, 24546
Neuropsychology of childhood mental disorders: Integration of phenomenological, neurobiological, and neuropsychological findings, 24113
Neuropsychology of mood disorders, 24234
Neuropsychology of nonpsychotic, nonaffective psychiatric disorders, 24116
Neuropsychology of schizophrenia and related disorders, 24306
The neuropsychology of spiritual experience, 1087
On neurodevelopmental disorders: Perspectives from neurobehavioral teratology, 30957
Prenatal exposure to alcohol: Effects on brain structure and neuropsychological functioning, 14787
Psychobiology of post-traumatic stress disorder, 21206
Recent neurobiological research in autism, 14845
Review of the literature, 21837
Schizophrenia and frontal lobe functioning: Evidence from neuropsychology, cognitive neuroscience, and psychophysiology, 8163
Seizure disorders, 31351
Sickle cell disease, 31110
Sign language development, 23738
Spatial frames of reference and somatosensory processing: A neuropsychological perspective, 31356
Synesthesia: A challenge for developmental cognitive neuroscience, 29478
Turner syndrome: A cognitive neuroscience approach, 31109
Turner syndrome: Potential hormonal and genetic influences on the neurocognitive profile, 31108
Whatever happened to articulate speech?, 33049

Neurosciences [See Also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology]—Serials

benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6862
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6859
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6866
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary reply, 6842
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6848
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6869
benefits of incorporating findings from neuroscience into educational psychology, commentary, 6877
developmental psychopathology & affective neuroscience perspectives on phobia & generalized anxiety & separation anxiety disorders, children, 21189
epidemiology & neuropsychology & neuropathology & neurochemistry of cognitive impairment, patients with Parkinson's disease, 2075
evidence from neuroscience for situatedness as part of constructive cognition model, 9718
history of discovery of serotonin & its role in neuroscience, 26548
increased oversight in psychiatric research & glutamate hypothesis in schizophrenia as example of costs & benefits of research protocols & alternative use of neuroscience methodologies, 35436
interdisciplinary collaboration among neuroscience & cognitive psychology & psychoanalysis regarding memory & unconscious processes, 3531
laminin, A beta 40 amyloid fibril formation promoted by apolipoprotein E in vitro, implications for treatment of Alzheimer's disease, 4224
naturalistic vs artificial studies in comparative cognition & behavioral neuroscience & genetics, commentary, 26487
neurocognitive theory of visual-spatial working memory & attention & scene representation, 32775
neuroethology of spatial learning & mechanisms, insects & birds & humans & other mammals, 13524
neuroscience & psychophysiology perspectives on evolutionary trends & avian brain-behavior in research, 13491
reductionism & psychology & neuroscience, application to link between long-term potentiation & learning, 36641
role of biologically implausible computational analyses in cognitive neuroscience research, 29782
schizophrenia defined as cognitive deficit vs by phenomenology, 34140

schizophrenia defined as cognitive deficit vs by phenomenology, comment, 34146
serial attention mechanisms in visual search & applied cognitive neuroscience , 32997
trends in prominence of psychoanalysis vs behavioral psychology vs cognitive psychology vs neuroscience, 9765
trends in psychology & psychiatry & neuroscience, 1981–96, commentaries appended, 6504
working through in psychoanalysis & transference–countertransference relationship & interpretation in light of neuroscience & neural networks, commentary, 18653
Neurosciences [See Also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology]—Books
The changing nervous system: Neurobehavioral consequences of early brain disorders, 36472
Development of mental representation: Theories and applications, 10155
Handbook of substance abuse: Neurobehavioral pharmacology, 1811
Neurodevelopmental disorders, 30956
The strategic grant-seeker: A guide to conceptualizing fundable research in the brain and behavioral sciences, 12578
Neurosciences [See Also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology]—Chapters
Behavioral pharmacology of inhalants, 784
Contemporary cognitive approaches to studying clinical problems, 1436
Down syndrome in cognitive neuroscience perspective, 30970
Expectancy operation: Cognitive–neural models and architectures, 29617
The neuroscience revolution and psychiatry, 24936
Ontogeny, communication and parent–offspring relationships, 16877
Part III: Psychoses, 27716
Part IV: Mood disorders, 27649
Part V: Anxiety disorders, 27738
Part VI: Substance abuse disorders, 27899
Part VII: Dementia, 28221
Psychological and psychiatric consequences of alcohol, 1818
Schizophrenia and frontal lobe functioning: Evidence from neuropsychology, cognitive neuroscience, and psychophysiology, 8163
Structural changes underlying long-term memory, 36474
Three laws of qualia: What neurology tells us about the biological functions of consciousness, qualia and the self, 19910
Toward a neurocognitive processing model of imaginal thought, 13320
Neurosis [See Also Affective Disturbances, Childhood Neurosis, Neurasthenic Neurosis, Traumatic Neurosis]—Serials
analysis of social structure of self & quest for security & neurosis, 8192
analysis of social structure of self & quest for security & neurosis, commentary reply, 8191
analysis of social structure of self & quest for security & neurosis, commentary, 8201
diagnosis at 1st discharge from psychiatric hospital, risk of diagnosis of dementia on readmission, adults with unipolar or bipolar affective disorder vs schizophrenia or neurosis, 21 yr study, 34116
factors identified at initial or post-treatment assessment best predicting outcome, 25–75 yr old psychiatric outpatients with neurotic disorders, 5-yr followup, 1655
field concept interpretation of strange–familiar in transference & neurotic & borderline cases in literature & film , 27426
Freud & origin of obsessional neurosis in German language neuropathology & psychiatry, 12
inverse spatial distribution of alpha rhythm frequencies in cortex, 22–50 yr olds with chronic neurosis, 4981
Lerner Defense Scale & Holtzman Inkblot Technique, assessment of primitive defense mechanisms, patients with neurotic disorders & borderline patients & schizophrenics, 17825
lifetime & 1-mo prevalence & sociodemographic correlates of neuroses & somatoform & phobic & anxiety & dissociative disorders, city residents aged 15 yrs & over, 34211
outline & context of Freud's early clinical theory of neuroses & psychoses, 1894–96, 30549
phototherapy, patients with psychoautonomic neurotic disorders, 15371
prevalence of mental distress & neurotic symptoms & association with sociodemographic characteristics, rural residents aged 15 yrs & above, Ethiopia, 34053
psychoanalytic theories of linguistic signification of anal organization in obsessional neurosis, 27434
psychodynamic perspective on separation–individuation using religion as surrogate for parents & relation to neurosis & rebellion, adolescents, 11270
sociodemographic variables & prevalence of symptoms of mental distress & neurosis, city residents, Ethiopia, 34066
Neurosis [See Also Affective Disturbances, Childhood Neurosis, Neurasthenic Neurosis, Traumatic Neurosis]—Chapters
Freud in perspective: The problem of seduction, 20975
Introduction to *Psycho-Analysis and the War Neuroses* , **21841**
Neurosurgeons [See Surgeons]
Neurosurgery [See Also Commissurotomy, Decerebration, Decortication (Brain), Hemispherectomy, Psychosurgery, Vagotomy]—Serials
anxiety & optimism & facial functioning & hearing problems & other physical symptoms & symptoms reporting following surgery, 19–86 yr old with acoustic neuroma tumor, 12312
awareness of & attitudes toward neurosurgical procedures for Parkinson's disease & obsessive-compulsive disorder, neurologists vs psychiatrists, 22359
behavioral & cognitive & clinical & psychophysiological effects, 19 & 21 yr old men receiving amygdalotomy for intractable aggression, 2050
clinical features & syndrome regression before & after surgical removal of tumor, 55 yr old male with Korsakov's syndrome with colloidal cyst of 3rd ventricle, 21318
efficacy & complications associated with cingulotomy or capsulotomy or limbic leucotomy or subcaudate tractotomy in treatment of obsessive-compulsive disorder, 5689
efficacy & side effects of levodopa & other dopaminergic & neuroprotective drug therapies & surgery options for Parkinson's disease patients, 31795
facial expression of affect before & after epilepsy surgery, children with intractable infantile spasms, 1.8 yr followup, 18812
Gamma Knife radiosurgery, neuropsychological functioning, patients with ateriovenous malformations, (aged 31–62 yrs), 35074
general happiness & depression & anxiety & impulse control & socialization after right vs left temporal lobectomy, patients with epilepsy, 18352
impairments of attention, 40–58 yr old cingulotomy patients, 38373
intracarotid amobarbital test, hemispheric asymmetries in arousal & memory performance, patients undergoing anterior temporal lobectomy , 22050
left anterior temporal lobectomy technique, visual confrontation naming ability, intractable epilepsy patients, 9018
left hemisphere perceptual matching deficit, 45 yr old male callostomy patient , 34630
neuropsychological consequences of hemorrhage & surgical repair of a deep right frontal arteriovenous malformation, 7 yr old boy, 6 mo & 4 yr followups, 16909
neurosurgery for obsessive-compulsive disorder, 32 yr old woman, 15362
neurosurgical & psychotherapeutic & behaviorist intervention methods for preventing suicide, 42 & 47 yr old females with chronic pain, 2121
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31068
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31080
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31083
problem solving ability, patients with schizophrenia vs unilateral prefrontal lesions vs temporal lobectomies, 24283
proper name anomia following left temporal lobectomy, male 47 yr old with intractable seizures, 18374
right vs left temporal lobectomy & properties of visual stimuli, visual discrimination ability, patients with intractable epilepsy, 18398
shunt for congenital hydrocephalus in spina bifida vs aqueductal stenosis, neuropsychologic & adaptive functioning & presence of nonverbal learning disabilities observed in childhood, adults, 18824
spatial working memory & strategy formation, patients with Asperger's syndrome vs right or left frontal excision vs unilateral temporal lobectomy patients, 37639
time between 1st & 2nd intracarotid amobarbital procedure injections, memory, patients (mean age 28.8 yrs) undergoing epilepsy surgery , 22053
unilateral stereotactic pallidotomy, cognitive functioning, patients with Parkinsons's disease, 5763
unilateral stereotactic pallidotomy, cognitive functioning, patients with Parkinsons's disease, commentary, 5769
ventroposterior pallidotomy, balance & activities of daily living & cognitive ability & neuropsychiatric symptoms, 34–82 yr olds with Parkinson's disease, 5756
Neurotensin—Serials
dopamine agonist 7-OH-DPAT or antagonist nafadotride, proneurotensin/neuromedin N mRNA levels in striatum & nucleus accumbens shell, male rats, 26803
doses of neurotensin injected into rostral ventromedial medulla, biphasic modulation of visceral nociception as seen in visceromotor responses to colorectal distension, male rats, 26647
neurotensin agonist PD149163, antipsychotic effects on prepulse inhibition & startle reflex, male rats, 17038
radioligand binding for novel hexapeptide analogs of neurotensin at molecularly cloned rat & human neurotensin receptors & behavioral & physiological effects after ip administration of these peptides, 30062
role of neuropeptide neurotensin receptor in mediation of neuropeptide neurotensin-induced hypothermia & analgesia, mice, 10407
role of neurotensin neurons in mediation of antipsychotic drug effects, implications for treatment of schizophrenia, 31662
Neuroticism—Serials
affect intensity & frequency & mean level & variability of positive & negative affect & Eysenck's personality traits, college students, 7907
aversive visual stimuli, controllability & predictability of physiological & subjective emotional arousal, female college students with high vs low neuroticism, 27409
differences in social indicators of neuroticism & extraversion as national-character dimensions, 32 industrialized countries, 36943
extraversion & neuroticism & psychoticism, circadian cortisol rhythm, adults, 26720
extraversion & neuroticism, resting bilateral finger surface skin conductivity coordinates assessed with Motoyama's apparatus, adults (mean age 43.1 yrs), 26714
extraversion & neuroticism, susceptibility to positive & negative affect, college students, test of theoretical models, commentary reply, 7934
extraversion & neuroticism, susceptibility to positive & negative affect, college students, test of theoretical models, commentary, 7929
hemispheric lateralization & extraversion & neuroticism, 22–39 yr old males, 20916
indecisiveness & neuroticism & psychoticism & occupational group, adults, 27374
internal consistency & reliability & concurrent & discriminant & factorial validity of Maudsley Obsessional Compulsive Inventory, obsessive compulsive & neurotic & normal subjects (aged 17–77 yrs), 13061
length of episode prior to antidepressant treatment & premorbid neuroticism, time to remission, patients with major depression, 18 mo followup, 28429
lifetime major depression vs recalled post-natal depressive symptoms after 1st live birth & neuroticism, 18–88 yr old female twins, implications for influence of environment vs genetics, 24226
location of emotional & motivational traits within neuroticism & extraversion & psychoticism dimensions of personality, college students, 11242
NEO Personality Inventory-assessed neuroticism, cardiovascular reactivity, 18–23 yr olds, 10526
NEO-PI profiles & relationship between personality features & Axis I & Axis II symptomatology, married 27–69 yr olds with bipolar disorder, 17858
neuroticism & avoidant coping style, maladjustment during adolescence, 12–13 yr olds, 7512
neuroticism & coping strategies & negative well-being, 50–86 yr old female family caregivers of adult child with chronic disability, 22217
neuroticism & exposure to & appraisals of & distress & coping choice & effectiveness in relation to interpersonal & other daily stressors & resulting mood, undergraduates, 14 day diary study, 37156
neuroticism & extraversion & mastery or perceived control & general self-efficacy expectancies, functional ability & disability changes, low-functioning 57–93 yr olds, 1993–95, 17766
neuroticism & extraversion as predictors of cognitive or behavioral approach or avoidance coping style, 12–13 yr old males vs females, 20568
neuroticism & lie scale scores, college students, 7905
neuroticism & polymorphism in 2 regions of human serotonin transporter gene, 55–74 yr olds, 23284
neuroticism & self-esteem personality factors, vulnerability to major depression, female twins, 37333
neuroticism, test & social anxiety, 18–32 yr olds, 27397
relationship among neuroticism & psychoticism & extraversion & sensation seeking, 17–87 yr olds, 1317
role of neuroticism & schizotypy in self reported dissociative experiences & victimization, 18–58 yr olds, 8182
traits of neuroticism & extraversion & agreeableness in interpersonal behavior & affect, 19–69 yr olds , 1216

Neurotoxins [See Also Methylphenyltetrahydropyridine]—Serials
192IgG-sap vs NMDA-induced lesions into basal forebrain, cholinergic activity & taste aversion memory formation, male rats, 29804
acute vs chronic parkinsonism induced by neurotoxin, striatal dopamine dennervation & preproenkephalin gene expression, male monkeys, 26844
anticonvulsant & motor impairing neurotoxic effects & passive avoidance, male mice treated with CGP 40116 vs MK-801 vs L-701,324 vs D-cycloserine compounds belonging to NMDA receptor ligands, 4298
bilateral neurotoxic lesions & entorhinal & perihinal cortices, neocortical & hippocampal glucose hypometabolism, adult male baboons, implications for Alzheimers disease, 33228
cytotoxic lesions of anterior thalamic nuclei, behavioral tests that tax spatial or recognition memory, male rats, 6979
dietary restriction, vulnerability of hippocampal neurons to excitoxicity, knockin mice that express the AD-linked M146V PS1 mutation, implications for treatment of AD, 36471
force plate system apparatus measuring low-magnitude vertical reaction forces generated during forelimb/hindlimb hopping reaction & surface righting reaction after haloperidol vs acrylamide, rats, 3396
gestational stage-specific prenatal exposure to retinoic acid, regional brain weights & behavioral performance, rats, 33420
high vs low aluminum in purified diet, body weight & food intake & motor activity & toxicity, female mice, erratum, 23508
icv doses of fragment (25-35) beta-amyloid peptide, movement & investigative activity & short-term memory, rats, animal model of Alzheimer's disease, 432
immunotoxins 192-saporin vs OX7-saporin, performance on attention vs motor/sensory tasks distinguishing damage to cholinergic basal forebrain vs cerebellar function, male rats, 20384
in utero exposure to amiadarone, neurodevelopment, 24–33 yr old mothers & children aged 13.6 mo to 12.0 yrs, retrospective study, 23542
intranucleus basalis magnocellularis saporin, dose-dependent acquisition & performance of go/no-go task & choline acetyltransferase activity, male rats, 17030
intrastriatal quinolic acid vs 3-nitropropionic acid, behavior & striatal & lateral ventrical size & neuropathology, male rats, animal model of Huntington's disease, 746
low dose 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, frontal cognitive & oculomotor & skeletomotor dysfunctions in spatial delayed response task, female rhesus monkeys, 17103
male exposure to lipopolysaccharide, endocrine & immune function & female mate preference, meadow & prairie voles, 36574
neurotoxic effects of amphetamine & L-DOPA, male mice, animal model of Parkinson's disease, 23556
neurotoxic effects of neonatal administration of phenytoin on postnatal brain development, newborn mice, implications for human development, 13744
neurotoxicological effects of low-level lead exposure within CNS, children & animals, 5335
olfaction & peripheral olfactory connections, methimazole-treated rats, 23605
pacific ciguatoxin-1, tetrodotoxin-sensitive vs -resistant sodium channel activation & inactivation in acutely dissociated root ganglion neurons, rats, 7259
Pfiesteria toxin & maze learning performance, female rats, 23535
physical & reflex development & motor function & activity & sensory function & learning & memory, rats exposed to toluene from day 7 of pregnancy to day 18 postnatally, 33415
postnatal coplanar congener pentachlorobiphenyl, development & hematology & serum biochemistry & spatial delayed alternation task, rats, 13804
postnatal exposure to pentachlorobiphenyl, behavioral task performance, male monkeys, 13805
pre & postnatal exposure to 2,4-dichlorophenoxyacetic acid, development of neuromotor reflexes & spontaneous motor activity & serotonin syndrome & circling & catalepsy & other behavior patterns, rats, 33367
pre & postnatal trimethylolpropane phosphate exposure & housing conditions & sex, motor behavior & social interaction & emotional responsivity, rats, 33364
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5187
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5188
prenatal polychlorinated biphenyl congeners, brain & perirenal fat exposure levels & open field & maze behavior & passive avoidance & haloperidol induced catalepsy, rats, 20297
proglumide, iminodipropionitrile induced excitation & chorea & circling syndrome & dyskinesia & neurotoxicity & inner ear pathology, male rats, 755
research approaches & findings & methodological problems in multidisciplinary field of neuropsychological toxicology, 36448
saporin induced nucleus basalis magnocellularis lesion, neuropeptide Y vs somatostatin immunoreactive neurons in frontoparietal vs occipital cortex, rats, implications for Alzheimer's disease, 3951
selective inhibition of group I metabotropic glutamate receptors, beta-amyloid-induced apoptosis of rat cerebellar granule cells & cortical neurons, implications for Alzheimer's disease, 33358
sodium cyanate, glutathione homeostasis in brain & liver, rats & mice, implications for mechanisms of cyanate neurotoxicity & cassava-associated neurodegenerative diseases, 10672
striatal dopamine levels, susceptibility of striatal neurons to 3-nitropropionic acid induced toxicity, female rats, animal model of Huntington's disease , 7084
Neurotransmitters [See Also Acetylcholine, Aspartic Acid, Catecholamines, Cholecystokinin, Endorphins, Gamma Aminobutyric Acid, Glutamic Acid, Glycine, Histamine, Neurokinins, Neurotensin, Serotonin, Substance P]—Serials
8-OH-DPAT with vs without depletion of 5-HT neurotransmission in brain regions, suppression of food intake by fenfluramine vs fluoxetine vs 5-HT agonist, male rats, 3832
[I-123]beta-CIT SPECT correlates of vocal tic severity, 18–51 yr olds with Tourette's syndrome, 2032
acute vs chronic marijuana, changes in brain receptors & neurotransmitter systems & metabolism, humans & animals, 30895
alcohol use & alcoholism, amino acid neurotransmitter interactions & changes in noradrenaline & dopamine & serotonin, implications for treatment of secondary psychiatric problems, 30901
association of dopamine D4 receptor gene & delusional symptomatology in mood disorders, inpatients (mean age 47.48 yrs) with bipolar & major depressive disorder, 4888
cholinergic deficit in & neurotransmitter-based strategies & development of Alzheimer's disease, 21586
cocaine analog as tracer in SPECT to visualize blockade of serotonin transporters by fluoxetine in brain in vivo, 18 yr old female with bulimia nervosa & major depressive disorder, 15345
cold exposure, monoaminergic & GABAergic levels in ventromedial vs paraventricular nuclei of hypothalamus, male rats with brain lesions, implications for food intake & regulation of energy balance, 36445
contradirect effects of antidepressant drugs & role of serotongeric & dopaminergic & noradrenergic neurotransmitter systems in etiology & treatment of depression, 4919
CSF somatostatin & beta-endorphin immunoreactivity & acetylcholinesterase & 5-HIAA levels, 60–88 yr old psychogeriatric ward patients with delirium, 1 & 4 yr followups, 37865
dehydroepiandrosterone &/vs dextrofenfluramine, caloric intake & hypothalamic neurotransmitter levels, female obese Zucker rats, 33403
dopamine receptor D4 & serotonin transporter genes & self esteem, remitted patients with unipolar & bipolar disorders, 4922
expression of P2x2 receptor subunit of ATP-gated ion channel in cochlea, implications for sound transduction & auditory neurotransmission, guinea pigs, 36423
functional relationships of glutamate receptors & glutamatergic neurotransmission in pathophysiology & clinical manifestations of schizophrenia, 14585
gender differences in presentation & management of social anxiety disorder & hormones & neurotransmitter systems, implications for pregnancy, 21196
glutamatergic & cholinergic & noradrenergic & dopaminergic & serotonergic & GABA neurochemical substrates influences on & neuronal structures involved in generation of P300 , 33286
glutamatergic deficiency model of schizophrenia, 14541
group II metabotropic glutamate agonist 2R,4R-APDC, mGluR 2,3 receptor immunoreactivity in extraglanular layers & neuronal responses in visual cortex, light vs dark reared 3–4 vs 6–8 wk old cats, 29767
haloperidol vs benzodiazepine midazolam vs scopolamine, timing processes & cortical arousal & semantic memory & cognitive & motor skill acquisition, 20–35 yr old male students, 30045
human neuropeptide Y & NPY Y5 receptor agonist, food intake, adult male lean vs obese Zucker rats, 4301
hypericum perforatum extract, monoamine neurotransmitters in anterior pituitary hormone secretion, 22–49 yr old males, 31732
hypothalamus & periaqueductal gray matter & neurotransmitter involvement in aggressive behavior, cats & rats, 13591
in vivo neurotransmitter system imaging studies in understanding major depression & the role of serotonergic system in depression, 8110
interactions of hallucinogenic drugs with neurotransmitter systems, implications for elucidation of pathophysiology of neuropsychiatric disorders, 4288
involvement of dopamine & glutamate neurotransmission & neural substrates mediating context-dependent sensitization to psychostimulants, 26823
model of temporal accumulator as internal timer & involvement of cerebral structures & neurotransmitters in timing brief durations, 488
neuroactive steroids & neurotransmitter & steroid receptors & neuropsychopharmacology & genomic & nongenomic crosstalk, humans & rodents, implications for stress & mental disorder treatment, 33249
neurotransmitter regulation & neuroanatomy & clinical correlates & other aspects of interaction of genetic & environmental & social influences in neurobiology of violence, 30858
neurotransmitter system interactions, motivated consummatory behavior & intracranial self-stimulation, rats, 13787
neurotransmitters, calcitonin gene-related peptide-induced rearing & grooming & ambulatory behaviors, male rats, 13769
olanzapine, activation or antagonism of neuronal receptors, hamster ovary cell lines transfected with human muscarinic subtypes & receptor-selective isolated rat retinal tissue, 23297
pharmacological profile & discriminative stimulus effects of gamma-hydroxybutyric acid on GABA receptors, male rats, 4122
relative density & laminar distribution of dopamine axons in prefrontal cortex, postmortem brains of humans with schizophrenia & monkeys treated with haloperidol, 37345
risperidone, extracellular striato-pallidal dopamine & serotonin & GABA neurotransmitters & limb rigidity, female rats, 4162
role of glutamate receptor activation & blockade on long-term potentiation & learning & neurotoxicity, 13551
role of novel cocaine & amphetamine regulated transcript peptide neurotransmitters & cotransmitters in drug abuse & feeding behavior & sensory processing & stress & development, 26611
role of tetrahydrobiopterin as neurotransmitter biosynthesizer & nitric oxide as neuroendocrine modulator in neuronal control of depression & stress & immune system regulation, 14511
role of vesicular monoamine transporters in neuronal & behavioral function, genes of soil nematode Caenorhabditis elegans, 10408
sensation-seeking temperament, plasma concentrations of norepinephrine & epinephrine & norepinephrine-dependent testosterone & cortisol & prolactin, 19–60 yr old males, 23457
serotonin & norepinephrine & dopamine functioning as correlates of aggressive behavior & relevance to violent crime & criminal responsibility & insanity defense, 5126
temporal information processing model of animal timing & role of neurotransmitter systems & cerebral activations in humans & dynamic dimension of models, 511
use of microdialysis to compare effects of chemical lesioning on neurotransmitter release, male rats, animal model of neurodeterioration in Huntington's disease, 33473
Neurotransmitters [See Also Acetylcholine, Aspartic Acid, Catecholamines, Cholecystokinin, Endorphins, Gamma Aminobutyric Acid, Glutamic Acid, Glycine, Histamine, Neurokinins, Neurotensin, Serotonin, Substance P]—Chapters
Maternal or paternal exposure to cannabinoids affects central neurotransmitter levels and reproductive function in male offspring, 17127
Modulation of monoamine neurotransmitters by estrogen: Clinical implications, 23280
Neurobiological bases of alcohol's psychological effects, 23368
The neurobiology of suicidal behavior, 8317
Neurotransmitters and neuromodulators in frontal–subcortical circuits, 7102
Regulation of neurotransmitter interactions in the ventral striatum, 26876
New Guinea [See Papua New Guinea]
New Zealand—Serials
applicability of Australian adaptations of WISC & Stanford Binet Intelligence Scale, 5–10 yr olds, New Zealand, 4445

archeological history & social identity & realistic group conflict theories on development of sociopolitical complexity, Maori chiefdoms, New Zealand, 11124
attitudes toward sexual abuse protection policies & work climate of increased suspicion, analysis according to M. Foucault's notion of surveillance, kindergarten teachers, New Zealand, 2 yr study, 19228
emotional adjustment & cultural assimilation, Japanese college students, New Zealand, 12 mo study, 4601
interactive processes & mediating factors, perception of coercion, 17–64 yr old patients admitted to psychiatric hospital voluntarily vs involuntarily under law, New Zealand, 19511
issues in & organizations providing vocational rehabilitation services for people with disabilities, New Zealand, 5976
role of functional analysis & case formulation & cultural variables in behavioral assessment, clinical practitioners, New Zealand, 25664
strategies for improving mental health, Maori, New Zealand, 15470
voluntary accident reporting scheme in logging industry, New Zealand, 22679
New Zealand—Chapters
Achieving cultural integrity in education in Aotearoa/New Zealand, 1109
Newborn Infants [See Neonates]
News Media [See Also Newspapers]—Serials
abortion & war as representations of protest in American TV news, 10954
age & education & gender, use & perceived quality of news media & preference for terms referring to senior citizens, independent living 55 yr olds & older, 4517
anti-Black attitudes & viewing of Caucasian vs African American suspect on newscast of murder story, misidentification of African Americans, White college students, 3 mo followup, 33575
concrete vs abstract news items with vs without addition of representative picture, recall of news items, college students, 6900
cyclical patterns in media coverage of environmental issues & narrative factors, 12959
development of revised Kogan Attitudes Toward Old People Scale, TV news producers, 13049
exposure to newscasts, factor analysis of risk perception & environmental awareness & knowledge of dioxin risks, adults, Japan, 32452
health information effectiveness & relevance of general market media vs ethnic media, Blacks vs Whites vs Hispanics, 36683
level of status quo support in TV news coverage of anarchist protest, framing effects & audience support & perceptions of protest's effectiveness & newsworthiness, college students, 33574
mass media believability & preference for news & advertising information, rural or nonmetropolitan respondents, 26926
media attention to & public attitudes toward sex addiction, 1680
news coverage of political issues, formation of racial or ethnic stereotypes & political cognitions, college students, 36685
news frames, thoughts & recall, college student readers, 36689
perception of liberal biased news media, data collected from 1988 & 1992 & 1996 presidential elections, 20424
presentation format with vs without program reference of news teasers, recall & comprehension of TV news, college students, 4386
quantitative content analysis & subsequent linguistic analysis of representation of foreign in British & Polish presses, 809
sensory acuity & processing speed & presentation in print vs audio vs TV format, content memory & source recognition of new stories, 20–40 vs 60–80 yr olds, implications for aging & memory impairment, 13351
social construction of international imagery in post-Cold War era, US vs Chinese national TV news, 4387
social origins of press cynicism in portraying politics, 10723
Spanish language television health coverage vs other subjects & coverage amount & prominence & relevance to audience, Hispanics, 36688
typicality & plausibility & social context & scientific method, scientific literacy skill of evaluating credibility of scientific research news briefs, 17.8–48.5 yr olds, 4759
News Media [See Also Newspapers]—Books
Communicating uncertainty: Media coverage of new and controversial science, 17172
News Media [See Also Newspapers]—Chapters
AIDS as a legally defined disability: Implications from news media coverage, 8569
Difficulties in updating mental representations during reading news reports, 6895
Effective explanation of uncertain and complex science, 17181
The importance of understanding audiences, 17180
Popular beliefs, media, and biotechnology, 17179
Public reponses to uncertainty, 17175
Reporting on the changing science of human behavior, 17173
Scientists, journalists, and the meaning of uncertainty, 17174
Using systematic thinking to choose and evaluate evidence, 17176
Newsletters (Professional) [See Scientific Communication]
Newspapers—Serials
child prodigies, daily British press from 1988–97, 9560
classroom newspaper as method of encouraging writing & improving writing skills, reluctant writers with & without disabilities, 38884
content analysis of 241 newspaper reports on violent crimes, South Africa, 23642
content of article & context, nature of terminology relating to disabled people in newspaper articles, Israel vs Canada, 20419
daily newspaper readership, university students & faculty & staff, 26925
health content vs other subjects & transmission & contextual information, Hispanic newspapers, 36690
media portrayals of ECT & need for objectivity, 5690
newspaper articles about alcohol abuse recovery without treatment & drinking in moderation, beliefs about self-change & moderate-drinking recoveries, 19–71 yr olds, 11603
newspaper coverage & epidemiology of homicides, 1990–1994, Los Angeles, 830
perceived problems with environmental news reporting, newspaper reporters, 23638
recall & recognition in print advertisements, consumers, 6407
shallowness & procorporate bias in newspaper coverage of greenhouse effect & other environmental issues, biospheric implications, 35764
stereotypes about the Canadian Innu of Davis Inlet, Labrador & images published in daily Newfoundland newspaper, 18–23 yr old college students, 17464
Niacin [See Nicotinic Acid]
Niacinamide [See Nicotinamide]
Nicaragua—Serials
prevalence of emotional distress & relation to domestic violence, 15–49 yr old females, Nicaragua, 11522
Nicotinamide—Serials
prevalence of thiamine deficiency & associated disorders & treatments & relationship to cognitive & function status, geriatric inpatients (mean age 83 yrs), 20997
Nicotine—Serials
18-methoxycoronardine, nicotine-induced dopamine release in nucleus accumbens & nicotine preferences, rats, comparison with ibogaine, implications for smoking treatment, 669
acute & repeated administration of nornicotine vs nicotine, locomotor activity, male rats, 33389
acute or chronic nicotine, spatial learning, male C57BL/J6 mice, 20260
ad lib smoking & nicotine yield, cognitive task response selection & RT, 21–37 yr old smokers , 10593
ad libitum smoking vs abstinence vs 0–4 mg nicotine gum, cooperative responding initiated by self vs other, 21–39 yr old male vs female smokers, 752
arterial nicotine blood concentrations during cigarette smoking vs iv nicotine administration, Ss, implications for drug addiction, 36610
attempted suicide using transdermal nicotine patches, 53 yr old male with chronic schizophrenia, 14559
behavioral & neurobiological evidence on function of nicotine as drug of abuse, 4242
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups, commentary , 32036
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups, commentary reply, 32038
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups , 12517
chronic & acute nicotine treatment & withdrawal & mecamylamine pretreatment, preproenkephalin A mRNA levels in striatum & hippocampus, male rats, 4172
chronic administration or mecamylamine-blocked administration of different dosages of nicotine, REM sleep, male rats, 33477
chronic caffeine in FI schedule of food reinforcement, behavioral responses to nicotine vs amphetamine vs cocaine, male rats, 7214
chronic exposure to caffeine, self administration of & responding maintained by nicotine, male rats, 17099
chronic exposure to nicotine, upregulation of nicotinic acetylcholine receptors, implications for nicotine addiction, 23504
chronic nicotine, antinociception & opioid receptor binding & met-enkephalin levels in striatum, rats, 23603
chronic nicotine, brain stimulation reward, rats, 635
chronic oral nicotine exposure, sensitivity to nicotine & brain nicotinic cholinergic receptors, female C57B1/6 mice, 10667
client smoking characteristics & smoking during patch use & length of transdermal nicotine treatment, smoking cessation, adult smokers , 20796
cocaine & 3-beta-phenyltropane cocaine analogs, antagonism of motor & antinociceptive & physiological effects of nicotine, male mice & rats, 23499
counselor & client education in nicotine addiction, clients' treatment readiness for smoking cessation program, clients & counselors from short term residential alcohol treatment facility, 22105
degree of craving & nicotine content, progressive ratio responding & cognitive performance, 18–41 yr old deprived vs non-deprived smokers, 7253
development of cross-tolerance between morphine & nicotine & antinociceptive responses, male albino mice, 17123
diversity & localization of neuronal nicotinic receptors in CA1 interneurons of hippocampus, rats, 20069
dose & time of nicotine treatment, expression of diverse nicotinic acetylcholine receptor subtypes, model cell culture systems, 4179
effectiveness of transdermal nicotine with vs without physician-based minimal intervention setting, smoking cessation, 18–72 yr old smokers, 52 wk followup, 12520
effects of ethanol, responses to nicotine in cerebellar interneurons & medial septal neurons, male rats, 26655
effects of prolonged alcohol consumption & nicotine on locomotor activity & influence of environmental cues, male mice, 23600
escalating dose regimen of chronic nicotine, brain reward stimulation, rats , 634
estradiol & progesterone priming, nicotine-induced locomotor activity, male vs ovariectomized female rats, 10596
genetic & environmental risk factors for & prediction of smoking initiation & nicotine dependence, female twins, 17537
genetic and/or family environmental influences common to nicotine & alcohol dependence, male Vietnam era veteran twin pairs, 27886
genetic factors, discriminative stimulus properties of nicotine, C57BL/6 mice, 20378
ginseng total saponin, nicotine-induced hyperactivity & reverse tolerance & dopamine receptor supersensitivity, mice, 33425
high prevalence of smoking, persons with schizophrenia, implications for representation of brain dysfunction in schizophrenia & potential treatment, 1577
history of smoking behavior & concept & psychiatric diagnosis of nicotine craving, 1775
ibotenic acid lesions of ventral hippocampus, chronic nicotine-induced spatial working memory, female rats, 10433
impact of nicotine on schizophrenia & antipsychotic medications, treatment planning & smoking cessation programs, patients with schizophrenia who smoke, 37373
infusion of nicotine into dorsal hippocampus, anxiety, male rats, 23562
interaction of nicotinic or muscarinic receptor mechanisms with apomorphine-induced licking behavior, male albino mice, 17124
intra-lateral hypothalamic nicotine, 5-HT vs dopamine vs DOPAC vs 5-HIAA in lateral hypothalamus & food intake, male food-deprived rats, 36635
iv cocaine vs nicotine, subjective & physiological effects, 25–43 yr old cigarette-smoking cocaine abusers, 8357
lowering training dose, nicotine discrimination, adults, 33471
mecamylamine vs trimethaphan, nicotine discrimination, 19–31 yr old smokers, 14222
mecamylamine, nicotine tolerance development, male rats, 10618
mu-opioid & nicotinic cholinergic mechanisms in pedunculopontine tegmental nucleus, male rats, 33381
naloxone challenge, opiate-like withdrawal symptoms & nicotine craving & cortisol levels, nicotine-dependent smokers vs nonsmokers, 27858
naltrexone & nicotine replacement, smoking cue reactivity, abstinent cigarette smokers, 15301
nicotine & epibatidine, antinociception, mice with alpha4 vs beta2 nicotinic acetylcholine receptor mutations , 20329
nicotine & ethanol pretreatment vs preexposure, respective ethanol & nicotine induced conditioned taste aversion, male rats, 13771

nicotine & its antagonist mecamylamine, contextual fear conditioning, mice, 23510
nicotine &/vs dizocilpine, working & reference memory performance on radial-arm maze, female rats, 700
nicotine acetylcholine involvement in cognitive function in animals & nicotinic function in clinical populations & potential for therapeutics, 4197
nicotine as mnemonic, object recognition, male rats, 26836
nicotine dependence & withdrawal, stress level, adolescent & adult regular smokers, 33854
nicotine dependence, pregnant teen smokers (mean age 17 yrs), 23752
nicotine discrimination & self-administration, C57BL/6 vs DBA/2 male mice, 10668
nicotine exposure alone or with mecamylamine, acquisition of ethanol consumption, male rats, 17105
nicotine gum, delayed free recall, 18–44 yr old smokers, 7238
nicotine in dorsal hippocampus, anxiety in social interaction test, male rats, 7190
nicotine inhalers & fluoxetine, smoking cessation, 25–64 yr old adult smokers, 28759
nicotine presence from smoking vs smoking abstinence, perceptual & motor processes & working memory, 18–22 yr olds, 731
nicotine vs mecamylamine, regulation of alcohol drinking, Wistar rats, 10563
nicotine with vs without immobilization stress, acoustic startle reflex & prepulse inhibition, male vs female Sprague-Dawley vs Long-Evans rats, 13724
nicotine yield & absorption, 21–60 yr old male smokers , 637
nicotine, antidepressant effects & nicotine receptor change, Flinders Sensitive Line vs Flinders Resistent Line rats, 13824
nicotine, directed forgetting & ERPs, briefly abstinent male oral snuff users (mean age 27.4 yrs), 10608
nicotine, improvement in word recall & lexical association & role of effortful processing, 20–44 yr old minimally deprived smokers, 4259
nicotine, intensity & selectivity features of attentional processing, 18–25 yr old college students, 36584
nicotine, learning & memory, young vs old rats, 33362
nicotine, quinpirole-induced behavior, rats, implications for behavioral disorders, 33495
nicotine, sulpiride induced catalepsy, male mice, 772
nicotine, sustained attention under conditions of high vs low event rate vs weak signal strength, male rats, test of criteria for construct validity of vigilance tasks , 4221
nicotinic acetylcholine receptor agonist ABT-418 vs methylphenidate, sustained attention performance, brain-lesioned male rats, 30030
nicotinic antagonists, nicotine self-administration blockade, male rats, 13834
nitric oxide synthase inhibitor nitro-l-arginine, prevention of mecamylamine-precipitated & spontaneous nicotine abstinence syndrome, male rats, 7224
origins & current status of Nicotine Anonymous & role as treatment resource, smokers, 12521
perceptions on relationship of risk for lung cancer & daily cigarette consumption & nicotine concentrations, French 15–75 yr olds, 30242
peri adolescent exposure to nicotine, subjective cocaine effects, adult male mice , 36570
pretreatment of different dosages of nicotine, ethanol & diazepam impairment of air righting & ethanol impairment of radial maze performance, male rats, 30059
prevalence & psychosocial correlates of nicotine dependence, men vs women in US naval services, 27054
regulation of iv nicotine vs cocaine self-administration, male rats, 26807
repeated low vs high dose nicotine pretreatment, mesoprefrontal dopaminergic & behavioral responses to acute footshock stress, male rats, implications for schizophrenia, 4153
repeated nicotine treatment &/vs citalopram, locomotor activity & behavioral inhibition, rats, 13796
role of depression in relapse & high- vs standard-dose nicotine patch therapy in promotion of sustained smoking cessation, heavy smokers, 28448
role of dopaminergic & noradrenergic & serotonergic neurotransmitter systems in nicotine discriminative stimulus, male rats, 705
role of medial prefrontal cortex & medial habenular nucleus in discriminative stimulus effects of nicotine, rats, 33454
sensitivity to nicotine, female never-smokers vs light-smokers, 37041
sex & housing conditions, nicotine effects on prepulse inhibition of acoustic startle reflex, Long-Evans vs Sprague Dawley rats, 659
sex, smoking cessation across study sites & treatments & time of relapse, smokers (mean age 42.6 yrs) who participated in trials of nicotine patch, 6 mo followup, 28788
SIB-1508Y & levodopa & chronic low-dose of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, performance on visual memory task, monkeys, implications for Parkinson's disease, 33483
smoking & therapeutic response to clozapine in 21–56 yr old patients with schizophrenia, 28463
stage of change & self efficacy to quit & nicotine dependence & perceived & actual smoking related illness, adult smokers, 25546
stereoselective effects of R(+)- & S(-)-nicotine on trigeminal & olfactory sensory systems, 20–45 yr old healthy volunteers, 17108
stress, reinstatement of nicotine vs sucrose seeking behavior, male rats, 29982
sublingual tablet containing nicotine, mouth lesions at site of application & other local symptoms, 25–62 yr old smoking cessation program participants, 12 mo prospective study, 19089
synaptic plasticity of acetylcholine & glutamate in activation at nicotinic & NMDA receptors in sensory neocortex during early postnatal life, rats, 450
take out drops on cigarette filter as aid in smoking cessation, exposure to nicotine & carbon monoxide & cigarette draw & EEG & cardiovascular results, male vs female smokers, 5938
transdermal nicotine patch, vigilance, 18–25 yr old male smokers, 13778
transdermal nicotine, mood & EEG & behavioral performance & ERPs, adult males, 26795
validity of Fagerstrom Test for Nicotine Dependence & Heaviness of Smoking Index, smokers, 18040

Nicotine—Chapters
Behavioral pharmacology of nicotine, 789
Biological and clinical perspectives on nicotine addiction, 11659
Challenges and techniques for the treatment of nicotine dependence by physicians and dentists, 12543
Current issues in nicotine replacement, 12541
Harm reduction, nicotine, and smoking, 2703
Increasing the impact of nicotine dependence treatment: Conceptual and practical considerations in a stepped-care plus treatment-matching approach, 22273
Issues for women who wish to stop smoking, 12545
Molecular diversity of neuronal nicotinic acetylcholine receptors, 26875
Nicotine dependence and it associations with psychiatric disorders: Research evidence and treatment implications, 11654
Nicotine, 33862
Pharmacology of nicotine, 774
Psychological and psychiatric consequences of nicotine, 1812
A psychotherapeutic approach for smoking cessation counseling, 12538
b2-subunit-containing nicotinic acetylcholine receptors in throle of 26874The

Nicotine Withdrawal—Serials
effects of chronic administration of nicotine & withdrawal, operant ethanol self administration, rats, 13792
mecamylamine in ventral tegmentum, nicotine withdrawal & dopamine output in nucleus accumbens, male rats chronically treated with nicotine, 33213
naloxone challenge, opiate-like withdrawal symptoms & nicotine craving & cortisol levels, nicotine-dependent smokers vs nonsmokers, 27858
nicotine dependence & withdrawal, stress level, adolescent & adult regular smokers, 33854
nicotine withdrawal after obligatory smoking cessation, psychopathology, smoking vs nonsmoking psychiatric hospital inpatients, 8079
nicotine withdrawal as possible etiological factor in agitated delirium, patient cases with lung cancer who were heavy smokers up to terminal phase of cancer, 5277
nitric oxide synthase inhibitor nitro-l-arginine, prevention of mecamylamine-precipitated & spontaneous nicotine abstinence syndrome, male rats, 7224
overnight smoking withdrawal & nicotine dependence & prepulse inhibition of acoustic startle reflex, 19–45 yr old male smokers, 11628
self-report & sleep index measures of tobacco withdrawal following nicotine replacement therapy, adult males vs females, 19091
short-term management with lorazepam & nicotine patch, acute anxiety & treatment adherence compromised by nicotine dependence & withdrawal, 62 yr old male bladder cancer patient, 28579
sucrose, acute tobacco withdrawal, female smokers, 678
treated vs untreated smoking abstinence, psychotic symptoms & medication side effects, cigarette smoking outpatients with schizophrenia or schizoaffective disorder, 28764

Nicotine Withdrawal—Chapters
Nicotine, 33862

Nicotinic Acid—Serials
calcium-dependent phospholipase A2 activity, adult schizophrenic patients with sensitive vs insensitive responses to niacin, 30721

Nicotinic Acid Amide [See Nicotinamide]

Nictitating Membrane—Serials
classical conditioning of nictitating membrane/eyelid response, membrane-bound protein kinase C in cerebellar cortex & deep nuclei, male rabbits, 3653
temporal specificity in patterning of nictitating membrane response to stimulus compounds, rabbits, 13426

Nigeria—Serials
ethnic differences in marriage & breast-feeding & contraception & fertility, Hausa vs Yoruba vs Ibo females, Nigeria, 10983
family & personal characteristics, aggressive vs prosocial male elementary school students, Nigeria vs data from Western studies, 897
forms of child neglect, employed market mothers, Nigeria, 1146
need for mandatory legislation to enhance services, people with disabilities, Nigeria, 18911
perceptions of social stigma, adult villagers with onchocercal skin disease, Nigeria, 15 mo followup, 1918
sociocultural approach to domain specificity in conceptual change with natural kind & artifact concepts, rural vs urban vs elite Yoruba peoples, Nigeria, 20444

Nigeria—Chapters
Multiculturalism in the context of Africa: The case of Nigeria, 2893

Night Terrors [See Sleep Disorders]

Nightmares—Serials
cyproheptadine, nightmares & sleep quality, 47–75 yr old veterans with PTSD, 2-5 wk study, 38223
nightmare frequency & personality & acute psychopathology, 18–70 yr old males vs females, 30563
repetitive posttraumatic nightmares & anxiety dreams, outpatient military veterans & civilian war victims, 8200
zolpidem, PTSD-related insomnia & nightmares, 50–63 yr old male veterans with PTSD, 15290

Nightmares—Books
Dreams and nightmares: The new theory on the origin and meaning of dreams, 3615

Nitrogen—Serials
acute & chronic tolerance to nitrous-oxide-induced hypothermia, male rats, 10643
behavioral effects of various agonists of glutamate receptors & nitric oxide donor, morphine dependent rats, 26760
cocaine, sensitized responding & conditioned locomotion, male vs female rats with neuronal nitric oxide synthase deficiency, 7213
icv vs sc vs dorsal raphe nucleus infusion of L-NAME, sleep–wake cycle & REM sleep, male rats , 13788
inhibition of nitric oxide with L-nitroarginine during development, locomotor activity & startle reflex & hypersensitivity to amphetamine & PCP, 3–70-day-old rats, sex-related schizophrenia model, 36531
intrathecal oxotremorine, antinociceptive response to long-lasting pain stimulus & spinal nitric oxide synthase immunoreactivity, male rats, 10641
involvement of glutamate receptors & nitric oxide in rostral ventromedial medulla in visceral hyperalgesia, male rats, 574
L-NAME vs 7-nitroindazole inhibition of nitric oxide synthase, early olfactory associative learning, newborn rats, 17094
nitric oxide synthase inhibitor L-NAME vs inactive isomer D-NAME, saccharin vs water drinking in 2-bottle choice test, saccharin preferring water-deprived male rats, 33383
nitric oxide synthase inhibitor nitro-l-arginine, prevention of mecamylamine-precipitated & spontaneous nicotine abstinence syndrome, male rats, 7224
nitric oxide synthase inhibitor Nw-nitro-2-arginine methyl ester, elevated plus maze & social interaction test, rats, animal model of anxiety, 761
nitric oxide synthase inhibitors NG-nitro-L-arginine methyl ester & 7-nitroindazole & precursor L-arginine, ethanol discrimination & substitution, male rats, 13767
nitric oxide, ability of CNS to distinguish sensory signal from background noise, cats., 26605
nitroprusside, food intake & glutamic & aspartic acid levels in nucleus accumbens, male rats on standard vs threonine-free diet, 721
nitrous oxide, nictitating membrane response conditioning at different interstimulus intervals, rabbits, implications for effect on memory, 10581
normobaric nitrous oxide vs hyperbaric narcosis under Nitrox mixture, FR lever pressing, male rats, animal model, 33498
role of nitric oxide in maternal aggression, wild-type vs neuronal nitric oxide synthase-deficient female mice, 33205

spatial learning & memory in water rewarded spatial alternation task, expression of nitrous oxide neurons in dentate gyrus & frontal cortex, female rats, 3950
NMDA [See N-Methyl-D-Aspartate]
Nociception [See Pain Perception]
Nociceptors—Serials
age, development of nociceptive responses to topical application of mustard oil measured by EMG to electrical stimulation & tailflick reflex to noxious heat, rats, 479
analgesic action of histamine H1 receptor activation & pain thresholds, male mice & rats, 3882
aninociceptive action of mu & delta & kappa opioids, frogs, 13593
articular nociception of endothelin-1 or sarafotoxin or carrageenan or E. coli lipopolysaccharide, naive vs previously inflamed knee-joints, rats, 651
axotomy & differential expression of mRNA for vanilloid receptor subtype 1 of dorsal root & nodose ganglia cells, rats, 13566
cannabinoid receptor agonists, persistent pain, rats, 33445
cannabinoids, suppression of nociceptive neurotransmission, rats, 33508
capsaicin, morphology of intracutaneous nerve fibers & number of epidermal nerve fibers & cold & mechanical & heat pain sensation, 24–69 yr olds, 20351
CCK receptor antagonists, GABAergic-induced antinociception in formalin test, male mice, 13803
diffuse noxious inhibitory controls, modulation of nociception, rats with acute vs chronic monoarthritis in ankle, 16907
endogenous dopamine concentration in rostral agranular insular cortex, nociception & activity of spinal nociceptive neurons, male rats, 20269
glial cell line derived neurotrophic factor, regulation of capsaicin sensitivity/VR1 & substance P in cultured spinal sensory neurons, rats, 29835
intracellular calcium levels & heat threshold & heat responses, nociceptors, rats, 29817
intrathecal aminophylline, intrathecal norepinephrine vs serotonin suppression of noxiously evoked discharges in thalamic parafascicular neurons, rats, 3946
intrathecal metabotropic glutamate receptor compound (S)-4CPG or NMDA antagonist MK-801, mechanical allodynia & cold hyperalgesia associated with chronic constriction injury, rats, 4150
nitric oxide synthesis on intrathecal clonidine or baclofen antinociception in formalin test, male rats, 13799
nociceptin & dose, heroin self administration & locomotor activity, male rats, 4291
non-steroidal anti-inflammatory drugs, spinal c-Fos protein expression & inflammatory nociceptive processes, rats, 36535
pain avoidance task, activation of anterior cingulate cortex neurons during anticipation of painful cutaneous electric stimuli, female macaque monkey, 3870
peripheral nerve blockade & methysergide, formalin facilitation of tail withdrawal & spinal nociceptive tailflick reflex, male rats, implications for role of rostral ventral medulla, 3827
physiological & pathophysiological role of monoamines in spinal transmission of pain, 16912
plasma & CSF concentrations of nociceptin, pregnant 25–39 yr olds presenting for elective Caesarean section vs established in labour, 595
role of membrane conductance of spinal nociceptors in generation & maintenance of plateau potentials in dorsal horn neurons, rats, implications for pain perception, 33296
sensitization of nociceptors in various tissues with regard to mechanical vs thermal vs chemical stimulation of nociceptive afferents, 3886
site-specific nociceptive sensitization, electrophysiology of neural mechanisms, common snail, 20126
tonic activation of NK-1 receptors during 2nd nociceptive phase of formalin test, male rats, 26544
Nociceptors—Chapters
Pharmacology of chronic pain, 17129
Nocturnal Behavior (Animal) [See Animal Nocturnal Behavior]
Noise (Sound) [See Auditory Stimulation]
Noise Effects—Serials
auditory masker thresholds, tone detection in noise, 7 mo olds vs adults, 10760
auditory signal perception in presence & absence of noise, great tit, 3630
behavioural & physiological & heart rate response to noises during handling, beef heifers, 10368
broadband background noise, call detection, female Neotropical tree frogs, 16874
classical vs rock music & volume level, response time & accuracy of visual perception of Arabic numbers, male & female humans, 19745
decreased audibility by noise masking, cortical discriminative mismatch negativity & ERPs to speech sounds /ba/ and /da/, healthy 27–41 yr olds, 16543
demographic characteristics & fear of & sensitivity to noise, annoyance from transportation noise, male vs female 10–70+ yr olds, North America vs Australia vs Europe, 26003
distribution characteristics & reliability & validity of noise-sensitivity measures, college students, 35880
energy constrained signal subspace method for speech enhancement & automatic speech recognition under additive noise condition, 7300
frequency & pressure level of sources of noise in laboratory animal environment, 19926
Hearing in Noise Test list equivalency for speech in quiet vs in 65 dBA noise with noise at 0 vs 90 vs 270 degrees azimuth, 60–70 yr olds with sensorineural hearing loss, 6567
mechanisms & prevention of noise-induced hearing loss, 21625
noise introduced during audio recording, detectability of repetitions & prolongations, 7–12 yr olds who stutter , 8472
noise survey of Black Hawk helicopters & adequacy of hearing protection devices for hearing conservation, Army pilots, 10071
noise, magnetic evoked fields to speech-signal processing in cerebral hemispheres, 21–31 yr olds, 29917
noise, mismatch negativity to complex spectrotemporal sound patterns during non-attend conditions, 18–30 yr olds , 29912
office noise with or without speech & duration & meaning of noise, memory for prose & mental arithmetic, adults, 3529
ontogenetic changes in effect of noise on perception of various emotions in speech & hemispheric interrelations underlying this process, 7-10 vs 11-13 vs 14-17 yr old boys vs girls, 26979
perceived risk to environmental quality & dispositions to be generally annoyed or sensitive to noise, noise disturbance from developing airport, 18–65+ yr olds, 32448
perceptual motor noise, motor responses, 19–56 yr olds, 19794
prolonged occupational exposure to large pressure amplitude low frequency sound, deterioration in attention & memory, 35–56 yr old male aircraft technicians, 16156
signal duration masked by continuous narrow bands of Gaussian noise, NoSo & NoS-pi thresholds, listeners , 13227
signal to noise ratio &/vs room acoustics, speech intelligibility, 20–62 yr old listeners, 36191
simulation of monaural & binaural amplification at several signal-to-noise ratios, nonsense syllable recognition, normal vs hearing-impaired listeners, 15054
smoothing hidden Markov models using an adaptive signal limiter for noisy speech recognition, 29516
speech intelligibility in noisy environments, 12–77 yr old patients with 1- or 2-microphone hearing aids, 22287
susceptibility to noise of low-frequency interaural time & high-frequency interaural level differences & spectral cues used in sound localization, 23–33 yr olds, 13237
type of background noise, ability to process spoken language, 61–79 vs 18–22 yr olds, 36773
underwater octave-band noise levels, induced temporary threshold shift, California sea lions vs northern elephant seal vs harbor seal, 33028
unilateral auditory temporal resolution deficit & assessment & word recognition in noise & reverberation & time-compression conditions, 21 yr old female with unilateral hearing loss, 34711
white noise masking, auditory signal localization & detection, 52–74 yr old males with hearing disorders vs normal adults receiving low-pass-filtered auditory stimuli, 24884
Noise Effects—Chapters
Differential effects of psychological and immunological challenge on the hypothalamo-pituitary-adrenal axis function in adjuvant-induced arthritis, 26728
Pitch, periodicity, and noise in the voice, 16552
Noise Levels (Work Areas)—Serials
aspirin, psychophysical measures of frequency selectivity & two-tone suppression & growth of masking, normal hearing 22–39 yr olds, 32871
noise levels in psychiatric hospital, 26000
noise survey of Black Hawk helicopters & adequacy of hearing protection devices for hearing conservation, Army pilots, 10071
Nomenclature (Psychological) [See Psychological Terminology]
Nonconformity (Personality)—Serials
experiences during youth, creativity development, eccentrics, 30528
tolerance of nonconformity & demographic factors, attitudes toward legalization of prostitution, 18+ yr olds, 37020
Noncontingent Reinforcement—Serials
asymmetrical effect of noncontingency on human covariation judgments, undergraduates, test of the belief revision model, 23102
extinction by parent-delivered omission vs noncontingent delivery of reinforcement, aggression maintained by attention as positive reinforcement, 10-yr-old male with mild mental retardation, 38093
idiosyncratic effects of noncontingent reinforcement schedules, reduction of problematic speech & identification of behavior change mechanisms, 32 yr old male with moderate mental retardation, 15189
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, commentary reply, 25070
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, commentary, 25065
time-based schedules & response-independent reinforcement as treatment for severe behavior disorders, 31545
Nondirective Therapy [See Client Centered Therapy]
Nonlinear Regression—Serials
nonlinear dynamics & modeling of motivational flow, 33607
Nonmetallic Elements [See Chemical Elements]
Nonparametric Statistical Tests [See Also Chi Square Test]—Serials
utility of generalized single-case randomization tests for single-case experimental contexts & as extensions & adaptations of previously proposed randomization procedures, 13026
Nonprescription Drugs—Serials
decongestant pseudoephedrine hydrocholoride, cardiovascular reactivity & blood pressure during rest & exercise & recovery, healthy males, 7251
preferences for & information acquisition from over the counter medicine labels, 69–90 yr olds, 10923
psychosocial correlates & prevalence of prescription & over the counter medication usage, community dwelling 65–75+ yr old Mexican Americans, 2131
relationships between prescription & over-the-counter drug use, elderly, 28480
side effects of over-the-counter oral yohimbine use, 44–53 yr old males with PTSD, 30791
specialty & attitudes toward switch from prescription to over-the-counter drug status, gynecologists & general practitioners, 25676
use & perceived efficacy & side effects of nonprescription products used for sleep problems, ambulatory 60–92 yr olds, 38429
Nonprofit Organizations—Serials
attitudes towards images representing disability in charity advertisements, disabled vs non-disabled 16–78 yr olds, 34535
description of Aging 2000 organization for improvement of geriatric health care delivery, 15474
gender segregation in voluntary organizations, adults, 17517
practices & perceptions of advertising, non-profit organizations, 6401
role of professional culture in success of strategic planning method of management decision making in nonprofit organizations, 38979
Nonprofit Organizations—Chapters
Due diligence and strategic taking in business–nonprofit sponsorships: The corporate screening process at Earthjustice Legal Defense Fund, 32393
Successful failure: An alternative view of organizational coping, 29160
Nonprojective Personality Measures [See Also Beck Depression Inventory, Bem Sex Role Inventory, Child Behavior Checklist, Childrens Manifest Anxiety Scale, Eysenck Personality Inventory, Gough Adjective Check List, Marlowe Crowne Soc Desirabil Scale, Millon Clinical Multiaxial Inventory, Minn Multiphasic Personality Inven, Myers Briggs Type Indicator, Psychological Screening Inventory, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Zungs Self Rating Depression Scale]—Serials
anger as risk factor for coronary heart disease, men vs women & self- vs spouse ratings of Spielberger's State-Trait Anger Expression Inventory & other nonprojective personality measures, 5296
construct validity of Task-Specific Self-Efficacy Scale & Skills Confidence Inventory as measures of vocational behavior, college students, implications for occupational guidance, 32725
factor structure & prototype analysis of Millon Adolescent Clinical Inventory, male vs female 13–19 yr olds referred for residential treatment, 17775

objective & projective assessment of personality using TEMAS vs Behavior Assessment System for Children Self-Report of Personality, 8–13.9 yr olds, 27043
utility of scores on projective vs non-projective personality measures of interpersonal dependency as valid predictors of attachment behavior,, 9832
Nonprojective Personality Measures [See Also Beck Depression Inventory, Bem Sex Role Inventory, Child Behavior Checklist, Childrens Manifest Anxiety Scale, Eysenck Personality Inventory, Gough Adjective Check List, Marlowe Crowne Soc Desirabil Scale, Millon Clinical Multiaxial Inventory, Minn Multiphasic Personality Inven, Myers Briggs Type Indicator, Psychological Screening Inventory, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Zungs Self Rating Depression Scale]—Books
Assessing adolescents with the MACI: Using the Millon Adolescent Clinical Inventory, 13085
Essentials of Millon inventories assessment, 19637
Nonprojective Personality Measures [See Also Beck Depression Inventory, Bem Sex Role Inventory, Child Behavior Checklist, Childrens Manifest Anxiety Scale, Eysenck Personality Inventory, Gough Adjective Check List, Marlowe Crowne Soc Desirabil Scale, Millon Clinical Multiaxial Inventory, Minn Multiphasic Personality Inven, Myers Briggs Type Indicator, Psychological Screening Inventory, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Zungs Self Rating Depression Scale]—Chapters
Measures of hostility in the Apperceptive Personality Test and Thematic Apperception Test, 29342
Prediction of MMPI-2 clinical scores from the Draw-A-Person Questionnaire, 29347
Relationship between Apperceptive Personality Test stories and questionnaire ratings, 29353
Nonrapid Eye Movement Sleep [See NREM Sleep]
NonREM Sleep [See NREM Sleep]
Nonsense Syllable Learning—Serials
treatment with syllable cluster learning task, generalized learning & acquisition of syllable onsets, 3.2–7.7 yr olds with phonological language delay, 25557
Nonstandard English—Serials
reasons for & myths surrounding & educating & diagnosing children whose primary dialect is Ebonics, 27991
use of Ebonics & nonstandard English, academic achievement, Black high school students, US, 35503
Nontraditional Careers—Serials
approaches to representation in science & engineering & technology in higher education during the past 20 yrs, adult females, 35592
Nontraditional Education [See Also Home Schooling]—Serials
accreditation process & arguments for & against technology-assisted distance education & its impact on traditional classroom education, 25699
analytical & creative & practical abilities as evidence of cognitive development, 8–17 yr olds attending traditional vs innovative public schools, Russia, 32215
effectiveness of alternative education program, school-related attitudes & academic performance & self-reported delinquency, 6th–8th graders, 1 yr followup, 29285
lecture-based distance education supplemented by individual study vs interactive multimedia vs cooperative learning, knowledge of lecture material & enjoyment of experience, college students, 12647
personality construct & goal instability & peer affiliation & teacher support, quality of learning experiences & academic outcomes, 19–55 yr old distance learners, 12691
Nontraditional Education [See Also Home Schooling]—Chapters
Interculturalism in education: A Malaysian perspective, 2889
Nonverbal Ability [See Also Artistic Ability, Mathematical Ability, Motor Skills, Spatial Ability]—Serials
development & standardization in & performance of nonverbal intelligence on Matrix Analogies Test-Short Form, 5–17 yr olds, Greece vs US, 19653
development of phonological skills, early reading acquisition & reading & mathematics achievement & nonverbal ability & word knowledge, native Dutch-speaking 5–7 yr olds, 3 yr study, 32254
early music instruction, music perception skills & non-verbal & spatial abilities, 3.7–6.7 yr olds in beginning music instruction, 4 mo followup, 22517
improvement of generative drawing ability, 47–66 yr olds with severe aphasia, implications for effective therapy, 28201
linguistic vs nonverbal (visual) metaphoric development, 8–12 yr olds with language disorders, 11763
psychotherapeutic treatment of 20 yr old female with history of severe childhood sexual abuse & dissociative symptoms & right-hemisphere dysfunction & nonverbal learning disability, 5510
sketching expertise & imagery-alone vs externalization conditions, use of combining &/vs restructuring with vs without sketching in object drawings in figure combination task, 17–39 yr olds, 3488
verbal & design fluency abilities, subclinical obsessive-compulsive Ss (mean age 18.7 yrs), 29826
verbal & nonverbal ability, 4.3 yr olds with autism, testing of executive dysfunction hypothesis, 27924
Nonverbal Communication [See Also Body Language, Eye Contact, Facial Expressions, Gestures, Manual Communication]—Serials
ability to decode nonverbal information, 17–26 yr old African Americans vs Afro Carribbeans vs Africans vs European Americans, 1244
adjustment to birth of second child & use of verbal & nonverbal behaviors toward children, 22–35 yr old mothers, 17487
computer-assisted content analysis vs judge-scored ratings of Referential Activity scales, assessment of communication of emotional experiences, adults, 35861
continua produced by computational morphing of face-action images, categorical perceptions of face actions that carry language significance, 19–55 yr old college students who use sign language, 13866
debater's opponent's nonverbal disagreement reactions, ratings of opponent's credibility, viewers of televised fictitious campus political debate, 27220
decoding of emotions through body movements & gestures, 18–22 vs 65–89 yr olds, 33988
identification of verbal remarks & nonverbal behaviors associated with workplace flirting & sexual harassment, 18–69 yr olds, 21248
improvement of generative drawing ability, 47–66 yr olds with severe aphasia, implications for effective therapy, 28201
issues in non-verbal dimension of state in psychoanalysis, 4817
leisure options, frequency of spontaneous communication & communication development, 4 yr old male with neurofibromatosis & multiple other disabilities, 11779
nonverbal courtship communication & motion energy detection, young adults, Germany vs Japan, 30403
nonverbal decoding skills, relationship well-being, college students, 20896
nonverbal haptic tie signs in cross sex friendships vs dating relationships, male vs female college students, 11103
organizational status, nonverbal behavior during interactions, male vs female 25–64 yr old employees, 35655
pantomime & gestural representation as form of pretense in theory of mind development, 3–4 yr olds, 10741
patterns of nonverbal interpersonal behavior, males vs females with nonpsychotic unipolar depression, 17884
perception of nonverbal social cues, 7–10 yr olds with Attention-Deficit Hyperactive Disorder with or without learning disability, 37627
perceptions of hearing difficulties & comprehension of verbal language & identification of nonverbal communication, day & residential treatment staff for intellectually disabled adults, 12419
performance on nonverbal task of false belief understanding, 4–5 yr olds vs chimpanzees & orangutans, 16751
pragmatic role of hand gestures in language comprehension & memory, college students, 23627
preclinical & clinical consequences of nonverbal expression of negative emotions & emotional attributes, peers & supervisors of & occupational therapy graduate & undergraduate students , 15797
receptive communication as evidence of cognitive functioning, 15-yr-old female with late stage Rett syndrome , 14829
social-identity approach to influence of media on public opinion, 33571
spoken & unspoken communication in psychoanalytic process, 8855
static viewing vs dynamic nonverbal behavior observation, sexual orientation judgment accuracy, heterosexual vs gay male & lesbian college students, 30450
suspended attention & unverbalized communication & resolution of resistance in psychoanalysis, 8853
target's age, alteration of route complexity & length on maps, kindergartners vs 2nd vs 4th graders, 10742
theories of evolution on estrus cycle & visual & olfactory sexual signaling & sexual intercourse, humans & nonhuman primates, 20065
use of signs & voices in psychotherapy for sign-mediated assimilation of problematic experiences, clients, 18532
verbal vs nonverbal communication-based strategies to ensure condom use at first intercourse with new partner, 16–19 yr olds, implications for prevention of sexually transmitted diseases, 31119
Nonverbal Communication [See Also Body Language, Eye Contact, Facial Expressions, Gestures, Manual Communication]—Books
The nonverbal communication reader: Classic and contemporary readings (2nd ed.), 10710
Nonverbal Communication [See Also Body Language, Eye Contact, Facial Expressions, Gestures, Manual Communication]—Chapters
The adult–child dyad as a problem-solving system, 7707
Appearance and adornment cues, 10694
Beginning perspectives, 10719
Contact codes: Proxemics and haptics, 10693
Contemporary nonverbal theories of message exchange, 10692
Creating impressions and managing interaction, 11181
Expressing emotion and intimacy, 11141
Kinesic cues: The body, eyes, and face, 10716
Managing anxiety and the practitioner role, 34864
Power, persuasion, and deception, 11138
Prelinguistic communication, 23747
Time and place codes: Chronemics and the environment, 10016
Vocalics: Sound and silence, 10712
Nonverbal Learning—Serials
characteristics of & medical & educational interventions for nonverbal learning disorders, children, implications for nurses' role, 37678
priming via familiarity &/or unitization, nonverbal associations, college students, 6917
psychotherapeutic treatment of 20 yr old female with history of severe childhood sexual abuse & dissociative symptoms & right-hemisphere dysfunction & nonverbal learning disability, 5510
simultaneous & successive cognitive processing, school-age children with nonverbal learning disabilities, 21394
Nootropic Drugs [See Also Piracetam]—Serials
accidental donepezil overdose, 74 yr old female with cognitive decline, 12180
cognition enhancer NS-105, learning & memory deficits elicited by scopolamine vs cerebral ischemia vs nucleus basalis magnocellularis lesion vs baclofen vs ECS, male rats, implications for role of cholinergic & GABAergic systems, 36598
cost benefit ratio of nootropic drug treatment, patients with Alzheimer's disease, 9022
lexipafant tolerability & safety, patients with HIV-associated cognitive impairment, 10 wk study , 28079
long-term potentiation biochemistry in development of memory-enhancing drugs, 704
nitric oxide synthase inhibitor, effects of neurosteroids on aging- & dizocilpine-induced long term memory & learning impairment, mice, 4254
NMDA evoked [3H]NE release produced by application of kynurenic acid to human neocortex slices & prevention by putative nootropics, biochemical assay of cognition enhancers, 26834
non-immunosuppressive ligand GPI 1046, decline of spatial learning & memory & cholinergic neuron atrophy, aged mice, 36616
nootropic agent L-pyroglutamyl-D-alanine amide, learning & long-term memory in contextual & conditioned reflex freezing, massed vs spaced trained rats, 20382
outcome measures for assessing efficacy of antidementia drug therapy, patients with dementia, 9026
social impact & consequences of Alzheimer's disease & caregiver burden & potential impact of new antidementia drugs, patients & family caregivers , 31340
Noradrenaline [See Norepinephrine]
Norepinephrine—Serials
(-)-pindolol with vs without 5-HT reuptake inhibitors, dopamine & noradrenaline & 5-HT levels & activation of beta-adrenergic & 5-HT receptors, freely moving rats, 26779
6-hydroxydopamine lesion of noradrenergic neurons of locus ceruleus, opiate withdrawal syndrome & clonidine, male rats, 33192
acetylcholine & norepinephrine & carbachol, paired-pulse stimulation & modulation of long-term synaptic depression in visual cortex, rats, 13763
activity of locus ceruleus neurons & degeneration of norepinephrine system, depressed vs nondepressed elderly patients with Alzheimer's disease, 11900
apomorphine & clonidine, growth hormone response & noradrenergic function & the Tridimensional Personality Questionnaire, major depressive inpatients (mean age 42.1 yrs, 4910
arterial plasma levels of norepinephrine & other catechols during iv infusion of tritium-labeled norepinephrine, schizophrenic patients treated with clozapine vs fluphenazine, 8888
chronic cocaine vs GBR 12909 or RTI-117 vs nisoxetine, locomotor activity patterns, male rats, 13750
chronic stress & imipramine, spleen mononuclear cell proliferative response & blood corticosterone & hippocampus & hypothalamus norepinephrine levels, male rats, 12142
clonidine & fusaric acid, induction of food intake, male neonatal broiler chicks, implications for role of noradrenergic system, 20268

clonidine vs norepinephrine vs isoproterenol vs ephedrine, thermal preference & body temperature, female rats, 23494
cold pressor test, plasma norepiniphrine response, 19–69 yr olds with depressive illness subtypes, 1527
combined serotonin & noradrenaline reuptake inhibitor venlafaxine, 20–57 yr olds with generalized anxiety disorder, 2341
concentration of urinary norepinephrine & its major metabolites, patients with unipolar vs bipolar depression vs norma volunteers, 34104
dark induced pupil reactivity, fear & anxiety & norepinephrine functioning, college students, 33510
desipramine, cardiovascular reactivity & norepinephrine levels during physical exercise, healthy 7–18 vs 19–66 yr olds, 10676
desipramine, norepinephrine re-uptake transporter mRNA & 3H-nisoxetine binding, SK-N-SHSY5Y cells, 33517
effects of ambient temperature vs norepinephrine vs chronic food restriction on oxygen consumption/metabolism, awake vs anesthetized naked mole-rats, 29929
efficacy & tolerability of reboxetine vs fluoxetine treatment, 18–65 yr old patients with major depression, 18713
efficacy of selective 5-HT reuptake inhibitors & 5-HT & norepinephrine reuptake inhibitors in treatment of major depression & other psychiatric illnesses, 15296
elevated endogenous noradrenergic levels, potentiation of cellebellar ethanol depressant & other effects, male rats, 7265
epinephrine vs escapable footshock stress, norepinephrine release in amygdala, male rats, 7095
exercise training, brain norepinephrine changes with simulated weightlessness, rats, 26607
idazoxan, RT & eye movements & mood measures of malaise, adults with upper respiratory tract illness, 25316
immobilization stress, transcription of enzymes involved in norepinephrine biosynthesis in locus coeruleus, rats, 17010
in vivo microdialysis study of zotepine vs other antipsychotics clozapine & ziprasidone & olanzapine & antidepressant desipramine, extracellular noradrenaline levels, male rats, 4258
increased sensitivity to stress associated with noradrenergic hyperactivity & vulnerability to spontaneous recurrences of methamphetamine psychosis, female inmates, 34197
inhibitory interactions between presynaptic auto- & heteroreceptors & noradrenergic neurons, 3910
intermittent vs continuous cold vs foot shock stress, sensitization of extracellular norepinephrine release in medial prefrontal cortex, male rats, 26708
intrahippocampal serotonin & norepinephrine neurotransmission & anxiety in elevated plus maze, male transgenic TGR(mREN2)27 vs SPRD rats, 26650
intrathecal aminophylline, intrathecal norepinephrine vs serotonin suppression of noxiously evoked discharges in thalamic parafascicular neurons, rats, 3946
length of milnacipran administration, firing of dorsal raphe 5-HT & locus ceruleus norepinephrine neurons & role of alpha 2 adrenergic autoreceptors & heteroreceptors, rats, 4223
lesions of central noradrenergic system, effect of sexual motivation on sexual exhaustion, male rats, implications for Coolidge effect, 13582
local injections of adrenaline vs noradrenaline into paraventricular nucleus & other anterior hypothalamic regions, feeding behavior, satiated pigeons, 4163
locus coeruleus activity altering drugs vs stress vs blood pressure changes, noradrenaline release in locus coeruleus, conscious rats, 23275
mental stress vs autonomic dysreflexia, regional sympathetic nervous system function & level of lesion, 31–51 yr olds with spinal cord injury, 5362
naloxone vs beta-endorphin, NE release in amygdala after footshock, male rats, 734
neurochemical basis of & neuropharmacology of serotonin & noradrenaline in depression, 38239
noradrenergic & serotoninergic drugs, recovery of locomotion, cats with ventral & ventrolateral spinal lesions , 20267
noradrenergic drug, attentional shifts, Alzheimers disease patients with attention deficit, 37887
norepinephrine & associative conditioning, reaction to facial vibrissa stimulation & aversive shock & isoproterenol & somatosensory system, neonatal rats, 20115
norepinephrine release in hippocampus during spontaneous alternation task performance, male rats, 20334
norepinephrine reuptake inhibitor LY368975, acute effects in food intake & locomotor behavior & 5-HT & tomoxetine & paroxetine binding & 6-OHDA-induced norepinephrine depletion, mice & rats, 664
norepinephrine reuptake inhibitor treatment for depression, 38247
norepinephrine vs propranolol microinfusions into basolateral amygdala posttraining, retention of spatial version water maze task, rats, 17045
norepinephrine, membrane properties & evoked potentials of superficial layer neurons of superior colliculus cells, hamsters, 23589
norepinephrine, visual neural responses in superficial layers of superior colliculus, adult hamsters, 23607
pindolol, spontaneous firing activity of serotonin & noradrenaline neurons, rats, 20295
placebo vs 25 vs 100 mg dose of Org 4428 a noradrenaline reuptake inhibitor with antidepressant-like properties, EEG sleep, 20–24 yr olds , 33500
risperidone vs haloperidol, schizophrenic symptoms & plasma levels of norepinephrine, patients with schizophrenia, 25222
role of dopamine & norepinephrine & acetylcholine in core cognitive deficits of schizophrenia, therapeutic implications, 12170
role of dopaminergic & noradrenergic & serotonergic neurotransmitter systems in nicotine discriminative stimulus, male rats, 705
selective norepinephrine reuptake inhibitor reboxetine vs fluoxetine, antidepressant efficacy & tolerability, patients with major depression, 8 wk study, 2362
selective norepinephrine reuptake inhibitor reboxetine, antidepressant efficacy & tolerability, 18–65 yr olds & older with major depression or dysthymia, 4 wk to 12 mo studies, 2288
serotonin, conditioned olfactory learning induced by norepinephrine, neonate rats, 7243
St John's wort (Hypericum LI 160), transport of serotonin & norepinephrine into mouse astrocytes, 10631
stressful enviromental features, concentration of extracellular noradrenaline, male rats, 33345
tramadol vs desipramine vs methadone vs morphine, (3H)-norepinephrine uptake in cortical synaptosomes, adult male rats, implications for pain management, 23309
tryptophan & 5-HT & tyrosine & noradrenaline & platelet 5-HT transporter & alpha2-adrenoceptors, patients with PTSD with vs without major depression, 8068
tumor necrosis factor alpha, sickness behavior & plasma corticosterone & central monoamine levels & turnover at hypothalamic & extrahypothalamic sites, mice, 26704
variants of human norepinephrine transporter gene, susceptibility to major depression, patients with major depression, 34125
venlafaxine & dose & 5-HT1A antagonist WAY100635 augmentation, extracellular concentrations of 5-HT & noradrenaline in frontal cortex, male rats, 33384

Norepinephrine—Chapters

The bed nucleus of the stria terminalis: A target site for noradrenergic actions in opiate withdrawal, 27897

Norepinephrine Metabolites [See Also Methoxyhydroxyphenylglycol (3,4)]—Serials

concentration of urinary norepinephrine & its major metabolites, patients with unipolar vs bipolar depression vs norma volunteers, 34104

Normal Distribution—Serials

word frequency & repetition & lexicality effects, shifts in RT distributions & estimates of central tendency in word recognition experiments, college students, 9956

Normalization (Test) [See Test Standardization]

Norms (Social) [See Social Norms]

Norms (Statistical) [See Statistical Norms]

Norms (Test) [See Test Norms]

North America [See Also Canada, Mexico, United States]—Serials

prevalence & presentation of psychopathic personality disorder, male 16 yr olds & older, Canada & US vs Scotland, 11495
status of assessment & treatment programs for sexual offenders in North America, 14803

North America [See Also Canada, Mexico, United States]—Books

Communicating effectively with the Chinese, 4377
Inclusive schooling: National and international perspectives, 2976

North Vietnam [See Vietnam]

Northern Ireland—Serials

association between depression & life satisfaction, 18–62 yr olds, Northern Ireland, 30506
informal social control & civil unrest & local crime management, individuals from community organizations in East & West Belfast, Northern Ireland, 8397

Northern Ireland—Chapters

Children, peace, and war in Northern Ireland, 26968
Political socialization in a divided society: The case of Northern Ireland, 7587
The threat to belonging in Enniskillen: Reflections on the Remembrance Day bombing, 12962

Nortriptyline—Serials

EEG sleep measures, elderly patients with bereavement-related depression in remission with vs without nortriptyline treatment, 8121
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary, 38230
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary reply, 38240
efficacy & tolerability & safety of paroxetine vs nortriptyline, 18 yr olds & older outpatients with major depression & ischemic heart disease, 27616
interpersonal psychotherapy &/or nortriptyline treatment, 50 yr olds & older with bereavement-related major depression, 11979
long-term efficacy of lower vs higher fixed plasma levels of maintenance nortriptyline, elderly with major depression, 31686
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, commentary, 21668
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, comment, 11971
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression 11978
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, commentary reply, 21662
nortriptyline as adjunct to venlafaxine & valproic acid, extrapyramical symptoms, 69 yr old with type II bipolar disorder, 31628
nortriptyline vs paroxetine treatment, late-life depression, elderly outpatients & inpatients (mean age 75 yrs), 38285
paroxetine vs nortriptyline treatment, prevention or delay of relapse & recurrence of major depression, elderly patients, 38327
severity of depression, nortriptyline hydrochloride vs interpersonal psychotherapy, depressed 18–64 yr olds, 8 mo study, 8945

Norway—Serials

alcohol use disorders & employment status 5 yrs following unemployment, 16–63 yr olds originally assessed in 1988, Norway, 1993, 11601
epidemiological trends in suicide rates among different age groups of young males & females in Norway, 1973–94, 30832
evaluation of Baltic vs Norwegian programmes of block training in group psychotherapy, 2219
evaluation of Baltic vs Norwegian programmes of block training in group psychotherapy, commentary, 2217
perceptions of influence & decision making in the workplace, community based nurses, Norway, 2603

Norway—Chapters

The family and family therapy in Norway, 21821
Literacy training for linguistic minorities in Norway, 6187
Organic and psychosomatic aftereffects of concentration camp imprisonment, 21057

Nose [See Also Nasal Mucosa]—Serials

mechanisms underlying responses to nose touch & osmosensory & volatile repellants in ASH sensory neurons, Caenorhabditis elegans, 16916
olfactory detection threshold sensitivity in left vs right side of nose, adult left vs right handers, 3434
relationship between perceived aroma & in-nose volatile concentration during eating of model food, trained panelists, 23001
state & trait anxiety & depression, female 18–79 yr olds with allergic vs vasomotor rhinitis, 11772

Note Taking—Serials

adaptations of written notational vs verbal task instructions for peer vs younger target, 8–9 vs 10–11 yr olds, 4440
listening to lecture & own vs provided notes & review, effect of working memory & verbal ability & prior knowledge on quality of lecture notes & summaries & lecture recall, college students, 25771
spontaneously taken notes & reviewing vs not reviewing notes, text comprehension, high school graduates, 9493
taking own notes vs using short vs long-form guided notes, notetaking accuracy & daily quiz scores & satisfaction, academically at-risk female high school students in remedial summer history class, 25741
use of notes & nature of writing task, length & coherence & cohesiveness of essay, applicants to nursing school, 9492

Note Taking—Chapters

Taking notes from lectures, 38854

Nouns—Serials

cognate status, verbal confrontation naming performance, French and English bilingual individuals with aphasia (mean age 59 yrs), 11931
color vs object advance information for German noun phrase, RT in initiation of articulation of noun phrase, college students, 16667

development of Aristotelian style in defining abstract nouns, 11–12 vs 14–15 vs 17–18 vs 19–29 yr olds, 17274
development of production & segmentation of compound nouns in relation to target nonwords in Telugu dialect, 8 vs 11 vs 14 yr olds, India, 23729
errors in grammatical number assignment for singular & collective nouns operating at morphological level of message formulation & releveance to models of speech production, 30099
HAL computational model for representations of famous vs ordinary proper names vs common nouns in common semantic space & relation to information storage & processing, 26385
lexical vs morphosyntactic features of noun numerosity, lexical decision & psycholinguistic processing & comprehension of mass & plurality & singularity, English-speaking 18-58 yr olds, 29557
membership rating of dominance & extension & adjective-noun & noun-noun conjunction effect in phrasings of concept conjunctions, college students, 7314
morpheme-based & full-form lexical access routes in morphological processing models in recognition of written Finnish nouns, undergraduate students, 10198
norms for concreteness & emotional valence ratings of 200 monosyllabic & 199 three-syllable nouns, college students, 19892
noun syllabic structure & sublexical properties & priming paradigm, phonological encoding & word & picture naming, humans, 29595
noun's grammatical gender benefits as prime, reaccess to that information, college students, 36668
regular vs randomized sentences & nouns vs prepositions & assimilation in salience, recall, 18–22 yr olds, 23140
relationship between lexical/vocabulary diversity & grammatical morphology in use of verbs vs nouns, 2.2–6.9 yr olds with vs without Specific Language Impairment, 24675
role of pragmatic constraint & modifiability of noun phrases, interpretation of ambiguous & complex noun phrases, English & Spanish speaking college students, 36677
spared verb- but not noun-naming ability, female 79 yr old with Alzheimer's disease , 28199
subjective rating & lexical decision in irregular nouns within idiomatic verb phrases, native Finnish-speaking college students, 29585
symbolic & representational processes & default inflection in pluralizing regular vs irregular vs novel masculine nouns, native Hebrew-speaking college students, 33541
syntactic ambiguity in conjoined noun phrases & sentence comprehension in context of corpus frequency, college students & personnel, 10698
taxonomic assumption & shape similarity, word learning & lexical decisions on noun category bias task, 18–24 mo olds, 17279
time course of grammatical & phonological processes during noun phrase production in Dutch, 19–29 yr olds, 36678
timing relations of phonological encoding & initiation of articulation in production of German no-determiner noun phrases, college students, 13875

Nouns—Chapters

Children's noun learning: How general learning processes make specialized learning mechanisms, 13984
Sortals and kinds: An appreciation of John Macnamara, 27007

Novel Stimuli [See Stimulus Novelty]
Novelty Seeking [See Sensation Seeking]
Novocaine [See Procaine]

NREM Sleep—Serials

21 hrs of sleep deprivation, slow-wave activity & slow wave sleep on recovery night & sleep spindles & homeostatic process, 22–53 yr olds with sleep-maintenance insomnia, 3959
different amounts of sleep & slow wave sleep restriction, ensuing daytime sleepiness, males aged 21–25 yrs, 23421
effects of testing method & duration of sleep deprivation & sleep stage on rebounds, sleep deprived rats, 13643
group sleeping orientation, non-REM sleep in 1 hemisphere & wakefulness of opposite hemisphere & predator vigilance via monocular vision, Mallard ducks, 10348
L-type vs T-type calcium channel blockers nilvadipine vs flunarizine, hypnotic potency of benzodiazepine-hypnotic triazolam vs -nonhypnotic zolpidem assessed by NREM sleep polysomnography, male rats, 26854
olanzapine, delta sleep & sleep efficiency, schizophrenic patients (mean age 33.6), 28492
relationship between slow-wave sleep & cognitive performance, older adults with vs without insomnia (mean age 67 yrs), 31045
rich sensorimotor prior waking experience, neuronal plasticity associated with zif-268 brain gene expression levels during rapid eyemovement & slow wave sleep, male rats, 36504
selective 5-HT-2 receptor antagonist, EEG power spectra during slow-wave vs stage 2 vs NREM sleep, male 20–25 yr olds, 30020
sensory gating of auditory evoked potentials during passive wakefulness vs non-REM vs REM sleep, male rats, animal model of schizophrenia, 13652
slow wave spindle complexes at thalamic & cortical regions during slow wave sleep, rabbits, 20167
spectral analysis of sigma & slow wave activity & interictal epileptiform discharges during REM & NREM sleep, 5–9 yr olds with partial epilepsy, 31293
work schedule with polyphasic rest activity cycles, sleep quantity and sleep stages across cycles & EEG evidence of vigilance, male Air Force personnel (mean age 19.7 yrs), 9668

Nuclear Family—Serials

emotional & behavioral problems, Korean 7–13 yr old primary school children from extended vs nuclear families, 1704

Nuclear Technology—Serials

interface design assessment approach & depth of processing, pressurized water reactor operating situation, 22721
psychological impact including PTSD symptoms of nuclear waste disaster involving ongoing threat of radioactive contamination, exposed vs nonexposed male vs female 7–15 yr olds & their parents, 17936
psychological well-being & distress & subjective health & health & illness behaviors & actual physical & psychiatric health, Ss exposed vs not exposed to radiation fall-out from Chernobyl disaster, 26001
social & economic & psychological & demographic & political factors affecting levels of public trust, residents living near nuclear production facility, 22746

Nuclear War—Serials

perceived threat & fear of nuclear war at 1 mo vs immediately prior to onset of Persian Gulf War, 14–20 yr olds, 953

Nucleotides [See Also Cyclic Adenosine Monophosphate]—Serials

alpha-2 macroglobulin gene five-nucleotide deletion & late-onset Alzheimer's disease, Taiwan Chinese with Alzheimer's disease, 31247
behavioral effects of family-selective inhibitors of cyclic nucleotide phosphodiesterases, rats, 20355
corticotropin releasing hormone receptor antisense oligonucleotides, behavioral performance & anxiety in social defeat & discrimination & maze & forced swim & locomotor activity tests, male rats, 17058
embryonic vs postnatal injections of bromodeoxyuridine, morphological & behavioral abnormalities, adult rats, 17051
feeding response to neuropeptide Y-related compounds, rats treated with Y5 receptor antisense vs sense phosphothio-oligodeoxynucleotide, 26502
immunocytochemical distribution of 5-HT6 receptors & effects of icv infusion of antisense oligonucleotide, male rats , 26543
immunohistochemical expression of gustatory nucleotide-gated channel in retinal cone photoreceptor cells, male rats, 23333
intra-accumbens oligodeoxynucleotides for glutamic acid decarboxylases, sustained attention, male rats, 10626
nucleotide 7543 mutation in mitochondrial DNA transfer of RNAAsp gene, hereditary basis & genetic characteristics, 11 yr old girl with myoclonic epilepsy, 37778
role of neural cell adhesion molecule gene expression in memory formation in passive avoidance, 1-day-old chicks, 20122
serotonin receptor antisense oligonucleotide, grooming behavior mediated by dopamine receptor SKF 38393, male rats, 26842

Nucleus Accumbens—Serials

18-methoxycoronardine, nicotine-induced dopamine release in nucleus accumbens & nicotine preferences, rats, comparison with ibogaine, implications for smoking treatment, 669
accumbens dopamine depletion, rate of progressive ratio responding, male rats, 36418
administration of selective striatal metabotropic glutamate receptor agonists into nucleus accumbens or dorsal striatum, prepulse inhibition of acoustic startle response, male rats, 10583
amnesia caused by basal forebrain lesions & role of nucleus accumbens, 55 yr old male with basal forebrain amnesia, 34633
amnesia caused by basal forebrain lesions & role of nucleus accumbens, 55 yr old male with basal forebrain amnesia, commentary, 34657
amphetamine infusion into nucleus accumbens core & shell subregions, activity levels in swim tests, rats differentially sensitive to dopaminergic drugs, 7266
AP-5 induced NMDA receptor blockade in nucleus accumbens core vs shell vs medial vs posterior caudate, spatial learning & performance, male rats, 30056
bilateral intraaccumbens quinpirole, parameters of circling behavior & 1st stage of head turning, rats, implications for role of D2 dopamine receptors on movement initiation, 4128
bupivacaine in nucleus accumbens, acquisition & expression of contextual fear conditioning, male rats, 36564
carbachol & SKF 38393 & quinpirole nucleus accumbens shell & core injections, behavior & dopamine levels, male rats, 36573
changes in nucleus accumbens dopamine activity, lead-induced disruption of fixed interval schedule-controlled behavior, rats, 4125
changes of gene expression in nucleus accumbens from human alcoholic brains, 13723
chronic antidepressant administration, expression of phosphodiesterase isoforms in frontal cortex & nucleus accumbens, male rats, implications for role of cyclic adenosine monophosphate in depression, 10670
chronic lithium, regional neuronal activity in cingulate cortex & nucleus accumbens, male rats, 26800
chronic morphine, microdialysis assessed acetylcholine release in nucleus accumbens core & shell, rats, 13731
chronic morphine, NMDA receptor-mediated synaptic transmission in nucleus accumbens, male rats, 36586
clozapine & risperidone & sulpiride & haloperidol & olanzapine & amperozide, serotonin receptor antagonism & extracellular dopamine in medial prefrontal cortex & nucleus accumbens, male rats, 17054
cocaine &/vs heroin self-administration, nucleus accumbens extracellular dopamine concentration, male rats, 7204
cocaine in medial preoptic area vs nucleus accumbens vs dorsal striatum vs dorsal medial hippocampus, maternal behavior vs motor activity, female rats, 17117
cocaine self-administration, single neuron electrical activity in nucleus accumbens, male rats, implications for drug addiction, 23342
cocaine sensitization, responding for conditioned reward produced by intra-accumbens amphetamine, male rats, 13822
cognitive factors & the role of the nucleus accumbens in the goal-directed behavior of heroin & cocaine addiction, rodent models of drug seeking, 26549
dextro-amphetamine self administration vs maintenance vs extinction vs reinstatement, dopamine fluctuations in nucleus accumbens, male rats, 20135
dopamine agonist 7-OH-DPAT or antagonist nafadotride, proneurotensin/neuromedin N mRNA levels in striatum & nucleus accumbens shell, male rats, 26803
dopamine antagonists & accumbens dopamine depletions, time constrained progressive-ratio responding for food reinforcement, male rats, 612
electrical stimulation of dopamine cell bodies in ventral tegmental area/substantia nigra, dopamine release from dopamine terminals in nucleus accumbens & intracranial self stimulation, male rats, 13397
enriched vs impoverished environment, stimulant effect of amphetamine & changes in nucleus accumbens of rats, 26736
ethanol, production of (R)- & (S)-salsolinol & salsoline & THP in the nucleus accumbens, male alcohol-preferring vs alcohol-avoiding rats, implications for family alcoholism, 29749
excitotoxic lesions of nucleus accumbens shell vs core, aversive Pavlovian conditioning to discrete & contextual cues, male rats, 26629
exploratory behavior & novelty, cellular activity of nucleus accumbens neurons, male rats, 3972
fluoxetine vs desipramine vs tranylcypromine, expression of dopamine D1 and D2 receptors in nucleus accumbens & other striatal regions, male rats, 7160
GABA receptor agonists & antagonists in ventral tegmental area, dopamine release in nucleus accumbens & heroin self administration, male rats, 3943
hippocampal & amygdaloid interactions in the nucleus accumbens, 26597
hypothalamic serotonin, nucleus accumbens dopamine during mating behavior, male rats, implications for sexual satisfaction, 33442
immediate posttraining microinfusion of sulpiride into the nucleus accumbens shell vs core, memory for water maze performance, male rats, 26848
information processing & ensemble coding in the nucleus accumbens, implications for schizophrenia & Parkinson's disease, 26628
intra-accumbens histamine &/or histamine antagonists injections, exploration behavior in conflictive vs nonconflictive environments, rats, 23340
intra-accumbens oligodeoxynucleotides for glutamic acid decarboxylases, sustained attention, male rats, 10626
intra-accumbens sulpiride, effects of intra-perifornical hypothalamic sulpiride effects on locomotor activity & place conditioning, male rats , 4226

intraaccumbens raclopride, response reinstating properties of food reinforcement & amphetamine induced locomotion, male rats, 13704
involvement of dopamine & glutamate neurotransmission & neural substrates mediating context-dependent sensitization to psychostimulants, 26823
ip vs local infusion of chlorobenztropine &/vs cocaine, locomotor activity & stimulus discrimination & extracellular dopamine levels in nucleus accumbens, male rats, 20375
kava extract & kavapyrones, dopamine & 5-HT levels & concentrations in nucleus accumbens, male rats, 623
lesioned dopaminergic projection to nucleus accumbens & nucleus septi lateralis, angiotensin II & fragment 3–7 expression & passive avoidance memory, male rats, 13835
lesions of nucleus accumbens shell vs core, amphetamine-potentiated Pavlovian conditioned reinforcement & locomotion, rats , 16936
lesions of ventral pallidum projection to pedunculopontine tegmentum & MK-801 vs 7-chlorokynurenate vs apomorphine vs dopamine in nucleus accumbens, prepulse inhibition, male rats, 3872
lesions to lateral amygdala vs medial preoptic area vs nucleus accumbens, operant responding for pup-reinforcement, female rats, 13557
long term administration of rubidium or lithium, reactivity to stress & dopamine output in the nucleus accumbens, male rats, 20290
lower vs higher dose of acute vs subchronic vs chronic clozapine with 5-HT-2A vs dopamine D2 & D3 blockade, neuropeptide Y-like immunoreactivity & neuropeptide Y mRNA in nucleus accumbens, male rats, 26829
mecamylamine in ventral tegmentum, nicotine withdrawal & dopamine output in nucleus accumbens, male rats chronically treated with nicotine, 33213
microcircuits in the shell & core of the nucleus accumbens & cognition & reward behavior, 26621
microinjection of d-amphetamine into nucleus accumbens during late maintenance phase of ethanol consumption, rats, 20365
microinjection of galanin vs neuropeptide Y into paraventricular nucleus, dopamine and acetylcholine release in nucleus accumbens & feeding, male rats, 3897
microinjection of serotonergic 5-HT1B agonist S-CM-GTNH2 into dorsal subiculum, dopamine release in shell area of nucleus accumbens, male rats, 631
MK-801 administered into nucleus accumbens vs dorsomedial striatum, learning vs performance, rats, 23301
Mu & dopamine receptor antisense oligonucleotides injected into nucleus accumbens, alcohol intake, high ethanol-preferring rats, implications for a genetic basis for alcohol abuse, 30037
muscimol stimulation of GABA-A receptors in medial vs ventral vs lateral nucleus accumbens shell, fat vs carbohydrate intake & saline vs sucrose vs saccharin taste preference, male rats, 16893
neural integrative activities & functional specializations of the nucleus accumbens shell & core in relation to motivation & learning behavior, 26609
neurobehavioral aspects of clinical syndrome arising from abnormal function of reward system & leading to alcoholism & brain damage & criminal behavior, 34629
neurochemical & behavioral effects of nucleus accumbens dopamine depletions & rate of responding, 26640
nitroprusside, food intake & glutamic & aspartic acid levels in nucleus accumbens, male rats on standard vs threonine-free diet, 721
nucleus accumbens or ventral tegmentally infused brain-derived neurotrophic factor, cocaine-induced locomotor activity & reward responding, male rats & knock-out mice, 20303
organization of projections of amygdaloid body & ventral tegmental area & substantia nigra to medial & lateral nucleus accumbens, adult mongrel dogs, 7048
pain-induced analgesia, antinociception via circuitry in nucleus accumbens, rats, 29795
peripheral or intra-nucleus accumbens injection of alpha-flupenthixol, testosterone conditioned place preference, male rats, 4239
preprodynorphin & preproenkephalin mRNA expression in striatum & nucleus accumbens, alcohol preferring Fawn Hooded vs nonpreferring Wistar Kyoto rats, 3831
prepulse inhibition of acoustic startle, dopamine & DOPAC in nucleus accumbens & striatum & apomorphine or sulpiride induced changes in evoked dopamine release, rats, 3945
prior sexual experience on extracellular concentrations of dopamine in nucleus accumbens, female hamsters, 10427
release of dopamine in nucleus accumbens during development & realization of an emotional conditioned response, male rats with lesions to hippocampal formation, 3907
repeated cocaine, responsiveness of nucleus accumbens to cocaine challenge, periadolescent rats, 10637
repeated dextro-amphetamine, sensitization of mesoaccumbens dopamine projection & enhanced appetitive conditioning, male rats, 4166
reward vs schizophrenia hypothesis & functions of the mesolimbic dopaminergic projection to the nucleus accumbens, 26596
role of D1 & D2 receptors & hippocampal input to the nucleus accumbens, foraging for food in radial-arm maze, male rats, 26774
role of opioid receptors within dopamine-innervated nucleus accumbens & ventral tegmental area in ventral pallidum self stimulation, rats, 727
role of the nucleus accumbens in spatial learning & within the larger striatal system, 26623
SB 242 084 & RO 60-0175, nigro-striatal & mesolimbic dopaminergic function, male rats, implications for treatment of schizophrenia & neuropsychiatric disorders, 33387
spatial organization of cortical projections to medial & lateral segments of nucleus accumbens, dogs, 13529
tetrahydropapaveroline in ventral tegmental area, dopamine & its metabolites in nucleus accumbens, high-ethanol-preferring rats, 23557
transcription factor CREB & mutant form, rewarding effects of cocaine & response at opioid receptors, nucleus accumbens, rats, 7171
unrestricted ethanol self-administration, reactivity of striatal dopamine & dopamine-sensitive neurons & acetylcholine release in nucleus accumbens slices, ethanol-experienced vs naive male rats, 10632
ventral tegmental area–nucleus accumbens pathway lesions, behavior & biochemical functioning & short- & long-term regenerative capacities of dopaminergic neuronal axons & cell bodies, rats, 29869
volume of nucleus accumbens & pallidum of basal ganglia, postmortem 39–62 yr olds with mood disorders, 11352

Nucleus Accumbens—Chapters

Drug addiction as a disorder of associative learning: Role of nucleus accumbens shell/extended amygdala dopamine, 27898
Epilepsy, schizophrenia, and the extended amygdala, 27505
Functional magnetic resonance imaging of brain reward circuitry in the human, 26657
Functional specificity of ventral striatal compartments in appetitive behaviors, 26873
Functional-anatomical implications of the nucleus accumbens core and shell subterritories, 26672
Modulation of cell firing in the nucleus accumbens, 27719

Nucleus Basalis Magnocellularis—Serials

192IgG-sap vs NMDA-induced lesions into basal forebrain, cholinergic activity & taste aversion memory formation, male rats, 29804
chronic social isolation stress, immunoreactivity, nucleus basalis magnocellularis-lesioned male rats, 36511
H_1- & H_2-histamine blockers chlorpheniramine & ranitidine applied to nucleus basalis magnocellularis region, anxiety & reinforcement processes, rats, 4248
histaminergic antagonists chlorpheniramine vs ranitidine to nucleus basalis magnocellularis, learning & memory on avoidance task, male rats, 20358
intranucleus basalis magnocellularis saporin, dose-dependent acquisition & performance of go/no-go task & choline acetyltransferase activity, male rats, 17030
lesions of nucleus basalis magnocellularis, prepulse & latent inhibition of fear-potentiated startle, male rats, 10451
neurokinin-1 receptor in anxiolytic action of intrabasalis substance P injection, male rats, 33462
prolyl endopeptidase inhibitor JTP-4819, spatial memory & central cholinergic & neuropeptide neurons, male rats with lesions of nucleus basalis magnocellularis induced by ibotenate , 10660
saporin induced nucleus basalis magnocellularis lesion, neuropeptide Y vs somatostatin immunoreactive neurons in frontoparietal vs occipital cortex, rats, implications for Alzheimer's disease, 3951

Nudity—Serials

pupil dilation in response to pictures of clothed vs nude men vs women as indication of general vs specific sexual arousal, heterosexual male vs female college students, 7144

Null Hypothesis Testing—Serials

argument for & against null hypothesis statistical testing & changes in analysis of statistical data in teaching & learning of statistics, 32209
minimum-effect tests in general linear model for hypothesis testing on negligible effects of treatments & interventions, 19667
suitable experimental situations for use of null hypothesis testing, 26275

Number Comprehension—Serials

age differences in strategies & generalizations with number patterns, 7–11 yr olds, 871
biologically determined & abstract domain specific representation of number & elementary arithmetic operations in brain, animals &/vs infant & adult humans, 4423
category-specific preservation for processing of numerals at semantic level, 60 yr old male with severe head injury, 2096
development & implementation of curriculum to introduce rational numbers based on developmental model, 4th graders, 19258
impairment in written number name to Arabic transcoding, 70 yr old male with brain damage, test of McCloskey's cognitive model of numeral processing, 28182
lexical vs morphosyntactic features of noun numerosity, lexical decision & psycholinguistic processing & comprehension of mass & plurality & singularity, English-speaking 18-58 yr olds, 29557
milestones in development of numeracy skills, 4–7 yr olds, 17287
non-verbal skills, acquisition of place-value knowledge in Hindu-Arabic number system, 8 yr olds with specific language impairments, 18212
number sense concept in mathematics instruction for students with mathematical disabilities, 19349
representation of numbers, monkeys & prelinguistic infants, 425
representation of numerosity & use of numerical representations computationally, monkeys, 424
representation of numerosity & use of numerical representations computationally, monkeys, comment & reply, 13495
symbolic distance from enumeration response, Stroop-like interference in digit identity, undergraduates, 23104
training in visual vs audiovisual modality, learning concept & manipulation of numbers, 4–5 yr old preschoolers, 15889

Number Comprehension—Chapters

Building a cognitive creature from a set of primitives: Evolutionary and developmental insights, 892
The social organization of early number development, 7484

Numbers (Numerals)—Serials

aspects of memory performance, savant calendrical calculators, 11688
automobile license plate alphanumeric codes & exposure time & readability & memorizability & reproducibility, male college students & field participants, Saudi Arabia, 29619
behavioral & brain imaging techniques to estimate depth of processing of masked numerical primes, adults, 224
between-Ss study design, judgment of subjective size of number 9 vs number 221, Ss, 29447
color–digit synaesthetic ability, 47 yr old female, 36129
contextual role of numerical anchors in interpretation of probability expressions, college students, 7305
development & implementation of curriculum to introduce rational numbers based on developmental model, 4th graders, 19258
impairment in written number name to Arabic transcoding, 70 yr old male with brain damage, test of McCloskey's cognitive model of numeral processing, 28182
mechanisms of Stroop interference in number counting task, college students, 3534
memory for layout of ten digits on keypads of push-button telephones & calculators, college students, 29647
memory span for Arabic numerals vs digit words, adults, implications for visuospatial short term storage system, 19844
number concept development facilitated by existing conceptual structures, 5–7 yr olds, 4431
perceptual & cognitive processes including planning & executing & monitoring underlying skill of ordering numerals, female chimpanzee, 19930
progressive decline of numerical skills, 74 yr old female with Alzheimer-type dementia, 28154
random number generation & response suppression in executive processes, patients with Parkinson's disease, 8609
representation & processing of grammatical gender & number & inflectional morphology in Spanish, college students, 30095
representation of numbers, monkeys & prelinguistic infants, 425
representation of numerosity & use of numerical representations computationally, monkeys, 424
representation of numerosity & use of numerical representations computationally, monkeys, comment & reply, 13495
semantic priming of single- vs 2-digit Arabic numerals during number naming & parity judgment tasks, college students, 36232
short trains of transcranial magnetic stimulation over left vs right dorsolateral prefrontal cortex, random number generation, 28–42 yr olds, 3863
surface-form, recognition memory RT for notation in simple addition task, adults, 10215
symbolic distance from enumeration response, Stroop-like interference in digit identity, undergraduates, 23104

task performance as a function of choice stimuli of candy array vs Arabic numerals, chimpanzees, 23188
uncertainty, time difference in naming vs reading the name of Arabic numerals, college students, 10097
Numerical Ability [See Mathematical Ability]
Numerosity Perception—Serials
biologically determined & abstract domain specific representation of number & elementary arithmetic operations in brain, animals &/vs infant & adult humans, 4423
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary, 10211
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary reply, 10206
free-viewing perceptual asymmetries, judgement of brightness vs numerosity vs size, dextral adults (modal age 18 yrs), 13214
lesions to cerebellar vermis vs hemispheres, numerical & temporal discrimination, rats, 10394
numerical deficits, 22–83 yr old left hemisphere damaged patients with amnesia vs Broca's vs Wernicke's vs global aphasia, 18363
numerousness judgments of dot displays, 18–26 yr olds vs monkeys, 29682
representation of numbers, monkeys & prelinguistic infants, 425
representation of numerosity & use of numerical representations computationally, monkeys, comment & reply, 13495
representation of numerosity & use of numerical representations computationally, monkeys, 424
stimulus similarity, frequency judgments of presented vs nonpresented words, undergraduates, 29653
Stroop & Garner interference effects in selective attention & comparative judgment of semantic vs physical size of number, college students , 6779
uncertainty, time difference in naming vs reading the name of Arabic numerals, college students, 10097
visual search & target enumeration, male 60 yr old with right temporo-frontal-parietal lesion, 37923
Nuns—Serials
ego & identity development as understood from continuity perspective & continuous nature of life themes as seen in life reviews, 68–98 yr old Catholic women religious, 27095
Nurse Patient Interaction [See Therapeutic Processes]
Nursery School Students—Serials
intentions of national baseline writing skill assessment for teaching purposes vs assessment for management purposes, 4–5 yr old nursery school students., 19260
Nurses [See Also Psychiatric Nurses, Public Health Service Nurses]—Serials
1-wk didactic & clinical skin cancer prevention training, general & preventive skin cancer knowledge & self efficacy to screen & educate & organizational level constructs, nurses, 3 mo study, 28820
ability for self-reflection on communication skills & areas for improvement in health counseling sessions with patients, 24–50 yr old nurses, 12571
accuracy of independent diagnosis of delirium by psychiatrist vs nurse clinician vs consensus diagnosis, 65+ yr old hospitalized patients, 5903
adaptation of Tavistock model of infant observation to work in neonatal intensive care unit, nurses , 15465
AIDS attitudes & attitudes toward caring for dying patients, nursing staff of AIDS residential health care facilities, 25663
ambulatory BP & heart rate on work vs nonwork days during luteal vs follicular phase of menstrual cycle, 25–50 yr old female registered nurses, 22307
attitudes toward cardiovascular health promotion & efficacy & perceptions of skills in lifestyle counseling, GPs & practice nurses, 25370
attitudes toward death & psychological distress of caring for terminally ill cancer patients, female nurses vs doctors in hospice vs oncology vs aid service setting, 6046
attitudes toward obesity & perceptions of care, male vs female nurses & obese vs nonobese patients, 5164
awareness of nurses' involvement in & factors that affected their decisions to participate in euthanasia programs for handicapped & mentally ill children & adults during Nazi era, 21227
chronic professional stress & psychopathology & immune system dysregulation, nurses, 15780
conceptual analysis of countertransference in nurse–patient relationship, 2158
coping strategies & family relationships, work stress & occupational satisfaction, public hospital nurses, 9348
development & implementation & evaluation of training program to improve early diagnosis & management of Alzheimers disease & dementia, GPs & community & practice nurses, 25607
educational background, knowledge of pain assessment & pharmacologic & nonpharmacologic interventions, nurses, 19173
effectiveness of individualized approach to smoking cessation intervention, 23–56 yr old qualified nurses & 17–36 yr old student nurses, 35326
factors of empowerment in & construct validity of Psychological Empowerment Scale & relationship between self determination & job impact, 19–65 yr old nurses, 9950
functional status, nurses with chronic fatigue syndrome or chronic fatigue or psychiatric disorders, 21–65 yr old nurses, 8025
impact of delirium & reactions & caring for patients with delirium & dementia, nursing staff, 38566
implementation of program for detection & treatment of problem drinkers, attitudes & practices & self-perceived intervention skills, GPs & nurses, 38595
importance of ongoing relationship & relationship history to therapeutic effectiveness, nurse psychotherapists & clients, 31458
in depth education program, cost of analgesic & adjuvant medications used for pain management by rural patients with cancer, nurses, 9317
interrater reliability of Client Encounter Form, assessment of client–nurse practitioner interaction, nurses & 2–61 yr old clients of primary care nursing clinic, 25427
issues of concern in practice incidents related to talking with patients about dying, palliative care nurses in professional development program, 28854
job demands & control & strain as aspects of psychosocial environment, non-medical drug usage, full-time nurses, 24539
job stress, menstrual patterns, nurses, Italy & US, 25908
nurse-conducted intervention, gamma-glutamyl transferase & excessive drinking, 25–54 yr olds with high levels of gamma-glutamyl transferase, 2 yr followup, 2698
nursing care, development of sleep & wake behaviors, preterm infants (mean age 28 wks), 23647
perceived purpose & recipient & rater outcomes & demographics & rating experience & voice, acceptance of peer rating system, nurses in dual role of recipient & rater, 12807
perceptions of barriers to communication, 25–70 yr old nurses & 36–77 yr old physicians in nursing homes, 12607
perceptions of constraints & responsibilities for health promotion & of clients' responses to health education, 25–40 yr old primary health care nurses & midwives, Jordan, 2782
perceptions of influence & decision making in the workplace, community based nurses, Norway, 2603
perceptions of role & skills & attitudes of generalist nurses toward specialist drug & alcohol nurses, specialist drug & alcohol nurses, Australia, 12611
personality & coping & family support, adaptation to work stress, distressed vs stress resistant nurses, 12606
phenomenon of comfort in childbirth, implications for nurses & midwives & awareness of body & emotions & experience, 18930
physiotherapist-led training programme to enhance rehabilitation skills, attitudes toward stroke patients, 41–63 yr old nurses, 22247
prevalence of migraine & effect on quality of life & productivity, nurses, 6091
psychological empowerment, transformational leadership & job satisfaction, nurses, 28878
reliability & validity of Byron Physical Assessment Framework,systems based checklist of physiological measurements & signs & symptoms, expert vs novice nurses assessing medical patients, 6614
role in caring for patients with coexisting developmental disability & psychiatric disorder, nurses, 5824
role of nurse specialists in multidiciplinary treatment of patients with Parkinson's disease, 21658
scanning & reflecting & the experience of leadership, 44–50 yr old Canadian hospital-based nurse managers, 3-yr study, 25668
smoking behavior & knowledge & attitudes toward smoking & quitting & providing smoking cessation care to patients, 20–59 yr old nurses, 27258
suicide risk, nurses, 21243
thanatophobic attitudes in care of terminally ill patients, practicing physicians vs student nurses vs medical students, 6055
touching of patients, skilled nurses in elderly nursing care, 9133
use of wounded healer archetype in clinical practice, addiction treatment nurses, 5925
work & demographic factors, lifetime & current use of licit & illicit & prescription & over-the-counter drug use & dependence & negative consequences of alcohol consumption, 19–72 yr old female nurses, 24516
work commitment & outcomes, Arab vs Jewish nurses, 22351
workload & social support from supervisor & peers & link between spurned help from patients & burnout, practicing nurses, 2779

multilevel analysis of correlates of quality of care in homes for aged, facility managers & residents, 25484
music & pastoral therapy program, nursing home patients with dementia, 35039

natural helping network model Buddy Program, enhancement of well-being & morale & environmental satisfaction, nursing home residents with dementia & their nondemented buddies, 35259
nature & prevalence of behavior difficulties & need for specialist care in long-term elderly care settings, nurses & carers in NHS long-stay wards vs nursing homes vs residential facilities, 28725
nonmalignant pain & psychological & functional health & practice patterns for pain management in nursing homes, nursing home residents at least 65 yrs old, 1992–1995, 31994
nursing home placement & measures of change on other clinical disease assessments, patients with probable Alzheimer's disease (mean age 73.3 yrs), 2-yr study, 15576
nursing home vs integrated special care unit models of care, behavioral disturbances, 59–97 yr olds with dementia, 3 mo follow up, 9188
nutritional status at hospital admission & subsequent mortality & functional dependence & nursing home use, hospitalized medical patients (mean age 80.3 yrs), 22236
objective vs subjective ratings for assessing satisfaction regarding incontinence & mobility care, nursing home residents (mean age 87.9 yrs), 31993
Partners in Caregiving program to teach communication techniques & conflict resolution skills, nursing home staff & family members of residents, 5893
Patient Self Determination Act, discussion of future treatment issues with nursing home medical clinicians, nursing home residents & their surrogates, 2630
perception of quality of life, elderly living in nursing homes vs at home, 9141
perceptions of behavior identified as being pain related, 46–96 yr old nursing home residents vs 22–64 yr old nurse vs 30–91 yr old family caregivers, 21495
perceptions of Medicaid estate planning for nursing home care, Medicaid eligibility workers, 22231
perceptions of postural limits, 71–94 yr old in nursing home vs 21–50 yr old day care participants, commentary, 16567
perceptions of postural limits, 71–94 yr olds in nursing home vs 21–50 yr old day care participants, 16564
pharmacologic treatment options, hypersexual & paraphilic nursing home residents, 12204
potential cost savings by substitution of assisted living care for nursing home care based on health status & disease severity, nursing home & assisted living facility residents with AD , 35261
predictors of continued usage of physical restraints despite staff education on restraint reduction, nursing home residents (mean age 83.9 yrs) & staff, 15759
preference vs utilization of long term care, stroke patients, 2555
preferred background music, engagement in therapeutic recreation tasks, 68–81 yr old nursing home residents, 38556
process for assessment of agitation in late stage dementia nursing home patients, nurse aides, 35267
psychiatric consultation in nursing homes, nursing directors, 2641
psychogeriatric intervention outcome, 71–88 yr olds in old age home, 3 yr followp, 35266
purpose & properties of therapeutic garden in nursing homes or other long term facilities for patients with loss of autonomy or locomotor disabilities or behavioral or mental problems, 9699
quality of interaction, proportion of food consumed by resident, 65–103 yr old nursing home residents with late stage dementia & 23–63 yr old certified nursing assistants, 28117
quality of reporting research ethics in publications involving nursing homes residents, 1992–96, 12476
removal of nighttime physical restraints, nighttime fall rates, severely impaired nursing home residents (mean age 84.7 yrs), 28724
resident & facility risk factors for psychotropic drug use following Nursing Home Reform Act, nursing home residents, 3 yr study, 12475
resident characteristics & selected organizational factors, appropriateness of psychotropic drug use, 77–87 yr old residents in 33 nursing homes, Sweden, 2642
risk factors for & prevalence of acute confusion in long term care, Minimum Data Set data from nursing home residents, implication for nursing practice, 15579
serum anticholinergic activity changes with acute illness, nursing home patients with vs without delirium (mean age 88 yrs), 11787
social history intervention, individualization of perceptions of patients, 24–57 yr old nursing home staff members, 15575
social work treatment & massage therapy, activities of daily living & frequency of personal assistance, 75–90 yr old nursing home clients, 15076
sociodemographic factors & functional status, use of advanced care directive vs do-not-resuscitate order prior to vs after admission, male vs female Black vs White nursing home residents, 1993–94 , 22230
sources of stress for daughters of nursing home residents, 38545
special care unit placement, aggressive behavior, nursing home residents with dementia, 38554
structured life review intervention, prevention of geriatric depression, newly relocated nursing home residents (aged 60–104 yrs), 5 yr study, 9049
tacrine prescribing & patient data, nursing home residents with dementia, 12325
training for dementia patient care in nursing homes, certified nurse assistants, 19148
training for dementia patient care in nursing homes, certified nurse assistants, commentary, 19151
transactional analysis training, communication with residents, nursing home staff, 6034
transition to nursing home, cognitive status & morale & depression & satisfaction with care, newly admitted patients (mean age 84.7 yrs), 6 mo study, 25486
tricyclic antidepressants vs selective serotonin-reuptake inhibitors vs trazodone, risk of falls, nursing home residents, commentary & commentary reply, 12237
use of M. A. Newman's nursing theory with nursing home residents, psychiatric nursing students, 2643
use of physical restraints in nursing homes, nursing directors, 5894
use of physical restraints in nursing homes, nursing directors, 5895

Nutrition—Serials

2 computer tailored nutrition education interventions, 19–59 yr olds, 22082
2-deoxy-D-glucose & mercaptoacetate, protein vs fat macronutrient self-selection, male rats, 23571
age-related chemosensory changes & olfactory & taste perception & food intake & satiety & nutritional status, elderly persons, 20441
algorithm for staging of dietary patterns in Eat Well Live Well nutrition program, 25–55 yr old African American females, 18862
application & impact of computer-tailored nutrition education, 18850
attitudes toward food & nutrition services for multicultural families, Head Start staff, 25459
before- & after-meal hunger & thirst & meal size & macronutrient & energy intake, identical & fraternal same- & mixed-sex adult twin pairs, 33176
blueberry vs spinach vs strawberry dietary supplements, age-related declines in neuronal signal transduction & cognitive & motor behavioral deficits, male rats, 33165
body image & dieting behavior & nutritional status, nationally ranked junior figure skaters, 982
caregiver burden & nutritional status & weight loss, community dwelling patients with probable Alzheimers disease, 1 yr prospective study, 8629
cognitive status & body & fat mass & vitamin D measures of nutritional status, 91–104 yr old female with vs without dementia, 8664
demographic & psychosocial variables & nutrition knowledge, reasons for attendance vs nonattendance at nutrition education sessions, low income 18–66 yr old females, commentary, 28635
demographic & psychosocial variables & nutrition knowledge, reasons for attendance vs nonattendance at nutrition education sessions, low income 18–66 yr old females, 28628
development & evaluation of preventive nutrition initiative Healthy Eating Project, Air Force recruits in basic training, 28632
development & validation of scale assessing self-efficacy for increasing fruit & vegetable consumption & ability of scale to discriminate Ss at different stages of change readiness, 21–60 yr olds, 26081
differences between home breakfasts & nutrition impact of school breakfast program, preacademic performance, 3.8–5.2 yr olds & their parents , 38851
effect of nutritional needs on intake behavior & preference for foods with varying ratios of protein & energy & different forms, lambs, 16873
Energy Express reading & nutrition program, low income communities, 35218
evaluation of effectiveness of training & management package on nutritional practices, direct care staff of community-based group homes serving adults with developmental disabilities, 1 yr study , 25610
Food for Heart Program of nutrition & dietary counseling by public health nurses to lower blood cholesterol, residents of rural South at risk for heart disease, 28639
gradual transition from maternal to reconstituted milk, behavioral & endocrine & immune responses, lambs, 26472
heritability of pre-meal stomach-content effects, total & meal food-energy & macronutrient intakes, identical & fraternal same- & mixed-sex twin pairs, 20060
high- vs low-nutrition diets, chirp rate & duration, male crickets, implications for female mating preferences, 10366
hostility & weight status & weight cycling & dieting behaviors & nutrition attitudes, 5 yr longitudinal study, 20895
LEAN Program involving cognitive behavioral modification of exercise & nutrition & lifestyle & coping strategies, obesity, military personnel, 2 yr followup, 25980
light intensity & low vs high diet, alarm responses, larval mosquitoes, 3745
lipids & carbohydrates & proteins & nutrition & selective malnutrition/vitamin deficiencies & cognitive & affective performance, elderly people, 7154
lunch served with milk vs water, lunch energy intake, 4–6 yr olds, 4402
maintenance on high- vs low-fat diets, sensitivity to satiating effects of cholecystokinin & bombesin, rats, 645
maternal nutritional knowledge & feeding practices, childhood anemia, low income mothers (aged 12–21 yrs) & their children, 34550
meals differing in macronutrietn composition, food craving & bingeing & nutrient intake & mood, 34.9–46.3 yr old females, 21410
metabolism of glutamic acid & neurophysiology of monosodium glutamate & Umami taste & impact on nutrition & ingestive behavior, 13515
monitoring & counseling by general practitioner vs dietician, clinical & cost outcomes of nutritional counseling, 25–65 yr olds with hypertension vs type 2 diabetes vs obesity, 22106
nutrition brochure format, recall, females (aged 20–30 vs 40–50 vs 60–70 vs 70+ yrs), 35121
nutrition knowledge & attitudes & fruit & vegetable consumption, African American vs White vs Hispanic vs other ethnic 9th graders, 25321
nutrition knowledge & cultural beliefs & food intake & weight gain attitudes, pregnancy weight gain & infant birth weight, pregnant Mexican-American 13–18 yr olds, 36804
nutrition-related cardiovascular health education program, nutrition-related knowledge & attitudes & behavior, adult ESL students, 9045
nutritional & cognitive & functional status & effect of nutritional education in care personnel, elderly living in service flats, 6-mo study, 30256
nutritional & motivational factors in development & maintenance of rumination & regurgitation & reingestion, humans vs captive lowland gorillas, 16834
nutritional attitudes & practices, 18–74 yr olds, 14289

nutritional status at hospital admission & subsequent mortality & functional dependence & nursing home use, hospitalized medical patients (mean age 80.3 yrs), 22236
nutritional supplementation with vs without psychosocial stimulation, child & caregiver behavior & developmental levels, stunted vs nonstunted 12–24 mo olds, 6 mo study , 28596
participation in Aid to Families with Dependent Children & Food Stamp programs, children's anthropometric & nutritional status, 12–53 yr old mothers and their 2 wks–60 mo old children, 26939
perception of barriers to adequate nutrition for elders in rural environments, health & social & nutrition service experts & ministers, 4514
poor vs high quality diet, sex role reversals in mating communication, tettigoniid bushcrickets, 3754
positive & negative factors influencing vegetable & fruit consumption & ideas for promoting their consumption, 20–45 yr old parents with children less than 12 yrs old, 22109
recall & perceived credibility of expert- vs spiritual pastor-oriented nutrition education computer-tailored bulletins, 18 yr old & older rural African American church members, 2 yr followup, 18853
reliability & validity of DETERMINE Checklist, measurement of nutritional status for future functional disability & depressive symptoms & mortality, high-risk 70+ yr olds, 29358
risk-behavior framework analysis of smoking & drinking & unhealthy nutrition & lack of physical exercise, 12–16 yr olds, Germany, 10850
selection of nutrient vehicle & combination of experimental treatment groups within litter & overall litter size, growth rate, ethanol-intubated vs mother-raised rat pups, 701
simultaneous nutritional manipulation & laboratory selection, life span & starvation resistance & early fecundity, fruit flies, 20209
sociodemographics & health & number of activities of daily living with difficulty & type of service & amount of contribution, termination & length of stay in Meals on Wheels program, frail 60+ yr olds, 35221
study design & intervention & baseline survey results of Treatwell 5-a-Day program, consumption of fruits & vegetables, workers at community mental health centers, 9588

Nutrition—Chapters
Cultural issues in provider–parent relationships, 14958
The feeding relationship, 14170
Nutrition in child care, 13928
Oral-motor skills and swallowing, 14935

Nutritional Deficiencies [See Also Protein Deficiency Disorders, Starvation, Vitamin Deficiency Disorders]—Serials
age & anthropometric & metabolic parameters & disorders & depression & malnourishment, 65–106 yr olds, 8024
age-related psychogenic factors & undereating & undernutrition, 73 & 82 yr old females, 18172
cognitive status & body & fat mass & vitamin D measures of nutritional status, 91–104 yr old female with vs without dementia, 8664
diagnostic validity of carbohydrate-deficiency, assessment of problem drinking, 18–70 yr old males, 27868
food distribution & consumption & taboos & strategies to alleviate nutritional stress during hunger season, rural Lese horticulturalist females, Democratic Republic of Congo, 14137
health & nutritional status & health care seeking behavior, postpartum females from Bangladesh urban slum, 16077
learned food aversions & nutritional problems, elderly persons, 20428
lipids & carbohydrates & proteins & nutrition & selective malnutrition/vitamin deficiencies & cognitive & affective performance, elderly people, 7154
long-term low tryptophan diet, prolactin responses to serotonin agonists, adult male rats, 17039
malnutrition, mother–child interaction, children & their parents, Haiti, 21412
power spectral analysis of EEG power dynamics of delta & sigma frequencies in quiet sleep, malnourished 5.5–13.5 mo olds, 21456
prenatal exposure to maternal nutritional deficiency, increased risk for antisocial personality disorder, Dutch men born in Holland's larger cities, 1944–46, 30799
prenatal exposure to methylmercury & selenium deficiency, neurobehavioral functions, mice neonates, 13833
prevalence of & predisposing factors for protein calorie malnutrition, patients with dementia, 8605
prevalence of thiamine deficiency & associated disorders & treatments & relationship to cognitive & function status, geriatric inpatients (mean age 83 yrs), 20997
prevalence of undernutrition & food insecurity & barriers to security & participation in government programs, government nutrition policies, 65 yr olds & older in rural Appalachia, 20662
relationship between exercise & behavioral indicators of nutritional risk, older adults living in rural areas (mean age 75.5 yrs), 18877
relationship of prenatal famine to risk of nonaffective psychosis & affective disorders, Dutch birth cohorts, 1944–1946, 24245
supracellular & cellular & molecular brain mechanisms in cytokine-induced anorexia, 10501
zinc & manganese deficiencies, schizophrenia, 24280

Nutritional Deficiencies [See Also Protein Deficiency Disorders, Starvation, Vitamin Deficiency Disorders]—Books
Failure to thrive and pediatric undernutrition: A transdisciplinary approach, 14928

Nutritional Deficiencies [See Also Protein Deficiency Disorders, Starvation, Vitamin Deficiency Disorders]—Chapters
Child protective services, 15554
Coordination of services, 15117
Detecting communication difficulties in infants and toddlers who have feeding difficulties, 14934
The Dutch famine studies: Prenatal nutritional deficiency and schizophrenia, 24308
Effects of undernutrition on growth and development, 14951
Explaining disorganized attachment: Clues from research on mild-to-moderately undernourished children in Chile, 36872
Failure to thrive and pediatric undernutrition: Historical and theoretical context, 14946
Managed care as part of family-centered service systems, 15511
Medical assessment and management and the organization of medical services, 14954
Plausibility of early nutritional deficiency as a risk factor for schizophrenia, 24304
Psychological issues and infant–parent psychotherapy, 15173
Toward understanding the role of attachment in malnutrition, 14962
Working with families: An overview for providers, 15121

Nymphomania [See Hypersexuality]

Nystagmus—Serials
absence of central visual field, gaze shifts in direction of fast phase during optokinetic nystagmus, 22–46 yr olds, 19708
alcohol intoxication & rotation around earth horizontal axis, buoyancy of cupulae & positional alcohol nystagmus as assessed with 3 dimensional eye movement analysis, 24–39 yr olds, 17037
audiovestibular functions in family with low-frequency sensorineural hearing impairment linked to chromosome 4p16, 28231
binocular hyperacuity thresholds in horizontal vs vertically separated line targets, adults with vs without idiopathic congenital nystagmus, 28238
optokinetic & gravitational stimulation, spatial orientation of afternystagmus, rabbits, 10253
optokinetic nystagmus vs optokinetic afternystagmus, sensitivity to circularvection, 18–23 yr old male squash players vs weightlifters, 19738
optokinetic stimulation with vs without fixation suppression, activation in visual motion sensitive & ocular motor & vestibular cortex areas with right hemispheric dominance, 25–31 yr olds, 3836
placebo treatment vs intermittent photic stimulation & after-image feedback treatment, visual acuity, 14–27 yr olds with congenital nystagmus, 5742
set of algorithms for real-time automated ocular nystagmus analysis of horizontal & vertical eye movements recorded with electro- or infrared- or video-oculographic techniques, 7111
sinusoidal lateral & fore–aft oscillations vs yaw rotations around vertically tilted axis, oculomotor control of primary eye position, monkeys, 13549
stare vs look instructin for visual stimulation, spectral sensitivity in 2 kinds of nystagmus, adults, 16903

Nystagmus—Chapters
Eye movements in reading Chinese and English text, 13339

Obedience—Serials
evil behavior & S. Milgram's studies on obedience to authority & prototypic conceptions of evil, 36911
independence & obedience in child socialization values, 18–65 yr olds & older, US vs China, 1990–93, 33794
issues in nature of authority & estimation of obedience rates & sex differences in obedience & changes over time in Milgram obedience paradigm, 30395
noncompliance to directions, deception, 2.8–6.5 yr olds , 10872
power bouts vs single acts of noncompliance in discipline episodes, maternal behavior & cognitions, 26–43 yr old mothers & their 3.1–3.8 yr olds , 11043

Obedience—Books
Social influence, 20820

Obesity—Serials
afternoon dosing of phentermine & lower dose fenfluramine, short-term weight loss, 37–56 yr old obese females with medical complications, 18826
amount of food required to make eating episode feel like a binge or out of control & size of typical & largest-ever servings of each type of food, obese women with vs without binge eating disorder, 21413
attitudes toward obesity & perceptions of care, male vs female nurses & obese vs nonobese patients, 5164
behavioral choice treatment vs traditional behavioral treatment to promote continued weight loss, 18–55 yr old obese women, 12-mo study, 15183
being overweight &/vs perceptions of & concerns about weight & bulimic behaviors, 9–14 yr old females vs males, 24653
belief in Protestant ethic, psychological well-being, women self-perceived overweight vs normal weight women, 27391
body image & size perception, hospitalized obese 25–50 yr old females, 5167
body image disturbances &/or binge eating behavior before & after biliopancreatic diversion operation, obese patients with vs without binge eating disorder, 3-yr study, 9198
body weight & shape & weight reduction, body image & satisfaction, obese 21–56 yr olds assessed prior to & 3 yrs after bariatric surgery, 12311
childhood overweight history, 16–17 yr old females with body dissatisfaction, 1898
chronic stress, generation & actions of nitric oxide, lean vs obese JCR-LA-cp rats, 4051
Citrus aurantium extract & caffeine & St. John's Wort, body weight & fat loss & metabolic variables & plasma lipid levels & mood states, overweight healthy adults , 18814
coexisting cognitive vs exercise-limiting morbidities, obese 0.6–22.3 yr olds, 21432
cognitive restriction & disinhibition, obese individuals with binge eating disorders & individuals with bulimia, 34493
comorbidity of borderline personality disorder with obesity & treatment approaches, 17778
contradictions & confounds in methods & outcomes in coverage of obesity & weight loss in clinical psychology journals & textbooks & media, recommendations for paradigm shift in review process , 35384
development & validity of Obesity Related Well Being questionnaire, assessment of physical & psychosocial distress, obese 15–73 yr olds , 19624
diet & exercise, obesity, 35142
duodenal infusion of fats, satiation in small intestine during sham feedings, obesity-resistant vs obesity-prone rat strains, 23422
eating & psychiatric disorders in 1st degree relatives, 19–55 yr old obese females with binge eating disorder, 34503
efficacy of non-school based treatment approaches & establishment of appropriate treatment goals & outcome criteria, obese children & adolescents, commentary, 24911
efficacy of nonschool-based treatment approaches & directions for future research, obese children & adolescents, commentary, 24903
efficacy of nonschool-based treatment approaches, obese children & adolescents, 24912
emotion-induced eating & sucrose intake & adiposity, 9–10 yr old Black vs White females, 18193
exercise focused vs weight focused maintenance program, exercise participation & energy expenditure & energy consumption & weight change, obese adults, 6 mo follow up, 22098
fat vs carbohydrate vs protein diet & diet-induced obesity & TCDD-induced wasting syndrome, TCDD-sensitive vs resistant rats, 13651
fluoxetine, food intake & body weight & mood, obese 21–43 yr olds, 28620
fluoxetine, weight reduction in steroid-induced obesity, 31–59 yr old myasthenia gravis patients, 15273
food deprivation, distribution of c-fos-like immunoreactive neurons in hypothalamus & other brain autonomic regulatory areas, genetically obese vs lean mice, 3858
food preferences & perceptions of possible problem foods & feelings during ingestion of extravagant food, 20–65 yr old obese clients in behavior modification program for weight loss, 5718
food restriction, reproductive functioning, obese female Zucker rats, 26469
Free to Be Me psychoeducational group, 18–63 yr old overweight females, 5721
gender correlates of binge eating severity, obese patients enrolled in residential weight loss program, 27972
guggulsterone phosphate salt compound, body composition & mood states, overweight adults, 22037
health risks associated with weight loss & obesity & alternative prevention treatment approach emphasizing enhancement of overall health & well being & normal eating patterns, 35118

hoarding behavior, obese rats, 3704
hypothalamic activity of neuropeptide Y system during dietary-induce obesity & BW1229U91 & hyperphagia during positive energy balance, male rats, 33265
interactive TV vs standard behavior therapy interventions, weight control & diet & exercise & expectations about change, obese adults, 5544
intracarotid glucose, neuronal activation of Fos-like immunoreactivity in hypothalamus, diet-resistant vs diet-induced-obese male rats, 699
LEAN Program involving cognitive behavioral modification of exercise & nutrition & lifestyle & coping strategies, obesity, military personnel, 2 yr followup, 25980
leptin & neuropeptide Y, hypothalamic nitric oxide synthase, obese male mice, implications for role of nitric oxide in feeding, 33457
leptin receptor mutation, entrainment of food-anticipatory rhythms to daily feeding schedules, genetically obese vs lean female Zucker rats, 20063
leptin, selection of low- vs high-protein diets & physiological effects, male rats, 29974
meta-analysis of relation between heavy body weight & self-esteem, 14316
naloxone, motivation for grain vs sweet pellet reinforcer & free access consumption of food, obese male Zucker rats, 10582
night vs binge eating following biliopancreatic diversion, 19–61 yr old severely obese females, 3 yr study, 18168
opioid receptor blockade with naltrexone, weight loss & sexual behavior, obese female rats, 33444
perceived stigmatization, overweight female African-American & Caucasian adolescents, 949
perceptions of communication & support & psychosocial risk, parents with obese vs nonobese 16–19 yr olds , 5168
perceptions of exercise & adherence to regimen, sedentary overweight female 60–70 yr olds in health education with vs without supervised aerobic sessions, 3–18 mo followup, 997
personality predictors of mood & dieting, obese women (mean age 41 yrs), 8466
personality traits, 16–63 yr old females seeking treatment for obesity or bulimia nervosa or alcoholism, 8010
predictive utility of sociodemographic variables &/or comorbid medical conditions &/or perceived health status & programmatic treatment for overweight persons seeking vs not seeking treatment, 18861
predictive value of dispositional optimism relative to program attendance & weight loss, 18–75 yr olds seeking outpatient treatment, 12435
primary care nurse administered community based weight control program, weight loss & blood pressure & girth measurement, obese rural residents, 3 mo follow up, 2457
psychometric properties & factorial & predictive validity of Diet Readiness Test, 25–50 yr old females in obesity & binge eating treatment, 88
psychosocial & sociodemographic & heritable factors & lifestyle, development of obesity after pregnancy, mothers (mean age 33.54 yrs), 14874
public information about health & weight & dieting through governmental national health agenda, 35122
response to palatable & aversive taste stimuli, genetically obese mice, 26474
risk factors for eating disorders & psychopathology & nondieting outpatient intervention & other treatment, obese females (mean age 37 yrs), 24655
risk for bulimia & measurement of progress in reduction of binge eating, 21–45 yr old overweight women who weight cycled, 27981
selective serotonin reuptake inhibitors for treating anorexia & bulimia nervosa & binge eating disorder & obesity, 2364
self-assessed frequency of eating patterns to identify long-term least fattening eating patterns, adults, implications for unhealthy weight gain & re-gain, 14871
self-monitoring, weight management during holiday season, adults in long-term cognitive-behavioral treatment for obesity , 25048
sexual abuse history & body dissatisfaction & weight fluctuation, 18–49 yr old obese vs nonobese & sexually vs non abused women, 27829
social characteristics, obesity-related lifestyles, obese vs nonobese 3 yr olds followed since birth, 20438
stability of traits assessed by Karolinska Scales of Personality, weight loss at 8 wks vs relapse at 12 mo, obesity patients, 16349
subjective hunger sensation & anxiety & depression, obese elderly, 8465
tamoxifen or estradiol or metformin for counteracting antihyperglycemia & subsequent obesity induced by typical & atypical antipsychotic drugs, humans & animals, 29977
treatment considerations for female overeating & obesity using a transactional analysis framework, 5467
utility of Perception of Cognitive Structure & Emotional & Control Questionnaire, assessment of coping capacity & treatment, patients with obesity, 85
weight loss and/or fitness for health improvement & reduction of body weight, persons with obesity, implications for paradigm shift, 35143

Obesity—Chapters

Applications of emotional self-regulation therapy, 8800
Endogenous and exogenous factors in childhood health and disease, 11822

Obesity (Attitudes Toward)—Serials

attitudes toward obesity & perceptions of care, male vs female nurses & obese vs nonobese patients, 5164
body image & body mass index & body weight concern & eating & obesity attitudes & self esteem, at risk 8–23 yr old female tennis players vs parents vs coaches, 35700
perceived stigmatization, overweight female African-American & Caucasian adolescents, 949
psychometric properties of Anti-fat Attitudes Scale, measurement of negative attitudes toward overweight individuals, adolescents & college students, 29335
wellness approach focused on healthy lifestyle & positive attitude to health & self care & weight standards for prevention of weight gain & reduction of risk factors, obese patients , 35125

Object Permanence—Serials

continuity & properties of objects in attribution of persistence to physical objects, 5 vs 7 yr olds vs adults , 870
early declarative location memory & recall for hidden objects, older vs younger 7 mo olds, 33623
interpretation & construction of Euclidian coordinate reference cues in object location, 4–5 yr olds, 20505
memory requirements, visible vs invisible displacement task performance, rhesus monkeys vs orangutans, 10265
performance & maintenance of audio-visual cross-modal associations & organization & regulation of behaviors during Object Permanence Task, autistic vs mentally retarded 2–8 yr olds, 8434

Object Permanence—Chapters

A new foundation for cognitive development in infancy: The birth of the representational infant, 20539

Object Recognition—Serials

3D object perception & somatosensory extinction for meaningful objects, 69-yr-old patient with left hemispatial neglect following right hemispheric stroke, 14981
ability to individuate objects based on shape & size & pattern & color, 4.5–11.5 mo olds, 36775
achievement of visual object constancy across plane & depth rotation, neurally intact Ss & patients with neurological damage, 36160
action upon unfamiliar objects by adults, learning novel part names, Japanese 2-yr-olds, 4436
age, fragmented object identification & category exemplar generation & explicit memory & attention & verbal fluency, 21–91 yr olds, 19820
algorithm for relative perceptual saliencies of features of 3-dimensional object by using goodness-of-view & perceptual similarities among object views, 35797
application of extended generalized context model for categorization of partial objects during time pressure, Os, 26399
attential selection of spatial location vs visual features vs whole objects, 36166
attention to object structure in manipulation & categorization tasks, 14 vs 18 vs 22 mo olds, 883
attention-guided computational model of visual perception & recognition associated with eye movements & foveation, 6446
automaticity of object recognition, 24–31 yr old undergraduates, 160
basic vs subordinate vs exemplar levels of face vs nonface object recognition, 17–23 yr old prosopagnosic males, 31233
biased memory for contaminated vs clean objects, adults with obsessive compulsive disorder vs anxiety, 24340
bilateral electrolytic basal forebrain lesions, object recognition & discrimination, male rats, 7066
case studies & influential theories of semantic memory & living vs nonliving object recognition, patients with category-specific recognition impairments, 18372
category & angle of orientation of object & function of task, misorientation on identification of natural objects & artifacts, 18–36 yr olds, 23086
category size & similarity to category prototypes, perceptually based false recognition of novel objects, 39–77 yr olds with amnesia, 24822
category-specificity in & gestures & actions related to object recognition, 58 yr old male with multimodal associative agnosia resulting from myocardial infarction & coma, 8587
color, recognition of high vs low color diagnostic objects, college students, 32852
combined perirhinal & postrhinal cortex lesions induced by NMDA, object & place memory, male rats, 10397
computational Bayesian model for object recognition in 2-dimensional affine transformations as model of human performance on 3-dimensional object recognition, 6440
concept formation & identification of geometric shapes, 3.5–6.9 yr olds, 17241
conceptual categorization development assessed by object-examination task, 7–11 mo olds, 877
database framework for keyed appearance-based 3-dimensional object recognition system, 6441
decision regions of Fourier-plane nonlinear filtering for image recognition, 10038
delay & media effects & self- & object recognition in use of external representations, 3 vs 4 yr olds, 23735
developmental change from use of spatiotemporal to object property or kind information to language in object individuation & identity, infants , 36776
developmental changes in recognition & memory specificity & priming latency & development of multiple memory systems & maintaining memories with reminders & infantile amnesia, infants, 26995
discrimination of cube & pyramid objects with rotational & featural transformations in static vs dynamic go/no-go procedure, male pigeons, 10244
discrimination of scene & object vision in computer-controlled Y maze, male rats, 10257
display intervals shown in rapid succession, object-specific temporal integration for luminance discriminations with objects defined by apparent motion, Os, 32850
dopamine & dopamine antagonists, appetitive quality of novel-object recognition, rats, 33365
dynamic visual environments & learned visual covariation, object recognition & search behavior & top-down visual knowledge, college students, 29484
effect of chronic restraint stress on non-spatial memory during object recognition task & modulating role of food deprivation & role of monoamines & amino acids, male rats, 29947
effects of rotation on same-different judgments for matching novel objects, 18–41 yr olds, 26319
effects of view in depth, identification of line drawings & silhouettes of familiar objects, college students & brain damaged patient with agnosia, 21571
efficiency of neural network for pattern & plankton & face recognition, 22765
emergence of cognitive ability to distinguish persons vs objects during first few months of life, infants studied at 4 &10 wks old, 10764
enantiomorphic transformation, transsaccadic object integration, Os, 6764
ERP of object categorization processes at superordinate vs basic vs subordinate levels, adults, 23410
ERPs & semantic priming effect with pictures of real objects, college students, 10476
expectation-maximization algorithm formulation of impulse restoration, object location recognition, 6449
exposure to transformations & principled change in concept formation, transformational knowledge & categorization of novel objects, college students , 32931
face inversion, human fusiform face area in fusiform gyrus, 3471
familiarity & differentiation effect, recognition memory, 284
formation of viewer-& object-centered representation of visual stimuli & discrimination, 69 yr old male patient with visual agnosia due to ischemic stroke, 1994
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, commentary, 27712
functionality of tools vs birds & semantically different exemplars as predictors of identifiability, 71 yr old male with stroke & category-specific recognition deficits, 28143
haptic vs visual perception of block letter orientation & uprightness, 17–39 yr olds, 29471
haptic vs visual processing of local vs global object features & shape, 18–30 yr olds, 29469
hemispheric specialization in detection of subjective objects, college students, 7022
heuristic approach to degraded object recognition of characters in sampled imaging system, Os responding to character pairs of blur & sample spacing, 19720
high vs low structural relation primes in structural descriptions during object identification, college students, 26348
hippocampus activation & retrieval of object location in fixed vs shifted array conditions, undergraduates, 23318
illumination from right vs left & shading & cast shadows of 3-dimensional objects, visual recognition, adults, 3486
impaired stored visual memories specific to objects, 72 yr old female with agnosia without prosopagnosia or alexia, 5357
implicit learning in 3D object & face recognition & temporal context, model, 19494
integration of facial features & house parts in formation of holistic representations of complete objects, Ss, 26324

interactive model of figure-ground organization & object recognition that accounts for object familiarity & hierarchical visual processes, commentary, 6780
learning of object-related words & sounds, 13 vs 20 mo olds, 13964
left vs right hemisphere mechanisms, identification of objects in unfamiliar contortions vs conventional poses, university students, 13289
left–right orientation of face profile on coin, visual memory & mental imagery representation & object recognition, adults, 36264
lexical form class information & ambiguous referents, word-to-object mapping, 3–4 yr olds , 13939
location-based frames of reference & object-based inhibition of return in static vs moving displays, 18–35 yr old undergraduates, 167
lorazepam vs diazepam, picture completion & identification thresholds on basis of minima vs maxima vs inflections contour fragments, adult Os , 4289
magnetoencephalographic single trial analysis of neurophysiological correlates of recognition of complex objects & facial expressions of emotion, adult males, 33225
memory for relational information across saccades, undergraduates, 29626
minimal model theory of visual perceptual organization & role of objects in perceptual grouping , 36145
misleading narrative stimulus & written vs pictorial stimulus modality in testing procedure, suggestibility & misinformation effects in memory retrieval & object recognition, 17–58 yr olds, 32953
model of memory trace mechanism for view-invariant object recognition in recurrent neural networks, 6467
motor imagery & hemispheric differences & handedness, recognition memory for orientation of heads, college students & staff (mean age 23 yrs), 29642
motoric vs semantic/control cues, motoric encoding of objects viewed in pictures & memory for pictures, Alzheimer's disease patients, 31240
neural mechanisms underlying spatial feature binding in object recognition, 26325
neural pathways in tactile object recognition, healthy 25–54 yr olds, 16908
neuron encoding & object centered spatial awareness, male monkeys, 20129
nicotine as mnemonic, object recognition, male rats, 26836
novel motion- & disparity-based visual stimuli with 2- vs 3-dimensional shape cues, matching 3-dimensional stored representations in object recognition task, human Ss, 32839
object discrimination learning embedded within unique contexts, rhesus monkeys with hippocampal lesions, 7037
object naming & action naming, patients with Alzheimer's disease (mean age 73.6 yrs), 2103
object naming, adult Os vs patients with neuropsychological impairments, 34646
object orientation priming, object possibility task performance, undergraduates, 29656
object recognition &/vs memory for object location & object context, male rats, 13395
object recognition processes of novel objects, expert vs novice adults vs neural network, 3463
object recognition, 74 yr old patient who suffered major right hemisphere stroke, implications for global vs local object representation, 14984
object recognition, motion perception, naive subjects, 176
object-based visual selective attention & perceptual organization in test of same-object effect, 18–30 yr old Air Force basic trainees, 10065
object-specific practice & prior experience & recognition thresholds for plane-disoriented pictures of familiar objects, Os, 32918
objects learned at general vs specific level of categorization, visual encoding & perceived changes in objects, university students, 22993
occlusion, tracking multiple items & visual objecthood, college students, 16512
optical imaging of functional architecture of inferotemporal cortex, object & face recognition, monkeys, 3940
parametric manipulation of interstimulus shape-space proximity, 3-dimensional object categorization, Os, 16481
participation of cortical regions of right & left hemispheres in visual recognition, ERPs for image recognition on basis of general vs by element description, 6–7 vs 13–14 yr olds vs adults, 16968
perceptual relevance of contour singularities in detection of deletions in presented shapes, college students, 26332
presentation duration & binary categorization of artificial multidimensional objects, college students, 32916
presentation of new equiluminant perceptual object & inhibition of return, undergraduates, 175
priming depth rotation & visual integration of 3D object views & object recognition across changes in viewpoint, college students , 36158
quantitative vs qualitative shape features, object recognition across changes of view, undergraduates, 169
radial-maze spatial discrimination & barpress learning & spontaneous object recognition before vs after amyloid plaque deposition, 3 vs 6 vs 9 mo old male PDAPP transgenic mice, 36411
recognition as function of exposure duration for objects with low- vs high- vs compound-spatial frequency, adults, 3593
recognition memory for delayed complex visual stimuli, amnesic 59–80 yr olds with vs without complete damage to perirhinal cortex, 8611
reflexive visual orienting of attention, target detection in moving objects, undergraduates, 29500
rotation & orientation of drawings & interstimulus intervals, matching & recognition performance, 17–40 yr olds, 36230
salience vs semantic explanations of differing production & comprehension of animal vs color terms, 3–5 yr olds, 17236
scene context, identification of semantically consistent vs inconsistent objects, college students, test of description enhancement & criterion modulation models, 36155
semantic consistency with scene & response bias in identification of visual object, college students , 166
semantic knowledge & memory & related object recognition & appropriate use vs apraxia, 54 yr old male with probable Alzheimer's disease, 8655
sequential perspective vs random same views of objects, object recognition, 18–32 yr olds, 36153
shape identification & memory for objects with differing vs similar dimensions, 71 yr old male with category-specific visual agnosia, 28144
shape selectivity in primate lateral intraparietal cortex, monkeys, 353
similarities in artifact categorization as object recognition vs naming, speakers of English vs Chinese vs Spanish, 10119
similarity & salience of top vs bottom of objects, college students, 23022
spontaneous classification of objects in action & formal features of manipulating objects, bonobos vs chimpanzees, 29701
stimulus image information & object complexity & preferred intrinsic object representation, stimulus encoding & object recognition discrimination thresholds, adult Ss, 13170
structural vs semantic knowledge for visual classification & recognition of biological objects, 75-yr-old male with category-specific visual agnosia, 28175
subordinate-level object classification in neural-net &/vs other models, 32900
successive-reversal training, functional class establishment in sequential responding task, female chimpanzee, 26490
temporal lobe activity during category specific object identification by naming & word–picture matching, 23–52 yr olds, 29830
understanding of dichotomy between natural vs artificial, 3.9–5.0 yr olds vs 18–27 yr olds, 17277
validity of group mean orientation effects in visual recognition memory tasks, adults, 6854
view complexity measure of viewpoint properties in object recognition tasks based on performance of ideal observer, 6447
view- vs motion-specificity theories of visual object recognition, view-bias & recognition of 3D rotating objects, college students, 36180
viewing of pictures with intact vertices vs deleted midsegments, recognition of fragmented objects, 1st vs 4th graders vs college students, 30176
visual ERPs during familiar vs unfamiliar face vs object processing, 6 mo olds, 23686
visual parsing of shapes into component parts for purpose of recognition & length of visual cuts to parse silhouettes as motivated by the principle of transversality, human Ss, 23048
visual shape & semantic label similarities, exacerbation of deficits during category specific object identification task, 65–85 yr olds with dementia of the Alzheimer type, 21551

Object Recognition—Books

Object recognition in man, monkey, and machine, 16531
Representation and recognition in vision, 19764

Object Recognition—Chapters

Building a cognitive creature from a set of primitives: Evolutionary and developmental insights, 892
The cultural ecology of young children's interactions with objects and artifacts, 17310
Diagnostic recognition: Task constraints, object information, and their interactions, 16534
Do viewpoint-dependent mechanisms generalize across members of class?, 16537
Image-based object recognition in man, monkey and machine, 16536
Names of things and stuff: An Aristotelian perspective, 26429
Recovery of 3D volume from 2-tone images of novel objects, 16533
Repetition blindness for pictures: Evidence for the rapid computation of abstract visual descriptions, 26305
Role and nature of object representations in perceiving and acting, 26303
Three-dimensional object recognition based on the combination of views, 16538

Object Relations—Serials

addition of object relations theory to feminist & family systems theory & its application to domestic violence, 14714
aesthetic perspective in work of D. Meltzer, 4819
applicability of object relations family therapy to genetic counseling, expectant Chinese couple seen for recurrent trisomies, 31554
application of W. Fairbarn's object relations theory to ego structures in personality development, battered & abused females, 17812
apprehension of beauty & its relationship to "O", 4808
Bakhtinian dialogical perspective on psychoanalytic discourse & D. W. Winnicott's concepts of true & false selves, 30552
changes in object relations in relation to external events & behaviors & social relationships & treatment outcomes, mentally ill patients tested at admission to psychiatric day-care unit & 1-yr later, 28660
changes in projective identification & symbolization, 5 yr old suicidal male undergoing psychoanalysis, 5589
character in a novel based on Shakespeare's Hamlet & its relation to analytical work of D. Meltzer, 4820
characteristics of object relations family therapy, 5573
child psychotherapy & developmental psychology perspective of family relationships & attachment & loss & internal objects & emotions, Ebenezer Scrooge & 4-yr-old boy, 15151
childrearing antecedents of adult object relations & temporal stability & construct validity, kindergartners, 36 yr study, 20548
concepts of container & projective identification in analyst's role of "taking the transference" in transference/countertransfer process, 48 yr old male analysand, 15252
contributions of D. Meltzer to psycho-analytical theory of teaching & learning processes, 4804
couples therapy integrating object relations & trauma theory, survivors of childhood trauma, 8819
drug addiction as compulsive sadistic attacks on internal objects perceived by addict to be dead or dying, 17737
early object relations & role of repressed homosexual impulses in delusional disorders, 20–50 yr olds with severe paranoid difficulties, 30739
emphasis on narrative interpretation mode in use of new coding systems to assess object relations & use of defense mechanisms using Thematic Apperception Test, application to psychiatric population, 16338
enigmatic object & the relation of understanding to being & becoming & work of D. Meltzer, 4815
foundations of object relations & trauma theory in couples therapy with survivors of childhood trauma, 8818
Greek myth images of labyrinth & Minotaur as allegory for M. Klein's conception of Oedipus complex & D. Winnicott's notions of object usage & subjective object, commentary, 11273
Greek myth images of labyrinth & Minotaur as allegory for M. Klein's conception of Oedipus complex & D. Winnicott's notions of object usage & subjective object, commentary reply, 11265
hatred & dislike & disinterest infecting analytic relationship & inhibiting function of analytic pair, patients, 5592
internal representations of therapists & between-session uses & benefits, 25–54 yr old long-term individual psychotherapy clients & their 37–60 yr old therapists, 15142
interpretive & supportive forms of individual psychotherapy & interaction with patient's quality of object relations & psychological mindedness, patients with Axis I & II disorders, 12-mo study, 15152
introjective processes that facilitate development vs create obstacles to development & omega function of object, 19 mo old girl & infants with eating difficulties & bulimic adolescent male, 14052
MCMI-II psychopathology & the SCORS affective & cognitive dimensions of object representations, 19–57 yr old psychotherapy outpatients, 3329
memory probe of play with early object & current capacity for transitional relatedness, patients in therapy, 24977
nature & functions of curiousity in development of self & object relations & in interaction with world & as schizoparanoid form, individuals in psychoanalysis, 18649
nature & origins of patients' internal & external object relationships, psychodynamic psychotherapists working with suicidal patients, 11558
object relational perspective on psychological processes enabling experience of the Holy Spirit, 27423

object relations & attachment disturbances & internal emptiness & psychoanalytic treatment, patients with love obsessions, 8854
object relations & Freudian theory & reductionism, psychological perspectives on religion & feminism, commentary reply, 17726
object relations & Freudian theory & reductionism, psychological perspectives on religion & feminism, 17727
object relations & generative function & development & dissolution of & technique for narcissistic illusions characterized by idealization & grandiosity & merger, 18 yr old female in psychotherapy, 15138
object relations development & psychological & sociocultural adjustment, 22–61 yr old missionaries living in 46 countries, 27129
object relations model of forgiveness & absolution & exoneration in psychotherapy & psychoanalysis, 34779
object relations perspective on ethical issues encountered & empathic sensitivity involved in partner absence during couples therapy , 34887
object relations perspective on self injurious acts as expression of latency age suicidal intentions, 8 & 12 yr old males from abusive homes, case report, commentary, 30849
object relations role of language & relation to transference & countertransference in psychotherapy, 23-yr-old bilingual male, 5493
psychoanalytic concepts of object loss & mourning & relation to process of adjustment to physical or psychological disability in rehabilitation context, 14375
relationships between object relations/reality testing functioning & coping skills & somatic tension, supervisors & managers, 33987
relevance of hermeneutics & intersubjectivity to interpretation of psychoanalytic dialogue, 5586
relevance of object relations theory & assessment dimensions & methods & findings from Quality of Object Relations Scale in short-term dynamic psychotherapy, 28380
repetition of mother–infant dyad & process of dying, 43 yr old HIV-positive male in psychoanalysis , 31120
self-directed aggression & object loss & ego functioning disturbance & pathological object relations, 18–71 yr old hospitalized psychiatric patients with vs without suicide attempt, 4846
stability of joy–pleasure/coherence & anger & guilt–separation/distress in maternal representations of relationship with toddler, 15 mo old 1st born sons & their mothers, 13 mo study, 23646
typology of psychological systems based in theological categories & application to D. Winnicott's object relations theory, pastoral care practitioners, 18765
Winnicott's primary maternal preoccupation & maternal-child transference & countertransference as model for emotional experience, analyst & pregnant patient before & after birth , 31596
Winnicott's transitional phase & relationship to hypnosis, implications for psychotherapy, 34012
Winnicottian-based object relations conceptualization of psychoanalytic boundaries & transitional space & process & relation to psychoanalyst's subjectivity, 31 yr old regressed female, 12132

Object Relations—Books

Building bridges: The negotiation of paradox in psychoanalysis, 2254
The collapse of the self and its therapeutic restoration, 34933
Relational psychoanalysis: The emergence of a tradition, 20967
Transcending the self: An object relations model of psychoanalytic therapy, 15260

Object Relations—Chapters

Addressing the deficit: Developmentally informed psychotherapy with passive, "undrawn" children, 38051
Cancer as a factitious disorder (Munchausen syndrome) related to body self-image and object relations in a borderline patient, 2266
The concept of sign in the work of Vygotsky, Winnicott and Bakhtin: Further integration of object relations theory and activity theory, 7983
The concept of sign in the work of Vygotsky, Winnicott, and Bakhtin: Further integration of object relations theory and activity theory, 11278
The effectiveness of long-term, intensive inpatient treatment of seriously disturbed, treatment-resistant young adults, 15111
Ego psychology and object relations theory, 2618
Importance or narcissistic cathexes in the earliest aspects of the object relationship, 33688
Internal objects: Theoretical perimeter and clinical contour, 34020
Julia's analysis, 21848
Melanie Klein and the nature of good and evil, 4823
Object relations theory and activity theory: A proposed link by way of the procedural sequence model, 7581
Object relations theory and activity theory: A proposed link by way of the procedural sequence model, 11279
Object relations therapy for individuals with narcissistic and masochistic parentification styles, 21760
The representational world and the linguist idiom, 34025
Romantic research: Why we love to read, 17393
Supportive–expressive group psychotherapy with chronic mental illness, including psychosis, 15232
Toward a relational individualism: The mediation of self through psychoanalysis (1986), 20971
W. R. D. Fairbairn and his growing significance for current psychoanalysis and psychotherapy, 4827
What is an object? The role of perception, 34023
The will in the light of object relations theory, 21752

Objective Referenced Tests [See Criterion Referenced Tests]

Objectives [See Goals]

Objectives (Organizational) [See Organizational Objectives]

Objectivity—Serials

objectivity in nursing research, 5706
objectivity of psychoanalytic judgments of patient–therapist transactions, psychotherapists' ratings of videotaped assessment interviews with borderline & dysthymic 25–35 yr old females , 6050
subjective vs objective awareness of private mental & physical objects in consciousness, argument against physicalism, 318
subjective vs objective vividness-of-imagery indices & disposition toward hallucination, college students, 26456

Objectivity—Chapters

Subject and object, 19900

Oblique Rotation—Serials

Illness Attitudes Scale factor structure determined by principal components analysis with orthogonal & oblique rotation, college students, 22905

Observation Methods—Serials

3 direct observational methods used in evaluation of longitudinal change resulting from health promotion interventions, 22101
analysis of observational data in speech & language research using generalizability theory, 8479
categorization of whistle behavior using human observation vs computer methods, captive bottlenose dolphins, 9992
detection & control for confounding by indication in observational studies of pharmacologic therapies, 22953
duration of assessment sessions, functional analysis outcomes, adults with mental retardation referred for assessment & treatment of self-injurious or aggressive behavior, 22960
ecological validity of standardized & perceptual measures & potential biases in testing diverse populations & use of systematic observation in assessment of communication disorders, 32588
features of semi-automated systems for collecting real-time observational data & low-tech method involving videotaping, application to behavioral research, commentary, 13156
historical account & psychological experiment & direct observation & computational modeling approaches to study of science, 29451
hospital admission as pseudo-patient to assess feasibility of unobtrusive participant observation of culture & social dynamics of doctors & nurses & patients & relatives, adult male, Ghana, 2656
marking of mouse-eared bats with 2 rings on 1 wing, neural & behavioral responses to ring sounds vs taped noise sequences, nocturnal moths, implications for bat foraging, 16427
methodological conditions for extended naturalistic observations in dream study, 16431
narrative account of teaching students to gather research on homelessness in locales of rural Iowa, 10964
patients' perceptions of therapeutic & nontherapeutic aspects of constant observation, hospitalized suicidal patients, 32002
prior social context, aggressive & self-injurious & other aberrant behavior severity in analogue analysis assessments, female 8 & 32 yr olds with severe developmental disabilities, 37641
reliability & validity & usefulness & limitations of observer-rated measures of defense mechanisms , 6595
self report vs observation of primary control & consistency of interpersonal behavior in different situations, college students, 4775
social constructionist views on relation between theory & observation, 6741
validity & reliability & feasibility of videotape method for assessment of communicative skills & medical performance during patient consultations, general practitioners, 28894

Observation Methods—Chapters

Excerpts from an academic conference and recognition of suicidal risks through the psychological examination, 8309
Observational assessment: Measure development and research issues, 9914

Observational Learning—Serials

ability to reproduce previously observed actions following 24 hr delay, 6 & 9 mo old infants, implications for declarative memory, 33610
acquisition & observational learning of incidental information during constant time-delay instruction, 16–21 yr olds with moderate intellectual disabilities, 12725
dialogue vs discourse interactions, vicarious learning of sentence parsing & syntax tree-diagram construction, college students, 36254
more vs less nutritional feed & observation of trustworthy vs untrustworthy demonstrators' feeding behavior, food intake & preference & social learning, female rats, 33024
observation of bidirectional control procedure with an odor cue, imitation of rewarded joystick movement, rats, 29694
observation of opponent's fighting ability, fighting behavior, trout, 3661
observational learning & use of retrieval cues, acquisition of serial & sequentially coordinated activities, 12 mo olds, 18 mo study, 7369
observational learning from trained demonstrator & acquisition of operant response during novel motor pattern task, riding horses & ponies, 10277
stimulus & response learning by observation during 2-object 2-action paradigm, juvenile European starlings, 26477
variants of learning-by-observation of writing & reading processes, learning & transfer, Ss who finished the 9th grade, 15934

Observers—Serials

area under receiver operating characteristic theorem for the same-different experiment, 22945
concordance of patient & collateral responses on CAGE Questionnaire about patients' drinking consequences & alcohol consumption, 18–86 yr old hospital patients, 24
nonconscious affective responses, evaluations made by conversational participants & observers, 10123
observer group membership, observer derogation of in-group members, male vs female observers, 7801
practice of infant observation as part of child psychotherapy training at Tavistock Clinic & effect upon observer, trainees, 15746
self vs informant ratings of personality traits, depressed outpatients (mean age 41.1 yrs), Canada, commentary reply, 27576
self vs informant ratings of personality traits, depressed outpatients (mean age 41.1 yrs), Canada, commentary, 27622

Obsessions—Serials

adjunctive chlorimipramine & serotoninergic agents for treatment of obsessive-compulsive symptoms, patients with schizophrenia, 38221
anti-androgenic agent cyproterone acetate, 49 yr old female with obsessive–compulsive disorder consisting of severe sexual obsessions, 2308
clinical aspects of obsessive-compulsive symptoms & neurocognitive deficits, patients with schizophrenia, 37352
clozapine vs other neuroleptic drugs, emergence of obsessions, psychotic patients, 25158
co-occurrence of obsessive relational intrusion & sexual coercion, college students self-identified as victims of relational intrusion or stalking, 11131
cognitive behavior therapy &/vs medication, obsessional beliefs, patients with obsessive compulsive disorders, 11977
decreased blood flow in temporal lobes & musical obsessions, 29 & 59 yr old females with obsessive-compulsive disorder, 30793
efficacy & safety of fluvoxamine treatment of obsessive-compulsive symptoms, 25–60 yr old schizophrenics with obsessive-compulsive symptoms receiving antipsychotic treatment, 18727
family history of Tourette's syndrome, unilineal vs bilineal transmission of tics & obsessive compulsive behavior, 3–20 yr olds with Tourette's syndrome, 11915
frequency of church attendance & presence of obsessional symptoms, 18–52 yr olds, 20695
Freud & origin of obsessional neurosis in German language neuropathology & psychiatry, 12
object relations & attachment disturbances & internal emptiness & psychoanalytic treatment, patients with love obsessions, 8854
olanzapine-induced obsessive–compulsive behavior & tremor, 35 yr old female with major depression with psychotic features & borderline personality & bulimia, 5597
psychoanalytic theories of linguistic signification of anal organization in obsessional neurosis, 27434
psychoanalytic work on psychopathology related to evasion of oedipal reality, schizoid & obsessional male patient, 31604

quantity & content & intensity of obsessions & compulsions, 18–45 yr old females with major depression with vs without postpartum onset, 17887
self-worth & self-esteem & obsessional problems, patients with obsessive-compulsive disorder vs other anxiety disorders , 27726
thought–action fusion & responsibility as causal factors in development of obsessive intrusions, 16–20 yr olds, 13304
validation of the Padua Inventory, self-report measure of obsessive & compulsive symptoms, 15–18 yr old Italian adolescents, 29378
verbal & design fluency abilities, subclinical obsessive-compulsive Ss (mean age 18.7 yrs), 29826
Obsessive Compulsive Disorder [See Obsessive Compulsive Neurosis]
Obsessive Compulsive Neurosis—Serials
5-HT type 1D receptor agonist sumatriptan, symptoms & mood & anxiety, 18–60 yr olds with obsessive compulsive disorder, 8931
alternation learning and obsessive-compulsive disorder (OCD) symptom severity, male OCD patients, 37417
anti-androgenic agent cyproterone acetate, 49 yr old female with obsessive–compulsive disorder consisting of severe sexual obsessions, 2308
anxiety & amygdalar stimulation, obsessive-compulsive disorder-like biting behaviors, male mice with neuropotentiating transgenes that encodes intracellular form of cholera toxin, 33178
anxiety-related cognitive biases, patients with obsessive compulsive disorder, 8205
awareness of & attitudes toward neurosurgical procedures for Parkinson's disease & obsessive-compulsive disorder, neurologists vs psychiatrists, 22359
behavior therapy & fluvoxamine vs placebo, adults (mean age 35.5 yrs) with obsessive compulsive disorder, 5464
behavioral & cognitive behavioral therapy for treatment of obsessive-compulsive disorder, 25054
behavioral self help group treatment for obsessive compulsive disorder, 38344
beliefs about responsibility & control & threat estimation & tolerance of uncertainty & concern about anxiety & capacity to cope, patients with obsessive compulsive vs other anxiety disorders, 8203
biased memory for contaminated vs clean objects, adults with obsessive compulsive disorder vs anxiety, 24340
brief cognitive behavioral therapy & drug therapy for obsessive compulsive disorder, 37960
brief high-density exposure & response prevention therapy, patients with obsessive–compulsive disorder, 1 yr followup, 25020
BT STEPS, 21–54 yr olds with obsessive compulsive disorder, 34872
catecholamine depletion, adults with obsessive compulsive disorder (mean age 28.2 yrs), 30779
characteristics & treatment & comorbidity & prognostic indicators of obsessive compulsive disorder, body dysmorphic disorder, hypochondriasis & trichotillomania, 37411
circadian rhythms & plasma melatonin & cortisol & clinical symptoms & temperature & motor activity, 26–43 yr olds with obsessive–compulsive disorder, 1644
classical eyeblink conditioning, obsessive-compulsive disorder-like college students, implications for associative learning & interpretation of obsessive-compulsive disorder, 11478
clinical assessment & differential diagnosis & treatment planning, children & adolescents with obsessive-compulsive disorder, 34213
clinical features & symptoms, young adult females with vs without obsessive-compulsive disorder & restricting anorexia nervosa &/vs bulimia nervosa , 37713
clinical issues in the behavioral treatment of obsessive–compulsive disorder, Black females, 4997
clomipramine & selective serotonin reuptake inhibitors, 9–23 yr olds with obsessive–compulsive disorder, 5–22 mo followup, 8891
clomipramine vs selective serotonin reuptake inhibitors, patients with obsessive compulsive disorder, 15326
clozapine & paroxetine, 32-yr-old man with obsessive-compulsive features & schizophrenia, 24169
coding variant of tryptophan hydroxylase gene in vulnerability for obsessive-compulsive & seasonal affective & panic disorders & anorexia nervosa & alcoholism, implications for serotonin function, 14397
cognitive behavior therapy &/vs medication, obsessional beliefs, patients with obsessive compulsive disorders, 11977
cognitive behavioral therapy, cerebral metabolic activity in obsessive compulsive disorder, 5538
cognitive developmental & familial factors in obsessive-compulsive disorder, children & adolescents, 34226
cognitive-behavioral theory of obsessive-compulsive disorder, implications for therapy, 4993
cognitive-behavioral therapy & serotonin reuptake inhibitors, patients (mean age 35 yrs) with obsessive compulsive disorder , 38076
combination risperidone & fluoxetine therapy, symptom relapse, 21 yr old male with obsessive compulsive disorder, commentary & commentary reply, 18710
comorbidity between panic disorder with or without agoraphobia vs social phobic vs obsessive-compulsive vs mood disorders, bipolar condition, psychiatric outpatients, 11334
comorbidity of Tourette's syndrome & obsessive compulsive & attention deficit hyperactivity disorders, 24103
comparative effectiveness of treatments for obsessive compulsive disorder, 2134
computer-aided vicarious exposure & ritual prevention treatment, 16–67 yr olds with obsessive-compulsive disorder, erratum, 2205
conceptualization & assessment & treatment of obsessional indecision, 30–53 yr old patients, 8172
CSF oxytocin & NPY levels, 20–65 yr olds with obsessive-compulsive disorder, 17927
decreased blood flow in temporal lobes & musical obsessions, 29 & 59 yr old females with obsessive-compulsive disorder, 30793
delusions & lack of insight & psychotic symptoms in obsessive compulsive disorder & obsessions & compulsions in schizophrenia, 37262
demographic characteristics & comorbidity & family history & treatment & hoarding characteristics, 24–57 yr old patients with obsessive-compulsive disorder, 37416
development & reliability & validity of Family Accommodation Scale for Obsessive-Compulsive Disorder, patients with obsessive-compulsive disorder & their family caregivers, 35925
development & reliability & validity of Overvalued Ideas Scale, 10–72 yr old obsessive-compulsive patients, 29385
diagnosis & drug & behavioral & other treatments of obsessive compulsive disorder, 34208
differences across patients & response to depression & anxiety stimuli, Stroop Tests, patients with posttraumatic stress disorder or obsessive compulsive disorder or major depressive disorder, 30625
differential selective-attention psychometrics, adults with obsessive–compulsive disorder vs panic disorder, 11460
Diogenes syndrome & hoarding, 86 yr old male patient with schizotypal personality disorder & obsessive-compulsive disorder & 80 yr old female patient with schizoid personality disorder, 27547
discursive analysis of narrative account of experience & construction of self & living with obsessive-compulsive disorder, 32 yr old female, application of social constructionist theory, 17942
disease course of obsessive compulsive disorder, 40 yr study, commentary, 11473
disease course of obsessive compulsive disorder, psychiatric patients, 40 yr study, 11476
disgust sensitivity & its relation to obsessive-compulsive disorder & social phobia symptoms & specific phobias, 8–13 yr old primary school children, 30782
drug treatment of aggression & affective instability in impulsive disorders, patients with obsessive–compulsive & borderline personality disorders, 27523
early parental preoccupations & behaviors in caregiving & parent–child relationship building & obsessive-compulsive disorder symptoms, 22–49 yr old parents, 8 mo prepartum vs 2 wks vs 3 mo postpartum, 33785
effectiveness of cognitive behavior therapy, children with obsessive compulsive disorder, 34870
efficacy & complications associated with cingulotomy or capsulotomy or limbic leucotomy or subcaudate tractotomy in treatment of obsessive-compulsive disorder, 5689
efficacy & safety of sertraline, patients with moderate to severe obsessive-compulsive disorder, 18700
efficacy of 7-wk group behavioral therapy program, adolescents with obsessive compulsive disorder, 6-mo followup, 2207
epidemiology & course of & comorbid conditions associated with obsessive-compulsive disorder, children & adolescents, 34234
epidemiology & prevalence of obsessive-compulsive disorder, 4837
etiology of & issues in infection-triggered pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection, chiidren & adolescents, 4842
etiology of pharyngitis-induced obsessive-compulsive symptoms, 4 yr old male, 11291
event related potentials & treatment outcomes, 21–60 yr olds with obsessive-compulsive disorder, 1645
executive neuropsychological functioning, Ss diagnosed as subclinically obsessive-compulsive (mean age 19.4), 17939
exposure & response prevention vs clomipramine, 8–18 yr olds with obsessive compulsive disorder, 2128
factor structure of Yale-Brown Obsessive-Compulsive Scale, 17–72 yr olds with obsessive compulsive disorder, 3324
factor-analyzed symptom dimensions, serotonin reuptake inhibitor treatment outcome prediction, 18–76 yr olds with obsessive-compulsive disorder, 34996
family therapy for obsessive compulsive disorder, 38107
fluoxetine augmented with olanzapine, 24-yr-old female with treatment refractory obsessive-compulsive disorder , 2383
fluoxetine treatment, 17 yr old male diagnosed with multiple paraphilias & bipolar & obsessive-compulsive disorders, 8895
fluoxetine vs phenelzine, adults with obsessive-compulsive disorder, commentary, 8899
flutamide, obsessive-compulsive symptoms & aggression & irritability & sexual interest, OCD outpatients, 31616
fluvoxamine, severe skin picking attributable to delusional body dysmorphic disorder, 48 yr old female patient, 12219
frequencies & clinical correlates of panic & obsessive-compulsive disorders & social phobia, patients (mean age 33.5 yrs) with severe mood disorders, 14603
frequency of episodic vs chronic course, obsessive-compulsive disorder patients with 10 yr illness history, 8196
frontal-subcortical neuroanatomy of obsessive-compulsive disorder, 4994
genetic association in 5 polymorphisms in dopamine system genes, patients with obsessive–compulsive disorder, 1636
hemispheric asymmetry & volumes of superior frontal & anterior cingulate gyrus & orbital frontal region & hippocampus & amygdala, 19–44 yr olds with obsessive-compulsive disorder, 37413
impairment of olfactory identification & spatial memory, outpatients with obsessive-compulsive disorder (mean age 37 yrs), 37395
in vivo self report data on obsessive compulsive disorder symptoms & mood & environmental factors & circadian patterns gathered via palmtop computers, 19–49 yr old outpatients, 4983
influence of genetic factors in obsessive-compulsive disorder, 34223
intelligence & level of schooling, patients with vs without obsessive compulsive disorder, 11472
internal consistency & reliability & concurrent & discriminant & factorial validity of Maudsley Obsessional Compulsive Inventory, obsessive compulsive & neurotic & normal subjects (aged 17–77 yrs), 13061
iv clomipramine, 18–55 yr old patients with obsessive-compulsive disorder refractory to oral clomipramine, 2312
length of fluoxetine treatment, excitability & fearfulness & dominance & territorial aggression, dogs with acral lick dermatitis, 14 wk study, animal model of obsessive-compulsive disorder, 3786
meta-chlorophenylpiperazine, tics & obsessive & compulsive & impulsive behavior, 21–65 yr olds with Gilles de la Tourette syndrome, 31625
moclobemide, obsessive–compulsive symptoms, 36 yr old female patient with severe obsessive–compulsive disorder, implications for lower side effect profile than SSRIs, 21857
multifamily behavioral group treatment, 28 yr old female with obsessive compulsive disorder, 38039
neurobiological aspects of childhood obsessive-compulsive disorder, 34206
neurobiological systems involved in & mental states & behaviors associated with early phases of romantic love & early parental love & relationship to pathogenesis of obsessive compulsive disorder, 34214
neuropsychological function assessed at early disorder stage, children (mean age 12.3 yrs) with obsessive-compulsive disorder, 21170
neuropsychological models of childhood onset obsessive compulsive disorder, 34228
neurosurgery for obsessive-compulsive disorder, 32 yr old woman, 15362
non-verbal memory deficit as substrate for doubt-related symptoms,23–70yr olds with obsessive-compulsive disorder with checking as principal symptom, 8206
obsessive compulsive disorder in children & adolescents, 1654
obsessive compulsive symptoms & symptom severity, 4–20 yr olds with Prader-Willi vs Prader-Willi-like syndrome, 14919
olanzapine & selective serotonin reuptake inhibitors, 24–50 yr olds with obsessive compulsive disorder, 35031
olanzapine induced obsessive-compulsive disorder, males with schizophrenia, 21929
onset of depressive & obsessive-compulsive symptoms following use of estradiol-norgestrel combination, 14-yr-old female, implications for etiology & pathophysiology of obsessive-compulsive disorder, 8198

organizational strategies, nonverbal memory impairment, Ss with obsessive-compulsive disorder (mean age 32.7 yrs), 17946
origins of inflated sense of responsibility, patients with obsessive compulsive disorder, implications for therapy, 34227
overview of etiology & treatment of obsessive-compulsive disorder in children & adolescents, 4990
panic disorder with agoraphobia & hypochondriasis, anxiety & obsessive-compulsive disorders, outpatients with hypochondriasis, 14616
perfectionism & excessive responsibility, checking behaviors & related variables in obsessive compulsive disorder, nonclinical adult Ss, 14641
pervasive responsibility & prediction of obsessive-compulsive symptom severity, college students, 14631
phenotypic characteristics of obsessive-compulsive disorder, adult patients, 17951
pindolol, latency to antiobsessional response to fluvoxamine, inpatients with obsessive compulsive disorder, 2368
platelet serotonin transporter, adults in early romantic phase of love relationship vs obsessive-compulsive disorder patients, 23466
polyglandular autoimmune syndrome type II, 37-yr-old female with treatment-resistant paranoid schizophrenia & obsessive-compulsive disorder, 20979
practice parameters for assessment & treatment & discontinued use of selective serotonin reuptake inhibitors, children & adolescents with obsessive compulsive disorder, commentary, 21921
practice parameters for assessment & treatment of obsessive–compulsive disorder, children & adolescents, 1641
predictive variables for & response to acute iv clomipramine vs chronic oral clomipramine & fluoxetine, patients with obsessive compulsive disorder, 12214
preexposure to CS, enhanced visual latent inhibition, medicated & unmedicated 16–68 yr olds with obsessive compulsive disorder, 14626
presence of obsessive-compulsive spectrum disorder, pathological gamblers, 17959
presentation & treatment of anger & aggression in obsessive compulsive disorder & borderline personality disorder, 24137
prevalence of obsessive-compulsive disorder & symptoms & patient prognosis, patients with schizophrenia, 37353
prevalence of smoking, psychiatric outpatients with obsessive compulsive disorder, 27723
prognosis & outcome, 20–44 yr old females with anorexia or bulimia nervosa with vs without concomitant obsessive compulsive disorder, 30 mo followup, Germany, commentary reply, 24669
prognosis & outcome, 20–44 yr old females with anorexia or bulimia nervosa with vs without concomitant obsessive compulsive disorder, 30 mo followup, Germany, commentary, 24649
psychoanalysis, obsessive neurosis & narcisstic object relations, adolescent female suffering from depression & obsessional symptoms, 21832
psychological assessment results & age of onset & adverse drug reactions as predictors of response to clomipramine vs fluoxetine, adults with obsessive-compulsive disorder, 38206
psychopharmacological treatment of & approaches to refractory obsessive-compulsive disorder & associated side effects & drug interactions, children & adolescents, 34980
psychophysiological patterns & preventions associated with obsessive-compulsive disorder & checking behaviors, 17–59 yr old obsessive compulsive patients, 14608
public vs private self-consciousness as aspects of dispositional self-directed attention, female patients with social phobia vs bulimia nervosa vs panic vs obsessive-compulsive disorder, 34065
quality of life changes, 18–56 yr old treatment-resistant patients with obsessive compulsive disorder admitted & discharged from partial hospitalization program , 14602
quantification of obsession & compulsion symptoms into harming & hoarding & contamination & certainty & obsessional subgroups, persons with obsessive compulsive disorder, 8167
rapid symptom remission with tramadol hydrochloride, 27 yr old female with obsessive-compulsive disorder, 18683
relation between serotonin & drug induced therapeutic responses in major depression & obsessive-compulsive & panic disorders, 28398
relationship between expressed emotion & behavior therapy outcome, 18–62 yr old outpatients with obsessive-compulsive disorder or panic disorder with agoraphobia, 34873
relationship of ritualistic & perfectionistic compulsive-like behavior to prepotent vs contextual normative fears & phobias, 1–7 yr olds , 27727
remission & relapse patterns, patients with obsessive compulsive disorder, 21176
response latency & RT in visuospatial priming & Stroop tasks, individuals (mean age 33.4 yrs) with obsessive compulsive disorder, 24332
risperidone & paroxetine, 25 yr old male with treatment resistant obsessive compulsive disorder, 12138
risperidone augmentation of treatment with a serotonin reuptake inhibitor, children aged 8 & 9 & 11 & 13 yrs with obsessive-compulsive disorder, 31641
risperidone, obsessive-compulsive symptoms, 24 yr old male with history of methamphetamine psychosis, 21906
role of corpus striatum volumetric abnormalities, adults (mean age 34.9 yrs) with obsessive compulsive disorder, 1632
role of neuropeptides in obsessive compulsive disorder, 11470
role of serotonin in pathophysiology of obsessive compulsive disorder, implications for selective serotonin reuptake inhibitors in treatment, 4976
role of serotonin in pathophysiology of obsessive compulsive disorder & anti-obsessional drug action , 4980
role of traumatic experiences in the genesis of obsessive-compulsive disorder, case examples of 20–50 yr olds, 30772
safety & effectiveness & side effects of paroxetine, 8–17 yr olds with obsessive-compulsive disorder, 35015
selective serotonin reuptake inhibitors as treatment of choice for obsessive-compulsive disorder, 5628
selective serotonin reuptake inhibitors, development of mania, 9 yr old males & 10 yr old female with obsessive compulsive disorder, 12163
self-worth & self-esteem & obsessional problems, patients with obsessive-compulsive disorder vs other anxiety disorders , 27726
serotonin transporter promoter genotype & seasonal variation in blood serotonin concentration, 10–89 yr olds from families with diagnosis of obsessive-compulsive disorder, commentary, 14615
serotonin transporter promoter genotype & seasonal variation in blood serotonin concentration, 10–89 yr olds from families with diagnosis of obsessive-compulsive disorder, commentary reply, 14609
sertraline, cardiovascular adverse effects, 6-17 yr olds with obsessive compulsive disorder, 21976
sertraline, clozapine-induced obsessive-compulsive behavior, 39-yr-old male with paranoid schizophrenia, 2384
sex & inheritance of variance of catechol-o-methyltransferace & monoamine oxidase-A, susceptibility to obsessive compulsive disorder, families of individuals with obsessive compulsive disorder, 21178
sex, olfactory quality discriminationin obsessive compulsive disorder, outpatients, 37400
single & multiple factor models of symptom structure in obsessive-compulsive disorder, patients, 14625
single dose metergoline, dysphoria & depressive & obsessions & compulsions & anxiety symptoms, fluoxetine-treated vs untreated patients with obsessive compulsive disorder, 8901
sleep abnormalities assessed with sleep EEG, medication-free patients with obsessive compulsive disorder , 1653
strategic-systemic behavior therapy & selective serotonin reuptake inhibitors, persons with obsessive-compulsive disorder, 5462
stress level & attribution of stress to caring for patients & subjective burden & attitudes toward continuing care, 17–70 yr old caregivers of 15–58 yr old patients with obsessive-compulsive disorder, 37405
subtypes & infectious triggers of & role of genotypic & environmental interactions in obsessive-compulsive disorder, 34215
subtyping patients by depressive symptomatology, patients (mean age 35.1 yrs) with obsessive-compulsive disorder, 11342
symptom overview & epidemiology of obsessive compulsive disorder, 1650
symptoms & comorbid personality disorders & other clinical characteristics, 18–33 yr old females with anorexia nervosa with vs without obsessive-compulsive disorder, 17768
symptoms of anorexia nervosa & obsessive-compulsive disorder, male 7-yr-old & female 6-yr-old with streptococcal infections, importance of focusing on nutritional interventions, comment, 14918
symptoms of anorexia nervosa & obsessive-compulsive disorder, male 7-yr-old & female 6-yr-old with streptococcal infections, 14902
symptoms of obsessive-compulsive disorder & comorbidity with schizophrenia & selective serotonin reuptake inhibitor treatment, commentary, 37363
treatment with methylphenidate, 45 & 30 yr old with obsessive-compulsive disorder & ADHD, 17837
use of 5-HT reuptake inhibitors including citalopram in treatment of obsessive-compulsive disorder, 31682
use of psychedelic drugs in treatment of obsessive compulsive disorder, 28477
use of selective serotonin reuptake inhibitors in treatment of obsessive compulsive spectrum disorders, 5637
use of signal intensity as index of myelinization to characterize abnormalities in corpus callosum, 7.2–17.7 yr old pediatric outpatients with obsessive compulsive disorder, 24336
validity & psychometric properties of Padua Inventory, assessment of genetic structure of obsessionality, 15–75 yr old twins, 32606
word generation, activation of frontal lobes, 18–45 yr olds with obsessive-compulsive disorder, 17943

Obsessive Compulsive Neurosis—Books

Obsessive-compulsive and related disorders in adults: A comprehensive clinical guide, 30794

Obsessive Compulsive Neurosis—Chapters

Cognitive behavior therapy, 31548
Cognitive–behavioral treatment of obsessive–compulsive disorder, 1661
The devil is in the detail: Conceptionalising and treating obsessional problems, 14637
The neural underpinnings of neurofeedback training, 28545
Obsessive-compulsive disorder, 12055
Obsessive-compulsive disorder, tics and Tourette's syndrome, and separation anxiety disorder, 1434
Obsessive–compulsive disorder and the frontal lobes, 8223
Pharmacotherapy, 31724
Treating obsessive-compulsive disorder in older adults: A review of strategies, 31480
Trichotillomania and obsessive-compulsive disorder, 8232
Veterinary models of compulsive self-grooming: Parallels with trichotillomania, 6956

Obsessive Compulsive Personality—Serials

evaluation of Yale-Brown Obsessive Compulsive Scale for heavy drinkers, pre-treatment vs end treatment results & severity of symptoms & psychometric properties, moderately heavy alcohol abusers, 36011
factor structure of Obsessive Compulsive Drinking Scale & subscale distinctiveness & internal consistency & predictive validity & differentiation, alcohol dependent patients, 36028
observing-self perspective in autobiographical memories, obsessive-compulsive vs non-obsessive-compulsive college students , 7944

Obsessive Compulsive Personality—Chapters

Rebecca's analysis, 21842

Obsessive Neurosis [See Obsessive Compulsive Neurosis]

Obstetrical Complications—Serials

comparison & reevaluation of results of meta analysis vs trial of effects of calcium on prevention of preeclampsia, women, 35082
exposure to pregnancy or labor or delivery complications & schizophrenia, 30709
hippocampal volume reduction & genetic risk, patients with schizophrenia with pregnancy & birth complications, 34192
non-right-handedness & obstetrical complications, male vs female paranoid hallucinatory schizophrenics, 37389
obstetric complications & age at onset of schizophrenia & gender, commentary, 1617
obstetric complications & age at onset of schizophrenia & gender, commentary reply, 1627
obstetric complications at birth, prediction of drug treatment outcome, 1st-episode schizophrenic 14–39 yr olds, 25140
obstetrical complications as etiologic mechanisms, risk of schizophrenia, children followed to age 22, 14545
obstetrical complications, early age onset of schizophrenia, patients with childhood onset schizophrenia vs siblings, 37380
preexisting fetal abnormality & labor-delivery complications, patients with or at genetic risk for schizophrenia, 30733
prevalence of obstetric complications & family history of schizophrenia, deficit vs non-deficit schizophrenic patients, 1579
role of prenatal & perinatal complications in etiology of schizophrenia & other psychoses, 24247
symptoms of depression & corticotropin-releasing hormone & interleukin-1 beta & interleukin-1 receptor antagonist & postpartum complications, pregnant 13–19 yr olds followed throughout their pregnancy, 24222
utility of maternal recall for obtaining history of obstetric complications, mothers of schizophrenic patients, 1573
workload, pregnancy & complications, female physicians who were pregnant during residency, 15698

Obstetrics [See Also Midwifery]—Serials

obstetric complications & other prenatal & perinatal risk factors in & vulnerability stress models of schizophrenia, 4945
work experiences of maternity care during the post-WWII Baby Boom, 52–78 yr old general duty nurses during period of 1944–62, 22358

Obturator Nerve [See Spinal Nerves]

Occipital Lobe [See Also Visual Cortex]—Serials
autism & visual agnosia, 13 yr old female with right occipitotemporal damage, 2039
deterioration of partially recovered aphasia after a second occipital stroke to the nondominant hemisphere, 70 yr old female, 15030
early occipito-parietal activity related to encoding & retrieval of verbal information, 19–30 yr olds, 33262
etiological evidence via CT & MRI of subcortical hematoma in right occipital lobe, 62 yr old male with amnestic syndrome, 18397
GABA levels in occipital lobe, detoxified alcoholic Ss (mean age 46 yrs) vs hepatic encephalopathy patients (mean age 40 yrs) with alcohol & non-alcohol-related disease vs healthy Ss (mean age 35 yrs), 24078
horizontal propagation of visual activity in synaptic integration field of area 17 , 10395
neuropsychological dissociation in impaired visual repetition priming & recognition familiarity, 32 yr old male with lesion to right occipital cortex, 2100
operational method for determination of classification of motion of stimuli within defective vs nondefective visual field area, 40-yr-old male with left occipital lobe lesion, 31289
perseveration of color visual images in right visual field & hemifield, 35 yr old man with left occipital lobe tuberculoma, 31338
processing of color & form information in blind field using flanker task, male 66 & 88 yr olds with right or left visual field hemianopia following stroke, 2022
sleep deprivation, EEG power densities for frontal vs occipital derivations during NREM & REM sleep & waking, male rats, 29916
topographic relationship of phosphenes & transient scotomas induced by transcranial magnetic stimulation of occipital lobe, 21–35 yr olds, 10424
visual field recovery, 31 yr old female with bilateral occipital lobe damage, 10 yr followup, 24839
visual stimulation, spreading suppression of cortical neuronal activation & onset of visual change & headache, migraine patients with visual symptoms vs without aura, 24787
Occultism—Serials
categories & pathology of & dealing with channeling/mediumship in psychotherapy, 28287
fundamentalist & occultist & other religious orientations during adolescence & adulthood, 22 yr old female & 48 yr old male, 20697
Occupation (Parental) [See Parental Occupation]
Occupational Adjustment—Serials
attitudes & perceptions & behaviors indicative of vocational adjustment, perceived & objective work safety risk, employees, 3089
communication factors contributing to vocational adaptation, hearing impaired workers, Philippines, 5451
falls self-efficacy, occupational adaptation in performance & experience, elderly, 33708
personality traits & disorders in disposition ratings of aeronautical nonadaptability, US Navy officers & enlisted personnel, 3148
professional identity & solidarity & adjustment to engineering culture & professionalization process in engineering, female college students, 36997
relationships between need for achievement & job involvement & tenure & negative affectivity & age & positive vs negative career-plateau coping, 22–65 yr old plateaued water-plant facility employees, 32379
social & psychological & spiritual & medical & financial & vocational impacts, people with HIV/AIDS, implications for rehabilitation counseling practice, 1981
structural model of combative vs preventive coping strategies & appraisal & emotional responses to accepting new job, graduate students, 25853
theories & model of & interventions to strengthen work personality in development of soft skills & successful work adjustment & job readiness & maintenance, 32060
vocational rehabilitation, personal adjustment & vocational outcomes, 15–55 yr olds with specific learning disorder subtypes, 28790
Occupational Adjustment—Books
Vocational impact of psychiatric disorders: A guide for rehabilitation professionals, 28792
Occupational Adjustment—Chapters
Looking ahead: The adjustment of adults with disabilities, 27504
Occupational Aspirations—Serials
attitudes & beliefs regarding job market, approach to career decision making, arts undergraduates, 6284
career & salary expectations, male vs female college freshmen vs seniors, 2948
career choice & aspirations, Mexican American females, mean age 16.5 yrs, 30237
educational & career expectations of self & parents, second-generation Chinese-American undergraduate students, 7652
gender identity & family socioeconomic level, selection of sex role stereotyped occupational aspirations, 8–11 yr old females vs males, 19376
integrated decision-making strategies computer program, vocational identity & career exploratory behaviors & satisfaction, graduate students, 25852
Internet based cognitive restructuring, maladaptive career beliefs, adolescent females, 34868
issues & opportunities in & development of psychological science career, graduate students, 12595
neighborhood disadvantage & family structure, employment expectations, urban African American adolescents in high poverty vs middle-class neighborhoods, 955
perceived social pressure & externality & instrumentality & career orientation, 18–23 yr old females, 22579
performance accomplishments & vicarious learning experiences, mathematics & science self-efficacy & career interests & goals & actions, career-undecided college students, 15978
personality antecedents of career orientation & stability, males vs females followed from age 8 yrs to 36 yrs , 12794
possible selves mapping, assessment of personal & career expectations, 11–13 yr olds, 9829
race & family SES & occupational planning & injury history & life satisfaction, male graduating college athletes vs nonathletes, 25968
self efficacy beliefs & source of efficacy information & outcome expectations in career interests & development, adolescents with learning disabilities, 16012
subject profiles & academic course perceptions, length of time & plans to work in & retention in National Health Service, mental health nurses, 19132
use of narratives of future goals in vocational rehabilitation & relationship of overall goodness ratings to vocational outcomes, 26–62 yr old veterans with mental &/or physical disorders & counselors, 15676
Occupational Attitudes—Serials
attitudes toward life & death & their relation to employment characteristics & social comparisons & work orientation & depressive symptoms & death anxiety & life satisfaction, funeral directors, 7908
attitudes toward psychiatry as prospective career, freshmen medical students, 35389
construct validity of Task-Specific Self-Efficacy Scale & Skills Confidence Inventory as measures of vocational behavior, college students, implications for occupational guidance, 32725
development & construction of Attitudes Toward Career Counseling Scale, 18–30 yr old & older college students, 16052
emotional exhaustion, attitude & behavior relationships in field-setting environment, services organization salespeople, 9600
legal professionals' perceptions of mental health experts, 39064
needs & preferred roles & style of supervision, school counselors with various experience levels, 38724
number of perceived informal leaders & gender composition of informal leadership core, cohesion & performance of intact manufacturing teams, employees of manufacturing organization, 37115
official criminal status & occupational bond, 17–25 yr old urband workers in China, 35828
organizational context, occupational gender stereotyping, male vs female college students, 25850
perceptions of influence & decision making in the workplace, community based nurses, Norway, 2603
perceptions of organizational behavior & readiness & expectations & job characteristics, turnover & work attitudes after first year of employment, college graduates, 1 & 3 yr followup, 38990
personal values & perceived spouse preference & family income, maternal employment intent & choice following childbirth, expectant parents, 9577
Self-Directed Search responses & career self efficacy, high school students, 19384
sex & human & social capital & organizational context factors, performance & role concerns, publicly traded corporation directors, 29055
structure & stability of naturally occurring occupational perceptions, college students, application of spatial & dimensional & classificatory vocational interest models, 16054
views about careers in academic medicine, junior doctors in university vs National health Service posts, 22356
Occupational Choice—Serials
age & gender & marital & enrollment status & number of dependents & outside responsibilities & reason for selecting major,career choice, traditional vs nontraditional college students, 9521
application of cognitive information processing approach to career problem solving & decision making to career decision-making process & obtaining employment, 35597
application of J. L. Holland's typological theory of vocational personalities & cognitive information processing theory to career planning & academic decision making, 19-yr-old female college student, 16051
attitudes & beliefs regarding job market, approach to career decision making, arts undergraduates, 6284
career choice & aspirations, Mexican American females, mean age 16.5 yrs, 30237
career choice development, career decision-making self-efficacy, college students (mean age 27.82 yrs), 19389
career development & occupational decision making difficulties, gifted students, implications for career counseling, 12735
career intervention & education program, career self-efficacy & congruence between career choices & occupational interests, 7th grade students at risk for vocational underachievement, 15888
career intervention announcement with vs without print handout vs computer-assisted classroom instruction, decision-making concerning 4-yr study plan, 8th graders, 38924
choice of psychiatry as career, first-year medical students in regular vs enriched behavioral science & psychiatry program, 28869
concurrent criterion validity of Campbell Interest & Skill Survey vs Strong Interest Inventory for prediction of college majors, 18–46 yr old college students, 32717
correctional officers' preference for work in male vs female state prisons, implications for theory of gendered organizations, 35364
current conditions for & declaration of rights concerning training in & practice of & client rights to receive psychotherapy, Europe, 32084
effects of working during adolescence on vocational development, review of research, 973
ego identity formation & perceptions of maternal vs paternal acceptance & encouragement of independence & years in college, prediction of career indecision, undergraduates, 16050
factor analysis of California Psychological Inventory, assessment of career indecision & personality dimensions, college students, 9952
factor structure of Spanish version of L. S. Gottfredson's cognitive map of occupations, assessment of occupational interest & choice, 14 yr olds, 19572
factors influencing career interests & choices, 18–35 yr old Asian Americans, 12796
factors influencing entry & retention in & withdrawal from practice, junior occupational therapists, 22363
health sciences academic enrichment program, health profession career choice, gifted minority students, 19378
impact of Improved Career Decision Making training, high school students & adults, 38938
issues in planning & surviving career in management, college students, 9582
J. L. Holland's work on career indecision & decision-making measures, 32343
male vs female dominated occupational choice, patterns of verbal & spatial cognitive abilities, employees in male vs female dominated jobs, 12788
materialism–status concern & money attitudes & life-task dimensions & Big Five personality correlates & career decision making, 16–36 yr old college students, 38943
meaningful employment, major depression & occupational & psychological stress & self concept clarity & self actualization & coping behavior & avoidance, 21–89 yr olds, 7947
metacognition & vocational indecision, 18–43 yr olds, 35598
multipotentiality & giftedness & career choice, 38926
new-DOTS theory & practice perspective on careers education & guidance, implications for career learning & choice, 12749
path model of relationships among androgyny & self esteem & self efficacy & career indecision, 15–19 yr old females, 30248
perceived role of parental influence & prudential vs moral vs social-conventional consequences in reasoning about career decisions, 16 & 19 & 22 yr olds, 36785
perceived social pressure & externality & instrumentality & career orientation, 18–23 yr old females, 22579
perceptions of clients' educational preparedness & aptitude for & barriers to career entry into science & engineering, rehabilitation counselors, 2719
personal account of critical incidents & insights & decision to counsel & educate, Native American male, 10997
personal account of experiences with racism & sexism in schools & churches & social organizations, decision to become educator & student affairs practitioner & counselor, Asian American female, 10992
personal attributes & self & family sport participation & significant other influence on occupational choice, university students planning career in health promotion, 6353

personal social vs economic values, people vs technology oriented specialty choice & expectations of high income, medical students, 25 yr followup, 6051
psychosocial influences on job choice & sexually transmitted disease/HIV-related protective practices & attitudes & typologies, 17–33 yr old Indonesian female full-time commercial sex workers, 37024
race & sex, importance placed on selected job & organizational & diversity & recruiter factors during job search process, job-seeking MBA candidates, 12797
recruiting effectiveness of Department of Defense's Armed Services Vocational Aptitude Battery (ASVAB) Career Exploration Program, US Military databases, ASVAB student participants & recruiters, 9667
research about structure of values & value profiles & patterns & value change & integrative model of general values & work values & work activities on country & group & individual levels, 12850
school variables in primary care career choice, medical students, 2740
sensation-seeking & field dependence–independence in personality profile of high-risk prosocial professional, male 23–35 yr old bomb-disposal experts vs anti-terror operatives, 37153
social cognitive career theory & attribution theory & relation to role of perceived barriers in career development & counseling, 38917
structural model of combative vs preventive coping strategies & appraisal & emotional responses to accepting new job, graduate students, 25853
summer camp program to attract females into engineering, female secondary school students, 12786
theoretical & clinical exposure to psychiatric nursing, desirability of psychiatric nursing as career choice, 1st yr nursing students, 18 mo follow-up, 9336

Occupational Choice—Chapters

Assessing career decision making, 36052
Deciding to teach, 9415
Family and professional choices: Conflict or complicity?, 22577
What we know and need to know: A few comments, 19402

Occupational Exposure—Serials

acute toluene exposure, color vision, male printshop workers (mean age 39.1 yrs), 16157
California smoking ordinances restricting smoking, worksite smoking policies & exposure to workplace environmental tobacco smoke, 18–45+ yr old nonsmoking indoor workers, 29167
catastrophe model for exposure to blood & bodily fluids & other occupational accidents, health care workers, 35379
characteristics of uncommon forms of activity & working capacity, servicemen & miners in uncomfortable high-altitude bioclimatic conditions, 22622
exposure to electromagnetic fields & incidence of multiple sclerosis, employees of utility companies, 18263
exposure to psychological job demands & work control & workplace social support & physical job demands & hazardous work, excess male mortality, employed males vs females, 1970–80 & 1980–86, 32403
physical exposure & psychosocial factors & work-related musculoskeletal symptoms in parallelized-flow long-cycle-time assembly system, automobile workers, 32401
prolonged occupational exposure to large pressure amplitude low frequency sound, deterioration in attention & memory, 35–56 yr old male aircraft technicians, 16156
relation of job risk & wages & tobacco smoking & other risk- taking behavior, 18–65 yr olds, 4696
reproducibility of self-report questionnaire for upper extremity musculoskeletal disorder risk factors, tree nursery workers, 29417
sociological perspective on study of hazard-related phenomena & risk & risk analysis & role of power & organizational interests, implications for sociologists, 32404
tibial & dimercaptosuccinic acid-chelatable lead levels, neurobehavioral function, 40–70 yr old former organolead workers , 21444

Occupational Exposure—Chapters

Border health, 1435

Occupational Guidance—Serials

application of J. L. Holland's typological theory of vocational personalities & cognitive information processing theory to career planning & academic decision making, 19-yr-old female college student, 16051
artificial neural network vs discriminant function analysis in modeling career counseling decisions on basis of aptitude test scores of 9th graders, 12784
career development & occupational decision making difficulties, gifted students, implications for career counseling, 12735
career development & the school-to-work transition process in theory & practice, commentary, 25837
career development activities in informal economy, 38959
career guidance & personal problems, working adults (age range 21–49 yrs), 38941
career intervention announcement with vs without print handout vs computer-assisted classroom instruction, decision-making concerning 4-yr study plan, 8th graders, 38924
career intervention, career decision making self-efficacy & career indecision, male vs female high school juniors, 4 wk followup , 25839
Cognitive Information Processing approach to career problem solving & decision making for career counseling & development, females, 23612
development & construction of Attitudes Toward Career Counseling Scale, 18–30 yr old & older college students, 16052
developmental model of the school-to-work transition process of youth, 25846
effectiveness of Strong Interest Inventory &/vs Myers-Briggs Type Indicator in career counseling, 16–52 yr old community college students, 32718
evaluation of Counseling for High Skills computer disks & other aspects of project, middle & high school counselors who work with students seeking postsecondary vocational-technical education , 25793
evaluation of demonstration program for delivery of customized job-training & intensive case-management & supportive services, highly disadvantaged adults in high-unemployment community, 2 yr study, 3053
exploratory behavior & contents of career counseling, 22–55 yr old career counseling clients, 12792

The Self-Directed Search: A theory-driven array of self-guiding career interventions, 36054
Using vocational card sorts in career counseling, 36053
Validity evidence for interest inventories, 16395

Occupational Interests—Serials
binomial vs randomization vs rank order correlation in Monte Carlo simulation to identify hexagonal structure within J. L. Holland's (1992) theory of vocational interests, 125
career guidance & personal problems, working adults (age range 21–49 yrs), 38941
career intervention & education program, career self-efficacy & congruence between career choices & occupational interests, 7th grade students at risk for vocational underachievement, 15888
concurrent validity of revised 1994 Strong Interest Inventory, adults in African- & Asian- & Caucasian- Hispanic- & Native-American racial–ethnic groups, 13116
correlation between J. L. Holland's typology & 5-Factor Model of personality & occupational interests, raters & 18–65 yr olds in university vocational counseling vs college students, 32732
evaluation of Holland's hexagonal model of vocational interests, male &/vs female Chicano/Latino college students, 22562
factor structure of Spanish version of L. S. Gottfredson's cognitive map of occupations, assessment of occupational interest & choice, 14 yr olds, 19572
factors associated with changing interests in primary care during medical school, general physicians, 38727
factors influencing career interests & choices, 18–35 yr old Asian Americans, 12796
Five Factor personality variables & profile elevation on Self-Directed Search, career interests, workers undergoing career change, 19388
incremental validity of General Confidence Themes of Skills Confidence Inventory, measure of vocational self efficacy & interest, employees, 36046
interests & expectations & perceptions of scientific vs counseling practice orientations & work environment, counseling psychology graduate students (aged 24–50 yrs) vs professionals (aged 30–60 yrs), 38725
J. L. Holland's contributions to & themes & styles of vocational psychology , 32339
J. L. Holland's hexagonal model & historical development of interest inventories, 32337
J. L. Holland's RIASEC model & occupational information systems, 32342
job search clubs, acquisition of job search skills & career self-efficacy & vocational identity, 22–39 yr old international students, 35566
math self-efficacy & ethnicity & math & science career interest, male vs female 11th graders, 19333
meaning & measurement of environments in J. L. Holland's theory & vocational psychology , 32340
multipotentiality & patterns of abilities & vocational interests, highly intellectually gifted male seniors, 17273
occupational sextype & sex-related differences, vocational interests & preferences, male vs female 18–22 yr olds, 3043
personal growth initiative & coping styles & career exploration & vocational identity, college students, 12795
reflections on theoretical & empirical & developmental work of J. L. Holland, 1954–63, 32336
reliability & concurrent validity of Merkler Style Preference Inventory, occupational interest, college students, 19391
structure & stability of naturally occurring occupational perceptions, college students, application of spatial & dimensional & classificatory vocational interest models, 16054
theories & measures of vocational interests & personality & J. L. Holland's vocational typology , 32341
validity of RIASEC vocational interest typology & five factor personality model for prediction of employment status & nature of employment, college seniors, 1 yr follow up, 35593
vocational interest types & personality characteristics & ability, personnel, 19382
vocational interests, middle aged males with traumatic spinal cord injury, 18411
work-task & general-ability dimensions in principal components analysis of work-relevant ability self-estimates, 12th graders, 13118

Stability and change in vocational interests, 19401
Using vocational card sorts in career counseling, 36053
What we know and need to know: A few comments, 19402
Why interest inventories are also personality inventories, 16331

Occupational Mobility—Serials
affect of migration & performance of managers for interorganizational relations of commercial TV stations, 1961–1988, 35588
development of model for predicting occupational attainment success & upward mobility, male personnel, England, 29060
employee gender & single- vs dual-earner marital type & parental status, job opportunities requiring relocation & perceptual processes of personnel decision makers, married employees, 29061
issues of gender disparity in partnership attainment & application of P. Bourdieu's conceptualization of social & cultural capital, lawyers, 1059
merit vs vacancy-driven promotion systems & firm structure, promotion rates & job attainment, clerical & administrative male vs female insurance company employees, 29094
organizational sex composition, hiring & job mobility, male vs female managers, 3011
reactions to test score banding in entry-level & promotional contexts, applicants for law enforcement jobs, 22591
relationship of occupational class & mobility out of & into employment & health, working 15–59 yr olds, 4 yr followup, 32346
social psychological effects of transience & geographic mobility & postmodern self & dimensions of lifestyle, resort workers, 12834
structural equation model of effects of negative affectivity & leader–member exchange & perceived job mobility, in role & extra-role performance & organizational citizenship behavior, 12809
Type A behavior pattern & career movement, 21–60 yr old female employees in lower-level positions, 35644

Occupational Mobility—Chapters
Social and geographical mobility 20 years after high school, 16041

Occupational Preference—Serials
correlation of self-reported competencies & abilities & vocational aptitude scores, 10th graders, 9580
occupational sextype & sex-related differences, vocational interests & preferences, male vs female 18–22 yr olds, 3043
participation in the process of combatting child labor abuse, working 10–14 yr olds, Bangladesh & Ethiopia & Philippines & Central America, 10744
regional & interindividual differences & parental support behaviors & family relocation, identity status & timing of early vocational preference, 10–13 yr olds in former East & West Germany, 23790
socialization, retail format & career preferences, 19–44 yr old college students majoring in retailing or fashion/merchandising or clothing/textiles/design, 22578
work conditions & health, permanent employees who are not in preferred occupations, 12889

Occupational Preference—Chapters
Expressed and measured interests, 16400
Interest assessment using card sorts, 19398

Occupational Safety—Serials
alignment with workplace safety principles, senior managers vs frontline workers in nickel mining company, 35685
application of indigenous psychology approach, perceptions of achievement & factors associated with industrial accidents & occupational safety, adults, Korea, 36941
attitudes & perceptions & behaviors indicative of vocational adjustment, perceived & objective work safety risk, employees, 3089
beliefs & knowledge in intentions & behaviors among farm pesticide applicators, 39013
cognitive science, improvement of training in industrial processes, operators, 22675
concepts & measurement of workers' safety behavior, manufacturing plant employees, 6348
extent of & reasons for under-reporting of work related disorders & role of safety incentive programs, industrial workers & managers & health & safety personnel, 12903
individual & intergroup perceptions of organizational safety, 21–64 yr old British Rail train drivers & supervisors & senior managers, 16099
lean production & occupational injuries or illnesses & job characteristics & job strain, manufacturing personnel, 12898
light vs heavy workload, air traffic tactical operations & hazard rate, air traffic controllers, 35686
material safety data sheets, acceptability & diffusability of information, laboratory employees, 22678
models of attitudes to safety, manufacturing & dairy produce & transport industrial employees, 29116
objectives & activities of International Commission on Occupational Health, implications for occupational health & psychology, 12891
perceptions of & knowledge about workplace occupational health & safety structures & practices, personnel officers & managers & supervisors & foremen, 25946
politics of accident reporting on 2 North Sea oil installations, oil installation personnel & safety & production managers & senior managers, 39001
rates & characteristics of fatal & major injuries occurring in industries of rapidly developing county, southern China, 25951
Top Event Prevention Analysis as method used to formulate safety case for complex & potentially hazardous facility in which component classification plays a role, 6351
voluntary accident reporting scheme in logging industry, New Zealand, 22679

Occupational Safety—Chapters
Industrial safety, 3136
System safety—An emerging field for I/O psychology, 16159

Occupational Status—Serials
age differences in similarity–attraction & status incongruence in organizational settings, 28–57 yr old supervisors & subordinates, 22669
characteristics of being disconnected from society by not being in school or employed or in military or being married to someone 'connected', 14–16 yr olds, 12 yr study, implications for prevention, 7495
community vs hospital settings & grade level, stress & coping & burnout & job satisfaction, nurses from England & Scotland, 15776
demographic characteristics & caregiving strain & demands & occupational & personal impact & resources available, employed adults with family care responsibilities, 20719
educational attainment & occupational status & labor market quality, male vs female Asian immigrants after 1965, 32331
harasser's organizational status & power & desirability, sexual harassment perceptions, 17–41 yr old female college students, 34302
job level & satisfaction & work values, male vs female employees, Taiwan, 38986
meta-analysis on relationship between salary & grade, workers, 9591
models of leadership style & sex & organization level & self vs supervisor perception of leadership behavior, managers & their supervisors, 6295
occupational grade & working conditions & sex role orientation & minor morbidity, male vs female bank employees, 14392
occupational prestige, sex typing of occupations, 14 vs 17 yr olds vs college students vs teachers, 7737
organizational position, perceptions of organizational characteristics, human service personnel, 9365
organizational status, nonverbal behavior during interactions, male vs female 25–64 yr old employees, 35655
problems encountered during transition from welfare to work & role of counseling psychology & psychologists in facilitating healthy transitions, 11970
professional discipline, rated level of functioning of adolescents in therapeutic community with interdisciplinary flattened professional hierarchy & teams, adolescent unit staff, 35278
relationship between sex role attitudes & occupational position & earnings, 18 yr old & older males vs females, 33818
relationships between need for achievement & job involvement & tenure & negative affectivity & age & positive vs negative career-plateau coping, 22–65 yr old plateaued water-plant facility employees, 32379
residential patterns & religious beliefs & marriage within cultural & occupation & visits to homeland, native language maintenance, US & Canada immigrant ethnic groups, 20703
sex & professional status, attitudes toward rape victims, 18–65 yr old undergraduates vs counselor trainees vs mental health professionals, 37522

teen delinquency & educational & employment outcomes, 14–17 followed up until aged 25–30 yrs, 30933
validity of RIASEC vocational interest typology & five factor personality model for prediction of employment status & nature of employment, college seniors, 1 yr follow up, 35593
work conditions & health, permanent employees who are not in preferred occupations, 12889

Occupational Stress—Serials

work pressure & older vs younger adolescent offsprings' well being, parents of dual earner families, 36956
'triangular' conference of scientists & resulting Tokyo Declaration on work-related stress & health in European Union & Japan & US , 35683
analysis of organizational level stress interventions, 38931
association between job characteristics of demand–control & plasma fibrinogen concentrations, employed 45–70 yr olds without history of myocardial infarction, 25950
burnout & organizational commitment, nurses & laboratory technicians, 6052
burnout & perceived stress, HPA dysregulation as measured by early morning free cortisol levels after awakening & after dexamethasone suppression, teachers (mean age 42 yrs), 13679
burnout in human service professions & relevance to old age psychiatry, consultant support & professional development implications, 6044
burnout, perceptions of client's personality characteristics, 20–64 yr old social workers, 19171
burnout, ward-based mental health nurses, 32128
changes in work environment & job stress & individual career patterns as challenges for rehabilitation counselors, 32062
chronic burnout & somatic arousal & salivary cortisol levels, 20–64 yr old blue-collar workers, 29118
chronic professional stress & psychopathology & immune system dysregulation, nurses, 15780
clients' mental illness, job satisfaction & burnout, 40–49 yr old social workers, 22348
community vs hospital settings & grade level, stress & coping & burnout & job satisfaction, nurses from England & Scotland, 15776
coping & job stress & well being, 23–64 yr old doctors, 32148
coping strategies & family relationships, work stress & occupational satisfaction, public hospital nurses, 9348
crossover of psychological stress or strain between principals and teachers (mean age 39.58 yrs) , 25717
daily occupational hassles, negative mood & effort exertion, 19–23 yr old male military jump masters, 38999
demographic & personal & work factors associated with burnout, workers in residential facilities for clients with intellectual disabilities, 9364
demographic & physical & occupational stress & psychosocial factors, prediction of work disability, military personnel with occupational upper-extremity related disability, 5218
desire for structure & negative reactions to lack of structure components of personal need for structure, occupational strain, social & health care personnel, 7891
development & psychometrics & validity of Staff Stressor Questionnaire, staff in services for people with intellectual disabilities, 26243
development & reliability & validity & factor analysis of stress questionnaire, staff working with patients with intellectual disability, 29427
dimensionality & validity, Burnout Measure, Dutch human services professionals, 6675
distress & professional impairment due to work factors & life events, psychologists in clinical practice, implications for training & administration & the profession, commentary, 9381
dysfunctional attitude & etiology of low vs high occupational stress, college students, test of cognitive phenomenological theory of stress & coping, 25905
economic approach to analysis of work-related stress, male vs female workers, implications for demand/control theory, 16107
effects of time & involvement on stressors & work-family conflict, 25–63 yr old registered nurses, implications for health of working women with family responsibilities, 12895
emotional exhaustion, attitude & behavior relationships in field-setting environment, services organization salespeople, 9600
escapist reasons for drinking as moderator of relationship between work stress & alcohol intake & alcohol related problems, adults, 8350
etiology & processes of law enforcement corruption, police officers, commentary, 19545
etiology & processes of law enforcement corruption, police officers, commentary reply, 19546
exposure to psychological job demands & work control & workplace social support & physical job demands & hazardous work, excess male mortality, employed males vs females, 1970–80 & 1980–86, 32403
factor structure & validity of AIDS-stress scale, measurement of sources of stress associated with caring for clients with HIV or AIDS, 22–59 yr old health care workers, 16391
factorial validity of Dutch version of Maslach Burnout Inventory, 21–62 yr old dentists, 13115
factors contributing to burnout among & areas needing more research on child care workers, 6313
frequency & types of exposure to traumatic incidents & prevalence of PTSD symptoms, urban firefighters, US vs Canada, 12892
global vs organization based measures of self esteem as a moderator between role stressors & psychological & physical strains, 13050
hours worked & social support & coping, work stress, junior vs senior doctors, 32134
humor & stress & power & discipline & group cohesion, hotel kitchen personnel, 29129
identification of current stressors in work lives of urban school psychologists, faculty trainers vs practitioners, 12613
incremental validity of Religious Problem-Solving Scale, prediction of clergy burnout, pastors, 4581
inherent & organizational stress, 21–53 yr old South African Police Service members, comparison with US data, 6502
intervention & management of stress & psychological dysfunctioning, mental health professionals, 25697
involvement of natural killer cell activity & cell subsets, 36–51 yr old male workers with a tendency to burnout, 29121
job characteristics & pressure, mental & physical ill health, personnel, 25949
job demands & control & strain as aspects of psychosocial environment, non-medical drug usage, full-time nurses, 24539
job satisfaction & trait negative affect & situational similarities in jobs, work attitudes & job stress perceptions, adults with full-time occupation & part-time military reserve duties, 9611
job strain & psychological symptoms & disorders & social support at work, female nurses (mean age 39.6 yrs), 2 yr study, 12890
job strain, ambulatory blood pressure, working males, 3 yr followup, 9612
job stress & emotional stability, parental depression & marital & parent–adolescent relations & problematic adolescent behavior as aspects of family functioning, 31–60 yr old mothers & fathers, 25915
job stress & work satisfaction, intellectual disability services staff, 32138
Job Stress Survey & other measures of job pressure & organizational support in workplace, employees, commentary reply, 22923
job stress, menstrual patterns, nurses, Italy & US, 25908
job stress, well-being, college teachers, Canada vs Pakistan, 32188
large family responsibilities & high vs low job strain & level of ambulatory BP, 24–62 yr old women employed full time in white-collar jobs, 16097
lean production & occupational injuries or illnesses & job characteristics & job strain, manufacturing personnel, 12898
lifestyle & coping strategies intervention program, job stress & health, 24–54 yr old office workers, 32348
light vs heavy workload, air traffic tactical operations & hazard rate, air traffic controllers, 35686
meditation training, stress levels, preservice teachers, 32200
meditation, perceived occupational stress & burnout & state/trait anxiety, 22–60 yr old elementary & middle & high school teachers, 16095
mental & physical & emotional factors relating to burnout & tenure & age, intention to quit, female teachers, Israel, 22626
minority stress theory applied to direct & indirect experiences of workplace heterosexism, gay & lesbian & bisexual adults, 16127
models & role of social support in work stress, 19423
motivation factor involved in functional state of tension development, nuclear plant operators, 29090
New Deal partial shift system, stress levels & well-being & job satisfaction & physical health, doctors, 15790
nurse burnout & job meaningfulness & intention to quit, patient satisfaction, nurses & inpatients, 2784
occupational burnout & relation with attribution & attitudes & practices toward school behavior problems, elementary school teachers, 22398
occupational burnout in terms of exchange at teacher–student & teacher–school levels, elementary & secondary school teachers, 12641
occupational medicine analysis of psychiatric illness in workplace & relationship to occupational stress & military work environment, military personnel, 25983
occupational stress & coping & job & life satisfaction, males vs females, 16111
occupational stress & job satisfaction & well being, anesthetists, 32131
occupational stress & job satisfaction in predominantly White work environments, African American professionals, 9645
occupational stressors & coping resources & negative & positive affectivity & occupational strain & job satisfaction, adults, 22611
organizational climate & occupational stressors as predictors of withdrawal behaviors & injuries, 26–64 yr old nurses, 38989
organizational role stress & perceptions of human resource development climate, 25–45 vs 45–65 yr old private vs public sector organization executives, 16087
perception of factors causing stress & regret for having joined their practice, new principals appointed to general practices in urban London, England, 19170
perceptions of gender & work & life experiences in compensation payable for psychological disability linked to workplace stress, expert witnesses & decision makers, 16116
person-environment fit & occupational stress, 24–59 yr old vocational teachers, 22413
personality & coping & family support, adaptation to work stress, distressed vs stress resistant nurses, 12606
personality & coping strategies, job satisfaction & stress & health, managers from various organizations in Taiwan, 16083
person–environment fit theory in work & family stress & well-being, 21–69 yr old university employees, 12763
physical & emotional & mental symptoms of burn-out, emergency unit vs general surgical department staff, 19178
professional isolation, occupational stress, teachers, 28921
psychological & physiological stress responses to work & family, 28–61 yr old white-collar workers in insurance company, 12899
psychosocial & work-related stress & reduced fertility, humans, 21463
rating of therapist with severe burnout on liking & display of empathy & attentiveness & suitability for referral, 18–51 yr old college students, 3004
realization of various components of work–family strategies as mediator of relationship between work hours & burnout, 30–65 yr old married physicians, 35414
recent objectives & actions taken worldwide by organizations & government agencies to combat problem of work-related stress, 35687
reciprocity with civilians & colleagues & police organization & burnout & attitudes toward & use of strategies in management of interpersonal conflicts, police officers, 26063
reduction of job hassles through job environment intervention & effects on physiological & perceived stress, urban bus drivers, 16102
relationship among personality/psychological factors & health status & job demands & objective ergonomic features, 24–60 yr old video display terminal operators, 25906
relationship between coping efforts & stress-related mood changes, men & women (mean age 42 yrs) with high levels of work or marital stress, 33984
reliability & construct validity of Helper's Perception Measure, assessment of benefits & stressors of community maternal health volunteer role, low income female 20–43 yr olds, 25673
response to stressful changes in work life, health, hostile vs non-hostile employees, 5-yr prospective study, test of psychosocial vulnerability model, 4783
role ambiguity & situational stress, paralegal interns, 6251
role clarity & perception of their organization & occupational stress–burnout, support workers in a National Health Service trust vs charitable organization, 2729
scale construction of Maslach Burnout Inventory, physicians & their spouses , 35888
self- & collective efficacy beliefs as moderator of impact of work-related psychological & physical stressors, US army soldiers (mean age 25 yrs), 22688
self-reported stress & attributions of responsibility for stress in collectivist & individualistic culture, teachers, 38780
sex & sick leave history & other predictors of work stress compensation claims & return to work, welfare workers, 25901
sex, leadership style & job stress & mental health in male vs female dominated industries, managers, 38974
situational & personal characteristics, competence & burnout, family child care providers, 7702

social support moderation of work & other stressors, social anxiety & somatic complaints & depression & irritability, male blue-collar workers, longitudinal study, extension of match hypothesis, 25904
sources of stress & symptoms of burnout, rural vs urban secondary school teachers, 32180
strain as moderator of relationship between perceived work characteristics & work attitudes, health care employees, 9361
stress & burnout, 25–77 yr old male vs female collegiate tennis coaches, 25910
stress & health & workload & burnout, 24–54 yr old learning support coordinators in colleges of further education, 6124
stress & risks of burnout from crisis intervention & trauma therapy, psychotherapists, 6056
stress mediated vs cognitive affective models of burnout, 22–65 yr old male high school athletic directors, 38779
stressful incidents at work, clerical workers vs university professors vs sales associates, 12848
structure & internal consistency of Job Stress Questionnaire, entrepreneurs, 12897
sunlight & view & general level of illumination, intention to quit & occupational stress & job satisfaction & general well-being, white- and blue-collar workers, 3185
task demands & behavioral control & procedural information, responses to stressful work situations, 16–49 yr old college students, 38991
time pressure & perceived control & mood & emotional exhaustion, 20–55 yr old accountants, 9614
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, commentary, 38995
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, 38993
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, commentary, 38988
type A personality & locus of control, subjectively perceived job stress & satisfaction at work & physical & psychological health, 37–55 yr old managers, 7909
uncertainty & affective reactions & job characteristics & specialty & referral use & burnout, 30–48+ yr old physicians practicing in HMOs, 15772
use of R. L. Payne's occupational stress model to identify predictors of job satisfaction & burnout, direct care staff of community learning disability service, 9351
vocational & relationship stressors & identity formation, mental health, 15–24 yr olds, 3 yr study, 27036
work & family conflicts & task characteristics & occupational stress & sense of coherence & daily mood states, 34–47 yr old female public health nurses with children, 6059
work & non-work related support & occupational stress as predictors of job satisfaction & mental health in Job Strain Model, psychiatric nurses, 9359
work conditions & resources & social support between employees, occupational stress, correctional facility treatment professionals & recreation specialists, 38726
work stress & anxiety & insomnia & somatic symptoms & propensity to make errors, junior house officers, senior year followup, 28880
work stressors & role strains & social support & demographics & alcohol consumption, hospitality managers, 3073
work tasks & perceived psychosocial job stress, occupational health service staff, 3187
working hours reforms, family & work stress, members of British Parliament, 32390
workload & social support from supervisor & peers & link between spurned help from patients & burnout, practicing nurses, 2779
workload & social support, performance & stress during data entry work, 19–52 yr old employees, 16155
workload, pregnancy & complications, female physicians who were pregnant during residency, 15698

Person–environment fit in the selection process, 29089

Occupational Tenure [See Also Teacher Tenure]—Serials

age & sex & organizational tenure, quality of leader–member exchanges & work attitudes & well-being, 21–60 yr old academic institution administrative employees, 25903
impact of arrest on job stability, young White males, US, longitudinal study , 1827
positive affectivity & job satisfaction & tenure, seeking new job & physical health complaints & counterproductive work behavior, 29–62 yr old police & fire department employees , 9605
relationship of departmental membership & hierarchical level & shift & job location & organizational tenure to collective climate membership, employees of central administration agency, 16106

Occupational Therapists—Serials

attitudes toward role of spirituality in current occupational therapy in palliative care, 26–53 yr old occupational therapists, 35434
factors influencing entry & retention in & withdrawal from practice, junior occupational therapists, 22363
historical & current use of art in mental health settings, occupational therapists, 15680
instructional methods to recognize opportunities & obligations of consultation roles & systems, occupational therapists, 9318
occupational therapy vs counseling & role of occupational therapist, effective treatment of PTSD, commentary, 35358
occupational therapy vs counseling & role of occupational therapist, effective treatment of PTSD, commentary reply, 35356
perceived role of occupational therapists & therapy in health promotion work with elderly, occupational therapists, Wales, 35360
perspectives on involvement with & activities defined as research, occupational therapists, 19174
sensory integrative-based occupational therapy, functional behaviors, 3 yr old with pervasive developmental disorder, 15679
valued characteristics in preschoolers & attitudes toward parental childrearing practices, occupational therapists vs parents, 9356

Occupational Therapy—Serials

adaptive occupational functioning, 21–64 yr old patients with schizophrenia vs major depression vs bipolar disorders, 1457
application & use of Person-Environment-Occupation Model in occupational performance interventions, 32061
attitudes toward role of spirituality in current occupational therapy in palliative care, 26–53 yr old occupational therapists, 35434
audit of revised occupational therapy service with open-door inpatient-only groups, service changes & accessibility & nursing staff involvement, hospital acute mental health unit, 32058
client sexual expression as domain of occupational therapy, implications for education & practice, 15672
construct validity of Miller Assessment for Preschoolers, 2.8–5.7 yr olds with developmental delays, 8429
demographic & management tasks & other job characteristics & opinions about supervision, 20–60 yr old occupational therapist managers working in mental health areas, 25661
education & training issues in new role of case management, occupational therapists, 12568
effectiveness & acceptability of occupational therapy guidelines to alleviate gender role strain, 27–48 yr old males with traumatic brain injury, 12550
evaluation hypermedia based application Computer Applications in Therapy in occupational therapy curriculum, 22341
factors influencing entry & retention in & withdrawal from practice, junior occupational therapists, 22363
health promotion basis of disease understanding & accidents & knowledge & safety practices during activities of daily living, patients with epilepsy, implications for occupational therapy, 35361
history & development of occupational therapy & rehabilitation, commentary, 9266
inter-rater reliability of Westmead Home Safety Assessment when used during home visits, occupational therapists, 16298
materials vs imagery vs rote exercise based occupational forms, lower extremity movements & heart rate changes & recovery period & affective response, 14–68 yr olds undergoing cardiac rehabilitation, 28113
model of community development for occupational therapists working with children & adolescents & their families, 32059
models predicting compliance & satisfaction with home exercise programs, 23–88 yr old outpatients with upper-extremity orthopedic impairment, 15671
number of occupational therapy sessions, fine motor & related functional outcomes, 3.5–6 yr olds, academic year followup, commentary, 9270
number of occupational therapy sessions, fine motor & related functional outcomes, 3.5–6 yr olds, academic year follow up, 9264

occupational & sensory integration therapy, 3 yr old female exhibiting difficulty in occupational performance related to home & preschool contexts, 15077
occupational therapy services, capacity to learn & engagement in work & play & leisure activities, individuals with learning disabilities, 9260
occupational therapy treatment & assessment guidelines, ideational & ideomotor dyspraxia, adults, 35357
occupational therapy vs counseling & role of occupational therapist, effective treatment of PTSD, commentary reply, 35356
occupational therapy vs counseling & role of occupational therapist, effective treatment of PTSD, commentary, 35358
occupational therapy, self-induced goals related to tasks of daily life, adults with traumatic brain injury, 9274
outcomes of Gerontological Initiatives for Visionary Education Project for training in geriatrics & needs assessment & health promotion program development, occupational & physical therapy students, 28857
participation in work-related rehabilitation program, quality of life, 20–60 yr olds with schizophrenia, 9267
personally meaningful goal-directed therapeutic activities, standing endurance, 48–72 yr olds with cerebrovascular accidents, 15674
perspectives on problem-based learning in occupational therapy curriculum, 19–47 yr old college students, 15968
play-based occupational therapy for children with developmental disabilities, 35359
problems encountered in intervention, occupational therapists & children younger than 6 yrs of age with severe developmental dyspraxia, 15684
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary, 31740
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary, 31728
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, comment, 31741
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary, 31730
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary reply, 31736
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary, 31731
relationship between cognitive functioning & performance of daily living skills & cognitive level after discharge, psychiatric inpatients, implications for occupational therapy assessment, comment, 14444
relationship between cognitive functioning & performance of daily living skills & cognitive level after discharge, 18–55 yr old psychiatric inpatients, implications for occupational therapy assessment, 14459
relationship between playfulness & coping skills, 36–63 mo olds, implications for occupational therapy intervention, 14042
role of occupational & physical therapy in psychiatric evaluation & intervention, young children, 18476
role of purposeful activity in work rehabilitation, people with enduring mental problems, UK, 2721
sources of lead & effects on children & prevention strategies at child & family & community levels for occupational therapists & open system model, commentary, 9273
standards of practice in occupational therapy, 9259
structural equation modeling in occupational therapy research, 9269
symptomatology & treatment approaches used by occupational therapists, persons with anorexia nervosa & bulimia, 19103
theory of flow & optimal experiences for facilitation of optimal performance in occupational therapy, 19104
use & effectiveness of interventions in occupational therapy practice for people with intellectual disabilities, occupational therapists, 19105
use of Delphi technique for draft definition of client-centered practice in occupational therapy, occupational therapists, 15681
use of general information & assistive technology in occupational therapy practice, 9263
use of Model of Human Occupation in occupational therapy assessment & intervention, Sweden, 22282
use of Rasch analysis to produce scale-free measurement of functional ability in occupational therapy & health care practice, 12552
world view & field of action view of occupational therapy during introductory week, 19–41 yr old occupational therapy students, 19101

Occupational Therapy—Chapters
Occupational psychiatry and the employee assistance program, 25879
Organizational counseling and the delivery of integrated human services in the workplace: An evolving model for employee assistance theory and practice, 25876

Occupations [See Also Nontraditional Careers]—Serials
capability of present models in developing skilled performance & role of learning intervention that integrates learning with working, 38960
career exploration & decision making self efficacy, 11th & 12th graders from urban vs suburban high schools, 35521
cultural & occupational background & sex, negotiation style, adults, 12 countries, 6497
economic & other factors affecting job opportunities for health care, psychologist, 32079
examined whether from January 1982–January 1983 men left feminizing occupations, 16126
generalizilibility & validity of biodata & components of Manager Profile Record, managers & staff professionals (mean age 41 yrs old), 35585
Giotto integrity test validity, adults in various occupations, 26247
indecisiveness & neuroticism & psychoticism & occupational group, adults, 27374
J. L. Holland's Self-Directed Search & personal career theory in career assessment, 32345
J. L. Holland's theory of careers & conceptual & methodological problems in congruence research , 32338
J. L. Holland's work on career indecision & decision-making measures, 32343
labor markets & opportunity structures & context of men's retirement, application of 1910–1913 US census data, 16033
male vs female dominated occupational choice, patterns of verbal & spatial cognitive abilities, employees in male vs female dominated jobs, 12788
occupation & communist culture, worldview & disclosure, participants from Russia vs Georgia vs Hungary, 11206
occupations & personality traits & subjective well-being, 19–79 yr olds, 12785
occupations & physical activity level at work & socioeconomic levels & energy expenditure & cardiovascular risk factors, 35–69 yr old females, 25285
organizational & occupational variables & turnover intention, personality trait homogenization, employees, test of attraction-selection-attrition model , 9610
school & work & idle activities & classic vs segmented assimilation model, Mexican vs non-Latino White adolescents (aged 16–17 yrs), 7651
sex stereotypes of occupations & segregation of employment, college students, 14191
sex stereotypes of occupations & segregation of employment, college students, erratum, 27225
sex-role identity & gender, occupational sex role stereotypes, White South African high school students (mean age 15 yrs), 908
validity of RIASEC vocational interest typology & five factor personality model for prediction of employment status & nature of employment, college seniors, 1 yr follow up, 35593
vocational interest structure using Strong Interest Inventory Occupations items into Occupational Aptitude Patterns Map clusters, adults, 9953

Occupations [See Also Nontraditional Careers]—Books
Incest, work and women: Understanding the consequences of incest on women's careers, work and dreams, 1745

Occupations [See Also Nontraditional Careers]—Chapters
From education to employment: Occupations and careers in the social transformation of East Germany, 16049
The O*NET content model: Structural considerations in describing jobs, 12779
Reducing procrastination in the workplace, 6292
Women and work, 3033

Octopus—Serials
exploration & habituation & exploratory play, octopuses , 29733

Ocular Accommodation—Serials
aircraft head-up display & task cognitive load & forward looking infra-red imagery, ocular accommodation response & task performance, college students, 26354
analysis of eye-head gaze shifts & ocular torsion in 3 dimensions, Os, 3801
characteristics of accommodation evoked by perceived depth sensation & accommodation & vergence, 24.1–38.3 yr olds, implications for visual fatigue in stereoscopic displays, 16520
comparison of 2 head autorotation tests, measurement of vestibuloocular reflex, 29–62 yr olds, 29467
fixation disparity & accommodation & dark vergence & focus during vertical inclination of gaze, 18–36 yr olds, 3469
recovery of vestibulo-ocular reflex, 21–82 yr olds with acute unilateral peripheral vestibular deficit, 29466
role of accommodation & accommodative-vergence in saccade facilitated vergence, adults, 36505
role of vergence & accommodation in distance perception, 19739
static simulations of effects of defocus, longitudinal chromatic aberration & accommodation, 16–30 yr olds, 19733
vergence & accommodation demands in development of visual systems & exposure to virtual reality & stereo displays, adults & children, implications for visual problems, 12954
vestibular-ocular reflex & visually mediated eye movements, horizontal head rotations, 25–50 yr olds, 29750

Ocular Dominance—Serials
effects of overall luminance vs region size of luminance congruity in perception & binocular rivalry of orthogonal & dichoptic plaids, college students, 23018
Hebbian model for developing topographic projections & ocular dominance maps of lateral competition in primary visual cortex , 32503
lateralization of eye closure & monocular vs binocular sleep during 1st 2 wks of life, female chicks reared with imprinting object or in visual social isolation, 16929
model of correlation-based ocular dominance & orientation maps in lateral geniculate nucleus, 7039
monocular preference & orthoptic training, gaze-shift dynamics, adults with vs without convergence insufficiency, 32856
neural activity & time course following binocular rivalry via ERP from rivalrous vs non-rivalrous stimulation, adults, 23387
NMDA antagonist MK-801 & monocular deprivation, ocular dominance shifts & activity of single cells in visual cortex, kittens, 13713
quantitative assessment of degree of right-handedness & ear dominance & ocular dominance & line bisection performance & lateral eye movement preference, 18–49 yr old right-handers, 35863
regional variation in ocular dominance structure & mapping of visual space across visual cortex, ferrets, 29871

Ocular Fixation [See Eye Fixation]

Oculomotor Muscles—Serials
analysis of eye-head gaze shifts & ocular torsion in 3 dimensions, Os, 3801
diagnostic sensitivity & specificity of oculomotor deficits, patients with Friedreich ataxia vs cerebellar atrophy vs olivopontocerebellar atrophy, 5416

Oculomotor Nerve [See Cranial Nerves]

Oculomotor Response [See Eye Movements]

Odor Aversion Conditioning [See Aversion Conditioning]

Odor Discrimination—Serials
17beta-estradiol, olfactory discrimination performance, ovariectomized female rats, mitigation of cognitive symptoms of Alzheimer's disease, 23502
activation of cerebellum during odorant smelling vs clean air sniffing, 20–39 yr olds, 568
adaptation & cross-adaptation in odor coding in model olfactory organ of maxillary palp of Drosophila, 20086
automatic odor discrimination & olfactory event-related potentials, 20–25 yr olds, 20240
chemical cues from female urine & male anogenital gland secretions, habituation to & discrimination between scents from different conspecifics, male vs female giant pandas, 20036
chemosensory mate recognition & mate guarding, male snow skinks, 402
cognitive impairments in odor discrimination & latent learning tasks, wild-type vs heterozygous BTBR vs phenylketonuria mice, 26560
computational neural network model of spatio-temporal spiking patterns & odor recognition by computer-simulated olfactory bulb in artificial chemosensing system, 32510
detection of major histocompatibility complex-determined genetically different odors, trained vs untrained wild female mice, 3797
effect of test room odors on performance & of odor-related visual cues on subsequent implicit memory for odors in rating odor–environment fit & odor identification & naming, adults, 26307
electrophysiological responses of mitral cells in olfactory bulb as predictor of generalization & discrimination of aliphatic aldehydes, male rats, 29910
functional expression of & odor molecule specificity & sensitivity thresholds in OR17-40 chemoreceptor protein, humans & frogs, implications for odor discrimination, 33264
generalization between primary vs binary vs unrelated odor mixtures & their components, male rats, 23205
heat-lamp-induced sleep latencies & q-tip & odor-bottle olfactory stimuli in method for testing odor detection & discrimination, food-deprived 1 day old chicks, 33035

home nest odors, startle response, preweanling rats, 4067
homologous series of aliphatic alcohols & aldehydes presented in pairs & carbon chain length structural similarity of odorants, olfactory discrimination, 23–38 yr olds, 26308
impairment of olfactory identification & spatial memory, outpatients with obsessive-compulsive disorder (mean age 37 yrs), 37395
major histocompatibility complex, odor use in kin recognition & discrimination, juvenile Arctic charr , 3744
mate & odor preference for males infected or uninfected with nematode, prairie vs meadow voles, 20000
medial amygdaloid lesions, scent-marking & sex-odor vs individual-odor discrimination of male conspecifics, female hamsters, 16938
midazolam in conditioning vs test phases, conditioned avoidance response to predatory cat odor, male rats, 13718
MK-801, vicarious trial-and-error & simultaneous olfactory discrimination learning & reversal, weanling rats, 7199
molecular biology of odorant receptor genes, olfactory discrimination, humans & vertebrates, 19703
neonatal monoaminergic depletion in neocortex & hippocampus, novel odor discrimination & passive avoidance & locomotor activity, adult mice, 7024
neural encoding in orbitofrontal cortex & basolateral amygdala during olfactory discrimination learning, male rats, 13587
odor discrimination of isoamyl acetate with vs without quinine vs ethyl acetate in odor-cued taste-avoidance procedure, red kangaroos in seminatural environment, 33026
odor memory & identification & consistency of verbal label use & olfactory detection thresholds, 4–11 vs 18–30 vs 31–57 vs 64–90 yr olds, 26988
odor recognition & segmentation by coupled olfactory bulb & cortical networks, 32495
odorants & fragrances, sensitization or elicitation of multiple chemical sensitivities, 24720
olfactory discrimination ability between enantiomers, 22–37 yr olds, 23009
olfactory function & discrimination of familiar vs unfamiliar amniotic fluid odor experienced in utero, breast-fed vs bottle-fed neonates, 7433
olfactory responsiveness to food & feather & wood & feces odors, 1 day old domestic chicks with vs without early exposure to moist-food odorants, 33099
perceptual differences & physical/chemical properties of reward & nonreward odors, rats, 33081
physiological limitations, ability of humans to identify components in odor mixture, 18–37 yr olds, 23316
physostigmine dose & odorant concentration, odor mixture discrimination, male rats, 13445
predator inspection behavior based on chemical cues & acquired predator recognition, characin fish, 13437
preference & differential memory for male's bottom vs top scent over-marks, female meadow voles, 10313
ratings of intensity & pleasantness & familiarity & strength of hedonic judgment of everyday odorants, German vs Mexican vs Japanese 20–50 yr old females, 23006
repetition priming procedure requiring rejection of proposed erroneous name for odors, response latency for rejection of new vs primed odors, college students, 26311
responses to odors of predators, water voles, 19961
retrieval cues, odor sensitivity & identification, 64 vs 82 yr olds with vs without early Alzheimer's disease, 8641
role of social experience in odor discrimination & memory, hamster biological siblings vs foster brothers, 36364
similarities & differences in qualities of individual odors among kin & other species, male Turkish vs golden hamsters, 29722
structural similarity of odorants, odor perception & discrimination, squirrel monkeys & 23–37 yr old humans, 36298
temporal information across synchronized & oscillatory spike trains in odor discrimination, male locusts, 490
use of odor discrimination as conditioned stimulus in classical conditioning to hypoxia, male rats, 6973

Oedipal Complex—Serials

Anti-Oedipus & American relational models of Oedipus complex, 30543
countertranference & Jewish identity in Freud's case of Little Hans & development of Oedipal complex psychoanalytic theory , 27446
Freud as origin of concept 'anti-Oedipus', 34014
Freud's Oedipus complex vs Westermarck hypothesis & role of sociobiological evidence in incest & male sexual selection & mate choice, 30551
Freud's theory of distance from pre-Oedipal to Oedipal selves & application of psychoanalytic theory to reading literature & poetry, 33522
Greek myth images of labyrinth & Minotaur as allegory for M. Klein's conception of Oedipus complex & D. Winnicott's notions of object usage & subjective object, commentary reply, 11265
Greek myth images of labyrinth & Minotaur as allegory for M. Klein's conception of Oedipus complex & D. Winnicott's notions of object usage & subjective object, commentary, 11273
importance of Oedipal complex in mental life & psychoanalysis, case examples of 3.5-yr-old male & adult females, 31600
issues in Jungian & Freudian perspectives on Oedipus situation, 4801
male Oedipal tie to mother & female need for impotent male in relationship, sexual dysfunction, couples, 11263
masochism & subjectivity & capitalism in anti-oedipal interpretation of C. Dickens' 'Great Expectations', 33530
oedipal & sibling dynamics in organizations, 3119
oedipal conflicts & masturbation as ''internal soul murder'' & psychic development, 35-yr-old male psychoanalysis patient , 31587
oedipal situation & psychoanalytic treatment objectives in group therapy, 2248
parental couple in relation to Oedipus complex at various levels of development & psychical maturation, 7977
plicate Oedipus complex & homosexuality development in high functioning neurotic men, psychoanalytic therapy implications, commentary, 11272
precocious Oedipal fantasies & countertransference in psychoanalysis, 4 yr old, 8844
psychoanalytic interpretation of generation gap as metapsychological & clinical intersection for access to Oedipal triangulation in mind, 30553
psychoanalytic perspective on thinkability & failures in links between Oedipal & pre-Oedipal thoughts & parallels between play & syntax, 5580
psychoanalytic perspective on thinkability & failures in links between Oedipal & pre-Oedipal thoughts & parallels between play & syntax, symposium, 31580
psychoanalytic revisit to Oedipus of Sophocles' drama & failure of Oedipus to resolve oedipal complex, clinical illustrations, 14373
psychoanalytic work on psychopathology related to evasion of oedipal reality, schizoid & obsessional male patient, 31604
revision of oedipal complex & psychoanalytic theory of homosexual development in light of societal change & clinical insights, 37018

Oedipal Complex—Chapters

Letter to an unknown woman, 37208
Understanding curriculum as gender text: Notes on reproduction, resistance, and male–male relations, 4691
Understanding curriculum as gender text: Notes on reproduction, resistance, and male–male relations, 17532

Offenders (Adult) [See Criminals]
Offenders (Juvenile) [See Juvenile Delinquents]
Office Environment [See Working Conditions]
Officers (Commissioned) [See Commissioned Officers]

Offspring [See Also Adult Offspring, Daughters, Interracial Offspring, Sons]—Serials

age & sex & diagnosis & age at 1st diagnosis, own & same-sex siblings' number of offspring, patients with affective vs schizophrenia or nonaffective psychoses, 27695
age-specific & cumulative lifetime rates of psychopathology, 6–23 yr old offspring of parents diagnosed with major depressive disorder, 10-yr followup, commentary reply, 1554
age-specific & cumulative lifetime rates of psychopathology, 6–23 yr old offspring of parents diagnosed with major depressive disorder, 10-yr followup, commentary, 1551
aggregation for depressive & anxiety & disruptive disorders & other psychopathology, 6–17 yr old sibling pair offspring of opiate addicts with vs without comorbid psychopathology, 30905
behavioral & emotional problems, 2–18 yr old children of cocaine & opiate dependent parents vs children referred for mental health problems vs nonreferred children, 18082
behavioral responses, newborns of insulin-dependent diabetic mothers, 18276
developmental & familial & other correlates of suicidal ideation & plans & attempts & completions, child siblings with mothers with major depression vs bipolar disorder, longitudinal study, 24434
developmental delay in P300 ERP production, 8–18 yr old offspring at high vs low risk for developing alcohol-related disorders, longitudinal study , 37567
differential behavior assessed by heart rate, fetuses of diabetic vs nondiabetic mothers, 27994
exposure to suicide of others & depression & parent perception & attitudes about life & death, suicidality, parentally bereaved 13.4–19.6 yr olds, 21240
familial density criteria for alcoholism & neuropsychological characteristics, 7–15 yr old children of alcoholics, 27844
feeding patterns & attitudes toward eating, eating-disordered mothers & their female offspring, 18169
GABAAalpha6 Pro385Ser & sensitivity to diazepam, offspring (aged 18–25) of parents with alcoholism, 34362
housing program for reuniting families with special needs, 22–56 yr old single parents with serious mental disability & their children aged several weeks to 14 yrs, 35234
hypothalamic opioidergic activity, 18–25 yr old nonalcoholic offspring with vs without family history of alcoholism, 8387
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary, 31810
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary reply, 31782
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, 12320
infant & parental characteristics as predictors of childhood eating disturbances, infants & their parents, 5 yr study, 18189
information processing, 8–12 yr old children of mothers with vs without depression, 21112
intergenerational stability of difficult & inhibited childhood temperamental behaviors, parents assessed at age 7 yrs & their 2 yr olds, 907
internalized shame & self-esteem & perceived support & teacher ratings of school behavior, 9–13 yr old males vs females who are vs are not children of alcoholics, 21330
internalizing &/vs externalizing behavior problems & intellectual functioning & academic achievement, male vs female 3–8 yr old children of alcoholics with antisocial vs nonantisocial familial subtype, 7333
latent trait–state model of depressed mood, mothers & their adolescent offspring, 18 mo study, 7559
maternal attendance at religious services & child's behavioral & social functioning, 11–13 yr olds with vs without risk of having psychiatric disorders & their mothers, 24174
maternal depression, infant temperament, mothers (aged 17–42 yrs) & children, 18 mo study, 27638
maternal smoking during 3rd trimester & other risk factors, prediction of persistent criminal behavior, adult male offspring, comment, 14794
maternal smoking during 3rd trimester & other risk factors, prediction of persistent criminal behavior, adult male offspring, 14790
negative & positive consequences of using diagnoses & associated syndromes, Holocaust survivors & their children, 27530
onset of psychopathology & alcohol & cannabis use & substance-related problems from late childhood through early adolescence, sons of fathers with vs without substance use disorder, 30875
paralysis of symbolic functioning & 2nd attempt to provide psychoanalytic psychotherapy, adult child of Holocaust survivor, 25135
parent & grandparent major depressive disorder, risk of major depressive disorder & anxiety, offspring, 14470
parent with vs without depression in methadone maintenance, prevalence of psychiatric disorders & or impairment, 6–17 yrs, 1473
parental & exogenous estradiol, reproductive performance, 1st generation female finches, 20388
parental affective illness & increased incidence of depression, offspring, 1506
parental gender & concordance for psychiatric disorders, risk of psychopathology in offspring, 7–17 yr olds & their parents, 14443
parents' fundamentalist religious orientation & sex of child, children's educational attainment, 23911
pathogenic effects & psychodynamic therapy of intergenerational transmission of war trauma, fathers & their children, 37280
perceptions of stigmatization experienced by children of divorced lesbian mothers with vs without live-in partner, college students, implications for child custody determinations, 17523
platelet adenylyl cyclase activity, 8–18 yr old non-alcohol-drinking children of alcoholics, implications for possible trait marker for predisposition to alcoholism vs state marker for alcoholism, 21338
prematurity & feeding & maternal problem eating, development of eating disorders, adults (mean age 28.8 yrs), 34492
psychiatric adjustment & prevalence & onset of neurobehavioral deficits, 14–21 yr old offspring of schizophrenic parents, 30712
psychological effects of parental alcohol abuse, children, 18029
rate of lifetime parental depression & family functioning, adolescents with vs without depression, 1545

relationship dynamics, 18.5–24 yr olds & their fathers following divorce, implications for family therapy, 12086
risk factors & early deviant & self-reported behaviors, 12–17 yr old offsprings of adult narcotic addicts participating in methadone maintenance programs, 18072
risk of developmental delay during 1st 2 yrs of life, children born to low-income mothers, 14865
temporal variation of parental behavior in food delivery, chick condition, nestling shearwaters, 16807
theoretical expectations vs lived experience, children growing up with parent with multiple sclerosis, 34607
threatened offspring & predators, transgenerational induction of defenses, animals & plants, 33091
utility of maternal recall for obtaining history of obstetric complications, mothers of schizophrenic patients, 1573
visual P3 component as potential marker of vulnerability to alcoholism, 7–18 yr old children of alcoholics, 27887
visual selective attention ERPs, 7–18 yr old children of alcoholics, 7129
willingness to engage in interpersonal relationship with lesbian or child of gay parent, heterosexual college students, 20791
Offspring [See Also Adult Offspring, Daughters, Interracial Offspring, Sons]—Chapters
Effects of postpartum disorders on parenting and on offspring, 14519
Intergenerational relationships in later-life families: Adult daughters and sons as caregivers to aging parents, 18998
Old Age [See Aged]
Olfactory Bulb—Serials
antidepressant properties of 5-HT receptor agonist (+)-S-20499, behavior & neurochemistry in elevated plus maze & open field, bulbectomized male rats, 13783
auditory or visual sensory deprivation or zinc sulfate induced anosmia or removal of vomeronasal organ or olfactory bulbectomy or female feces, induction of noncontact erection, male rats, 36431
chemotopic vs combinatorial vs noncombinatorial odorant stimulation, morphological activation in olfactory bulb, zebrafish, 7044
chronic milnacipran dose, open-field hyperactivity induced by olfactory bulbectomy, male rats, animal model of depression, 13802
computational neural network model of spatio-temporal spiking patterns & odor recognition by computer-simulated olfactory bulb in artificial chemosensing system, 32510
electrical stimulation of tentacular digits, procerebral lobe frequency of electrical oscillations, slug, 10419
electrophysiological responses of mitral cells in olfactory bulb as predictor of generalization & discrimination of aliphatic aldehydes, male rats, 29910
expression of olfactory neurons & link to homolgous odorant receptor genes & projection of axons to neighboring glomeruli on olfactory bulb, 36468
firing properties of olfactory bulb neurons during sniffing, rats, 3977
morphological characteristics & distribution of neurocalcin immunoreactive elements in main olfactory bulb, rats, 3824
odor recognition & segmentation by coupled olfactory bulb & cortical networks, 32495
olfaction & peripheral olfactory connections, methimazole-treated rats, 23605
olfactory bulbectomy, locomotor activity & passive avoidance & tactile startle & grooming & feeding & neurochemistry, 12 wk vs 20 mo old male rats, animal model of human depression, 20149
olfactory proteins & odeorants & transduction apparatus & globase basal cell turnover & odoraolfactory sensory neuron line, 36440
paroxetine with vs without WAY 100635, olfactory bulbectomy-induced hyperactivity & serotonin receptor functioning, male rats, animal model of chronic antidepressant drug action, 26756
prenatal binge-like alcohol exposure at various trimesters, cerebellum & olfactory bulb cell loss, rats, 20326
Olfactory Evoked Potentials—Serials
aging effect on olfactory event-related potentials, younger (mean age 23.2 yrs) vs older (mean age 69.7 yrs) adults, 20185
attention, chemosensory ERP responses to linalool & eugenol or own vs sex-matched body odors, 20–27 yr olds, 3442
automatic odor discrimination & olfactory event-related potentials, 20–25 yr olds, 20240
nonfood priming odor with matched vs mismatched photos, long latency olfactory/visual ERP, 20–35 yr olds, 23381
odorant concentration, olfactory ERPs, 17–34 yr olds, 3984
olfactory event-related potentials & dementia, adults with Down's syndrome, 37707
stimuli from 4 taste qualities & compounds used with other species & pig food additives, whole nerve & single fiber responses in chorda tympani & glossopharyngeal nerves, domestic pigs, 26466
Olfactory Impairment [See Anosmia]
Olfactory Nerve—Serials
expression of olfactory neurons & link to homolgous odorant receptor genes & projection of axons to neighboring glomeruli on olfactory bulb, 36468
Olfactory Perception [See Also Odor Discrimination, Olfactory Thresholds]—Serials
17beta-estradiol, olfactory discrimination performance, ovariectomized female rats, mitigation of cognitive symptoms of Alzheimer's disease, 23502
ability of kairomones to induce arrestment & antennal examination, female aphid hyperparasitoid, 3705
age-related chemosensory changes & olfactory & taste perception & food intake & satiety & nutritional status, elderly persons, 20441
age-related oral & pharyngeal diseases, taste & smell, elderly persons, health-status & quality-of-life implications, 21489
aging effect on olfactory event-related potentials, younger (mean age 23.2 yrs) vs older (mean age 69.7 yrs) adults, 20185
anosmia, potentiation & inhibition of ultrasonic vocalization, rat pups in isolation vs with awake vs anesthetized dam vs unfamiliar male, 13648
apoloprotein E alleles & olfactory status as a marker for cognitive decline, Japanese-Americans aged 65 and older, 2 yr follow up study, 36887
attention, chemosensory ERP responses to linalool & eugenol or own vs sex-matched body odors, 20–27 yr olds, 3442
behavioral development, olfactory learning & conditioning for foraging, nurse vs guard vs adult bees, 10282
behavioral response to predator &/vs food &/vs alarm chemical odors, crayfish, 16813
chemotopic vs combinatorial vs noncombinatorial odorant stimulation, morphological activation in olfactory bulb, zebrafish, 7044
circadian rhythms in olfactory responses, fruitflies, 26696
conditioned olfactory associative learning, Caenorhabditis elegans lrn-1 & lrn-2 mutants, 16885
conscious vs unconscious olfactory stimulation, blood coagulation as measure of emotional response, 18–24 yr old males, 36506
conspecific & predator odors, defensive behavior & analgesia & spatial working memory, rats, 33042
cross-modal priming effects between olfaction & vision using modified Stroop test, undergraduates, 29472
culture system with ascorbic acid for support of short-term survival of olfactory receptor neuron, adult rats, 23360
design & use of computer-controlled olfactometer for functional MRI & electrophysiological olfaction studies, 25998
detection of alcohol & estimation of blood alcohol concentration from breath odor, police officers evaluating Ss with varying blood alcohol concentrations, implications for evaluation of drunk drivers, 16283
detection of dodecyl propionate & anogenital licking responses, Wistar rat mothers with surgical removal of vomeronasal organ vs zinc-sulfate nasal irrigation, 29674
electrophysiological responses of mitral cells in olfactory bulb as predictor of generalization & discrimination of aliphatic aldehydes, male rats, 29910
environmental odor & coping style, anger & affect & perceived arousal & motivation to escape, undergraduates, 11190
exposure to museum odors as state-dependent cues for memories recalled from museum visit several years earlier, college students mean ages 20.0–27.5 yrs, 10172
fetal exposure to light, olfactory lateralization, chicks, 7136
functional hemispheric asymmetry & olfaction, dextral 20–25 yr olds, 19698
heredity of olfactory sensitivity & personality traits, 20–30 yr old males & 21–64 yr old twin pairs, 7928
impairment of olfactory identification & spatial memory, outpatients with obsessive-compulsive disorder (mean age 37 yrs), 37395
involvement of polymorphic major urinary proteins in pheromone recognition, murine pregnancy block, 3628
isolation & characterization of cDNA encoding phospholipase C-beta shared by olfactory & visual systems, lobsters, 23364
kairomone & prior experience with hosts, recognition & acceptance of scale covers differing in age & size, mated female wasps, 3737
L-NAME vs 7-nitroindazole inhibition of nitric oxide synthase, early olfactory associative learning, newborn rats, 17094
linear neural network model of nemotode-like chemotaxis control circuit, 32486
neuropsychological & neurological & otolaryngological & auditory & olfactory status, HIV-positive adults, 5264
odorant concentration, olfactory ERPs, 17–34 yr olds, 3984
olfaction & peripheral olfactory connections, methimazole-treated rats, 23605
olfactory cues, maternal recognition of lambs within first day postpartum, mother ewes, 33154
olfactory discrimination ability between enantiomers, 22–37 yr olds, 23009
olfactory dysfunction, patients with Guamanian amyotrophic lateral sclerosis vs pure parkinsonism vs pure dementia vs combined parkinsonism-dementia complex, 8599
olfactory function & dementia, Alzheimer's vs Huntington's disease patients vs persons with Down syndrome vs APOE4 allele, 21587
olfactory function & discrimination of familiar vs unfamiliar amniotic fluid odor experienced in utero, breast-fed vs bottle-fed neonates, 7433
olfactory identification, patients with treatment-refractory schizophrenia, 21159
olfactory recognition of urine signals of dominant males, duration & aggression in agonistic interactions, male lobsters, 3716
olfactory responsiveness to food & feather & wood & feces odors, 1 day old domestic chicks with vs without early exposure to moist-food odorants, 33099
olfactory sensitivity to isoamyl acetate & androstenone before vs during treatment with neuroleptic drugs, patients with first episode schizophrenia vs psychotic disorder, 25224
olfactory short term memory, 3601
operant conditioning paradigm for assessment of olfactory performance, pigtail macaques, 3660
perceptual differences & physical/chemical properties of reward & nonreward odors, rats, 33081
plaque number in olfactory structures &/vs olfactory dysfunction, patients with multiple sclerosis, 37827
preexperimental bias or reward traces or visible urine or drive/incentive factors as potential mechanisms for motivationally specific odor production in reward & nonreward experiences, rats, 33069
qualitative & quantitative meta-analytic review of olfactory dysfunction in schizophrenia, 30736
ratings of intensity & pleasantness & familiarity & strength of hedonic judgment of everyday odorants, German vs Mexican vs Japanese 20–50 yr old females, 23006
relationship between perceived aroma & in-nose volatile concentration during eating of model food, trained panelists, 23001
restoration of hepatic function by liver transplantation, taste & smell detection & recognition thresholds, 34–64 yr old end-stage liver disease patients, food choice & nutritional status implications, 22042
role of amnesiac gene in olfactory learning & memory formation, adult fruit flies, 36390
role of associative learning in olfactory host searching, female parasitic insects, 344
role of chemosensory neurons in smell & taste perception, Drosophila melanogaster larvae, 26599
salience of maternal breast odor & role in motor activity & arousal & nipple location & sucking, newborns, 13950
saline vs methylscopolamine vs scopolamine, lamb odor recognition memory, parturient ewes, 10572
serotonin, conditioned olfactory learning induced by norepinephrine, neonate rats, 7243
similarities & cortical resource overlapping in odor & language information processing, 13558
stereoselective effects of R(+)- & S(-)-nicotine on trigeminal & olfactory sensory systems, 20–45 yr old healthy volunteers, 17108
structural similarity of odorants, odor perception & discrimination, squirrel monkeys & 23–37 yr old humans, 36298
synaptic correlates of odor habituation in anterior piriform cortex, rats, 3941
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, reply, 36883
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, commentary, 36901
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, 36884
techniques & research designs used in initial studies on episodic odors from reward & nonreward & possibility of data contamination, rats, 33068
theoretical issues in endogenous odor control & use of odor-based double alternation patterning to evaluate effect of drugs on emotional responding in runway performance, male rats, 33058
transient receptor potential calcium 2+ channel & olfactory adaptation, Drosophila, 23356
Olfactory Stimulation—Serials
17beta-estradiol, olfactory discrimination performance, ovariectomized female rats, mitigation of cognitive symptoms of Alzheimer's disease, 23502

activation of cerebellum during odorant smelling vs clean air sniffing, 20–39 yr olds, 568
activity rhythm of feeding behavior & chemically mediated food search, cod, 3728
association of failure &/or frustration with ambient odor, cognitive performance in room with same vs different vs no odor, 5 yr olds, 33614
attention, chemosensory ERP responses to linalool & eugenol or own vs sex-matched body odors, 20–27 yr olds, 3442
benzaldehyde, conditioned visual flight orientation, flies, 346
beta-noradrenergic antagonist timolol, long term memory consolidation for odor–reward association, rats, 20367
chemotopic vs combinatorial vs noncombinatorial odorant stimulation, morphological activation in olfactory bulb, zebrafish, 7044
classical conditioning of conditioned eyeblink response to olfactory stimuli, healthy 21–60 yr olds, 23428
conscious vs unconscious olfactory stimulation, blood coagulation as measure of emotional response, 18–24 yr old males, 36506
contextually relevant vs irrelevant odor stimuli priming & presentation of photographs, visual ERP, 21–23 yr olds, 23405
dental office odorant eugenol, pleasantness & autonomic nervous system responses transcribed into basic emotions, dental care fearful vs non-fearful 20–28 yr olds, 26314
development of attraction to previously familiar vanillin odorant in novel situation, 11 day old ISA Brown domestic chicks , 10274
effect of test room odors on performance & of odor-related visual cues on subsequent implicit memory for odors in rating odor–environment fit & odor identification & naming, adults, 26307
effects of 5–hydroxytryptamine, responses of macroglomerular complex projection neurons to female sex pheromones, male sphinx moths, 36428
generalization between primary vs binary vs unrelated odor mixtures & their components, male rats, 23205
heat-lamp-induced sleep latencies & q-tip & odor-bottle olfactory stimuli in method for testing odor detection & discrimination, food-deprived 1 day old chicks, 33035
home nest odors, startle response, preweanling rats, 4067
homologous series of aliphatic alcohols & aldehydes presented in pairs & carbon chain length structural similarity of odorants, olfactory discrimination, 23–38 yr olds, 26308
lavender aromatherapy after moderate physical exercise, cardiovascular measures of recovery, male college students, 29942
motor responses to neonatal alcohol odor &/vs tactile stimulation, rat pups prenatally exposed to alcohol odor &/vs tactile stimulation, 19935
nature of odor UCS in poisoned partner effect & conditioned & unconditioned effects of aversive odor, rats, 33052
nonfood priming odor with matched vs mismatched photos, long latency olfactory/visual ERP, 20–35 yr olds, 23381
observation of bidirectional control procedure with an odor cue, imitation of rewarded joystick movement, rats, 29694
octopamine agonists, nestmate recognition, honeybees, 23572
odor discrimination of isoamyl acetate with vs without quinine vs ethyl acetate in odor-cued taste-avoidance procedure, red kangaroos in seminatural environment, 33026
odorant concentration, olfactory ERPs, 17–34 yr olds, 3984
olfactory classical conditioning, sexual behavior, male rats, 6989
olfactory CS potentiation of startle response, male rats, 29696
olfactory cues at ''false site'', homing behavior, pigeons, 16791
olfactory stimulation with synthetic farnesenes & male preputial gland homogenates from intact or castrated males, estrus induction, grouped female mice, 26809
olfactory stimuli, context-dependent effects in infant memory, 3 mo olds, 7430
phonological & perceptual factors, short term olfactory coding & memory, 18–22 yr olds, 297
physiological limitations, ability of humans to identify components in odor mixture, 18–37 yr olds, 23316
preferences for odors of consubspecific vs heterosubspecific members of opposite sex, male vs female Mus musculus domesticus vs musculus vs hybrid mice , 3690
presence & pleasantness of olfactory stimuli, self-reported urge to smoke, 18–35 yr old smokers, 17545
ratings of intensity & pleasantness & familiarity & strength of hedonic judgment of everyday odorants, German vs Mexican vs Japanese 20–50 yr old females, 23006
relationship between olfactory stimulus & leisure memory via stage of life cycle, 55–84 yr old females, 16461
relationship between perceived aroma & in-nose volatile concentration during eating of model food, trained panelists, 23001
repetition priming procedure requiring rejection of proposed erroneous name for odors, response latency for rejection of new vs primed odors, college students, 26311
role of odor cues & visual information in determining familiarization with & subsequent reactions to novel half of exploration box, male vs female rats, 29723
scent & recall of color, honeybees, 6977
snake odor from reptilian predator, behavioral & fear & nociceptive response, male vs female spiny mice, 33102
structural similarity of odorants, odor perception & discrimination, squirrel monkeys & 23–37 yr old humans, 36298
thermal &/vs olfactory &/vs tactile stimuli, oral grasping of artificial nipple, rat pups without suckling experience, 6990
trace conditioning of odor aversion, functional interaction between entorhinal cortex & basolateral amygdala, rats, 10410
visual &/vs olfactory &/vs self-movement cues, spatial navigation in foraging & homing, female rats, 13458
Olfactory Stimulation—Chapters
Appearance and adornment cues, 10694
Olfactory Thresholds—Serials
functional expression of & odor molecule specificity & sensitivity thresholds in OR17-40 chemoreceptor protein, humans & frogs, implications for odor discrimination, 33264
odor memory & identification & consistency of verbal label use & olfactory detection thresholds, 4–11 vs 18–30 vs 31–57 vs 64–90 yr olds, 26988
olfactory detection threshold sensitivity in left vs right side of nose, adult left vs right handers, 3434
Oligophrenia [See Mental Retardation]
Oligophrenia (Phenylpyruvic) [See Phenylketonuria]
Online Databases [See Databases]
Online Searching [See Computer Searching]
Only Children—Serials
maternal attentiveness & overprotection & mothers as housewives, social skills & popularity & sociability & brattiness, 12 yr old only children vs children with siblings, South Korea, 17329
moral values, 7th graders with vs without siblings, China, 10879
Onomatopoeia and Images Test [See Projective Personality Measures]
Onset (Disorders)—Serials
abnormalities in corpus callosum & cerebellum, patients with late vs early onset schizophrenia, 34189
adult outcomes of 6–15 yr olds with prepubertal-onset major depressive disorder vs anxiety disorder, 11.9 yr average followup, 34081
age & gender & type of onset & premorbid development & relation to social adaptation, 7–14 yr olds with childhood onset schizophrenia, 42-yr study, 37357
age at onset, EEG changes during wakefulness, 48–85 yr olds with Alzheimer's disease, 24840
age of onset & severity indications, patients with bipolar I & bipolar II disorders, 30650
age of onset for binge eating & purging, 13–17 yr old females, 4 yr study, 1902
age of onset, patients with early vs later onset panic disorder (mean age 40.73 yrs), 27733
age of onset, type & severity of conduct problems, 9–17 yr olds, 34404
anxiety symptoms & panic attacks prior to pancreatic cancer diagnosis, 35 yr old female with no psychiatric history, 28101
apolipoprotein E genotype, patients with late-onset depressive disorders, Japan, 11372
association between age at puberty & age at onset of schizophrenia, males vs females with schizophrenia or schizoaffective disorder, 27658
beginning of findings from National Longitudinal Epidemiologic Survey on impact of early onset tobacco use on both illicit drug abuse & dependence & major depressive disorders, adults, 14398
bimanual & left hand unimanual exploration abilities, congenital vs late blind vs sighted adults, 31369
brain organization for language, 8–33 yr olds with early vs late onset of left-hemisphere lesion, 24834
buspirone, CSF concentrations of 5-HIAA & HVA as predictor of relapse, 20–61 yr old males with early vs late age onset of alcoholism, 12509
C allele of inflammatory cytokine interleukin-6 gene, initial onset & risk for sporadic Alzheimer's disease, 51–100 yr olds with Alzheimer's disease, implications for role of immune response , 21593
caregiver burden, caregivers of patients with early- vs late-onset dementia, 38553
causal relationship between stressful life events & onset of major depression, female twins, 1 yr study , 24205
cerebral side of onset & subsequent development of psychosis, patients with Parkinson's disease (mean age 71 yrs), 2086
cerebrovascular disease & education & occupation & other demographic variables & age of onset & rate of progression of Alzheimer's disease, patients with dementia, 5313
clinical & neurobiological correlates & risk factors of cytogenetic abnormalities, children & adolescents with very early onset of schizophrenia, 37379
clinical & pathoanatomical correlates of irritability, traumatic brain injury patients with acute vs delayed onset irritability, 3 & 6 & 9 & 12 mo followups, 24820
clinical features & diagnostic stability of early-onset psychotic disorders, 9–17 yr olds with schizophrenia or bipolar or schizoaffective disorder or organic or other psychosis, 2-yr study, 37281
clinical presentation & pharmacological treatment & course of illness & diagnostic implications, 60 yr old male with late onset psychosis & paranoid delusions & auditory hallucinations, 24274
clinical symptom dimension profiles & psychosocial situation, 15–44 yr old new schizophrenia patients, 5-yr study, 37384
co-occurrence of impulse control disorders & relation to age at onset of alcohol dependence & detoxifications & antisocial personality, 22–66 yr old alcohol dependent inpatients, 21321
cognitive ability & cerebral lateralization & cross-gender identity, 17–57 yr old early onset transsexuals, 5010
cognitive factors related to onset & maintenance of PTSD, adult sexual or physical assault victims with recovered vs persistent vs no PTSD, 30773
cognitive functioning, dementia, adults (mean age 75.28 yrs) with late- vs early-onset depression, 17886
comorbidity of DSM-III-R personality disorders, 21–66 yr olds with early- vs late-onset major depression, Japan, 17832
conceptual model of schizophrenia based on age-at-onset & neuropsychological & brain imaging clinical data, commentary reply, 1596
conceptual model of schizophrenia based on age-at-onset & neuropsychological & brain imaging clinical data, commentary, 1562
continuity between schizophrenia spectrum disorders in childhood & adolescence & variability in outcomes, patients aged 11 yrs 7 mo to 19 yrs 10 mo, 1–7 yr followup, 37348
decline of cognitive abilities after 1st episode schizophrenia, adults, 5 yr follow up, 34159
delusion of worm infestation with post-partum onset, 25 yr old female, 37276
demographic factors & onset of 1st manic episode, disease course & risk of recurrence, hospitalized patients with manic vs depressive 1st episode with vs without later manic episode , 27599
depressive symptomatology & incidence & rate of cognitive decline, community-dwelling 65 yr olds & older, 12 yr study, commentary, 8008
depressive symptomatology & incidence & rate of cognitive decline, community-dwelling 65 yr olds & older, 12 yr study, 7986
discontinuation of maintenance antidepressants, recurrence of first-episode depression within 2 yrs, elderly Ss (mean age 74.4 yrs), 2 yr followup, 24197
discrete effects of developmental vs social risk factors in onset & outcome of various functional psychoses, 8158
disorder onset & depressive & negative symptoms & social development & emergence of social consequences, adults with schizophrenia, retrospective & 5 yr prospective studies, 34158
early course of illness & 1st onset of psychotic symptoms, neuropsychological function & psychopathology, 1st episode schizophrenics, erratum, 8132
early onset & parental behavior management & support needs & prevention, parents of 3–5 yr olds with conduct disorder &/or antisocial behavior, 27799
early onset psychiatric disorders, socioeconomic status, 25–54 yr old males, 8059
etiology with congenital vs infantile onset, persistent motor control & strength & balance & gait & posture & fine motor skills, 5–15 yr olds with hydrocephalus, 11897
event-related potentials & attention during continuous performance tests, adult patients with schizophrenia vs those with childhood onset schizophrenia, 24293
explanations for & content of reported verbal auditory hallucinations, prelingually profoundly deaf 16–61 yr olds with schizophrenia or schizoaffective psychosis, 27666
frequency & onset & comorbidity of current & lifetime DSM-III-R disorders & relation between trauma exposure & development of complicated vs uncomplicated PTSD, male former prisoners of war, 7993
gender & age of onset, patients with chronic schizophrenia with periodic vs systematic catatonia, 8156

gender specific model of adolescent-onset & delayed-onset pathways to antisocial behavior in girls, 14704
genetics & adrenal & testicular & neurological pathogenesis & diagnosis & treatment of & mania & psychosis & cognitive impairment as psychiatric symptoms of adult onset adrenoleukodystrophy, 31075
group work for enhancing emotional adjustment, first episode schizophrenic patients, 15216
hemicrania continua onset after head trauma & differential diagnosis, 26–45 yr old patients with left or right-sided headache, 24824
HIV-related expectancies &/or AIDS-related bereavement, prediction of onset of symptom onset, previously asymptomatic 18–50 yr old HIV-positive gay males , 24750
illness onset & delusional vs psychotic vs hallucinatory symptoms, sex offending, 17–47 yr old males with schizophrenia, 14582
infant & parental characteristics as predictors of childhood eating disturbances, infants & their parents, 5 yr study, 18189
insidious or physically traumatic symptom onset, resting state regional cerebral blood flow, female patients with fibromyalgia vs non-patients with fibromyalgia vs healthy controls, 37740
knowledge of late life depression & aging, primary care patients, 10928
landmark-based morphometric analysis & image averaging on brain sites & structural changes in 1st-episode schizophrenia, patients with schizophrenia, 24251
left subgenual cingulate volume, adults suffering 1st episode schizophrenia or bipolar manic or unipolar affective disorder with vs without family history of affective disorders, 27522
lesion localization & time of disease manifestation, patients with poststroke hand dystonia, 5291
life events & stress & illness onset, adult females with anorexia vs bulimia, 11753
mania onset while using dehydroepiandrosterone, 51 yr old man, 24207
manic vs major depressive polarity sequence of 1st episode vs 2nd-4th episodes & episode duration & overall morbidity, bipolar I patients, 15 year prospective study, 14510
MRI-assessed correlates of depression, patients with early vs late onset Alzheimer's disease, 2019
negative life experiences, phobia onset, 15–54 yr olds, 30780
neurobiological aspects of childhood obsessive-compulsive disorder, 34206
neurobiology of brain maturational deviations, onset of schizophrenia, adolescents, 34166
neurodevelopmental models of neurocognitive impairment in childhood onset schizophrenia, 37349
neuropsychological deficits, adolescents with ADHD (mean age 14.1 yrs) vs adolescent-onset schizophrenia (mean age 16.2 yrs, 30627
neuropsychological models of childhood onset obsessive compulsive disorder, 34228
obstetric complications & age at onset of schizophrenia & gender, commentary reply, 1627
obstetric complications & age at onset of schizophrenia & gender, commentary, 1617
obstetrical complications, early age onset of schizophrenia, patients with childhood onset schizophrenia vs siblings, 37380
onset & comorbidity & role of behavioral problems in substance use disorder during adolescence, 5-yr olds with vs without early childhood speech language impairment followed prospectively for 14 yrs, 31026
onset & predictors of common mental disorders, 16–65 yr old primary-care attenders without mental disorders at recruitment, Zimbabwe, 12-mo study, 11340
onset & response to prophylaxis & treatment of rapid cycling bipolar affective disorder, people with intellectual disability, 37705
onset of disability, primary care patients with vs without depression, 3 & 12 mo followup, 34124
onset of parental physical impairment, instrumental & emotional support received from sons & daughters, 54–85 yr old parents & their 18–68 yr old children, 37780
order of onset of polysubstance or drug or alcohol abuse & major depressive episodes, 18–65 yr old outpatients with major depressive disorder, 11280
patient characteristics & duration of untreated psychosis, 15–55 yr olds with 1st episode nonaffective psychosis, implications for prognosis, 37369
patterns & predictors of treatment contact after 1st onset of disorder, 15–54 yr olds with panic or generalized anxiety or phobic or addictive or major depressive or dysthymic disorder, 22133
patterns & predictors of treatment contact after 1st onset of disorder, 15–54 yr olds with panic or generalized anxiety or phobic or addictive or major depressive or dysthymic disorder, 22113
patterns of comorbidity in child- vs adolescent- vs adult-onset, 18–65 yr olds with major depressive disorder, 27573
personality characteristics & affect & psychopathology, female patients with premenarcheal vs postmenarcheal onset anorexia nervosa, 34494
possible dynamic imbalance of neocortical–subcortical interactions in etiology of early-onset schizophrenia, 37358
presence of alleles of apolipoprotein E & other risk factors & & age of onset in Alzheimer's disease, aged patients, 15049
prevalence & age of onset & cessation of migraine with vs without aura, mono- & dizygotic twins from the general population in Denmark, 18286
prevalence & diagnosis & onset & outcomes & treatment, primary care vs psychiatric patients with depression, 8116
psychiatric & cognitive & neurological characteristics at disease onset, 45–80 yr olds with Alzheimer's disease, 5377
psychosocial factors in onset of phenotypic expression of Alzheimer's disease, patients with familiar AD & spinocerebellar ataxia, 37895
psychosocial risk factors & the development of breast cancer, 31152
recent death vs myocardial infarction of husband, event decay & onset of depressive & anxiety disorder, wives, test of vulnerability/resilience models, 21053
reevaluation of diagnostic systems in light of complexity of late-life syndromes, 76 yr old female with psychotic & depressive symptoms with onset in late life, 17902
relation between gray matter volume & clinical & neurocognitive measures, males vs females with 1st episode vs previously treatment schizophrenia, 37365
relationship between GluR6 gene & age of onset, 3–75 yr olds with Huntington's disease, 37763
relationship of age of onset to demographic characteristics & clinical characteristics & treatment parameters & outcomes, elderly inpatients with bipolar disorder, 8125
reliability & validity of age-of-onset subtyping of conduct disorder, 13–18 yr olds with conduct disorder referred to psychiatric clinics, 3 yr prospective study, 29390
risk factors for first onset vs recurrence of depression, 9th-12th graders, 27606
risk for substance use disorder, 12–18 yr olds with child- vs adolescent-onset bipolar disorder with vs without other comorbid psychopathology, 24230
role of traumatic experiences in the genesis of obsessive-compulsive disorder, case examples of 20–50 yr olds, 30772
self-efficacy beliefs, onset of perceived functional disabilities & aging, 70–79 yr olds, 2.5 yr followup, 33714
severe life events 1 yr prior to onset, 13–18 yr olds with major depression, 1555
severity & timing of stressful life events & onset of depression, outpatients with no previous vs 1 vs multiple lifetime episodes of depression, 11361
sex &/or age of illness onset, frequency of hallucinations, drug-free schizophrenic vs schizoaffective inpatients (mean age 32.3 yrs) in acute episodes, 24287
sex differences in incidence & age of onset of schizophrenia, males & females followed between 16 & 28 yrs of age, 21153
significance of age of onset & brain size & hand-eye & hand-foot crossed dominance, schizophrenic in- & outpatients (mean age 27 yrs), 27707
sociodemographic & clinical & familial factors predicting delay between onset of psychotic symptoms & 1st hospitalization, 16–59 yr old psychiatric inpatients, 8083
stability of cognitive function & relationship between cognitive performance & clinical symptoms, first-episode & recent-onset schizophrenia patients (mean age 24 yrs), 5 yr study, 34155
stability of psychiatric disorders with onset in preschool yrs, 2–5 yr olds with emotional &/or disruptive &/or other disorders, 42–48 mo study, 8004
structured interview vs Phobia Origins Questionnaire, validation of onset of phobias, 17–48 yr olds & their parents, 6616
symptomatology during 1st episode & symptom dimensions across life span, patients (mean age 11.8 yrs) with childhood onset schizophrenia, 42 yr study, 37355
symptoms & structure & nature of febrile onset psychosis associated with malaria, Sudan, diagnostic implications, 1563
temporal evolution of stress & difficult life events in year prior to onset, 17–64 yr olds with depressive disorders, 27607
temporal relationship between appearance of depressive symptoms & clinical onset of dementia or AD, community-dwelling 65 yr olds & older , 14387
urban place of birth & residence, risk of adult schizophrenia onset, birth cohorts (maximum age 23 yrs), 37375

Onset (Disorders)—Chapters

Aging and dementia, 11950
Early psychosis and substance abuse, 30764
Family intervention in early psychosis, 30762
Home-based treatment of first-episode psychosis, 31987
Mental disorder in late life: Exploring the influence of stress and socioeconomic status, 30597
The onset of psychotic disorder: Clinical and research aspects, 30769
Overview of descriptive epidemiology of mental disorders, 30596
The psychoimmune system in later life: The problem of the late-onset disorders, 1498
The role of day programmes in recovery in early psychosis, 31922
Schizophrenia, 4973
Sharpening the focus: Early intervention in the real world, 31409
Striving for confirmation: The role of self-verification in depression, 11392
Suicide and early psychosis, 30767

Ontogeny [See Development]

Open Classroom Method—Chapters

Open learning environments: Foundation, methods, and models, 22478

Open Field Behavior (Animal) [See Animal Open Field Behavior]

Open Universities [See Nontraditional Education]

Openmindedness—Serials

model for understanding receptivity to technological products based on predispositional & need & social support factors & level of concern, 65–84+ yr olds, 25997
use of reflexivity in understanding & intervening in human relationships, 17666

Openness to Experience—Serials

correlation between openness to experience & rebelliousness & creative acts & interests, college students, 7898
demographic & health characteristics, styles of experiencing & regulating emotion & affect–experiential personality types, 31–59 yr olds & adults aged 60 yrs & over, 36810
re-analysis of P. T. Costa & R. R. McCrae's seminal matrix of personality factors & lack of support for openness to experience factor, 1334

Operant Conditioning [See Also Avoidance Conditioning, Conditioned Emotional Responses, Conditioned Responses, Delayed Alternation, Discrimination Learning, Escape Conditioning, Time Out]—Serials

5-HT1A agonist 8-OH-DPAT, operant food intake, food-deprived vs satiated pigs, 33391
7-OH-DPAT into central nucleus vs basolateral nuclei of amygdala, Pavlovian vs instrumental conditioned approach responses, male rats, 7209
95 vs 85 vs 75% normal body weight due to food deprivation & 15 vs 60 s variable interval reinforcement, degree of within-session wheel running, rats, implications for activity-based anorexia, 23216
acetylcholinesterase inhibitor ENA 713 (Exelon), delayed non-matching to position task performance, male rats with scopolamine induced spatial working memory impairment, animal model of Alzheimer's, 36523
anticipatory cues, response inhibition in operant behavior, male rats, 3666
attenuation of cocaine-induced response-rate increases in operantly conditioned behavior during acute & repeated administration, pigeons, implications for cocaine reinforcement & tolerance, 10546
auditory stimulus generator & response button & pellet-dispensing nipple in operant apparatus for measuring ability to categorize complex auditory stimuli, koi & tilapia & other fishes, 36074
behaviorally conditioned CNS immunosuppressive effects of cyclosporine A using saccharin as stimulus, rats, 4035
central 5-HT depletion, acquisition & performance of symmetrically reinforced go/no-go conditional visual discrimination, male rats, 13547
change of operant schedule contingencies & reinforcement density, allocation of behavior predicted by behavioral momentum, 60–79 yr olds, 23820
chronic antidepressants, operant-conflict anxiety, male rats, 13696
class-consistent differential reinforcement in matching-to-sample training, stimulus class formation, pigeons, 26486
commercially prepared exogenous equine serum butyrylcholinesterase, operant behavior & recognition learning, monkeys, 10616
concurrent operants paradigm to evaluate positive reinforcements to treat food refusal, 2.0–3.9 yr olds with lack of normal physiologic growth & development, 8802
constancy of food deprivation across retention period, loss of tolerance to amphetamine induced hypophagia, male rats, 36568
continuous-access ethanol operant self-administration, males from selectively bred alcohol-preferring vs -nonpreferring rat lines, 7009

demonstration of computer-controlled shaping for instruction of method of successive approximation, introductory psychology students, 15895
discrimination vs reinforcement in FI operant conditioning, behavioral outcomes & in vivo microdialysis measurement of hippocampal dialysate acetylcholine concentration, rats, 23201
dopamine antagonists & accumbens dopamine depletions, time constrained progressive-ratio responding for food reinforcement, male rats, 612
economic context of operant responding & reinforcement loss, tolerance to behavioral effects of amphetamine under VI schedules, male rats, 20278
ethanol hangover, operant self-administration of cocaine, male rats, 7168
ethanol initiation & limited access operant self-administration, males from selectively bred alcohol-preferring vs nonpreferring rat lines, 7014
ethanol, autoshaping as impulsive responding in delay of reward & operant choices, rats, 757
excitotoxic lesions of basolateral amygdala, conditional discrimination learning with primary & conditioned reinforcers, male rats, 13522
forebrain vs dorsal raphe nucleus 5-HT depletion, cognitive & sensory & motivational or motor components of conditional visual discrimination, male rats, 13598
full & partial 5-HT 1A receptor-specific agonists, response duration differentiation & antidepressant effects, male rats, 4182
functional dynamics of neuron B51, selective enhancement of motor pattern I in buccal ganglia, Aplysia, 16934
hippocampal lesions, spatial operant discrimination, pigeons, 33085
inhalation of commercial isoparaffinic hydrocarbon solvents, locomotor activity & operant performance, male mice, implications for abuse potential, 633
intra-amygdaloid R(+) 7-OH-DPAT, intra-accumbens d-amphetamine-associated instrumentally conditioned locomotor responding, male rats, 7210
intraaccumbens raclopride, response reinstating properties of food reinforcement & amphetamine induced locomotion, male rats, 13704
intrahippocampal beta amyloid protein, operant responding, male rats, implications for Alzheimer's disease, 10635
intranucleus basalis magnocellularis saporin, dose-dependent acquisition & performance of go/no-go task & choline acetyltransferase activity, male rats, 17030
IQ & money-reinforced operant behaviors, 6 yr olds, implications for neurotoxic studies, 23661
lesions to lateral amygdala vs medial preoptic area vs nucleus accumbens, operant responding for pup-reinforcement, female rats, 13557
lesions to parafascicular nucleus of the thalamus, operant food-procuring pedal pressing reflex, trained vs untrained male rats, 3929
long-term ethanol free access, operant responding for ethanol in 2- & 3-bottle choice test, male rats, 36311
low doses apomorphine vs amphetamine, operant responding, male rats, 33441
maturation of couplings between septal & hippocampal & ventral tegmental regions & extinction of, learned behavior, rats, 36441
methylergonovine, blocking of synaptic connections from esophageal nerve reinforcement pathways & contingent-dependent enhancement of reinforced motor activity, isolated buccal ganglia of Aplysia, 20124
morphine analgesia, state-dependent recall of FR-10-conditioned lever-pressing, male rats, 17102
naloxone, motivation for grain vs sweet pellet reinforcer & free access consumption of food, obese male Zucker rats, 10582
naltrexone derivative nalmefene, ethanol-maintained lever pressing, ethanol-preferring & outbred Wistar rats, 7217
neocortex bursts of high-frequency electrical oscillations during food-related operant conditioning, dogs, 7117
neonatal thermotaxis, reversal in learning head-turning operant for warming reinforcer, 1 vs 5 vs 11 day old rats in cool environment, 13401
neural changes after operant conditioning of aerial respiratory behavior, Lymnaea stagnalis, 13649
neural mechanisms underlying operant & classical conditioning of antennal movements, honeybees, 10426
observational learning from trained demonstrator & acquisition of operant response during novel motor pattern task, riding horses & ponies, 10277
ontogenetic differences in learning head-turning operant response for cool reinforcer, 1 vs 5 vs 11 day old rats in warm environment, 13402
operant conditioning paradigm for assessment of olfactory performance, pigtail macaques, 3660
operant conditioning theoretical model based on short-term & long-term memory in single-choice & multiresponse learning, 10267
operant conditioning with auditory feedback, visual tracking development & augmentation of proportion of slow eye movements, 1–7 day old neonates, 23685
operant contingent exposure to song playback, song copying, male zebra finches, 16761
operant responding on progressive ratio schedule for intravenous cocaine & sucrose reinforcement during reproductive process, female rats, 33416
pathways of memory consolidation during operant conditioning & model of multiple pharmacologically distinct memory phases, drosophila, 3671
phentermine, cocaine-maintained multiple fixed-ratio responding, male rhesus monkeys, 17122
positive & negative reinforcement, time allocation & occurrence of problem behavior & completion of parent instructions during concurrent choice assessment, 4 yr olds with severe problem behaviors, 15193
positive reinforcement training, voluntary movement into indoor portions of enclosures, captive chimpanzees, 6960
post-conditioning increase in water deprivation, extinction & revaluation & generality of incentive learning in motivational shifts, male rats, 33067
postnatal exposure to pentachlorobiphenyl, behavioral task performance, male monkeys, 13805
prenatal cocaine exposure, operant self-administration of ethanol, male mice, 36563
psychophysiology & Pavlovian & operant principles of control in modification of breathing behavior & retraining, 25063
reduced synaptic facilitation between pyramidal neurons in priform cortex after odor discrimination operand conditioning task, male rats, 36458
reinforcement schedule as context for prefeeding & extinction resistance, pigeons, 10280
reinforcement to single target neuron, instrumental conditioned reflexes, land snails, 3931
role of spinal neurons in instrumental learning for flexed leg position under stress, male rats, 7049
sensitization of operant behavior to cocaine with increasing & repetitive dosage regimens, rats, 13777
stages of learning in acquisition of beam pressing response in operant conditioning paradigm & submovement expression of feedforward mode of force control, rats, 340
temporal course & stimulus properties & generalization of indorenate vs 8-OH-DPAT, stimulus control over operant responses, male rats, 13830
terminal-link frequency & duration with vs without food reinforcement, conditioned preference responding, pigeons, 26485
value transfer during simultaneous discrimination, pigeons, 3649
varying interval between successive morphine pretreatments, naloxone precipitation of withdrawal symptoms & suppression of operant responding, male rats, 20369
within-session changes in responding & establishing operations during course of functional analysis, 5–21 yr olds with moderate to severe mental retardation presenting with problem behaviors, 11721
within-session changes in response rate during steady-state operant procedures, implications for behavioral pharmacology, 13160
within-session decrease in operant response rate as function of cumulative food intake under continuous reinforcement vs semi-VI schedule, rats , 3640

Operant Conditioning [See Also Avoidance Conditioning, Conditioned Emotional Responses, Conditioned Responses, Delayed Alternation, Discrimination Learning, Escape Conditioning, Time Out]—Chapters

Behavioral processes of infants and young children, 3425
The experimental analysis of operant behavior: A history, 3675
Mesolimbic neuronal activity across behavioral states, 26879

Operation (Surgery) [See Surgery]

Ophidiophobia—Serials

time limited cognitive & relaxation treatment, 40 yr old female patient with snake phobia, 38070

Ophthalmologic Examination [See Also Electro Oculography, Electroretinography]—Serials

electrodiagnostic methods for assessment of abnormalities in visual processing & effects of optometric rehabilitation, patients with mild traumatic brain injury, 6–18 mo followup, 34627
optometric vision evaluation procedures, patients with closed head injuries, 35099
outcomes of interdisciplinary vision assessment approach of the Special Populations Assessment & Rehabilitation Center, multiply impaired 6 mo to 74 yr olds, 24888

Ophthalmology—Serials

eye care professional clinical experiences & role in prevention & treatment, 14–22 yr olds with sports-related injuries, 5453

Opiate Agonists [See Narcotic Agonists]

Opiate Antagonists [See Narcotic Antagonists]

Opiates [See Also Codeine, Endogenous Opiates, Fentanyl, Heroin, Morphine, Papaverine]—Serials

3Hethylketocyclazocine binding to brain opioid receptors, alcohol-avoiding vs alcohol-preferring rats, 23353
6-hydroxydopamine lesion of noradrenergic neurons of locus ceruleus, opiate withdrawal syndrome & clonidine, male rats, 33192
7-OH-DPAT & various dopamine agonists & antagonists, antinociceptive effects of mu opioids morphine & dezocine, male rats, 26753
kappa opioid agonists, cocaine- & food-maintained responding, rhesus monkeys, implications for pharmacological treatment for cocaine dependence, 4216
access to & expansion of methadone maintenance treatment for opioid addiction, 22265
accidental ingestion of naltrexone, ultra-rapid opiate detoxification, 30-yr-old male methadone maintenance patient, 32045
alpha-2-adrenergic antagonist idazoxan, reduction of antinociceptive effect of mu-opioid fentanyl, rats with paw inflammation, 36565
analgesic effect of Diprotin A vs morphiceptin vs endomorphin 1, guinea pig ileum & mouse vas deferens, 10653
analysis of treatment costs of 180 day methadone detoxification with vs without contingency contracting, 23–60 yr olds with opioid addiction, 22262
aninociceptive action of mu & delta & kappa opioids, frogs, 13593
bremazocine, unrestricted free-choice ethanol self-administration without affecting sucrose preference, rats, implications for clinical management of ethanol addiction, 17076
buprenorphine dosing conditions, opioid withdrawal & intoxication effects, 21–44 yr old opioid-dependent outpatients , 38211
buprenorphine vs naltrexone maintenance therapy, attenuation of opioid effects, opioid-experienced 35–49 yr olds, 35327
Butorphanol nasal spray, detoxification, 23–66 yr olds with opioid dependency, 38246
chronic & intermittent & acute opiate antagonist treatment, alcohol deprivation effect, male long term ethanol experienced rats, animal model of craving & relapse, 33422
chronic nicotine, antinociception & opioid receptor binding & met-enkephalin levels in striatum, rats, 23603
chronic social stress of triad housing & dominance status, delta-opioid receptor function as seen in locomotor & exploratory processes & nociception responses to SNC-80, male rats, 26717
clocinnamox & quadazocine pretreatment, in vivo kappa opioid activity of butorphanol vs nalbuphine as seen in ethylketocyclazocine discrimination & diuresis, rhesus monkeys, 26861
clozapine vs olanzapine & interaction with receptor specific opioids vs adrenergic vs serotonergic drugs, analgesia, male mice, 36620
day treatment vs enhanced standard methadone care, efficacy & cost, opioid dependent patients, 6 mo followup , 9225
decision making & deliberation time, adult chronic opiate vs amphetamine abusers vs adults with orbital prefrontal vs dorsolateral/medial prefrontal damage vs lowered tryptophan, 14754
decrease in illicit market availability of temazepam gel-filled capsules, polydrug-using repertoires, individuals addicted to opiates, 24522
delivery & dose of opioid or nonopioid analgesic & acute pain & morbidity, previously healthy 13–63 yr old appendectomy patients, 28589
desipramine, buprenorphine- vs methadone-maintained opioid-dependent cocaine-abusing 20–53 yr old males vs females, 35004
development of scale on reluctance toward prescription of opioids for cancer pain to terminally ill, medical students, 19183
dopamine modulation of kappa opioid agonist induced ultrasonic vocalization vs antinociception vs activity level, preweanling rats, 30039
drug use predictors of domestic violence perpetration & victimization, females in methadone treatment for opiate addiction, 5071
dynorphin peptide dosages, opioid receptor-mediated serum prolactin, male vs female 25–48 yr olds, 7223
effect of Community Reinforcement Approach on AIDS risk behaviors & comorbid psychiatric disorders, 20–63 yr olds with opioid dependency, 18 mo study, 9222
effectiveness of opioid addiction pupil dilation test in rapid diagnosis, 18–52 yr old opioid dependent patients in outpatient drug dependency unit, 30884
endogenous opioid antagonists, opioid withdrawal like behaviors/symptoms induced by electrical stimulation of paragigantocellularis, opioid naive male rats, 13776
endogenous opioid peptides, social transmission of spontaneous food preferences, female mice, 17070

extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance, commentary reply, 19081
extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance, commentary, 19057
extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance treatment, 19082
extent of witnessing overdose & acceptability & impact of naloxone distribution & training, injection drug users & opiate addicts in methadone maintenance treatment, commentary, 19066
Family Assessment Device scores & premature discharge from opiate withdrawal program, 17–34 yr old opiate misusers, 15631
frequency of urine testing, detection of opioid & cocaine use, patients in methadone maintenance treatment, 32055
improving the efficacy & safety of local anaesthetics & opioid analgesics administered epidurally, 5726
increase in drug dosage as opioid tolerance vs increase in pain levels in cancer pain treatment, 5601
innate alcohol preference, opioid system & brain regions, alcohol preferring vs nonpreferring rats, 33393
interdisciplinary behavioral pain management strategy, opiate tolerance & pain control & mood & functioning, alcohol abstinent 48 yr old male with chronic pancreatitis, 22021
issues in effectiveness of opioids in relieving neuropathic pain, 22045
issues in opioid treatment for chronic intractable pain, 40 yr old female, 35063
juvenile isolation & morphine treatment, general & social activity & endogenous opioid release during social interaction test, male rats, 30064
kappa opioid agonist EMD 61753, pain & inflammation, humans after knee surgery & rats, 26810
knowledge & attitudes about use of opioids in chronic & nonchronic cancer pain patients & resistance to stocking & dispensing opioids & availability of opioids for chronic pain, community pharmacists, 25576
levo-alpha-acetylmethadol dose, adults with opioid dependence, 1799
long-term use of weak opioid analgesics, substance dependence, 60–87 yr olds, 11608
low vs intermediate vs high efficacy mu-opioids, antinociception & drug discrimination, F344 vs Sprague-Dawley vs Long-Evans vs Lewis rat strains, 20344
medical & psychosocial features & type of treatment received, acute opiate overdose patients, 12 mo study, 1764
medical consequences of alcohol & opiate & heroin abuse, patients with HIV, 28081
mesencephalic neuron kappa opioid tolerance & dependence, rats, implications for treatment of cocaine addiction, 26758
methadone take-home contingencies, cocaine & opiate use, persistent opiate & cocaine abusers, 15613
microinfusions of opioid subtype-selective agonist & antagonist into ventral tegmental area, self administration of cocaine, rats, implications for role of mu opioid receptors in cocaine reinforcement, 10554
moderate vs high daily dose methadone, patients with opioid dependence, 15640
modulation of opioid receptor signaling by kainic acid in neural cells, 29980
morphine vs etorphine vs buprenorphine vs U50488 with vs without clocinnamox, antinociception, adult male squirrel monkeys, 4245
mortality associated with illicit opiate use, 18056
mu vs mu/kappa receptor opioids, delta opioid discrimination, female pigeons, 4243
mu-opioid & nicotinic cholinergic mechanisms in pedunculopontine tegmental nucleus, male rats, 33381
nefazodone, 29 & 46 yr old males & 32 & 37 yr old females with depression & opiate addiction, 2330
ondansetron & morphine & TAN 67 & natrindole & funaltrexamine, ethanol-induced place preference, male rats exposed to conditioned fear stress, 23330
opioid & NMDA non-opioid mediated nociception after analgesia induced by 5 vs 30 min exposure to biting fly attack, male vs female deer mice, 4178
opioid antagonists, hypothermia-induced analgesia, leopard frogs, 20217
opioids, glutamate-mediated transmission in ventral tegmental area during morphine withdrawal, rats, 26812
oral methadone formulations, opiate withdrawal symptoms, 30–55 yr old patients, 38606
perinatal exposure to delta-9-tetrahydrocannabinol, morphine self-administration & regional binding to central mu opioid receptors, adult offspring female rats, 762
peripheral vs intracerebral naloxone, acquisition & expression of appetitive & consummatory sexual behavior, castrated & testosterone-treated Japanese quail, implications for role of opioids, 26838
permanent focal hyperhidrosis following termination of opiate abuse, 21 yr old female & 39 yr old male, 30868
plasma concentrations 24 & 48 & 72 hrs post administration of different doses of buprenorphine & opiate withdrawal symptoms & agonist effects & use of other drugs, opiate dependent outpatients, 25517
presence of psychiatric illness & family situation, methadone or oxycodone efficacy & side effects & patient quality of life, 23–59 yr old severe refractory chronic daily headache patients, 28612
regional cerebral blood flow & comorbid diagnosis of major depression, 24–33 yr old opiate addicts, 5076
relationship between methadone treatment & reduction of criminal activity, male opiate-dependent 21–55 yr olds, 1987–1993, 2-yr followup, 25510
research & clinical management of cancer-related pain & opioid responsiveness & tolerance & psychological dependence, 22047
risperidone & opioid concomitant treatment, withdrawal symptoms, 26-yr-old male & 31-yr-old female with opioid dependence, 22271
role of central cannabinoid receptor in physical dependence on & addiction to opiates, mutant mice, 10432
role of opioid receptors within dopamine-innervated nucleus accumbens & ventral tegmental area in ventral pallidum self stimulation, rats, 727
selegiline, long term changes in dopamine efflux & stress immobility following opiate withdrawal, male Wistar rats, 4160
sex, psychiatric comorbidity, cocaine using opiate addicts in methadone maintenance program, 9241
social & behavioral circumstances as indirect risk measures for HIV transmission & opiate drug use, 18–51 yr old opiate users, 9239
socioeconomic indicators, opioid use prevalence, residents of Barcelona, Spain, 34256
sublingual buprenorphine tablets vs methadone maintenance therapy, 18–39 yr olds in treatment for opiate addiction, 38603
three-choice hydromorphone dose-discrimination procedure, assessment of opioid partial agonist activity, 30–40 yr old male nondependent heroin users, 23520
tramadol vs desipramine vs methadone vs morphine, (3H)-norepinephrine uptake in cortical synaptosomes, adult male rats, implications for pain management, 23309
transcription factor CREB & mutant form, rewarding effects of cocaine & response at opioid receptors, nucleus accumbens, rats, 7171
Tyr-Pro-Trp-Gly NH2 & opiate agonistic effect on conditioned place preference, male rats, 33463

Opiates [See Also Codeine, Endogenous Opiates, Fentanyl, Heroin, Morphine, Papaverine]—Chapters

Analgesic properties of THC and its synthetic derivatives, 18295
Attenuation of tolerance to opioid-induced antinociception by idazoxan and other I_2-ligands, 26868
The bed nucleus of the stria terminalis: A target site for noradrenergic actions in opiate withdrawal, 27897
Behavioral pharmacology of opiates, 796
Central mechanisms of pain and analgesia, 17139
Combined behavioral and pharmacological treatment during opioid detoxification: A review, 18575
Contingent access to clinic privileges reduces drug abuse in methadone maintenance patients, 18579
Differential therapies and options, 5940
Historical overview of other abusable drugs, 14786
Medications of abuse: Opioids, 1817
Methadone maintenance, 15664
Opioids, 34397
Opioids, 5944
Pharmacology of opiates, 775
Preclinical evaluation of pharmacotherapies for cocaine abuse, 4314
Psychological and psychiatric consequences of opiates, 1815
Treatment of multiple drug abuse in the methadone clinic, 18583

Oppositional Defiant Disorder—Serials

behavior management intervention, aggressive behavior, 13–17 yr olds with oppositional-defiant disorder, 38101
buspirone for treatment of oppositional defiant disorder, 31634
comorbid oppositional defiant disorder or conduct disorder, 3–17 yr olds with inattentive vs hyperactive-impulsive vs combined type ADHD, 5026
conduct disorder & comorbidity of ADHD & oppositional defiant disorder & internalizing disorders, children & adolescents, 11565
developmental progression of comorbid oppositional defiant disorder, 6–10 yr olds with ADHD, 4 yr study, 37621
empirical documentation of parent-child interaction therapy to treat noncompliance, 6 yr old boy with oppositional defiant disorder, 25077
executive function deficits & comorbid oppositional defiant or reading disorder, 7–13.5 yr olds with combined or predominantly inattentive types of ADHD, 34434
improving measurement reliability, strength of association between risk factors & childhood psychiatric disorder, parents with 6–16 yr olds with oppositional defiant or overanxious disorders, 67
measurement of social competence & perception & cognition & interaction using self vs teacher/parent reports, 4–7 yr olds with conduct problems or oppositional defiant disorder, 13081
paired associate learning deficits, 7–13.5 yr olds with ADHD with or without oppositional defiant disorder, 27464
parental acceptability evaluations of child management interventions, mothers of children diagnosed with oppositional defiant or consult disorder, 8806
prognosis of continued complications through early adolescence, 3 yr old children with attention deficit disorder or conduct or oppositional defiant disorders or hyperkinesis, 14696
psychosocial factors & ADHD & internalizing disorder symptoms & demographic characteristics, 5–12 yr olds with oppositional/conduct disorder with vs without history of cruelty to animals, 14682
self-esteem, stimulant medicated vs unmedicated 7–12 yr olds with ADHD with vs without oppositional defiant disorder, 38243
social problem-solving skills, 7–12 yr old males with oppositional defiant or conduct disorder &/or ADHD, 14409
symptomatology & comorbidity & persistence & predictors of outcome, 4–5.5 yr old males with oppositional defiant disorder, 2 yr study, 27822
therapeutic effects of behavior modification & combined methylphenidate, 6–12 yr old males with ADHD & comorbid oppositional defiant or conduct disorder , 21657
trajectories of physical aggression & opposition & hyperactivity on path to physically violent vs nonviolent juvenile delinquency, 6 yr olds, 11 yr study, 36817
trauma exposure, 6–17 yr olds with oppositional defiant disorder vs ADHD vs adjustment disorder, 34034
verbal deficits & callous interpersonal style & antisocial behavior, 6–13 yr olds with oppositional defiant or conduct disorder, 5040
verbal IQ & language abilities & executive functions & test behavior & performance, preschool males with early onset oppositional defiant disorder with & without ADHD, 21266

Oppositional Defiant Disorder—Books

Disruptive behavior disorders in children and adolescents, Vol.18, No. 2 , 24111
Handbook of disruptive behavior disorders, 24481

Oppositional Defiant Disorder—Chapters

The child with oppositional defiant disorder and conduct disorder in the family, 24485
Children and adolescents with oppositional defiant disorder and conduct disorder in the community: Experiences at school and with peers, 24496
Classification of disruptive behavior disorders, 24501
Cognitive functioning in children with oppositinal defiant disorder, 24493
Conduct and oppositional defiant disorders, 1748
Disruptive behavior: Oppositional defiant disorder and conduct disorder, 18501
Environmental risk factors in oppositional-defiant disorder and conduct disorder, 24498
Interventions for oppositional defiant disorder and conduct disorder in the schools, 25822
Oppositional defiant disorder, 12058
Oppositional defiant disorder, 24502
Outcomes of children and adolescents with oppositional defiant disorder and conduct disorder, 24490
Parent training, 37538
Parent-child interaction therapy with oppositional children: Review and clinical strategies, 37539
The prevention of oppositional defiant disorder and conduct disorder, 25379
The psychobiology of oppositional defiant disorder and conduct disorder, 24500

Residential care for children and adolescents with oppositional defiant disorder and conduct disorder, 25489
Temperament and behavioral precursors to oppositional defiant disorder and conduct disorder, 24505
Treatment of oppositional defiant disorder and conduct disorder in home and community settings, 25464
Optic Lobe—Serials
photopic spectral sensitivity of multiunit activity in torus longitudinalis & optic tectum, goldfish, 548
Optic Tract—Serials
brightness induction, striate cortex & lateral geniculate nucleus & optic tract responses, cats, 26638
translational & rotational optic flow stimuli, activity of binocular neurons in nucleus of basal optic root, pigeons, 13602
Optical Aids—Serials
ophthalmic lens-induced transverse chromatic aberrations in natural viewing conditions, spatio-temporal thresholds, 33–39 yr olds, 34734
optimal colours of overlays & lenses & reading rate, patients attending specific learning difficulties clinic, 34743
practicality of head-mounted vision devices, visually impaired students (aged 12–21 yrs), 35290
Optical Illusions [See Illusions (Perception)]
Optimism—Serials
anxiety & cognitive interference & self-esteem & protective self-monitoring & strategy activation on basis of anticipated attributions for poor performance, defensive pessimists vs strategic optimists, 14330
anxiety & optimism & facial functioning & hearing problems & other physical symptoms & symptoms reporting following surgery, 19–86 yr old with acoustic neuroma tumor, 12312
construct analysis of hope & will & ways & self-efficacy & optimism & general well-being constructs on Hope scale, 17–50 yr olds, 19599
dispositional optimism & unsafe sexual behavior, 15–18 yr old sexually active adolescents, 9039
health optimism vs poor-health realism, self-rated health & objective health status, adults over age 65, 23824
hopelessness & optimism & suicidal ideation, college students, US vs Ghana, 27364
impact of religious activity on depressive symptoms & optimism, 18–45 yr old African Americans with vs without HIV, 18298
learning style & risk taking tendency & optimism & relationship between arousability,male vs female college students, 35524
mental adjustment to & appraisals of cancer & optimism & emotional functioning, males (mean age 75 yrs) with prostate cancer, 31151
minimally vs highly diagnostic information about partner's performance on win–lose trials in conditions of outcome dependency, motivation & justification for optimistic predictions, Ss, 37111
optimism & cognitive appraisal of treatment & heart disease & cardiac risk reduction behavior, 32–84 yr old percutaneous transluminal coronary angioplasty patients, 8585
optimism & coping, unemployment & psychological health, 30–50 yr old females, Hong Kong, 7911
optimism & pessimism & trait anxiety–neuroticism, ambulatory blood pressure & mood, 30–45 yr olds, 11229
optimism & pessimism & trait anxiety–neuroticism, ambulatory blood pressure & mood, 30–45 yr olds, erratum, 27393
optimism & self esteem components of cognitive adaptation theory as predictor of new coronary events, 31-80 yr old patients treated with percutaneous transluminal coronary angioplasty, 6 mo followup, 31792
optimism, depression & coping & anger & life events, rural 14.05–19.82 yr olds, 10873
optimism, grade expectations, college students, 28969
personal experience with Northridge earthquake, optimistic bias concerning earthquakes vs other events, 18–49 yr old college students, 27326
personality, preventive health behavior & comparative optimism about future health problems, 18–40 yr old university students, 18864
predictive value of dispositional optimism relative to program attendance & weight loss, 18–75 yr olds seeking outpatient treatment, 12435
relation of optimism to adaptation dimensions & outcome expectancies, patients with multiple sclerosis, 34547
relationship between dispositional optimism & pessimism & repressive coping & trait anxiety, 18–47 yr olds, 33990
relationship between perceptions of optimism vs pessimism & settlements in bargaining games, graduate students as negotiators, 30396
risk perception & unrealistic optimism, involvement in risk, college students, 27405
role of phase-specific optimistic self-beliefs in self-regulatory goal attainment vs threat appraisal processes in the adoption & maintenance of health behaviors, 18889
TV viewing & optimism for future, trust in people & civic participation, Ss, 1065
use of TAT in psychological assessment to measure optimism as indicator of healthy psychological functioning, psychotherapy clients, 25017
Optimism—Chapters
The prediction and prevention of depression, 1499
Optokinetic Nystagmus [See Nystagmus]
Optometrists—Serials
attitudes toward advertising by optometrists, media consumers, 3173
Optometry—Serials
optometric assessment of vision disorders & rehabilitation, patients with acquired brain injury or dyslexia, 5907
optometry rehabilitation subspecialty for diagnosis & treatment, patients with post-brain injury visual sequelae, 35297
principles of optometric vision therapy & problems with oculomotor control & peripheral fields & binocular vision & visual information processing skills, patients with traumatic head injuries, 34685
scores on & body movements during behavioral optometric test of eye movements & educational performance, 6 vs 9 vs 12 vs 14 yr olds, Denmark, comparison with American norms, 6201
Oral Communication [See Also Code Switching, Oral Reading, Public Speaking, Self Talk, Singing, Speech Characteristics]—Serials
9–20 mo olds' prelinguistic vocalizations & visual cues, consistency of response behavior, mothers, 10775
ability to continuously interpret speech & recognize familiar words, 24 mo olds vs adults, 26999
acquisition of forms & interactive functions & discourse type constraints, adults vs children, Germany, 33557
alternative vertical theory to conventional horizontal theory of speech, implications for reading teachers & researchers, 17268
association between word frequency & phonological vs nonphonological & morphosyntactic difficulties, 36–74 yr old English or Spanish speakers with aphasia, 31294
auditory feedback, voice fundamental frequency control, college students, application of pitch-shifting paradigm, 7291
boundaries in interpersonal & intergroup communication & miscommunication & problematic talk, 1231
boundaries to & strategies of communicating social identity to their community members, 13–21 yr old street persons , 1220
C. Perelman's theory of rhetorical audience as concept constructed by speaker, 23624
case grammar linguistic analysis of client & therapist affective speech, therapeutic outcomes, clients & psychotherapists, 18511
cerebral dominance for speech production & mouth asymmetry, persons with Down syndrome (mean age of 22.73 yrs), 34475
characteristics of Chinese oral communication, 4362
clinical measurement of rate of reading & discourse, male vs female 19–31 yr olds, 36679
cognitive constraints & development of narrative skills in expression of coreference in oral production of French, adults vs 11 vs 7 yr olds, 17288
common vs different perspective in task where speaker instructs hearer to set up configuration of objects, speaker text production & hearer adaptation processes, speaker/addressee dyads, 7316
communibiological paradigm for communication apprehension as a temperamental expression, 4763
communication management & language acquisition, linguistic feedback system, 1 yr 3 mo olds, 1.5 yr study, 33538
communication skills improvement or forensics or debate or public speaking or argumentation class or participation, critical thinking improvement, 13262
comparison of studies discussing role of pragmatics in determining what speakers say vs what speakers implicate, 13277
compensation for external loads caused by orientation of head relative to gravity, jaw movements in speech, Ss, 36205
comprehension of natural & synthetic speech sentences, 6–7 vs 9–11 yr olds, implications for augmentative & alternative communication devices, 36761
confrontation naming & speech during spontaneous production & sentence generation, 81 yr old male with aphasia, 31275
consistency of print–sound correspondence & word frequency & lexicality, speed & accuracy in naming 2-character Kanji words & nonwords, Japanese native speakers, 10099
continuity & stability & models of concurrent & predictive correspondence in vocabulary & verbal responsiveness across play & mealtime contexts, infants at 13 & 20 mo old & their mothers, 7 mo study, 23681
conversational repair strategies in response to communication breakdown, profoundly deaf vs hearing 4–7.5 yr olds, 5441
critical language awareness intervention for teaching of direct & reported speech, critical reading ability, 11th graders, 6171
development & porting of stochastic vs rule-based component for natural language understanding in human–machine communication, 3205
discourse coherence, 8–9.9 yr old males with specific language impairment, 8475
doctor- vs patient-centered interviewing style, preference for physician communication style & behaviors, Hong Kong, 31807
English language & oral proficiency in problem based learning groups, Arabic medical students, commentary, 20414
English vs Spanish typology, propensity to use manner vs path verbs to describe motion events, adult speakers, 814
errors in grammatical number assignment for singular & collective nouns operating at morphological level of message formulation & releveance to models of speech production, 30099
expressive language abilities, 25–59 mo old preschool recovered stutters vs persistent stutters, 37731
familiar vs unfamiliar accent, speech discrimination & phrase repetition performance, elderly with vs without dementia of Alzheimer's type, 37877
fluctuation sequences during production of normal sustained vowels & perception of amplitude & period sequence, 20–26 yr olds, 26359
fractal dimensions of speech sounds & application to problem of hidden Markov model-based automatic speech recognition, 13872
frame/content theory of evolution of speech production, comments & reply included, 4369
frequency & orientation of help-eliciting communications & puzzle-solving ability, male vs female 3.2–5.3 yr olds, 30138
fundamental frequency & temporal modifications in speech in interactions with 1–3 yr olds, 23–47 yr old British fathers, 30324
generic talk, 4-5 yr olds, implications for augmentative & alternative communication systems, 36781
group communication treatment, linguistic & communicative performance, 46–80 yr olds with aphasia, 18596
identification of novel wordlike units from utterances, college students, implications for children's native language acquisition, 20491
idiosyncratic effects of noncontingent reinforcement schedules, reduction of problematic speech & identification of behavior change mechanisms, 32 yr old male with moderate mental retardation, 15189
improper statements made by prosecutor in closing argument during penalty phase of capital trial, death penalty recommendations, jury-eligible college students & community members, 29277
integration of speech & camera control in message transfer TV conferencing, college students, 9695
interpretation of discursive & argumentative functions of expository vs rhetorical vs echo questions in talk shows, 26906
intuitive judgments about covariations of length & weight & width of objects via haptic exploration before vs after oral description, blindfolded adults, 3445
learned associations based on lexical co-occurrence, sentence production, aphasic speakers, 8636
lexical decision performance, competitor priming in spoken word recognition, 17–47 yr olds, 237
listening to monolog vs dialog, extraction of information from overhearing others' talking, college students, 17568
maintenance & reintroduction of referents in French, 7 & 9 & 11 yr old children & college students, 10800
manual vs vocal response to color or word flanked by Stroop stimulus, college students, 6766
mechanism of alternation and co-occurrence of arigatoo (thank you) & sumimasen (I'm sorry) in Japanese thanks, Japanese speakers & hearers, 20837
mechanosensory information in movement control & role in speech-orofacial motor performance, 7285
mental representation of discrete vs continuous change word problems, speech vs hand gestures, college students, 29461
metrical effects on speech movements, 3–4 yr olds vs 19–28 yr olds, 30164
modality & age & gender differences in constituent order & deletion using Augmentative & Alternative Communication picture boards, speaking 5–12 yr olds, 7439

model of conceptual processes & constraints, tailoring speaker spatial descriptions for successful communication to listeners, 7302
motor impairment, articulation & perception in spoken vs signed speech, patients with Parkinson's disease, 28168
multiphonemic cues, oral naming & reading performance, 50 yr old female with aphasia, 15037
narrative discourse abilities, 17–48 yr old traumatically brain injured patients, 2.8 yr followup, 34679
narrative discourse markers & linguistic strategies, culturally specific framing of oral personal narratives, Japanese narrators, 7307
nature & targets of comments made during childrens' sporting events, parents, 19438
nature of phonological encoding during spoken word retrieval, college students, implication for 2-stage sequential model of encoding, 26411
nature of phonological encoding during spoken word retrieval, undergraduates, implications for 2-stage sequential model of encoding, 10143
neural function effects on feedback control in human communication, 7290
neural network analysis of potential & actual proprioceptive load of cutaneous mechanoreceptors during facial movements in speech, 7287
neurophysiological coordination between afferent & efferent components of nervous system in speech & motor functions & methods for assessment, 7292
Northern Cities Vowel Shift & local loyalty, nonurban women in their 40s & 50s & their high school age children, 7301
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1576
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1625
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, 1575
number of suicidal communications prior to attempt & lethality of suicide attempt, 10–18 yr olds in residential group home, 5021
omission patterns of case markers in spontaneous speech, 36–54 yr old Dutch & 20–63 yr old German speakers with agrammatic aphasia, application of N. Chomsky's case theory, 31315
oral asymmetries & lip separation bias during word repetition, 19–42 yr old males vs females, 6821
oral language skill & literacy, 5.1–6.3 yr olds, 1 yr followup, 30191
oral language skill development, 3.9 yr old with Floating-Harbor syndrome, 3 yr study, 21480
orality & literacy in 1964 German television interview of H. Arendt by Gunter Gaus & loss of temporal organization in subsequent transition to readable literate prose, 816
parent &/vs teacher involvement in interactive reading intervention, language development, 3–4 yr olds with poor oral language skills from low income background, 886
parent &/vs teacher involvement in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income backgrounds, commentary, 859
parent &/vs teacher role in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income background, 875
perceptions of intercultural compliment interactions with North Americans, 18–36 yr old Chinese immigrants, 4719
phonological processing & oral language abilities, reading & reading disabilities, children (mean age 7.9 yrs) assessed in Kindergarten & 2nd grade, 36735
phonology & morphology of language, spoken word processing, college students, 26914
presence vs absence of peer audience & age & practice & trick length, informative & descriptive & persuasive speech in providing magic trick instructions, 5–9 yr olds, 13946
probabilistic phonotactics & density of spoken-word phonological neighborhood similarity, RT & sublexically- vs lexically-biased processing of nonwords vs words, 29607
processing lexically embedded spoken words in 1st-syllable vs 2nd-syllable position, college students , 6856
randomized vs standard answer form for Speech-Sounds Perception Test, adults, 3505
ratings of oral narratives by Euro-American vs African-American vs Latino 6.5–7 yr olds & child IQ & emotional/behavioral & learning/language problems & diagnoses, child clinicians, 7422
referential communication in category acquisition during classification & building task, dyads, 235
research foundations for narrative processes in cognitive psychotherapy, implications for theory & practice, 38006
responses to requests for clarification & ability to locate linguistic errors that provoked requests & success in providing appropriate repair, 2–3 yr olds, 20504
rhythmic vs metric view of rhythmic organization in spontaneous speech vs reading aloud, 17153
role of pragmatics in determining what speakers say vs what speakers implicate, commentary, 13300
role of prosody in comprehension of auditory sentences, experienced vs novice talkers & college student listeners, 4359
role of talk in mathematics classroom, 11th grade students & teacher, 12700
self-reported verbal activity & communication apprehension & argumentativeness & self-esteem & locus of control, college students identified by others as compulsive talkers, 14238
sequential computer simulation of phonology-syntax relationship in speech & tip-of-the-tongue states in human information storage, 32459
sex & power & social norms, use & quality of verbal strategies in seeking help & impression of help seeker in organizations, undergraduates & hospital personnel, 33895
singular morpheme vs precompiled words as unit of lexical access in Chinese speech comprehension & production, 29586
sound pressure levels, vocal formant frequencies & formant amplitudes, 4–30 yr old males vs females, 33551
space where speech production task is specified & perceptual aspects & strategies adopted to reach intended vowel, 19–46 yr olds, 26369
speaker intentions & propositional attitude ascription that invoke contextual variation in semantic content & truth intuitions, 36673
speech & oral motor learning, 35–68 yr olds with cerebellar cortical atrophy, 37907
speech disturbances & family psychiatric history in parents, schizophrenic outpatients & their parents, 8139
speech vs simultaneous communication, sentence duration & voice onset time of plosive consonants in stimulus words, inexperienced female sign language users, 10703
spoken medical instruction with vs without accompanying pictographs, information recall, junior college students with low literacy, 2472
stimulus onset only vs onset & word duration vs onset & prosodic stimulus gating paradigm & stimulus duration, spoken word recognition, college students, 30102
stimulus parameters & probe acoustic richness & lexical & phonemic recognizability, RT & oral word recognition & lexical access, Croatian-speaking college students, 29549
study of stylistic & rhetorical forms & functions of acts of speech & language, 23625
support vs resistance to sexist language, college students, 4663
temporal phasing of tongue & lip movements in vowel-consonant-vowel sequences, adults, 13870
textual & contextual & cross cultural & particularistic aspects of oral storytelling performances from Greece, 7289
theories of adult understanding & use of & children's development of comprehension of ironic & sarcastic speech acts, 20489
time course of grammatical & phonological processes during noun phrase production in Dutch, 19–29 yr olds, 36678
tomography of cerebral blood flow during dichotic presentation of consonant–vowel vs musical instrument stimuli, healthy 20–30 yr old males, 13552
use & effectiveness of & satisfaction with Biala communication strategy in Guardianship Board hearings, Board members & clients with intellectual & communication disabilities , 9741
use of auditory feedback for self-monitoring during speech production, 7293
use of dialectical assessment in determining experienced pain & degree of openness to & best style of psychological assistance, clients seeking therapy, 25002
use of dictation & speech recognition as oral mode of text production as means of composing, learning disabled individuals, recommendations for teachers, 34456
use of syntactic priming in recall & production of simple vs complex phrases, adults, 10706
vagueness & approximation as examples of loose talk & relevance theory vs systemic-function & social semiotic framework-based analysis, commentary, 17161
verbal interactions during behavioral consultation, treatment outcomes, graduate consultants & teacher consultees & students with emotional disabilities &/or risk for academic or behavior problems , 25828
video modeling intervention, play comments, 6 & 9 yr old males with autism & their 8 & 6 yr old siblings, 38907
visual inspection of graphic data sets, verbal response, experienced vs novice data analysts, 35628
vocal expressions of anger regarding strongly-held opinion, cardiovascular reactivity within dyadic interaction, college students, 26719
word frequency & morphosyntactic transparency & inflection of real- vs pseudoword stimuli, plural & singular noun production, native Finnish-speaking 10-yr-olds with specific language impairment, 31030

Oral Communication [See Also Code Switching, Oral Reading, Public Speaking, Self Talk, Singing, Speech Characteristics]—Books

Lev Vygotsky: Critical assessments: Thought and language, Vol. II, 7452
Spoken and written discourse: A multi-disciplinary perspective, 36680

Oral Communication [See Also Code Switching, Oral Reading, Public Speaking, Self Talk, Singing, Speech Characteristics]—Chapters

The acquisition of natural signed languages: Lessons in the nature of human language and its biological foundations, 34726
A Bakhtinian view of egocentric speech, 10715
Catherine: The wind beneath my wings: The importance of hope in recovery from trauma, 37667
Didactic models and the problem of intertextuality and polyphony, 12699
Discourse analysis in traumatic brain injury, 37933
Echo or answer? The move towards ordinary speech in three children with autistic spectrum disorder, 37668
The effects of bilingualism on preschoolers' private speech, 9459
Guidelines for the effective use of Socratic dialogue in cognitive therapy, 15186
An interpretive poetics of languages of the unsayable, 23806
Modality effects and modularity in language acquisition: The acquisition of American Sign Language, 10820
The role of gesture and mimetic representation in making language the province of speech, 33567
Self-regulatory functions of children's private speech: A critical analysis of recent challenges to Vygotsky's theory, 7469
Sentence processing in aphasia, 5424
The social nature of private speech of preschoolers during problem solving, 7353
Speech–action coordination in young children, 7454
Voice physics and neurology, 16551
What is clinical counselling in context?, 21732
Whatever happened to articulate speech?, 33049

Oral Contraceptives—Serials

acute smoking & oral contraceptive use, cardiovascular & lipid & fibrinogen stress responses, 18–33 yr old female smokers & nonsmokers, 10557
oral contraceptive use, appraisal of stress & locus of control & self-integration & negative affect, women ages 18–48 yrs, 20363
pain sensitivity throughout menstrual cycle phases, normally menstruating vs oral contraceptive using females, 5214
psychosis following discontinuation of estrogen-progestogen contraceptive & improvement following hormone replacement & antipsychotic medication & oxcarbazepine, 51 yr old woman, 34160
social stress, ACTH & cortisol levels & other measures of pituitary & adrenal responses, 18–32 yr old females in luteal vs follicular phase of menstrual cycle vs users of oral contraception vs males, 13671

Oral Contraceptives—Chapters

Hormone replacement and oral contraceptive therapy: Do they induce or treat mood symptoms?, 24235

Oral Reading—Serials

character regularity & frequency & concreteness, oral reading of single-character monosyllabic Chinese words, 59 yr old Chinese male with anomia with semantic impairment, 18443
clinical measurement of rate of reading & discourse, male vs female 19–31 yr olds, 36679
describer vs comprehender vs performance-oriented style of adult book reading, emergent literacy, 4 yr olds, 7426
level of expertise, constructing meaning when reading poetry, PhD English candidates vs undergraduates or advanced high school students, 240
lexical & nonlexical phonological priming in reading aloud, college students, 10134
model of reading procedures of irregular word & pseudoword reading performance, 220
oral reading & spelling to dictation of low vs high frequency words, patients (mean age 73.6 yrs) with probable Alzheimer's disease, 24800
oral reading scores on National Adult Reading Test, estimation of variability of demographically corrected norms of neuropsychological functioning, healthy 20–81 yr olds , 16361
position-of-irregularity effect & regular-word or nonword target in word naming latency in reading aloud, college students, 10135

readers' theater, oral reading fluency & confidence, elementary school students with reading problems, 19356
rhythmic vs metric view of rhythmic organization in spontaneous speech vs reading aloud, 17153
semantic errors in serial cognitive neuropsychological models of oral reading, 34-yr-old female with deep dyslexia, 18153
sequential application of reading interventions including reward, oral reading fluency, 6–12 yr olds referred for reading problems, implications for reading intervention components, 15862
silent vs oral reading style & study vs entertainment reading purpose, inference generation & thinking aloud & reading comprehension of narrative vs expository text, 19–39 yr olds, 29584
visual errors & disturbed lexical candidate activation of semantic representations in oral reading, male 52 yr old with acquired dyslexia & mild aphasia following cerebrovascular accident, 37804
word morphology errors & lexical access & processing of compound words during oral reading, 46-yr-old male with dyslexia & Broca's aphasia, 31281
Oral Reading—Chapters
Engaging with reading through interactive read-alouds, 15911
The implications of Vygotskian theory for the development of home-school programs: A focus on storybook reading, 9460
Organ Donation [See Tissue Donation]
Organ of Corti [See Cochlea]
Organ Transplantation—Serials
alcohol recidivism & return to work rates, 25–73 yr old liver transplant recipients with history of alcohol-related liver disease &/vs polysubstance abuse, 37575
assessment protocol for pediatric psychiatric pretransplant evaluations, 35107
context & individual or family decision process & attitudinal impact following pediatric transplant outcome, parental partial liver donors, 25303
coping methods used to deal with stress & perceived quality of life within 1 yr posttransplant & more than 1 yr posttransplant, 25–55 yr old Chinese patients after renal transplantation, 35090
direct vs indirect serotonergic agonists, motor function, rats with transected vs transplanted spinal cords, 26791
effectiveness & costs & benefits of social work services in organ transplantation program, 15541
effects of confrontation information about organ donation procedure & altruistic vs bereaved-persons protection vs other motivational messages on organ donation registration, adults, 23948
ethanol exposure to mimic binge drinking, microcirculation & hypoxia after liver transplantation, female rats, 33172
experience & perceptions of health care providers, parents of 1–16 yr olds undergoing lung transplants, 22070
IQ & academic achievement, 3–9 yr survivors of pediatric liver transplantation, 10780
personality disorder as contraindication for liver transplantation, adults with alcoholic-related liver disease, 6 mo study, 8521
personality functioning & adjustment difficulties, 13–18 yr old heart transplant recipients with congenital vs acquired heart conditions, 35080
post-traumatic stress responses & dissociation symptoms, 7–16 yr olds with liver transplantation, 15435
premorbid history of psychiatric disorders, 1-yr survival after lung transplantation, patients (mean age 44.4 yrs) with vs without major depression &/or anxiety &/or substance use disorder , 27494
psychiatric outcome assessment of quality of life & alcohol consumption & psychosocial readjustment & mental health, alcoholic vs other liver disease transplant recipients, 18820
psychodynamic assessment of family functioning & individual maturity & psychological construct of transplantation, survival rates, adult bone marrow transplant patients, 38408
psychological characteristics for assessment of liver transplant candidates, US military veterans with history of substance abuse, 38433
psychological stress, 30–68 yr olds awaiting heart transplantations, 2489
psychosocial functioning, patients after cardiac transplantation vs artery bypass graft vs awaiting transplantation, 2482
restoration of hepatic function by liver transplantation, taste & smell detection & recognition thresholds, 34–64 yr old end-stage liver disease patients, food choice & nutritional status implications, 22042
restoration of locomotion following heterotopic transplantation into neocortical lesions in anterior & posterior limb & vibrissae areas, mongrel white male rats, 7093
scores on Millon Behavioral Health Inventory Life Threat Reactivity Scale, prediction of cardiac mortality & personality traits, patients awaiting heart transplantation, 5 yr followup, 9880
stress reactions & emotional adaptation in isolation conditions after bone marrow transplantation, 8–12 yr olds, 7-wk prospective study, 11790
test norms, battery of psychological tests for pre-cardiac transplantation evaluations, 18–72 yr old transplant candidates, 32653
training & exercise rehabilitation, capacity for exercise early after transplantation, heart transplant patients, 12331
training & exercise rehabilitation, capacity for exercise early after transplantation, heart transplant patients, erratum, 15414
transplant related PTSD, heart transplant patients & family caregivers, 21194
transplantation psychiatry consultation role in organ transplant team, psychiatrists, 12567
validity of MMPI-2 & Beck Depression Inventory, psychosocial assessment for decisions of organ allocation, high vs low risk candidates for renal transplantation, 18831
Organ Transplantation—Chapters
Case three: An adolescent's contested wish for a kidney transplant, 32161
Psychodynamic aspects of adolescents' therapeutic compliance following a kidney transplant, 38439
Organic Brain Syndromes [See Also Alzheimers Disease, Dementia, Toxic Psychoses]—Serials
bilateral anterior cortical atrophy & subcortical atrophy, 21–42 yr old inpatients with reduplicative paramnesia , 34038
cognitive & behavioral aspects of attention, 7–13 yr olds with developmental right hemisphere syndrome vs ADHD, 24823
correlation of alien hand syndrome & lesion sites, adult patients with anterior cerebral artery territory infarction, 31197
demographic characteristics & brain levels of metal & virus infection & vascular & genetic risk factors, elderly with Alzheimers disease & other cognitive disorders, 8597
Gerstmann syndrome, 59–yr old male with left subcortical angular gyrus ischemic lesion, 31280
occurrence of delirium in different regional brain syndromes, 52–79 yr olds with dementia, 31311
trazodone, 59–88 yr olds with organic behavior disturbances, 21934
Organic Brain Syndromes [See Also Alzheimers Disease, Dementia, Toxic Psychoses]—Chapters
Organic symptoms, 17848
Organic Therapies [See Also Drug Therapy, Phototherapy, Psychosurgery, Vitamin Therapy]—Serials
comparison & reevaluation of results of meta analysis vs trial of effects of calcium on prevention of preeclampsia, women, 35082
left prefrontal repetitive transcranial magnetic stimulation, Ss with resistant major depression, 25264
rose vs ylang-ylang vs camomile vs orange oil, conflict behavior, male ICR mice, 36630
side effects & efficacy in reducing depressive symptoms of low-frequency range right prefrontal repetitive transcranial magnetic stimulation, 27–88 yr olds with major depression, 2 wk study, 18760
St John's wort (Hypericum LI 160), transport of serotonin & norepinephrine into mouse astrocytes, 10631
subacute mood stabilizing effects of omega 3 fatty acids, 24–64 yr olds with unstable bipolar disorder, commentary reply, 21985
subacute mood stabilizing effects of omega 3 fatty acids, 24–64 yr olds with unstable bipolar disorder, commentary, 21981
subacute mood stabilizing effects of omega 3 fatty acids, 24–64 yr olds with unstable bipolar disorder, 21986
Organizational Behavior [See Also Employee Interaction, Organizational Effectiveness]—Serials
acceptability of organizational behavior management procedures, 9630
action learning framework for & fragmentation & interaction of single & double & triple loop methods in organizational change, gay & lesbian & bisexual & transgender employee groups, 22656
affect of migration & performance of managers for interorganizational relations of commercial TV stations, 1961–1988, 35588
after action review as process for moving from action learning to learning from action & relation to organizational performance, 22568
analysis of organizational behavior using concept of primary risk, case study included, 12869
antecedents & consequences of relational components of & views on new psychological contract in managerial–professional employee relationships, companies, 22609
anxiety & depression in understanding strategic management decision making in organizational settings, 12820
application of Adlerian individual psychology constructs of holistic patterns & social interest & goal-directed behavior & striving for significance to understanding of organizational dynamics, 25925
applications & contributions of organizational behavior management to staff of schools & day placement settings, 9631
applications & future directions of organizational behavior management with professional staff providing services for people with developmental disabilities, 9633
applied research on various aspects of organizational democracy, The Tavistock Inst & associates, 9576
assessment of software team formation & decay, software development teams, 19429
Attribute Dependency & other templates, new product ideation, 23–40 yr olds, 22658
authority & representation in institutional professional ethics, 19204
behavioral learning perspective on effect of organizational acquisition experience on acquisition performance, 19426
building agency & community as additional human resource function in new economy, 22589

Organizational Policy Making [See Policy Making]

Organizational Psychology [See Industrial Psychology]

Organizational Structure—Serials

age differences in similarity–attraction & status incongruence in organizational settings, 28–57 yr old supervisors & subordinates, 22669
compliance & resistance as behavioral responses to organizational structure & typology of individual behaviors in relation to structural conditions, employees, 6333
concept of duality in organization theory & practice & concept of trialectics, 22572
contingent vs institutional perspectives in evolution of organizational structures & inter-firm relations in machine building industries, Italy & Germany, 2 yr study, 3107
dimensions of embeddedness in organizational structure & climate & behavior, 29131
dual perspective of frameworks & processes in organizational structure, health care industry CEOs & marketing executives, 3115
effects of organizational context on implementation of statewide service coordination program for young children at risk, service coordinators working in public health vs early intervention programs, 9110
emphasis on rational decision making & diversification, company performance, management personnel, 9597
Feminist perspectives on patriarchal & hierarchical normative structures of health care organizations with predominately female workers, 37004
influence of marketing subunit & determinants on intraorganizational power, managers in business firms, 22714
jazz as metaphor for description of organizational structure concepts, 25920
management group downsizing from 3 players to 2 vs from 2 players to 1 vs from 3 players to 1, hierarchical work flow dynamics, college students, 39002
mechanistic structure shift & strategic reorientation in declining organizations attempting turnarounds, CEOs & top managers & presidents of businesses, 3099
merit vs vacancy-driven promotion systems & firm structure, promotion rates & job attainment, clerical & administrative male vs female insurance company employees, 29094
meso level approach to charismatic leadership in context of work unit structure & work group collectivism & crisis & cross levels, managers & subordinates, 16085
organizational interpretive frameworks & knowledge creation through communication & role of simulation/gaming in facilitating organizational reengineering for improving commensurability, 9636
organizational perspective & issues in research on behavior of teams embedded in organizations, 12871
participative climates & organizational practices & top & middle management support of employee involvement at district & unit level, individual work attitudes & involvement behavior, employees, 35622
perceptions of organizational control & social attributes, radio announcers, Canada, 4393
processes used to gain access to alliance knowledge & relationship between organizational levels & knowledge types & transfer in joint ventures, automotive company managers, 6323
relationship of departmental membership & hierarchical level & shift & job location & organizational tenure to collective climate membership, employees of central administration agency, 16106
reliability & validity of Team Player Inventory, measurement of positive predisposition toward organizational team-working environments, 19–70 yr olds, 19419
social constructionist perspective on employees' requests for and employers' responses to reasonable accommodation provision of Americans with Disabilities Act, employees with disabilities, 3014
spatial & skill mismatch & social isolation as patterns of organizational relationships, inner-city structural unemployment in a time of high employee demand, Detroit businesses, 19381
strategic training program to encourage permeable management hierarchies & structure, organizational effectiveness & climate, private hospital management personnel, 28868
systems psychodynamic perspective on intergroup & interorganizational relationships & anxiety & social defenses, organizational alliance of industrial companies, 25919
technological changes & computerization, work processes & organizational hierarchy & changes, government agency staff, 32402
work–family conflict & spouse support & well-being during organizational restructuring & downsizing, hospital-based nurses (mean age 42 yrs), 35416

Organizational Structure—Books

The discipline of teamwork: Participation and concertive control, 38984
When things go wrong: Organizational failures and breakdowns, 29145

Organizational Structure—Chapters

Beyond the simple demography–power hypothesis: How Blacks in power influence White-mentor–Black-protégé developmental relationships, 16063
Organizational factors associated with safety and mission success in aviation environments, 12990

Organizations [See Also Business Organizations, Foreign Organizations, Government Agencies, Health Maintenance Organizations, International Organizations, Labor Unions, Nonprofit Organizations, Professional Organizations, Religious Organizations]—Serials

action research model of K. Lewin & application to organizations & action research team project in high technology company, 29133
affect & job performance in organizational settings, 25887
analysis of organizational level stress interventions, 38931
assumptions underlying literature on organizational learning & use of term learning in organizing as replacement for term organizational learning, 25918

benefits of continuous quality improvement for health promotion organizations, 18867
characteristics of governmental & nongovernmental bridging organizations for refugees, organization personnel, Canada vs Denmark vs England, 12447
core capabilities of learning organizations & rapid team learning as demonstrated by Team New Zealand America's Cup campaign, 22664
critical postmodern organization theory perspective on egalitarianism & power/knowledge & organizational control & individual resistance, 22654
determinants & consequences of sex & race composition in organizations, 38934
factors associated with & consequences of & methods for improving employee's low level of occupational health & well-being, organizations, 29165
family therapy-grounded theoretical perspective of self-managing team perceptions & performance, 18–58 yr old members of self-managing teams, 22666
framework of individual & group & community level social action & empowerment , 27107
identity & emotion & feminist collective actions, women attending a feminist workshop, 12 mo followup , 11062
images & bases & benefits of & barriers to trust vs distrust in organizations, 16139
individual & intergroup perceptions of organizational safety, 21–64 yr old British Rail train drivers & supervisors & senior managers, 16099
industrial districts as effective organization modes & distinctive features as rule governing inter-firm relationships, 3113
issues in & organizations providing vocational rehabilitation services for people with disabilities, New Zealand, 5976
mistake & misconduct & disaster in organizations as types of routine nonconformity, 39009
nature of & threats to communication in learning organization, integration of organizational memory with email through user-centric meta-knowledge, 35665
organizational images from perspectives of space & time & causality & action theories, managers & employees of state owned laundry organization, 9641
organizations as cultures & social constructionist evaluation of inquest process after homicide death of 21 mo old known to child protection agency, 25446
overview & justification & rational for inclusion in social sciences of & organizational literature that applies concepts from complexity sciences, 16424
primary task & not-for-profit organizations, 9623
psychodynamic understanding of ethical behavior in organizations, 35651
recent objectives & actions taken worldwide by organizations & government agencies to combat problem of work-related stress, 35687
responses to termination issues in social work practice at organization & community levels, 9157
role clarity & perception of their organization & occupational stress–burnout, support workers in a National Health Service trust vs charitable organization, 2729
role of history textbooks in shaping public culture & changes over time due to group pressures & conflicts, 11056
role of technology in facilitation of codification & conversion & management of knowledge, organizations, 38936
tailoring consulting interventions to needs of client organizations, consulting psychologists, 16149
techniques for & effects of organizational nonlearning & characteristics of nonlearning organizations, nonlearning in public sector budgeting, Norway & Sweden & poor countries, 9620
theories & methodologies in strategic management & organizational economic policy making, 29099
use of institutional ethnography in social work research, 9161
wrongdoing among corporate actors , 39004

Organizations [See Also Business Organizations, Foreign Organizations, Government Agencies, Health Maintenance Organizations, International Organizations, Labor Unions, Nonprofit Organizations, Professional Organizations, Religious Organizations]—Books

Evaluative inquiry for learning in organizations, 9643
Implementing sexual harassment policy: Challenges for the public sector workplace, 11574
Leadership: The multiple-level approaches: Classical and new wave, 6296
Mentoring dilemmas: Developmental relationships within multicultural organizations, 15832
Out-of-the-box leadership: Transforming the twenty-first-century army and other top-performing organizations, 16089
Research in ethical issues in organizations, Vol. 1, 32332

Organizations [See Also Business Organizations, Foreign Organizations, Government Agencies, Health Maintenance Organizations, International Organizations, Labor Unions, Nonprofit Organizations, Professional Organizations, Religious Organizations]—Chapters

The alignment of EAP and business unit goals, 25873
Civil society and uncivil organizations, 4559
Complex decision-making in organizations, 3077
Cultural diversity and employee assistance programs, 25877
EAP accreditation and credentialing, 25874
Gender issues in developmental relationships, 16061
How to evaluate people for small- to medium-sized growth, 6291
How to gain access to a company as consultant, 6002
Industrial democratization and industrial relations, 3024
Interorganizational imitation: A hidden engine of selection, 25939
Interorganizational networks, 3030
Intractable disputes involving organizations: Some insights from the Delaware Court of Chancery, 35833
Multi-agency task management of mentally disordered sex offenders: A probation case study., 38514
Organizational politics: The state of the field, links to related processes, and an agenda for future research, 29156
Organizing for high reliability: Processes of collective mindfulness, 29162
Planned change in organizations and organizational development in the 1990s, 3131
The therapeutic space and relationship, 21755
Welcome home boyz: Building communities through cultural capital, 22205
Where do we go from here, and how do we get there? Methodological issues in conducting research on diversity and mentoring relationships, 16062

Orgasm [See Also Female Orgasm, Male Orgasm]—Serials

bupropion SR-induced increased libido & alteration in orgasm, 37 yr old male with attention deficit disorder, 5644
terfenadine-induced recovery of orgasm, 55-yr-old male patient taking fluoxetine for depression, 5678

Orientals [See Asians]

Orientation (Perceptual) [See Perceptual Orientation]

Orientation (Spatial) [See Spatial Orientation (Perception)]

Orienting Reflex—Serials

patterns of neural activity in cerebellum during motor learning in vestibulo-ocular reflex, male monkeys, 565
skin-conductance orienting deficits & increased alcoholism, schizotypal criminals vs criminals & schizotypal noncriminals, 13 yr study , 21047

Orienting Reflex—Chapters

Automation of movements: Challenges to the notions of the orienting reaction and memory, 3526
Startle modification during orienting and Pavlovian conditioning, 23444

Orienting Responses—Serials

covert visuospatial orienting & focusing of attention in response to cuing, 5.75–11 yr olds with vs without ADHD, 14828
cueing with pictorial stimuli featuring directional gaze of target with vs without subject overt attention, automatism & social perceptual aspects of visual orienting responses, college students, 36143
explicitly unpaired visual stimuli lighting & rotation, phototactic orienting behavior & photoreceptor excitability & associative learning & conditioned suppression, Hermissenda molluscs, 36401
exposure to ultrasonic vocalizations, orienting & passive avoidance reactions, preweanling male mice, 20228
location-based vs scene-based vs object-centered inhibition of return, 16–35 yr olds, 10014
maternal directed orienting behaviors, 2–3 day old infant rats, 20017
reflexive & voluntary saccadic orienting for overt & covert attentional shifts, chronic schizophrenic inpatients, 1605
signal detection theory & lateral-line excitation patterns & prey capture behavior, mottled sculpin, 33106
simulated helicopter flight & optokinetic cervico reflex, 23–50 yr old male military helicopter pilots , 7028
stimulus intensity & risetime & duration, autonomic & behavioral components of orienting vs startle vs defense responses, 19–39 yr olds, 26723
visual social signals of target observer, social perceptual & reflexive orienting responses & attention during interaction, college students, 36159

Originality [See Creativity]

Orphanages—Serials

early severe deprivation & institutional upbringing, later attachment disorder & disturbance, neonates & infants adopted from within UK vs from Romania into UK, 14691
group care & treatment programs & educational framework based on Korczak's orphans' home, 5829
institutionalized care in orphanages, educational status & psychological well-being & distress & stress-related chronic physical symptoms, 45–68 yr olds raised in orphanages, 12477

Orphanages—Books

Rethinking orphanages for the 21st century, 2613

Orphanages—Chapters

Research on the psychological effects of orphanage care: A critical review, 2623
Social security, social workers, and the care of dependent children, 2615

Orphans—Serials

model estimation of number of children orphaned and displaced by HIV/AIDS, orphans under age 14, Brazil, 5262
offspring perspective on psychosocial & human rights & ethical aspects of medically-assisted birth of orphans planned by individuals whose spouse died prior to conception, 32158

Orphans—Chapters

The impact of growing up orphaned on decision-making capacity, 30202

Orphenadrine—Serials

orphenadrine as drug of abuse, patients not using antipsychotic drugs, 27860

Orthogonal Rotation [See Also Varimax Rotation]—Serials

Illness Attitudes Scale factor structure determined by principal components analysis with orthogonal & oblique rotation, college students, 22905
orthogonal wavelet transforms in preprocessing multivariate data for subsequent analysis, 6714
simultaneous integration & generalization of rotational invariance & successive alpha optimality of principal components, 13144

Orthography—Serials

acquisition of irregular output orthographic representations of French words, 23–57 yr old Italian speakers with no previous knowledge of French, 26897
aging, retrieval of orthographic knowledge, 17–23 vs 60–71 vs 73–88 yr olds, 6913
Arabic vowels, reading comprehension, 12–12.5 & 7–8 yr olds, 10757
auditory–visual modality priming, orthography activation in lexical decision in visual word recognition task, adults with vs without surface dyslexia , 14852
case alternation & orthographic neighborhood size & visual field in left vs right cerebral hemisphere during lexical decision task, college students, 26590
character regularity & frequency & concreteness, oral reading of single-character monosyllabic Chinese words, 59 yr old Chinese male with anomia with semantic impairment, 18443
computerized lexical database which provides quantitative descriptors about the relations between orthography & phonology for French monosyllabic words, 26017
damage to semantic component & sublexical phoneme–grapheme but not grapheme–phoneme conversion processes, naming tasks using spoken & written responses, brain damaged male 75 yr old, 34523
detection & retrieval of correctly vs incorrectly spelled words & repeated vs unrepeated misspelled letters, 17–23 vs 62–85 yr olds, implications for Note Structure theory of language processing, 13293
electrophysical aspects of brain activity during phonological & orthographic word recognition tasks, 18–27 yr olds, 7112
facilitation & interference from formally similar word primes in naming task, college students, 10130
facilitatory English vs inhibitory French & Spanish neighborhood effects, lexical decision task, native English-speaking Australian adults, 3566
horizontal vs vertical displays of 1 vs 2 vs 3-character words presented to right vs left visual field, recognition of Chinese words, undergraduates, 3506
lexicality (word vs nonword) of Kanji character partial-repetition priming, orthographic activation processes underlying lexical access, native Japanese-speaking college students, 29596
linking schwa -e written in orthographic form -en in Dutch nominal compounds, activation of plural semantics, college students, 820
morphological regularity, orthographic-semantic (spelling-meaning) mapping & training & behavior of connectionist neural networks, 32504
orthographic & phonemic resemblance of target to correct word, Chinese word recognition, Chinese dominant bilinguals, 23083
orthographic & phonologic & semantic dimensions in word reading of homographs vs homonyms vs control words, college students , 10100
orthographic & phonological & lexico- semantic judgments of visually presented characters & words, neural activity, adults, 26592

orthographic & phonological priming in acquisition of reading skill for word & nonword naming tasks, 2nd–6th graders, 7380
orthographic & syntactic aspects of processing of visual characteristics of verbal stimuli by brain, male 18–43 yr olds, 3937
orthographic rime analogies & phonological priming in word reading, 6–7 yr olds, commentary reply, 13930
orthographic rime analogies & phonological priming in word reading, 6–7 yr olds, comment, 13938
orthographic sensitivity in ESL learning, adult native speakers of Korean vs Chinese, 19850
orthographic uniqueness point of target word & sequential processing in visual word recognition, college students , 10111
phonological & orthographic information, children's vowel spelling, 1rst–3rd graders, 36774
phonological & orthographic processing skills & English as 2nd language reading, 25–35 yr old male native Farsi-speaking graduate students, 32261
rapid automatic naming & verbal ability & phonological awareness, prediction of phonological & orthographic skills, 1st graders, 1 yr study, test of computational model of word recognition in reading, 17269
relationship between orthographic-motor integration related to handwriting & ability to generate creative & well-structured written text, 1st graders, 10778
role of phonology in silent Chinese compound character reading, native Chinese speakers, 23116
self teaching of phonological vs orthographical presentations of pseudowords, accuracy of pseudoword recognition & spelling & naming, 7–8 yr olds, 10796
shallow orthography in Italian language, dysgraphic subtypes, mildly to moderately aphasic patients, Italy, 5371
symbols vs letters & identity & position, orthographic priming, human Ss, 23042
teaching functional spelling units of varying size with multiple-connections framework, 2nd grade poor spellers, 9468
temporal information integration in orthographic priming, 26391
use of visual & orthographic analogies when reading, phonemic awareness, 1st graders with limited reading experience & ability, 30198
word identification speed limitations & task demand sensitivity & orthographic compensation, automatization & reading, dyslexic 4th graders (mean age 10 yrs), 37677

Orthography—Chapters

The acquisition of Italian orthography, 27009
Character and word recognition in Chinese, 13333
Learning to read and spell in Greek: The importance of letter knowledge and morphological awareness, 27013
Learning to read and write in Hebrew, 27020
Learning to read and write in Japanese, 27003
Learning to read Chinese, 27012
Learning to read in Scandinavia, 27015
The relationship between phonological awareness and orthographic representation in different orthographies, 27010
Semantic radicals in phonetic compounds: Implications for visual character recognition in Chinese, 13325
Stroop interference in bilinguals: The role of similarity between the two languages, 260
Sublexical processing in reading Chinese, 13343

Orthopedically Handicapped [See Physically Disabled]

Osteoporosis—Serials

age-related decline of neurological & neuromuscular function, 66–99 yr old women in study of osteoporotic fractures, 2-yr followup, 848
bone mineral density & cognitive function, women aged 65 yrs & older, 6 yr study, 37783
eating disorders & amenorrhea & osteoporosis, training & activity, at risk female athletes, implications for identification of warning signs & prevention, 34047
osteoporotic-linked femural neck fracture & pulmonary tuberculosis after convalescence & weight gain, 38 yr old female with anorexia nervous, 18186
physicians' recommendation of & women's compliance with medication use for osteoporosis treatments following testing, 23–83 yr old female outpatients, 28591
risedronate, incidence of vertebral fractures & bone mineral density, women with postmenopausal osteoporosis, 38407
risk factors for & prevention of osteoporosis, college students, implications for college health personnel, 38456
risk of osteoporosis, immobile–bedridden 29–76 yr olds with intellectual disability, 1887
subjective perceptions of independence & dependence, 52–89 yr olds with osteoarthritis &/or osteoporosis, 31044

Otosclerosis [See Ear Disorders]

Out of Body Experiences—Serials

higher space analogies in projective geometry of & partial expansions & psychodynamics underlying & paranormal activities accompanying separation experiences, 13378

Outcomes (Psychotherapeutic) [See Psychotherapeutic Outcomes]

Outcomes (Treatment) [See Treatment Outcomes]

Outgroup Ingroup [See Ingroup Outgroup]

Outpatient Commitment—Serials

prevalence & frequency & severity & features of violent behavior, adults with psychotic or major mood disorders in 4 mo preceeding outpatient commitment, 21054

Outpatient Psychiatric Clinics [See Psychiatric Clinics]

Outpatient Treatment [See Also Outpatient Commitment]—Serials

12-mo use of outpatient psychiatric services in general medical vs specialty mental & addictive vs other health care sectors, patients with mood vs anxiety vs addictive disorders vs psychoses , 9146
application of random coefficient regression model to depict response to outpatient psychotherapy, 28300
assessment of HIV service provision & staff training needs in outpatient mental health settings, outpatient program directors, 12436
attrition for intensive outpatient abuse treatment program, 20–76 yr old clients, 22260
average daily dose & need for dose escalations of selective serotonin reuptake inhibitors in VA outpatient facilities, 12252
child & adolescent in-patient & out-patient psychiatric services, Federal Republic of Germany, 5840
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary reply, 8924
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary, 8939
day vs residential therapeutic community drug abuse treatment program, outcomes related to addiction severity & depression & psychiatric symptoms & social support, clients, 18 mo followup , 28768
defense style over time & symptomatology, outpatients with major depression, 2-yr study, 12016
demographic & clinical characteristics & hospitalization rates, eating disordered 11–22 yr olds referred to outpatient clinic, 1991 vs 1996, implications for role of managed care in treatment, 24645
demographic characteristics & referral sources & type of problem & attendance vs nonattendance at treatment sessions, patients referred to hospital-based psychosexual dysfunction clinic, 15513
development of model to predict & identify determinants of HIV & AIDS services training of on-site staff, outpatients mental health care agencies in New York, 35212
dose-effect relationship in children's psychotherapy services, 5–17 yr old outpatients who participated in the Fort Bragg Evaluation Project, 12-mo study, 15157
effectiveness of compulsory ambulatory treatment order, patients with mental disorders, Israel, 22237
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary, 31019
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary, 31016
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary reply, 31014
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, 18170
factors associated with engagement in outpatient treatment, patients with dually diagnosed substance abuse disorder & psychiatric disorder, 2553
filling in of pre-appointment questionnaires & differences in demographic or clinical variables, attendance, 18–65 yr old referrals to an outpatient clinical psychology service, 5864
home vs outpatient-based rehabilitation, clinical & social & quality of life outcomes, patients suffering from chronic schizophrenia, 25410
implementation of outcome assessment system in ambulatory behavioral healthcare systems, 15472
implementation of Transpersonal Care Program in clinical setting, 31439
inpatient vs outpatient substance abuse treatment, treatment outcomes, substance abusers, 38609
location & structure of ambulatory rotation, cognitive knowledge & performance, medical school students, 3 mo study, 25622
managed care & technical efficiency in outpatient substance abuse treatment units, 2550
mental health issues & community groups, resocializing mentally disordered in Kumejima, 5815
model continuum of ambulatory behavioral health services for comparison of practice patterns, mental health service providers, implications for cost containment in program development, 22134
outpatient interactions between patients & physicians & patient satisfaction, patients, 38492
outpatient interdisciplinary treatment program, pain severity & control of other symptoms, patients with fibromyalgia syndrome (mean age 48.4 yrs), 6 mo followup, 5715
outpatient psychotherapeutic treatment of suicidality, adults & adolescents, 35213
outpatient therapy &/vs medication vs no treatment, hospital costs & use, HMO participants with anxiety or depression or adjustment disorder, commentary reply, 8719
outpatient therapy &/vs medication vs no treatment, hospital costs & use, HMO participants with anxiety or depression or adjustment disorder, commentary, 8729
outpatient treatment program consisting of cognitive–behavior oriented individual & group & family therapy, psychosexual behavior & recidivism, male sex offenders, 4–52 mo follow up, 8803
participation in Arrows workshop to explore critical strategies for teaching during outpatient care, choices of more learner-focused teaching strategies, medical school faculty members, 2772
patient characteristics & physical symptoms & psychological treatment, 18–65 yr old patients at gastroenterology clinic, 15401
patient characteristics associated with adherence to outpatient mental health treatment referrals from psychiatric emergency department, psychiatric patients, 38517
patterns of outpatient mental health service utilization, 3 yr study, 9121
patterns of use of outpatient psychiatric services, Norway & Finland & Denmark & Sweden, 1-yr follow-up , 2597
poor geographic accessibility to ambulatory mental health services & likelihood of being hospitalized, veterans, 16178
pragmatic cognitive-behavioral treatment, 16 & 25 yr old female wheelchair-bound chronic fatigue syndrome patients, 31532
predictive value of dispositional optimism relative to program attendance & weight loss, 18–75 yr olds seeking outpatient treatment, 12435
predictors of outpatient medical appointment attendance, 18–58 yr old outpatients in public hospital ambulatory care HIV clinic, 7 mo study, 28685
prescribing of risperidone & olanzapine at VA hospital outpatient clinics, 12253
proper matching of patient & treatment & therapist, patient compliance, alcoholics in outpatient treatment, 2 yr study, 9248
psychiatric history & referral type & current coping, assignment to inpatient or outpatient treatment, adult psychiatric emergency room patients, 38576
psychiatric hospital-based & vertically-integrated case management program for inpatient & outpatient & partial hospitalization, inpatients with schizophrenia, 28676
quality of mental health care & pharmacotherapy, psychiatric outpatients with major depression, 2598
reporting of child use of mental health vs orthopedic outpatient services vs reverse record check, parents & other caregivers, 12402
short-term outpatient supportive psychotherapy, remission, depressed patients, 28319
standard treatment with vs without motivational interviewing, adherence to outpatient treatment, psychiatric & dually diagnosed inpatients, 38577
theory of goal-setting in care of patients with dementia, 69–84 yr old geriatric outpatients &/or their caregivers, 31935
treatment unit resources & support & client HIV risk, HIV prevention practices, outpatient substance abuse treatment units, 1988–1995, 28687
trends in composition & duration of visits to psychiatrists in office-based psychiatric practice, physicians, 15492
utilization of geriatric psychiatry outpatient services, patients with major depression (mean age 69.4 yrs), 2596
what is valued most in ambulatory educational encounters, medical teachers vs learners, 15750
written prompt, expectations & preparation for & satisfaction with outpatient consultation, patients, 38518

Outpatient Treatment [See Also Outpatient Commitment]—Books

Handbook of child and adolescent outpatient, day treatment and community psychiatry, 2589

Outpatient Treatment [See Also Outpatient Commitment]—Chapters

Assessment of suicidality in outpatient practice, 14720
Training issues in a child and adolescent ambulatory setting, 2776

Outpatients—Serials

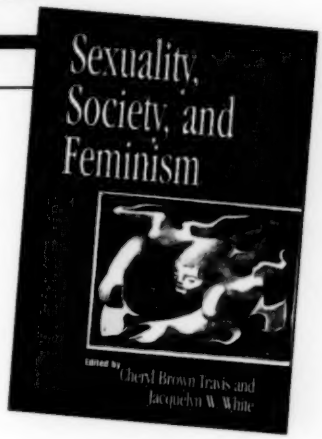
antisocial personality disorder, predictor of baseline severity, inpatient & outpatient substance abusers, 30872
childhood abuse history & parental substance abuse & mental illness & divorce, patients at Navy outpatient mental health clinic, 5496
criminal justice & community-based forensic psychiatry for mentally ill outpatient offenders published in MEDLINE & Psychological Abstracts & Index to Legal Periodicals & Books, 1978–1999, 29267
dimensions of Beck Depression Inventory-II, clinically depressed outpatients, 9905

major depressive episode severity assessed by 10-item Hamilton Rating Scale for Depression, adult unipolar & bipolar outpatients, 3308
patient characteristics & type of medication & postdischarge events, prediction of medication compliance after discharge from inpatient psychiatric care, adolescents with affective or conduct disorder, 8923
positive & negative symptoms & psychiatric hospitalization & employment status & social adjustment, community mental health center outpatients, 18953
prevalence of psychotic symptoms & clinical & demographic characteristics, elderly outpatients (mean age 74.7 yrs), 30614
Therapeutic Assistant Program & use of paraprofessionals in outpatient psychotherapy program, adults in psychotherapy, 9147
Outpatients—Chapters
The process of psychological assessment, 1428
Outreach Programs—Serials
AIDS Community-Based Outreach/Intervention Program, drug- & sex-related risk behaviors, adult HIV negative vs positive intervenous drug vs crack cocaine users, 6 mo follow up, 2497
church-based health behavior intervention program using social cognitive theory, at risk populations from rural lower socioeconomic groups, 18896
classroom & mentor approaches & authenticity in community-based language revitalization programs, California natives, 15873
crime-related needs & forms of assistance offered by victim services programs, crime victims who had vs had not received help from victim programs , 27906
demographics & perceptions of service provision, indigenous relief workers following participation in disaster relief project, 9367
development of faculty outreach program, relationship between college faculty & consulting center staff, 15840
evaluation of outreach service for people with severe personality disorders & clinical activities & outpatient treatments & patient characteristics, 18–55 yr old service referrals, 22182
home-based multidisciplinary Memory & Aging Project Satellite outreach program for diagnosis & treatment, 57–102 yr old minority & underserved inner-city patients with dementia, 35227
homeless outreach programs, client–staff boundaries & professional ethics & staff safety, outreach staff, 32135
National Institute on Drug Abuse Cooperative Agreement for HIV/AIDS interventions for out-of-treatment drug users, 2508
prevention & peer counseling & outreach & education service model used by YouthCare, youth with or at high risk for HIV, 5853
process & outcome of community outreach for recruitment for AIDS research & education projects, drug users, 18957
process evaluation of Community Outreach Education Program to disseminate information about diagnosis & assessment & management & treatment of dementia, 35222
public outreach educational program on domestic violence, change & persistence of change in attitudes toward wife-beating, 18–27 yr olds, 5874
similarities & differences of definition & eligibility criteria for services among state agencies serving adolescents & adults with learning disabilities, 34460
solution-focused outreach program, tobacco use reduction, socially & economically disadvantaged pregnant females (mean age 20.5 yrs), 38597
supportive telephone outreach interventional strategy, hospital discharged elderly patients in home-care during crisis, 31865
telephone survey of training needs, 19–81 yr old geriatric outreach service providers, 2760
theoretical models used to guide National Institute on Drug Abuse's Cooperative Agreement research & HIV drug & sexual risks intervention efforts, 2539
treatment & counseling & outreach & behavioral health care service model used by Walden House Young Adult HIV Project, 13–25 yr olds with or at high risk for HIV/AIDS, 5841
university–community partnership projects for disseminating research on children & youth & families, 38661
Outreach Programs—Chapters
Difference and identification: Reconsidering the indigeneous outreach worker model, 9067
A perspective on voluntary and involuntary outreach services for the homeless mentally ill, 31932
Outward Bound [See Wilderness Experience]
Ovariectomy—Serials
estradiol & progesterone priming, nicotine-induced locomotor activity, male vs ovariectomized female rats, 10596
lesions in lateral habenular nucleus, nonhormonal & pup-mediated maternal behavior & pup retrieval & nest building, ovariectomized female rats, 7041
male confined vs free to interact vs absent, proceptivity, ovariectomized female French-Alpine goats treated with progesterone & estradiol, 23224
peptide LHRH, acquisition of avoidance conditioning responses & spontaneous motor behavior, normally cycling vs ovariectomized female rats, 722
sex & adult gonadectomy, morphine-induced antinociception elicited from ventrolateral periaqueductal gray, rats, 13556
sex & ovariectomy with vs without estradiol &/vs progesterone supplementation, cocaine induced behavioral sensitization, inbred Fischer 344 & Lewis vs outbred Sprague-Dawley rats, 20371
spatial working memory performance on water-escape version of radial-arm maze, intact female rats vs ovariectomized female rats receiving no vs physiological low vs moderate dose of estradiol , 10542
synthetic norethisterone vs levonorgestrel & their metabolites vs allopregnanolone, anxiety & ambulatory behavior, ovariectomized female rats, 4241
tropisetron with vs without 1-(2,3-dimethoxy-4-iodophenyl)-2-aminopropane vs 8-OH-DPAT & m-chlorophenyl-biguanide, lordosis, ovariectomized female rats primed with estradiol & progesterone, 4209
Ovaries—Serials
circulating ovarian hormones & alcohol distribution & elimination, female vs male rats , 13708
depression as risk factor for early cessation of menstrual periods & changes in ovarian function, cohort of 36–44 yr old females, 21082
high vs low social interaction & dominance status & body weight & environmental conditions, ovarian function measured by postovulatory luteal progesterone secretion, red deer hinds, 13634
phenomenological approach to research on perceptions & experiences of living with illness, females of childbearing age with ovarian cancer, 18323
Ovary Disorders [See Endocrine Sexual Disorders]
Over The Counter Drugs [See Nonprescription Drugs]
Overachievement (Academic) [See Academic Overachievement]
Overpopulation—Serials
economic & other bases of population overgrowth & need for restriction of reproductive rights vs subsistence rights, 35758
housing crisis issues, captive chimpanzees, 23181
population density, steroid hormone levels & male-like aggressive behavior, female mice, 4026
sex ratio & age composition & level of education, giant panda habitat in Wolong Nature Reserve, 0–84 yr olds, 1982–96, 35762
Overpopulation—Books
Great issues for medicine in the twenty-first century: Ethical and social issues arising out of advances in the biomedical sciences, 28271
Overpopulation—Chapters
Population, environment, and ingenuity, 27112
Overweight [See Obesity]
Ovulation—Serials
paced vs paired test mating condition, sexual receptivity & behavior, female musk shrews with induced ovulation, 10354
Ownership—Serials
access to guns, suicide or homicide or accidental death, children aged 0–15 yrs, 37481
age & sex & education & income & home value & distance from site & homophobia & AIDS fear, support for residential AIDS home & feared property value loss, community residents, 34580
characteristics of & reasons for relinquishment of dogs & cats to animal shelters, 10–85+ yr olds, 23180
conceptual model of direct vs indirect influence of values on product ownership, adult heads of households, 16197
demographic & alcohol related & other behavioral characteristics & firearm possession on campus, college students, 35531
gun ownership & endorsement of candidate by National Rifle Association, voting behavior in gubernatorial election, voters, 1152
gun ownership & likelihood of committing homicide, persons in prison for criminal homicide vs non-offenders, 30924
issues of fairness & distributive & procedural justice in family decision making about inheritance & intergenerational transfer of nontitled personal property, 30–85 yr old family members, 20947
licensing process & vehicle ownership & risky driving behavior & accident rates, teenage drivers & parents, 4 yr study, 16237
mere ownership effect in interpersonal context of personal possessions, undergraduates, 7872
ownership status, consumer responses to price-based brand line stretches, car owners vs nonowners & college students, 12926
perceived ownership of ElderCARE community coalition activities & its health promotion program, coalition members, 18955
self-evaluation & emotional reactions to events that affect one's claim to a self-generated idea, female college students, 1262
social racial segregation in neighborhood, property value, Blacks in residential areas in US cities, 27121
socialization of children's consumer experiences of ownership & money & price, 32419
Oxazepam—Serials
clorazepate & diazepam & oxazepam, experimental aggression, healthy male 18–24 yr olds, 4292
lorazepam or oxazepam, explicit & implicit memory & time dependent & priming effects, adults, 4110
lorazepam vs oxazepam treatment, psychomotor retardation & mutism, 21–77 yr old patients with psychiatric disorders, 31689
Oxidases [See Also Cytochrome Oxidase, Monoamine Oxidases]—Serials
antioxidant therapy, patients with Alzheimers disease, 8932
nitric oxide, ability of CNS to distinguish sensory signal from background noise, cats,, 26605
oxidative stress & damage as early cytopathological marker of neuronal dysfunction in & role in pathogenesis of frontotemporal dementia, 31235
plasma glutathione peroxidase in antioxidant defense system & symptom severity, 25–49 yr old males with schizophrenia, 21167
Oxidopamine [See Hydroxydopamine (6-)]
Oxilapine [See Loxapine]
Oxygen—Serials
biofeedback & relaxation, submaximal oxygen consumption & running economy, trained long distance runners, 12 wk study, 32405
blood & tissue concentrations of L-lactate & glucose & glycogen as indicators of metabolic debt, fighting time, male shore crabs in hypoxic vs normoxic water conditions, 13473
clozapine, production of reactive oxygen metabolites by blood monocytes & clinical outcome, 24–41 yr olds with neuroleptic resistant schizophrenia, erratum, 28444
embryonic development & water temperature & oxygen, active brood care, female amphipods, 3694
influence of oxygen stress on female choice for male nest structure, common gobies, 10327
long-term oxygen therapy, cerebral blood flow velocity & CNS & autonomic nervous system function, 51–74 yr old patients with hypoxaemic chronic obstructive pulmonary disease, 35086
low dissolved vs normal oxygen levels, parental care & egg hatching success, male common gobies, 10326
nutritional additive containing polyunsaturated fatty acids, intraerythrocytic metabolism & hemoglobin affinity for oxygen & adaptation to exercise, 19–21 yr old athletes, 16989
spatial learning & memory in water rewarded spatial alternation task, expression of nitrous oxide neurons in dentate gyrus & frontal cortex, female rats, 3950
Oxygenation—Serials
effects of ambient temperature vs norepinephrine vs chronic food restriction on oxygen consumption/metabolism, awake vs anesthetized naked mole-rats, 29929
frontal brain activity & blood oxygenation during Wisconsin Card Sorting Test, healthy 27–33 yr olds, 7040
verbal & performance IQ, 5–8 yr olds who received extracorporeal membrane oxygenation during neonatal period for persistent pulmonary hypertension, 25310
Oxytocin—Serials
acute vs chronic administration of citalopram, plasma oxytocin & cholecystokinin & gastrin & somatostatin & insulin, male rats, implications for clinical profile of SSRI antidepressants, 13825
chronic fluoxetine & oxytocin, appetitive & consummatory sexual responses, male rats, implications for effects of serotonin in transient inhibition of sexual desire, 26745
CSF oxytocin & arginine vasopressin, 16–21 yr olds with Prader-Willi syndrome, 8069
ECT, plasma vasopressin & oxytocin, clinical outcome & cognitive effects, patients (mean age 57.6 yrs) with major depression, 2418
massage vs positive vs negative emotional experiences regarding close relationships, changes in plasma oxytocin, 23–35 yr old females, 26858
modulation of vasopressin vs oxytocin vs prolactin responses of suprachiasmatic nucleus-pineal gland system to conditioned fear stimuli, male rats, 23480
naloxone pretreatment & morphine, cholecystokinin induced plasma oxytocin concentration & electrical activity of oxytocin cells in supraoptic nucleus, female rats, 4116

oxytocin & estradiol conjugated to bovine serum albumin at position 6, sexual receptivity, female rats, 13703
oxytocin vs antagonist at early vs middle vs late meal phase event, milk ejection & suckling bout length, cow–calf pairs, 4213
oxytocin vs arginine vasopressin, social behavior & development of partner preferences, male & female prairie voles, 36539
oxytocin, psychomimetic-induced deficits in sensorimotor gating, male Sprague Dawley rats, 10567
role of nonapeptides oxytocin & vasopressin & peptide receptors in species-typical social behavior & communication & autism, humans & animals, 14824
Oxytocin—Chapters
Stress and soothing: An endocrine perspective, 20254

Sexuality, Society, and Feminism

Edited by Cheryl Brown Travis and Jacquelyn W. White



This new volume challenges traditional perspectives into female sexuality and helps pave the way for revised understanding of women's sexuality. Top feminist scholars begin the task of molding conceptual models and methods of inquiry that will help shape a science for and about women.

Taking the view that sexuality is socially constructed, the authors offer new insights into the epistemological data, theoretical models, and research methods on sexuality. At the book's core, the many issues central to how women discover the meaning of their sexuality in the world around them are explored. Topics discussed include the development of female sexuality at important points in the life-span, humor and sexuality, body image, sexual assertiveness, sexual harassment, and acquaintance rape.

This readable and fascinating volume will provide an important starting point to carve out a feminist agenda for new scholarship in this too-long ignored part of women's lives. 2000. About 440 pages. Hardcover.

Part of the **Psychology of Women** book series, a collaborative effort between APA's division of the Psychology of Women and APA books.

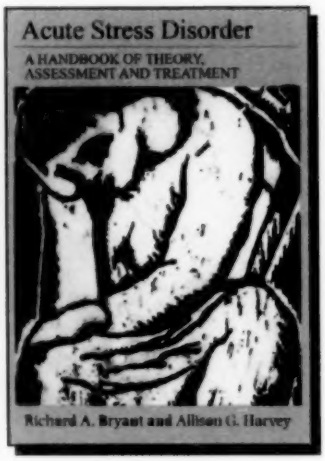
Acute Stress Disorder:

A Handbook of Theory, Assessment, and Treatment

Richard A. Bryant and Allison G. Harvey



When disaster strikes, it's big news. But after the news value fades, what happens to its victims and witnesses? For them, the psychological effects of profound trauma can be debilitating and require unique skills and attention from mental health professionals to alleviate.

This guide is the first comprehensive text on Acute Stress Disorder (ASD) since ASD was first listed in the *Diagnostic and Statistical Manual* in 1994. The authors show how to prevent ASD from developing into full-blown PTSD (Post-Traumatic Stress Disorder) and present a step-by-step guide to assessing and treating ASD using cognitive-behavior therapy. The book also includes a comprehensive review of theoretical and empirical issues associated with ASD. This is the most complete, authoritative source for all mental health professionals working with victims and witnesses of accidents and other traumas. 2000. About 240 pages. Hardcover.

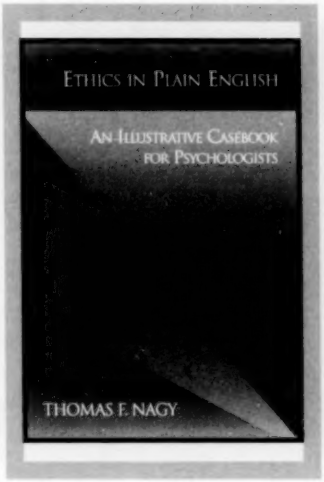
ETHICS IN PLAIN ENGLISH

AN ILLUSTRATIVE CASEBOOK FOR PSYCHOLOGISTS

Thomas F. Nagy



This lively and engaging volume brings the APA Ethics Code to life by rendering the official language of its 102 mandatory standards in plain English and providing illuminating case examples of how the standards apply to psychologists' everyday work. While fictional, these cases portray common situations and help the reader understand how ethical problems can suddenly emerge for able and well-meaning professionals, even under the most ordinary of circumstances. The cases illustrate competent problem solving by psychologists faced with ethical dilemmas in a variety of professional roles as well as instances in which inaction or inappropriate action by psychologists place them and those with whom they work at risk. This long-awaited casebook will allow readers to review ethical obligations, take steps to prevent problems, and be prepared when the unexpected occurs. 1999. 265 pages.

AMERICAN PSYCHOLOGICAL ASSOCIATION

A History *of* GEROPSYCHOLOGY *in* Autobiography

AMERICAN PSYCHOLOGICAL ASSOCIATION

Edited by James E. Birren and Johannes J. F. Schroots

The psychology of aging, or geropsychology, is taking on increasing importance as people live longer and larger populations grow older. Geropsychology promises to be a major growth area for research and practice in the years to come. This relatively new field, whose roots go back to pioneering work in the 1950s, has generated fascinating research, developed great international interest, and created new career opportunities for psychologists.

In this volume, the world's leading researchers and clinicians in geropsychology present a history of the field based on their own stories, in their own words. This volume tells of their struggles and successes and shows how their lives and the lives of the people they work with have helped to shape this emerging field. Their voices illustrate the different ways the subject can be approached, making for reading that is both informative and inspiring. 2000. About 400 pages.

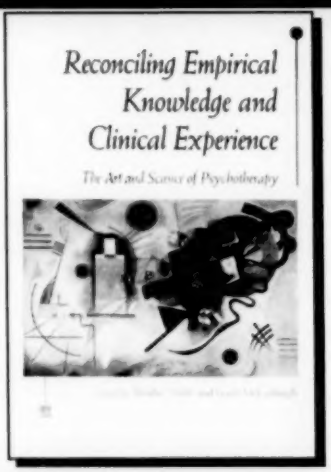
Reconciling Empirical Knowledge and Clinical Experience:

The Art and Science of Psychotherapy

Edited by Stephen Soldz and Leigh McCullough



The art and science of psychotherapy requires both intuitive knowledge and empirical discipline. Therapists are artists, even mavericks. Researchers labor diligently within the structures of the rules of empiricism. The researcher's findings must be generalized to populations outside the original test. The therapist works with individual clients and often must trust instinct in fine-tuning each patient's treatment.

In this book, scientist-practitioners reflect on their efforts to combine these disparate ways of knowing in their own work, sharing their stories, both successes and failures at balancing research with practice. This book is indispensable reading for anyone working in the social sciences who has experienced the essential tension between clinical experience and empirical knowledge.

2000. 288 pages. Hardcover.

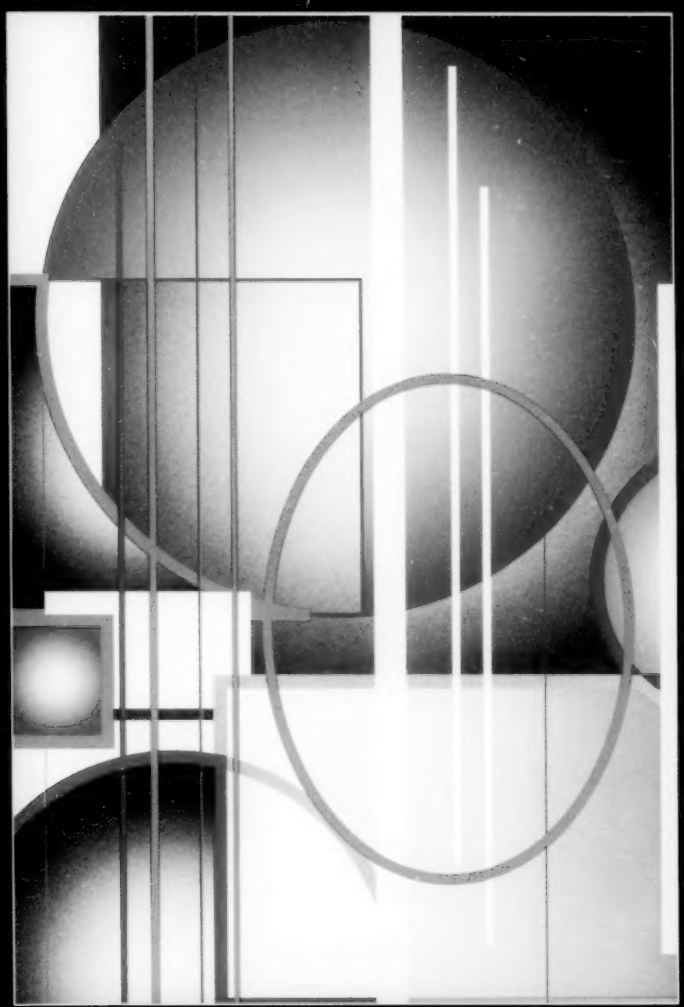
Psychological Abstracts®

Nonevaluative Summaries of the Serial and Book Literature in Psychology and Related Disciplines



Volume 86 Subject Index III P–Z January–December 1999

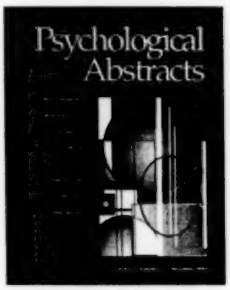
Trusted Worldwide as the Authoritative Printed Reference in Psychology

Now a single print product gives users access to chapter, book, and journal information from all areas of psychology and related disciplines. APA's ***Psychological Abstracts (PA)*** brings users nearly 3,000 journal abstracts every month and NOW includes book chapter and book information.* Both psychologists and librarians have reported that they want the convenience of having a single source for ALL of the information available from books, book chapters, and journals. That's why chapter and book summaries are included in the monthly issues of *PA*.**

PA gives your users an overview of research in psychology and related fields, sums up articles from over 1,200 English-language journals and over 1,200 books annually, shows everything that's new in a given specialty, and much more!

Don't miss out on psychology's richest resource on current literature! *PA* is priced at $999 per year for institutions. Well worth it for over 3,200 journal ***and*** book abstracts per month!

For more information, write to:
American Psychological Association, 750 First Street, NE, Washington, DC 20002-4242, or call (800) 374-2722. In Washington, DC, call (202) 336-5650.



PsycINFO
INFORMATION SERVICES IN PSYCHOLOGY

Psychological Abstracts...

- reports advances appearing in journals and books that may not be read on a regular basis
- enables users to pick up main ideas at a glance by highlighting the key points in a given document
- saves research time by virtue of *PA* complete bibliographic data for all citations
- and lets users find what they need in a hurry with its reader-friendly indexes for each month and year

* This book-related material previously appeared separately in *PsycBOOKS*.

** Summaries in *PA* will continue to be grouped by subject classification, as well as now by source: SERIAL, BOOKS, and CHAPTERS. We've retained the style which *PA* subscribers find most efficient, and integrated the strengths of the former version of *PsycBOOKS*.

PsycINFO, a family of interrelated information services, provides access to the literature in psychology and interrelated behavioral and social sciences in a variety of ways. *PsycINFO* consists of:

Psychological Abstracts (PA) journal (ISSN 0033-2887). The comprehensive monthly compilation of nonevaluative summaries of the serial and book literature in psychology and related disciplines.

Issue. The monthly **PA** issues contain entries listed under 22 major classification categories, with some categories having subsections, as shown in the Table of Contents. Under each classification heading, the records are arranged alphabetically by first author, and are numbered consecutively each year. The volume contains approximately 40,000 records.

Indexes. An author, brief subject, and book title index appear in each monthly issue. An expanded and integrated annual index is published at the end of each volume.

PsycSCAN®s: Clinical Psychology, Developmental Psychology and Applied Psychology. Quarterly publications containing abstracts from subscriber-selected journals in the areas of clinical psychology, developmental psychology, and applied psychology, respectively.

PsycSCAN: LD/MR. A quarterly publication containing abstracts on learning disabilities, communication disorders, and mental retardation.

Neuropsychology Abstracts. Formerly known as PsycSCAN: Neuropsychology. A quarterly publication covering the clinical and human cognitive experimental areas of neuropsychology.

Psychoanalytic Abstracts. Formerly PsycSCAN: Psychoanalysis. Quarterly publication containing abstracts in the area of psychoanalysis.

PsycSCAN: Behavior Analysis & Therapy. Drawn from the total coverage of **PsycINFO®**, this quarterly publication contains abstracts in the area of behavior analysis and therapy.

The Thesaurus of Psychological Index Terms© 1997. A compilation of the vocabulary used in psychology and related disciplines as generated from the files of **PA**.

PsycINFO User Manual© 1992. Developed for the individual researcher of the information available from PsycINFO services, whether through use of the printed PA issues and indexes or by computer-assisted search of the database.

PASAR® (PA Search and Retrieval). Retrospective search and retrieval services available through the PsycINFO office.

PsycINFO® Database. Magnetic tapes of PsycINFO records to institutions for annual lease or license. Designed for use by information analysts and dissemination centers, the PsycINFO database is also used for direct interaction by individuals through a computer terminal in their own facilities. This service is available through several dissemination centers throughout the world.

PsycLIT®. A CD-ROM product containing PsycINFO citations and abstracts published from 1974 to present. PsycLIT includes summaries and citations from over 1,300 journals from 45 countries. English-language books and chapters from 1987 are included. Updated quarterly.

For more information on the above products, uses, and costs write to PsycINFO, American Psychological Association, 750 First Street, NE, Washington, DC 20002-4242; or visit the American Psychological Association web site at **www.apa.org.**

Psychological Abstracts is printed on acid-free paper. Printed in the U.S.A.

Psychological Abstracts (ISSN 0033-2887) is published monthly for $999 domestic, $1,077 foreign (APA member price $799) by the American Psychological Association, 750 First Street, NE, Washington, DC 20002-4242. Periodicals postage paid at Washington, DC, and additional mailing offices. **Postmaster:** Send address changes to **Psychological Abstracts**, 750 First Street, NE, Washington, DC 20002-4242.

Correspondence on copyright matters should be directed to the PsycINFO Permissions Department; back issue sales to the Order Department; and subscriptions and address changes to the Subscription Manager. All correspondence should be addressed to the American Psychological Association, 750 First Street, NE, Washington, DC 20002-4242. For information regarding microform editions write to University Microfilms, 300 North Zeeb Road, Ann Arbor, Michigan 48106.

Address Changes must reach Subscription Servicing Department, APA, 30 days prior to the actual change of address. Copies undelivered because of address change will not be replaced; subscribers should notify the post office that they will guarantee Periodicals forwarding postage. **Other Claims** for undelivered copies must be made within 4 months of publication. Address your claims to Subscription Manager, APA.

Subscriptions are available on a calendar-year basis only. (January through December).

VOLUNTEER ABSTRACTORS

The staff of *Psychological Abstracts* wishes to take this opportunity to acknowledge the contributions of the following volunteers. Their generous donations of time, effort, and professional expertise enhance the quality and comprehensiveness of *Psychological Abstracts* and thereby benefit the entire psychological community.

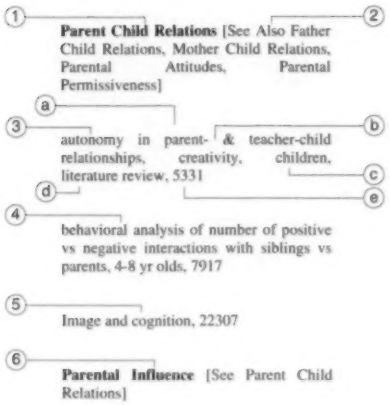
December, No. 12	35836-39097

Key to the Text

Examples are number coded to provide definition of their elements.

SUBJECT INDEX



1. Index term. Index terms are PsycINFO's controlled indexing vocabulary as published in the *Thesaurus of Psychological Index Terms.*
2. Cross references.
3. Index phrase (experimental type). A short statement of the major concepts contained in the original document. An experimental type index phrase may consist of:
   a. independent variable
   b. dependent variable
   c. subject population
   d. form identifier
   e. abstract number
4. Index phrase (descriptive phrase).
5. Book or chapter title.
6. Nonpostable term with see reference to postable term.

ABBREVIATIONS: In addition to commonly understood abbreviations* (including all units of measurement, educational degrees, standard statistical abbreviations, and standard Latin and reference terms), standard abbreviations used in *Psychological Abstracts* records are:

CRT	=	cathode ray tube
DNA	=	deoxyribonucleic acid
EEG	=	electroencephalogram/electroencephalograph
EKG	=	electrocardiogram/electrocardiograph
ESP	=	extrasensory perception
FI	=	fixed interval
FR	=	fixed ratio
icv	=	intracerebroventricularly
im	=	intramuscularly
ip	=	intraperitoneally
IQ	=	intelligence quotient
iv	=	intravenously
LSD	=	lysergic acid diethylamide
po	=	orally
REM	=	rapid eye movement
RNA	=	ribonucleic acid
S	=	subject
sc	=	subcutaneously
TV	=	television
UK	=	United Kingdom
US	=	United States
USSR	=	Union of Soviet Socialist Republics
VI	=	variable interval
VR	=	variable ratio

Computer language and computer names will also be used without definition, eg., **ALGOL, COBOL, FORTRAN, IBM 360**

**Consult Webster's New Collegiate Dictionary.*

This Annual Subject Index, published in three volumes, consolidates more than 158,000 references to approximately 40,000 abstract records published in 12 monthly issues of *Psychological Abstracts* from January 1999 through December 1999. A companion work, the Annual Author Index, references these records by author and abstract number.

Index terms, selected from the *Thesaurus of Psychological Index Terms,* represent the literature covered for the periods indicated. Only terms assigned as major terms, reflecting the main focus of the article, appear in the printed subject index. (Terms assigned as minor do not appear in print but are available for online searching.) Subject matter content determines the specific terms used and, thus, not every thesaurus term will appear in every index. "See" and "See Also" references are present to direct the user to the preferred terminology or related areas of interest. Index phrases are alphabetically arranged under the appropriate index terms and represent a concise statement of the article's content or, when appropriate, identify the independent and dependent variables described in the material as well as the subject population. Style changes such as the increased use of abbreviations or the elimination of some hyphens may result in some inconsistencies and may affect the alphabetical order of phrases.

Pacemakers (Artificial) [See Artificial Pacemakers]
Pacific Islands—Serials
issues in ethnic identity & authenticity in minority language education, US & Solomon Islands, 15871
perceptions toward severity of potentially abusive situations & recommended interventions & child rearing practices, 23–58 yr old Palauan elementary school teachers, 17983
prevalence & sex ratios & clinical symptomatology of schizophrenia, patients with schizophrenia in Micronesia, 11449
Pacifism—Serials
values & militarism & nonviolent predispositions, college & high school students, 14315
Pain [See Also Back Pain, Chronic Pain, Headache, Myofascial Pain, Neuralgia, Somatoform Pain Disorder]—Serials
Abacus visual analog scale, alternative to paper-&-pencil tests for burn pain intensity assessment, burn patients, India, 35878
alpha 1 & 2 adrenergic receptor blockers, sympathetic dependency of neuropathic pain behavior & ectopic discharges, male rats, animal model of segmental spinal injury, 20321
amitriptyline or mexiletine, pain relief, patients with HIV-associated painful sensory neuropathy, 8913
analgesic effect & tolerability of ketorolac vs tramadol, patients with pain following nasal surgery, 5734
analgesic properties of tetrahydrocannabinol CT3 as seen in hot plate assay & p-phenylquinone writhing & formalin antinociception tests & rota rod procedure, male mice, 4111
animal models of neuropathic pain, 5234
anticipated vs experienced thermal stimulation-induced pain, regionally dissociated brain activity, healthy adults, 23397
anxiety as a predictor of blood pressure changes induced by painful stimuli during sphygmomanometry, 38370
anxiety sensitivity & physical & mental health & social functioning, 17–83 yr old chronic pain patients, 5233
anxiety sensitivity, anxiety generation & pain experience, adults with panic disorder, 14622
application of chilled metal tubes to maxillary posterior molar apical areas, pain & nausea, 16–59 yr old patients with severe migraine or tension type headache, 28595
applying findings from animal models of neuropathic pain to clinical situations, 5403
appraisal & coping responses to pain & stress, female migraine headache sufferers, 34551
attitudes toward & knowledge of cancer pain epidemiology & pathophysiology & management, 24–78 yr old medical practitioners, Israel, 22365
attitudes toward diagnostic approach & management of patients with common shoulder disorder, general practitioners vs physiotherapists, 28600
attributes & potential causal mechanisms, persons with phantom limb pain, 18261
attributes of painful orofacial symptoms & patterns of health care utilization & selection by type of health care provider, 65–100 yr olds, 22145
attributions for causes & remedies of children's abdominal pain, mothers & their 6–18 yr old children with peptic disease vs unexplained pain without identifiable organic disease, 1 yr followup , 28011
benzalkonium chloride, small intestine & its functioning & satiety & discomfort associated with distention of gut, male rats surgically prepared with Thiry-Vella intestinal loop, 4227
biomedical & psychosocial aspects of sickle cell disease related to pain assessment & medical treatment & genetic counseling & education & employment, African Americans, 27999
biopsychosocial mechanisms & management of pain, 35064
bisphosphonates, bone cancer-related pain in palliative care, 5762
breakthrough pain & pain mood & pain-related interference in physical function & depressed mood & anxiety, 26–77 yr old cancer inpatients, 21510
caffeine as analgesic adjuvant in combination with acetaminophen & aspirin, headache pain, 18–65 yr olds, 28592
catastrophizing, prediction of pain intensity & perceived disability, 22–58 yr old patients with soft-tissue injury, 1960
chemical & mechanical colonic irritation, viscerosomatic reflex response to peritoneal irritation induced by diluted acetic acid, male mice, 20328
clinical course & prognostic factors associated with nonspecific neck pain, adults, 5196
clonazepam, panic disorder, adult chest pain patients, 38333
cognitive & affective & behavioral profiles & use of analgesics & fear of pain & lifestyle changes, 17–77 yr olds with recurring headaches & high vs medium vs low anxiety sensitivity, 27997
cognitive vs physical impairment & medical prognosis & pain, preferences for life-sustaining treatments, adults (mean age 78.5 yrs), 36882
cognitive–affective model of pain as interruption of ongoing attentional engagement & behavior, implications for coping with chronic pain, 17756
cognitive–behavior therapy, cognitive measures & panic & improvement in non-cardiac chest pain, 18–75 yr olds with non-cardiac chest pain, 6 & 12 mo followup, 25057
cotreatment with fenfluramine & development of tolerance to morphine analgesia, rats, 4093
cutaneous sympathetic nerve activity & capsaicin-evoked pain & hyperalgesia & vasodilatation, adults (mean age 25.7 yrs), 16892
definitions & childhood & family history & epidemiology & comorbidity & health care seeking & stress & life events & course, irritable bowel syndrome in adults & recurrent abdominal pain in children , 28009
delivery & dose of opioid or nonopioid analgesic & acute pain & morbidity, previously healthy 13–63 yr old appendectomy patients, 28589
depression & hopelessness & quality of life & role of HIV symptoms, 26–66 yr old HIV-infected male homosexuals with vs without pain, 8555
development & validation of Hindi Brief Pain Inventory, assessment of pain & pain interference & management, 18–85 yr old cancer pain patients, India, 9936
developmental changes in biologically based child variables vagal tone & difficulties & maternal sensitivity & behavior during pain, pain behavior during immunization, 21.9–40.7 yr old mothers & their 6 or 18 mo old infants, 21491
discomfort during injection of doramectin vs ivermectin, red Angus 2 yr old heifers, 10247
dose- & time-dependant central analgesia induced by endomorphin-2 vs D-pro2-endomorphin-2 vs ala-pro-2naphthylamide & alteration by dipeptidyl peptidase IV, rats, 13589
drug-related priapism in 37-yr-old identical twin brothers, 35001
dual channel electrostimulation, 36–47 yr olds with neuropathic pain, 5738
early exposure to painful stimuli & maternal deprivation & long-term changes in stress responses, neonatal rats, implications for development of fibromyalgia syndrome, 605
effecacy of cognitive–behavioral therapy for procedure-related pain, commentary, 18798
effects of prolonged fentanyl treatment, patients with neuropathic pain, 2469
efficacy of cognitive–behavior therapy for procedure-related pain, commentary, 18787
efficacy of cognitive–behavior therapy for procedure-related pain, pediatric patients, 18802
efficacy of cognitive–behavioral therapy for procedure-related pain, commentary, 18788
electrophysiological & behavioral property changes in dorsal root ganglia cells after spinal nerve transection, allodynia-negative vs allodynia-positive rats, 23390
emotional regulation after painful events during early development, 3–18 mo olds, 7321
endothelin-1 applied to epineurial surface of sciatic nerve, pain behavior, male rats, 4132
episodic elevated intracranial pressure & radicular pain, 22 & 45 yr old females with leptomeningeal metastatic disease, 18380
event-related functional MRI measurement of pain responses in thalamus & cingulate & somatosensory cortex, 31–38 yr olds, 148
experimental models of pain, referred & temporal pain & summation pain & muscle hyperalgesia, 36124
family history of pain & current pain experience & awareness of pain in others, male vs female 18–51 yr olds, 5220
formalin vs zymosan-induced acute peripheral inflammation, central glial activation & cytokine interleukin-1-beta expression, male rats, 23358
frequency & severity of pain during anal intercourse & sexual behavior concomitants & psychosexual determinants, 18–74 yr old gay men, 1188
growth & anxiety & pain behaviors, puromycin-sensitive aminopeptidase-deficient mice with goku mutation, 26557
headache & facial pain as manifestation of Munchausen syndrome, 34 yr old male, 14468
hypnotherapy, anxiety & depression & muscle pain control, middle-aged male with generalized dystonia of childhood onset, 35067
hypnotic modulation, sensory & affective dimensions of pain, college students, 33351
in vitro profile at cloned human opioid receptors & efficacy of loperamide vs morphine, hyperalgesia produced by in vivo models of inflammatory pain, male rats & mice, 20280
injection of pain-inducing drug formalin into hind paw, microglial activation in spinal chord & brainstem, male rats, 23310
innocuous stimulation, development of allodynia & spinal Fos expression & involvement of descending pathways, male rats, 10467
integration of coping & control perceptions & developmental factors in biopsychosocial conceptualization of pain & pain management in medical & dental settings, children, 8991
interest in medical/psychological intervention, patients presenting with unexplained chest pain, 1998
intranasal sumatriptan, pain & symptoms, 6.4–9.8 yr olds with migraine, 18285
issues in effectiveness of opioids in relieving neuropathic pain, 22045
jaw relaxation with vs without music, postoperative pain after major abdominal surgery during ambulation & rest, 20–70 yr olds, 22051
kappa opioid agonist EMD 61753, pain & inflammation, humans after knee surgery & rats, 26810
lamotrigine, pain, 38 yr old female with multiple sclerosis, 5757
laser evoked potentials from parasylvian cortex, 26–43 yr olds with temporal lobe epilepsy, implications for evoked potentials in normal populations, 2051
laser pain stimuli, innocuous-related activity in central somatosensory pathways, healthy adults, 19700
medical & scientific & sociocultural history of pain during early 19th century, Britain & America, 5230
memory for pain, children, literature review, 30131
model of behavioral symptoms of neuropathic pain & associated changes in dorsal horn neurons, male rats, 20152
morphine sulphate vs fentanyl citrate vs buprenorphine hydrochloride, articular pain-related behaviors, domestic fowl, 26777
morphine, pain-related disability in adjuvant-induced arthritis model of severe chronic pain, male rats, 26805
mu & delta opioid agonists & antagonists, affective vocal & reflexive pain responses during social stress, rats, 764
muscle pain during exercise, rectangular vs triangular tests on cycloergometer, 36383
neural processing of & networks activated by pain component of capsaicin-inducted secondary hyperalgesia, healthy adults, 29978
nonmalignant pain & psychological & functional health & practice patterns for pain management in nursing homes, nursing home residents at least 65 yrs old, 1992–1995, 31994

novelty & pain, behavior & hippocampal cholinergic activation, male vs female rats, 13527
oral glucose, blood sampling pain from venipuncture vs heel stick, newborns, 33319
outpatient interdisciplinary treatment program, pain severity & control of other symptoms, patients with fibromyalgia syndrome (mean age 48.4 yrs), 6 mo followup, 5715
overview of recent data on spinal mechanisms of muscle pain, animal experiments, 36299
own vs family's pain history, daily pain indices & response to cold pressor task, 18–25 yr olds, 26726
oxotremorine concentration & administration time, formalin pain behavioral responses & plasma corticosterone & beta-endorphin content in hypothalamus & periaqueductal gray & septum, rats, 26747
pain & excess disability & psychological status, patients with arthritis (mean age 67 yrs), 24687
pain & fatigue & sleep disturbances & relationships between symptoms & treatment characteristics & self-care strategiese, adult oncology outpatients receiving radiation therapy for bone metastatis, 25313
pain beliefs & patient functioning & behavior, 23–65 yr old chronic pain patients in multidisciplinary treatment & their spouses, 6 mo followup, implications for cognitive–behavioral model of pain, 22018
pain characteristics & coping & analgesic medication use, patients with rheumatoid arthritis, 31788
pain, agitation, elderly individuals with dementia, 37752
painful heterotopic stimulation, capsaicin induced & brush evoked pain intensity & area of brush evoked pain, 23–27 yr old males, 3450
painful stimulation of a pain-free muscle, referred pain patterns & central hyperexcitability, 29–62 yr old females with fibromyalgia, 37754
parental report of pain & coping, children with borderline to profound cognitive impairment, 31001
pediatric psychology interventions for disease-related pain, children, 18805
pediatric psychology interventions for disease-related pain, children, commentary, 18796
pediatric psychology interventions for disease-related pain, children, commentary, 18800
pediatric psychology interventions for disease-related pain, children, commentary, 18804
perception of changes in health state & satisfaction with change & pain & disability, patients in education program vs drug therapy vs surgery, 34546
perceptions of behavior identified as being pain related, 46–96 yr old nursing home residents vs 22–64 yr old nurse vs 30–91 yr old family caregivers, 21495
physical symptoms & anxiety & depression & stress, patients with regional soft tissue pain vs fibromyalgia syndrome, 37757
positron emission tomographical analysis of sensory & affective components of pain & pain perception & thresholds in brain, healthy male 23–75 yr olds, 10460
prognostic factors for disability, 18–60 yr old back or neck pain patients treated with chiropractic therapy vs physiotherapy, 1 yr follow up, 5775
psychological & physical & genetic predictive factors for persistence of musculoskeletal pain, 3rd & 5th grade children, 1 yr followup, 5227
psychological aspects of medication use & pain & moods & thoughts & functioning during most recent attack, patients with migraine, 5232
psychological distress assessed using Symptom Checklist-90 Revised, 24–70 yr old complex regional pain syndrome patients with dystonia, 24729
psychosocial variables & sick leave, patients with musculoskeletal pain, 21461
rat-based autotomy vs other models of experimental traumatic mononeuropathy & application to mechanisms of neuropathic pain in humans, 7062
recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, commentary, 37744
referred muscle pain & hyperalgesia in clinical setting & pathophysiological mechanisms, patients with painful visceral disorders, animal models of urinary colics from calculosis, 37753
regulatory focus theory vs pleasure seeking/pain avoiding theory & motivation, commentary, 7942
relationship between pain & anxiety & development of Fear of Pain Questionnaire, 3299
repetitive pain during neonatal period with increased brain plasticity, development of pain system & pain thresholds & defensive behavior & alcohol preference & social discrimination, adult rats, 23446
research criteria & methodology for identification of recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, 37737
response to lidocaine, males vs females assessed in pressure- pain paradigm, 4255
restraint & branding, rates & acoustic parameters of vocalizations & pain, beef cattle, 10367
sex, treatment prescription & chronic pain adaptation & coping, cancer vs non-cancer patients, 34593
sleep, pain management, 31065
spinal substance P receptor expression & internalization in dorsal horns in acute vs short-term vs long-term inflammatory pain states, rats, 33215
status of treatments in pediatric psychology for recurrent abdominal pain, 18794
status of treatments in pediatric psychology for recurrent abdominal pain, commentary, 18806
stimulation of ipsilateral scalp & infrazygomatic region of face & back, development of dysesthesia & shooting pain in arm, 63 yr old male with partial nerve injury, 21488
stress & ovarian cycle & prolonged chewing & periodontal pain, pressure pain threshold variations in human jaw muscle, healthy Ss vs patients with myogenous pain, 37747
subchronic sertraline, depression & pain & fatigue & number of & affinity for [3H]rauwolscine binding sites, adults with fibromyalgia, 38275
temperature & sunlight & barometric pressure & relative humidity, pain, rheumatoid arthritis patients, 21459
test-ordering patterns in clinic/emergency departments, children with acute abdominal pain, pediatricians, 31805
therapeutic approach to, muscle pain, patients with myoarthropathies of masticatory system, 38422
therapeutic touch, pain & level of functioning & general well being, 40–80 yr olds with osteoarthritis of the knee, 2441
use of amitriptyline in neuropathic pain model, male rats, 20285
use of dialectical assessment in determining experienced pain & degree of openness to & best style of psychological assistance, clients seeking therapy, 25002
utility of functional ability as index of pain & pain behavior, children & adolescents with sickle cell anemia, 28047
warding-off & unwanted-thoughts concepts & pain vs panic paradigms in assimilation model of emotional processing, 26414

Pain [See Also Back Pain, Chronic Pain, Headache, Myofascial Pain, Neuralgia, Somatoform Pain Disorder]—Books

Forgive your parents, heal yourself: How understanding your painful family legacy can transform your life, 21699
Handbook of pain syndromes: Biopsychosocial perspectives, 8523
Pediatric pain management, 25287
Psychosocial factors in pain: Critical perspectives, 14927

Pain [See Also Back Pain, Chronic Pain, Headache, Myofascial Pain, Neuralgia, Somatoform Pain Disorder]—Chapters

Acute pain (with special emphasis on painful medical procedures), 14431
Assessing chronic pain patients: The Fear of Pain Questionnaire-III, 13038
Assessment and treatment of recurrent abdominal pain in children, 14956
Assessment of pain and response to treatment in older adults, 32587
Burn pain, 8542
Chronic pain: A biobehavioral perspective, 14959
Detecting deception and malingering, 8526
Evaluation of treatment effectiveness in patients with intractable pain: Measures and methods, 13041
Functional gastrointestinal pain syndromes, 8527
Hyperalgesia and response bias following chronic marihuana smoking, 17126
Hypnosis and pediatrics, 37984
Hypnotic preparation in anesthesia and surgery, 38380
Lifespan developmental approaches to pain, 14961
Models of pain, 8545
Pain and stress: A new perspective, 14950
Pain in multiple sclerosis and the muscular dystrophies, 8543
Phantom limb pain, 8534
Phantom limb pain: A continuing puzzle, 14944
Self-report of pain: Issues and opportunities, 36103
Sickle cell disease, 8547
Sociocultural and religious meanings of pain, 14952
Somatization, hypochondriasis, and related conditions, 8537
Trigeminal neuralgia, 8530

Pain (Psychogenic) [See Somatoform Pain Disorder]

Pain Management—Serials

acupuncture & psychological & physiological factors, pain ratings & treatment outcome, patients with chronic myofacial neck pain (mean age 39.5 yrs), 3 mo follow up, 5728
amitriptyline or mexiletine, pain relief, patients with HIV-associated painful sensory neuropathy, 8913
art & music therapy, pain management & symptom control in hospice care, dying patients, 25477
assessment of vaso-occlusive pain & nursing treatment for pain, children & adults with sickle cell disease, 28653
barriers in pain management research, breast cancer survivors, 22941
biopsychosocial mechanisms & management of pain, 35064
characteristics of successful management, patients with mild-to-moderate migraine, 21487
clinical guidelines for non-cancer chronic pain management in older persons, commentary reply, 12276
clinical guidelines for non-cancer chronic pain management in older persons, commentary, 12284
clinical usefulness of Creativity & Optimism & Planning & Expert Information Model in communication structure & solving pain-related problems, 50–77 yr old patients with cancer pain & their caregivers, 25291
cognitive & autonomic nervous system engagement strategies for self-induced management of sickle cell disease pain, 28575
cognitive behavior group therapy, pain & distress & coping, 15–35 yr olds with sickle cell disease, 35069
cognitive behavioral pain management intervention, cancer patients, 25290
detection & assessment & treatment of chronic pain, elderly patients, 8505
development & evaluation of back management service for pain management & rehabilitation, patients with acute vs chronic back pain, 5912
development of scale on reluctance toward prescription of opioids for cancer pain to terminally ill, medical students, 19183
diagnostic interview vs dimensional self-report assessments of personality pathology & change following functional restoration treatment, chronic low back pain patients, 14644
diagnostic nerve block vs placebo, hypesthesia & pain, 21–77 yr old chronic pain patients with vs without neuropathy, 5783
dual channel electrostimulation, 36–47 yr olds with neuropathic pain, 5738
educational background, knowledge of pain assessment & pharmacologic & nonpharmacologic interventions, nurses, 19173
effectiveness & safety of transdermal therapeutic system fentanyl, cancer pain, adult cancer patients requiring opioid analgesics for pain, 5672
effectiveness of psychiatric pain clinic, patients, 22032
effects of prolonged fentanyl treatment, patients with neuropathic pain, 2469
efficacy & safety of gabapentin, 40–90 yr olds with postherpetic neuralgia, 9030
efficacy & safety of gabapentin, painful neuropathy, patients with diabetes mellitus, 9008
efficacy & side effects & other aspects of clinical experience with oral ketamine, 29–81 yr olds with chronic neuropathic pain, retrospective study, 25306
epidural vs narcotic vs non-narcotic pain management technique during labor, delivery method & length of labor & Apgar scores, primiparous females, 18843
ethical principles & imperatives in obligation to relieve elderly patient pain & suffering, 5767
evaluation of practice of pain treatment by means of A. Donabedian's structure-process-outcome framework, adult cancer patients with chronic pain, prospective study, 25305
fundamentals of pain perception & management in animals, 3636
group therapy & self-help techniques & relaxation, pain & daily activities & symptoms & psychological functioning, patients with fibromyalgia (mean age 48 yrs), 4 mo follow up, 5465
guidelines for mental health care & pain management & pharmacotherapy, patients with HIV associated dementia or myelopathy or neuropathy or myopathy, 5839
health care policy & delivery & cancer pain management, health personnel & administrators, South Africa, 12383
hypnosis vs cognitive–behavioral coping skills training, pain management, 5–15 yr olds with cancer undergoing bone marrow aspirations, 15373
hypnotic modulation, sensory & affective dimensions of pain, college students, 33351
in depth education program, cost of analgesic & adjuvant medications used for pain management by rural patients with cancer, nurses, 9317
in vitro profile at cloned human opioid receptors & efficacy of loperamide vs morphine, hyperalgesia produced by in vivo models of inflammatory pain, male rats & mice, 20280
increase in drug dosage as opioid tolerance vs increase in pain levels in cancer pain treatment, 5601
induction of schizophreniform disorder & other psychiatric symptoms, 52 yr old treated with spinal cord stimulator following perineoscrotal pain, 12349

injected morphine, postoperative pain relief, adults, literature review, 15418
integration of coping & control perceptions & developmental factors in biopsychosocial conceptualization of pain & pain management in medical & dental settings, children, 8991
interdisciplinary behavioral pain management strategy, opiate tolerance & pain control & mood & functioning, alcohol abstinent 48 yr old male with chronic pancreatitis, 22021
interpleural analgesia using bupivacaine for pain relief, 19–79 yr old patients with advanced cancer, 18809
iontophoretic vincristine, intercostal or lumbar postherpetic neuralgia, adults (mean age 70.1 yrs), 15408
issues in opioid treatment for chronic intractable pain, 40 yr old female, 35063
knowledge & attitudes about use of opioids in chronic & nonchronic cancer pain patients & resistance to stocking & dispensing opioids & availability of opioids for chronic pain, community pharmacists, 25576
lamotrigine, pain, 38 yr old female with multiple sclerosis, 5757
limitations of clinicopathological method used by modern medicine in addressing patient pain, 5245
management of low back pain & recent guidelines, general practitioners & 18–60 yr olds with low back pain, 5 yr study, 28594
medical & scientific & sociocultural history of pain during early 19th century, Britain & America, 5230
neuropathic mechanisms & use of tricyclic antidepressants & anticonvulsants & local anesthetics & clonidine & NMDA-antagonists & opioids in treatment of postherpetic neuralgia, 38393
non-pharmacologic pain management, coronary bypass patients, 25298
nonmalignant pain & psychological & functional health & practice patterns for pain management in nursing homes, nursing home residents at least 65 yrs old, 1992–1995, 31994
pain beliefs & patient functioning & behavior, 23–65 yr old chronic pain patients in multidisciplinary treatment & their spouses, 6 mo followup, implications for cognitive–behavioral model of pain, 22018
pain control in small-animal patients after surgery, 3635
pain management practices in accordance with AHCPR guidelines & short-term patient outcomes, acute care hospitals treating 18–89 yr old surgical patients, 2 yr follow-up, 15589
pain-related anxiety reduction, multidisciplinary pain treatment outcomes, chronic low back pain patients, 5712
palliative care in assessment & management of pain, patients with HIV/AIDS, 14969
patient education & involvement in management of migraine, 21655
perceived efficacy of pain clinics in rehabilitation of injured workers, physicians vs vocational rehabilitation counselors vs pain clinic staff vs workers compensation employees, 5913
radiotherapy & tamoxifen & pamidronate disodium, pain relief & sclerosis of bone metastases, 71 yr old woman with breast cancer, 5766
research & clinical management of cancer-related pain & opioid responsiveness & tolerance & psychological dependence, 22047
responses to acupuncture for symptom & pain management, hospice patients, 1 year study, 18762
role of morphine metabolites in pain control among cancer patients, 18830
safety & efficacy of patient controlled analgesia program, 7–17 yr old surgical patients, 28593
sensory stimulation as strategy for pain management, individuals with chronic pain, 1954
single-dose efficacy & tolerability of 12.5 vs 25 mg ketoprofen vs acetaminophen vs placebo, tension headache, adults, 5758
spinal manipulative therapy, 18–45 yr old females with primary dysmenorrhea, 22054
standard pharmacologic treatment of neuropathic pain & use of gabapentin in treatment of postherpetic neuralgia & diabetic peripheral neuropathy, 38406
standardized vs routine education about patient-controlled analgesia, postoperative pain & morphine use & satisfaction, 8–18 yr old spinal fusion surgery patients, 5899
strategies & flexibility in coping with pain, perceptions of control over pain, adults with chronic pain conditions, 5215
therapeutic approach to, muscle pain, patients with myoarthropathies of masticatory system, 38422
therapeutic value of lidocaine/bupivicaine local anesthetic block of sympathetic ganglia, 21–55 yr olds with complex regional pain syndrome, 5765
topiramate & GABA augmentation, adults with cluster headache, 28512
ultrasound & massage & exercise, patients with myofascial trigger points in neck & shoulder, 6 mo followup, 5708
underdetection & undertreatment of pain & self-report & behavioral pain assessment tools, institutionalized elderly with cognitive impairment, 28137
use & efficacy of low-dose ketamine, acute postoperative pain, 35105
use of analgesics & other drugs in management of diabetic neuropathic pain, 38419

Pain Management—Books

Pediatric pain management, 25287
Psychosocial factors in pain: Critical perspectives, 14927

Pain Management—Chapters

Acute pain (with special emphasis on painful medical procedures), 14431
Applying hypnosis in pain management: Implications of alternative theoretical perspectives, 9006
A belt of roses from hell: Acute pain in herpes zoster and postherpetic neuralgia, 8529
Burn pain, 8542
Cancer pain, 14979
Cancer pain, 8576
Changing people from tender-minded to tough-minded: A PATHWAY for dealing with chronic pain, 5485
Chronic and recurrent pain in children, 8539
Chronic back pain: Conservative approaches, 8532
Chronic pelvic pain, 8544
Coping with pain, 14930
Expectation and desire in pain and pain reduction, 31774
Family therapy for adults with chronic pain, 14945
Functional gastrointestinal pain syndromes, 8527
Geriatric benign chronic pain: An overview, 8546
Gestalt therapy, hypnosis, and pain managment in cancer treatment: A therapeutic application of acceptance and adjustment to disability, 28278
HIV, AIDS, and pain, 14975
Interdisciplinary treatment of chronic pain patients, 15112
Irritable bowel syndrome, 14929
Low back pain: An epidemic in industrialized countries, 14940
Motivation and adherence in the management of chronic pain, 8535
Pain in multiple sclerosis and the muscular dystrophies, 8543
Pain management in primary care: An individualized stepped-care approach, 14960
Pain management, 5260
Phantom limb pain, 8534
Phantom limb pain: A continuing puzzle, 14944
Pharmacological treatment in chronic pain, 8540
Psychosocial predictors of chronic pain and response to treatment, 14941
Psychotherapeutic intervention with the medically ill, 25300
Sickle cell disease, 8547
Sociocultural and religious meanings of pain, 14952
Soothing and chronic pain, 21497
Trigeminal neuralgia, 8530
Whiplash injuries, 8549

Pain Measurement—Serials

Abacus visual analog scale, alternative to paper-&-pencil tests for burn pain intensity assessment, burn patients, India, 35878
assessment of vaso-occlusive pain & nursing treatment for pain, children & adults with sickle cell disease, 28653
detection & assessment & treatment of chronic pain, elderly patients, 8505
development & psychometric assessment of the Physical Symptom Distress Scale, measurement of physical symptom distress, 20–87 yr old Chinese patients with end-stage renal disease on hemodialysis, 3349
development & validation of Hindi Brief Pain Inventory, assessment of pain & pain interference & management, 18–85 yr old cancer pain patients, India, 9936
development of structured pain interview & comparison with 0–10 scale, prevalence of chronic pain, nurses & nursing home residents, 1 mo followup, 22911
event-related functional MRI measurement of pain responses in thalamus & cingulate & somatosensory cortex, 31–38 yr olds, 148
experiences of pain & self-care & medical treatment & meaning of diagnostic tests, 26–65 yr old chronic back pain patients, 21485
frequency of self-reports, intensity of subjective pain ratings, 18–21 yr olds, 3444
Goal Attainment Scaling, multidimensional treatment planning & outcome measurement for cancer & pediatric & work related nonmalignant & geriatric pain, 12428
interaction of pain likelihood & responses to comfort measures & consolability in model for assessment of infant pain, pediatric nurses, 9932
mock vs real influenza vaccine injections, biobehavioral responses to acute pain, adolescents (mean age 15 yrs) with significant neurologic impairment, test of heart rate vs facial expression measures, 37898
muscle pain during exercise, rectangular vs triangular tests on cycloergometer, 36383
pain perception & its effects on everyday life & reliability of Swedish version of Multidimensional Pain Inventory, 34–79 yr olds with post-polio syndrome, 29418
recommendations for clinicians & researchers in use of psychosocial & behavioral assessment of chronic pain, 22
relationship between pain & anxiety & development of Fear of Pain Questionnaire, 3299
research criteria & methodology for identification of recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, 37737
smiling vs neutral face anchor types in faces pain scales, bias in self-reports of pain, 5–6 vs 7–8 vs 9–12 yr olds, 107
underdetection & undertreatment of pain & self-report & behavioral pain assessment tools, institutionalized elderly with cognitive impairment, 28137
validity of Child Facial Coding System, assessment of postoperative pain, 1.1–6.2 yr old surgical patients, 35875

Pain Measurement—Chapters

Assessing chronic pain patients: The Fear of Pain Questionnaire-III, 13038
Burn pain, 8542
Cancer pain, 8576
Chronic and recurrent pain in children, 8539
Evaluation of treatment effectiveness in patients with intractable pain: Measures and methods, 13041
A framework for conceptualization and assessment of affective disturbance in pain, 8531
Geriatric benign chronic pain: An overview, 8546
Self-report of pain: Issues and opportunities, 36103

Pain Perception [See Also Analgesia, Pain Thresholds]—Serials

7-OH-DPAT & various dopamine agonists & antagonists, antinociceptive effects of mu opioids morphine & dezocine, male rats, 26753
accuracy of remembered pain & perceptions of current pain & pain relief, 16–45 yr olds with chronic myalgia of jaw muscles, 5207
acupuncture & psychological & physiological factors, pain ratings & treatment outcome, patients with chronic myofacial neck pain (mean age 39.5 yrs), 3 mo follow up, 5728
acute vs chronic ethanol & ethanol withdrawal, nociception, male rats, 10580
adenosine kinase inhibitors, acute thermal nociception, mice, 20318
adrenal medullar peptide analog Ser-super-1-histogranin, NMDA-induced spinal hypersensitivity & thermal & mechanical hyperalgesia & tactile allodynia, male rats, CNS pain management implications, 10585
adrenal medullary transplants, pain behavior, male rats with quisqualic acid induced spinal cord injury, therapeutic efficacy of chromaffin cell transplants, 3823
age, development of nociceptive responses to topical application of mustard oil measured by EMG to electrical stimulation & tailflick reflex to noxious heat, rats, 479
age, perception of neuropathic thermal pain, male rats, 33347
alpha-2-adrenergic antagonist idazoxan, reduction of antinociceptive effect of mu-opioid fentanyl, rats with paw inflammation, 36565
anandamide vs methanandamide vs WIN 55212-2, serum hormones & respiration rate & pain sensitivity, castrated male calves, implications for cannabinoid receptor role in stress response, 26866
angiotensin &/vs its analogs &/vs its receptor antagonists, nociception, male mice, 13738
animal models of sex differences in pain & analgesia, implications for treatment of fibromyalgia syndrome, 1959
aninociceptive action of mu & delta & kappa opioids, frogs, 13593
anticipated vs experienced thermal stimulation-induced pain, regionally dissociated brain activity, healthy adults, 23397
anticonvulsant milacemide, strychnine-induced allodynia & normal nociception, rats, 4180
appraisal & coping responses to pain & stress, female migraine headache sufferers, 34551
articular nociception of endothelin-1 or sarafotoxin or carrageenan or E. coli lipopolysaccharide, naive vs previously inflamed knee-joints, rats, 651
attributes & potential causal mechanisms, persons with phantom limb pain, 18261
body image & coping strategy, phantom limb pain, 48–83 yr old inpatient amputees, 18277
brain-derived neurotrophic factor & excitability in spinal cord & mechanism of central sensitization, rats, implications for treatment of pain, 23319
brief Carleton Skill Training Program, suggestibility for pain reduction, college students, 13373
caffeine & acyclovir, herpes simplex virus type I-induced paresthesia, male rats, 4269

calibrated vs percutaneous electrical stimuli & nociceptive responses, somatosensory properties of ventromedial thalamic neurons in dorsal horn, rats, 36438
cannabinoid receptor agonists, persistent pain, rats, 33445
cannabinoids, suppression of nociceptive neurotransmission, rats, 33508
capsaicin with vs without kappa opioid agonists vs antagonists, thermal allodynia, rhesus monkeys, experimental animal model of pain, 20313
capsaicin, morphology of intracutaneous nerve fibers & number of epidermal nerve fibers & cold & mechanical & heat pain sensation, 24–69 yr olds, 20351
chimeric, morphine-induced antinociception & tolerance & antinociception, male mice, 33413
chronic inflammation, development of morphine tolerance, male arthritic rats, 13774
chronic social stress of triad housing & dominance status, delta-opioid receptor function as seen in locomotor & exploratory processes & nociception responses to SNC-80, male rats, 26717
clinical pathological findings of indifference to pain & thalamic gliosis, family members with autosomal dominant disorder , 2023
clozapine vs olanzapine & interaction with receptor specific opioids vs adrenergic vs serotonergic drugs, analgesia, male mice, 36620
CNS excitatory behavior & antianalgesic pharmacology of nomorphine-3-glucuronide, adult male rats, 4271
cognitive–affective model of pain as interruption of ongoing attentional engagement & behavior, implications for coping with chronic pain, 17756
cold pressor task, acceptance vs control rationales on pain tolerance, college students, 13668
d-methadone, morphine tolerance & NMDA-induced hyperalgesia, rats & mice, 20279
decerebration vs frontal pole lesion vs pentobarbital anesthesia, hyperalgesia & fear-induced freezing, male rats, 13555
delta selective opioid antagonist naltrindole, selective mu & kappa receptor-modulated antinociception & open-field behavior, neonatal rats, 10568
demographic characteristics & illness severity, pain & prescribed analgesics, individuals 65–74 vs 75–84 vs 85 yrs old & older with cancer, comment & comment reply , 12333
demographic characteristics & illness severity, pain & prescribed analgesics, individuals 65–74 vs 75–84 vs 85 yrs old & older with cancer, correction, 12316
development of cross-tolerance between morphine & nicotine & antinociceptive responses, male albino mice, 17123
development of reaction, pain of inoculation, male vs female under 7 yrs old & their mothers, 33625
diffuse noxious inhibitory controls & activation of supraspinal pain modulation systems, males vs females, 19701
diffuse noxious inhibitory controls, modulation of nociception, rats with acute vs chronic monoarthritis in ankle, 16907
direct intragastric infusion of isoenergetic fat vs carbohydrate macronutrients, cold-pressor pain perception, 18–32 yr olds, 13655
discriminative-stimulus & antinociceptive effects of hydrocodone & hydromorphone with vs without cytochrome enzyme inhibitors budipine or quinidine, female rhesus monkeys, 23534
dissociations between sensory–discriminative & motivational–affective components of pain perception, 57 yr old male postcentral stroke patient, 21521
distraction, distress behavior & self report of pain during medical procedures, children, meta-analytic study, 12330
distraction, pain perception, 26–39 yr old males, 19707
diurnal & sex differences & relationship to selected physiological & psychological variables, pain thresholds, men & women with mean ages of 20.4 & 20.5 yrs, 29933
dopamine modulation of kappa opioid agonist induced ultrasonic vocalization vs antinociception vs activity level, preweanling rats, 30039
doses of neurotensin injected into rostral ventromedial medulla, biphasic modulation of visceral nociception as seen in visceromotor responses to colorectal distension, male rats, 26647
effects of chronic lithium treatment on naloxone precipitated withdrawal-like syndrome & antinociception, mice, animal model of chronic cholestasis liver disease, 4134
effects of delta-sleep-inducing peptide vs MK-801 neuropeptide, pain response & posture, male rats with cerebral ischemia, therapeutic implications for stroke patients, 3799
electrical stimulation of thalamic nucleus submedius vs periaqueductal gray, visceral nociceptive responses of spinal dorsal horn neurons, rats, 29836
electrophysiological & behavioral property changes in dorsal root ganglia cells after spinal nerve transection, allodynia-negative vs allodynia-positive rats, 23390
electrophysiological differences in isolectin B4 positive vs negative nociception neurons, mice, 26685
endogenous dopamine concentration in rostral agranular insular cortex, nociception & activity of spinal nociceptive neurons, male rats, 20269
experimental models of pain, referred & temporal pain & summation pain & muscle hyperalgesia, 36124
exposure to intact vs altered biting vs nonbiting flies, NMDA & naloxone involvement in expression of nociception & analgesic conditioning, fly naive vs exposed male deer mice, 10249
facial movements & crying & pain inducing routine hospital procedures, normal delivery vs caesarian birth & male vs female neonates, 23687
family history of pain & current pain experience & awareness of pain in others, male vs female 18–51 yr olds, 5220
fluoxetine or desipramine, peripheral antinociceptive action in inflammatory pain, male rats, 33481
frequency of self-reports, intensity of subjective pain ratings, 18–21 yr olds, 3444
fundamentals of pain perception & management in animals, 3636
GABA injection, sensory behaviors associated with neuropathic pain, rats with nerve injury, 33390
GABA-B mechanism involvement in baclofen or imipramine or desipramine or citalopram induced antinociception, male mice, 17093
galanin, nociceptive responses, male rats with mononeuropathy, 13840
heat stressor preexposure, conditioned hypoalgesia, male morphine-naive vs morphine-tolerant rats, 10575
heat/capsaicin sensitization model of hyperalgesia in response to nociceptor stimulation, 23–32 yr olds, 23012
high vs low intensity stationary cycling, functional status & gait & pain & aerobic capacity, adults (mean age 71 yrs) with osteoarthritis, 19037
history of sexual or physical abuse & recent pain complaints & health-related utilization & perceived health & psychological disturbance, male vs female college students, 24082
hypnosis intervention, perceived pain perception & affect, orthopedic hand-surgery patients, 15374
hypnotic modulation, sensory & affective dimensions of pain, college students, 33351
intensity of pain & suffering & nociceptive processes & pain feeling & cognitive processing & affective-motivation processes, adult rheumatology inpatients, 1939
interactive effects of alprazolam & naltrexone, anxiety & pain during phobic fear, 16–60 yr old spider phobic females, 2339
intra-periaqueductal gray injection of galanin, nociceptive response latency, rats, 30066
intracellular calcium, thermal hyperalgesia & allodynia, diabetic male mice, 33348
intrathecal metabotropic glutamate receptor compound (S)-4CPG or NMDA antagonist MK-801, mechanical allodynia & cold hyperalgesia associated with chronic constriction injury, rats, 4150
intrathecal oxotremorine, antinociceptive response to long-lasting pain stimulus & spinal nitric oxide synthase immunoreactivity, male rats, 10641
involvement of glutamate receptors & nitric oxide in rostral ventromedial medulla in visceral hyperalgesia, male rats, 574
ip vs intrathecal vs icv amiloride, antinociception & antihyperalgesia, male mice, 33397
latexin expression in primary sensory neurons of dorsal root & trigeminal ganglia, male rats, role in nociceptive information transmission/modulation, 3925
levodopa, actions at nociceptive vs non-nociceptive spinal afferent pathways, decapitated cats, 4264
lithium chloride, hyperalgesia during tail flick tests, male rats, 715
locomotor activity & pain sensitivity & cognitive ability, 7–11 wk vs 17–18 mo old female mice, 23227
long term patterns of morphine use & dosage & pain intensity, 36–80 yr old palliative care unit patients with chronic cancer pain, 28615
low vs high frequency transcutaneous electrical nerve stimulation, secondary hyperalgesia & spontaneous pain behaviors & joint circumference, rats, 4009
low vs intermediate vs high efficacy mu-opioids, antinociception & drug discrimination, F344 vs Sprague-Dawley vs Long-Evans vs Lewis rat strains, 20344
meaning of illness experiences & symptom descriptions, female patients with biomedically undefined musculoskeletal pain, 28030
mechanisms of action of cis-8,10-di-n-propyllobelidiol hydrochloride dihydrate vs standard analgesic drugs, systemic & spinal & supraspinal chemical & thermal antinociception, male mice, 20366
memory for pain & willingness to accept pain for money, 19–57 yr olds, 13305
midazolam vs naltrexone vs methysergide vs ketanserin into inferior colliculus, responses to aversive stimulation & stress-induced analgesia, male rats, 10550
mislocalized phantom sensations following tactile stimulation of acute pain, healthy 22–31 yr olds, 3441
mock vs real influenza vaccine injections, biobehavioral responses to acute pain, adolescents (mean age 15 yrs) with significant neurologic impairment, test of heart rate vs facial expression measures, 37898
mood & coping & acute dental pain, thermal pain onset & tolerance, male vs female dental patients (mean age 35.6 yrs) experiencing pain due to acute irreversible pulpitis, 37745
morhine, thermal nociception & mechanoreception & hind limb flexion, male chronic spinal rats, 26729
morphine in rostral ventromedial medulla, pain perception & locomotor behavior, male vs female rats, 4108
morphine or aspirin or paracetamol or amitriptyline, pain-induced vocalizations, male rats, 686
morphine vs etorphine vs buprenorphine vs U50488 with vs without clocinnamox, antinociception, adult male squirrel monkeys, 4245
morphine vs kainic acid in periaqueductal gray, antinociception & immobility & wild running, male rats, 4225
morphine vs tramadol, antinociception & tolerance & physical dependence, male mice, 719
moxonidine vs clonidine vs SK&FA 86466 vs efaroxan, antinociception, wild type mice vs mice with dysfunctional alpha 2 adrenergic receptors, 26766
naloxone or naltrindole, activity level & nociceptive responses, male mice infected with intestinal nematode Nippostrongylus brasiliensis, 4249
naltrexone & beta-funaltrexamine antagonism of antinociceptive & response rate-decreasing effects of morphine vs dezocine vs d- propoxphene, male rats, 23598
nerve growth factor receptor antagonist ALE-0540, neuropathic & thermally-induced inflammatory pain & nerve growth factor binding, rats, 23563
nerve growth factor, thermal hyperalgesia & neutrophil accumulation, rats, 628
neural processing of & networks activated by pain component of capsaicin-inducted secondary hyperalgesia, healthy adults, 29978
neuropeptide agonist 1DMe, antinociceptive activity during tail-flick vs hot-plate tests, morphine naive vs tolerant male mice, 665
neuropeptide Y, morphine induced discrimination & antinociception, male rats, 36604
neurotropin, hyperalgesia & allodynia, male mononeuropathic rats, 740
neutral forearm position of computer mouse, reduction of pain intensity & frequency, visual display unit operators experiencing pain, 35737
nicotine & epibatidine, antinociception, mice with alpha4 vs beta2 nicotinic acetylcholine receptor mutations , 20329
nociception, ethanol intake, male alcohol-preferring rats, 10553
non-steroidal anti-inflammatory drugs, spinal c-Fos protein expression & inflammatory nociceptive processes, rats, 36535
novel stimuli-evoked attentional shifts, peripheral inflammation of sodium urate-injected ankle & endogenous analgesia vs pain-coping, chickens, 20233
noxious electrical fingertip stimulation, pupil dilation response & pain report & brain evoked potentials, 18–40 yr olds, 10510
oil of wormwood vs thujone, cannabinoid receptor binding & evocation of cannabimimetic behaviors of pain perception & motor activity, male rats, 10623
ovulatory cycle, pain & other symptoms, 28–51 yr olds with fibromyalgia syndrome with vs without premenstrual dysphoric disorder, 37736
pain mechanisms & physiology & fibromyalgia syndrome, 1920
pain perception & its effects on everyday life & reliability of Swedish version of Multidimensional Pain Inventory, 34–79 yr olds with post-polio syndrome, 29418
pain perception across the menstrual cycle, human females, 29941
pain perception vs stimulus identification, temporal properties of cortical activations & differentiation of cortical regions, 29747
pain relief following accidental subparietal ischemia & ipsilaterality of pain processing, 52 yr old female with neurogenic pain, 5198
pain sensitivity throughout menstrual cycle phases, normally menstruating vs oral contraceptive using females, 5214
pain threshhold perception before physical examinations & blood donation, 18–23 yr old male medical students, 13658
pain-induced analgesia, antinociception via circuitry in nucleus accumbens, rats, 29795

painful stimulation of a pain-free muscle, referred pain patterns & central hyperexcitability, 29–62 yr old females with fibromyalgia, 37754
painful vs non-painful electrical finger stimulation, cortical representation using echo-planar MRI, 25–46 yr olds, significance of SII-insular region in pain perception, 3893
patient stop signals, pain & distress & state anxiety, 26–78 yr old chronic pain patients undergoing diagnostic nerve block/local anesthetic injection, 37774
perceived leg muscle pain & exertion level during maximal cycle ergometry, males vs females, 598
perceptions of pain & avoidance of physical activity & fear of pain returning as barriers to return to physical activity, 18–60 yr olds with low back pain enrolled in exercise program, 1 yr study, 18265
peripheral antinociceptive activity of orphanin FQ/nociception, male mice, 20315
peripheral nerve blockade & methysergide, formalin facilitation of tail withdrawal & spinal nociceptive tailflick reflex, male rats, implications for role of rostral ventral medulla, 3827
physical magnitude & subjective perception applied pressure to finger & palm & thenar area, discomfort & pain thresholds, 29–57 yr old white-collar workers, 36126
physiological & pathophysiological role of monoamines in spinal transmission of pain, 16912
positron emission tomographical analysis of sensory & affective components of pain & pain perception & thresholds in brain, healthy male 23–75 yr olds, 10460
potency of nerve growth factor & brain derived neuropathic factor & NT-4/5 & NT-3, elicitation of thermal hyperalgesia, rats, 20148
prenatal methylazoxymethanol acetate & entorhinal cortex disruption, social interaction & memory & learning & pain sensitivity & nerve growth factor, rats, implications for schizophrenia onset, 26771
preoperative expectations of pain & rate of recovery & return to work, postoperative pain & disappointment, 20–77 yr old lumbar surgery patients, 3 day & 3 mo followup, 15407
pressure pain detection thresholds, 16–43 yr old females with binge-eating/purging vs restricting subtypes of anorexia nervosa, 24665
prevalence & correlates & quality of phantom limb sensations & pain, 8–18 yr old amputees, 1967
properties of ionotropic glutamate receptor channels in sacral dorsal commissural nucleus, rats, implications for nociception, 20162
prosaptide in prevention of hyperalgesia & reduction in tumor necrosis factor receptor expression after nerve injection, animals, 4290
protracted nociceptive inputs & cross talk among neural networks & plasticity of pain, 3873
quantification of synergism of FR combinations of morphine sulfate & clonidine hydrochloride, antinociception, mice, 20373
rate of temperature change & peak stimulus duration, heat evoked pain intensity & quality, 20–36 yr old males, 153
referred muscle pain & hyperalgesia in clinical setting & pathophysiological mechanisms, patients with painful visceral disorders, animal models of urinary colics from calculosis, 37753
regional distribution of NMDA receptor containing NR2B subunit protein & effect of selective NR2B antagonists vs non-selective NMDA antagonists & anticonvulsants on antinociception, male rats, 20265
relationship between daily pain & negative mood & perceived social support, reflex sympathetic dystrophy syndrome sufferers (mean age 39.8 yrs), 34545
repetitive pain during neonatal period with increased brain plasticity, development of pain system & pain thresholds & defensive behavior & alcohol preference & social discrimination, adult rats, 23446
response properties of nociceptive vs nonnociceptive neurons in medullary dorsal horn, rats, animal model of persistent orofacial inflammation, 36381
risk factors of pain in mammographic screening, 27–78 yr old women, 31821
role of GABA & glycine receptors in inhibition of dorsal horn neurons of spinal cord, rats, implications for pain perception, 33195
role of membrane conductance of spinal nociceptors in generation & maintenance of plateau potentials in dorsal horn neurons, rats, implications for pain perception, 33296
role of spinal nitric oxide in antinociception induced by peripheral &/vs intrathecal injections on oxotremorine, male rats, 17060
self-mediated recording & intervention with family monitoring for treatment of generalized anxiety about health, 8 yr old boy with leukemia & other chronic physical illnesses, 25015
self-reported pain vs medical caregiver rating of exhibited pain, pregnant Jewish vs Bedouin women during labor & after delivery, 31900
sensitization of nociceptors in various tissues with regard to mechanical vs thermal vs chemical stimulation of nociceptive afferents, 3886
serotonergic vs dopaminergic mediation of effects of morphine on formalin induced nociception, streptozotocin induced vs noninsulin dependent genetically diabetic db/db mice, 4277
sex & adult gonadectomy, morphine-induced antinociception elicited from ventrolateral periaqueductal gray, rats, 13556
sex & cardiovascular reactivity, pain appraisal, 20–55 yr old unmedicated individuals with hypertension, 24768
sex, clinical pain ratings, chronic back pain & facial pain & mixed pain patients & surgery candidates, 8513
site-specific nociceptive sensitization, electrophysiology of neural mechanisms, common snail, 20126
smiling vs neutral face anchor types in faces pain scales, bias in self-reports of pain, 5–6 vs 7–8 vs 9–12 yr olds, 107
snake odor from reptilian predator, behavioral & fear & nociceptive response, male vs female spiny mice, 33102
spinal cord & sciatic nerve preparation, dorsal horn potentiation & plasticity after nociceptive stimulation, intact vs spinalized rats, implications for sensitization & pathological pain states, 33305
spinalization, nocifensive spinal reflex responses to heat or mechanical or noxious cold stimuli, male rats with vs without neuropathy vs carrageenan induced hindpaw inflammation, 3868
STARBRIGHT WORLD, perceptions of pain intensity & pain aversiveness & anxiety, 9–19 yr old hospitalized children, 22129
stereoselective effects of R(+)- & S(-)-nicotine on trigeminal & olfactory sensory systems, 20–45 yr old healthy volunteers, 17108
strategies & flexibility in coping with pain, perceptions of control over pain, adults with chronic pain conditions, 5215
stress & ovarian cycle & prolonged chewing & periodontal pain, pressure pain threshold variations in human jaw muscle, healthy Ss vs patients with myogenous pain, 37747
stress & spinal cholecystokinin processes, morphine's antinociceptive potency, rats, 23514
systemic & spinal & supraspinal L-arginine & nitric oxide & cyclic guanosine monophosphate pathway & glutamate induced thermal hyperalgesia, male mice, 26767
systemic methylprednisolone, acute nociception & pain behavior & hyperalgesia, normal vs neuropathic male rats, 20308
systemic vs intrathecal vs peripheral administration of zinc chloride, thermal hyperalgesia, rats with vs without sciatic nerve injury, 23539
tail flick vs hotplate latency tests of spinal or supraspinal structure mediated antinociception following ip vs iv vs icv morphine vs morphine-6-glucuronide, rats, 4273
temporal activation pattern of primary & secondary somatosensory cortices in pain processing, 28–38 yr olds, 29842
thermal pain responses, African American vs White college students, 20198
third nociceptive response phase to sc formalin, male vs female mice, 23527
tonic activation of NK-1 receptors during 2nd nociceptive phase of formalin test, male rats, 26544
tramadol, thermal nociceptive thresholds & formalin induced hyperalgesia, male rats, 4105
validity of answers to questionnaire on musculoskeletal problems in relation to clinical diagnoses, perception of reported musculoskeletal pain, 20–45 yr old female unskilled workers, 19645
vanilloid receptor subtype 1 as capsaicin-receptor homologue in high threshold for noxious heat, cells from human & animals, 16994
water temperature & pain labeling as physical & psychological factors affecting behavioral pain tolerance & sensory & affective pain experiences in cold pressor test, females, 4043

Pain Perception [See Also Analgesia, Pain Thresholds]—Chapters

Acute pain (with special emphasis on painful medical procedures), 14431
Analgesic properties of THC and its synthetic derivatives, 18295
Attenuation of tolerance to opioid-induced antinociception by idazoxan and other I_2-ligands, 26868
Behavioral effects of RS-45041-190, a selective I_2 imidazoline ligand, in rats, 26870
Expectation and desire in pain and pain reduction, 31774
Savoring sucrose and suckling milk: Easing pain, savoring calories, and learning about mother, 20457

Pain Receptors [See Nociceptors]
Pain Relieving Drugs [See Analgesic Drugs]
Pain Thresholds—Serials

analgesic action of histamine H1 receptor activation & pain thresholds, male mice & rats, 3882
anxiety sensitivity, anxiety generation & pain experience, adults with panic disorder, 14622
behavioral sensitivity of vaginal and uterine stimulation in the peripheral afferent fibers during various estrous stages, female rats, 33314
capsaicin, vibration & touch detection & mechanically evoked pain thresholds & 2-point discrimination ability & roughness detection, 19–25 yr old males, 4177
cold pressor task, acceptance vs control rationales on pain tolerance, college students, 13668
diffuse noxious inhibitory controls & activation of supraspinal pain modulation systems, males vs females, 19701
diurnal & sex differences & relationship to selected physiological & psychological variables, pain thresholds, men & women with mean ages of 20.4 & 20.5 yrs, 29933
early sensitization to tonic heat, 17–77 yr old chronic pain patients with musculoskeletal/back pain or headache, 21469
electro-acupuncture & running, blood pressure & heart rate & nociceptive thresholds, rats, 7008
heat pain thresholds as function of assessment method & rate of rise, adult males vs females, 16457
hyperalgesia as result of peripheral tissue or nerve injury & effects of pharmacology & descending projections from brain stem sites in counteracting spinal cord hyperexcitability, 1927
long-term access to chronic sucrose vs polycose intake, alteration of development of tolerance to morphine-induced antinociception, rats, 20277
mood & coping & acute dental pain, thermal pain onset & tolerance, male vs female dental patients (mean age 35.6 yrs) experiencing pain due to acute irreversible pulpitis, 37745
morphine vs NMDA receptor antagonist MK-801 vs tachykinin NK1 receptor agonist RP67580, inflammation induced progressive tactile hypersensitivity, rats, 4204
morphine, pain threshold & analgesia, sibling vs nonsibling male mice dyads, 4129
nerve growth factor, thermal hyperalgesia & neutrophil accumulation, rats, 628
ondansetron, dynamic association between binge eating/vomiting & pressure pain detection thresholds, 21–46 yr old females with severe bulimia nervosa, 2313
own vs family's pain history, daily pain indices & response to cold pressor task, 18–25 yr olds, 26726
pain sensitivity & relationship to arterial BP, women (mean age 25.3 yrs) with bulimia nervosa, 8460
pain threshhold perception before physical examinations & blood donation, 18–23 yr old male medical students, 13658
physical magnitude & subjective perception applied pressure to finger & palm & thenar area, discomfort & pain thresholds, 29–57 yr old white-collar workers, 36126
positron emission tomographical analysis of sensory & affective components of pain & pain perception & thresholds in brain, healthy male 23–75 yr olds, 10460
postnatal capsaicin pretreatment & C-fiber reduction, developmental changes in pain responses to nociceptive heat, mice, 33214
pressure pain detection thresholds, 16–43 yr old females with binge-eating/purging vs restricting subtypes of anorexia nervosa, 24665
response to lidocaine, males vs females assessed in pressure- pain paradigm, 4255
sensory pain thresholds for mechanical & electrical stimulation in nerves exposed to post-injury inflammation, 18–61 yr olds assessed after molar extraction, 5740
skin pain sensitivity & psychoemotional stress, male 18–49 yr olds with vs without chronic neurasthenia, 30771
somatosensory pain threshold during binge eating–vomiting episode vs during normal meal vs after overnight fast, 18–40 yr old females, implications for vagal afferent activation hypothesis, 21427
stress & ovarian cycle & prolonged chewing & periodontal pain, pressure pain threshold variations in human jaw muscle, healthy Ss vs patients with myogenous pain, 37747
subjective sleep quality & pain threshold, patients (mean age 30.3 yrs) with fibromyalgia, 21445
taurine supplementation, pain sensitivity & autotomy, rats, 627
thermal vs thermal pain vs vibratory thresholds in hands vs feet, patients with Charcot-Marie-Tooth disease with demyelinating vs axonal form (mean age 46.7 yrs), 24693
tramadol, thermal nociceptive thresholds & formalin induced hyperalgesia, male rats, 4105
vanilloid receptor subtype 1 as capsaicin-receptor homologue in high threshold for noxious heat, cells from human & animals, 16994

water temperature & pain labeling as physical & psychological factors affecting behavioral pain tolerance & sensory & affective pain experiences in cold pressor test, females, 4043
Pain Thresholds—Chapters
The role of sex and gender in pain perception and responses to treatment, 13180
Painting (Art)—Serials
compositional structure of convergence & juxtaposition & structural uniformity in paintings as models of relationship between theology & psychology & role of visual perception in viewing reality, 30073
depiction & interpretation of psychosurgery & trepanation in Renaissance art, 36636
meanings of expressions "modern art" & "modern painting", non-specialist people , 33532
modification of head posture of character in P. Picasso painting, J. Requin–s illusion of altered expression on characters–faces, college students, 174
systematic comparison of artist R. Dadd's painting before & after hospitalization for serious mental disorder, students, 8080
Paired Associate Learning—Serials
contributions to paired-associate learning & effect of sleep & dreams on memory, B. R. Ekstrand, 12562
guanfacine vs clonidine, visual paired associates learning & delayed matching to sample recognition memory tests, 23–35 yr olds, 7215
interference effect in N. Kapur's famous names/activity learning test, 23–78 yr old normal controls, 26432
paired associate learning deficits, 7–13.5 yr olds with ADHD with or without oppositional defiant disorder, 27464
performance on paired associate learning & contextual generalization tasks, learning disabled 9.5–11 yr olds, 5152
proactive interference, evoked potentials & performance on cued recall of paired associatively learned material, Ss with schizophrenia, 14577
salience of color vs figure elements in paired associate learning in classical conditioning, college students, 3589
same- vs different language word pairs, picture naming in Catalan vs English, 18–25 yr old bilingual college students, 36665
word–object pair recognition, 8–14 mo olds, 888
Pakistan—Serials
development of community-based rehabilitation for children with mental retardation, Pakistan, 8455
job stress, well-being, college teachers, Canada vs Pakistan, 32188
suicide & attempted suicide & religious & legal factors, Pakistan, 14677
Pakistan—Chapters
Sabaq: **Context of learning literacy for girls in rural Pakistan, 6184**
Palestinians [See Arabs]
Palliative Care—Serials
8-step protocol in response to requests for physician-assisted suicide & principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, commentary reply, 15806
8-step protocol in response to requests for physician-assisted suicide & principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, comment, 15808
8-step protocol in response to requests for physician-assisted suicide & principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, comment, 15818
8-step protocol in response to requests for physician-assisted suicide & principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, comment, 15821
8-step protocol in response to requests for physician-assisted suicide applying principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, comment, 15801
8-step protocol in response to requests for physician-assisted suicide that applies principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, 6071
attitudes & preferences in palliative management of malignant ascites, 40–54 yr old Canadian physicians, 6053
attitudes toward role of spirituality in current occupational therapy in palliative care, 26–53 yr old occupational therapists, 35434
awareness & acceptance of & attitudes toward dying, 33–84 yr old hospice patients with terminal cancer & relatives, 18986
believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, commentary, 6069
believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, commentary, 6064
believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, 6068
biopsychosocial rehabilitation focus in palliative care unit, 89 yr old male with rectal carcinoma, case report, 5906
bisphosphonates, bone cancer-related pain in palliative care, 5762
characteristics of & incorporation of palliative care education into long term care facilities, 28728
conceptual framework for integration of quality of life & palliative care measures, 18994
conceptual model & outcome measurement of palliative care based on life cycle/developmental model of human experience in critical transitions, 16366
concerns & support needs, informal carers of cancer patients receiving palliative care, 18991
end of life decision making & care, hospitalized dying patients (aged 27–86 yrs & older), implications for assessment of suitability for palliative care, 12480
estimates of physical complaints & main concerns & presence of affective disorder, terminal colo-rectal cancer patients (mean age 69 yrs) vs carers vs general practitioners, 18990
ethical principles & imperatives in obligation to relieve elderly patient pain & suffering, 5767
evaluation of palliative care services & gaps in service, palliative care patients & their carers & service providers & general practitioners & district nurses, England, 18936
evaluation of patient satisfaction with palliative care, 5831
expectations & perceptions of specialist palliative care services, 37–83 yr old patients with advanced cancer & their relatives, 18920
experiences & stresses of providing palliative home care to relative with HIV &/or AIDS, 31–65 yr old family caregivers, 5886
folklore & local customs about death & care of the dying, local villagers, West Ireland, 17465
fostering humanistic clinical competencies & attitudes through teaching palliative care, medical students & residents, 6013
interpreter's roles in palliative care & facilitating communication concerning end of life decision making, 25 yr old male from Ojibway & 74 yr old Cree speaking female & other adults, 24021
issues of concern in practice incidents related to talking with patients about dying, palliative care nurses in professional development program, 28854
measurement of burden in home-based palliative care of terminally ill patients, family members & caregivers, research review, 5881
models of care & specialist palliative care, quality of life, inpatients & outpatients, 18993
palliative care experience, 28–65 yr old Bangladeshi patients & their primary carers, England, 18934
palliative care in assessment & management of pain, patients with HIV/AIDS, 14969
patient & caregiver variables at palliative care referral, prediction of caregiver psychological symptoms & bereavement outcome following cancer patient's death, family caregivers, 28718
perspectives on quality end-of-life care, dialysis vs HIV vs long-term care facility patients, 12422
phenobarbitone for management of agitation & seizures at end of life, 25–86 yr olds with advanced cancer, retrospective study, 25317
prescribing of antidepressant drugs, terminally ill patients in palliative care, 31672
profile following palliative care, 26–78 y rold bereaved caregivers within 3 mo of patient's death, 25481
research agenda for measurement tools for examination of quality of care & life, dying patients & their loved ones, 18995
specialist models of palliative care, client satisfaction & preference, 31909
symptoms & treatment & social & family characteristics & health care setting & referrals & assistance from palliative care support team, palliative care patients hospitalized in French hospital, 18925
use of palliative care service, ethnic minorities, Derby, 18914
Palliative Care—Chapters
Are compassionate care and suicide mutually exclusive?, 12580
Individual quality of life in palliative care, 28723
Palm (Anatomy)—Serials
distal-proximal representations of index finger & palm in somatosensory cortex, 21–23 yr olds, 23384
Palsy [See Paralysis]
Panama—Serials
drug use opportunity & transition to drug usage, 12–18 yr olds, Panama, 30879
Pancreas—Serials
anxiety symptoms & panic attacks prior to pancreatic cancer diagnosis, 35 yr old female with no psychiatric history, 28101
clozapine, pancreatitis, 34-yr-old male with schizoaffective disorder, 25148
neuropeptide Y vs NPY 3–36 vs pancreatic polypeptide dose in 3rd ventricle, food intake, male rats, 13735
psychotropic drugs & pancreatic function & glucose metabolism, 25149
redevelopment of pancreatitis with valproic acid rechallenge for mood stabilization 17 mo after previous valproic acid discontinuation, 37 yr old male with chronic paranoid schizophrenia, 38238
Pancreozymin [See Cholecystokinin]
Panic—Serials
antipsychotic olanzapine, development of panic attacks, 36-yr-old female with schizophrenia, 18711
anxiety & related symptoms, 25–65 yr old patients with automatic implantable cardioverter defibrillators vs panic, 12337
CCK-B antagonist CI-988, rate of panic attacks, 18–65 yr old patients with panic disorder with or without agoraphobia, 35008
cognitive-behavioral therapy for panic, depression symptoms & effectiveness of subsequent cognitive-behavioral therapy for depression, patients with panic &/vs depression, 21774
efficacy of clomipramine vs desipramine, 26–55 yr old patients with panic disorder, 18734
eye movement desensitization & reprocessing treatment, development of severe panic attacks & acute suicidality, 39 yr old male with adjustment disorder, 2164
flesinoxan, effects on panic-like aversion induced by stimulation of dorsolateral periaqueductal grey, male rats , 23519
frequency of panic attacks & panic disorder, male outpatients (mean age 47 yrs) with chronic schizophrenia or schizoaffective disorder, 27687
hyperventilation & sweating & alkalosis & panic attacks, panic patients, 34209
interaction during psychoanalytic psychotherapy, sexually inhibited female with symptoms of anxiety & panic & her therapist, 18515
intra-basolateral amygdala corticotropin-releasing factor vs cloned related peptide urocortin, anxiety & panic responses, male rats, 13808
lifetime & 12-mo prevalence & symptoms & age of onset & comorbidity patterns of DSM-IV panic attacks & disorder, community sample of 14–24 yr olds, 8197
long-term effects of alprazolam, memory, patients with agoraphobia/panic, 3.5 yr follow-up, 12194
once-weekly dosing of fluoxetine following initial daily dosing, panic symptoms, 27–48 yr olds with panic disorders, 21883
panic attack, cerebral blood flow, healthy 19–46 yr olds, 16999
panic attacks & paranoia, 42-yr-old male with schizoaffective disorder, 34056
panic attacks & suicidal ideation & suicide attempts, 13–14 yr olds, 37497
predominance of respiratory symptoms during panic attacks, male panic disorder patients with history of torture by suffocation, 11457
psychological & cardiovascular effects of cholecystokinin tetrapeptide-induced panic, healthy volunteers, 13756
psychological desensitization & selective serotonin reuptake inhibitor to control panic symptomatology, 43 yr old female with multiple chemical sensitivity, 8737
receptor specific cholecystokinin agonists & antagonists, anxiety- & stress- & panic-related behavior, implications for treatment of attention &/or memory disorders, 648
relations between anxiety sensitivity & dimensions of alexithymia & presence after controlling for trait anxiety levels & panic attack history, 18–40 yr olds, 34060
respiratory functioning & panic symptomatology, 49–74 yr old pulmonary patients with chronic shortness of breath, 34557
sensitivity to panicogenic effects of cholecystokinin-4 administered during follicular vs luteal phase of menstrual cycle, females with vs without premenstrual dysphoric disorder, 8107
warding-off & unwanted-thoughts concepts & pain vs panic paradigms in assimilation model of emotional processing, 26414
Panic—Chapters
The expectancy theory of fear, anxiety, and panic: A conceptual and empirical analysis, 11494
Panic Disorder—Serials
35% carbon dioxide inhalation, anxiety symptoms, 18–34 yr olds at risk for panic disorder, 17931
5 & 7% carbon dioxide respiratory challenge, respiratory response, 19–58 yr olds with panic disorder, commentary & reply, 17935

addition of fluoxetine to selective serotonin reuptake inhibitor tapering & discontinuation, withdrawal symptoms, 25–74 yr olds with major depression &/vs panic disorder, 12147
age of onset, patients with early vs later onset panic disorder (mean age 40.73 yrs), 27733
agoraphobic avoidance behavior & fear & prevalence of negative cognitions about autonomic arousal symptoms & use of & confidence in behavioral coping strategies, patients with panic disorder, 14620
alpha2AR density & agonist affinity & Gi protein coupling efficiency, panic disorder & imipramine-treated patients, 8178
alprazolain vs imipramine, spectral & routine EEG, 16–51 yr olds with panic disorder, 9 & 19 wk follow-up, 2385
anxiety & depression in quality of life, patients with panic disorder, 27725
anxiety sensitivity as vulnerability factor in pathogenesis of panic, college students, 27732
anxiety sensitivity, anxiety generation & pain experience, adults with panic disorder, 14622
anxiety symptoms & panic attacks prior to pancreatic cancer diagnosis, 35 yr old female with no psychiatric history, 28101
assessment of parent-of-origin in families with panic disorder-agoraphobia, multigenerational families with multiple members with panic disorder-agoraphobia, 11455
association of enzyme N-acetyl-beta-glucosaminidase & mutation of cholecystokinin gene, patients with panic disorder, 4982
autonomic instability during relaxation, patients (mean age 41.6 yrs) with panic disorder, 4992
behavioral & neuroendocrine & cardiovascular response to flumazenil, patients with panic disorder, 12243
blood cortisol responses to carbon dioxide-induced panic, patients with panic disorder with vs without agoraphobia vs healthy Ss, 24343
brief cognitive behavior therapy, panic disorder, panic disorder patients with or without mild agoraphobia (mean age 34.3 yrs), 31533
cardiopulmonary vs dissociation vs numbness vs gastrointestinal anxiety sensitivity sensations, prediction of fearful responding to 35% CO2 challenge, 21–56 yr old patients with panic disorder, 17947
CCK-B antagonist CI-988, rate of panic attacks, 18–65 yr old patients with panic disorder with or without agoraphobia, 35008
childhood experiences of separation anxiety & parental overprotectiveness, adult separation anxiety disorder, adults with high levels of separation anxiety vs patients with panic disorder, 30781
cigarette smoking behavior & behavior change & panic symptoms, patients with panic disorder with or with agoraphobia, 11454
client-centered therapy &/vs behavior exposure treatment, readiness for exposure to phobic situations, patients with panic disorder & agoraphobia, 18533
clinical & sociocultural differences, African Americans (mean age 40.9 yrs) vs European Americans (mean age 39.7 yrs) with panic disorder with or without agoraphobia, 34229
clinical differences between dissociative identity disorder & schizophrenia & panic disorder & complex partial epilepsy, patients, 8084
clinical efficacy of cognitive behavioral Panic Control Treatment for panic disorder, 8805
clinical features, male vs female patients with panic disorder with agoraphobia, 8207
clomipramine, desmethylclomipramine plasma levels & clinical outcome, 23–55 yr old patients with panic disorder with/without agoraphobia, 18712
clonazepam, panic disorder, adult chest pain patients, 38333
cognitions, patients with generalized anxiety disorder & panic disorder , 21173
cognitive avoidance of threatening information, panic disorder patients (mean age 32.9 yrs), 34219
cognitive behavior therapy for panic disorder with agoraphobia & implosive therapy for PTSD & associated maladaptive personality features from childhood sexual & physical abuse, 45 yr old female, 5517
cognitive behavioral treatment for panic disorder with agoraphobia, 30 & 36 yr old males & 51 yr old female with concurrent alcohol abuse, 5535
cognitive processes in panic disorder with agoraphobia & efficacy of cognitive behavior therapy, 15181
cognitive-behavioral therapy for panic, depression symptoms & effectiveness of subsequent cognitive-behavioral therapy for depression, patients with panic &/vs depression, 21774
cognitive-behavioral vs reduced therapist contact treatment for 18–52 yr old panic disordered patients, 31521
cognitive–behavioral therapy after alprazolam discontinuation, relapse & recurrence, patients with panic disorder, 2–5 yr followup to data from Peoria & Dartmouth studies, 12077
color-naming latencies for words representing social & physical threats, adults with social phobia vs panic disorder, 27734
comorbidity between panic disorder with or without agoraphobia vs social phobic vs obsessive-compulsive vs mood disorders, bipolar condition, psychiatric outpatients, 11334
continuation of fluoxetine after acute treatment, panic attacks & other symptoms, treatment responders with panic disorder, 24 wk study, 15317
coping strategies & illness attitudes & behavior, individuals with panic attacks (mean age 39.8 yrs), 34210
coping styles associated with levels of anxiety and panic, 16–70 yr olds with agoraphobia & panic sufferers , 37401
defense organization as assessed with Defense Mechanism Test, 18–60 yr olds with Crohn's disease vs panic disorder, 30576
demography & disorder severity & psychiatric comorbidity & illness/treatment attributions & coping & personality styles as predictors of attrition from clinical trial, patients with panic disorder, 8721
depression & general anxiety & panic symptomatology & suicidal ideation, emergency department vs psychiatric setting patients with panic disorder, 8173
development & utility of Autonomic Nervous System Questionnaire, assessment of panic disorder, primary care medical clinic clients, 21193
differential response to CO2 challenge, patients with respiratory vs nonrespiratory subtypes of panic disorder , 21172
differential selective-attention psychometrics, adults with obsessive–compulsive disorder vs panic disorder, 11460
disease course & remission, adults with generalized anxiety vs panic disorder, 5 yr followup, 11482
driscriminatory factiors of avoidant personality disorder in social phobia & panic–agoraphobic disorder, adult patients, 30628
EEGs, nonmedicated 21–64 yr olds with panic disorder with or without agoraphobia, implications for prevalence of seizure disorder, 11459
effectiveness & safety of selective serotonin reuptake inhibitors, 8–18 yr olds with panic disorder, 6 mo followup, 31685
effectiveness of Davanloo's Intensive Short-Term Dynamic Psychotherapy, 53 yr old male patient with panic & functional & somatization disorders, 2180
effects of hyperventilation in epinephrine-induced panic attacks, patients with panic disorder with or without agoraphobia & with social phobia , 11480
efficacy & safety & gradual discontinuation of clonazepam drug treatment, 18–74 yr old patients with panic disorders with or without agoraphobia, 38284
efficacy & safety of moclobemide vs clomipramine treatment, 18–65 yr olds with panic disorder with & without agoraphobia, 21914
efficacy & safety of sustained release alprazolam or adinazolam vs clomipramine, adults with panic disorder with or without agoraphobia, 18693
efficacy of clomipramine vs desipramine, 26–55 yr old patients with panic disorder, 18734
efficacy of cognitive behavior therapy combined with pharmacotherapy in treatment of panic disorder, 8720
efficacy of combined vs singular cognitive behavioral & pharmacological treatment of panic disorder, 18492
efficacy of fluoxetine vs citalopram, short-term & long-term treatment, 18–65 yr old panic disorder patients with vs without agoraphobia, 34958
efficacy of group cognitive-behavior therapy, adequately- & inadequately-treated pharmacotherapy nonresponders with panic disorder , 28331
efficacy of imipramine vs alprazolam, 55–73 yr olds with panic disorder, 38307
electrophysiological evidence for inverse benzodiazepine, panic disorder, outpatients suffering from panic disorder & agoraphobia, 11375
epidemiology & predictors & long-term course & outcome of panic disorder, 8184
factors associated with expected vs unexpected panic attacks, women with panic attacks (aged 18–43 yrs), 34212
fear circuits in pathophysiology of panic disorder, 8170
fluoxetine treatment for clomipramine withdrawal symptoms, 42 yr old male with major depression and panic disorders, 18661
fluoxetine, symptom reduction & relative improvement, adults (mean age 37.1 yrs) with panic disorder, 2367
fluvoxamine, panic disorder patients with or without agoraphobia, 5667
frequencies & clinical correlates of panic & obsessive-compulsive disorders & social phobia, patients (mean age 33.5 yrs) with severe mood disorders, 14603
frequency of panic attacks & panic disorder, male outpatients (mean age 47 yrs) with chronic schizophrenia or schizoaffective disorder, 27687
full vs brief cognitive therapy, patients (mean age 34 yrs) with panic disorder, 3 & 12 followups, 28327
functional status & medical care, general medical outpatients with vs without panic disorder, 12381
Goal-Oriented Monitoring & Assessment of Efficacy of Treatment model, measurement of efficacy of long-term treatment & attainment of treatment goals, day clinic patients with panic disorder, 9170
guessing correctness of paroxetine or clomipramine treatment method, treatment outcomes, patients with panic disorder & their physicians , 28394
humidity & hot weather & other environmental conditions, induction or exacerbation of panic attacks, patients with panic disorder, 17928
hyperventilation & sweating & alkalosis & panic attacks, panic patients, 34209
imipramine, beta2 adrenergic receptor coupling to Gs protein, male patients with panic disorder, 25170
instructional set, psychophysiological response to CO2 inhalation, adults with panic disorder, 21197
integrated neurobiological & psychological approach to panic disorder, 1659
interaction of Valerian Root with fluoxetine & helpfulness of St. John's Wort in panic disorder & patient–staff interactions involving alternative therapies, 35042
issues in cognitive behavior therapy for treatment of irritable bowel syndrome & panic disorder, 29-yr-old female patient, 15184
joint hypermobility syndrome & mitral valve prolapse, adults (mean age 38.5 yrs) with panic disorder with vs without agoraphobia, 1643
judgments on preferred psychotherapeutic medications & other treatment strategies, treatment of panic disorder, psychiatric experts, 1992 vs 1997, 8958
lactate infusion & stress of confinement, time to onset of panic attack & imaging of hemispheric or discrete areas of brain metabolic abnormalities, adults with panic disorder (mean age 33.1 yrs), 11461
lifetime & 12-mo prevalence & symptoms & age of onset & comorbidity patterns of DSM-IV panic attacks & disorder, community sample of 14–24 yr olds, 8197
long-term effects of 35% carbon dioxide inhalation, development of anxiety disorders &/or panic attacks, 1st-degree relatives of panic patients, 4 yr study, 11471
long-term maintenance & discontinuation of imipramine therapy, 18–65 yr olds with panic disorder & agoraphobia, 34998
long-term therapy with & discontinuation of alprazolam vs imipramine vs other medications, treatment of panic disorder, 8937
medication vs medication with cognitive-behavioral therapy, panic disorder, 20–35 yr olds, 15088
memory bias for panic-related sentences & words, 19–51 yr olds with panic disorder, 37410
moclobemide &/vs cognitive behavioral therapy, patients with panic disorder & agoraphobia, 6 mo followup, 15087
narrative & solutions orientations to therapy, debilitating panic attacks, case study of a young mother, 28311
narrative therapy in conjoint couple format, 45 yr old woman with panic disorder, 34898
once-weekly dosing of fluoxetine following initial daily dosing, panic symptoms, 27–48 yr olds with panic disorders, 21883
panic & anxiety & depression & stimulus-relevance, frontal brain asymmetry, non-depressive patients with panic disorder (mean age 37.5 yrs), 11481
panic & anxiety & experience & management of asthma, 18247
panic disorder with agoraphobia & hypochondriasis, anxiety & obsessive-compulsive disorders, outpatients with hypochondriasis, 14616
paroxetine, panic symptoms & long term heart period variability during sleep & wakefulness, adults with panic disorder, 38334
pathophysiology of panic disorder using models of lactate & carbon dioxide challenges, 8177
perfectionism & self-consciousness, patients with social phobia (mean age 33.6 yrs) vs panic disorder with agoraphobia (mean age 34.5 yrs), 30787
physiological reactions to breath holding, patients with generalized anxiety disorder vs panic disorder, commentary, 8204
physiological reactions to breath holding, patients with generalized anxiety disorder vs panic disorder, 8199
plasma anti-serotonin vs serotonin anti-idiotypic antibodies, patients with panic disorder (mean age 32.29 yrs), 14604
plasma peripheral neuropeptide Y immunoreactivity, panic disorder duration, patients with panic disorder, 37399

platelet intracellular calcium response to serotonin & thrombin, 18–65 yr old patients with panic disorder, 14618
preattentive bias for emotional information, reaction to subliminal & supraliminal panic-related & threatening & neutral words, Ss with panic disorder with agoraphobia, 21179
predominance of respiratory symptoms during panic attacks, male panic disorder patients with history of torture by suffocation, 11457
presence of headache, psychiatric outpatients with panic disorder, 34217
primary care service use & treatment & outcomes & psychiatric comorbidity, panic disorder patients (mean age 42.3 yrs), 30786
psychodynamic factors & psychoanalytic concepts relevant to treatment of panic disorder, 21829
psychological intervention in emergency department with vs without contact with psychiatric department representative, later utilization of services, panic attack patients, 35169
psychometrics of Symptom-Driven Diagnostic System Scale & Sheehan Disability psychiatric screening tests, assessment of depression & panic disorder, 18–70 yr old primary care patients, 37279
quantity of paroxetine excretion in breast milk, 28–35 yr old mothers with major depression or panic disorders & their infants, 35007
rank test statistical method for evaluating clinical testing scores, outpatients with panic disorder & agoraphobia, 16334
reactions to missile attacks, 20–65 yr old patients with panic disorder, 24341
relation between serotonin & drug induced therapeutic responses in major depression & obsessive-compulsive & panic disorders, 28398
relationship between expressed emotion & behavior therapy outcome, 18–62 yr old outpatients with obsessive-compulsive disorder or panic disorder with agoraphobia, 34873
respiratory responding & anxiety during hypercapnic vs hypoxic challenge, patients with panic disorder (mean age 32.8 yrs), 27722
safety-seeking behaviors, anxiety, patients with panic disorder & agoraphobia, 21191
sensitivity to carbon dioxide, patients with generalized anxiety disorder vs panic disorder, 24339
serotonin reuptake inhibitor vs benzodiazepine vs tricyclic antidepressant vs MAO inhibitor treatment of panic disorder, 35019
severity of agoraphobia & presence of hypochondriacal symptoms & duration of illness & age at onset as predictors of 1-yr outcome, outpatients with panic disorder treated at Japanese hospital, 11475
shared symptoms, 74 yr old husband & 72 yr old wife with panic disorder, 1656
side effects & clinical response of mirtazapine, 24–72 yr old outpatients with panic disorder, 16 wk study, 28406
similarities among & role of hypothalamic-pituitary-adrenocortical axis & pituitary-adrenocortical abnormalities & corticotropin releasing factor & stress in PTSD & major depressive & panic disorder, 24089
sleep architecture & HR variability & response to sodium lactate challenge, patients with nocturnal vs daytime panic attacks, 24344
somatization, female 55 yr olds & older vs younger with panic disorder, 4995
temperamental variables, adult females with panic disorder with vs without somatization disorder, 7987
therapeutic effects of aerobic exercise vs clomipramine vs placebo, 18–50 yr olds with panic disorder with vs without agoraphobia, commentary reply, 28245
therapeutic effects of aerobic exercise vs clomipramine vs placebo, 18–50 yr olds with panic disorder with vs without agoraphobia, commentary , 28255
thoughts & images during anxiety, patients with generalized anxiety disorder vs panic disorder, 8166
tolerability & efficacy of moclobemide vs fluoxetine, patients with panic disorder, 1-yr treatment study, 21966
tolerability of fluoxetine vs imipramine, acute & long term treatment of panic disorder with vs without agoraphobia, 18–65 yr old patients, 34957
traumatic memory & inhibitory power of eye movements & effects in specific phobias & panic disorder of eye movement desensitization & reprocessing, 18569
traumatic suffocation & respiratory vs cardiovascular vs occulovestibular vs gastrointestinal symptoms vs agoraphobia, adults with panic disorder, commentary, 17926
TSH response to TRH, patients with panic disorder, 11479
unconscious pregnant fantasies as underlying dynamic organizer to panic experience, 19 yr old male & 27 yr old female with panic disorder, 4984
usefulness of tricyclics & selective 5-HT reuptake inhibitors vs benzodiazepines in treatment of panic disorder, 31709

Psychoanalytic approaches, 31612
Pantherine [See Muscimol]
Papaverine—Serials
tetrahydropapaveroline in ventral tegmental area, dopamine & its metabolites in nucleus accumbens, high-ethanol-preferring rats, 23557
Papua New Guinea—Serials
cultural factors in mathematics education & shortage of professionals, females, Papua New Guinea, 28945
Parachlorophenylalanine—Serials
serotonin (5-HT) depletion & para-chlorophenylalanine, motivation & extinction of cocaine- and food-seeking behavior, male rats, 36629
Paradoxical Sleep [See REM Sleep]
Paraldehyde [See Anticonvulsive Drugs]
Paralegal Personnel [See Legal Personnel]
Paralysis [See Also Cerebral Palsy, General Paresis, Hemiplegia, Paraplegia, Parkinsons Disease]—Serials
locus of control & death anxiety & supernatural beliefs, kanashibari experiences, 15–81 yr old Japanese males vs females, 27996
neuropsychological assessment & communication aid system, cognitive functioning, 38 yr old female & male with locked-in syndrome, 2001
patterns of membrane potential changes in laryngeal motoneurons during vocalization & coughing & swallowing & sneezing & aspiration reflex, decerebrate paralyzed cats, 20147
prevalence & factors associated with sleep paralysis, adolescents & adults, 18273
Paralysis (Infantile) [See Poliomyelitis]
Paralysis Agitans [See Parkinsons Disease]
Paramedical Personnel [See Also Attendants (Institutions)]—Serials
coping strategies & responses to intrusive memories & PTSD & other psychiatric symptoms, ambulance service workers, 37397
training for dementia patient care in nursing homes, certified nurse assistants, commentary, 19151
training for dementia patient care in nursing homes, certified nurse assistants, 19148
Paramedical Personnel [See Also Attendants (Institutions)]—Chapters
Mobile crisis: Moving emergency psychiatry out of the hospital setting, 31915
Parameter Estimation [See Statistical Estimation]
Parameters (Response) [See Response Parameters]
Parameters (Stimulus) [See Stimulus Parameters]
Parametric Statistical Tests [See Also F Test, T Test]—Serials
area under receiver operating characteristic theorem for the same-different experiment, 22945
parameter & hypothesis testing with 1- & 2-way ANOVAs with overparameterized models, 26259
semiparametric group-based model of developmental trajectories, 26267
structure & theoretical properties of conditional covariances given unidimensional latent composite in semiparametric compensatory item response theory modeling framework, 22938
Paranoia—Serials
clozapine-induced neuroleptic malignant syndrome, female 41 yr old with severe mental retardation & paranoid delusions, implications for role in cholinergic & adrenergic antagonism, 38269
donepezil-induced paranoia & violent behavior, 76-yr-old male with Alzheimer's disease, 2465
multidimensional scaling analysis of paranoid & other psychiatric symptoms in depressive & psychotic disorders, community residents & depressed & psychotic patients, 14471
psychoanalytic theories of paranoia & postmodern culture & fiction & relation to process of literary interpretation, 23613
Paranoia—Chapters
Social uncertainty and the problem of trust in social groups: The social self in doubt, 11174
Stalking the sinister attribution error: Paranoia inside the lab and out, 35679
Paranoia (Psychosis) [See Also Folie A Deux]—Serials
comorbidity of familial hemiplegic migraine with cerebellar ataxia & acute paranoid psychosis & linkage to chromosome 19, 12 & 42 & 46 & 84 yr old family members, 21003
early object relations & role of repressed homosexual impulses in delusional disorders, 20–50 yr olds with severe paranoid difficulties, 30739
first hospital admission rates, 15–65 yr old males with schizophrenia or affective disorders or paranoid states or non-organic psychoses, Scotland, 1980–1995, 30606
integration of the Bisha ritual & modern psychotherapy, paranoid 30 yr old Bedouin-Arab & his family, Israel, 28342
lifetime relation patterns & personality traits & premorbid vulnerability, elderly patients with late paraphrenia & depression, 21027
mediastinal seminoma causing paraneoplastic syndrome, 20 yr old male presenting with acute paranoid psychosis with catatonia, 8574
misidentification of pet parrot, female 91 yr old with late paraphrenia & Capgras syndrome, 37388
panic attacks & paranoia, 42-yr-old male with schizoaffective disorder, 34056
paranoid psychosis following cardiac transplantation, 11 yr old , 37356
premorbid risk factors & life experiences, elderly patients with late paraphrenia & depression, 21028
social functioning & community psychiatric care needs, 17–58 yr olds with schizophrenia or paranoid psychosis assessed for 15 yrs after 1st hospitalization, 14593
social functioning, 17–58 yr olds with schizophrenia or paranoid psychosis assessed for 15 yr after 1st hospitalization, 14594
stress sensitivity associated with noradrenergic hyperactivity & dopaminergic change, spontaneous recurrence of methamphetamine-induced paranoid-hallucinatory states, female inmates , 21357
views on etiology & treatment of 30-yr-old male referred for psychopharmacological treatment of paranoid ideation involving wife's family, psychological consultants, 5658
Paranoid Disorder [See Paranoia (Psychosis)]
Paranoid Personality—Serials
communications of patient & intervention of analyst in progression from paranoid character defenses to phobic symptom to self & object love, male psychoanalysis patient, 31579
forensic evaluation issues & strategies & outcomes, criminal defendants with delusional or paranoid personality disorder or paranoid schizophrenia, 32542
Paranoid Personality Disorder [See Paranoid Personality]
Paranoid Schizophrenia—Serials
abstinence from substance abuse after treatment with clozapine, 43 yr old male with history of paranoid schizophrenia & cocaine & alcohol abuse , 28506
clozapine & diazepam, transient syncope & electrocardiogram changes, 50 yr old male with paranoid schizophrenia, 38323
clozapine, deep vein thrombosis & pulmonary embolus, 71-yr-old female with chronic paranoid schizophrenia, 21916
clozapine, neutropenia & circadian rhythm of white blood cells, 3- yr-old male with paranoid schizophrenia, 28391
clozapine-induced diabetic ketoacidosis, 40 yr old male with paranoid schizophrenia, 15341
cortical sulcal enlargement, brain morphology, 18–65 yr old patients with catatonic vs hebephrenic vs paranoid schizophrenia, 34180
development of & treatment for & death resulting from neuroleptic malignant syndrome after initiation of olanzapine, 60-yr-old female with chronic paranoid schizophrenia & multiple medical conditions, 38271
fananserin treatment, 38 yr old patients with paranoid schizophrenia, 15349
forensic evaluation issues & strategies & outcomes, criminal defendants with delusional or paranoid personality disorder or paranoid schizophrenia, 32542
long-term neuroleptic maintenance therapy, psychotic relapse after 1st episode, outpatients (mean age 47.6 yrs) with paranoid schizophrenia, 15 yr study, 21933
narrative of experience with long-term group psychotherapy, hospitalized paranoid schizophrenic writer, 1958–1984, 8749
neuroleptic & dopaminergic drug therapy for reduced dopamine binding sites, 43 yr old female & 61 yr old male with paranoid schizophrenia & parkinsonism, 5670
neuroleptic malignant syndrome induced by olanzapine therapy, 22 yr old male with paranoid schizophrenia & history of neuroleptic malignant syndrome reaction on conventional neuroleptics, 12153
non-right-handedness & obstetrical complications, male vs female paranoid hallucinatory schizophrenics, 37389
PAX-6 linked polymorphic region & paranoid subtype of schizophrenia, patients with schizophrenia or affective disorders, 24292
polyglandular autoimmune syndrome type II, 37-yr-old female with treatment-resistant paranoid schizophrenia & obsessive-compulsive disorder, 20979

positive response to olanzapine followed by early relapse, 38 yr old male & 35 yr old female patients with paranoid schizophrenia, 38265
possible olanzapine induced mania, 44 yr old male paranoid schizophrenic, 27669
possible olanzapine-induced neuroleptic malignant syndrome, 40-yr-old female with paranoid schizophrenia, 8926
premorbid MMPI scale cluster profiles, prediction of paranoid & nonparanoid schizophrenia diagnosis at 25 yrs, adolescents at high genetic risk, 27657
production of interleukin-2 & interferon gamma and IL-10 & production responses to neuroleptics, paranoid vs nonparanoid chronic schizophrenic patients (mean age 32 yrs), 5611
quetiapine treatment of quetiapine, 34yr old man with chronic paranoid schizophrenia, 38306
redevelopment of pancreatitis with valproic acid rechallenge for mood stabilization 17 mo after previous valproic acid discontinuation, 37 yr old male with chronic paranoid schizophrenia, 38238
risperidone, amenorrhea, 28–38 yr old females with paranoid schizophrenia or schizoaffective disorder or bipolar affective disorder, 21913
sertraline, clozapine-induced obsessive-compulsive behavior, 39-yr-old male with paranoid schizophrenia, 2384
structural brain changes, 50–76 yr olds with late-onset vs 50–75 yr olds with early-onset paranoid schizophrenia, 37391
total brain & bilateral thalamic volumes, patients with paranoid-type schizophrenia, 24239
venlafaxine, resistant postpsychotic depressive symptoms, 58-yr-old male with schizophrenia paranoid type, 21924
Paraphilias [See Sexual Deviations]
Paraplegia—Chapters
Replication of passive whole-body linear displacements from inertial cues: Facts and mechanisms, 24737
Paraprofessional Personnel [See Also Home Care Personnel, Paramedical Personnel, Teacher Aides]—Serials
administration of clinical diagnostic SCAN survey to patients with neurotic & psychotic disorders, 45–55 yr old experienced lay survey interviewers , 22858
administrative component strategies of home visitation intervention program, paraprofessional advocates working with high-risk alcohol & drug-abusing mothers & their newborn infants, 12406
facilitated sex as need vs want, disabled students & personal assistants, 24081
perspectives & experiences when working with inclusion students, 22–46 yr old paraeducators, 16008
process evaluation of the recruitment of lay health advisors for sexually transmitted disease prevention, 38443
Therapeutic Assistant Program & use of paraprofessionals in outpatient psychotherapy program, adults in psychotherapy, 9147
use of & need for language interpreters in psychiatric hospitals & public psychiatric services, Switzerland, 15473
use of paraprofessionals in cost-effective delivery of rehabilitation psychology services, 2670
use of paraprofessionals in providing services to learning disability populations, 15092
Parapsychological Phenomena [See Also Extrasensory Perception, Near Death Experiences, Out of Body Experiences, Telepathy]—Serials
age & occupation & religious & cultural affiliations & traditions & sex, second sight & other psychic experiences, 18–96 yr olds, Scotland &/vs Australia & England & Israel & US & Wales, 29670
application of attribution theory to process model of gender & tolerance for ambiguity as moderators of paranormal beliefs & fears & experiences, 20–56 yr old students with poltergeist-like experience, 14311
categories & pathology of & dealing with channeling/mediumship in psychotherapy, 28287
challenge to others-healing ability & unusual bodily reactions explanations for deliberately caused bodily damage phenomena, commentary, 3621
conditional vs probabilistic reasoning in predicting paranormal belief, 18–75 yr olds, 36296
content analysis of daydreaming & psi-functioning in spontaneous waking cases, 3620
cooperative-learning approach to teach critical thinking on paranormal events, college students in psychology course, 9450
dream & dreamlike states as possession, implications for mediumship & ESP & survival, 3622
individual differences in self-reported anomalous experiences & thinking styles & schizotypal traits & self-efficacy & intolerance of ambiguity, 18–39 yr olds, 30532
memories of previous Buddhist monk incarnation, Sri Lanka children, 36294
paranormal beliefs & locus of control & psychopathology, male vs female 17–27 yr old college students, 14440
parapsychological contact with recently dead person, adults, 36297
personality & mystical experience & psychopathology & belief in paranormal as transliminality & dream recall & interpretation & religiosity, adults, 24173
popular culture of aliens & alien abduction, symptom expression, 8–15 yr olds with psychiatric disorders, implications for treatment & development of therapeutic alliance, 24133
psychic abilities in pets, pet owners & non-pet-owners, 3617
re-evaluation of critical thinking skills & role at cognitive dissonance & ability to evaluate competence of experimental abstracts, nonbelievers vs believers in the paranormal , 10136
restriction of working memory & paranormal belief, 18–24 yr olds, 16451
test of observation of psychic abilities in pets, pet owners, 3623
test of observation of psychic abilities in pets, pet owners, commentary, 36300
validity of ganzfeld extrasensory experiments for support of existence of psi & communication anomalies, 23172
Parapsychological Phenomena [See Also Extrasensory Perception, Near Death Experiences, Out of Body Experiences, Telepathy]—Chapters
It's all in the mind: On the mechanisms of deception in psychic fraud, 33019
Parapsychology [See Also Parapsychological Phenomena]—Serials
delusions of paranormal experiences resulting from affective & cognitive dynamics of interpretation of ambiguous stimuli, 18–60 yr olds, 325
statistical analysis of psychokinetic experiments with dice, 26465
Parapsychology [See Also Parapsychological Phenomena]—Chapters
Psychology and the paranormal, 10242
Parasitic Disorders [See Also Malaria]—Serials
etiological role of spirochete Borrelia burgdorferi & patient immunoreactivity, adults with chronic fatigue syndrome, 37792
evaluation & treatment of psychogenic parasitosis, 27–70 yr olds, follow-up study, 8516
functional hypotheses for occurrence & development of anorexia during parasitic infections, animals, 3720
injection of a pathogen or parasite, egg laying, 2- vs 5-wk old female crickets, 10379
mental state & cognitive function disturbances, 17–72 yr olds with tick-borne encephalitis, 15009
naloxone or naltrindole, activity level & nociceptive responses, male mice infected with intestinal nematode Nippostrongylus brasiliensis, 4249
nematode infection, morphology & social behavior & rank & mate choice, female red junglefowl, 3789
parasite loads, height skew of sand bowers, spawning vs nonspawning male cichlids, 3771
perceptual/motor & cognitive processing speed, patients with Lyme disease, 11807
repertoire & clutch size & song as an indicator of female reproductive success & mate choice, male & female sedge warblers with vs without parasitic infection, 13438
Parasitism [See Biological Symbiosis]
Parasuicide [See Attempted Suicide]
Parasympathetic Nervous System [See Also Efferent Pathways, Vagus Nerve]—Serials
age, cardiac vagal tone as measure of parasympatholytic property of tricyclic antidepressants, 20–62 yr olds with melancholic type major depression, 18703
low vs high parasympathetic tone, regulation of homeostasis, fetuses between 36 & 40 wks gestation, implications for behavioral development, 26936
Parasympatholytic Drugs [See Cholinergic Blocking Drugs]
Parasympathomimetic Drugs [See Cholinomimetic Drugs]
Parent Child Communication [See Also Father Child Communication, Mother Child Communication]—Serials
body esteem & weight-related concerns & attempted weight loss, mothers vs fathers of 4th–5th grade males vs females, 17379
crowded home environment & parental speech complexity & verbal responsiveness, 6 mo olds & their parents, 2.5 yr study, implications for delayed cognitive development, 23691
describer vs comprehender vs performance-oriented style of adult book reading, emergent literacy, 4 yr olds, 7426
development & parental acceptance of pamphlet to guide & perceived aversiveness of conversions about tobacco use & its prevention, 6th & 8th grade females & their parents, 35116
efficacy of Parent-Child Interaction Therapy early intervention approach, 2.5–8.6 yr olds with behavior problems, 38117
family climate & mother vs father parenting style & relations & dialogue & responsiveness to child's voice, moral socialization & moral reasoning, 12–16 yr olds, 2 yr study, 20598
parent behaviors & child distress behaviors during urethral catheterization, 3.2–6.9 yr olds & their parents, 38413
parental involvement, academic achievement & school truancy & drop-out rates, 8th graders, 2 yr follow-up, 38845
parent–child discussion of public speaking exercise, parent–child expectations of child anxious symptoms during exercise, 7–14 yr olds with anxiety disorder with vs without anxiety disordered mother, 21175
pattern of parent–child interaction in tower building task, urban vs rural male vs female 8–12 yr olds & parents, 14165
perceived understanding & self-disclosure in relationship with stepparents, stepchildren (mean age 21.16 yrs) , 20724
perceptions of & satisfaction with parenting styles & perceived parent–adolescent conflict & relationship & communication, mental health, Chinese parents & their adolescents, 30243
perceptions of communication & support & psychosocial risk, parents with obese vs nonobese 16–19 yr olds , 5168
perceptions of play vs lullaby infant-directed song styles, adults, 11129
personal goals & transmission of educational expectations & goals from parents, high school seniors, 2 yr followup, 2923
quality & quantity of parent-child communication & conversational styles, disabled 11–19 yr olds vs their nondisabled siblings, 24721
reliability of Parent Disclosure Interview, information about parental disclosure of HIV status, 24–47 yr old mothers with HIV infection, 31130
self- vs other-reference & communicative intents & pragmatic expressions of self & use of pronouns during dyadic interaction, 14 vs 20 vs 32 mo olds & their parents, erratum, 932
sex, parent-child sexuality communication, parents of preschool aged children & preadolescents, 30225
strategies for improving parent-adolescent communication about sexual behavior, 13–19 yr old female family planning patients, 33771
Parent Child Communication [See Also Father Child Communication, Mother Child Communication]—Books
The primary triangle: A developmental systems view of mothers, fathers, and infants, 23797
Understanding your child's sexual behavior: What's natural and healthy, 30249
Parent Child Communication [See Also Father Child Communication, Mother Child Communication]—Chapters
The acquisition of first signs: Place, handshape, and movement, 34718
The adult–child dyad as a problem-solving system, 7707
Child-directed signing in American Sign Language, 34721
Family communication patterns and stuttering development: An analysis of the research literature, 18225
Is American Sign Language skill related to English literacy?, 34728
Language socialization: Patterns of caregiver speech to young children, 36778
Listening: The first step toward communicating through music, 22008
Principles for an emerging phonological system: A case study of early ASL acquisition, 34722
Parent Child Relations [See Also Father Child Relations, Mother Child Relations, Parental Attitudes, Parental Permissiveness]—Serials
work pressure & older vs younger adolescent offsprings' well being, parents of dual earner families, 36956
achievement vs underachievement, 9–11 yr old able students & their parents & teachers, 9480
achievement-by-proxy distortion behavior, parents of talented children, 11341
acute alcohol intoxication & marital status & sex, parental perception of interactions with child confederate, parents & their 5–12 yr old sons exhibiting normal behavior or externalizing disorder, 27476
adaptation to disabled infant, parents & their 6 mo old with Down's syndrome vs congenital heart disease vs cleft lip &/or palate, 37234
adult attachment styles & emotional well-being & marriage & relationship with 1-yr-old infants, married couples, 1134
affective bonds to parents, 17–77 yr olds with both parents alive vs only mother alive vs both parents deceased, 30135
age & conflict ending, 1.9–2.6 & 3.6–4.9 yr old siblings & their parents, 2 yr followup, 23785
alcohol specific socialization by parents & perceptions of parental responsiveness & demandingness & alcohol use by children, 5th graders, 2-yr follow up, 20573

antecedents & consequences of parents' psychological involvement in decision to purchase a sport experience for their child, 24–49 yr old parents of children in youth soccer programs, 4634
application of model of transactional developmental regulation to evaluate effectiveness of early intervention program, 12–69 mo olds with motor impairments, 12726
assessment of changes in parents' levels of differentiation approaches to childrearing, parents with dysfunctional parenting skills & children at risk, 1136
attachment to mother &/vs father, representations of self & socioemotional competence, 4–6 yr olds, 14050
attachment to parent & level of individuation, parent & adolescent marital expectations, 16–18 yr old males vs females & their mothers & fathers, 23888
attitudes regarding obligations to assist an older parent vs stepparent following later-life remarriage & obligations of elderly parents to their adult children following remarriage, 17–91 yr olds, 4610
behavioral & emotional problems, 2–18 yr old children of cocaine & opiate dependent parents vs children referred for mental health problems vs nonreferred children, 18082
brief parent–infant psychotherapy , 15242
characteristics & legal & clinical aspects of & research on parental alienation syndrome involving allegations of parent–child sexual abuse in situations of divorce, commentary reply, 1690
characteristics & legal & clinical aspects of & research on parental alienation syndrome involving allegations of parent–child sexual abuse in situations of divorce, commentary, 1693
child sex & SES & maternal sex role orientation, warmth of fathering & father involvement & task sharing, families with male vs female children, Korea, 11048
child temperament characteristics & parent–child relationship quality & parental alcohol use norms for their children, children's alcohol use norms, 10–12 yr olds & their parents, 17322
child violence as direct result of de-facto abandonment by parents of their traditional child caretaker role, US, 7676
childhood celebrity & parental attachment & adult adjustment, 18–68 yr old former young television & film performers, 4493
childhood experiences of separation anxiety & parental overprotectiveness, adult separation anxiety disorder, adults with high levels of separation anxiety vs patients with panic disorder, 30781
children's & parents' individual rights in context of societal expectations & societal role of parenthood, 27207
clinical interventions to maintain adequate attachment patterns in young children, 1.5 & 3.8 & 6 yr old males with chronic medical illness, Canada, 15420
combined anger management & conflict resolution group treatment, communication & problem-solving skills & parent–adolescent conflict, parents & their 11–16 yr olds , 18613
commercially produced video "What Do I Say Now?", parent–child discussion about child sexual abuse, parent & their 2–6 yr olds, 1678
common themes of conflict, parents (mean age 62 yrs) and their adult children (mean age 39 yrs), 20 yr study, 30252
comparative findings of Egna Minnen Betraeffande Uppfostran & Parental Bonding instrument on measures of paternal & maternal rejection & protection & emotional warmth, 18–38 yr old repressors, 19573
comparative forensic study of character of parent & harms to child, homosexual & heterosexual parents involved in child custody dispute cases, commentary, 29247
comparative forensic study of character of parent & harms to child, homosexual & heterosexual parents involved in child custody dispute cases, commentary reply, 29246
concerns over relationships with parents & peers & attitudes toward being alone, 11–17 yr olds, test of focal theory, 17341
concurrent validity of Spanish versions of Egna Minnen Betrafande Uppfostran & Parental Bonding Instrument questionnaires, measurement of perceived parent rearing, medical & dental students, 35859
construction & reliability & validity of the Perceptions of Parents Scale, 11–25 yr olds, 3301
contact with offspring & assistance with child care, parents with psychotic disorders, 37367

Parents [See Also Adoptive Parents, Fathers, Foster Parents, Homosexual Parents, Mothers, Single Parents, Stepparents]—Serials

agreement between child & parent reports on children's health-related quality of life, 8–11 yr olds & parents , 4501
anxiety & depressive disorders in mothers & fathers of separation anxiety induced & phobic disorder based school refusers, 27539
approaches to illness management & adherence to treatment plan for child's illness, parents of 6–15 yr olds with chronic illnesses, 5879

attachment styles & family environment, parents' vs offsprings' perceptions, 23883
beliefs & behaviors & attitudes on & independence vs interdependence & cognitive vs event markers of adulthood, 35–62 yr old Anglo vs Latino parents , 30303
catch-up & anticipatory saccades during smooth eye pursuit movements, parents who are more vs less likely vs indeterminant carries of genetic risk for schizophrenia & probands, 1614
characteristics & legal & treatment issues, offenders & victims of parricide , 24563
child developmental milestones & skills, effectiveness of teaching, parents, 36706
childrearing attitudes in day care vs after-school care vs family day care vs babysitter care, parents & nonparental caregivers, 4640
community involvement in innovative curricula, student achievement & business & education promotion & teaching of new skills, educators & parents & community, 35481
construction & validity & reliability of childhood asthma self management scales, assessment of management barriers & treatment & asthma self-efficacy, parents & asthmatic 7–15 yr olds, 18811
death of parent, childhood bereavement experiences, 23–56 yr olds , 11208
demographic & self reported variables related to entering communal living self help drug/alcohol recovery program, females with vs without children vs males, 22259
demographic & support & other characteristics, adjustment & adaptation, parents of children with intellectual or developmental disability, 11691
development of Q sort, assessment of individuality & connectedness in dyadic relationships, parents , 22836
early loss of mother or father & personality traits & acute losses & long-term stress, late-onset depression, older adults, 5 yr study, 4911
early parental employment, child development, 3–12 yr olds, 10732
effectiveness of service support models, parents of children with disabilities, 15500
effects of HIV infection on parenting & family relationships & issues in family counseling, clients from sub-Saharan Africa, 31560
examination of social economic practices related to perinatal death based on T. A. Rando's model of complicated mourning & analysis of interactions with social institutions, male & female parents, 23882
experience of diagnosis of autism, parents of 9–12 yr olds with autism, 37638
experiences of pregnancy & childbirth & subsequent death of child, grief reactions as individuals & as a couple & marital intimacy, parents, 14891
extent & sources of school related information, parents of 4th–12th graders, 9448
factor structure & applicability of Parenting Scale, assessment of discipline practices, parents of middle school children , 6554
factor structure of Parental Bonding Instrument, assessment of parental rearing behaviors, 18–66 yr olds, Japan, 11044
factors predicting satisfaction with case management services, parents of children & youth with severe emotional disturbance, 9160
forewarned vs sudden parental death, anxiety & depression & adjustment, 6–16 yr olds , 11336
frequency & pattern of bilineal transmission & associated features of tics & for attention deficit disorder &/or obsessive compulsive disorder, parents of patients with Tourette syndrome, erratum, 37848
frequency & pattern of bilineal transmission & associated features of tics & for attention deficit disorder &/or obsessive compulsive disorder, parents of patients with Tourette syndrome, 37847
gender roles & attitudes about sexual aggression & sexual victimization, parents & daughters, 37002
group cognitive behavior therapy with vs without parent involvement & with vs without booster sessions, 14–18 yr olds with major depression or dysthymia, 24-mo study, 15178
identification of child psychiatric disorder by parent vs teacher & parent vs adolescent, 6–16 yr olds in clinic vs community settings, 14457
incidence of psychiatric disorder & relationship to broad autism phenotype, nonautistic parents from multiple-incidence autism families, 17828
intensive family-focused interventions, parents' drug use & children's initiation of drug use, methadone-treated parents & their 3–14 yr olds, 12 mo followup, 19055
intergenerational stability of difficult & inhibited childhood temperamental behaviors, parents assessed at age 7 yrs & their 2 yr olds, 907
membership in support group, perceived future needs of children with developmental disabilities, 41–60 yr old parents of children with mental retardation, 27965
mental distress after violent death of adolescent or young adult child, parents, longitudinal study, 11219
meta-analysis of similarities vs differences in parents' child rearing, 11037
nature & targets of comments made during childrens' sporting events, parents, 19438
needs of parents of 6 wk to 4 yr olds with Acquired Brain Damage during hospitalization, 25501
neurological signs & psychomotor performance, 18–46 yr old patients with first-episode vs chronic schizophrenia vs their parents classified as family history positive vs negative for psychosis, 24254
parent report of health care utilization & risk of child & parent & family psychosocial problems, 22–53 yr old parents & their 2–16 yr olds, 37229
parent-mediated behavior management strategies as adjunct to biofeedback treatment, headache frequency & adaptive behavior, 7–18 yr olds with migraines & their parents, 5541
parental couple in relation to Oedipus complex at various levels of development & psychical maturation, 7977
parental factors, career development, 19–21 yr old African & Mexican Americans, implications for career development counselors, 32322
parental involvement with schools, teachers, Mexico, 28943
parenthood course & child outcomes, parents with intellectual disability, 2 yr follow-up, 14867
parents & factors influencing children's food choice, 23769
perceived & absolute discordance between couples coping strategies, psychological symptomatology & marital dissatisfaction, 23–69 yr old married parents bereaving the death of a child, 7 mo study, 24011
perceived ability to fulfill parenting role, 24–80 yr old parents & grandparents with arthritis, 28002
perception of employed parents of infants as function of parents' gender & spouse's employment status following child's birth, 4649
personality traits, parents of children with autism, implications for role of heredity in autism, 30946
practice of & professional & ethical issues in psychoanalytically informed work with parents, child psychotherapists, 5572
pragmatic & psychological issues involved in helping parental caregivers & mental health consumers cope with parental aging & loss, 15564
predictors & impact of parentification on psychological adjustment, parents with AIDS, 11–18 yr olds, 23786
predictors of psychological distress & adjustment to loss of parent to cancer, school age children, 23780
presence of surviving siblings & attachment to & perceived helpfulness of & roles played by pets in coping with & bereavement over & adaptation to child death, 26–81 yr old mothers & fathers, 24005
profiles of risk for parental abduction of children, families victimized by abduction vs families litigating custody, 34402
rationale & development of model for integration of services & supports, parents with intellectual disabilities, 15549
recommendation of changing name of Divorce-Related Malicious Mother Syndrome to Divorce-Related Malicious Parent Syndrome based on recent gender-neutral case material, implications for research, 14160
recurrences of children's ear & nose & throat infections in & development of questionnaire on quality of life, parents of children under 4 yrs, 3347
relationship of family structure & educational attainment & socioeconomic success, children from alternative families, 36953
religious affiliation & theological conservatism, positive emotion work with children, parents, 7643
residential circumstances & social & professional support & attitudes about parenthood, parents with intellectual disabilities, Germany, 8456
rest & activity & medication & psychological & other treatment advice given on internet & information seeking by parents for management of chronic fatigue syndrome, children, 31084
role of parents in psychoanalysis, 5 yr old male, case report, 15236
role of parents in psychoanalysis, 5 yr old male, case report, 15246
self-reported drug use in rural Alaskan villages, Native Alaskan key informants & preschool parents of Head Start students, 1990–95, 17547
sex & cross cultural differences in possible self as parent scores, undergraduates, Canada vs Italy vs Japan, 27354
social causation & selection processes in association between offspring psychiatric disorders & parental SES, 9-27 yr old offspring, 27527
structure & quality of intervention services received, parents & families of 3–9 yr olds with autism & developmental disabilties, 38489
use of active & passive parental consent procedures in research, 15810
violence toward parents as adaptation to family aggressions, male adolescents, 1.5 yr study, 21363
visual perception of & preference for different attributes of physicians, 5–15 yr olds vs their parents, 17272
written information of children's &/or adolescents' mental health service delivery, parents, 31907
Parents [See Also Adoptive Parents, Fathers, Foster Parents, Homosexual Parents, Mothers, Single Parents, Stepparents]—Books
Children's Interview for Psychiatric Syndomes—Parent Version (P-ChIPS), 29419
The experience of parenting , 36991
Smart and smarter: Enhancing your child's intelligence through cognitive coaching, 10803
The spiritual lives of bereaved parents, 27413
When partners become parents: The big life change for couples, 36965
Where children live: Solutions for serving young children and their families, 37650
Parents [See Also Adoptive Parents, Fathers, Foster Parents, Homosexual Parents, Mothers, Single Parents, Stepparents]—Chapters
The child and adolescent psychotherapist and the family: The place of consultation with parents and therapy of parents in child psychotherapy practice, 34916
Growth and development of twins, 33598
"Honor thy father and thy mother": Intergenerational spirituality and Jewish tradition, 38147
The significance of trauma and other factors in work with the parents of children with autism, 38060
Treating aggressive children with rational-emotive behavior therapy, 37531
When I'm gone: Mourning the dearly departed . . . slightly before departure, 34086
Paresis (General) [See General Paresis]
Parietal Lobe [See Also Somatosensory Cortex]—Serials
activation of right & parietal cortices during sustained attention & selective vs nonselective monitoring for targets, healthy 28–48 yr olds, 7033
asymmetric visual-field attention & parietal activity, arousal dimension of mood state, 18–45 yr olds, 7032
ataxia & involvement of parietal lobe, 24803
body- vs world-referenced visual signal representations of visual space in parietal cortex, monkeys , 3917
categorization of spontaneous firing mode for area 5 neurons that fire before movement & neural latency response & RT, trained deafferented monkeys, 33190
computational model of attention & intention & salience in posterior parietal cortex & saccadic eye movements in visual target selection, 29504
correlation of parietal neuronal firing rate & choice of eye movement response in relation to probable reward, monkeys, 26682
early occipito-parietal activity related to encoding & retrieval of verbal information, 19–30 yr olds, 33262
Gerstmann syndrome, 59–yr old male with left subcortical angular gyrus ischemic lesion, 31280
hemispheric & lobular foci of tactual stimulus recognition, male adults with left hemisphere with vs without parietal lobe damage, 37900
high vs low load short term memory tasks, frontal & parietal lobe activation patterns, adults with mild traumatic brain injury, 37883
left temporoparietal chemical decreases in NMDA & creatine & choline as imaged by magnetic resonance spectroscopy, 18 yr old male with developmental acalculia, 31270
magnetic stimulation of left parietal cortex vs V5 area, performance on conjunction visual search tasks with targets in left vs right visual field, 23–35 yr olds with vs without previous training, 10464
measurement of residual function & compensatory resource allocation using functional MRI, 48-yr-old male with Huntington's Disease with dementia & parietofrontal atrophy, 18366
microstimulation-evoked distinct saccade-related areas in posterior parietal cortex, rhesus monkeys, 525
mirror agnosia & mirror ataxia, 36–77 yr olds with unilateral parietal lobe lesions, 34606
multiple Fregoli delusions, male 61 yr old with right frontal & left temporoparietal contusions, 28150
perceptions of changes in weights in right vs left hands, 50 & 65 yr old females with right frontal vs right parietal damage, 5319
representation of space in parietal cortex, visuospatial attention & generation of eye movements, humans & monkeys, 20081
response-locked changes in auto- & cross-covariations in parietal cortex during memory saccade task, monkeys, 29841
reversible inactivation of lateral intraparietal area, visual & memory saccades, monkeys, 20116

right parietal cortex involvement in conjunction vs subset search, patients with right parietal lobe lesions (mean age 56.7 yrs) , 31178
right parietal infarction with concomitant mutism, 50 yr old male, 14983
selective apraxia for transitive gestures, male 74 yr old with left temporo-parietal infarction, 37828
spatial deficits & frontal & parietal lobe damage, adults with ideomotor limb apraxia, 31238
spatial training on water maze, long term potentiation like changes in posterior parietal cortex transcallosal evoked field potentials, male rats, 3816
topographical disorientation, 70-yr-old female with hemmorrhage in right medial parietal lobe, 2091

Parietal Lobe [See Also Somatosensory Cortex]—Books

The hippocampal and parietal foundations of spatial cognition, 29875

Parietal Lobe [See Also Somatosensory Cortex]—Chapters

The contributions of vestibular signals to the representations of space in the posterior parietal cortex, 23367
Egocentric and object-based visual neglect, 31350
Hippocampal and parietal contribution to topokinetic and topographic memory, 29878
Hippocampal and parietal involvement in human topographical memory: Evidence from functional neuroimaging, 29465
Meaning but not words: Neuropsychological evidence for very short-term conceptual memory, 28222
Multimodal integration for the representation of space in the posterior parietal cortex, 29876
A new view of hemineglect based on the response properties of parietal neurones, 29886
Parietal cortex and hippocampus: From visual affordances to the world graph, 29877
Parietal cortex contructs action-oriented spatial representations, 29881
Representation of allocentric space in the monkey frontal lobe, 29885
Spatial orientation and the representation of space with parietal lobe lesions, 31352

Parkinsonism—Serials

2-dimensional geometry & electromyographic of spontaneous vs imitated Parkinsonian wrist tremor, patients with Parkinson's disease, 28192
acute vs chronic parkinsonism induced by neurotoxin, striatal dopamine dennervation & preproenkephalin gene expression, male monkeys, 26844
age & instrumentally derived tremor & baseline extrapyramidal signs & type of neuroleptic & severity of dementia, drug-induced parkinsonism, elderly psychiatric patients treated with neuroleptics, 28405
akathisia & parkinsonism, 25–55 yr olds treated with neuroleptics for bipolar affective disorder, 21870
caudate nucleus, lexical decision & semantic categorization & recognition memory & reading aloud & object naming, adults with Parkinsonism, 8598
demographic characteristics & pattern of orders for brain autopsy, deceased Parkinsons disease & parkinsonism patients, Olmstead County Minnesota, 1976–1990, 37880
development of the Duke University Parkinson's Rating Scale, measurement of impairments & physical performance, Ss in early to middle stages of Parkinson's disease, 22893
different dosages of NMDA glutamatergic antagonist ketamine, sedation/arousal & locomotor activity & parkinsonian extrapyramidal symptoms of bradykinesia & dystonia & reactivity, monkeys, animal model, 36623
differential diagnosis & pathology, 67 yr old male with progressive dementia with parkinsonism, 18367
fluvoxamine induced parkinsonism as early sign of Parkinson's disease, 67 yr old female with major depression, 25168
incidence & types of parkinsonism, 0–99 yr olds, US, 18349
incomplete nigrostriatal dopaminergic cell loss & partial reductions in striatal dopamine, parkinsonian symptoms, young vs middle-aged rats, 23328
L-dopa with benserazide, drug-induced parkinsonism & tardive dystonia, 60 yr old female with chronic paranoid schizophrenia, 5649
methylphenyltetrahydropyridine, Parkinson symptoms & brain levels of dopamine & DOPAC & HVA, minipigs, animal model of drug induced parkinsonism syndromes, 20339
neuroleptic & dopaminergic drug therapy for reduced dopamine binding sites, 43 yr old female & 61 yr old male with paranoid schizophrenia & parkinsonism, 5670
olfactory dysfunction, patients with Guamanian amyotrophic lateral sclerosis vs pure parkinsonism vs pure dementia vs combined parkinsonism-dementia complex, 8599
orphan neurones & dopamine excess & role of neuropathic changes in etiological factors & treatment, Parkinsonism & neuropsychiatric disease, 5417
parkinsonism as result of taking ecstasy, 29 yr old male, 21582
patterns of dopamine receptor change, brain tissue from deceased 56–86 yr olds with parkinsonism vs Alzheimer's disease vs Parkinson's disease , 2043
progression of parkinsonism & other symptoms of manganese poisoning, 80 yr old male, 14 yr followup, 11770
risperidone, development of parkinsonian tremor, 12-yr-old male with ADHD & conduct disorder & PTSD, 15334
sensorimotor processing & force development during precision grip task, 42–82 yr olds with Parkinson's disease vs hemiparkinsonism, 5334
tau as candidate gene for chromosome 17 frontotemporal dementia, affected Ss from 2 families, 5393
treatment of psychotic aspects in parkinsonism & Parkinson's disease, 21565
unilateral vs bilateral subthalamic nucleus deep brain stimulation, levodopa-induced dyskinesias or treatment-refractory motor fluctuations, 54–75 yr olds with advanced Parkinson's disease, 31799

Parkinsons Disease—Serials

2-dimensional geometry & electromyographic of spontaneous vs imitated Parkinsonian wrist tremor, patients with Parkinson's disease, 28192
AC pulsed electromagnetic fields in picotesla flux density, cognitive function as assessed by picture orientation on Draw-A- Bicycle Test, 42–71 yr olds with Parkinson's disease or Parkinsonism, 2483
accuracy of clinical diagnoses of Lewy body disease vs Parkinson's disease vs dementia with Lewy bodies, patients (mean age 52.5–80.6 yrs), 5369
action programming model of selection of attention & motor preparatory actions in basal ganglia-thalamocortical circuits, stereotaxic neurosurgery patients with Parkinson's disease, 18388
applicability & validity of Major Depression Inventory & concurrent validity with Zung Self-Rating Depression Scale, 36–70 yr olds with Parkinson's disease , 65
artificial-grammar & prototype learning as measures of intact nondeclarative cognitive skills, 55–79 yr old Parkinson's disease patients, 18409
assessment of verbal memory functions, 54–82 yr olds with non-demented Parkinsons disease, 24816
awareness of & attitudes toward neurosurgical procedures for Parkinson's disease & obsessive-compulsive disorder, neurologists vs psychiatrists, 22359
carbidopa, L-dopa plasma levels & time course & frontal components of somatosensory evoked potentials & motor performance, patients with Parkinson's disease, 38325
cerebral side of onset & subsequent development of psychosis, patients with Parkinson's disease (mean age 71 yrs), 2086
characteristics & treatment of depression, patients with Parkinson's disease, 37822
citalopram, depression, 44–79 yr olds with idiopathic Parkinson's disease, 2406
clinical & demographic factors associated with poor quality of life, patients (mean age 73.6 yrs) with Parkinson's disease, 21567
clinical & neuropathologic overlap of Alzheimer–s & Parkinson–s disease & existence of common pathogenic mechanism for neurodegeneration & need for new classification, 5390
clinical trial of low doses of clozapine, patients (mean age 72 yrs) with Parkinson's disease & antiparkinsonian drug-induced psychosis, 15347
clonidine, spatial working & short-term & recognition memory & planning functions, middle aged & elderly patients with Parkinson's disease, implications for role of alpha2-adrenoceptors, 38300
cognitive therapy & psychological profile, 38–70 yr old patients with Parkinson disease, 34866
comorbid Charles Bonnet syndrome & Parkinson's disease, 73 & 78 yr old male patients with visual hallucinosis, 8486
computer model on degraded representations or defective competitive processes in parkinsonian semantic deficits, 37924
concept formation & shifting assessed by California Card Sorting Test, 45–54 yr old frontal-lobe vs 64–75 yr old Parkinson's-disease patients, 8623
concordance rates of motor syndromes & other symptoms, 34–90 yr old monozygotic & 12 57–87 yr old dizygotic twin pairs with Parkinson's disease, 8-yr follow-up, 31334
conversational analytic profiles of interpersonal communication & interaction with carers & ability to discriminate lewy body dementia, 59–84 yr olds with Parkinson's disease & cognitive impairment, 21618
coping strategies, demographic & illness related data & depression & locus of control & psychosocial adaptation, patients with Parkinson's disease & epilepsy, 31265
core set of criteria based on clinical features, diagnosis of definite & probable & possible Parkinson's disease, 11891
cortical & subcortical dementia, explicit & implicit memory task performance, patients with Alzheimer Disease (mean age 70.6 yrs) vs Parkinson Disease with dementia or without (mean age 65.9 yrs), 37867
declarative & procedural learning, 45–82 yr old patients with Parkinson's subtypes with tremor vs bradykinesia, 2098
deep brain stimulation of internal pallidum vs subthalamic nucleus, upper limb akinesia, 46–60 yr olds with Parkinson's disease, 22043
deficits in processing pre-determined goal-directed actions in sequences of script events, 38–74 yr old patients with Parkinson's disease, 2105
demographic characteristics & pattern of orders for brain autopsy, deceased Parkinsons disease & parkinsonism patients, Olmstead County Minnesota, 1976–1990, 37880
deprenyl vs alpha-tocopherol, mortality rate & neuroprotection as seen in progression of disease, patients with Parkinson's disease, 10 yr study, 5772
diagnosis & pharmacologic treatment of dopaminomimetic-induced psychosis, patients with Parkinson's disease, 22074
diagnosis & prognosis & treatment of major depression, patients with Parkinson's disease, 21596
diagnosis of musical hallucinations & Parkinson's disease, 78 yr old female, 8616
difficulty in maintaining upright balance under absent visual & other sensory conditions, 53–86 yr olds with Alzheimer's vs 36–65 yr olds with Parkinson's disease, 18356
distribution of regional cerebral blood flow & visuomotor coordination, 18–54 normal Ss & patients with Parkinson's disease, 21549
dopamine depletion in fronto-striatal system, sentence comprehension, patients with Parkinson's disease, 28156
dose response profiles for antiparkinsonian & dyskinesiogenic effects of levodopa, 45–77 yr olds with Parkinson's disease, commentary & commentary reply, 5356
dose-response relationship between cigarette smoking & alcohol consumption & Parkinson's disease, never-smokers vs ex-smokers with Parkinson's disease, commentary reply, 37842
dose-response relationship between cigarette smoking & alcohol consumption & Parkinson's disease, never smokers vs ex-smokers with Parkinson's disease, commentary, 37850
dose–response relationship between cigarette smoking & alcohol consumption & Parkinson's disease, ever-smokers vs ex-smokers with Parkinson's disease, 11893
efficacy & safety of pergolide, patients with Parkinson's disease, 31777
efficacy & side effects of levodopa & other dopaminergic & neuroprotective drug therapies & surgery options for Parkinson's disease patients, 31795
efficacy of bilateral fetal nigral transplantation in postcommissural putamen, symptoms & activities of daily living & motor function, 39–63 yr olds with advanced Parkinson's disease, 2 yr study, 18823
emotional state & cognitive & disease characteristics, Emotional Stroop task performance, 37–96 yr olds with Parkinson's disease , 11935
enhancement of learned irrelevance & cognitive set shifting, medicated Parkinson's disease patients, 21556
epidemiology & neuropsychology & neuropathology & neurochemistry of cognitive impairment, patients with Parkinson's disease, 2075
eyeblink conditioning & declarative & procedural learning ability, 41–69 yr olds with Parkinson's disease, 31324
fatigue during motor performance, patients with Parkinson's disease , 8686
fatigue during motor performance, patients with Parkinson's disease, commentary , 28151
fatigue during motor performance, patients with Parkinson's disease, commentary reply , 28217
features of parkinsonian psychosis & treatment with selective serotonin antagonists or other atypical neuroleptics, patients with Parkinson's disease, 22058
feet apart vs together & eyes open vs closed, subjective report of steadiness, 21–48 vs 54–82 yr olds vs 29–77 yr old neuropathic vs 43–79 yr old parkinsonian patients, 14917
fluvoxamine induced parkinsonism as early sign of Parkinson's disease, 67 yr old female with major depression, 25168
freezing of time as symptom of Parkinson's disease & use of levodopa for treatment, 68 yr old female, 38280
health-related quality of life, 35–94 yr old patients with Parkinson's disease, 2044

high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary reply, 12327
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary, 12323
icv melatonin vs pinealectomy vs constant light, dopamine & motor impairment in experimental models of Parkinson's disease, male rats, 26653
immediate & delayed recognition memory for words, nondemented patients with Parkinson's disease (mean age 68.56 yrs), 15043
impatient multidisciplinary neurological rehabilitation program, health-related quality of life, patients with Parkinson's disease vs multiple sclerosis, 2446
incidence of Fuld WAIS-R profile for cholinergic deficiency, 16–49 yr olds with traumatic brain injury vs 42–80 yr olds with Parkinson's disease, dementia diagnosis & treatment implications, erratum, 2067
individual counseling & community self-help groups for management of stress & coping strategies, family members & caregivers for Parkinson's disease patients, 21647
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary, 35093
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65-yr-old female, 22039
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65-yr-old female, commentary, 22075
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease & pallidotomy surgery, 65-yr-old female, commentary, 35073
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary reply, 35072
induction of transient acute depression vs laughter by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary, 35092
inositol supplement in treatment, 54–83 yr olds with Parkinsons disease, 28606
interarticulator co-ordination & motor control deficits, 43–79 yr old Deaf signers with Parkinson's disease , 37952
interlocuter distance, automatic regulation of speech volume, hydrophonic patients with Parkinson's disease, 34645
issues in treatment of depression in Parkinson's disease, 18758
latency & magnitude & duration of long-duration response to levodopa administered at different interdose intervals, patients with Parkinson's disease , 31809
leg muscle activity in balance control, 53–83 yr olds with Alzheimer's disease vs 50–67 yr olds nondemented Parkinson patients on medication, 18357
levodopa, stuttering, 44 yr old male with developmental stuttering & Parkinson's disease, 28392
Lewy body distribution & neuropathological & symptomatic correlations, aged adults with dementia with Lewy bodies with vs without Alzheimers disease vs Parkinson's disease, 37843
long-term high-frequency electrostimulation of globus pallidus internus, improvement of clinical symptoms & perceived health-related quality of life, 38–70 yr olds with Parkinson's disease, 12348
long-term vs acute administration of anticholinergics, subcortico-frontal syndrome with executive dysfunction, patients with PD, 28584
mechanisms of delay in initiation of voluntary movements, patients with Parkinson's disease, 5367
motor & mental symptoms of Parkinson's disease patients, emotional & social distress, 28–81 yr old family caregivers of home-dwelling patients, 38542
motor impairment, articulation & perception in spoken vs signed speech, patients with Parkinson's disease, 28168
motor learning through motor imagery & possible involvement of basal ganglia, Parkinson's vs Huntington's disease patients, 24860
muscarinic acetylcholine receptor binding & cognitive function, 35–79 yr olds with Parkinson's disease vs progressive supranuclear palsy, 5302
nature of attentional deficits, patients with Parkinson's disease with vs without frontal lobe deficits, 24783
neuroleptic sensitivity & substantia nigra neuron densities & striatal dopamine & HVA & autoradiographic binding, patients with dementia with Lewy bodies vs Parkinson's disease, 2379
neuroprotection with selegiline or vitamin E & neurorestoration as alternatives to levodopa treatment of Parkinson's disease, 5752
neuroprotective & restorative properties of glial cell line derived neurotrophic factor for nigrostriatal dopamine system & motor function in animal models of Parkinson's disease, 3845
neuropsychological & motor functioning, 48–87 yr olds who underwent anatomically guided posterior ventral pallidotomy for Parkinsons disease , 5730
nocturnal continuous subcutaneous apomorphine infusion, sleep disturbance, 44–72 yr olds with Parkinson's disease or restless legs syndrome, 35013
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, 5200
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, commentary , 24782
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, commentary reply, 24792
pallidotomy surgery, voice & speech characteristics, 53–72 yr olds with Parkinson's Disease, 38427
parallel preattentive auditory processing in P50m & N100m magnetic fields between hemispheres, 46–59 yr olds with Parkinson's disease, 2073
Parkinson's disease, symptoms & treatments & impact on US health care system, 37836
Parkinson's syndrome after closed head injury, 36 yr old male, 15004
patterns of dopamine receptor change, brain tissue from deceased 56–86 yr olds with parkinsonism vs Alzheimer's disease vs Parkinson's disease , 2043
physical disability & depression & perceived mastery & health-related control beliefs & quality of life, 51–87 yr olds in early vs middle vs late stages of Parkinson's disease, 18386
positron emission tomographical study on reduced dopamine transporter density, 18–65 yr old abstinent methamphetamine vs methcathinone users vs patients with Parkinson's disease, 1404
potential of D1 receptor agonists in pharmacotherapy of Parkinson's disease, erratum, 28618
preattentive visual processing, inpatients with Parkinson's disease, 18393
prevalence of psychosis & cognitive functioning & depression & severity of disorder, patients with Parkinsons disease, 24771
procedural learning in reading & counting tasks, patients with Parkinson's disease, 34653
prosodic loss, 50–86 yr olds with Parkinson's disease, 28179
quetiapine, dopamimetic psychosis, 69- & 80- & 85-yr olds with Parkinson's disease, 35000
random number generation & response suppression in executive processes, patients with Parkinson's disease, 8609
rapid- vs slow-titration schedules for start on pramipexole, patients with Parkinson's disease on carbidopa/levodopa & bromocriptine or pergolide, 18821
reaction times to simple vs choice reaction tasks & relation to changes in central cerebral processing vs in the initiation of movement, 44–72 yr old patients with Parkinson's disease,, 15018
recommendations of the WHO Working Group on Parkinson's disease, 37854
residual lesions of operant behavior following recovery from MPTP-induced Parkinson-like syndrome, monkeys injected with amiridine and K-34, 4192
risk for development of Alzheimer's disease, 60+ yr old parents & siblings of Parkinson's disease patients with vs without dementia, 15025
risperidone, psychosis & agitation, 66–78 yr old inpatients with Parkinson's disease & dementia, commentary reply, 2488
risperidone, psychosis & agitation, 66–78 yr old inpatients with Parkinson's disease & dementia, comment, 2471
role of clozapine & quetiapine & olanzapine & risperidone in treatment, patients with drug-induced psychosis in Parkinson's disease or antipsychotic-induced movement disorders, 25163
role of nurse specialists in multidiciplinary treatment of patients with Parkinson's disease, 21658
role of stress in Parkinson's & Alzheimer's disease, 15039
role of striatofrontal circuits in spatial working memory, patients with Parkinson's disease, 8642
RT deficits in Parkinson's disease, 2027
safety & efficacy of olanzapine, patients (mean age 74.4 yrs) with Parkinson's disease & psychosis with vs without dementia, 31613
self-help techniques for adaptation to Parkinson's disease & prevention of depression, patients with Parkinson's disease & their families, 21639
sensorimotor processing & force development during precision grip task, 42–82 yr olds with Parkinson's disease vs hemiparkinsonism, 5334
spatial working memory & eye movement control, 62–71 yr olds with Parkinson's disease, 28162
stimulus integrality, visual selective attention & dimensional integration, patients (mean age 66 yrs) with Parkinson's disease, 18371
strength & sensitivity of neuropsychological test findings, cognitive deficits, nondemented vs demented patients with Parkinson's disease, 34692
striatal dopamine deficiency & RT & movement times, 31–74 yr old patients with untreated Parkinson's disease, 37891
subject-to-subject & object-to-subject raising sentence constructions, sentence comprehension, 57–80 yr old nondemented patients with Parkinson's disease, 18384
symptoms of parkinsonian depression & treatment & management strategies, patients with Parkinson's disease, 21645
tactile discrimination of macrogeometric objects & FDOPA metabolism in basal ganglia, 41–66 yr old patients with Parkinson's disease, 28213
target & distractor familiarity, visual search & RT & latent inhibition & novel pop-out, male vs female de novo Parkinson's disease patients (mean age 56.7 yrs) with right vs left side symptoms, 24826
temporal control of voicing & disturbances in phonation control, patients with Parkinson's disease vs tardive dyskinesia, 27988
therapeutic commonalities among depression & Parkinson's disease & cardiac arrhythmias hypothesized to be related to CNS deactivation of dysfunctionally coupled cortical–subcortical circuits, 21669
Transderm-induced psychosis, 64-yr-old female with Parkinson's disease, 28189
treatment of psychotic aspects in parkinsonism & Parkinson's disease, 21565
unilateral pallidal stimulation, cognitive outcomes, 38–70 yr olds with Parkinson's disease, 3 mo study, 15434
unilateral stereotactic pallidotomy, cognitive functioning, patients with Parkinsons's disease, 5763
unilateral stereotactic pallidotomy, cognitive functioning, patients with Parkinsons's disease, commentary, 5769
unilateral vs bilateral subthalamic nucleus deep brain stimulation, levodopa-induced dyskinesias or treatment-refractory motor fluctuations, 54–75 yr olds with advanced Parkinson's disease, 31799
use of clinical criteria & biological markers & functional imaging in early diagnosis of Parkinson's disease vs Lewy body disease, 5315
use of proton magnetic resonance spectroscopy for detection of cortical dysfunction & correlation with neuropsychological testing, 47–74 yr old non-demented patients with Parkinsons disease, 31248
variation in serotonin transporter gene, anxiety & depression, aged adults with Parkinson's disease, 34660
ventroposterior pallidotomy, balance & activities of daily living & cognitive ability & neuropsychiatric symptoms, 34–82 yr olds with Parkinson's disease, 5756
verbal instructional sets, gait variables, elderly patients with Parkinson's disease, 2008
visual selective attention & response competition, 20–78 yr old patients with frontal lobe lesions vs with Parkinson's disease, 21572
voice onset time of voices & unvoiced stop consonants & vowel length distinctions, 28–72 yr olds with cerebellar atrophy &/or ataxic dysarthria or Parkinson's disease, 18338
withdrawal of amantadine treatment, acute delirium, 69–79 yr old patients with Parkinson's disease, commentary, 21928

Parks (Recreational) [See Recreation Areas]

Parochial School Education [See Private School Education]

Parole—Serials

impulsivity & criminal history, violent vs nonviolent female parolees (mean age 29.6 yrs), 28801
sociodemographic & clinical characteristics & substance abuse problems & lifetime criminal behavior & arrests, offenders supervised by psychiatric probation & parole service, 25571

Parole—Chapters

Recommending probation and parole, 9758

Parole Officers—Chapters

The Parole Board and the mentally disordered offender, 39094

Parolees [See Parole]

Paroxetine—Serials

acute vs chronic paroxetine, self-stimulation/reward & food intake, rats, 33431
antidepressants, lipopolysaccharide, induced depressive behavior & anhedonia, rats, 36622
behavioral sex therapy techniques & paroxetine & penile constriction ring, Asian males with premature ejaculation, 15080
clozapine & paroxetine, 32-yr-old man with obsessive-compulsive features & schizophrenia, 24169

effect of serotonin uptake inhibition by paroxetine on sleep & daytime symptoms, 25–65 yr old males with obstructive sleep apnea, 15308
efficacy & tolerability & safety of paroxetine vs nortriptyline, 18 yr olds & older outpatients with major depression & ischemic heart disease, 27616
efficacy & tolerability of paroxetine, social phobia patients, 31617
efficacy & tolerability of sertraline vs paroxetine & fluvoxamine, patients with delusional depression, commentary, 25217
efficacy & tolerability of sertraline vs paroxetine, patients with delusional depression, commentary reply , 25235
fluoxetine & paroxetine, mood & general well-being & quality of life & personality characteristics & social behavior, healthy adults, commentary, 23487
guessing correctness of paroxetine or clomipramine treatment method, treatment outcomes, patients with panic disorder & their physicians , 28394
hyponatremia resulting from paroxetine treatment, 73 yr old female with hypertension, 31661
interaction between donepezil & paroxetine, 78-yr-old male with memory loss & dysphasia & 67-yr-old female with Alzheimer's disease, 31623
interindividual variability in paroxetine steady-state plasma concentration, White adults with heterozygous vs homozygous debrisoquine/spartenine hydroxylase genotype, 5-15 day study, 36600
long-term paroxetine treatment, depression & anxiety symptoms & drug efficacy & tolerability, 23–70 yr olds with major depressive disorder, 28462
modeling cost data on fluoxetine & paroxetine & sertraline, patients, 38288
nortriptyline vs paroxetine treatment, late-life depression, elderly outpatients & inpatients (mean age 75 yrs), 38285
paroxetine & fluoxetine, antidepressant & anxiolytic efficacy & nervousness & anxiety, patients (mean age 40.9 yrs) with moderate to severe depression, 12 wk study, 28410
paroxetine &/vs pindolol, compliance & response at 6 mo & 1 yr & relapse, depressed patients with mean ages of 34.8 & 39.6 yrs, 5675
paroxetine for treatment of pruritus, 5–88 yr old advanced cancer patients, 5682
paroxetine treatment, cognitive toxicity, 61–84 yr old patients with major depression, 38286
paroxetine vs amitriptyline augmentation of lithium, illness severity, 20–73 yr olds with major depression, 18660
paroxetine vs fluoxetine vs sertraline reuptake inhibitors, rate of medication switches & effectiveness, 18–67 yr old patients with chronic psychiatric conditions , 38290
paroxetine vs naltrexone, self biting behavior, male rats, animal model of self injurious behavior, 33499
paroxetine vs nortriptyline treatment, prevention or delay of relapse & recurrence of major depression, elderly patients, 38327
paroxetine, 16 yr old female with trichotillomania, 8872
paroxetine, adults with generalized social phobia, 5673
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary reply, 23529
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary, 2287
paroxetine, amotivational syndrome, 51-yr-old male with right putamen stroke, implications for link between amotivational syndrome & obsessional slowness, 5725
paroxetine, intermittent brief depression episodes & suicide attempts, in- and outpatients with personality disorders, 2348
paroxetine, neutropenia, 38-yr-old female with 6-mo history of low mood, 31679
paroxetine, panic symptoms & long term heart period variability during sleep & wakefulness, adults with panic disorder, 38334
paroxetine, patients with primary insomnia (aged 35–75 yrs), 15322
paroxetine, sleep & mood & aggression & preoccupations, 7 yr old male with autism, 12223
paroxetine, symptoms & avoidance behavior, adults Ss with social anxiety disorder, 12-wk study, 34955
paroxetine, symptoms, 29 & 50 yr old males with compulsive voyeurism or exhibitionism, implications for role of serotonin system in pathogenesis of obsessive compulsive & sexual disorders, 15272
paroxetine, treatment of social anxiety disorder, 35011
postoperative delirium, 49 yr old female with history of depression following parathyroidectomy, implications for adverse interaction involving paroxetine & anesthesia, 38313
pretreatment platelet 5-HT concentration & therapeutic response to paroxetine, 16–70 yr olds with major depression, 31639
quantity of paroxetine excretion in breast milk, 28–35 yr old mothers with major depression or panic disorders & their infants, 35007
review of pharmacodynamic & pharmacokinetic profiles of SSRIs citalopram vs fluoxetine vs paroxetine vs sertraline in treatment of affective disorders, 2322
risperidone & paroxetine, 25 yr old male with treatment resistant obsessive compulsive disorder, 12138
safety & effectiveness & side effects of paroxetine, 8–17 yr olds with obsessive-compulsive disorder, 35015
safety & efficacy of venlafaxine vs paroxetine, 21.9–61.7 yr old patients with treatment-resistant depression, 28479
safety of & role of genetic polymorphisms in paroxetine pharmacokinetics, 5–17 yr olds with major depression, 31640
serotonin vs LSD vs paroxetine platelet binding, male vs female 24–75 yr old inpatients vs outpatients with untreated major depression, 17879
sertraline or paroxetine, sexual functioning, women vs men with dysthymia or chronic major depression or double depression, reply, 21939
sertraline or paroxetine, sexual functioning, women vs men with dysthymia or chronic major depression or double depression, commentary, 21864
sildenafil, paroxetine-induced anorgasmia, female 41 yr old with anxiety disorder & obsessive-compulsive traits, 21861
sleep deprivation & paroxetine, antidepressant response rates, depressed elderly adults, comparison with paroxetine vs nortriptyline monotherapies, 34737
tolerability & efficacy of paroxetine vs amitriptyline, 19–85 yr old patients with depression being treated in general practice, 31643
total sleep deprivation with paroxetine treatment, persistent reduction in glucose metabolism in anterior cingulate cortex, elderly (mean age 71 yrs) with major depression, 21665

Paroxysmal Sleep [See Narcolepsy]

Partial Hospitalization—Serials

analytically oriented & cognitive behavioral therapy groups as day treatment, poorly functioning patients with personality disorders, 1 yr followup, 38130
assessment of treatment outcomes & client satisfaction at partial hospitalization program, 18–69 yr olds, 3 mo followup, 15591
behavioral assessment & analysis & support in psychiatric partial hospitalization program, adults with developmental disabilities, 9204
day treatment with vs without outpatient group therapy, symptoms & global health, patients with borderline personality disorder (mean age 31 yrs), 1.7 yr follow-up, 2181
Goal-Oriented Monitoring & Assessment of Efficacy of Treatment model, measurement of efficacy of long-term treatment & attainment of treatment goals, day clinic patients with panic disorder, 9170
health-related quality of life, 19–68 yr old schizophrenic patients receiving psychiatric care through hospital ward vs day hospital vs community treatment center, 15478
modification of treatment according to patient wishes, treatment assessment, patients with schizophrenia in acute day hospital (mean age 38.4 yrs), 28734
prevalence of difficult behaviors & reasons for referral to facility, confused older persons attending day hospital vs day care center, 31872
psychiatric hospital-based & vertically-integrated case management program for inpatient & outpatient & partial hospitalization, inpatients with schizophrenia, 28676
psychometric characteristics of Recovery Scale, patients in partial hospitalization program, 22860
quality of life changes, 18–56 yr old treatment-resistant patients with obsessive compulsive disorder admitted & discharged from partial hospitalization program , 14602
rates of completion & complications & outcome of group-orineted day traetment program, patients with personality disorder, 32014
reorganized rehabilitation program, psychoendocrine effects, 53–89 yr old daycare patients, 9219
specialized psychiatric day hospital vs routine primary care treatment, women with postnatal depression, 22234
treatment components & effectiveness of community-based day treatment program, 7–12th graders with emotional and behavioral disorders or physical or learning disabilities, 38902
treatment effectiveness of psychoanalytically oriented partial hospitalization vs standard psychiatric care, patients with borderline personality disorder , 38558
two-stage combined inpatient & outpatient hospitalization model, total length of hospitalization, psychiatric patients, 18938

Partial Hospitalization—Books

Handbook of child and adolescent outpatient, day treatment and community psychiatry, 2589

Partial Hospitalization—Chapters

The CRBI at the University of Copenhagen: A participant–therapist perspective, 35303
Day hospital: Planning, staffing, and administration, 2660
Day school for emotionally and behaviorally disturbed and learning disabled children and adolescents, 2662
Milieu-based neurorehabilitation at the adult day hospital for neurological rehabilitation, 35309
Models and programs of the Center for Neuropsychological Rehabilitation: Fifteen years experience, 35317
The Oliver Zangwill Center for Neuropsychological Rehabilitation: A partnership between health care and rehabilitation resesarch, 35319
The role of day programmes in recovery in early psychosis, 31922
Therapeutic milieu day program, 35305
Therapeutic milieu in a day hospital for children and adolescents, 2661

Partial Reinforcement [See Reinforcement Schedules]

Partially Hearing Impaired—Serials

acoustic reflex threshold as predictor of uncomfortable loudness level, healthy vs impaired hearing listeners, 21630
comprehension & use of metaphor, hearing impaired 10–15 yr olds who performed within normal age limits, 2119
consonant vowel intensity ratios, maximization of consonant recognition, hearing impaired adults, erratum, 2114
effects of cochlear hearing loss on auditory brainstem response test specificity & false positive rate in retrocochlear assessment, patients referred for auditory brainstem response screening, 28239
hearing aid use & length of use & degree of hearing loss, pure tone frequency, loudness category levels, hearing impaired 24–56 yr olds, 34709
integration of electronic reading environment into middle school classroom, studying & learning of content area materials, student with poor reading skills due to hearing impairment, 16004
misdiagnosis of dementia due to communication problems, fully competent 93-yr-old male with profound deafness, 21628
reliability of adaptive categorical loudness measure, normal & hearing impaired 12–81 yr olds, 19702
speech & noise level, speech recognition, normal hearing young adults & 40–69 & 70–80 yr olds with hearing impairments, erratum, 37951
speech & noise level, speech recognition, normal hearing young adults & 40–69 & 70–80 yr olds with hearing impairments, 18467
test–retest reliability of preference judgments of artificially processed & hearing-aid transduced speech, normal hearing 18–25 yr olds vs hearing impaired 22–57 yr olds & males vs females , 34713
understanding of needs of mainstreamed hard of hearing students & information source preferences, elementary–high school teachers, 22399
white noise burst duration, temporal loudness integration, 18–31 yr olds with normal hearing vs 59–86 yr olds with sensorineural hearing impairment, 34704

Partially Hearing Impaired—Chapters

Assessment of the preschool child with a hearing loss, 6648

Partially Sighted—Serials

social support from friends & family, self esteem, blind & visually impaired 13–16 yr olds, 15060
verbal vs visual mediation training, problem-solving skills, 8–12 yr olds with partial vs unimpaired sight, 8697

Participation [See Also Athletic Participation, Client Participation, Group Participation, Participative Management]—Serials

Army HIV education program participation, sexually-related HIV risk & preventive behaviors, 17–47 yr old army troops, 2519
attitudes toward & experiences with biomedical research & informed consent, medical outpatients, 6086
awareness of nurses' involvement in & factors that affected their decisions to participate in euthanasia programs for handicapped & mentally ill children & adults during Nazi era, 21227
barriers to & multi-step family recruitment process & strategies for participation in qualitative research on caregiving, rural African American caregivers , 19681
behavior therapy, correct participation in exercise class, 61–73 yr old patients with dementia or paralysis from stroke or brain injury, 28340
belief that persons are to blame for their mental illness, prediction of participation in campaign against mental illness stigma, college students, 24132
citizen & youth action & youth & neighborhood development & neighborhood-based youth initiatives for involving young people in neighborhood development, 7628
classroom intervention involving instruction in intellectual roles with vs without audience role assignments, engagement in science lessons, 4th graders, 15872
client characteristics & engagement & treatment experiences, drug treatment clients (aged 18–55 yrs), 38602
community level civic engagement & quality of social perceptions & political evaluation, Ss, post-communist Romania vs US, 1035

cultural participation & other free time activities, heavy vs light users vs nonusers of personal computers, 17685
declining health & functional ability, substitution of religious media use for church attendance, elderly, 3 yr follow-up, 1001
demographic & behavioral & physiological & psychological characteristics, 18–61 yr old low or moderate or high dosage physical activity participants, 31830
demographic & disorder characteristics, couples with sexual dysfunctions recruited for bibliotherapy through media ads vs presence at sexology clinic, test of help-seeking behavior model, 28261
demographic & parental characteristics & personality traits & participation in high school activities, choice of high school remembrance role, 9th through 12th graders, 35525
demographic & psychosocial variables & nutrition knowledge, reasons for attendance vs nonattendance at nutrition education sessions, low income 18–66 yr old females, 28628
demographic & psychosocial variables & nutrition knowledge, reasons for attendance vs nonattendance at nutrition education sessions, low income 18–66 yr old females, commentary, 28635
demographic & situational/contextual & orientational & attitudinal factors & media use, civic engagement & interpersonal trust, Ss, 1063
dimensions of community leadership & citizen participation, grass-roots community organization members, 5876
evaluation of communication variables for improvement in recruitment for community-based quit-smoking programs, 32046
experiences & views of different forms of user participation in system development, computer consultants to different sized companies, 39037
factors affecting & interest in participation in dialogue program for exchanging perspectives about mental illness & mental heath care, consumer & family member & service provider stakeholders, 35167
forms of knowledge & characteristics & role of participatory or peoples' action research in addressing community problems & social change, 27123
gender roles & leadership & membership composition, Brahma Kumaris, 4577
history & current status of social psychology of citizen participation, Venezuela, 7722
influential factors in decision to include children in therapy sessions, family therapists, 12093
interacting in related event, recall & accounts of events, 4 vs 6 vs 9 yr olds, 885
internalization vs participation models of sociocultural influences & psychosocial development, commentary, 7551
internalization vs participation models of sociocultural influences & psychosocial development, 7526
internalization vs participation models of sociocultural influences & psychosocial development, commentary, 7497
interpersonal orientation & social context, performance on achievement task, 17–50 yr olds, 19888
issues & challenges in & techniques to facilitate involvement of Hispanic community in alcohol & tobacco & other drug research, 8345
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, commentary reply, 30255
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, 20659
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, commentary, 30264
mediating role of procedural justice perceptions in relationship between participation & assigned vs self-set vs participative goal setting, college students, 30385
parental involvement in cognitive behavioral group treatment, treatment outcomes, 7–12 yr olds with anxiety disorders, 38023
participation & leadership in community based youth health promotion programs, participants & staff, 25361
participation & risk assessment & participation conflict, 25 yr old & older local authority social workers undertaking child protection investigations, 28689
participation in & needs relating to early postpartum parent–infant classes, fathers vs mothers , 33787
participation in & usability of virtual environments & applied ergonomics & design, adults, 12955
participation in decision making processes & school dynamics & subject matter taught, elementary school teachers, implications for physical educators, 12635
participation in decision making, 8–12 yrs olds being looked after by local authorities, 35242
participation in decision-making & perceived supervisory support & organizational commitment & organizational citizenship behavior, 20–57 yr old employees, 38997
perspectives on participation in intergenerational program in rural community, seniors & volunteers & family members, 25430
predictors of & factors related to client participation in victim–offender mediation programs, 22203
preferences for face to face vs correspondence format & type of community based weight control programs, weight control program participants vs nonparticipants, 2534
prevalence of & characteristics related to exposure & participation in televised smoking cessation intervention, female smokers with high school education or less (mean age 44.8 yrs), 32032
reasons for band participation & contribution to quality of life, 55–86 yr old members of volunteer wind band, 27089
self-concept profiles & social behavior & participant roles in bullying situations, 14–15 yr olds, 963
sex, performance of hands-on activities & science attitudes over the school year, 5–8th graders in performance-based science classrooms, 2950
sociodemographic & psychological & physical predictors of participation in & adherence to home-based exercise training program, functionally limited community-dwelling 60–94 yr olds, 4521
sociodemographic variables, leisure participation & satisfaction & life satisfaction, 65–98 yr olds, 14086
teacher style of interaction, engagement & participation, 17–71 mo old preschool children with disabilities, 22555
teacher style of interaction, engagement & participation, 17–71 mo old preschool children with disabilities, 22551
traditional conceptualization of perceived behavioral control vs scheduling self-efficacy & perceived barriers to exercise, exercise class attendance & intention, elderly, 1309
TV viewing & optimism for future, trust in people & civic participation, Ss, 1065
verbal encouragement toward & reasons for participating in & parental involvement in physical activity, degree of participation, 9–13 yr old girls, 25345
victimization experiences during incarceration & frequency of visitation with outsiders & participation in prison programs, psychological well being, 16–61 yr old male inmates, 21378
views of participation in social research & effect of wider societal context, 5–16 yr olds, 20433
voice, small group decision making with low status leader & support under conditions of persistent conflict, college students, 11128
willingness to participate in HIV vaccine efficacy trials, HIV-1-negative homosexual men & male & female injecting drug users & women at heterosexual risk, 5267

Participation [See Also Athletic Participation, Client Participation, Group Participation, Participative Management]—Chapters

The art of community design: Stimulating shared neighborhood visions, 29220
Do focus groups facilitate meaningful participation in social research?, 22967
Ethical dimensions of stakeholder participation and evaluation use, 31970
Industrial democratization and industrial relations, 3024
"It takes a village. . . ," and new roads to get there, 28713
A participatory approach to the prevention of eating disorders in a school, 18204

Why do students miss psychology experiments and what can be done about it?, 16439

Participative Management—Serials

effects of corporate organizational culture practices of "family" & "team" on total quality management, employees, 12863
high work involvement processes, organizational effectiveness, employees of insurance companies, 35623
participative climates & organizational practices & top & middle management support of employee involvement at district & unit level, individual work attitudes & involvement behavior, employees, 35622

Participative Management—Chapters

Participative management, 3078

Partner Abuse—Serials

amnesia for violent crime carried out in state of rage against significant others, 35807
application of grounded theory method to research on interactions with victims of domestic abuse & goals of medical intervention, obstetricians/gynecologists, 18928
application of sociocultural theories of spouse abuse to African Americans, 24382
childhood exposure to parental dyadic aggression & unskilled parenting, aggression toward female partners in young adulthood, at-risk males, 833
civil Protection Orders, effectiveness in preventing recurrence of & risk factors for abuse, couples, 2 yr followup, 29284
co-occurrence of child abuse & woman battering, 17988
commitment & relationship duration, perpetration of common couple violence, 8th & 9th graders, 24414
community-based advocacy intervention, experience of physical & psychological abuse & depression & quality of life & social support, 17–61 yr old females with abusive partners, 2 yr study, 12456
comparison of problematic concept formation & other "measurement trap" methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, 14706
comparison of problematic concept formation & other "measurement trap" methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, commentary, 14661
courtship violence & sexual aggression, college students, 8288
definition & unique aspects of & school-based programs for preventing & intervening in & laws addressing & court involvement with teen dating violence, 32545
demographic & social & financial & personality & treatment motivation predictors of attrition, 19–60 yr old males enrolled in batterergroup treatment program, 14659
development & implementation of internal domestic violence program for families with partner & child abuse in public child welfare setting, 22199
development of multifaceted intervention & educational research project, community responses to wife abuse, Mexico, 12444
differentiation of aggressive acts vs assaults in intimate relationships & epidemiology & risk factors for & role of female perpetrators in spousal violence , 34268
distributions & characteristics of spouse abuse victims & offenders in US Army Central Registry, US Army soldiers & spouses, 1989–97, 12918
domestic violence after behavioral marital therapy alcoholism treatment program, married couples, 2-yr study, 22266
experience of male violence, employment, 19–91 yr old females, 18000
experience of recent partner violence, ability to maintain work, women (mean age 29 yrs), 1 yr study, 17978
experiences & perceptions & expectations when communicating with medical providers, abused Latina & Asian female immigrants, 1724
experiences & satisfaction with criminal justice system & influence of statutory protection of crime victims' rights, female victims of partner vs nonpartner physical or sexual assault, 32532
experiences of a batterers' intervention program, 18–57 yr old battered female partners, 15515
experiences of abuse, females, review of qualitative first-person research, 1730
experiences of therapeutic factors in educational group therapy, 19–74 yr old male batterers, 25091
familial & child characteristics, spouse-abusive vs spouse- & child-abusive vs nonviolent families, 21265
forced sex by partner or ex-partner, health & self-esteem, battered females (mean age 31.6 yrs), 37445
gender symmetry vs patriarchal terrorism in common couple violence, college students, 7809
guidelines to identification & diagnosis & management of spouse abuse in uniformed services, military physicians, 16176
historical & cultural influences & prevalence of spousal & child abuse, Japan, 11536
history of abuse & cultural expectations for intimacy & family & sex roles, expectations of interpersonal violence & development of abusive relationships, Mexican American 15–19 yr olds, 37448
husband &/vs wife drinking & involvement of verbal vs moderate vs severe physical aggression in most serious conflict, 15–36 yr old newlyweds, 1 yr follow up, 27796
husband's vs wife's violence to partner, sexual activity in marriage, adults, erratum, 5015
impact of couple violence on parenting & children & need for multifaceted intervention strategies, 11504
incidence & prevalence of domestic violence & cultural & historical influences & legal issues & specific challenges to ending wife abuse, Russia, 11528
injuries & mental health consequences, male batterers & female victims (aged 18–65 yrs), 24415
injury frequency & patterns & health care seeking behavior, battered females with male partners in batterer intervention programs, 14655
interpersonal violence in lesbian & gay relationships, 24390
intimate physical assault & PTSD, 20–51 yr olds seeking treatment for cocaine dependence, 21302
intrinsic religion & responses to partner abuse, 18–62 yr old college students, 23847

La Isla Pacifica shelter for Mexican American women who have fled violent partner, 12459
level of commitment & judgments of normative acceptability, psychological vs physical vs sexual abuse attributions, 17–29 yr olds in premarital relationships, 8281
MCMI-III, extent & nature of psychopathology, male batterers (mean age 32 yrs), 13064
MCMI-III, extent & nature of psychopathology, male batterers (mean age 32 yrs), erratum, 35939
mental health problems, women with history of intimate partner violence, 27775
methodological issues & sex & perpetration & vicitmization & attitudes & social learning & feminist theories in dating violence research, 24431
methodology & characteristics of empirical studies & models of co-occurrence of spouse & physical child abuse & theories of family violence, 8244
moderating effects of adult attachment & intimacy & partner physical abuse on association between childhood sexual abuse & depression, survivors & partners, 37521
mutuality & reciprocity & accommodation in relationships, abusive males & their female partners in therapy for psychological abuse, 28350
naming problem & identifying victims & prioritizing safety & custody & visitation assessments & adjudications as examples of obstacles confronting victims of partner abuse in family court system, 32521
naming problem & identifying victims & prioritizing safety & custody & visitation assessments & adjudications as obstacles confronting victims of partner abuse in family court system, commentary, 39074
negative self concept vs unstable self concept, prediction of wife assaulters, wife assaulting vs non-assaulting men (mean age 38.1 yrs), 37498
partner violence, disorganized attachment & new object mastery motivation in offspring, low income mothers & infants, 2 yr study, 14713
perceptions & prevalence of battering, pregnant Latinas (aged 14–42 yrs), 24440
perpetrator personality, post-separation reactions, victims of abusive relationships, 27772
perspectives on mandatory reporting of intimate partner violence to police, 29–83 yr old physicians, 24457
phases of Cognitive Processing therapy, female victims of marital rape, 8798
physiological reactions to arguments, interactions, batterers & their wives, 27761
predictors of perceptions of responsibility & punishment of abusive & violent husbands, engaged 17–35 yr old males, 8263
prevalence of dating partner physical & emotional abuse, 17–41 yr old females, 11550
prevalence of elder abuse & quality of long-term marital relationship, 75 yr old male with medical problems & remitted alcohol dependence, implications for discharge planning, 21230
prevalence of spouse abuse, low income Hispanic female patients in rural health environments, 1735
prior abusive relationships, self image & self care, low income White females with HIV, 30823
psychoanalytic conceptualization of subjective experience of cause of battering & collective pathogenic antecedents & their consequences in personality formation & treatment, batterers, 8856
public outreach educational program on domestic violence, change & persistence of change in attitudes toward wife-beating, 18–27 yr olds, 5874
reclamation of self in leaving abusive relationships, 26–59 yr old female survivors of partner abuse, 17519
relationship between demand–withdraw interaction & battering, couples with violent husband, 34252
relationship characteristics, gay male victims or perpetrators of domestic violence, 5012
relationship satisfaction & alternatives & investments & subjective norm, stay/leave decision-making processes & intentions in abusive dating relationships, male & female adults, 33879
relationship violence & HIV status & ethnicity, psychological distress & dysfunction & adjustment, HIV positive vs negative African vs European American vs Latina females, 28064
responses to battering, 18–53 yr old females, 2.5 yr study, 8250
risk factors for husbands' physical & emotional abuse of wives, 24–57 yr old husbands, 8276
sex & training & specialty, intimate partner abuse screening & intervention practices, primary care physicians (mean age 46 yrs), 30839
sex differences & patterns of relationship violence, adults, 27792
sexually aggressive behavior in acquaintances & husbands & strangers, 15+ yr olds, 24479
social-developmental model in physical & psychological dating violence, adults aged 25 yrs & older, 27821
socioeconomic structure & cultural change factors associated with wife abuse, Vietnamese immigrants, US, 24389
spousal aggression prevalence rates, US Army vs civilian samples, 14673
standards for batterer programs, program administrators, 12439
symbolic violence & threats of violence by male intimate & physical violence, pregnant physically & sexually abused Hispanic women, 5042
symptoms & co-occurrence & predictors & correlates of posttraumatic stress disorder vs major depressive disorder, married physically abused women, 37221
treatment program for men who batter their female partners, Latin America, 11965
type & severity & frequency of spouse & child abuse, overlap between referrals to police child protection units & domestic violence units, children & adults, 22168
types of family violence & implications of spouse abuse research for study of maltreatment of dementia patients by caregivers, 34344
use of attachment theory in predicting male to female relationship violence, couples, 8270
wife abuse patterns, 18–74 yr old females, Hong Kong, 27824

Partner Abuse—Books

Battered women, children, and welfare reform: The ties that bind, 8298
Getting out: Life stories of women who left abusive men, 37528
Men who batter women, 34319

Partner Abuse—Chapters

Attachment processes and commitment to romantic relationships, 37095
The challenge to feminism posed by women's use of violence in intimate relationships, 37540
The controversy over domestic violence by women: A methological, theoretical, and sociology of science analysis, 34337
Intimate partner violence among immigrants, 1749
Understanding the origins and incidence of spousal violence in North America, 21283
Women's response to physical and psychological abuse, 34321

Parturition [See Birth]

Passive Aggressive Personality—Serials

explanation & critique & rationale for dropping passive-aggressive personality disorder from DSM-IV, 17968

Passive Avoidance [See Avoidance Conditioning]

Passiveness—Serials

environmental enrichment program, adaptive responding & passivity, 6–9 yr olds with visual & hearing impairments & profound intellectual disabilities, 1400
passive behaviors, persons with Alzheimer's disease, 18360

Pastoral Counseling—Serials

connection between psychology of religion & pastoral counseling, 38348
ethical complexity regarding use/misuse of power & authority & vulnerability due to professional training & role expectation & sexual/nonsexual relationships & confidentiality, clergy psychotherapists, 38737
Jungian perspective on pastoral care & counseling particularly at end of life, 38350
legal differentiation of secular vs religious aspects of work & findings on breach of fiduciary duty in sexual misconduct, clergy counselors, 19516
music & pastoral therapy program, nursing home patients with dementia, 35039
self-help book utilization practices in counseling, practitioner members of Christian Association for Psychological Studies, 2163
womanist cultural & spiritual themes in pastoral counseling, African American females, 18539

Pastoral Counseling—Books

The pastoral counseling treatment planner, 5703

Pastors [See Ministers (Religion)]

Paternal Investment [See Parental Investment]

Path Analysis—Serials

gender & attitudes toward women & past/current relationship & alcohol & coercion strategies & victim resistance & rape justifiability, path model of sexual coercion, 37593
path model of relationships among androgyny & self esteem & self efficacy & career indecision, 15–19 yr old females, 30248

Pathogenesis [See Etiology]

Pathological Gambling—Serials

characteristics of individuals who seek treatment for gambling problems, 24–62 yr olds, Canada, 27759
concepts of magic & anxiety & ritual as components of problem gambling, implications for transactional analysis, 18077
counseling approaches to & phases of pathological gambling, 31434
discounting of delayed rewards, adult substance abusers with gambling problems, 34295
efficacy and tolerability of fluvoxamine, 22–57 yr old pathological gamblers, 8905
pathological gambling & substance misuse, 1731
personality & cognitive determinants of ''chasing'' in gambling behavior, college students, 33957
presence of obsessive-compulsive spectrum disorder, pathological gamblers, 17959
prevalence & assessment & treatment of pathological gambling, 32020
risk taking &/or sensation seeking, male vs female college students categorized as social vs probable/pathological gamblers, 21260
somatic markers & anxiety & risk aversion during gambling task, Caucasian vs African American psychopathic incarcerated males, 27818
tapping time in lumbar puncture for CSF, male pathological gamblers, 8283
typology of cognitive distortions & self beliefs, problem gamblers, 34305
video-poker gambling machines, compulsive gambling & Gamblers Anonymous groups, adults, 14653

Pathological Gambling—Books

Going for broke: The depiction of compulsive gambling in film, 36691

Pathology [See Also Neuropathology, Psychopathology]—Serials

clinical factors & pathophysiologic process in treatment resistant schizophrenia, 4960
clinicopathological changes after abstinence, heavy drinkers with chronic hepatitis induced by alcohol with or without hepatitis G virus, 21344
development of clinical notions about pathological signs & expressed symptoms & perceived disability & subtext of patient's moral character, intractable chronic low back pain patients, 14911
differential diagnosis & pathology, 67 yr old male with progressive dementia with parkinsonism, 18367
excitotoxicity & peri infarct depolarizations & inflammation & apoptosis to delayed mechanisms of damage in peri infarct zone or ischemic penumbra & development of ischemic stroke, 34620
familial dementia lacking specific pathological features presenting with clinical features of corticobasal degeneration, 3 family members, 2011
general money attitudes & demographic factors & individual difference beliefs & monetary pathology, 18–73 yr olds, 37398
limitations of clinicopathological method used by modern medicine in addressing patient pain, 5245
pathophysiological processes in neuropsychiatric disturbances of schizophrenia, 21133
pathophysiology & neurologic consequences of fatty aldehyde dehydrogenase deficiency, 4–42 yr olds with Sjogren-Larsson syndrome, 18288
progression of clinical–pathological correlations & intellectual status & density of lesions, females aged over 75 yrs with Alzheimer's disease, 5332
use of gene chips & expression array technology in methodology for study of genes & mRNAs under various physiological & pathological states, implications for biology & neuroscience & psychiatry , 13165
use of neural networks for determination of accurate diagnostic performance of measurements of retrocochlear pathology, adults with unilateral vestibular schwanomas, 19495

Pathology [See Also Neuropathology, Psychopathology]—Books

Psychology in human context: Essays in dissidence and reconstruction, 22817
Schizophrenia in a molecular age, 24302

Pathology [See Also Neuropathology, Psychopathology]—Chapters

Animal aggression: A model for stress and coping, 36521
Aphasia after traumatic brain injury, 5432
Cholinergic components of frontal lobe function and dysfunction, 7016
Clinical and patholgical aspects of frontotemporal dementia, 8688
Cognitive functions of the frontal lobes, 7103
Disruption of information flow within cortical-limbic circuits and the pathophysiology of schizophrenia, 24314
Family studies of PTSD: A review, 24351
Lewy body disorders, 8693
Nicotine, 33862
Phenylketonuria, 31114
Prader-Willi syndrome, 31096
Rett syndrome, 31347
Sickle cell disease, 31110

Patient Attitudes [See Client Attitudes]

Patient Care Planning [See Treatment Planning]

Patient Characteristics [See Client Characteristics]

Patient Dropouts [See Treatment Dropouts]

Patient Education [See Client Education]

Patient History—Serials
adult anger expression & childhood physical abuse history & event memory & self labeling, 18–56 yr old medical patients, 24409
age & race & education & foreign-born status & history of mammography & multiple procedures in 1st cycle, breast cancer rescreening, low-income women, 27 mo followup, 5809
alcohol & psychiatric treatment histories, past attendance at AA meetings & attitudes toward AA, dually diagnosed inpatients, 37286
assessment of long-term course of cognitive change with Scales of Cognitive Impairment Rated from Institutional Records, deceased elderly schizophrenia patients (mean age 80.9 yrs) , 11433
childhood sexual abuse history in borderline personality disorder, 34239
chronic immune activation, female patients with PTSD associated with history of childhood sexual abuse, 21007
clinical features & autopsy examination, male with linear naevus sebaceus syndrome (aged 32 yrs at time of death), 5248
clinical presentation & outcome, 16–55 yr olds with vs psychiatric inpatients receiving neuroleptics without neuroleptic malignant syndrome, 11878
clinical presentation & sociodemographic variables, children & adolescents with Tourette's syndrome with vs without a family history of Tourette's syndrome, 8660
cocaine abuse, patient history & treatment course, hospitalized schizophrenic patients, 8138
comprehensive evaluation of women participating in research studies on mental health, 1452
culturally sensitive nursing care for psychiatric patients with history of sexual abuse, psychiatric nurses, 12379
culturally sensitive nursing care for psychiatric patients with history of sexual abuse, psychiatric nurses, commentary, 12382
demographic & lifestyle & medical & family history of illness & risk for Alzheimer's disease, 65–84 yr old community dwelling African-Americans vs Nigerians, 2030
demographic characteristics & drug histories, cocaine users (aged 10–49 yrs) in drug treatment, 34351
demographic characteristics & historical features & other clinically relevant aspects of behavior, psychoanalysts' reports on their private psychotherapy patients, 8754
differences in severity of depressed mood vs lifetime histories of anxiety & depression vs childhood environment vs disordered personality function, sexually abused patients with major depression , 14484
drug use & medical & psychiatric & criminal history, male cocaine users with current vs past vs no iv use, 1789
early history of developmental skill & learning disorders as marker of cerebral status, adult patients with arteriovenous malformations, 11914
electrocardiograms with vs without clinical scenario, accuracy of electrocardiogram interpretation, medical students & family medicine residents, 19153
emotional responses to psychiatric admission & relationships between admission history & attributions for admission & PTSD symptomatology, psychiatric patients, 19018
etiology & referral to neonatal unit & associated factors, 7–16 yr olds with severe mental retardation with and without cerebral palsy, 24631
evaluation of & reasons for using extended leave of absence & patient characteristics & support, Scotland, 1988–1994, 22161
feasibility & patient acceptance & anxiety level & number or referrals generated by genetic history taking & preconceptual counseling in primary care setting, 20–34 yr olds & general practitioners, 18886
frequency of alcohol use in suicides & clinical characteristics, 13–22 yr old suicides with vs without history of alcohol misuse, Finland, 27808
genetic & physical & developmental & psychiatric features, 16–35 yr old patients with schizophrenia & velo-cardiofacial syndrome, 11290
history of physical &/or sexual abuse & abuse severity, PTSD, battered Hispanic women, 24345
identification of excessive alcohol consumption through accurate history taking, hospital ward doctors & nurses, 1 yr follow-up, 11638
illness course & treatment history & social functioning, patients diagnosed in adolescence with major depressive disorder, 10–15 yr followup, 21117
importance of neuropsychological assessment & review of family history for proper diagnosis, 56-yr-old male with Huntington's disease, 31052
individual & family medical histories & perceived risk & physician recommendations & worry about cancer & demographic characteristics, annual colorectal cancer screening, Ashkenazi Jewish adults , 35127
interplay between psychopathology of group members & group in one patient's experience of draft & another's experience of overdependency & emigration, adult males, former Yugoslavia, 2225
lifetime history of major depression & phobia, stage of breast cancer diagnosis, adult females (mean age 68 yrs), 37797
lipid & cardiovascular responses to acute stressor, 18–30 yr old men with vs without parental history of myocardial infarction, 28111
LSD use history & flashbacks, alcoholic patients, 21297
medical condition & psychopathology of anxiety, lifetime history & conditions of use of prescribed hypnotic & tranquilizing drugs, 17–89 yr old inpatients admitted to internal medicine departments, 21938
multimethod approach to assess risk factors for lifetime history of high vs low violent behavior, 19–65 yr old male incarcerated psychiatric inpatients, 35869
N200 component of event-related potential as function of interview-based diagnostic symptom clusters & family psychiatric history & risk for psychopathology, 17–24 yr olds, 27515
outcome of comparative treatment effectiveness on program modality & drug history in drug use reduction, patients with drug dependency, 1-yr followup, 9237
patient background & physical & medical history & symptoms & perceptions, 69-yr-old male with angina pectoris triggered by stress, panel discussion, 34601
perceptions of sexual history taking by health care providers, adolescents, 22148
personality disorder profiles & trauma histories, male combat veterans with PTSD & female childhood sexual abuse survivors, 34244
perspectives on treatment history, 14–65 yr old patients with chronic eating disorders, 1900
phenomenology & risk factors & incidence of fire setting & self mutilation & antisocial personality disorder & mood disorder, female remanded prisoners, 22292
prenatal influences on adult mental & physical health, 21004
prevalence of childhood abuse & neglect histories, iv drug using females (aged 18–45 yrs), 30898
prior depressive episodes & relationship to current distress, 17–80 yr olds in primary care for major depression, 11357
prior experience with pharmacologic or cognitive behavioral therapy, 16–53 yr old females with bulimia nervosa, 11967
process of abuse disclosure during hospital stay, 18–45 yr old female abused eating disordered patients, 24647
psychiatric history & referral type & current coping, assignment to inpatient or outpatient treatment, adult psychiatric emergency room patients, 38576
psychological autopsy profiles, recently vs remotely bereaved widowed persons who committed suicide, 1686
psychometric properties of Trauma History Screen, measure of frequency of & age at which trauma occurred, females with trauma-related psychiatric disorders, comparison with 3 other measures of trauma , 29354
relation between gray matter volume & clinical & neurocognitive measures, males vs females with 1st episode vs previously treatment schizophrenia, 37365
retrospective case record analysis of sociodemographic & clinical aspects, children with elective mutism (mean age 9.43 yr), 1443
risk factors related to incidence of Alzheimer's disease, 65+ yr olds, comparison of cross-national data, 11913
role of obtaining developmental history in psychiatric evaluation, young children, 18772
role of Portable Medication Record in providing medication history in treatment settings, patients, 18480
severity of depressed mood vs lifetime histories of anxiety & depression vs childhood environment vs disordered personality function, sexually abused patients with major depression, erratum, 21081
social history intervention, individualization of perceptions of patients, 24–57 yr old nursing home staff members, 15575
social stress & history of trauma & abuse & comorbid personality &/or borderline disorder & treatment outcome, 18–37 yr old women in therapeutic community drug treatment program, 37233
sociodemographic characteristics & placement history & levels & patterns of psychotropic medication use, 6–12 yr olds in foster care, 38335
sociodemographic characteristics & psychiatric history & general practitioner contact & method used, 13–24 yr olds who committed suicide, 34272
speech disturbances & family psychiatric history in parents, schizophrenic outpatients & their parents, 8139
speech perception & verbal memory, 9 yr olds with vs without histories of otitis media during their 1st yr of life, longitudinal study, 37949
treatment history & outcomes, male vs female drug rehabilitation clients, 32033
treatment history & service experience & needs, abused children & caregivers referred to child protective services, 22176
Patient History—Chapters
The case of "Paul", 35351
Developmental history, 7356
Patient Participation [See Client Participation]
Patient Records [See Client Records]
Patient Rights [See Client Rights]
Patient Satisfaction [See Client Satisfaction]
Patient Seclusion—Serials
case law development in use of restraint & seclusion, institutionalized patients with mental disabilities, implications for legal & mental health care professionals, 35814
clinical judgment on seculusion & restraint of psychiatric patients & social judgment theory, psychiatric nurses, 25577
legislation to limit & monitor use of physical restraint & patient seclusion in psychiatric patients, 29254
monitoring of patient seclusion & restraint practices in psychiatric facilities, compliance with legal & clinical standards, patients, implications for mental health performance improvement processes, 5822
use of seclusion of patients in forensic psychiatric units, 38570
Patient Selection—Serials
usefulness of criteria for selection of patients for brief psychodynamic therapy & treatment outcomes, 25011
Patient Selection—Chapters
ECT and suicide, 8318
Referrals to group, 38165
Selecting clients for group psychotherapy, 38162
Patient Therapist Interaction [See Psychotherapeutic Processes]
Patient Therapist Sexual Relations [See Professional Client Sexual Relations]
Patient Transfer [See Client Transfer]
Patient Treatment Matching [See Client Treatment Matching]
Patient Violence—Serials
accidental iv zuclopenthixol acetate administration for rapid tranquilization, non-compliant 37 yr old male with schizo-affective disorder, implications for treatment of psychiatric emergencies, 28458
accuracy of violence risk prediction among psychiatric inpatients, medical residents assigned emergency rooms in psychiatric hospitals, 15600
actuarial vs clinical methods of assessing risk factors for violence, patients with mental disorders, 16405
algorithm to assist mental health clinicians in decisions regarding patient violence & 3rd-party protective measures, 19195
characteristics of patients & prevalence of repeated assaults on staff & other patients, patients who committed 2 or more assaults in Veterans Affairs medical centers & freestanding outpatient clinics, 14650
circumstances & symptom patterns under which mentally ill patients might be dangerous, 24124
confidence & accuracy in clinical assessments of short-term risk of violence, physicians & psychiatric patients (mean age 42.2 yrs), 8401
level of training in managing & frequency of severity of assaults sustained via violent patients, 25–61 yr old psychiatric residents, 14700
patient characteristics & time factors, frequency & nature of violent incidents on medium secure unit, civil vs criminal section psychiatric patients, 1980–1996, 38565
physical restraint training module & benchmarking exercise, confidence in dealing with aggressive patients, nurses working in psychiatric intensive care units, 38691
psychiatric & neurological symptoms & ward behaviors & course of violence behavior, 18–55 yr old hospitalized patients with schizophrenia or schizoaffective disorder, 30730
scope & impact of assaultive behavior & violence by patients in health care facilities, Veterans Affairs medical centers & freestanding clinics, 1 yr study, 14680
sociodemographic variables & psychiatric history & insight into symptoms & other factors, violence prediction, inpatients with schizophrenia or schizoaffective disorder, 30694
validity of Staff Observation Aggression Scale-revised, psychiatric hospital staff, 16347
violent incidents & nurse training & intervention strategies in inpatient psychiatric nursing practice in Italy vs Norway vs the Netherlands vs Sweden vs the United Kingdom, 25491
ward routines & time patterns of staff injuries from patient–staff incidents, psychiatric hospital acute ward patients & staff members, 38572

Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]—Serials
adaptive practice approach to family-centered care involving collaboration between patient & family & health care provider, children & other patients with chronic conditions, comment, 18907
adaptive practice approach to family-centered care involving collaboration between patient & family & health care provider, children & other patients with chronic conditions, 18913
adaptive practice approach to family-centered care involving collaboration between patient & family & health care provider, children & other patients with chronic conditions, comment, 18898
adaptive practice approach to family-centered care involving collaboration between patient & family & health care provider, children & other patients with chronic conditions, comment, 18932
direct supervision of residents by attending physicians, quality of care in university affiliated emergency departments, patients with physical complaints, 5778
doctor–patient relationship & treatment of whole patient, 31382
images of patients in nursing magazine advertisements, reflection of health care needs & realities in males vs females & elderly vs younger persons, 15383
impact on patients & therapists & moral relevance of knowing in psychotherapy, 38730
importance & goals of conducting pre-ECT evaluation, patients & family members or significant others, 5687
Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]—Books
Physician sexual misconduct, 25582
Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]—Chapters
Cognitive–behavioral treatment of sexual misconduct, 25583
The competent patient, 34840
Individual quality of life and assessment by carers or 'proxy' respondents, 28899
Managing patient flow: Waiting and absences, 35209
Measuring the quality of life: Why, how and what?, 28573
The Patient Generated Index, 26213
Psychodynamic approaches to physician sexual misconduct, 25138
The Schedule for the Evaluation of Individual Quality of Life, 26214
Sexual misconduct and Boards of Medical Examiners, 25691
Sexual misconduct: The Canadian experience, 25696
The therapy relationship, 33826
Patriarchy—Serials
feminist perspective on caste & gender basis of & patriarchal & Hinduistic interests underlying psychoanalysis, India, 34925
Patriarchy—Books
Quintessence...realizing the archaic future: A radical elemental feminist manifesto, 4667
Patriarchy—Chapters
Patrilineal structure and agency of women: Issues in gendered socialization, 36720
Pattern Discrimination—Serials
ability of divided cerebral hemispheres to make processing discriminations based on spatial vs identity information, 46 yr old male & 47 yr old female callosotomy patients, 31203
ability to learn transverse patterning problem, amnesic patients, implications for effect of declarative memory on 2-choice discrimination tasks, 11929
absolute vs differential conditioning procedure & recognition strategy & visual field usage, pattern learning, honeybees, 13398
age & cultural general vs culture specific factors, discrimination of melodies, 9 mo vs 5 yr olds vs adults, 33629
binocular disparity & discrimination of 2-D mirror symmetry overlaid in depth by 3-D noise plane, Os, 6792
complex motion pattern in random dot stimuli & stimulus presentation order, perceived dot speed & magnitude of speed illusion, human Ss, 3464
complex visual pattern discrimination, BXSB mice, 29689
computational model of association fields for adaptive spatial filters in human pattern perception, 32739
computational models of coherent & transparent second order motion, 10043
computerized touch screen procedure, conditioned pattern preferences, 29571
contour integration of micropatterns in normal peripheral field, adults, 16486
contrast thresholds for circular vs elongated Gabor patches with static carrier, adults, 16506
differential reinforcement of texture & brightness cues on runway, pattern discrimination & serial learning & ordinal position effects, male rats, 33056
effect of retention interval on serial position curves for item recognition of visual patterns & faces, college students, 36262
effects of overall luminance vs region size of luminance congruity in perception & binocular rivalry of orthogonal & dichoptic plaids, college students, 23018
efficiency of neural network for pattern & plankton & face recognition, 22765
element arrangement patterns differing in hue & luminance, perceived texture segregation, adults, 36167
elemental & configural processes in patterning discrimination in appetite conditioning, rats, 19934
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary reply, 10206
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary, 10211
facilitation arising from opposite-sign flanking Gabor patterns & transducer model of masking & facilitation, adults, 16516
factors in foveal vs peripheral pattern discrimination, Os , 16504
fundamental vs 3rd harmonic compound gratings, vernier thresholds, adults, 36137
global pattern display symmetry & individual pattern properties, discrimination of same-different symmetrical dot stimuli, adults, 36141
information theory & equations of dipole information in discrete two-dimensional patterns, 32735
long range interactions between background array of texture elements & detectability of target, adults, 16525
luminance conditions of Fuch's transparency with achromatic 2- dimensional patterns, adults, 6775
mathematical modeling of internal oscillations of attending to events with complex rhythms in theory of attentional dynamics, college students, 10230
memory for color &/vs pattern contrast in patterned food containers, male chicks, 16735
model of neural recoding in spatial & pattern vision, humans, 13573
models of visual pattern recognition from cognitive psychology & psychophysics & connectionism to predict psychophysical classifications, adults, 3487
neural network EEG pattern recognition methods for assessing transient cognitive impairment associated with alcohol intoxification or fatigue, 36219
neural network of coupled oscillators that produces & perceives music & speech patterns of pulses that conform to particular meters, 32488
oscillations of gratings & pattern phase reversals, 1st harmonic components of visual EP responses to oscillatory motion, 14–21 yr olds with infant esotropia & normal 19–39 yr olds, 18465
perceived direction of component- vs plaid-induced motion after-effect after adaptation to visual stimuli, adults, 3477
perception of ambiguous motion direction of 1- vs 2-dimensional moving gratings & plaids by motion mechanisms vs surface segmentation, adults, 16521
perception of barber pole illusion with moving cyclopean boundaries, adults, 3479
phase coherence, detectability of Gabor patches chain, adults, 32795
presence of salient distractor, performance on target-present trials in conjunction search, college students, 16689
proximity vs similarity in stimulus pattern color & luminance & size & shape, apparent motion & perceptual grouping, graduate students, 32835
radial optic flow & ambient vergence level & short latency vergence eye movements during viewing of random dot patterns, Os, 16527
random vs symmetrical dot pattern structure, depth separation of stereoscopically overlapped dot planes, adult Os, 10036
Reference point logistic classification & pattern recognition, 26028
relations among nonadiacent tones in pairs of diatonic melodies, perception of melodic pitch contour, undergraduates, 32880
role of auditory cortex of temporal lobe in perception & retention of auditory & visual rhythmic patterns, Ss with right or left anterior temporal lobe removals with vs without Heschl's gyrus, 15032
role of binocular attention in stereo capture of 3-dimensional configuration imposed on wallpaper, adults, 3489
role of colour in symmetry perception, 19741
role of perceptual grouping & encoding of closure of local elements during processing of hierarchical patterns in selective attention paradigm, 20–29 yr olds , 32812
row blindness in Gestalt grouping & written language processing developmental dyslexia, college students, 14849
simple Fourier vs complex non-Fourier channel patterns, time course of texture segregation processing, young adults , 16518
simplicity as method used by cognitive systems in searching for pattern recognition , 19800
stimulus sheet inclination & dot spacing & viewing distance in subjective staircase & number & height of apparent steps in wallpaper illusion, Os, 10049
symmetric vs equilateral vs equiangular vs random vs contour-symmetric polygon shapes, perceived regularities in paired comparison task, college students, 32815
temporal position vs proportional variance vs duration, temporal pattern discrimination, adults, 6815
topographical jitter & undersampling, contrast thresholds for orientation identification & detection of E-pattern in foveal & peripheral & strabismic amblyopic vision, 22–40 yr olds, 15063
transverse patterning training, configural learning & problem solving, college students, 3582
visual discrimination of moving cyclopean targets with luminance-defined gratings, adults, 16495
visual evoked potentials during processing of pattern spatial frequency, adult migraine patients, 31295
visual neuronal activity & psychophysical thresholds in quantitative model applied to pattern discrimination tasks, 29753
visual similarity, sensitivity of visual short term memory, college students, 13345
Pavlov (Ivan)—Serials
external & internal environmental evocation of motor responses & illusion of voluntary movement, I. Pavlov , 15
V. P. Protopopov's perspective on habit formation & its relation to Pavlovian theory of higher nervous activity, dogs, 36317
Pavlovian Conditioning [See Classical Conditioning]
Pay [See Salaries]
PCP [See Phencyclidine]
Peabody Picture Vocabulary Test—Serials
performance on the PPVT-III, Black 3.92–4.75 yr olds at risk for academic failure, 15948
validity of Peabody Picture Vocabulary Test-Revised as a surrogate for the Wechsler Adult Intelligence Test-Revised, intelligence quotients, brain-injured adults, 79
validity of PPVT—R, assessment of receptive vocabulary, 5.1–6.0 yr olds, 4427
Peace—Serials
authoritarianism & peace supportiveness in relation to Arab–Israeli conflict, Jewish university students in Israel, 33808
breakdown of discipline in 2 Canadian peace operations & problem of military reinforcement of cohesion & loyalty, Canadian army personnel, Somalia & Yugoslavia, 6380
historical perspective of political psychology & psychologist & identity roles on peace & war, comment, 14179
historical perspective of political psychology & psychologist roles on peace & war , 14184
historical perspective of political psychology & psychologist roles on peace & war, comment, 14177
historical perspective of political psychology at periphery & psychologist roles in construction of just communities & peace & war, comment, 14183
human needs theory in peacebuilding program, female leaders in nongovernmental organizations, Lebanon, 14108
limitations of & suggestions for peace negotiations between Israelis & Palestinians, 23832
problem-solving competence & militaristic & social & political & religious & gun control attitudes, undergraduates, implications for peace education, 24033
sociocultural & political & socialization patterns during war to peace transition & conflict resolution & grief & reconciliation, children & adolescents, South Africa & Mozambique, 33723
Peace—Books
How children understand war and peace: A call for international peace education, 27086
The psychology of peacekeeping, 1043
Peace—Chapters
Adolescents' beliefs about their conflict behavior: Correlates, consequences, and cross-cultural issues, 26974
Beliefs about war, conflict, and peace in Israel as a function of developmental, cultural, and situational factors, 26971
Children, peace, and war in Northern Ireland, 26968
Children, war, and peace: A review of fifty years of research from the perspective of a balanced concept of peace education, 27087
Concept formation of war and peace: A meeting point between child development and a politically violent society, 27018
Cultural and ethnic issues of conflict and peacekeeping, 1049
Cultural socialization and conceptions of war and peace: A cross-national comparison, 26960
The evolving psychology of peacekeeping, 1050

Forgiveness, reconciliation, and the contribution of international peacekeeping, 1045
Humanitarian intervention, psychosocial assistance, and peacekeeping, 2595

Pedestrian Accidents—Serials
age, view of what road users are responsible for in relation to road safety, 5–15 yr olds, 30194
development of conceptual & attentional skills that underpin successful pedestrian behavior, 4–10 yr olds, 30161
development of pedestrian skills & cognitive abilities, 4–5 vs 7–8 vs 10–11 yr olds, 32457
effectiveness of parent volunteers in promoting development of road crossing skills, 5 yr olds, 7441
pedestrian accident risk & problem behavior, 7–15 yr olds , 30141
risky pedestrian behaviors & resulting vehicle swerving & extent & effect of sidewalk encroachments, pedestrians in Pakistan city, implications for pedestrian traffic accidents, 26009
search strategies & differentiation of features of traffic environment relevant to crossing road safely, 5 vs 7 vs 9 vs 11 yr olds vs adults, 30163
Pedestrians—Serials
perceived behavioral control & other determinants of decisions in potentially dangerous road crossing situations, 17–75 yr old pedestrians, application of theory of planned behavior, 7892
speed behavior at zebra crossings when encountering pedestrians, drivers, 3201
Pediatricians—Serials
barriers to & promise of collaboration in pediatric primary care settings, psychologists & pediatricians, 38496
maternal personality & social skills, communication patterns during pediatric well child exams, mothers of children under 2 yrs & pediatricians, 15471
perspectives on refusal by deaf parents to hold hearing test for newborn offspring, pediatricians, 28259
role of developmental–behavioral pediatricians within managed behavioral health care organizations, 28818
test-ordering patterns in clinic/emergency departments, children with acute abdominal pain, pediatricians, 31805
Pediatrics—Serials
anxiety level, parents of children with fever in pediatric emergency services, 22062
assessment & causes & phototherapy treatment & clinical implications of seasonal affective disorder, psychiatric nurses & children & adolescents, 17865
assessment protocol for pediatric psychiatric pretransplant evaluations, 35107
attitudes & knowledge about home schooling & provision of preventive services, pediatricians in states with high vs low rates of home schooling, 35131
barriers to & promise of collaboration in pediatric primary care settings, psychologists & pediatricians, 38496
behavioral treatments for recurrent pediatric headache, 18792
behavioral treatments for recurrent pediatric headache, commentary, 18795
behavioral treatments for recurrent pediatric headache, commentary, 18799
behavioral treatments for recurrent pediatric headache, commentary, 18801
brief video cartoon or short story distraction techniques involving parents, distress during repeated medical procedures, 2.4–4.5 yr olds with cancer, 35100
changes in development & doctor–patient relationship & usefulness of SHADSSS as psychosocial functioning assessment, pediatricians & adolescent patients, 9100
child & maternal & family functioning & sociodemographic factors & health care utilization, prediction of unintentional child injury, 5–11 yr olds seen in pediatric primary care, 1 yr follow-up, 37739
clinical management of child neglect in pediatric settings, 25389
cognitive-behavioral interventions in pediatric cancer & asthma & diabetes mellitus, 8795
current status & future directions for collaboration in pediatric primary care settings, psychologists & pediatricians, 38503
depression & pediatric chronic illness, interpersonal attraction & rejection, graduate students, 4754
developmental psychopathology framework & biopsychosocial model of disease approach to primary care treatment of patients with psychiatric & pediatric comorbidity, 35192
diathesis-stress models & depression in pediatric chronic illness, 11356
dissemination of educational protocol for pediatric asthma, family physicians, 18490
effecacy of cognitive–behavioral therapy for procedure-related pain, commentary, 18798
efficacy of cognitive–behavior therapy for procedure-related pain, commentary, 18787
efficacy of cognitive–behavior therapy for procedure-related pain, pediatric patients, 18802
efficacy of cognitive–behavioral therapy for procedure-related pain, commentary, 18788
emotional distress & depression, 4–12 yr old hospitalized pediatric patients, 5236
ethical & pragmatic issues in use of psychotropic agents in young children, 5640
evaluation & development of treatment services, pediatric disability team, 15405
evaluation of family-oriented care & counseling by children's hospital transport team paramedics, parents & paramedics, 25495
evaluation of pediatrics residency curriculum program on well-child care, medical interns, 22324
experience & perceptions of health care providers, parents of 1–16 yr olds undergoing lung transplants, 22070
historical development of the Comprehensive Pediatric Care Unit at the Lucile Salter Packard Children's Hosp, implications for pediatric psychiatry, 35180
inpatient intervention program to manage poor adherence to medical regimens in children & adolescents, 35271
interaction of pain likelihood & responses to comfort measures & consolability in model for assessment of infant pain, pediatric nurses, 9932
internal consistency & temporal stability & principal components of Anger Expression & Pediatric Anger Expression Scales, 10–20 yr olds with family history of cardiovascular disease, 1-yr follow up, 36017
pediatric psychology interventions for disease-related pain, children, 18805
pediatric psychology interventions for disease-related pain, children, commentary, 18796
pediatric psychology interventions for disease-related pain, children, commentary, 18800
pediatric psychology interventions for disease-related pain, children, commentary, 18804
pediatric psychopharmacology & interaction between drugs & developing brain, 5605
Pediatric Symptom Checklist, screening for psychosocial dysfunction risk & parent characteristics & diagnosis & child psychiatric history, 5–18 yr old children of psychiatric patients, 13058
pediatrician psychotherapeutic roles in child mental health promotion, 8850
perceived efficacy of behavior therapy techniques for treating child behavior problems, pediatricians, implications for consultant role for behavior therapists, 15188
perception of met needs, parents of 2–12 yr olds in pediatric units of hospitals, 38560
predictors of parent–child reading, 16–72 yr old low income caregivers & 12–66 mo old pediatric patients, 5199
socioemotional orientation & encouragement & clinical experiences, intention to practice primary care, pediatric residents, 32109
stability in occurrence & correlates of disruptive & emotional disorders, 2–5 yr olds enrolled in pediatric practices, 42–48 mo study, 37277
STARBRIGHT WORLD, perceptions of pain intensity & pain aversiveness & anxiety, 9–19 yr old hospitalized children, 22129
status of treatments in pediatric psychology for recurrent abdominal pain, 18794
status of treatments in pediatric psychology for recurrent abdominal pain, commentary, 18806
theories & research in explanation of illness, pediatric patients, implications for health practitioners, 22073
transition from pediatric to adult health care, 17–33 yr olds with special health care needs, 24920
type of mental health referrals & use of Medical Crisis Counseling intervention model, pediatric intensive care unit patients & families, 35070
use of Diagnostic & Statistical Manual for Primary Care, Child & Adolescent Version for recognition & management of behavioral & developmental problems, pediatricians & psychologists, 37223
volume & cost of medications used for pediatric HIV & AIDS infections, 1991–1992, US, 9117
Pediatrics—Books
Adherence to pediatric medical regimens, 25288
Pediatrics—Chapters
Focus chapter: **Research methods in pediatric psychology, 12301**
Hypnosis and pediatrics, 37984
Interethnic psychopharmacologic research in children and adolescents, 28523
Pedophilia—Serials
application of revision version of Child Identification Scale, measurement of emotional congruence, male homo- & heterosexual pedophiles & incest offenders & sexual offenders against women, 9850
childhood history of sexual abuse, 38-yr-old recidivist pedophile, 21242
cognitive distortion & implicit theories about victims & world, child molesters, 30859
cultural myths & psychological processes in minimization or denial of female-perpetrated child sexual abuse, 18106
development & validity of a combined objective ephebophile scale, male Catholic priests in treatment for sexual vs non-sexual psychiatric disorders, 35927
development of Child Molester Empathy Measure, nonfamilial child molesters, 9833
how pedophiles who use the Internet account for their deviance, 17987
intellectual functioning & maternal age & sexual orientation, male pedophiles, 24557
model & pattern of sexual politics including feminism & homosexuality & pedophilia, 20681
motivated self-deception in cognitive distortions from normal cognitive processes, child molesters, 37614
pathways in offending process of extra familial sexual-child molesters, 21–70 yr old males, 21373
pedophilic interest & sexual preferences, biological vs other incest offenders, 21375
prevalence of DSM-IV axis I and II psychiatric disorder comorbidity, male pedophilic sex offenders (mean age 37 yrs), implications for recidivism, 21374
prevalence of specific psychiatric disorders, 13–17 yr old males who have sexually molested other children, 14665
relationship between social self-esteem & prediction of coping styles, child molesters vs non-sex offenders (mean age 44.1 and 33.9 yrs, respectively), 37603
Peer Counseling—Serials
Bay Area Young Positives model of peer service to youth with HIV/AIDS, 5818
benefits & limitations of hiring consumers as mental health providers, 32–53 yr old peer support specialists who were consumers, 2576
community outreach & health & support & peer counseling service model used by Greater Bridgeport Adolescent Pregnancy Program, inner-city minority 13–27 yr olds with or at risk for HIV, 5833
descriptive analysis of community-based HIV/STD risk reduction peer-education program, high-risk primarily welfare-dependent Black females, 28631
empirical support for peer mediation, 12745
health quality of life & response shifts, 24–64 yr old peer telephone supporters vs supported adults with multiple sclerosis, 28203
model of collective peer-youth & professional services targeted for adolescents with or at high-risk for HIV/AIDS, 5710
model of health services & peer support & education & training used by Health Initiatives for Youth, youth with or at risk for HIV, 5819
model of HIV health & mental health & peer support services provided by Indiana Youth Access Project, gay & lesbian & bisexual youth, 5858
one-on-one peer support program, program satisfaction & quality of life, 21–65+ yr old female breast cancer patients, 2455
outreach & peer support & health services in integrated care model used by Children's Hospital Los Angeles program, youth with & at high risk for HIV, 5847
participation in peer mediation program, self esteem & empathy & perspectives taking & cognitive abilities & mediation performance, 3rd & 5th & 7th & 8th graders, 6495
peer counselor support during 1st 3 mo postpartum, breast feeding duration & exclusivity, low income 15–36 yr old females, 8982

peer interventions, improved self-concepts & attitudes & school attendance & grades & reduced discipline referrals, 6th grade students with problem behaviors, 38928
practice patterns, consumer vs non-consumer staffed Assertive Community Treatment teams , 25452
prevention & peer counseling & outreach & education service model used by YouthCare, youth with or at high risk for HIV, 5853
primary medical care & peer counseling & discharge planning, recidivism, female prisoners at high risk for HIV infection & reincarceration, 1 yr study, 25572
reciprocal peer coaching, change in conduct of student pair activities & social interaction, kindergarten teachers , 38802

Peer Counseling—Books

Addiction and pregnancy: Empowering recovery through peer counseling, 2702

Peer Counseling—Chapters

How did the SISTERS program work and what was its impact?, 2711
Implementing culturally competent evaluation, 2706
The milieu of clients and providers: A case study, 2712
SISTERS: A social learning model of intervention, 2710

Peer Evaluation—Serials

confirmatory factor analysis of reliability & validity & structure of multiple evaluations of grant proposals by independent assessors, 16408
effects & timing of developmental peer appraisals, relationships & task focus in self-managing work groups, undergraduate vs graduate college students, 11112
factors influencing variations between judges & judgments & congruence in multivariate judgments of job performance, middle managers in business organizations vs peers, 38967
internal working models of self & others & peer perceptions of caregiving & supportive behavior & reciprocity between perceptions of & by others & attachment style, 10–12th graders at boarding school, 2954
judgments about hypothetical behaviors of friends vs unfamiliar peers with good vs neutral intentions & good vs bad outcomes, male vs female 6–8 yr olds vs 9–11 yr olds vs 13–16 yr olds, 30227
male vs female vs mixed gender group & party vs physique-salient scenario, group dynamics & social anxiety about peer evaluation & impression formation, female undergraduates, 20851
model for & characteristics of semiannual multidisciplinary peer review & supervision, behavioral health clinicians, 32101
ombudsperson vs peer third-party expertise & integrative vs compromise vs unintegrative recommendations, organizational disputants' offers & perceptions of mediator, college students, 38945
peer perceived vs sociometric popularity, 4th–5th graders, implications for predictive utility of classification type, 20580
peer ratings vs peer nominations during training as predictors of performance criteria, 18 & 19 yr old female soldiers, 32353
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, 5994
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, commentary, 5992
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, commentary, 5993
peer vs teacher vs self-perceptions, assessment of aggression & withdrawal, elementary school students (mean age 10 yrs 4 mo), 6253
perceived purpose & recipient & rater outcomes & demographics & rating experience & voice, acceptance of peer rating system, nurses in dual role of recipient & rater, 12807
relation between internal knowledge structures of peers & development of externalizing behavior problems, 1st–3rd graders, 9 yr study, 20430
self- & peer-evaluated self-esteem & defensive egotism & social behavior including bullying situations, 14–15 yr olds, 33672
Swedish as 2nd language instruction & peer evaluation of social competence, immigrant 4th–6th graders, 35537
teacher-assessment of students' interpersonal competence & peer assessments & self-concepts, male vs female 4th & 5th & 6th graders with mild disabilities, 29021
usefulness of performance feedback from patients vs faculty vs peers, medical residents, 15796
within-source interrater reliability of supervisor vs peer vs subordinate 360-degree feedback ratings made for managerial development, managers, 6676

Peer Evaluation—Chapters

Guidelines for conducting a suicide review, 8328

Peer Pressure—Serials

conduct disorder & peer pressure, prediction of illicit drug use, boys vs girls aged 12–17, 34339
friendship clique & peer influences, body image & dietary restraint & extreme weight-loss behaviors & binge eating, females (mean age 15.5 yrs), 20595
knowledge of sunlight's harmful effects & attitude toward and frequency of usage of sun-safety devices & perceived peer pressure against vs parental encouragement for sun-safe behavior, sun- safety, 4th–6th graders, 29203
model of influence of personality traits & sensation seeking & peer influence on later drug use & prevention & primary socialization theory, adolescents, 27039
parental involvement & negative peer behaviors & ethnic identity, prediction of attitudes toward fighting, 10–13+ yr old male vs female African Americans vs Latinos vs Latinas, 30214
peer-influence vs peer-selection mechanisms, tobacco & alcohol & marijuana use, 6th & 7th graders, 3 yr study, 33682

Peer Relations [See Also Peer Pressure]—Serials

academic achievement values using peer nomination procedures, Black 6th–8th graders, 9476
actual vs hypothetical problem situation, strategies for managing limited resources, 9.2–13.4 yr olds with vs without learning problems, 8447
adaptation & reliability of Participant Role Scale for distinguishing groups within bullying & victimization process, 7–10 yr olds, 10882
age & shyness & perceived friendship quality & peer support & adjustment related to internalizing problems, 8.4–10.6 yr olds followed since age 4.5 yrs, 27044
aggression & popularity, peer affiliation & social group formation & association patterns, 10–16 yr olds in inner-city schools, implications for students with emotional & behavioral disorders, 35538
antisocial level & friendship quality & deviancy training by delinquent friends, male 13–16 yr olds, 8 yr study, 14034
association of verbal persuasion &/or observation of peer behavior with unclean needle sharing & needle cleaning practices, high-risk for HIV infection injection drug users, 18050
authoritative parentsvs peer influence vs sensation seeking, drug use, African American vs European American vs Chinese 7th vs 9th vs 11th graders, 14751
behavior problems & peer preference, 1st graders, test of person–group similarity vs social-skill predictive models, 15986
behavioral consultation services to teacher, effectiveness of social skills program, Head Start preschool teachers & their students, 32185
characteristics of friends & quality & stability of close friendships, school adjustment, students, 12702
child & classroom characteristics, complex interactions with objects vs peers vs teachers, 39–70 mo old preschool children, 22535
childhood peer relations & early adolescence family characteristics as risk factors for adolescent childbearing, Black 3rd graders who gave birth to first child at 11.9–19 yrs of age, 14029
childhood social & familial & individual risk factors, formation of deviant peer affiliations, 15 yr olds, longitudinal study, 20563
children as agents of socialization by rewarding gender-consistent styles among peers, males vs females, 4478
close peer relationships, career development, 17–22 yr olds, 19385
cognitive ability & high vs low flexibility in thinking, cooperative vs competitive behavior in conflict situation with peer, 7 yr olds, 17320
concepts & practices in enhancement of peer interactions within context of play experiences & development of social competence, children with developmental disabilities, 34423
conceptualization & thoughts regarding peers with visible physical differences & development of stereotypes about physical disability, 18259
concerns over relationships with parents & peers & attitudes toward being alone, 11–17 yr olds, test of focal theory, 17341
constraints for consideration in research on peer socialization, 14009
construct & concurrent validity of modified Penn Interactive Peer Play Scale, 37–64 mo old African American Head Start children, 9512
content & factorial & construct validity & internal consistency & test-retest reliability of Sport Friendship Quality Scale, assessment of quality of youth sport friendships, 8–16 yr olds, 22843
critique of social skills deficit view of anti-social behavior & argument for enhanced social cognition & theory of mind skill use in bullying, commentary, 14658
critique of social skills deficit view of anti-social behavior & argument for enhanced social cognition & theory of mind skill use in bullying, commentary reply, 14707
critique of social skills deficit view of anti-social behavior & argument for enhanced social cognition & theory of mind skill use in bullying, 14708
demographic & behavioral & psychosocial correlates of bullying behavior, male vs female middle school students, implications for targeting youth at risk for bullying, 32279
demographic & family & peer & school factors, narcotics use, 7–12th graders, 11650
depressive & positive patterns of interactions among clinical vs nonclinical adolescent peers , 37312
development & implementation & evaluation of volunteer peer support program, females previously treated for breast cancer, 18789
developmental differences in peer relations in first 3 yrs of life, 23755
developmental model of antisocial behavior & parental & peer influences on problem behaviors, adolescents, 3 yr study, 13991
dieting status & dietary restraint & autonomy & self-efficacy & family functioning & peer & parental influence in sociopsychological model of initiation of dieting, 11–16 females, 12285
early behavior problems, later victimization in peer group, 5 & 6 yr olds, 3 yr study, 27076
education vs facilitated peer discussion based vs combination group interventions, mental & physical functioning, 27–75 yr old females with stage I-III breast cancer, 8 mo study, 18790
emotional reaction associated with bullying incident, primary & secondary school age bullies & victims, 9505
emotional self-regulation & attentional control & peer social competence, 3.82–5.67 yr olds from low income families in Head Start, 23781
environmental arrangements vs child specific vs peer mediated vs comprehensive intervention strategies, promotion of peer-related social competence, preschool age children with disabilities, 29030
experiences & activities & peer & adult interactions & social behavior in inclusive preschool programs, 3–5 yr olds with vs without disabilities, 38885
experiences & perceptions during training for a peer mediation program, elementary school students, 38798
familial & peer & societal collectivism, college students, US vs Russia vs Estonia, 17580
family dynamics, family imagery & peer relations, 4-yr-olds, 23775
family sociodemographic characteristics & social-emotional adjustment as risk factors in outcomes of preventive intervention, parenting behavior & adolescent peer refusal, families, 2536
frequency of childhood emotional & physical & sexual abuse & childhood bully victimization by peers & current psychological distress, college freshmen, 11520
friendship development & peer acceptance, emotional regulation & social-emotional behavior with others, 3–5 yr olds, 23791
friendships & perceived intimacy within peer relations & social support, misconduct & petty crime, 13–18 yr olds, 21367
gender & power & relationships in peer sexual harassment, adolescent victims & perpetrators, 21236
goals & strategies in friendship conflict as predictive of friendship adjustment & role of peer acceptance, male vs female 4th & 5th graders, 7539
high vs low parental conflict & married/never divorced vs divorced/not remarried, children's well-being & internalizing & externalizing behavior & peer relations, 10–17 yr old males vs females, 978
individual behavioral reactions to modifications of play area, interaction with peers & group, 21–37 mo olds, 23772
individual differences in regulatory control & emotionality & social competence in peer interactions, preschoolers, 17335
individual differences in social understanding & language abilities & temperament & behavioral adjustment & family background & quality of interaction with close friends, 4 yr olds, 27041
interaction with peers & caregivers & environment in preschool setting, 3–5 yr olds with developmental delays, 38892
intrusive & demanding parenting behaviors & parent–child relationship closeness & peer victimization, kindergartners & their parents, 1144
investment in peers, 6–9 yr old females vs males, 901
loneliness & social dissatisfaction & relation with self-efficacy for peer interaction, 9–11 yr olds, 27046
mentoring program, peer relationships, 10–15 yr olds in foster care, 22187

model of peer experiences & self-system processes in predicting change in academic achievement, elementary school students, 12686
mother–child relations & peer victimization, 9.4–14.3 yr olds , 918
negative peer behavior & time spent without adult & parental behavior & adolescent resources, psychological adjustment & well-being & school grades, 10-17 yr olds & their parents, 20619
neighborhood & family & school & peer & demographic risk factors for adolescent gang membership, 5th grade students, 8 yr study, 27911
orientation to family vs peer vs nonfamily adult social network, adolescents & young adults, 4464
parent's gender role attitudes & sex composition of sibling dyad, sex-typing of child functioning, firstborn (mean age 10.4 yrs) vs secondborn (mean age 7.7 yrs) siblings & their peers & parents, 26941
parental & peer smoking & drinking & similarity, smoking & drinking over time, adolescents (mean age 12.4 yrs), 5 yr study, 10841
parental availability & child dependence as measures of maternal vs paternal attachment security, peer relations, 9–11 vs 12–14 yr olds, 14022
parental characteristics & peer relations, 11–16 yr olds, 27071
parental monitoring vs time spent unsupervised with peers vs time spent home alone after school, aggression & delinquency & substance use & peer pressure, 6th & 7th graders, 17338
parental prototypes about adolescent drinking & parent–child relationship vs adolescent's association with alcohol-drinking peers, alcohol consumption, 15–17 yr olds, 3 yr study, 18045
parental warmth–involvement & deviant-peer affiliations & risk-taking & academic competence in social contextual model of late-adolescent pregnancy, adolescents & their parents & siblings, 7 yr study , 964
parenting stress & instructional strategies for promoting peer relations, low income African American mothers (aged 19–45 yrs) of 2–3.5 yr old children, 36975
peer & academic variables & family conflict in adolescence, use of alcohol with vs without tobacco with vs without marijuana with vs without other drugs, male vs female 7–9 yr olds, 7 yr follow up, 18053
peer & parent & school influences, trends in substance use, 7th–12th graders, 30912
peer acceptance & friendship adjustment & social behavior, moral reasoning, 10–13 yr old males vs females, 20606
peer acceptance & perceived support from peers & family cohesion, prosocial behavior, 6th graders, 14051
peer acceptance & reciprocal friendship, 6–10 yr old children with specific language impairment, 11762
peer attachment & association with Chinese &/vs delinquent friends, delinquent behavior, Chinese-Canadian adolescents, 1840
peer group interventions, developmental processes & problem behaviors & delinquency, high risk youth, 31542
peer group training of pragmatic skills, 14–17 yr olds with pragmatic deficits secondary to acquired brain injury, 6-mo follow-up, 9279
peer influences, smoking onset vs continuous abstinence, adolescent siblings (mean age 12.8 yrs), 14755
peer interactions & cognitive outcomes during college, students, 3 yr study, 12697
peer rejection & aggression in 3rd grade, prediction of severity & type of delinquency in 6th & 8th & 10th grades, urban African American youths, 34409
peer rejection & aggression, prediction of externalizing & internalizing adolescent disorders, 3rd graders, 7 yr study, erratum, 5011
peer social interaction skills & theory of mind, 3.8–6.9 yr olds, 10889
peer support groups, persons with severe mental illness, 25432
peer victimization & physical & mental health, early vs late secondary school students, 4 yr study, 19337
peer-assessed problem behaviors & social network prominence, 4th–6th graders with vs without disabilities, 29022
peer-mediated procedures for use in inclusion of children with special needs in preschool education, 29025
peer/social vs coping drinking motives & age & sex & alcohol misuse, Black vs White 13–16 yr olds, 5 yr longitudinal study, 27840
perceived change in parental & peer attitudes toward underage drinking associated with raising of legal drinking age, youthful alcohol use & drinking & driving, 16–24 yr olds, 7560
perceived power of self vs friends vs parents, competitiveness of style of interaction with friends, 6–10 yr olds, 20551
perceived relationship with older sibling in context of parent & peer relationships & association with perceived emotional & school-related support, 11th graders, 967
perceptions of importance of communication skills when talking with teachers vs peers, male vs female 10th graders, 14038
personal & interpersonal difficulties as antecedents &/or consequences of victimization by peers, 3rd–7th graders, 1 yr followup, 15971
personality construct & goal instability & peer affiliation & teacher support, quality of learning experiences & academic outcomes, 19–55 yr old distance learners, 12691
physical attractiveness & peer relations & stereotype incongruent behavior, male adolescent delinquents, 18116
playground design, play behaviors & peer relationships, 2nd graders with high vs low physical competence, 20546
positive peer reporting applied to social rejection through use of Level 2 research, 15 yr old boy with multiple behavior & social problems living in group home, 25100
predictability of peer problems based on IQ & neurological severity & visibility & parent- & teacher-rated adjustment, 6–8 yr olds with hemiplegia in mainstream education, 3 yr follow up, 18448
presence & perceived qualities of best friend as moderators of behavioral antecedents & outcomes of peer victimization, 4th & 5th graders, 9517
prevalence & impact of peer sexual harassment in schools, implications for prevention, 27790
prevalence & nature of bullying in classroom interactions, 6–12 yr olds, 9502
primary socialization theory & model of influence of family processes on affiliation with deviant peers & later deviant behavior, runaway adolescents, implications for family-based prevention programs, 27828
psychosocial rehabilitation interventions featuring morality & peer & group & guided interaction, acting out behavior, juvenile delinquents in residential settings, 38643
reciprocal peer coaching, change in conduct of student pair activities & social interaction, kindergarten teachers , 38802
relation between teacher-reported peer relationship problems & psychosocial adjustment in late adolescence, 9 yr olds, 9 yr study, 14054
relational & physical forms of peer victimization, 3–5-yr-olds, 11513
relationship between loneliness & peer relations & language disorder, children, 11758
relationship between perceived social support from parents vs peers, 14–16 yr olds, 17384
relationship of acculturation & peer relations to juvenile delinquency, 10–20 yr olds of Chinese descent, 17475
reliability & validity of Assessment of Interpersonal Relations, identification of relationship difficulties with parents & peers & teachers of 9–19 yr olds, 29328
reliability & validity of attitude scale, attitudes toward physician–nurse professional collaboration, medical vs nursing students, 22921
risk taking & peer influences & other individual/group & family characteristics & alcohol availability & use, adolescent public school students, 1992, 1810
role of aggression & other dysregulated behaviors in prediction of peer problems & antisocial behaviors, 3–6 grade boys, 4 yr followup, 11555
school bullying & victimization & aggressive victimization & peer affiliation, 5th graders, 28996
school environment & teacher & peer support, tobacco & alcohol use & physical activity & dental hygiene & nutritional intake & seat belt & bicycle helmet use, primary through high school students, 38874
self perceived vs actual peer acceptance in childhood, as predictors of major depression in adolescence, 4th–5th graders, 14489
self- & peer-evaluated self-esteem & defensive egotism & social behavior including bullying situations, 14–15 yr olds, 33672
self-conceptualizations & self-discrepancies about own appearance in relation to peer evaluations of social behaviors, 4th–6th graders, 15963
sex & family type, associations among family relationships & antisocial peers & externalizing behaviors, male vs female 10–18 yr olds, 37477
sex differences & attitudes & emotional responses to negative evaluative feedback from mothers vs fathers vs same vs opposite sex peers, college students, 4659
short-term career-related & psychosocial mentoring in academic setting by experienced peers & multiple aspects of socialization & stress, MBA students, 22561
situated dynamics of peer group interaction & learning, 12 yr old primary school students, 25794
social & interactional skills & self perception & loneliness & peer relations, children with specific language impairment, 11760
social cognition & ratings of bulliers vs followers vs victims, 7–10 yr olds, 33678
social comparison of self & reciprocating friends, academic self concept & self evaluation, 6-10 yr old French Canadians, 32258
social competence & continuity in peer relations, 9 yr olds, 8 yr study, 931
social desirability & perception of own vs others' willingness to share activities with handicapped vs ambulatory peer, 3rd–6th graders, 7532
social networks & supports & peer/family drug use & other psychosocial factors, substance use, Anglo vs Native American vs Hispanic 11–15 yr olds, 21327
social sensitivity & peer conflict, 3.1–6.9 yr olds playing in dyads with 'same' vs 'change' partner, 14040
sociocultural approach on social construction of science lessons & interactions with peers & teachers, females in 8th vs 9th grade, 6244
sociocultural influences, experience of inclusion & rejection in peer culture in inclusive preschool programs, 4.3–5.6 yr olds with significant disabilities, 34049
supportive peer & customer relationship, employment empowerment, service workers, 12837
susceptibility to peer influence to misbehave & perceived exposure to alcohol use & abuse by peers, alcohol overindulgence, 6th–8th graders, 3 yr study , 14759
teacher–student relations & friends & friendship quality & stability, adjustment to junior high school, new 7th graders, 2 yr study, 15959
trends in empirical studies & research agendas of peer relationships & social competence, children, 1970s–1990s, 14018
unsupervised peer contact in after-school hours as risk factor, development of externalizing problems, 12–13 yr olds, 7 yr study, 24453
working alone vs alongside 1 other peer vs within a group of 6, performance on cognitive tasks, 9–14 yr olds with emotional & behavioral difficulties , 19345

Peer Relations [See Also Peer Pressure]—Books

The nature of school bullying: A cross-national perspective, 19342

Peer Relations [See Also Peer Pressure]—Chapters

Bootstrapping through the cultural comparison minefield: Childhood social status and friendship in the United States and Indonesia, 14064
The child with attention-deficit/hyperactivity disorder in school and peer settings, 24491
Conflict and averted conflict in preschoolers' interactions with siblings and friends, 14062
Contemporary cognitive approaches to studying clinical problems, 1436
Deeper issues in collaboration: Avoiding pitfalls and managing internal boundaries, 35386
Designing collaborative contexts: Lessons from three research programs, 19286
Friends and lovers: The role of peer relationships in adolescent romantic relationships, 14065
Friends' influence on children's adjustment to school, 15990
Implications of Piagetian theory for peer learning, 19318
Learning conflict management through peer mediation, 28954
Measuring the peer environment of American adolescents, 14060
One social world: The integrated development of parent–child and peer relationships, 14075
The others in my I: Adolescent girls' friendships and peer relations, 20631
Peer relationships and children's understanding of peace and war: A sociocultural perspective, 26963
Peer relationships in childhood, 17398
Processes and consequences of peer collaboration: A Vygotskian analysis, 7585
A representational system for peer crowds, 12718
The role of the teacher in promoting cognitive processing during collaborative learning, 19282
Romantic relationships in adolescence: The role of friends and peers in their emergence and development, 36844
School-based peer therapy to facilitate mourning in latency-age children following sudden parental death: Cases of Joan, age 10 1/2, and Roberta, age 9 1/2, with follow-up 8 years later, 35581
Siblings, friends, and the development of social understanding, 14063
Social relationships across contexts: Family–peer linkages, 14072
What infants' imitations communicate: With mothers, with fathers and with peers, 17229
''You're going out with who?'': Peer group influences on adolescent romantic relationships, 36840

Peer Review [See Peer Evaluation]

Peer Tutoring—Serials

active vs passive peer tutoring vs teacher-mediated instruction, spelling performance, Black 1st graders at risk for school failure, 6153
classwide peer tutoring with vs without reinforcement, spelling performance & intrinsic interest in science, secondary school students, 32281
cross-age peer-tutoring social skills program, social skills, 6th grade & kindergarten students, 15868

effects of classwide peer tutoring, 8–10 yr olds with mild mental retardation & typical peers in inclusive classroom setting, 28941
peer support vs adult involvement, active engagement & social interaction frequency & duration, 13–15 yr olds without disabilities paired with 12–15 yr olds with moderate to severe disabilities , 9558
peer-assisted learning strategies, literacy development & beliefs about reading, junior high school students in remedial & special education with reading difficulties, 35545
peer-assisted tutoring & learning strategies for preventing reading failure, 1st grade readers, 15884
Peer Tutoring—Chapters
Developing productive group interaction in middle school mathematics, 19323
Discourse patterns for mediating peer learning, 19281
A fish called peer learning: Searching for common themes, 19279
Implications of Vygotsky's theory for peer learning, 19319
Peers—Serials
age & friends' aggressiveness & prosociality, social cognitions, 1st–6th graders, 13995
child & family & peer antecedents of & progression toward patterned alcohol & tobacco & marijuana use, childhood risk structure model,11–16 yr old males 1st studied at 9–10 yrs, 18038
commonly cited theories concerning peer education in health promotion, 22108
correction of peers' attitudes toward drinking, alcohol use, college students, 9057
dyadic & group friendship relationship qualities & best friend & own antisocial behavior, 12–13 yr olds, 36809
evaluation of peer-led minimal intervention vs structured exercise program, functional capacity, 60–86 yr old women, 12366
family & peer correlates of behavioral self regulation, 10–12 yr old males at risk for substance abuse & their fathers, 21303
group membership & service use behavior, homeless clients, 35238
judgments of contentment & perceived comparison with peers, college students & 12th graders, 17607
mother–child interactions & beliefs about familiar vs unfamiliar peers, prediction of social acceptance & aggression, 7–9 yr old males & their mothers, 2 yr study, 20583
own & named peer's sensation seeking tendency & alcohol & marijuana use, 8th graders, 34350
peer & sibling bullying, psychological difficulties, children (mean age 13.35 yrs), 30813
peer education AIDS prevention program, condom use, female sex workers & male potential clients, 35154
peer network vs teacher vs outgroup mandated behavior contingencies, classroom engagement & motivation, 5th graders, 15985
peer support group, self-esteem & depression & problem behavior & self-beliefs on coping abilities, parentally-bereaved 10–12.8 yr old middle school students, 25267
perceptions of peer group characteristics, 11–13 yr olds, 913
performance & satisfaction in conducting highly structured peer interviews for determining treatment goals & current functioning, adults with serious mental illness, 21038
rationale & critical dimensions & techniques for using peer micronorms & technical adequacy considerations, early childhood special education classrooms, 29015
smoking by family members & friends, uptake of regular smoking, 15 yr olds, 8-yr study, 36831
Peers—Chapters
Peer influences on cognitive development: Piagetian and Vygotskian perspectives, 7486
Pellagra—Serials
isoniazid-induced pellagra, 63 yr old male with N-acetyltransferase genotype, 18270
Pemoline—Serials
bilateral cortical aspirations, pemoline induced self biting behavior, prepubertal male rats, animal model of self injury, 13531
high dosages pemoline, 19–60 yr olds with attention deficit hyperactivity disorder, 21977
Penguins—Serials
fair vs cloudy weather conditions, swimming behavior, captive African penguins, 10334
Penicillins—Serials
penicillin prophylaxis, neuropsychiatric exacerbations, 5.2–15.9 yr olds with pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections, 25307
Penis—Serials
sexual orientation & penile size, 18+ yr old homosexual vs heterosexual males, 23923
Penitentiaries [See Prisons]
Penology—Serials
current work advocating rehabilitative treatment concept for delinquents & criminals, 22294
susceptibility to prisoner claims of Eighth Amendment mental suffering & cruel/unusual punishment, boot camp prison & shock incarceration programs , 22787
Pension Plans (Employee) [See Employee Pension Plans]
Pentazocine—Serials
subjective & psychomotor & physiological effects of pentazocine vs morphine, 21–39 yr olds, 4304
Pentobarbital—Serials
benzodiazepine receptor ligand U-78875, discrimination of lorazepam vs diazepam vs pentobarbital, rats vs baboons, 23485
concurrent FR FR schedule, pentobarbital discrimination, pigeons, 33448
d-amphetamine vs sodium pentobarbital vs diazepam vs beta-carboline, electric-stimulus-induced alertness & emotionality measured by activity level & electric organ discharge, Gymnatus carapo, 13707
decerebration vs frontal pole lesion vs pentobarbital anesthesia, hyperalgesia & fear-induced freezing, male rats, 13555
diazepam binding inhibitor & fragment octadecaneuropeptide, pentobarbital-induced sleep, group housed vs socially isolated male mice, 17034
immobilization stress & carbon dioxide asphyxiation vs pentobarbital sodium injection, skin mast cell degranulation, male rats , 33354
increased specificity of ethanol's discriminative stimulus effects in ethanol vs pentobarbital vs water discrimination task, male rats, 23491
methamphetamine vs morphine vs phencyclidine vs pentobarbital, VI VI schedule performance, male pigeons, 7228
naltrexone, acute performance impairing & physiological effects of ethanol or pentobarbital, 19–50 yrs, 26840
peripheral-type benzodiazepine receptor agonists & antagonists & dose & social isolation stress, pentobarbital- induced sleep, isolated vs group-housed mice, 36551
reinforcing & discriminative stimulus effects of pregnanolone vs Co 8-7071, rhesus monkeys trained to self-administer methohexital vs pentobarbital, 33476
role of brain allopregnanolone content in regulation of pentobarbital-induced righting reflex loss, socially isolated & group-housed mice, 30029
Pentylenetetrazol—Serials
acute vs chronic ethanol, withdrawal & dependence & motor behaviors, pentylenetetrazol-kindled male rats, 36546
pentylenetetrazol-induced seizures, cell suffering &/or cell death, 10 day old rats, 10638
Pentylenetetrazole [See Pentylenetetrazol]
Peoples Republic of China [See Also Tibet]—Serials
age-related developmental differences in performance on Piagetian water-level task & relation to educational quality, 4th vs 5th vs 6th vs 8th vs 11th graders, China, 30178
attitudes toward mentally ill persons, psychiatric doctors vs nurses, China, implications for validity of Chinese version of Community Attitudes Towards the Mentally Ill questionnaire, 19187
biographical & historical material & contributions to organizational & educational psychology, Chen Li, China, 7
characteristics & physical & psychological health symptoms, caregivers of Alzheimer's disease patients, China vs US, 2071
characteristics of institutions of social control in prereform era & changes brought about by economic reform, crime rate, China, application of control theory, 24559
content of General Social Survey discussion network name generator in a Chinese context, 4757
critical examination of biopsychosocial paradigm of travelling psychosis, migrant workers, Peoples Republic of China, 1602
cultural similarities & differences in group work, ''learning through discussion'' task groups, US vs China, 11108
demographic characteristics & pattern of illegal drug use, 16–47 yr olds in drug cessation programs, China, 19094
differences in knowledge representation & interface structure of information system, 18–25 yr old Chinese vs American users, implications for design of computer interfaces, 19462
education of public regarding legal processes & laws, perceptions of legitimacy of official criminal sanctions, 15–25 yr old offenders, China, 32077
effects of gradual withdrawal of antiparkinsonian medication, clinically stable patients with chronic schizophrenia, China, 18750
efficacy of government implemented drug detoxification & rehabilitation plan, drug abusers, Peoples Republic of China, 32054
family values & coresidence with married children in urban environments, 60+ yrs old parents, Peoples Republic of China, 30319
features of social support networks, Chinese working mothers, Peoples Republic of China, 27155
frequency of wars, Western civilizations during 1600–1945 vs Imperial China during 206 BC–1911 AD, 4550
gender & place of residence & symptoms & use of sex trade, treatment delay & reliance on private physicians, under 20 to over 40 yr old clients with sexually transmitted diseases, China, 25385
historical & contemporary cultural context of Chinese psychology & its commonalities with Daoism & Confucianism & opportunities for collaboration with western humanistic psychology, 16290
modernization & problems in teacher education in China, 15847
peer evaluation of social functioning as predictors of psychosocial development & social & school adjustment & achievement & self-concept, 8 & 10 yr olds, 4 yr study, China, 17325
physical distance, frequency of social interactions, 16–69 yr old college students & citizens, US vs China, commentary, 27292
prevalence of depression, 13–22 yr old male vs female adolescents, Peoples Republic of China, 11368
prevalence of major depression & depressive mood, elderly, People's Republic of China, 37308
sex & levels & determinants of job satisfaction, 16–65 yr old employed persons, China, erratum , 3088
treatment of drug addiction & HIV risk behaviors, 16–42 yr old drug addicts, Peoples Republic of China, 8550
validity of 3-factor factor structure of individual values based on socialist vs capitalist vs feudalist mode of production, college students, Hong Kong vs mainland China, 20897
Peoples Republic of China [See Also Tibet]—Chapters
Developing joint venture leadership teams, 32372
Drug treatment and public security in the People's Republic of China, 5975
The moral component of effective leadership: The Chinese case, 32369
Self-organization and social organization: U.S. and Chinese constructions, 11180
Peptic Ulcers [See Gastrointestinal Ulcers]
Peptides [See Also Angiotensin, Bombesin, Cholecystokinin, Corticotropin Releasing Factor, Endogenous Opiates, Melanocyte Stimulating Hormone, Nerve Growth Factor, Neurokinins, Neurotensin, Somatostatin, Substance P]—Serials
ability of orphanin FQ/nociceptin to block development of morphine-induced conditioned place preference, male rats, 30036
acute & prolonged restraint stress, 5-HT-moduline in cortex & hippocampus & hypothalamus & striatium & substantia nigra & adrenal glands, male rats, 23294
acute vs chronic chlorpromazine & haloperidol & sulpiride, neuropeptide Y-like immunoreactivity in nucleus accumbens, male rats, 13794
administration of antalarmin for 1 vs 8 wks, hypothalamic pituitary adrenal function & response to stress as measured with ACTH & corticosterone concentrations, animals, 26701
adrenal medullar peptide analog Ser-super-1-histogranin, NMDA-induced spinal hypersensitivity & thermal & mechanical hyperalgesia & tactile allodynia, male rats, CNS pain management implications, 10585
alcohol withdrawal, blood glucose & serum insulin & C-peptide & plasma, 34–52 yr old male alcoholics, 14748
alterations in hippocampal microtubule-associated protein-2 during consolidation of contextual memory, rats, 13600
aminosenktide, conditioned taste aversion & conditioned place preference & blood alcohol levels in relation to ethanol intake, alcohol-preferring male rats, 642
amylin & calcitonin gene-related peptide & CGRP (8–37) fragment, copulatory activity, male rats, 33379
amylin &/vs cholecystokinin, inhibition of food intake, male mice, 4104
analgesic effect of Diprotin A vs morphiceptin vs endomorphin 1, guinea pig ileum & mouse vas deferens, 10653
analgesic role of nociceptin/orphanin FQ opioid peptide in CNS functioning, 4278
area of brain activation of gonadal steroids & pro-opiomelanocortin peptides & beta-endorphin & alpha-melanocyte stimulating hormones & sexual behavior & receptivity, female rats, 603
arginine vasotocin, calling behavior & competitive ability, male gray treefrog, 587
arginine vasotocin, calling behavior, male frogs, 7175
articular nociception of endothelin-1 or sarafotoxin or carrageenan or E. coli lipopolysaccharide, naive vs previously inflamed knee-joints, rats, 651
bland vs highly palatable diet in hypothalamic arcuate nucleus gene expression for neuropeptide Y, male rats, 4181

bombesin-like peptide receptors neuromedin B or gastrin-releasing peptide, thermoregulation & smooth muscle contraction & feeding suppression & behavior, mice lacking neuromedin B receptor, 10636
brain hypocretins, regulation of cardiovascular function in ad lib feeding model, male rats, 29847
brain neuropeptide Y1 receptor mediation of behavioral response to novelty & peripheral immunomodulation in blood & spleen, male rats, 765
calcitonin gene-related peptide & trk A immunoreactive nerve fibers in inflamed vs noninflamed temporal arteries, 41–87 yr olds with headache & suspected giant cell arteritis, 14916
Cerebrolysin, neurodegenerative & water maze performance deficits, apolipoprotein E deficient mice, implications for treatment of neurodegenerative disorders, 13780
changes in substance P & calcitonin gene-related peptide binding in dorsal horn of spinal cord after sciatic nerve poisoning with pronase, rats, implications for sensory processing in neuropathic pain, 16918
changes of orphanin FQ immunoreactivity in cerebroventricular perfusate & periaqueductal gray & amygdala, female rats made tolerant to morphine, 20393
chimeric, morphine-induced antinociception & tolerance & antinociception, male mice, 33413
cholecystokinin-tetrapeptide & L-365,260, ultrasound induced defense behavior, male rats, animal model of panic attacks, 33505
colostrinin, spatial learning & incidental memory, male 13 vs 3 mo old rats, 36605
complement proteins & receptors for chemotactic & anaphylactic peptides, neurons & neurodegenerative processes of CNS, 34663
corticotropin releasing hormone & neuropeptide Y plasma levels as indicators of stress system alterations, mood disorder patients with recent suicide attempt (mean age 37 yrs), 17019
corticotropin-releasing factor & arginine vasotocin, territorial behavior, wild male sparrows, 7249
CSF beta peptide concentration & APOE genotype & disease severity, 58–84 yr olds with probable Alzheimer's disease, 11933
CSF neuropeptides & temperament traits, 20–72 yr old suicide attempters, 8256
CSF oxytocin & NPY levels, 20–65 yr olds with obsessive-compulsive disorder, 17927
CSF soluble beta-amyloid peptide levels, 44–88 yr olds with Alzheimer's disease at various disease stage vs mild cognitive impairment vs depression, 21564
cysteamine, retention of bar pressing task, mice, 33412
cytokine & neuropeptide system characteristics during lipopolysaccharide vs muramyl dipeptide induced anorexia during refeeding, acutely fasted rats, 4152
deficit of neuropeptide Y function in amygdala, expression of anxiety, adult male rats, 26601
dehydration vs pair-fed food restriction, body weight & food intake & plasma & hormone concentrations & neuropeptide gene expression, adrenalectomized rats, 26651
delta-sleep-inducing peptides, NMDA-induced convulsions, rats, 7256
deposition of beta-amyloid subtypes 40 and 42 in the differentiation of dementia with Lewy bodies from Alzheimer's disease, postmortem brains, 37870
diazepam binding inhibitor & fragment octadecaneuropeptide, pentobarbital-induced sleep, group housed vs socially isolated male mice, 17034
dynorphin peptide dosages, opioid receptor-mediated serum prolactin, male vs female 25–48 yr olds, 7223
early postnatal derived peptidergic cerebrolysin or its fraction, spatial learning & memory in Morris water maze task, 28 day vs 3 mo vs 16 mo old rats, 13742
ECS, stress responses in forced swim test & prepro-thyrotropin releasing hormone-derived peptides in brain regions, male rats , 13577
effect of chronic fluoxetine &/or ipsapirone on anxiogenic effect of central cholecystokinin administration in social interaction test, male rats, 17111
effect of galanin coadministration on vasopressin-stimulated flank marking & galanin binding sites in brain, male rats, 29996
effects of delta-sleep-inducing peptide vs MK-801 neuropeptide, pain response & posture, male rats with cerebral ischemia, therapeutic implications for stroke patients, 3799
efficacy & safety of posatirelin, motor & intellectual & emotional functions & dementia related behavior change, 65+ yr olds with Alzheimers disease or vascular dementia, 9013
endogenous opioid peptides, social transmission of spontaneous food preferences, female mice, 17070
endomorphin 1 & 2, food intake & anxiety, non-food-deprived male mice, 4094
endothelin-1 applied to epineurial surface of sciatic nerve, pain behavior, male rats, 4132
endothelin-1, behavior, conscious male rats, implications for role of receptor subtypes, 36594
feeding response to neuropeptide Y-related compounds, rats treated with Y5 receptor antisense vs sense phosphothio-oligodeoxynucleotide, 26502
galanin in nucleus accumbens & locus coeruleus, morphine reinforcement in place preference conditioning, female mice, 30070
galanin pretreatment, effects scopolamine vs novel environmental exposure on extracellular acetylcholine release in ventral hippocampus, male rats, 17107
galanin vs galanin antagonist M40, heterosexual partner preference, ferrets, 17086
galanin, EEG measured REM sleep & nocturnal hormone secretion, healthy male 20–30 yr olds, comparison with effects of sleep deprivation on depression, 16977
galanin, forebrain dopaminergic monoamine synthesis & open-field locomotor behavior, male rats, 23306
galanin, nociceptive responses, male rats with mononeuropathy, 13840
high dose right unilateral ECT, vasopressin & prolactin & neuropeptide FF, 29–65 yr old patients with depression, 35041
histochemical distribution of endogenous glucagon-like peptide-1 amide in hippocampus, memory impairment, rats with beta-amyloid protein (1-40) infused into lateral cerebroventricle, 36599
human neuropeptide Y & NPY Y5 receptor agonist, food intake, adult male lean vs obese Zucker rats, 4301
hypothalamic activity of neuropeptide Y system during dietary-induce obesity & BW1229U91 & hyperphagia during positive energy balance, male rats, 33265
icv doses of fragment (25-35) beta-amyloid peptide, movement & investigative activity & short-term memory, rats, animal model of Alzheimer's disease, 432
icv glucagon-like peptide-1 amide, sham feeding & licking, male rats, 4095
injection or infusion of neuropeptide Y in suprachiasmatic nucleus, macronutrient & water intake, male rats, 33493
intra-amygdala galanin, fear & anxiety in punished drinking vs elevated plus-maze test, male rats, implications for regulation of emotion, 33233
intra-basolateral amygdala corticotropin-releasing factor vs cloned related peptide urocortin, anxiety & panic responses, male rats, 13808
intra-periaqueductal gray injection of galanin, nociceptive response latency, rats, 30066
intracerebroventricular administration histamine receptor antagonist thioperamide maleate, peptide YY-induced hyperphagia, male rats, implications for etiology & treatment of bulimia nervosa, 13749
intranasal administration of growth hormone-releasing hormone, endocrine & sleep functions, 21–33 vs 71–81 yr old healthy men , 29940
intrathecal (IDMe)NPYF, antinociception, adult male rats, implications for treatment of neuropathic & other pain, 36520
intraventricular neuropeptide Y, induced pica behavior vs decreased need-induced sodium intake, male rats, implications for opposing orexigenic & malaise-inducing properties, 30026
kappa vs mu vs delta opioid receptor agonists, spinal outflow of calcitonin gene related peptide like material, male rats with induced polyarthritis, model of chronic inflammatory pain, 4100
laminin, A beta 40 amyloid fibril formation promoted by apolipoprotein E in vitro, implications for treatment of Alzheimer's disease, 4224
latexin expression in primary sensory neurons of dorsal root & trigeminal ganglia, male rats, role in nociceptive information transmission/modulation, 3925
leptin & neuropeptide Y, hypothalamic nitric oxide synthase, obese male mice, implications for role of nitric oxide in feeding, 33457
leptin receptor mutation, entrainment of food-anticipatory rhythms to daily feeding schedules, genetically obese vs lean female Zucker rats, 20063
leptin with vs without neuropeptide Y, c-fos-like immunoreactivity in hypothalamus & food intake, male rats, 3948
lower vs higher dose of acute vs subchronic vs chronic clozapine with 5-HT-2A vs dopamine D2 & D3 blockade, neuropeptide Y-like immunoreactivity & neuropeptide Y mRNA in nucleus accumbens, male rats, 26829
lupron, mania, 28 yr old female with endometriosis & history of irritability & depression, 15329
melanocortin 4 receptor antagonist HSO14, corticotropin-releasing factor-induced anorexia & grooming, male rats, 33503
microinjection of galanin vs neuropeptide Y into paraventricular nucleus, dopamine and acetylcholine release in nucleus accumbens & feeding, male rats, 3897
N-terminal fragments of glucagon-like peptide-1(7-36), food intake, neonatal chicks, 578
nerve growth factor & anti-nerve growth factor injections into higher vocal center, song behavior & neuropeptide Y distribution in brain, adult male zebra finches , 20099
nerve growth factor vs basic fibroblast growth factor vs Cerebrolysin, short vs long term effects on postlesion acquisition of water maze task & motor activity, rats, 17114
neuropeptide agonist 1DMe, antinociceptive activity during tail-flick vs hot-plate tests, morphine naive vs tolerant male mice, 665
neuropeptide analog 1DMe, met-enkephalin release & mediation of neuropeptide antinociception in spinal cord, rats, 36524
neuropeptide Y receptor agonists, food consumption, mice, 20306
neuropeptide Y receptor antagonist, conditioned place aversion & locomotor activity, male rats, 23521
neuropeptide Y receptor antagonists in dorsal periaqueductal gray matter in regulation of anxiety in social behavior, male rats, 4176
neuropeptide Y vs DAMGO, food palatability vs energy, male rats, 30002
neuropeptide Y vs glucose antimetabolite 5-thio-d-glucose icv, appetitive conditioned responding to CS for peanut oil vs for sucrose pellets, food-sated male rats, 13690
neuropeptide Y vs NPY 3–36 vs pancreatic polypeptide dose in 3rd ventricle, food intake, male rats, 13735
neuropeptide Y, EEG response in hippocampus & amygdala & frontal cortex, male rats with vs without alcohol preference, 26763
neuropeptide Y, morphine induced discrimination & antinociception, male rats, 36604
neurophysiological responses to corticotropin-releasing factor & neuropeptide Y after chronic ethanol exposure & withdrawal, male rats, 26850
neurotransmitters, calcitonin gene-related peptide-induced rearing & grooming & ambulatory behaviors, male rats, 13769
orexins, drinking behavior, male rats, 36578
orexins, feeding behavior, male rats, 36507
peptide 1-27 vs cholecystokinin, intraoral vs independent intake of sucrose & milk solutions, adult male Sprague-Dawley rats, 36614
peptide LHRH, acquisition of avoidance conditioning responses & spontaneous motor behavior, normally cycling vs ovariectomized female rats, 722
peptides, CNS actions, humans & animals, review of research published in journal "Peptides" during 1994–1998, 36601
peripheral antinociceptive activity of orphanin FQ/nociception, male mice, 20315
pituitary adenylate cyclase activating peptide, circadian rhythms, male golden hamsters, 26782
plasma & CSF leptin & neuropeptide Y & peptide YY, women recovered from anorexia nervosa or bulimia nervosa, 27974
plasma endothelin-1 peptide levels, cardiovascular risk, adults with major depression & hypercortisolemia, 37320
plasma lipoprotein-free amyloidogenic peptides, patients (mean age 76.6 yrs) with Alzheimer's disease vs 3–41 yr olds with Down's syndrome, 20992
plasma peripheral neuropeptide Y immunoreactivity, panic disorder duration, patients with panic disorder, 37399
PLG & peptidomimetic analogs, anticataleptic effects through dopamine modulation, male Sprague-Dawley rats, 36542
pregastric food stimulation & gastrin-releasing peptide 1-27 injection, feeding rates, male Sprague-Dawley rats, 36522
proline containing dipeptide GVS-111, general behavior & passive avoidance performance & size of lesion, male rats with photochemically induced local cortical ischemia, 33466
prolyl endopeptidase inhibitor JTP-4819, spatial memory & central cholinergic & neuropeptide neurons, male rats with lesions of nucleus basalis magnocellularis induced by ibotenate , 10660
prosaptide in prevention of hyperalgesia & reduction in tumor necrosis factor receptor expression after nerve injection, animals, 4290
psychological stress of academic examination, serum prolyl endopeptidase & dipeptidyl peptidase IV activity, undergraduates, 4053
radioligand binding for novel hexapeptide analogs of neurotensin at molecularly cloned rat & human neurotensin receptors & behavioral & physiological effects after ip administration of these peptides, 30062
regional brain distribution of neurotensin vs galanin vs neuropeptide Y vs neurokinin A vs calcitonin gene-related peptide vs substance P, male vs female rats , 13586
repeated stressor exposure, behavior & endocrine adaptation & altered expression of neuropeptide Y in amygdala, male rats, 36466

role of atrial natriuretic peptide in the development of arterial hypertension, 13–24 male patients with pubertal hypothalamic syndrome, 5292
role of caudal brainstem melanocortin receptors in food intake & body weight, male rats, 7050
role of cysteine in secretin treatment of autism, 28413
role of neuropeptide neurotensin receptor in mediation of neuropeptide neurotensin-induced hypothermia & analgesia, mice, 10407
role of neuropeptides in obsessive compulsive disorder, 11470
role of novel cocaine & amphetamine regulated transcript peptide neurotransmitters & cotransmitters in drug abuse & feeding behavior & sensory processing & stress & development, 26611
saporin induced nucleus basalis magnocellularis lesion, neuropeptide Y vs somatostatin immunoreactive neurons in frontoparietal vs occipital cortex, rats, implications for Alzheimer's disease, 3951
selective inhibition of group I metabotropic glutamate receptors, beta-amyloid-induced apoptosis of rat cerebellar granule cells & cortical neurons, implications for Alzheimer's disease, 33358
septal arginine vasotocin vs vasoactive intestinal polypeptide, territorial aggression & dawn song, male field sparrows, 4155
sertraline, depressive symptom severity & pressure hyperalgesia & serum prolyl endopeptidase activity, patients (mean age 50.1 yrs) with fibromyalgia, 5226
serum peptidase activity & relation to production of interleukins & interferon & other cytokines or cytokine receptors, abstinent alcohol-dependent adults, 8361
sleep inducing peptide, stress reactions following disruption of limbic structure of brain, male rats, 13765
synthetic TFF3 peptide in basolateral nucleus of amygdala, passive-avoidance latency & plus-maze activity, male rats, 10656
treatment with ganglioside GM1, Hebb-Williams maze performance, adult male rats with unilateral electrolytic entorhinal cortex lesions, 29798
Tyr-Pro-Trp-Gly NH2 & opiate agonistic effect on conditioned place preference, male rats, 33463
unilateral L5 spinal nerve ligation, expression of mRNAs for neuropeptides & GABA-A receptor in dorsal root ganglion neurons, male rats, neuropathic pain model , 466
urinary bombesin-like peptide levels, cigarette smokers with vs without schizophrenia, implications for development of lung cancer, 8372
various doses of analogs of C-terminal fragment of arginine-vasopressin, dynamics of development of a conditioned active avoidance response, male rats, 20381
xenin icv in lateral hypothalamus, food & prandial water intake & time spent feeding, fasted male rats, 4091

Peptides [See Also Angiotensin, Bombesin, Cholecystokinin, Corticotropin Releasing Factor, Endogenous Opiates, Melanocyte Stimulating Hormone, Nerve Growth Factor, Neurokinins, Neurotensin, Somatostatin, Substance P]—Books

The neuroendocrine regulation of behavior, 7098

Peptides [See Also Angiotensin, Bombesin, Cholecystokinin, Corticotropin Releasing Factor, Endogenous Opiates, Melanocyte Stimulating Hormone, Nerve Growth Factor, Neurokinins, Neurotensin, Somatostatin, Substance P]—Chapters

Neurotransmitters and neuromodulators in frontal–subcortical circuits, 7102

Perception [See Also Auditory Perception, Extrasensory Perception, Form and Shape Perception, Illusions (Perception), Intersensory Processes, Numerosity Perception, Object Recognition, Olfactory Perception, Perceptual Closure, Perceptual Constancy, Perceptual Discrimination, Perceptual Distortion, Perceptual Localization, Perceptual Motor Learning, Perceptual Motor Processes, Perceptual Orientation, Perceptual Style, Risk Perception, Role Perception, Self Perception, Sensory Gating, Social Perception, Somesthetic Perception, Spatial Perception, Subliminal Perception, Taste Perception, Time Perception, Visual Perception]—Serials

acknowledgment & motives & perceptions & theorizing of multiple perception, 37124
age & context, internal & external attributional judgements, 17–29 vs 30–59 vs 60–90 yr olds, 33608
analysis of F. Galton's 1894 data on variability of grip strength, visual & auditory thresholds & RT & comparison with modern data, male vs female < 30–70+ yr olds, 10736
brain mapping for language & auditory perception, high functioning 18–31 yr olds with autism, 14832
chromatic system & perception of global motion cues, Os, 10021
concept & human-computer design applications of perceptual control theory, 29208
contribution of right- vs left-hemisphere vs attentional processes to perceptual organization impairments on global–local task, patients (mean age 32.5 yrs) with schizophrenia, 17910
developmental approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6456
early memories of parental acceptance & control & perceptions of abusiveness & typicality of caregiver behaviors toward elderly adults, White American vs Korean college students, 34277
ecological & phenomenological perspective on personal contact with real world & visual awareness in consciousness & perception, 26462
electrocardiograms with vs without clinical scenario, accuracy of electrocardiogram interpretation, medical students & family medicine residents, 19153
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6459
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, 6477
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6464
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6474
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6466
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6462
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6472
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6458
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary reply, 6476
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6460
face & word & object recognition, 47 yr old male with severe alexia & prosopagnosia due to cerebrovascular accident, 8577
global dominance outside focus of attention, 19885
incidence & pattern of thalamic infarction & presence of sensory symptoms, patients with posterior cerebral artery territory infarction (mean age 63.3 yrs), 31234
incorporation of stimulus-driven & brain-driven conventional behavioral models & inclusion of characteristics of organism's surroundings in perceptual control theory-based model, 29202
influence of frames on public participation to change community's physical space in land-use dispute, 32438
integration of expectancy information with perceptual experiences when evaluating quality of consumer products, adults, 16203
integration of perceptual causality with knowledge of underlying causal mechanism, 5–10 yr olds, 7434
issues in & definition of general d' in assessment of sensitivity of perceptual & decisional process underlying multidimensional stimulus identification, 29475
Layered Protocol Theory & Perceptual Control Theory concepts & use in analysis & design of human-machine interfaces, 29204
Layered Protocol Theory & Perceptual Control Theory processes applied to General Protocol Grammar dialogue, 29209
left hemisphere perceptual matching deficit, 45 yr old male callostomy patient , 34630
marketing applications of Maximum Likelihood Multidimensional Scaling methods for perceptual mapping, 19657
mediator & moderator role of social support, perceived stress & symptom patterns, 12–14 yr olds, 36833
men vs women's perception on genetic engineering for manipulating human reproduction, 16886
microgenic approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6451
model for perceptual identification of words, adults, implications for implicit memory, commentary, 26433
model of time-to-contact between 2 objects for a spectator & its time derivative, 6752
neuroticism & exposure to & appraisals of & distress & coping choice & effectiveness in relation to interpersonal & other daily stressors & resulting mood, undergraduates, 14 day diary study, 37156
nonassociative connectionist model of perceptual learning & effects of similarity & experience on discrimination learning, 23213
organizational climate & commitment & job stress & satisfaction & career attainment & autonomy, perception of teaching quality, family medicine residency program faculty & residents & nurses & staff, 6029
parallel distributed processing computational model for choice RT in cognitive & perceptual & stimulus-stimulus and stimulus-response compatibility tasks, 19839
perception of learning difficulty of task, item selection vs increase of self-regulated study time, undergraduates, 25784
perceptions of stigma & user involvement, service users & providers from child & welfare organizations, Netherlands & Spain & Wales, 28706
perceptual & explicit memory biases in processing of health-related information, hypochondriacal individuals, 31041
perceptual control theory-based computer model of collective behavior, 29210
perceptual fluency used as recognition cues, adults (mean age 53.4 yrs) with amnesia, 18436
perceptual interference, item-specific encoding, college students, 6915
perceptual processing speed & age, immediate & delayed activity recall, 20–85 yr olds, 30162
perceptually based vs suggested eyewitness memories & misled witnesses invention of false descriptions, college students, 36273
PERCOLATe procedure for perceptual control theory-based task analysis, 29206
peripheral conduction velocities of cold & warm & paradoxical heat sensations, 18–36 yr olds, 16951
phenomenology & in perception of phantom limbs & implications for study of neural plasticity & relationship between activity of sensory neurons & subjective experience, 5235
philosophical dissolution & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6468
prefrontal cortex, awareness & sensory learning, 20121
presentation of Gold Medal Award for Life Achievement in Science of Psychology to W. R. Garner, 28811
proenvironmental behaviors vs perceptual vs behavioral characteristics, voluntary simplicity lifestyles, females (mean age 52.6 yrs), Japan, 33979
psychoanalytic study of implicit perception & memory, 13167
pulse-coupled network model of coherent activation & neuromodulatory regulation & temporal resolution control in perception & working memory, 16256
quasi-pictorial vs description vs perceptual activity theories of mental imagery & problems of nondiscursiveness & creativity & seeing, 29602
role of sensory array & internal state of adaptive processes in action–perception patterns, 6750
smokeless tobacco-related sensory & behavioral cues, stress & urge & affect, male smokeless tobacco users (mean age 20 yrs), 643
stress & perceptive signals & immune responses & conditioning & CNS active drugs & adrenergic system & ACTH & endogenous opiates & body temperature & natural killer cell activity, 29952
structured tuition in Karmiloff-Smith model of representational redescription & beam balancing, cognitive development, 5–7 yr olds, 20514
tau-coupling & sensory tau in theory of movement synchronization & kinematic regulation, 7135
temporal processing, phonological processing problems, 8–10 yr olds, 30574
theory of anticipatory consciousness as response to Dewey's critique of reflex-arc concept, implications for theories of perception, 1
theory of geometric constraints on neural activity for natural 3-D arm movements, 16960
use of perceptual fluency & memory in creation of 2-way illusions with words & voices in presence of noise, college students, 16452
visual cues, apparency & contingencies in single panel & pull-down menus in computerized path-finding task, low vs high spatial visualization ability college students, 6409

Perception [See Also Auditory Perception, Extrasensory Perception, Form and Shape Perception, Illusions (Perception), Intersensory Processes, Numerosity Perception, Object Recognition, Olfactory Perception, Perceptual Closure, Perceptual Constancy, Perceptual Discrimination, Perceptual Distortion, Perceptual Localization, Perceptual Motor Learning,

Perceptual Motor Processes, Perceptual Orientation, Perceptual Style, Risk Perception, Role Perception, Self Perception, Sensory Gating, Social Perception, Somesthetic Perception, Spatial Perception, Subliminal Perception, Taste Perception, Time Perception, Visual Perception]—Books
Perception and cognition at century's end, 142
Studies in perception and action V, 26382
Perception [See Also Auditory Perception, Extrasensory Perception, Form and Shape Perception, Illusions (Perception), Intersensory Processes, Numerosity Perception, Object Recognition, Olfactory Perception, Perceptual Closure, Perceptual Constancy, Perceptual Discrimination, Perceptual Distortion, Perceptual Localization, Perceptual Motor Learning, Perceptual Motor Processes, Perceptual Orientation, Perceptual Style, Risk Perception, Role Perception, Self Perception, Sensory Gating, Social Perception, Somesthetic Perception, Spatial Perception, Subliminal Perception, Taste Perception, Time Perception, Visual Perception]—Chapters
Aerospace psychology, 22752
Choice of transportation mode: Factors influencing drivers' willingness to reduce personal car use and support car regulations, 32453
Descriptions of orientation and structure in perception and physical reasoning, 16464
Diet, hormones, and health: An evolutionary-ecological perspective, 7142
Direct perception and representation in infancy, 17307
Human–computer interaction: The psychology of augmented human behavior, 22724
Illusions at century's end, 186
Information from the world around us, 143
The internalization of perceptual processing constraints, 146
Language, culture and intersubjectivity: The creation of shared perception, 17215
Modality effects and modularity in language acquisition: The acquisition of American Sign Language, 10820
Philosophy, perception, and cognitive science, 147
Psychological factors influencing the reporting of physical symptoms, 36110
Psychophysics: Methods and analyses of signal detection, 3417
Sensory processes within the structure of human cognitive abilities, 10165
Synesthesia: A challenge for developmental cognitive neuroscience, 29478
What has the psychology of human perception learned from animal studies?, 36385
What is an object? The role of perception, 34023
Perceptual Aftereffect [See Also Afterimage]—Serials
adaptation to high vs low velocity moving visual stimuli, differential coding & perceptual aftereffect in opposite direction, humans, 32855
continuous motion viewing & immediate vs stored motion aftereffect, functional MRI activation in cortical motion complex, healthy human Ss, 13533
individual differences in temporal imagery accuracy response of rotor pursuit task & imagery aftereffects & reminiscence effects, college students , 6853
McCollough effect as indicator of neurotransmitter activity & physiological arousal, 18–35 yr old extraverted vs introverted vs ambiverted females assessed during menstrual cycle phases vs males, 11194
motion onset of random dot patterns & adaptation–recovery sequences, visual EPs & psychophysical measurement of duration of perceptual motion aftereffect, human Os, 13612
neural basis of motion aftereffect , 13567
origin of unidirectional motion aftereffect responsible for integration of motion signals, adults, 16993
perceived direction of component- vs plaid-induced motion after-effect after adaptation to visual stimuli, adults, 3477
prism adaptation, aftereffect displacement & persistence of memory, adults, 13194
spatial frequency & orientation tuning of stereoscopic motion aftereffect, adults, 36176
visual stimulus orientation, motion aftereffect, Os, 19714
Perceptual Aftereffect [See Also Afterimage]—Books
The motion aftereffect: A modern perspective, 3492
Perceptual Aftereffect [See Also Afterimage]—Chapters
Higher order effects, 3493
How do measures of the motion aftereffect measure up?, 3496
Introduction and historical overview, 3502
The physiologic substrate of motion aftereffects, 4014
The retinal image, ocularity, and cyclopean vision, 3495
Theoretical models of the motion aftereffect, 3806
Tuning of the motion aftereffect, 3499
Perceptual Closure—Serials
complete mergeability as a general explanatory principle for amodal completion over partially occluded surfaces & volumes, Os , 36182
interaction of visual processes in amodal completion in texture visual evoked potentials, 25–45 yr olds, 10023
modeling of synchronization & desynchronization mechanisms of perceptual grouping mediation in striate cortical networks, 32514
role of perceptual grouping & encoding of closure of local elements during processing of hierarchical patterns in selective attention paradigm, 20–29 yr olds , 32812
Perceptual Constancy [See Also Brightness Constancy, Color Constancy, Size Constancy]—Serials
achievement of visual object constancy across plane & depth rotation, neurally intact Ss & patients with neurological damage, 36160
continuity & properties of objects in attribution of persistence to physical objects, 5 vs 7 yr olds vs adults , 870
proximity vs similarity in stimulus pattern color & luminance & size & shape, apparent motion & perceptual grouping, graduate students, 32835
Perceptual Development [See Also Perceptual Motor Development]—Serials
ability to discriminate frequency of short-duration tone pulses, 5 yr olds vs 7 yr olds vs 9 yr olds vs 11 yr olds vs 22–41 yr olds, 36771
age & normative values of visual sensitivity thresholds with automated static perimetry, 5–8 yr olds, 4451
algorithmic modeling of architecture for visual development of learning object shape primitives, 29501
attentiveness &/vs age, visual sensitivity, 5–8 vs 21–28 yr olds, 13960
auditory masker thresholds, tone detection in noise, 7 mo olds vs adults, 10760
behavioral responsiveness to sensory properties of ethanol, rats pups who nursed from an water-treated vs ethanol-intoxicated dam, 30042
category of photographic stimuli, amplitude & latency of face-specific ERPs, 4–5 vs 6 vs 7–8 vs 9–11 vs 12–14 yr olds vs adults, 29920
concentrations of sucrose in water & orange drink & foods, perceived sweetness, male vs female 8–9 yr olds vs adults, 26984
concept formation in perceptual development of infancy, 17258
continuity & properties of objects in attribution of persistence to physical objects, 5 vs 7 yr olds vs adults , 870
development of spatial & temporal vision measured by contrast sensitivities & critical flicker fusion frequency, 4–7 yr old vs adult Os, 26980
development of visually guided locomotion, infants, 7370
developmental change in duration of auditory sensory memory for tonal frequency, 6–7 vs 8–10 vs 11–12 yr olds vs adults, 7398
direction of motion for red/green modulated vs isoluminant gratings & motion detection thresholds as seen in quadrature motion paradigm, 3 mo vs 19–59 yr olds, 17267
early visual deprivation, psychophysiological characteristics of individual temperamental features, 13–38 mo olds who underwent surgery for inborn bilateral cataracts, 5452
effects of auditory deprivation & subsequent cochlear implants & stimulation on maturation of central auditory system, 6-yr-olds with profound hearing impairment, 11 yr study, 37950
global & local perceptual processing, high functioning 7–19 yr olds with autism, 14830
influence of movement & outcome on attributions of intention for targets, 3.0–4.2 vs 4.11–6.0 yr olds, 20511
interactions of fingers vs toes in ontogeny of 2-point discrimination, 7–15 yr olds, 4444
interpretation & construction of Euclidian coordinate reference cues in object location, 4–5 yr olds, 20505
measurement of self-perceptions & provision of four- vs two-factor models of Pictorial Scale of Perceived Competence & Social Acceptance for Young Children, kindergarten students, 20443
minor deficiencies in development of basic visual functions & formation of concrete visual thinking, 2–18 mo olds, 5448
multidisciplinary assessment ANSER model, 6–13 yr olds with deficits in attention & motor activity & perception & their parents & teachers & team members, 2 yr followup, 38893
multiple choice vs Piagetian tasks, perceptual part–whole integration, 2–5 yr olds, implications for lower age bounds of comprehension, 20483
odor memory & identification & consistency of verbal label use & olfactory detection thresholds, 4–11 vs 18–30 vs 31–57 vs 64–90 yr olds, 26988
ontogenetic changes in effect of noise on perception of various emotions in speech & hemispheric interrelations underlying this process, 7-10 vs 11-13 vs 14-17 yr old boys vs girls, 26979
perception of & attention to shadow motion, 5 & 8 mo olds, 7443
perceptual learning specificity & role of attention & task difficulty, 29618
performance of optimal bandpass filtering in identification of click evoked otoacoustic emissions, full-term neonates & babies at risk for hearing impairment, 20519
responsiveness & awareness to line drawings in 3-D structures in curved objects, 5–5.5 vs 8–8.5 mo olds, 13943
rotation of Rey complex figure during copy & recall, 8.10 & 10.8 yr old males with normal perceptual & cognitive development, 26990
spatial biases in visual discrimination learning, 4–6 vs 1–15 yr olds, 30158
temporal frequency & flash vs motion conditions, visual sensitivity to small position differences, 12- vs 24-wk-olds, 4422
training required for stable response strategy prior to visual field assessment & acceptable duration & reliability of automated static perimetry, 5–8 yr olds, 4450
understanding of interpretation & expectation & direct perception as sources for mistaken beliefs, 4–5 vs 6.8–7.5 yr olds, 20515
viewing of pictures with intact vertices vs deleted midsegments, recognition of fragmented objects, 1st vs 4th graders vs college students, 30176
visual ERPs during familiar vs unfamiliar face vs object processing, 6 mo olds, 23686
Perceptual Development [See Also Perceptual Motor Development]—Chapters
The cultural ecology of young children's interactions with objects and artifacts, 17310
Direct perception and representation in infancy, 17307
Early perception of social contingencies and interpersonal intentionality: Dyadic and triadic paradigms, 17304
Emotion regulation and the emergence of joint attention, 17296
Gaze following and the control of attention, 17303
Nature, nurture, and development, 895
The ontogeny of human infant face recognition: Orogustatory, visual, and social influences, 17299
Perceptual development, 17300
Sensory and integrative development in the human fetus and perinate: The usefulness of animal models, 36389
Perceptual Discrimination [See Also Auditory Acuity, Auditory Discrimination, Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination, Visual Discrimination]—Serials
ability to individuate objects based on shape & size & pattern & color, 4.5–11.5 mo olds, 36775
alternating vs blocked & variable interval between preexposure to compound flavors with common element, taste discrimination & aversion generalization, male rats, 29683
auditory selective attention, ERPs to speech sounds during phonetic change discrimination, 20–39 yr olds, 23065
bimanual & left hand unimanual exploration abilities, congenital vs late blind vs sighted adults, 31369
computational model of face space based on principal components analysis, prediction of judgments of face similarity, college students, 10058
conflict in explanations of retrospective revaluation of contingency judgments vs perceptual learning in rats, 20–40 yr olds, 19937
contrast, depth perception & discrimination & stereo increment thresholds, Os, 10056
course of learning & transfer of performance changes in direction discrimination of primary- vs temporal frequency- vs motion-defined stimulus, 13–56 yr olds, 16528
discrimination of angular velocity during auditory movement in vertical plane, 23–32 yr olds, 26358
display vs demonstration vs pointing gesture types & understanding of attention-directed events, 16454
geometric stimuli masked by metacontrast, motor activation without conscious discrimination, college students, 26300
haptic comparison of curvature for static vs dynamic touch, Ss, 29473
hue memory & discrimination, 3–6 vs 9–11 vs 22–30 yr olds, implications for young children's difficulty in color naming, 881
implication of spectrotemporal parameters, discrimination of resynthesized musical instrument sounds, musicians vs nonmusicians, 13238
learning of object-related words & sounds, 13 vs 20 mo olds, 13964
length & intensity of caffeine aftertaste perception, caffeine tasters vs nontasters, 16460
measurement of ability in & thresholds & mechanisms for discrimination of fine surface textures in tactile sensation, humans, 16459

mental imaginal & perceptual comparisons of visual array resolutions in 4 quadrants of stripes, college students, 16592
model of perceptual image difference for a given pair of images & its application to color gamut mapping for generating a reproduction with minimum perceptual image difference, 32829
non-negative matrix factorization for learning parts of faces, 36162
orientation & pattern familiarity, Braille recognition, congenitally vs late blind vs sighted 18–48 yr olds, 31363
presentation of false heart-rate feedback, performance of 2 common heartbeat-detection tasks, male college students, 26699
retention interval vs intertrial interval houselight illumination condition, choose-short effect, pigeons, 354
role of disparity in perception of global motion in binocularly viewed random dot kinematograms, adults, 16487
sensitivity to perceptual cues to lexical & grammatical words, 1–3 day old newborns, 36765
shallow vs deep encoding instructions, same-different discrimination task performance & negative priming, undergraduates, 183
somatosensory discrimination, neuronal activity in prefrontal cortex, monkeys, implications for neuronal correlates of working memory, 23345
stimulus onset delay & quality & perceptual identification, duration of fixation of saccade from left to right during choice RT task, adults, 3483
tactile spatial acuity-dependent discrimination of grating orientation & discrimination of gratings varying in ridge width, 13–48 yr olds with dyslexia vs 12–32 yr olds with attention deficit disorder, 34458
target & standard & nontarget stimulus context & auditory vs visual modality in oddball paradigm, perceptual distinctiveness measured by P3a component amplitude profiles, young adults, 3965
use of Fechnerian metrics in computation of subjective distances among stimuli in continuous multi- or unidimensional stimulus space, 29434
use of haptic displays of virtual 3-dimensional objects for perception enhancement, persons with visual impairments, 31364
visual discrimination of moving cyclopean targets with luminance-defined gratings, adults, 16495
visual parsing of shapes into component parts for purpose of recognition & length of visual cuts to parse silhouettes as motivated by the principle of transversality, human Ss, 23048

Perceptual Discrimination [See Also Auditory Acuity, Auditory Discrimination, Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination, Visual Discrimination]—Chapters

Perceptual framing and cortical synchronization, 39058

Perceptual Distortion [See Also Spatial Distortion]—Serials

adaptation to inverting prisms & mirror spectacles & return to upright vision, reading & shape perception & building of 3 dimensional objects & neuronal mechanisms, 20–28 yr old males, 32822
distortion in processing objects in left visual field, 71 yr old female, 16910
distortion of perceived length in Muller-Lyer & Judd illusions as function of position on shaft, 17–45 yr olds, 6781
perceived blur of drifting waveforms as function of speed & blur & spatial frequency & quantitative model for distortion of waveforms in motion, adults, 3465
perceptual distortion in hemispatial neglect, 54- & 76- yr-old stroke victims, 2 & 12 mo following stroke, 24765
perceptual distortions & localization on Defence Mechanism Test, undergraduates, commentary reply, 16318

Perceptual Disturbances [See Also Agnosia, Hallucinations]—Serials

biological basis of development of self concept based on evidence for perceptual disorders & other neuropsychological findings in cases of focal brain injury, 14998
color–digit synaesthetic ability, 47 yr old female, 36129
development & reliability & validity of Structured Interview for Assessing Perceptual Anomalies, sensitivity & attention to & inundation of sensory stimuli, schizophrenia patients, 30700
grouping by alignment of implicit axes, perception of simultaneously presented shapes, male 57 yr old with Balint's syndrome, 37818
magical ideation & perceptual aberration aspects of schizotypy, plexus visibility, college students, 4772
neurophysiology of synesthesia, 20–52 yr olds with chromatic-graphemical synesthesia, 11959
occurrence & relevance of autophonia, 17 yr old female with anorexia nervosa, 18178
perceptual & response interference & effects of methylphenidate, 7–13 yr olds with ADHD, 27928
phenomenology & perceptual correlates & related neural activity, cutaneous-evoked tinnitus, 66 yr old female & 47 yr old male neurosurgery patients, 34701
reality testing & perceptual disorders & dissociative symptoms, 18–30 yr old female survivors of childhood sexual &/or physical abuse, 37506
symptom patterns, hemispheric specialization in verbal & spatial information processing, male schizophrenics with perceptual aberrations, 4969
synaesthesia as refutation of representationism, 36642

Perceptual Fill [See Perceptual Closure]

Perceptual Localization [See Also Auditory Localization]—Serials

attention operating characteristics in allocation of visual attention during location-cuing, 18–38 yr olds, 29491
attention, localization of stimuli in visual field, 23–33 yr olds, 29506
auditory & visual memory-saccade vs fixation task, behavioral modulation of neuronal responses in lateral intraparietal area, male macaque monkeys, 29823
contrast sensitivity, hyperacuity & thresholds for bisection & Vernier acuity & edge blur & contrast detection–discrimination tasks, Os with normal visual acuity, 13190
covert & overt visual attention in processing location & target identification cues, adults, 29489
extraretinal eye position vs slanted surface, visuomotor localization, 23–29 yr olds, 32805
fornix transection, object–place encoding & discrimination & scene memory, male rats, animal analog of amnesic episodic memory deficit, 3915
frame of reference for hand-centered encoding of target location in visuospatial working memory, adults, 13349
interscorer reliabilities for Memory & Localization scores of Tactual Performance Test, patients with brain damage or Korsakoff's syndrome or undiagnosed or normal patients, 3337
light vs dark vs framed background visual field & target position, saccade contingent mislocalization, Os, 10033
localization vs counting, visual awareness, patients with visuospatial neglect following parietal damage, 34686
location cue probability & cue–target onset interval, visual attention allocation, 19–33 yr olds, 29490
location-specific stimulus expectancies during visual search task, Os, 26329
medial-point shape representation for localization of objects & relative parts & psychophysical correlates, 6437
mislocalized phantom sensations following tactile stimulation of acute pain, healthy 22–31 yr olds, 3441
passivity vs joystick use in virtual environment, spatial memory vs object memory vs object location memory, college students, 10178
peripheral vs foveal presentation & task temporal frequency, character localization & identification in 2-pulse & contrast sensitivity tasks, adult Os, 13189
proximal & distal cues, cognitive mapping place performance in virtual space, college students, 3546
recall accuracy & uncertainty in location memory, college students, implications for use of methodology in design of & optimization of information retrieval in pictorial databases, 26443
saccadic localization of dot targets composed of various shapes vs surfaces vs adults, 26337
sentence spatial format, word location memory, college students, 10006
source-to-wall distance discrimination & nonadjacent wall effects & source-to-listener distance & visual preview, body-scaled awareness in auditory perception of unimpeded passage, 16546
spatial co-location between sight & sound, cross-modal learning, 4 vs 6 mo olds , 7395
static & flickering cues, temporal processes underlying selection of spatial location, adults, 32858
stimuli at nonadjacent locations & simultaneous feature-based visual selection, college students, 19715
stimulus movement & attention, peripheral stimulus localization, 8–26 wk old infants, 7402
target location shift, correction of hand position during midreach, 7 mo infants, 7379

Perceptual Localization [See Also Auditory Localization]—Chapters

The contributions of vestibular signals to the representations of space in the posterior parietal cortex, 23367
Plasticity, localization, and language development, 37929
Right medial temporal-lobe contribution to object–location memory, 31354

Perceptual Measures [See Also Stroop Color Word Test]—Serials

age & normative values of visual sensitivity thresholds with automated static perimetry, 5–8 yr olds, 4451
CRT calibration method for human color perception research, 19688
effects of phenytoin vs carbamazepine vs valproic acid on color vision & validity of Farnsworth-Munsell 100 hue test of color discrimination, 15–65 yr olds with epilepsy, 29326
estimation of own performance in line bisection task, patients with left unilateral spatial neglect due to cerebrovascular accident, 8593
measurement of auditory temporal resolution thresholds for detection of silent gaps using mismatch negativity, 21–24 yr olds , 29894
measurement of self-perceptions & provision of four- vs two-factor models of Pictorial Scale of Perceived Competence & Social Acceptance for Young Children, kindergarten students, 20443
multiple choice vs Piagetian tasks, perceptual part–whole integration, 2–5 yr olds, implications for lower age bounds of comprehension, 20483
noise placement in psychometric function slope for apparent motion modeling, adult Os, 10031
norms on Groffman Visual Tracing Test with American children, assessment of learning-related visual problems, 7–11 yr olds, Denmark, 5443
performance on Wold Sentence Copy Test, 8 vs 10 vs 12 vs 14 yr old, Denmark, comparison with American norms & implications for role of sociocultural factors in behavioral optometry, 3467
simple & additive noisy linear amplifier models for estimated threshold ratios in Gabor orientation identification & detection, college students, 10046
training required for stable response strategy prior to visual field assessment & acceptable duration & reliability of automated static perimetry, 5–8 yr olds, 4450
use of 2 versions of Milner Landmark task for assessment of perceptual vs response bias in line bisection task, 22–91 yr olds with left hemisphere neglect, 3335
use of neural networks for determination of accurate diagnostic performance of measurements of retrocochlear pathology, adults with unilateral vestibular schwanomas, 19495
visual sensitivity measurement with vs without noise, Os, 10053

Perceptual Motor Coordination [See Also Physical Dexterity]—Serials

accuracy of gaze shifts generated soon after preceding gaze shift to visual or auditory stimuli, 23–37 yr olds, 36201
analysis of early head movements before initiation of correct gaze shift to visual or auditory stimuli in enhancer vs distractor target conditions, 23–37 yr olds, 36202
asymmetrical hand function & handedness, hitting performance, baseball players, 19788
cerebellar adaptive control of biomimetic manipulator in neural network dynamic learning model, 32508
compensation in skilled reaching success with associated impairments in limb synergies after dorsal column lesion, female rats, 13563
distribution of regional cerebral blood flow & visuomotor coordination, 18–54 normal Ss & patients with Parkinson's disease, 21549
experience & maximal force, dart throwing accuracy, adults (mean age 21.5 yrs), 3509
fixation during observation & imitation of finger & hand & arm movements, adults, 140
gaze & retinal image stability & coordination of eye & head movements during tapping vs looking at 3-dimensional targets, Os, 162
generalization of interlimb rhythmic movements from 1:1 coordination to bimanual 1:2 coordination via movement modeling, adults, 29528
hand displacement & rod angle in coordination dynamics, dynamics of functional stabilization & long memory processes, 16566
hand vibration exposure, movement precision & performance time during visuo-manual tracking task, 20–32 yr olds, 10079
instructions of movement patterns, learning of bimanual visual–motor coordination task, college students in specific vs general vs no-instruction vs secondary task learning groups, 32770
integration of monocular vs binocular spatial & temporal information used for visual-motor control in 1-handed ball catching task, 24–47 yr old right handed males, 6825
interrelations among movement amplitude & movement time & peak velocity in reaching for stationary & moving objects, 20–31 yr olds , 6831
intra- vs inter-hemispheric conditions, performance on target location & matching task, 7 yr olds diagnosed with hand-eye coordination problems, 24724
learning & self use of motor cortex neuronal electrical signals to cognitively coordinate a robotic arm, rats, implications for movement aid in patients with paralysis, 33194
local-field EPs in premotor & motor cortex during visually guided hand & arm movements, monkeys, 29793
mechanisms of delay in initiation of voluntary movements, patients with Parkinson's disease, 5367
movement times for & neuromuscular characteristics of unilateral vs symmetrical vs asymmetrical bilateral aiming movements, 6–7 vs 9–10 yr olds with developmental coordination disorders, 5139

muscimol-induced inactivation of frontal eye field, performance of visually- & memory-guided saccade tasks & control of fixation & neurophysiology, female macaques, 20088
occurrence of gap effect for aimed hand movements & saccadic eye movements & functioning of superior colliculus, 29527
perceptions of postural limits, 71–94 yr old in nursing home vs 21–50 yr old day care participants, commentary, 16567
perceptions of postural limits, 71–94 yr olds in nursing home vs 21–50 yr old day care participants, 16564
perceptual structure & detection of deviations from metronomic timing in music, adults, 19783
reaching enabled by compensatory linkage of systems coding spatio-motor actions of eye & hand, 26 & 45 yr old males with non-foveal optic ataxia , 5316
reading patterns of single words & control of eye movements & oculomotor behavior & use of preferred retinal loci, male 47 & 82 yr olds with bilateral central scotomas, 18453
selective attention & working memory & sensorimotor coordination & brain activity, 20–50 yr olds, 7073
signal-dependent neural control noise, eye & arm movement trajectories, monkeys, test of minimum-variance theory of unified motor planning , 3848
skill level, coordination patterns in ball bouncing, 4–22 yr olds, 24388
target approach angle & size & shape & distance, cursor movement with computer mouse input device in drag-drop vs point-click tasks, 20–36 yr olds, 13173
tiapride, psychomotor performance & cognitive functions & EEG, 65–75 yr olds, 33469
time course & extent of attentional shifts associated with compensatory balancing reactions, 21–27 yr olds, 36204
time course of saccadic extraretinal eye position information associated with hand- & gaze-pointing, adults, 16449
timing selection of ball trajectory information during rhythmic catching, male 24–34 yr olds , 29522
use of constant bearing angle strategy for interceptions in horizontal plane in locomotor interception task, college students, 13255
variations in saccade amplitude, kinematic features of pointing movement, adults, 3449
visual stimulus amplitude vs stimulus frequency &/vs irregularity, tracking with eye-hand vs eye-alone, 24–51 yr olds, 13260
visual-proprioceptive mapping & use of vision in mapping tasks, 5–7 yr olds with developmental coordination disorder, 24591
visual–motor integration of unexpected sensory events, young (mean age 19.85 yrs) vs older adults (mean age 67.25 yrs), 36203
visuomotor control during aiming movements, 7 & 9 yr old males with developmental coordination disorder, 27935

Perceptual Motor Coordination [See Also Physical Dexterity]—Chapters

Learning and motor skills disorders, 17793

Perceptual Motor Development—Serials

age & sex hormones, Morris water maze learning ability, 14–42 day-old intact male vs female vs castrated male vs testosterone-treated female rats, 23191
applied force to contact surface & body sway in acquisition of upright position, pulling to stand & standing alone & walking & post-walking, infants (mean age 44.2 & 48.6 & 53.4 & 58.5 wks), 23679
construct validity of Beery's Developmental Test of Visual–Motor Integration, Taiwanese 3.3–13.3 yr olds, 36748
differential task difficulty for working memory, motor response in reward retrieval, 10.8–36.3 mo olds, 23678
hand pressure & velocity of drawing movement & time & penlifts in graphic shape copying task, 4–6 yr olds, 4439
handedness & strategic planning in object grasping & use, 9 & 14 & 19 mo olds, 23710
history of motor development concepts & contribution of M. McGraw to developmental psychology theory, 1800s–present, 7399
M. McGraw's study of higher order motor control of neuromotor & mental systems development theory of unaided walking during 1st yr of life, 7449
operant conditioning with auditory feedback, visual tracking development & augmentation of proportion of slow eye movements, 1–7 day old neonates, 23685
parameters of acoustic priming & audiogenic seizures during postnatal development subsequent to auditory function, Long-Evans rat strains, 20246
prenatal cocaine exposure, sensimotor development, 12 mo olds, 8333
prenatal visual experience, development of spatial turning bias, domestic chicks, 13439
quantitative trait loci mapping of genes linked with measures of sensorial & motor & body weight development, preweanling mice from lab-inbred strains, 13501
sensory & perceptual-motor performance & behavior development, 6–8 yr olds with benign congenital hypotonia, 5147
social rearing vs isolation-induced prepulse inhibition deficits & hyperactivity, sensorimotor gating, male Sprague–Dawley vs Lister hooded rats before vs during vs after puberty, 33020
target location shift, correction of hand position during midreach, 7 mo infants, 7379
task analysis of visual-motor demands & developmental appropriateness of children's mouse-operated computer software packages, 16222

Perceptual Motor Development—Chapters

Assessment of sensorimotor and perceptual development, 7465
A new foundation for cognitive development in infancy: The birth of the representational infant, 20539
Obstacles to understanding: An ecological approach to infant problem solving, 17297

Perceptual Motor Learning [See Also Fine Motor Skill Learning]—Serials

4-step strategy for gross motor skill learning in sports, training & generalization & maintenance of closed skills, 16–18 yr olds with mild retardation, 32308
acquisition & retention & reacquisition of motor skills, 37–79 yr olds with brain damage after stroke, 28214
acquisition of rapid calibration of reaching with & rate of adaptation to displacement prisms & movement times & peak velocities & path lengths of reaches, 18–28 yr olds, 32886
apraxia & impaired motor learning, individuals (mean age 73.6 yrs) with Alzheimer's disease, 24817
bereitschaftspotential changes after learning & reperformance of perceptual motor task, 9–12 yr olds, implications as measure of procedural memory, 7385
bimanual vs unimanual visuomotor procedural learning, callostomized vs acallosal 19–35 yr olds, 31210
blocked vs serial feedback, complex motor skill learning of slalom-type movements on ski simulator, college students, 13259
cerebellar adaptive control of biomimetic manipulator in neural network dynamic learning model, 32508
effects of frontal lobe lesions, control of movements during motor learning, patients with frontal vs temporal excisions (mean age 41 yrs), 37902
expertise in karate, intentional transfer of motor skill in learning tai chi, 17–42 yr old expert vs novice males, 13251
functional interhemispheric coupling & activation of sensorimotor regions during bimanual skill acquisition, adults, 29760
interactive physical & observational practice & dialog protocol, learning effectiveness on complex dynamic balance task, college studentsSs, 23075
Joubert syndrome & cognitive deficits & motor skills problems & behavioral problems & developmental delays, children, 37835
left hemisphere & interference in oral-motor & manual output systems during dual-task paradigm, male students, 26394
motor learning & memory & motor cortex neuronal density, 22–31 vs 62–71 day old male rats, 13568
motor learning through motor imagery & possible involvement of basal ganglia, Parkinson's vs Huntington's disease patients, 24860
natural vs simulated context, motor skill acquisition & transfer, 19–31 yr old college students, 13256
neural control system with backpropagation through time & feedback & feedforward systems, linear & nonlinear learning process in musculoskeletal model of human arm, 6475
normal light &/vs ball-only practice, acquisition of one-handed catching skill, college students who are poor catchers, 13249
parallels & similar neural pathways, acquisition of song in birds & learning of speech in humans, 20091
patterns of neural activity in cerebellum during motor learning in vestibulo-ocular reflex, male monkeys, 565
plasticity of electrophysiological cortical area representations of skin surfaces engaged in progressive digital dexterity development in object retrieval, adult owl & squirrel monkeys, 23417
practice of mirror writing, transfer to nonpracticed hand & nonpracticed phrases, college students, implications for internal inverse models, 23073
presence of conspecific model, acquisition of motor task, common ravens, 16757
prism adaptation, aftereffect displacement & persistence of memory, adults, 13194
proactive vs retroactive demonstrations of signed alphabet, learning of signed letters, adults, 13358
rehabilitative motor skill training, performance on parallel bars vs rope climbing vs rotating rod tasks, male vs female rats exposed to alcohol on postnatal days 4–9, 4183
role of cerebellum in motor learning & nonmotor functions, 141
role of hippocampal system in general mapping of antecedents to actions & arbitrary visuospatial mapping as example of declarative knowledge in nonhuman primates, 20159
roles of frontal cortex vs basal ganglia vs cerebellum in visuomotor sequence learning, monkeys, 475
spatial co-location between sight & sound, cross-modal learning, 4 vs 6 mo olds , 7395
specific vs variable practice distances, acquisition & retention & transfer performance of dart throw, college students, 3512
stages of learning in acquisition of beam pressing response in operant conditioning paradigm & submovement expression of feedforward mode of force control, rats, 340
stuttering adaptation as a result of motor learning, 14–56 yr old native Dutch-speaking males, 8474
video-based perceptual training, return of serve, novice tennis players, 6356

Perceptual Motor Learning [See Also Fine Motor Skill Learning]—Chapters

Application of Doignon and Falmagne's theory of knowledge structures to the assessment of motor learning processes, 32767

Perceptual Motor Measures [See Sensorimotor Measures]

Perceptual Motor Processes [See Also Perceptual Motor Coordination, Sensory Integration, Tracking]—Serials

ability to bisect lines & copy rectangles bisected in their midplane, 50–69 yr old male patients with left unilateral neglect, 21558
action programming model of selection of attention & motor preparatory actions in basal ganglia-thalamocortical circuits, stereotaxic neurosurgery patients with Parkinson's disease, 18388
age & task experience, ability & performance on data entry, 20–39 yr olds vs 40–59 yr olds vs 60–75 yr olds, 6748
age, change in prediction ability in ball catching, male vs female 5–12 yr olds with vs without developmental coordination disorder, 1855
age, speed of information processing including sensorimotor & working memory speed in generation & manipulation of mental imagery, 18–77 yr olds, 30119
age-related impairments in memory & cognitive & sensorimotor abilities & role of estrus cycle, male vs female rats, 33030
age-related navigation difficulties & restricted car travel, 21–85 yr old motorists, 19478
alcohol hangover, psychomotor performance & subjective state & sleep quality, male 18–45 yr old moderate to heavy social drinkers, implications for driving under influence, 7191
alcohol, simple vs complex psychomotor performance (driving) & mood & equilibrium, 18 adults (mean age 32 yrs), 19789
alprazolam, dehydroepiandrosterone concentrations & psychomotor performance, 22–35 vs 65–75 yr old healthy males, 17052
amount of sleep the previous night, dose response curves for Stanford Sleepiness Scale & Psychomotor Vigilance Task tests, 18–30 yr olds, 23425
asymmetries in saccidic eye & hand movements in single & reciprocal aiming movements, right handed Ss, 216
attention/sensory & intentional/premotor biases in direct & indirect condition line bisection, 32 right-handed adults, 29480
attentional mechanisms operating in touch, 18–45 yr olds, 16458
auditory ERPs & sensomotor RT & auditory information processing during decompression from hyperbaric trimix conditions, 27–45 yr old divers, commentary, 10070
auditory feedback cues, maintenance of age-limited developed & neural comparator courtship songs, songbirds, 36371
benzodiazepine discontinuation, psychomotor performance, 22–75 yr old long-term benzodiazepine users, 12-wk study, 18729
black tea vs coffee vs caffeinated vs plain water vs decaffeinated tea, cognition & psychomotor performance, adults (mean age 29.2 yrs), 681
body orientation & gravity, vestibulo-ocular reflex in darkness & visual-vestibular interaction in pitch plane, 24–50 yr olds, 19717
body- vs world-referenced visual signal representations of visual space in parietal cortex, monkeys , 3917
body–apparatus tilt conditions, perceptual motor performance & judgment of body orientation & equilibrium, 24–35 yr olds, 10012
brain activity during dominant vs nondominant hand performance of practiced vs unpracticed design tracing tasks, 19–35 yr olds, 527

brain activity underlying sensorimotor transformations elicited by acoustic & motor signal & instructional delay in visuomotor conditional task, 24–30 yr olds, 16954
caffeine, psychomotor & cognitive & subjective test performance, 20–25 vs 50–65 yr olds, 33472
cerebellar lesions, adaptation to laterally displaced prism & postadaptation shift during visual reaching task, monkeys, 20073
cerebral activation & temporal nature of hemodynamic responses of cortical motor areas using functional MRI, adults during performance of movement activation tasks, 7087
choice & spatial or symbolic stimulus–mapping response compatibility, response time, adults (mean age 27.75 yrs), 10094
chronic hypoxia, psychomotor skills, experienced male climbers (age 24–37 yrs), 36199
cognitive processing speed assessed in mental arithmetic vs perceptual-motor matching vs other process-specific tasks, adult Lyme disease patients, 11927
combination antiretroviral therapy, psychomotor speed performance, homosexual males with human immunodeficiency virus seropositivity, 2 yr study, 22067
conscious awareness & visual–motor recalibration between visual awareness & visual guidance systems in geographical slant perception, Os, 26318
control of hand velocity in cross-hemispace arm movement pointing task, 43–81 yr olds with right hemisphere lesions & left sided neglect, 5364
control of walking to vs direction opposite to target with vs without vision, 18–45 yr olds, 13250
control systems simulated model of kinesthetically & visually controlled arm movement, 29207
correlation of parietal neuronal firing rate & choice of eye movement response in relation to probable reward, monkeys, 26682
cortical mechanisms of visuomotor integration, 25–40 yr olds, 20127
depth & retinal motion distribution, steering accuracy in perceptual control of heading from flow field, Os, 19750
description & features of psychomotor desadaptation syndrome, elderly, 27484
development of visually guided locomotion, infants, 7370
diazepam, propofol-induced loss of righting reflex, male diabetic mice, 33467
differences in timing during actual vs imagined putting movements in golf, 21–25 yr old golfers & college students, 6362
disgust sensitivity & preference for environmental education activities that involve manipulation of organic materials, middle school students, 19471
early-developing knowledge & head tracking & reaching for moving objects, 6-mo-olds, 4452
earth horizontal & vertical passive sinusoidal body roll, torsional eye movements & role of otolith organs, 28–37 year olds, 19726
effects of presentation duration & distance & context of presentation of stimulus speeds on interceptive performance of fast vs slow apparent movement, 22–33 yr olds, 3436
egocentric reference & pointing, 40–94 yr olds with extensive right partial brain damage, 28131
ethanol &/or nitrous oxide, mood & cognitive & psychomotor performance & pain, healthy 21–39 yr olds, 771
factors in measurement & control of licking behavior, rats, 590
frame of reference for hand-centered encoding of target location in visuospatial working memory, adults, 13349
functional & anatomical representations of movement in human motor system, Ss (mean age 32 yrs), 33246
functions of dorsolateral prefrontal vs posterior parietal cortex neurons in working memory via cell firing in perception-action cycle, adult male monkeys, 23399
GABA injection, sensory behaviors associated with neuropathic pain, rats with nerve injury, 33390
gamma activity in forearm & adjacent sensorimotor areas during performance of visuomotor tasks, 12–41 yr olds with intractable epilepsy, 24774
geographic location &lead & mercury level, intelligence & visual contrast & neurobehavioral measures of cognitive & sensorimotor functions, 5–7 yr olds, Germany, 2101
geometric stimuli masked by metacontrast, motor activation without conscious discrimination, college students, 26300
gravitational force background level, adaptation to Coriolis force perturbations of reaching movements, adults, 3518
handwriting & psychomotor system translation of stable motor memory into invariant spatial output in biomechanical & environmental context, 19–41 yr olds, 32771
haptic & visual information, coordination of spoon feeding & unimanual vs intermanual prehension, 18–31 yr olds, implications for distribution over 2 effectors, 23069
head position, amplitude & direction of dorsomedial frontal cortex-evoked saccadic eye movements, rhesus monkeys, 3986
head rotational behavior & perceptual motor processes in auditory localization & rotary tracking & pursuit, cats, 23174
high vs low dosages of amisulpride vs haoperidol, psychomotor & cognitive & extrapyramidal effects, 18–35 yr olds, 20360
immunotoxins 192-saporin vs OX7-saporin, performance on attention vs motor/sensory tasks distinguishing damage to cholinergic basal forebrain vs cerebellar function, male rats, 20384
impact of information provided by masked prime stimuli on motor activation, 20–39 yr olds, 23088
individual differences in temporal imagery accuracy response of rotor pursuit task & imagery aftereffects & reminiscence effects, college students , 6853
injection of muscimol into ventral vs dorsal premotor cortex, recalibration of prism displaced visual field during visually guided reaching task, monkeys, 20319
inseparability of body movement & mind functioning in conscious experience, 16701
intensity of relevant vs irrelevant auditory stimuli, response force in simple vs go/no-go vs choice RT tasks, colleges students, 10073
intermittency in preplanned elbow movements with vs without visual feedback, 22–28 yr old males, 576
internal scale & person response validity & intrarater reliability of School Assessment of Motor & Process Skills, 3–7 yr olds with developmental or learning delays, 9540
intra & interhemispheric transfer processes during programming of pointing with preferred vs nonpreferred hand & relation to RTs, 22–35 yr old right vs left handed males with vs without brain damage, 28210
left hemisphere & interference in oral-motor & manual output systems during dual-task paradigm, male students, 26394
length of movement sequence, grip pattern & reconfigurations vs rotations in adjustment of contact of right hand with 8-sided object, Ss implications for advance planning of actions, 3513
locomotor experience, development of spatial search ability, 4–144 mo olds, 4453
locus of time of anticipatory awareness of voluntary movement, 20–32 yr olds, 23070
longitudinal decline in cognitive or psycho- or oculomotor function, presymptomatic gene or non-gene carriers at risk for Huntington's disease, 3+ yr follow up, 24821
lorazepam vs oxazepam treatment, psychomotor retardation & mutism, 21–77 yr old patients with psychiatric disorders, 31689
low dose 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, frontal cognitive & oculomotor & skeletomotor dysfunctions in spatial delayed response task, female rhesus monkeys, 17103
low doses of alprazolam, psychomotor & cognitive performance, healthy 20–25 yr olds, 632
M. McGraw's study of higher order motor control of neuromotor & mental systems development theory of unaided walking during 1st yr of life, 7449
manual & hemispatial asymmetries in visual aiming movements with preferred vs nonpreferred hand, right-handed college students, 26379
matching & imitation of hand & finger postures, patients with right vs left brain damage, 21557
mechanosensory information in movement control & role in speech-orofacial motor performance, 7285
methionine, ethanol induced loss of righting reflex, mice, 36591
model of the contribution of oculomotor & optical factors to emmetropization & myopia, 16484
motor & perceptual factors, congruency of hand movements in pseudoneglect, right-handed 20–25 yr olds , 22996
motor asymmetries between dominant vs non-dominant hands, real vs imagined motor task performance, 9–59 yr olds, 13257
motor cortical encoding of serial order in context recall task, monkeys, 16904
motor decisions & inhibition, event-related coherence & brain area synchronization in visual discrimination task, 21–46 yr olds, 3981
motor processes in mental rotation, 21–29 yr olds, 3564
mouse experience in computer performance, right & left-handers with right-handed mouse experience vs left-handers with left-handed mouse experience, handedness theory implications, 13258
movement amplitude vs target width, divided attention during concurrent bimanual motor responses, college students (mean age 25.3 yrs) , 23071
naps &/vs modafinil, psychomotor performance in simulated military operations, sleep-deprived 28–47 yr old male military personnel, France, 17025
natural goals & operators & methods & selection rules Language for Assembly model, prediction of assembly time, 18–32 yr old males who assembled pseudo-printed circuit boards, 13252
nervous system involvement in visual input transformation into motor command, 461
neural concomitants of perceptual processing in frontal eye field, gaze control & saccade initiation & eye movement RT duration & variability, 20141
neural network model for early sensorimotor development, implications for treatment of motor disorders, 22770
neural representations of sensory events & psychophysically quantified behavior, 32782
neurological signs & psychomotor performance, 18–46 yr old patients with first-episode vs chronic schizophrenia vs their parents classified as family history positive vs negative for psychosis, 24254
neuromagnetic responses in hippocampus during motor reaction to auditory cue within multimodal stimulation, 25–50 yr olds, 29865
neurophysiological coordination between afferent & efferent components of nervous system in speech & motor functions & methods for assessment, 7292
nicotine presence from smoking vs smoking abstinence, perceptual & motor processes & working memory, 18–22 yr olds, 731
object & target size in tasks of various difficulties, manual asymmetries, right handed college students, 26376
olanzapine vs haloperidol vs placebo, attention & memory & psychomotor function, healthy 62–81 yr olds, 23489
patterns of frontal cognitive & memory impairment, melancholic &/vs nonmelancholic depressed patients, 11350
perceptual & premotor influences on neglect in line bisection task, patients (mean age 64 yrs) with left hemispatial sensory neglect after stroke, 5284
perceptual aspects of implicit motor sequence learning, college students, 19871
perceptual mechanisms in tracking & catching fly ball, male ball catchers, 10052
perceptual motor noise, motor responses, 19–56 yr olds, 19794
perceptual/motor & cognitive processing speed, patients with Lyme disease, 11807
performance & preference & task complexity in ipsilateral vs contralateral hemisphere, preferential reaching with right hand, right-handed college students, 26377
performance of pointing vs dragging computer mouse operations, inexperienced 7–8 & experienced 5–6 vs 8–9 vs 11–12 yr olds, 4434
performance on 1 vs 2 dimensional eye-arm random pursuit tracking task, 20–40 vs 55–75 yr old males vs females, 6829
peripheral & central visual information for directional control of manual aiming movements, Os, 26297
peripheral cue effect on visual detection sensitivity, simple vs reaching motor RTs & eye movements, 19–32 yr olds, 13254
physiological correlates of poor performance on tests of lateral stability for balance assessment, 63–90 yr olds, 33703
pointing & grasping performance with vs without on-line visual feedback, 53 yr old male with unilateral visual neglect after right hemisphere damage, 28148
pointing vs grasping performance, younger (mean age 23 yrs) vs older (mean age 69 yrs) adults , 27099
position of egocentric reference & RT & accuracy of production of lateralized arm movements, 40–69 yr old right-brain damaged patients with vs without left neglect, 5320
posterior association cortex lesions, flanker effect in motor responses to color discrimination task, 47–83 yr olds with lesions of temporoparietal junction vs posterior association cortex, 5398
postulates on visuomotor transformations necessary for adaptive locomotor behavior in humans, 6826
postural demands & manual asymmetries, pegboard performance, right-handed college students, 26381
prepulse inhibition of acoustic startle response & sensorimotor gating, male vs female rats, 4048
pretreatment of different dosages of nicotine, ethanol & diazepam impairment of air righting & ethanol impairment of radial maze performance, male rats, 30059
promotion of functional vision use & connections between sensory & motor systems, children with visual & motor impairment, 24680
psychological workload & neuroendocrine responses associated with psychomotor test performance, 18–22 yr old males participating in Air Force pilot selection, 20243
psychophysical approach to body-centered reference frames in short term memory for reaching to visual targets, Ss, 217
quantitative examinations of internal representations for arm trajectory planning & minimum commanded torque change model, 22–26 yr olds, 19790
rate of forgetting for motor &/vs cognitive tasks, male pilots performing typical tasks in flight simulator, 13169
ratings of perceived exertion, adult males, 579

relationship between orthographic-motor integration related to handwriting & ability to generate creative & well-structured written text, 1st graders, 10778
representation vs production-execution deficits in apraxia, 60–76 yr olds with corticobasal degeneration, 28166
response complexity effect using elbow extension/flexion movements, college students, 3511
response-selection bottleneck hypothesis & practice, choice of task-scheduling strategies in perceptual–motor learning of general regularities & specific sequences, college students , 19854
rich sensorimotor prior waking experience, neuronal plasticity associated with zif-268 brain gene expression levels during rapid eyemovement & slow wave sleep, male rats, 36504
role of ipsilateral hemisphere in mirror writing with preferred vs nonpreferred hand, left- vs right-handed college students, 26380
role of optic flow & 3-dimensional perception & cognitive representation of spatial envelope in visually controlled locomotion, 6749
role of sensory array & internal state of adaptive processes in action–perception patterns, 6750
role of vision in closed vs open loop processing in manipulation, 18–39 yr olds, 19792
RT deficits in Parkinson's disease, 2027
rules governing information transformation of & role of kinesthetic & visual input in goal-directed reaching movement, 20–36 yr olds, 3431
Salpetriere Retardation Rating Scale & other measures of psychomotor retardation & assessment of depressive symptom severity & antidepressant treatment response, 32
scale-invariance in a perceptual motor system as a unifying principle for classical psychological laws, 13016
scaling grip configurations to displace objects that systematically vary in length & mass & density, 22–49 yr olds, 26378
scores on cognitive & perceptual & motor & psychological measures, 14–15 & 20–22 yr old basketball players, 6355
selective quinolinic acid lesions of prelimbic area of medial prefrontal cortex, mediation of reward & psychomotor activation effects of cocaine & MK-801 & morphine & amphetamine, male rats, 7092
semantic category interference effects, kinematics of reach-to-grasp movement, undergraduates, 23072
sensorimotor & cognitive tasks known to activate regions of heterotopic brain malformations, regional cerebral blood flow, 8–23 yr old patients with intractable epilepsy, 5383
sensorimotor gating abnormalities & thought disturbances measured in close temporal proximity, 24–53 yr old males with schizophrenia, 14571
sensorimotor processing & force development during precision grip task, 42–82 yr olds with Parkinson's disease vs hemiparkinsonism, 5334
sensory & cognitive & motor deficits & advice about driving & impaired driving behavior, traumatic brain injury survivors, 5336
sensory & motor abnormalities & CNS pathology, complex regional pain syndrome patients with vs without trigeminal hypoesthesia, 5246
sensory-motor measures & social behaviors as predictors of autism, 9 mo olds, 3 mo study, 27915
separate vs integrated training of bimanual tapping, accuracy of concurrent vs individual hand rhythm tapping, nonmusician undergraduates, implications for integrated sensory-motor representation, 6822
sequential vs fixed & slow vs fast movement, frontomesial cortical areas in self-initiated vs visually triggered movements, 26–52 yr olds, 29779
sex & skill level, visuoperceptual speed, karate practitioners, 3517
simple drawing tasks, assessment of psychomotor retardation, depressed 18–65 yr olds receiving antidepressants, 34129
simulated movement through minimal but moderately naturalistic environments, constraining & accuracy of heading judgments, Os, 10010
single dose triazolam administered during follicular & periovulatory & luteal phases of menstrual cycle, mood & cognitive & psychomotor performance & hormone levels, 18–35 yr old females, 36613
sinusoidal lateral & fore–aft oscillations vs yaw rotations around vertically tilted axis, oculomotor control of primary eye position, monkeys, 13549
sleep deprivation, performance on psychomotor tests that commonly measure CNS effects of drugs, healthy 20–24 yr olds, 17115
stimuli located in contralesional somatotopic space, cross-modal & sensorimotor integration in tactile awareness, patients with tactile extinction , 36130
subjective & psychomotor & physiological effects of cumulative doses of opioid mu agonists, healthy 21–32 yr olds, 23597
subjective & psychomotor & physiological effects of pentazocine vs morphine, 21–39 yr olds, 4304
surface height & stepping restriction & presence of visual input, postural control during quiet stance, 20–35 yr olds, 36200
target location shift, correction of hand position during midreach, 7 mo infants, 7379
task analysis of visual-motor demands & developmental appropriateness of children's mouse-operated computer software packages, 16222
temporal phasing of tongue & lip movements in vowel-consonant-vowel sequences, adults, 13870
temporal relationship between eye fixations & manual reactions in visual search, 19–24 yr olds, 13199
time course & extent of attentional shifts associated with compensatory balancing reactions, 21–27 yr olds, 36204
time course of saccadic extraretinal eye position information associated with hand- & gaze-pointing, adults, 16449
treatment with lithium salts & control in isometric force with visual target, 43–68 yr olds with manic depressive illness, 5671
use of activity boxes, parents of .5–8 yr olds who are blind or deaf-blind or have severe learning disabilities & visual impairments, 25509
use of lateralized readiness potential & error related negativity scalp ERPs for assessment of preparation & sensory motor interaction & response evaluation in cognitive neuroscience, 541
use of Web-based instructional video image system for study of human motor coordination, 15860
vector-averaged smooth pursuit eye movement responses to 2-target vs single target stimuli before vs after learning, monkeys, 36424
visual & attentional & perceptual & cognitive & psychomotor abilities & structured road test performance, 62 yr old & older drivers with vs without unsafe driving incidents, 29232
visual exproprioception & motions of the body's center of pressure, 17–37 yr olds, 6755
visual input, reaching & grasping for illuminated vs darkened object, 5 vs 7 vs 9 mo olds vs adults, 20510
visual lateralization, detour behavior toward visually imprinted stimulus, chicks, 10463
visual/CNS vs cognitive domain-specific skills, skilled perception & performance in sport, expert vs intermediate male soccer players, 12910
visuomotor control during aiming movements, 7 & 9 yr old males with developmental coordination disorder, 27935
visuomotor processing efficiency of reaches & interference from distractors to target location during visual search & target-directed action tasks, college students, 32889

Perceptual Motor Processes [See Also Perceptual Motor Coordination, Sensory Integration, Tracking]—Books

Otolith function in spatial orientation and movement, 23279
Studies in perception and action V, 26382

Perceptual Motor Processes [See Also Perceptual Motor Coordination, Sensory Integration, Tracking]—Chapters

Control of spatial orientation of the angular vestulo-ocular reflex by the nodulus and uvula of the vestibulocerebellum, 23281
Inertial processing of vestibulo-ocular signals, 23370
Insights into working memory from the perspective of the EPIC architecture for modeling skilled perceptual-motor and cognitive human performance, 19878
The interaction of otholith and proprioceptive information in the perception of verticality: The effects of labyrinthine and CNS disease, 24862
Language and action: Current challenges, 269
Mechanical, neural, and perceptual effects of tendon vibration, 3523
The objects of action and perception, 16532
Optical flow fields and Bernstein's ''modeling of the future'', 3525
Response synchrony, APG Theory, and motor control, 36481
The role of the otoliths in perception of the vertical and in path integration, 23371

Perceptual Neglect [See Sensory Neglect]

Perceptual Orientation [See Also Spatial Orientation (Perception)]—Serials

body tilt, orientation selectivity of visual cortex neurons, alert monkey, 10502
body–apparatus tilt conditions, perceptual motor performance & judgment of body orientation & equilibrium, 24–35 yr olds, 10012
category & angle of orientation of object & function of task, misorientation on identification of natural objects & artifacts, 18–36 yr olds, 23086
E. H. Weber's contribution to tactile sensory anisotropy, 26315
haptic perception, perceived distance walked, blindfolded 19–40 yr olds , 21633
object-specific practice & prior experience & recognition thresholds for plane-disoriented pictures of familiar objects, Os, 32918
orientation & pattern familiarity, Braille recognition, congenitally vs late blind vs sighted 18–48 yr olds, 31363
performance of visual–& tactile–spatial judgments of axis orientation in frontal plane, 45–61 yr old patients with left-sided visual neglect, 37863
role of perceptual grouping & encoding of closure of local elements during processing of hierarchical patterns in selective attention paradigm, 20–29 yr olds , 32812
staying in plastic containers, sun compass orientation, clock-shifted homing pigeons, 16739
validity of group mean orientation effects in visual recognition memory tasks, adults, 6854
vestibular information & mental activity during active vs passive rotations, perception of orientation without vision, Ss, 6757

Perceptual Orientation [See Also Spatial Orientation (Perception)]—Chapters

Descriptions of orientation and structure in perception and physical reasoning, 16464

Perceptual Stimulation [See Also Auditory Stimulation, Delayed Feedback, Olfactory Stimulation, Sensory Feedback, Somesthetic Stimulation, Taste Stimulation, Visual Stimulation]—Serials

calmidazolium, dorsal horn nociceptor vs mechanoreceptor or proprioceptor neuronal activity induced by noxious vs nonnoxious stimuli, male rats, 20337
development & reliability & validity of Structured Interview for Assessing Perceptual Anomalies, sensitivity & attention to & inundation of sensory stimuli, schizophrenia patients, 30700
developmental intervention of multisensory stimulation, neurobehavior & neurodevelopment, preterm infants with periventricular leukomalacia, 15506
exposure to interactive multi-sensory environment, achievement & generalization of Foundation Outcome Statement skills, 5–18 yr olds with severe or multiple disabilities, 9552
left vs right C-bend biases in fast & slow turns in response to external stimuli & related muscle mass, isolated and grouped fish of different species, 36339
optokinetic stimulation with vs without fixation suppression, activation in visual motion sensitive & ocular motor & vestibular cortex areas with right hemispheric dominance, 25–31 yr olds, 3836
painful heterotopic stimulation, capsaicin induced & brush evoked pain intensity & area of brush evoked pain, 23–27 yr old males, 3450
recognition of emotional responses to stimuli in several sensory modalities, 22–42 yr olds with bilateral vs unilateral amygdala damage, 37806
roles of location specificity and masking mechanisms in attentional blink, 19–52 yr olds, 29482
stimulation of multiple sensory modalities, responses of respiratory-related medullary neurons, decerebrate artificially ventilated cats, 29821
temperament & development & physical & social stimulations, 2 vs 4 vs 6 month old preterm vs fullterm infants, 10735
temporal &/vs spatial contiguity & visual &/vs auditory modality of multimedia instruction, learning measured by retention & transfer & matching, college students, 28940
temporal structure of stream of information entering sensory system of organism & responses of sensory neurons & conveyance of information by individual action potentials, 26580
use of activity boxes, parents of .5–8 yr olds who are blind or deaf-blind or have severe learning disabilities & visual impairments, 25509
visuospatial ability & textbook instruction vs object manipulation & visual imagery, transformational geometry performance, 7th & 8th graders, 32220

Perceptual Stimulation [See Also Auditory Stimulation, Delayed Feedback, Olfactory Stimulation, Sensory Feedback, Somesthetic Stimulation, Taste Stimulation, Visual Stimulation]—Chapters

Bright Eyes: A structured sensory-stimulation intervention, 31412
SNOEZELEN®, 31399

Perceptual Style—Serials

measure of discriminating patterns in perceptual responses according to the Defense Mechanism Test, patients with severe conversion disorder, 26160
narrowly focused vs broadly spread attention, self organization of unidirectional vs oscillatory motion patterns for visual elements, college students, 165
perceptual pathway of political socialization, Swedish data collected from 15–16 yr old adolescents & their parents, 33811
stimulus intensity & lengthening stimulus interval & perceptual style & masking effects, auditory thresholds, 22–47 yr olds, 16539

Perfectionism—Serials
acculturation & self esteem & depression & perfectionism & eating disorders, male vs female Chinese college students (aged 17–28 yrs), 11737
active vs passive perfectionism & relationship to depressive affect, 17–50 yr olds, 11215
association between self vs other oriented vs socially prescribed perfectionism & internal vs external attributions for success & failure, college students, 1313
cultural or ethnic or racial differences in perfectionism, 17–32 yr old White vs African American college students, 19332
dimensions of perfectionism & depressive symptoms, 19–81 yr olds with major depression, 27591
factor structure & psychometric properties & predictive power of self esteem & psychological distress subscales of Chinese Frost Multidimensional Perfectionism Scale, 13–18 yr olds, Hong Kong, 35892
level of social interest, 17–66 yr old nonperfectionists vs adaptive vs maladaptive perfectionists, 24025
Multidimensional Perfectionism Scale, gender & family patterns of self- & other-oriented & social prescribed perfectionism, 17–38 yr old undergraduates & their 36–70 yr old mothers & fathers, 16329
perfectionism & excessive responsibility, checking behaviors & related variables in obsessive compulsive disorder, nonclinical adult Ss, 14641
perfectionism & expectations & affect & academic performance, female college students, 19293
perfectionism & self-consciousness, patients with social phobia (mean age 33.6 yrs) vs panic disorder with agoraphobia (mean age 34.5 yrs), 30787
perfectionism as multidimensional construct in statistics anxiety, 22–55 yr old graduate students, 19308
perfectionism as predictor of chronic unipolar or bipolar symptoms, adults (mean age 46.1 yrs) with depressive disorder, 1524
perfectionism, stress & psychological symptoms & hopelessness & adjustment, college students, 37149
perfectionistic personality & mood & fatigue, chronic fatigue syndrome suffers 18 yrs old & older, 34538
perfectionistic standards for academic achievement, depression & anxiety, college students, 4774
psychometric properties of Frost &/vs Hewitt Multidimensional Perfectionism Scale, 18–65 yr olds with anxiety disorders, 35952
relationship of ritualistic & perfectionistic compulsive-like behavior to prepotent vs contextual normative fears & phobias, 1–7 yr olds , 27727
self-esteem & perfectionism & family functioning & eating attitudes in early teenage years, prediction of eating attitudes & behavior in early adulthood, 12 yr old females, 7 yr study, 905

Perfectionism—Books
The narcissistic pursuit of perfection (2nd rev. ed.), 24372
Pursuing perfection: People, groups, and society, 17593

Performance [See Also Athletic Performance, Group Performance, Job Performance, Motor Performance]—Serials
4-step strategy for gross motor skill learning in sports, training & generalization & maintenance of closed skills, 16–18 yr olds with mild retardation, 32308
5-HT1A receptor agonists alone & in combination, learning & performance, rats, 7269
ability to write Chinese characters & extensive training in mathematics, performance on water-level task, Chinese vs Chinese American college students, 10114
adaptive aspects of personality that respond to objective requirements of activity, 7880
after action review as process for moving from action learning to learning from action & relation to organizational performance, 22568
age & experience in managerial practice, managerial performance, 24–59 yr old managers , 35614
age & knowledge, wisdom-related performance, adults, 33715
age & sex & education, confrontation naming performance on Boston Naming Test, adults with vs without Alzheimer's disease vs temporal lobe epilepsy, 26155
age & task experience, ability & performance on data entry, 20–39 yr olds vs 40–59 yr olds vs 60–75 yr olds, 6748
alcohol ingestion & blood alcohol concentration, residual impairment of RT & sustained attention in repeated performance, healthy 18–43 yr old males, 10625
alcohol intake, immediate vs delayed memory task performance, adults (mean age 29.17 yrs), 33388
altitude change & hypobaric hypoxia exposure, elevation dependent symptom & mood & performance changes, male US Army personnel, 309
analysis of errors in performance of 29 yr old male with color agnosia, implications for application of methodology to cross-case comparisons of color recognition disorders, 18445
anxiety & cognitive interference & self-esteem & protective self-monitoring & strategy activation on basis of anticipated attributions for poor performance, defensive pessimists vs strategic optimists, 14330
anxiety & performance, male vs female musicians (aged 17–29 yrs), 17671
approach vs bar-press settings in auditory delayed matching-to-sample task, learning & performance, male dogs, implications for studies of neural substrate of auditory recognition memory, 13408
association of failure &/or frustration with ambient odor, cognitive performance in room with same vs different vs no odor, 5 yr olds, 33614
caffeine dosage, visual task performance & information processing, 18–26 yr olds, 20364
cannabinoid ligands, learning & performance, old world monkeys, 33511
car-controlling movements, skilled driving performance, younger vs older drivers, 33697
choice, performance confidence & subjective control perception during task, female college students, 37171
cognitive & linguistic attributes underlying performance on listening comprehension test via rule-space methodology, college students, 6197
cognitive determinants of performance on Austin Maze, 17–52 yr olds, 10091
cognitive heuristics & debiasing methods, experts' ability to predict performance of novices in completing new task, novice & intermediate & expert users, 26395
cognitive theory application for computer use & training, computer-task performance, older vs younger adults, 33704
computer-aided system providing pictorial task instructions & prompts vs card system, task performance, 18–23 yr olds with severe intellectual disability, 11718
connectionist model of human performance in processing recursive language structures, 32482
Conscientiousness & accountability, performance on math-verbal skills task, business students, implications for job performance, 22595
coping self-talk & negative cognitions, task performance, 5th–6th graders with high test anxiety, 28966
corticotropin releasing hormone receptor antisense oligonucleotides, behavioral performance & anxiety in social defeat & discrimination & maze & forced swim & locomotor activity tests, male rats, 17058
counterfactual thinking, perceptions of control & exam performance, college students, 19307
development of adult like performance on forward & simultaneous & backward masking, 5–11 yr olds vs 23–43 yr olds, 29513
dichotic listening performance, 6–11 yr olds with specific language impairment, 37722
differentiated concept of ability & age, information seeking & achievement motivation & interest & performance, 4th vs 8th graders & 5th–6th graders , 9469
discriminant validity of relatedness ratings vs Pathfinder vs concept map knowledge structure measures & experience, posttraining performance, 17–43 yr olds , 6552
display clutter & intensity & head up vs down location, performance in general aviation cruise simulated fight environment, pilots, 3189
distributive & procedural justice & resulting emotional tension, proofreading task performance, business students (mean age 22.7 yrs), 14338
dysphoric vs euphoric emotional states, frontal lobe cognitive task performance, females (aged 18–51 yrs), 23448
EEG complexity & performance while solving tasks of divergent & convergent thinking & during mental relaxation, 22–35 yr old males, 10520
Effect of disruption of memory traces, working memory performance, male alcoholics (19–55 yrs old), 37544
effect of test room odors on performance & of odor-related visual cues on subsequent implicit memory for odors in rating odor–environment fit & odor identification & naming, adults, 26307
effects of automated system & task difficulty on team processes & aircrew performance in lab simulation, university students with private pilot's licenses, 9696
efficacy of self-taught &/or group memory training, memory performance improvement, community dwelling 60 yr olds & older, 1016
empirical demonstration of Parkinson's first law, college students, 16569
estimation of own performance in line bisection task, patients with left unilateral spatial neglect due to cerebrovascular accident, 8593
evaluation of VigiMouse visual performance test for detection of daytime sleepiness & pauses in vigilance performance caused by sleep loss & alcohol, female pediatry residents, 13039
event based training & distributed team training, performance measurement, Marine Corps & Air Force & Army personnel, 25977
expressive vs metronomic conditions & auditory feedback, expressive piano performance & listener detection of performances played with vs without feedback, trained pianists, 32882
fixed- vs variable-interval schedule performance, goldfish, 16772
fluid intelligence & perceptual speed, performance on frontal-lobe functioning tasks, 63–72 vs 75–88 yr olds, 33707
global ratings of videotaped performance vs global ratings of actions recorded on checklist, performance assessment with standardized patients, medical students, 1 yr followup, 35966
goal neglect as cause of interference effects on task performance in conflict situations, college students, 23084
grade retention & early school performance & gender & parental school participation & school transfers, school achievement & competence & delinquency, low-incomed minority 14 yr olds, 7 yr followup, 38873
group membership & good vs poor quality performance & performance condition, black sheep effect in evaluations of ingroup vs outgroup speaker performance, 12–13 yr old males, 20557
group vs individual performance on rule induction problems with single vs multiple hypotheses, college students, 7803
impact of flood, psychosocial factors & cognitive performance, elderly (mean age 71 yrs), 22743
individual differences & subjective goal difficulty, goal setting & performance during anagram task, 18–24 yr olds, 13295
individual differences in reflective thought & reasoning & cognitive ability & arguments for vs against normative principle, normative behavior on decision making & problem solving, college students, 19834
individual performance vs in-group's performance & individual-primacy vs collective-primacy orientation, in-group favoritism, college students, China vs US, 7788
insight of illness & executive functions, performance, patients with chronic schizophrenia (mean age 36.3 yrs), 34177
intended uses & scoring & generalization & extrapolation as issues in validity of interpretation of & ways to improve performance assessments in education, 26227
interhemispheric interaction & computational complexity, task performance, college students , 16610
interpersonal orientation & social context, performance on achievement task, 17–50 yr olds, 19888
intervention to promote regulatory strategies over a range of activities, 13–16 yr olds with moderate learning disabilities, 9554
IQ, individual differences in memory ability & test performance, 15–16 yr olds, implications for teaching methods, 32242
isolation & confinement, maintenance of complex performance during spaceflight simulation, 31–37 yr old cosmonauts, 16218
levels of automation & degree of human vs computer control, human/system performance & situated awareness & workload in computer-based cognitive control task, undergraduate students, 12994
listening to Mozart & Schubert vs narrative story, spatial-temporal task performance, college students, experimental replication & extension, 29462
long-term isolation & confinement during wintering-over expedition in Antarctic, evaluation of multiple-task performance, scientists & technicians, implications for extended spaceflight, 8 mo study, 16219
making performance prediction immediately after reading text vs after delay with test given immediately after vs after delay, accuracy of performance prediction, undergraduates, 283
massed vs spaced practice conditions & methodological rigor & task type & intertrial interval, task acquisition vs retention performance, 36117
maternal education & teaching behavior & beliefs & context, child's test performance on memory task, African American mothers & their 4-yr-olds, 36979
mental simulations of examinations, affect & subjective confidence for exam performance, college students, 32265
moderating effects of task experience & self-esteem & mediating effects of expectancy & valence, performance observation & goal setting, Os, 13315
modern glass aircraft cockpit functional interface design for improvement of human performance in high technology & automation usage, 39048
Mozart's music, IQ & performance on cognitive tasks, adults & children, 33609
one vs several factors, neuropsychological test performance, patients with AIDS, 11829
operator performance on tiller-motor system, 15–65 yr old boat operators, implications for ergonomics, 22731

organizing framework for relating cohesion to stress & strain & disintegration & performance, implications for military psychology, 17570
parameters in prediction of post operative performance, cochlear implant users with postlinguistic deafness, 22286
performance & test anxiety, Wechsler Memory Scale—Revised Logical Memory I Story A vs B, male neurological & psychiatric patients (mean age 50.2 yrs), 32677
performance in flight simulator during exposure to high G, sleep deprived males vs females, 3991
performance measurement in human service agencies, 2607
performance monitoring, relations between conscientiousness measures & task performance, college students, implications for work-related behaviors, 12849
performance of pointing vs dragging computer mouse operations, inexperienced 7–8 & experienced 5–6 vs 8–9 vs 11–12 yr olds, 4434
performance on & norms for Spanish & English versions of Boston Naming Test, young Spanish-English bilingual adults (mean age 20.82 yrs) educated in US, 6555
performance on Communication Profile for Hearing Impaired, male vs female 65–93 yr olds with mild to moderate hearing loss, 31362
performance on creative generation task, gifted 7th–12th graders (mean age 13.8 yrs) vs college students, 32317
phases of cognitive processing of hysteresis effect & hypothesis testing of said phases via mathematical model of human information processing, 26388
physical ergonomics & awareness of problems in design for virtual reality usage, users with head-mounted displays & hand-held input devices, 12953
physiological & subjective & behavioral performance effects of graded doses of oral cocaine HCL, 24–45 yr old recent cocaine users, 23575
positive vs negative feedback & low vs high self-efficacy, acceptance of initial vs repeated performance feedback, undergraduates, implications for employee evaluation & training, 38962
postnatal exposure to pentachlorobiphenyl, behavioral task performance, male monkeys, 13805
prefrontal brain activity & performance in temporal & linguistic task, 19–28 yr olds, 26582
psychological refractory period procedures in concurrent multiple task performance, college students, 19793
relation between demographic variables & perceived individual motivation & unit cohesion & performance, White vs Black vs Hispanic vs Asian male US Army soldiers, 17586
relation between general skill learning & item-specific priming across task demands, college students, 6920
relationship between neuropsychological testing & on-the-road driving test performance, adults (mean age 70 yrs) with vs without Alzheimer's disease, 5309
response monitoring & priming task performance & event-related brain potentials, patients with schizophrenia (mean age 31.4 yrs), 21143
response to & recognition of situations in dynamic system control task, 18–35 yr olds, implications for models of implicit learning & memory, 3586
roles of price & performance & expectations, consumer satisfaction in service exchanges, university faculty, 3176
salty food & breath alcohol concentration & divided attention on task performance, 21–50 yr old female moderate drinkers, 27262
sex & sleep deprivation, flight performance & mood & recovery sleep, fatigued aviators , 7146
simulated distressed submarine & low-level rations & temperature, choice RT & short-term memory performance, male Royal Navy personnel , 19832
single-use paper & pencil vs ecologically minded reusable approach to administration of neuropsychological tests, test performance, college students , 22892
sleep deprivation & vigilance task performance, 19–30 yr old males, 4040
social comparison & affiliation theory approaches to outperformance construct of 'sensitivity about being the target of a threatening upward comparison' , 17565
social-evaluative stress, self-reported & behavioral anxiety & physiological arousal & task performance, male vs females (mean age 21.2 yrs), 20222
spatial-reasoning performance immediately after exposure to Mozart piano sonata, experimental replication, 29463
sustained stress, acquisition & performance of delayed alternation task & food intake, adult male rats, 4020
sustained-release vs immediate-release methylphenidate, acute performance & self-rated behavioral & physiological effects, healthy 20–46 yr olds, 695
tacrine &/or milameline, behavioral efficacy & continuous performance during scopolamine-induced impairments, rhesus monkeys, implications for treatment of Alzheimer's disease, 26743
teammates vs individuals & implicit vs explicit instructions & shared vs remote terminals, performance in complex computer-based research task, 17–34 yr old training team members, 30417
test centered vs examinee-centered method for setting cutting scores on achievement tests, performance assessment, 8th–10th graders, 36037
test structure & other factors affecting performance in & perception of neuropsychological examination, 23–56 yr old Maori, New Zealand, 9925
testosterone levels, performance on spatial tasks, males (mean age 22.42 yrs), 36461
tetrahydrocannabinol dose of single marihuana cigarette, acute & residual subjective & physiologic & performance effects, male 24–31 yr olds, 4147
type of sentence used in repetition task of Hebrew translated Mini-Mental State Examination, performance, aged adults with dementia, 36001
use of Engagement Skills Trainer to predict live-fire rifle marksmanship performance, US Army soldiers, 9666
use of verbal & spatial memory in performance of Tower of London Task, healthy 18–25 yr olds, 10209
value of performance from memory, musicians, implications for music performance & pedagogy, 20398
visual memory disturbance in schizophrenia, Rey-Osterrieth Figure Test performance, acute & chronic & remitted schizophrenic patients , 1618
winning vs losing prior fighting experience & effect on winning subsequent contest, self-fertilizing hermaphroditic fish, 16731
Wisconsin Card Sorting Task performance, regional cerebral blood flow, 19–35 yr olds with Down syndrome, 21404
workload, performance & mental effort & distress, adult inpatients with severe closed head injury, 18410

Performance [See Also Athletic Performance, Group Performance, Job Performance, Motor Performance]—Books

Human performance and ergonomics, 22723

Performance [See Also Athletic Performance, Group Performance, Job Performance, Motor Performance]—Chapters

Adjustment of adult–child instruction according to child's age and task, 7482
Behavioral pharmacology of nicotine, 789
Benchmarks and performance measures for employee assistance programs, 25863
Control: Cognitive and motivational implications, 1028
Controlled laboratory studies on the effects of cocaine in combination with other commonly abused drugs in humans, 5117
Enhancing human performance in technology-rich environments: Guidelines for scenario-based training, 22737
Expectancy and control: Perceptual and cognitive aspects of the driving task, 22751
Exploiting the speed–accuracy trade-off, 10171
Implications of blink reflex research for theories of attention and consciousness, 22999
Interacting Cognitive Subsystems: Modeling working memory phenomena within a multiprocessor architecture, 19875
Lexical deficits, 5436
Measuring the time course of retention, 16685
Modeling human performance during system design, 22735
Modeling knowledge as competence and performance, 32749
Neurological aspects of music perception and performance, 534
Organizing and controlling learning processes within competence-performance structures, 35458
Performance enhancement training through neurofeedback, 28549
The performance of music, 800
Permanent failure and the failure of organizational performance, 29158
Pitch perception and measurement, 16561
The role of metacognitive processes in the regulation of memory performance, 3606
Searching for determinants of performance in complex domains, 10226
Testing for spatial brain dysfunction in animals, 3673
What can Rasch-based scores convey about a person's test performance?, 9807
Writing as performance: Young girls' diaries, 23802

Performance Anxiety—Serials

acquisition & development of cognitive skills & strategies underlying preperformance facilitative anxiety, 19–27 yr old male elite swimmers, 16167
anxiety & performance, male vs female musicians (aged 17–29 yrs), 17671
multimodal intervention program, facilitative interpretations of precompetition cognitive & somatic anxiety, male elite swimmers debilitated by anxiety, 5 mo follow-up, 16168
susceptibility to & differentiation between worries about performance failure & negative social evaluation, competitive college ice hockey players, 39014
task-involving vs ego-involving task structure & perceived motivational climate & goal orientations, task involvement & anxiety in physical education lesson, junior high school students, 19449
utility of Learning and Study Strategies Inventory, usage of learning & study strategies & performance anxiety, college students with learning disabilities, 22919

Performance Tests—Serials

alcohol intake, immediate vs delayed memory task performance, adults (mean age 29.17 yrs), 33388
association between continuous performance tests & heart rate variability, 7.5–12 yr old males with ADHD, 14812
components of rater error in complex performance assessment, raters, 19680
computer-based performance assessments of problem solving using networked computers, 8th graders, 26234
conceptual foundation & validation procedures & psychometric properties of Functional Performance Inventory, adults with chronic obstructive pulmonary disease, 9894
demographic & academic variables related to Master's comprehensive examination performance, graduate students, 2914
large-scale computer-based testing programs using multimedia for assessment of student problem solving & other performance tasks, 26221
methods & implications of cognitive task analysis on design of computer simulation-based performance assessment of problem solving & decision making in dental hygiene, 26082
networked simulation in assessment of problem solving by military tactical teams, 26078
performance-based assessment of social competence, preschool age children with vs without disabilities, 29028
sleep deprivation, performance on psychomotor tests that commonly measure CNS effects of drugs, healthy 20–24 yr olds, 17115
test design & fairness issues in computer-based performance assessment of problem solving in architectural licensure examination, examinees, 26241
test–retest reliability of performance based measures of functional limitation, frail elderly (aged 64–95 yrs), 10921
use of clock drawing tests, assessment of cognitive function, patients with schizophrenia, 14553
validity of artificial neural network approach in simulations of problem-solving domains, 26086

Performance Tests—Chapters

Performance assessment using complex tasks: Implications for children with high-incidence disabilities, 16386

Performing Arts [See Arts]

Periaqueductal Gray—Serials

brief social defeat stress, c-fos expression in periaqueductal gray & behavioral sensitization to cocaine, male mice, 10624
changes of orphanin FQ immunoreactivity in cerebroventricular perfusate & periaqueductal gray & amygdala, female rats made tolerant to morphine, 20393
chronic morphine administration, GABAergic synaptic transmission in periaqueductal gray area, rats, implications for mechanism of opioid dependence, 7212
electrical stimulation of thalamic nucleus submedius vs periaqueductal gray, visceral nociceptive responses of spinal dorsal horn neurons, rats, 29836
escapable vs inescapable electric tailshocks, extracellular 5-HT in ventral hippocampus & periaqueductal gray, male rats, 4015
expression of somatostatin receptor protein on neurons in periaqueductal gray & spinal cord, male rats, implications for role in analgesia & nociception, 3909
fear-conditioning & sham vs electrolytic lesions of periaqueductal gray, conditioned suppression & freezing, male rats, 36397
flesinoxan, effects on panic-like aversion induced by stimulation of dorsolateral periaqueductal grey, male rats , 23519
glycine vs glycine receptor antagonist HA966 microinjections along rostrocaudal axis of dorsal periaqueductal gray matter, elevated plus-maze performance, rats, 10671
intra-periaqueductal gray injection of galanin, nociceptive response latency, rats, 30066
lesions of caudal intercollicular periaqueductal gray, maternal behavior & kyphotic nursing posture & sexual proceptivity & aggressive behavior & fear, lactating female rats with pups, 7071
lesions to midbrain central grey & dorsal raphe, medial forebrain bundle self-stimulation, male rats, 531
morphine & morphine-6 beta-glucuronide & dose, analgesic potency elicited from periaqueductal gray or locus coeruleus or rostral ventromedial medulla, male rats, 4189
morphine injections to intra-lateral &/vs intra-dorsal periaqueductal gray, tolerance development, male rats, 30058

morphine vs kainic acid in periaqueductal gray, antinociception & immobility & wild running, male rats, 4225
neuropeptide Y receptor antagonists in dorsal periaqueductal gray matter in regulation of anxiety in social behavior, male rats, 4176
periaqueductal gray lesions of lateral vs ventrolateral vs rostral area, maternal & sexual & aggressive & infant nursing behavior, female rats & their pups, 3879
sex & adult gonadectomy, morphine-induced antinociception elicited from ventrolateral periaqueductal gray, rats, 13556

Perinatal Period—Serials

brain N-acetyl-aspartate concentration reduction during perinatal period, adult male rat offspring subjected to stress, implications for neurodevelopmental disorders, 11926
calmodulin presence & concentration in hypothalamus, testosterone perinatally treated females & tamoxifen perinatally treated males, 737
emotional adjustment, 19–46 yr old pregnant couples with vs without history of perinatal loss, 28019
epidemiology & etiology & assessment & treatment of perinatal mood disorders , 1548
examination of social economic practices related to perinatal death based on T. A. Rando's model of complicated mourning & analysis of interactions with social institutions, male & female parents, 23882
facial recognition, 5.25–20.33 yr olds with left vs right hemisphere damage after perinatal or prenatal stroke, 18344
gestational maturity & perinatal hypoxic risk, intellectual outcomes, 4.0–6.9 yr olds, 33632
infant & maternal characteristics & attachment & medical & environmental & biological factors, identification & treatment of risk factors in newborns & infants, 34753
M. McGraw's study of higher order motor control of neuromotor & mental systems development theory of unaided walking during 1st yr of life, 7449
Maternal Perinatal Scale ability to predict & distinguish learning disabilities, 6–16 yr olds, 1869
mental disorders associated with childbearing, 1483
neonatal hippocampal damage, rats, heuristic animal model of etiology & pathophysiology of schizophrenia, 23329
neonatal individual differences & behavior & initial maternal interactional style, infant developmental outcome, preterm infants & their mothers, 6–8 mo study, 33583
olfactory cues, maternal recognition of lambs within first day postpartum, mother ewes, 33154
perceptions of obstetricians & midwives & student midwives & nurses & husbands during perinatal period, pregnant 20–35 yr olds, 20912
potential perinatal risk factors for anorexia nervosa, females born between 1973–1984 & diagnosed with anorexia nervosa between age 10–21, 27970
prenatal & perinatal complications, development of schizophrenia & bipolar disorder, 37260
prenatal & perinatal influences on risk for psychopathology in childhood & adolescence, high school students, 4864
pre–perinatal disturbances & disadvantaged familial environment at age 7 yrs, violent vs nonviolent criminal offending, high risk inner city 7–22 yr olds, implications for biosocial hypothesis, 18112
repetitive pain during neonatal period with increased brain plasticity, development of pain system & pain thresholds & defensive behavior & alcohol preference & social discrimination, adult rats, 23446
risk of attachment disturbances, 25–40 yr old mothers & their 12 mo olds born 12–19 mo subsequent to perinatal loss, 23768
views on facilitation of perinatal substance abuse treatment & successful program components, pregnant women & program administrator & treatment provider focus group participants, 38610

Perinatal Period—Chapters

Prenatal and perinatal stress: Implications for neonatal soothing and integrity, 20644

Peripheral Nerve Disorders [See Also Myasthenia Gravis, Neuralgia]—Serials

hyperalgesia as result of peripheral tissue or nerve injury & effects of pharmacology & descending projections from brain stem sites in counteracting spinal cord hyperexcitability, 1927
prevalence of peripheral neuropathy, HIV-seronegative vs HIV-seropositive iv drug users, 30867
stimulation of ipsilateral scalp & infrazygomatic region of face & back, development of dysesthesia & shooting pain in arm, 63 yr old male with partial nerve injury, 21488

Peripheral Nervous System [See Also Autonomic Nervous System, Cranial Nerves, Neural Pathways, Spinal Nerves]—Serials

central & peripheral mechanisms of neuropathic pain following peripheral nerve injury, 37811
chronic lithium maintenance therapy, peripheral nervous system & sensory & motor nerve conduction velocity, 21–65 yr olds with bipolar disorder, 21889
computer mouse design, carpal tunnel pressure & wrist posture during dragging & pointing tasks, 22–45 yr olds, 39035
cortical vs peripheral silent period during leg muscle contraction, adults with primary restless leg syndrome, implications for etiological role of human biological rhythms, 37831
EMG assessment of cortical output reorganization in stump muscles, 41–72 yr olds 21–65 yrs after arm amputation, 26639
positive symptoms associated with & underlying pathophysiologic mechanisms & diagnosis & treatment of peripheral neuropathic pain syndromes, 37909
timing & force control in initiation & execution of sequential finger tapping task, 8–11 yr olds with vs without motor coordination deficits, implications for peripheral processes in clumsiness, 21595

Peripheral Nervous System [See Also Autonomic Nervous System, Cranial Nerves, Neural Pathways, Spinal Nerves]—Chapters

Pharmacology of chronic pain, 17129

Peripheral Vision—Serials

absence of central visual field, gaze shifts in direction of fast phase during optokinetic nystagmus, 22–46 yr olds, 19708
contour integration of micropatterns in normal peripheral field, adults, 16486
factors in foveal vs peripheral pattern discrimination, Os , 16504
luminance & apparent motion in peripheral drift illusion, 36144
peripheral & central origin of RT delay & visually evoked potentials at high spatial frequency, adults, 16976
peripheral & central visual information for directional control of manual aiming movements, Os, 26297
peripheral analysis & fixation duration during multiple fixation search, adults, 16488
peripheral letter acuity, Os, test of sampling-limited hypothesis, 36133
peripheral visual information & subthreshold cues, visual orienting in covert spatial attention, adults, 10042
pictorial simulation of peripheral acuity, 6760
presentation of blurred edges, sharpness overconstancy for foveal viewing, 23–43 yr old Os, 23028
sampling limits & critical bandwidth, peripheral letter acuity, Os, test of energy insufficiency vs masking hypotheses, 36134
scaling & size of stimuli, detection of peripheral visual targets, adult males, 159
spatial frequency & retinal eccentricities, foveal & peripheral pattern recognition, Os & computer simulation of ideal O, 171
spatial tuning of color & luminance peripheral vision across visual field with filtered noise masking, adults, 16503
temporal resolution in extra-foveal visual field assessed with 16-point diagnostic strategy vs visual EP procedure, 31–73 yr olds with multiple-sclerosis-neuropathy, 28211
topographic variations of sustained focal attention, peripheral letter recognition performance, 18–34 vs 51–58 yr olds, 16500

Permissiveness (Parental) [See Parental Permissiveness]

Perpetrators [See Also Criminals]—Serials

attitudes about violence & frequency of aggressive behavior toward peers, 7th–9th graders, 30856
childhood history of sexual abuse, 38-yr-old recidivist pedophile, 21242
chronicity & help-seeking behavior, 18+ yr old marital vs acquaintance vs stranger sexual assault female survivors, 37483
cognitive factors & attitudes in etiology of & proclivity to rape, male rapists, 11519
content analysis of British TV programs for portrayal of ethnic groups as aggressors &/or victims of violence, 4389
crime scene behavioral themes & victim & offender characteristics & interaction & stylistic distinctions in role of aggression in stranger homicides, 15–49 yr old offenders & 1–70 yr old victims , 34413
cultural myths & psychological processes in minimization or denial of female-perpetrated child sexual abuse, 18106
demographic & crime characteristics, 18–59 yr old male mass murderers, 24562
depression & child abuse histories & current attributions, mothers of 11–15 yr old males who were victimized perpetrators of sexual abuse or nonvictimized perpetrators or victims only, 11551
development of Child Molester Empathy Measure, nonfamilial child molesters, 9833
dialog group to deal with lingering trauma of Holocaust, German & Israeli family therapists who are descendents of Holocaust victims & Nazi perpetrators, 38717
discourse analysis of perpetrator gender in accounts of male violence against females in professional & popular literature , 11554
distributions & characteristics of spouse abuse victims & offenders in US Army Central Registry, US Army soldiers & spouses, 1989–97, 12918
drinking in the event & lifetime drinking history, risk of physical assault perpetration &/vs victimization, 18–55+ yr olds, 27819
drug use predictors of domestic violence perpetration & victimization, females in methadone treatment for opiate addiction, 5071
emotional reaction associated with bullying incident, primary & secondary school age bullies & victims, 9505
explaining harmdoing & condoning attitude toward perpetrators of evil & violence, 37489
female perpetrators of child sexual abuse, 24421
frontal lobe deficits as measured by neuropsychological tests, men who commit domestic violence, 11517
harasser's organizational status & power & desirability, sexual harassment perceptions, 17–41 yr old female college students, 34302
in-school intervention program, suspension rate & level of violence, elementary school bullies & victims & bystanders, implications for understanding role of parental contributions & home environment, 38927
modus operandi in intrafamilial vs extrafamilial sexual child abuse, adult vs adolescent male offenders, 1705
One by One Dialogue Group for disclosure of Holocaust-related family histories & experiences, descendants of victims & perpetrators, 18764
pedophilic interest & sexual preferences, biological vs other incest offenders, 21375
perceived obstacles to criminal prosecution of battering partners, battered females (aged 18–46 yrs), 26052
perpetrator personality, post-separation reactions, victims of abusive relationships, 27772
physiological reactions to arguments, interactions, batterers & their wives, 27761
prediction of prison-based sex offender treatment program, incarcerated adult male sex offenders, 22298
psychiatric issues of sexual abuse victimization & perpetration, 11–46 yr olds with developmental disabilities, 21389
rates of violence exposure & perpetration, male Army recruits vs adolescents from suburban & inner city high schools, 24394
recidivism rates, adult incest offenders vs extrafamilial child molesters vs exhibitionists vs rapists, commentary, 11512
reconsideration of various approaches to working with victims & perpetrators of war crimes, feminist therapist, Serbia, 28303
relation between pathological narcissism & serial homicide, male 30 yr old convicted murderer, 1837
relationship characteristics, gay male victims or perpetrators of domestic violence, 5012
relative effectiveness of 4 different approaches to batterer intervention, adult male batters & their female partners, 15 mo study, 12557
research on effectiveness of treatment for & recidivism of adult male sex offenders, 14796
research on effectiveness of treatment for & recidivism of adult male sex offenders, commentary on literature review, 24927
research on effectiveness of treatment for & recidivism of adult male sex offenders, commentary reply, 24907
role of music in the Holocaust, implications for music therapy with survivors, 13855
Rorschach test scores, detection of minimization of psychopathology, 20–78 yr old male cleric vs noncleric alleged sex offenders, 6638
sex role traditionality & victim–perpetrator association, rape perceptions, college students (aged 17–52 yrs), 24463
social & personal determinants in perpetrating or being victim of workplace aggression, adults, 32373
social cognition & ratings of bulliers vs followers vs victims, 7–10 yr olds, 33678
social processes & relational behaviors associated with stalking, 4718
status of assessment & treatment programs for sexual offenders in North America, 14803
typology of male batterers & origins of & self psychological treatment for domestic violence, 15162
use of file-based data in forensic psychiatric research, violent & sex offenders over age 15 yrs, 24565
validation of Massachusetts Treatment Center Rapist Typology, therapeutic intervention implications, 14799

Perpetrators [See Also Criminals]—Books

Dangerous sex offenders: A task force report of the American Psychiatric Association, 25573

Perpetrators [See Also Criminals]—Chapters
Brother nature? Therapeutic intervention with young men who sexually abuse their siblings, 5484
The distinctive political views of hate-crime perpetrators and white supremacists, 27913
Serial murder: Popular myths and empirical realities, 8415
Therapeutic issues in work with young sexually aggressive children, 5482
Young children who exhibit sexually abusive behaviour, 5064
Persecution—Serials
legend of Galileo's persecution by Roman Catholic Church as example of scientific folklore, implications for scientific ideology & culture, 22814
persecution & genocide, children with disabilities, Nazi Germany, 7627
Perseverance [See Persistence]
Perseveration—Serials
behavioral & neuroanatomic characteristics of motor perseverative behavior on line cancellation task, 24–87 yr olds with left hemispatial neglect from right hemispheric stroke , 21589
frequency of perseveration on neuropsychological tasks, normal 20–35 vs 60–75 yr olds, implications for perseveration as marker of possible neuropathology or brain injury, 16364
paraphasias & perseverations in & visuo-semantic activation of modality specific visual misnaming, 77 yr old male with emoblic stroke, 1996
recurrent & continuous forms of motor perseverations in motor intentional disorders & association with frontal lesions, 5301
rule selection vs execution & perseverative errors on postswitch phase of Dimensional Change Card Sort, 3–5 yr olds, 19577
statistical tools for revealing verbal perseverations & assessing their significance & characteristics, 30–76 yr olds with impairments affecting different stages of the verbal processing chain, 5321
Persistence—Serials
attributional style, persistence in engineering majors, female college students, 35533
change of operant schedule contingencies & reinforcement density, allocation of behavior predicted by behavioral momentum, 60–79 yr olds, 23820
cognitive vs interpersonal vs childhood adversity perspectives on maintenance & persistence of depression, implications for understanding chronic depression, 24209
controlled motivation & perceived importance of thinness for self-esteem & social context, persistence & intensity of dieting & subjective well being, 12–16 yr old females, 5 mo follow-up, 24045
group size & task persistence time, brainstorming performance, individuals vs dyads vs 4- vs 6-person groups , 11127
persistence of psychiatric symptoms & symptom groups, children, 4 yr study, 24091
relationship between vocational identity & academic achievement & persistence in college, entering college students, 3 yr study, 9504
reliability & validity of Investment Model Scale as measure of relationship commitment & satisfaction & alternative quality & investment size & persistence, college students, 7818
social support & university comfort & self-beliefs, academic persistence, African American college students, 28988
time factors in prediction of achievement & dropout, 6–16 yr olds learning violin or viola, 9429
Persistent Mental Illness [See Chronic Mental Illness]
Person Centered Psychotherapy [See Client Centered Therapy]
Person Environment Fit—Serials
application & use of Person-Environment-Occupation Model in occupational performance interventions, 32061
application of Model of Culture Fit & attitudes toward sociocultural environment & internal work culture & human resource management practices, managers & employees, India vs Canada , 29115
application of person-environment fit theories to the transition from school to work process, 25847
childhood neuroticism & cognitive ability & anxiety & depression, adult person–environment relationships & stressful life events & mental health, Ss born in 1946 & assessed until age 43 yrs, 37339
dimensions of environmental competence & developed scale to measure dimensions, male vs female college students, 35864
eco-psychological approach to shopping & recycling & other environmentally relevant behavior & person–environment relationship & social & psychological meaning, 39031
environmental access & approaches for barrier reduction, preschool age children with visual impairments, 15067
epistemological dimension of representational dynamic & capacity for action & context, 33918
interdisciplinary person–environment fit model of health care, aged, 2556
J. L. Holland's theory of careers & conceptual & methodological problems in congruence research , 32338
model of personal safety & other environmental concerns, sense of control & emotional well being, college students, 9704
person-environment fit & occupational stress, 24–59 yr old vocational teachers, 22413
person–environment congruence in prediction of job performance, 20–51 yr old customer service representatives, 12808
person–environment fit & everyday competence, visually impaired adults (aged 59–92 yrs), 21636
person–environment fit theory in work & family stress & well-being, 21–69 yr old university employees, 12763
psychological well-being & perceived supportiveness of environment with personal projects in everyday places, 28–33 yr olds, 30467
shared values in person–organizational fit, contextual & task performance, adult employees & their supervisors, 35607
typology of patient demographic & institutional characteristics & inmate–institution fit, inmates & pretrial detainees admitted to forensic psychiatric hospital, 25560
user interface affordance in planning representation & artificial intelligence model of acting in environment, 39049
Person Environment Fit—Books
Ecological psychotherapy: Developing by shaping the personal niche, 21707
Person Environment Fit—Chapters
Age and memory: Perceptions of forgetful young and older adults, 32987
Assessing special care units for dementia: The Professional Environmental Assessment Protocol, 35269
A Day's Journey Through Life©: An assessment game, 35755
Descriptions of orientation and structure in perception and physical reasoning, 16464
Environmental design features and the well-being of older persons, 31501
Evaluating models and measures of environmental performance, 35753
The imagery of personal processes in an urban environment: Multiple readings of urban transformations, 29214
Measuring constraints to inhabitant activities, 35754
Measuring the influences of physical environments on the behaviors of people with impairments, 32582
Person–environment fit in the selection process, 29089
Research implications of universal design, 35752
Scaling problems in the design of work spaces for human use, 22741
Selecting person–environment assessments, 32581
Student responses to architecture schools, 29010
"The Enabler" applied to occupational therapy: Reliability of a usability rating scale, 32584
Theory as a basis for research on enabling environments, 35756
Wayfinding performance by people with visual impairments, 34719
Personal Adjustment [See Emotional Adjustment]
Personal Computers [See Microcomputers]
Personal Construct Theory [See Personality Theory]
Personal Defense [See Self Defense]
Personal Growth Techniques [See Human Potential Movement]
Personal Space—Serials
attitudes toward short-term crowding & invasion of personal space, male vs female automatic teller machine users, 32444
co-occurrence of obsessive relational intrusion & sexual coercion, college students self-identified as victims of relational intrusion or stalking, 11131
physical distance, frequency of social interactions, 16–69 yr old college students & citizens, US vs China, commentary, 27292
proxemics & attorney invasion of witness space during trials, 26037
psychological concerns about space & crowding, rural students from high vs low density populations, 27067
psychological distance & stated vs used values & integrated approach in conceptualizing organizational context of counseling, 18535
religion & significant spaces & identity development in traditional Hindu household, Hindu women, 30459
Personal Space—Chapters
Contact codes: Proxemics and haptics, 10693
Personal Therapy—Serials
personal therapy & experiences as clients, skills & attitudes & clinical work, psychotherapists, 38718
use of & attitudes toward personal psychotherapy, former vs current psychiatry residents,, 15765
Personal Therapy—Chapters
Getting the most out of personal therapy, 25639
Personal Values—Serials
academic achievement values using peer nomination procedures, Black 6th–8th graders, 9476
antecedents & consequences & mediating effects of perceived moral intensity & personal moral philosophies in ethical decision making, marketing professionals, 9692
application of individual values to study of work, adults & Spanish teachers & college students, 12852
attitudes toward family functioning & value patterns & content, families of Soviet immigrants, 1970s, Israel, 1131
attitudes toward high achievers & self esteem & equalitarianism & value priorities, college students, Australia vs Canada vs US, 1310
attitudes toward modern vs traditional value orientations & ethnic relations, Anglo- vs Mexican Americans , 27141
core life values, product consumption, 30–50 yr old mothers, implications for marketing, commentary, 6388
deontological norms, ethical judgments & intentions, marketing professionals, 3179
experienced social norm & assumed environmental consequences of behavior & personal norm, recycling behavior, human Ss , 32439
feedback in self-appraisals on ingroup vs outgroup performance, personal values, college students, 11130

maternal nausea during pregnancy, child temperamental & behavioral outcomes, children assessed at 5–7 mo & 5 & 12 yrs, 33665
maternal role satisfaction & hostile child-rearing attitudes & child's temperament & development of depressive tendencies, mothers & their 6 yr olds, 9 yr study, 24204
methodological trends in "Journal of Personality" articles, 1970–1995 , 1281
mimicry of emotional facial expressions, personality assessment, college students, 20893
motivation for collective action & personality & life experiences & women's rights activism, midlife women & women's rights activists, 33817
nature of individual differences in physiological principles of infant temperament, twins (aged 7–12 mo), 33680
neuroticism & self-esteem personality factors, vulnerability to major depression, female twins, 37333
number & nature of temperamental types, 3.5 yr olds, 1 yr study, 23751
parent personality & coparenting dynamics, changes in marital love & conflict & functioning, husbands & wives raising firstborn sons, 4 yr study, 7663
parental ratings of child temperament at age 5 as predictor of teacher rated behavior problems & adjustment & social behavior in elementary school, 8–9 yr olds, 3 yr followup, 14031
peasant family life & child education & consequences of neglectful & abusive childrearing for adult personality, 19th century Belarus, 30304
perceived parental behavior & attitudes & personality, young adults from intact vs stepparent families , 20920
personality & Christian belief, adult churchgoers, 7895
personality & cognition & information processing theories & predictors of military aggression & risk taking, W. Churchill & A. Hitler & J. Stalin & F. D. Roosevelt, 7936
personality & happiness & mental health, 16–40 yr olds, Britain vs China vs Japan, 20565
personality & marital relationships & parenting within & between generations, 23–39 yr old mothers & 42–79 yr old grandmothers, 23886
personality & mystical experience & psychopathology & belief in paranormal as transliminality & dream recall & interpretation & religiosity, adults, 24173
personality & risky health behavior & perceived susceptibility to health risks, adults, 11240
personality & social psychology perspective on defense mechanisms, 7927
personality & teasing history, perceptions of & life narratives of childhood teasing events, college students, 33969
personality & temperament & character dimensions of dietary restraint, 23–46 yr old females , 1316
personality antecedents of career orientation & stability, males vs females followed from age 8 yrs to 36 yrs , 12794
personality characteristics as predictors of subsequent new-business start-ups via Five Factor Personality Model, outplaced managers & executives, 12766
personality predictors of mood & dieting, obese women (mean age 41 yrs), 8466
personality profile & political party preference, Italian voters, 17506
personality traits & values & self actualization & aesthetic preference as criteria of form for aesthetically oriented personality type, adults, 4795
personality, males vs females with alcoholism &/vs drug use disorder vs no substance use disorder, 27867
pneumadynamic approach to personality & psychopathology & health, 27420
potential mediators of relationship between personality & tonic cardiovascular & neuroendocrine & immunologic parameters, 18–55 yr olds, 23467
prediction of positive & negative affect by resting EEG asymmetry in brain regions & relationship of EEG & dispositional mood & personality, adults, 20911
protege-initiated mentoring, personality & situational characteristics & mentoring received, graduate employees, 38946
psychological distress & personality & psychiatric variables, 17–87 yr old outpatients diagnosed with organic vs functional dysphonia, 28038
psychometric integrity of Czech version of Temperament & Character Inventory,18–60 yr olds, 32600
relationship between drinking behavior & reasons for playing drinking games & personality, college students, 20804
relationship history & personality & self-esteem & marital adjustment, postpartum marital behavior correlates, couples with 6 mo olds, 1117
relationship of ideal home environment with temperament & prevailing emotional conditions in everyday work & family life, adults, 7926
reliability & validity of the Personal Preferences Self-Description Questionnaire, evaluation of Jungian personality types, Hispanic high school students, 35905
role of affective dispositions in job satisfaction & work strain, nurses from collectivist vs individualist societies, 19172
role of pessimism & anxiety & personality in development of cancer, 31–79 yr old men with coronary heart disease, 6–10 yr follow-up, 5286
sex & personality & behavioral & temperamental risk factors for later disordered eating, 7th–10th graders, 24659
sex, relationship between personality & self-concept & academic attainment, 16–19 yr old students, 29002
similarities & possible integration of theory & classification & assessment & therapies of different scientific fields for psychosynergy in the study of personality, 27422
situational vs individual characteristics as predictors of condom use, 18–29 yr old sexually active heterosexuals, 28629
sleep patterns during 1st 2 postnatal days, mother-rated temperament at 8 mo, normal infants, 17361
social anxiety as outcome of inhibited temperament, 13 yr olds who had been inhibited vs uninhibited in 2nd year of life, 30788
social conditions & culture & personality & basic human needs & development & evolution of evil, 36914
stress & social support & recent traumatic life events, sense of coherence, 20–60+ yr olds, 20957
structure of affect as bipolar pleasantness–unpleasantness dimension, 17658
student personality self-reports & school achievement & teacher perceptions of student behaviors & attitudes, 8th graders & their teachers, 28977
temperament & ability estimation & injury proneness, toddlers (mean age 2.8 yrs), 3 yr study, 23784
temperament & development & physical & social stimulations, 2 vs 4 vs 6 month old preterm vs fullterm infants, 10735
temperament & loving styles & eating attitudes, female college students, 17694
temperament & maternal interaction & disengagement vs engagement behavior, infants & their mothers, 10835
temperament & perceived social support & depressive tendencies in adolescence, depressive tendencies in young adulthood, 15-yr-olds, 5 yr study, 27598
temperament at 24 mo & neurodevelopment & behavior, preterm vs full term children, 4407
temperament traits, 19–62 yr olds with major depression with vs without seasonal subtype &/or suicidal ideation, 27618
theories & model of & interventions to strengthen work personality in development of soft skills & successful work adjustment & job readiness & maintenance, 32060

trends in content & design & analysis in Personality and Social Psychology Bulletin & Journal of Personality and Social Psychology, 1976–1996, 11185
trends in personality psychology research, 1993–1995, 1279
tribulin activity of urine & hemodynamic condition & psychological features of personality, adults, 4082
user's & computer's personality & control over outcome, attribution of responsibility to self vs computer for failed vs successful outcomes in human computer interaction, college students, 6410
validity of new version of the Rational–Experiential Inventory, relation of rational & experiential information processing styles to personality & beliefs & ratio-bias phenomenon, undergraduates, 19600
value attainment & affective disposition, job satisfaction & performance, hotel managers (mean age 33.5 yrs), 19418

parental divorce & death & perceptions of caregiving in attachment styles & personality disorders, 18–50 yr olds , 1665
paroxetine, intermittent brief depression episodes & suicide attempts, in- and outpatients with personality disorders, 2348
pathology related to specific diagnostic clusters of personality disorder, violent male offenders, 17958
percentage of patients diagnosable with DSM-IV, patients treated in clinical practice for personality pathology, 8241
persistence of borderline personality disorder into older adulthood, 56–78 yr old patients, 1667
personality disorder as contraindication for liver transplantation, adults with alcoholic-related liver disease, 6 mo study, 8521
personality disorder comorbidity, bipolar II affective disordered patients with vs without personality disorders, 17838
personality disorder profiles & trauma histories, male combat veterans with PTSD & female childhood sexual abuse survivors, 34244
personality disorder styles & reciprocal interpersonal impacts during outpatient intake interviews, patients & mental health professionals, 27747
personality disorders in adolescence, Axis I disorders & suicidality in early adulthood, 9–19 yr olds, 1983–1993, 34240
personality pathology & concurrent depressive disorder symptomatology, adolescent females, 3 yr study, 17960
personality psychopathology & aggressive behavior, 18–50 yr olds, 1663
pharmacological & psychotherapeutic treatment, elderly with personality disorders, 31376
posthumous evaluation of personality disorder, older female, 27743
presence & severity of childhood physical &/or sexual abuse & personality disorder symptoms, males (aged 16–62 yrs), 21254
prevalence & health related functional status, adult family practice patients at low vs high risk for borderline or dependent or schizoid or schizotypal personality disorders, 37429
prevalence of comorbid personality disorders & prognostic significance for outcome, recovered vs nonrecovered schizophrenia patients (mean age 37.1 yrs), 24298
prevalence of comorbid substance use disorders, patients referred for treatment of personality disorders, 21224
prevalence of mental disorders & personality disorders & neuropsychological dysfunction, male prisoners (mean age 29.4 yrs), 15692
prevalence of personality disorders & symptoms & dimensions assessed by Temperament & Character Inventory, 66–93 yr old psychiatric patients, 37425
prevalence of personality disorders, 18–45+ yr olds in treatment for drug addiction, 34367
prevalence rates & epidemiology of personality disorders & assessment methods, male vs female sentenced inmates vs male remanded inmates, New Zealand, 27904
previous admissions & long length of stay & diagnosis of psychosis or personality disorder, increased risk of multiple readmissions, psychiatric patients, Finland, 1990–1993, 2651
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered adolescent & adults, psychiatrists, comment, 32137
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, commentary, 28885
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, comment, 32150
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, commentary, 28884
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, 15783
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, comment, 35429
psychological & psychoanalytic & psychopathological models of personality disorders, 17–63 yr olds with major depression or bulimia nervosa, 34044
psychopathology & personality disorders & traits & alexithymia & locus of control & pain perception, patients with chronic nonorganic headaches, 21482
Psychopathy Checklist-Revised scores, prediction of violent recidivism, personality disordered violent offenders aged 16–72 yrs old, 21365
psychotherapy, personality disorders, 34804
rates of completion & complications & outcome of group-orineted day traetment program, patients with personality disorder, 32014
reconviction rates, criminal offenders with personality disorders discharged directly to community vs less secure psychiatric hospitals, 5–9 yr follow-up, 34237
relationship among basic coping strategies of problem solving & social support seeking & avoidance, 19–68 yr old psychiatric inpatients with or without personality disorders, 14639
relationship between defense mechanisms & personality disorders, nonpsychotic psychiatric outpatients (mean age 32.4 yrs), 5002
relationship of 6 Rorschach aggression variables to DSM-IV Cluster B personality disorders & anger & aggression & antisocial behavior measures from MMPI-2, outpatients with personality disorders, 16333
reliability & validity of assessment of personality disorders, comparison of structured interviews among themselves vs with checklists or self-rating questionnaires, 6605
response to intensive group-oriented evening treatment, psychological mindedness & psychodynamic work & outcomes, patients with paranoid & borderline & dependent personality disorders, 12097
Rorschach analysis of DSM-IV Borderline Personality Disorder, outpatients with personality disorders, 21218
Rorschach test responses, alcoholic male inpatients with borderline personality disorder (mean age 32.3 yrs) vs mixed personality disorder (mean age 35.6 yrs), 27488
sadistic personality disorder & other personality disorders & sexual sadism, 20–73 male sex offenders, 24362
sertraline & citalopram, diagnosis of personality disorders, patients with major depression, 2304
serum cholesterol & impulsive aggression, male vs female adult patients with borderline personality vs other personality disorders, 17965
serum testosterone level & criminal behavior, male patients with schizophrenia or personality disorders, 30632
severity of disorder & patterns of self efficacy for abstinence in future, 17–71 yr old inpatients with vs without comorbid alcohol/drug dependence & personality disorders, 4855
sex bias in diagnosis of personality disorders using DSM-IV, clinicians (aged 33–84 yrs), 21222
Shedler-Westen Assessment Procedure-200, classification system of personality pathology, patients with axis II personality disorders, implications for DSM-IV, 9909
similarities & possible integration of theory & classification & assessment & therapies of different scientific fields for psychosynergy in the study of personality, 27422
social stress & history of trauma & abuse & comorbid personality &/or borderline disorder & treatment outcome, 18–37 yr old women in therapeutic community drug treatment program, 37233
Structural Analysis of Social Behavior Intrex questionnaires, differentiate features of borderline or schizotypal or no personality disorder, nonclinical young adults, 24369
structured vs unstructured assessment interviews, diagnosis of borderline personality disorder, psychiatric outpatients, 35973
symptoms & comorbid personality disorders & other clinical characteristics, 18–33 yr old females with anorexia nervosa with vs without obsessive-compulsive disorder, 17768
T. Millon's model & personality disorder types & stages of personality development & clinical diagnostic instruments & synergistic treatment methods, 27421
treatment effectiveness of psychoanalytically oriented partial hospitalization vs standard psychiatric care, patients with borderline personality disorder , 38558
treatment outcome in patients with personality &/or somatoform disorders, 30798
treatment planning & implementation of psychotherapy for personality disorders based on T. Millon's model of clinical science, 28290
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, 14614
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary reply, 14605
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary, 14624
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary, 14599
validity of Assessment of DSM-IV Personality Disorders questionnaire, measurement of trait & distress characteristics, 18–67 yr olds, 89

validity of DSM-IV & ICD-10 self report personality questionnaire vs fully structured interviews, identification of personality disorders, 18–63 yr old psychiatric patients, 50
validity of MCMI & its revisions for Axis II disorders & ability to meet requirements for admissibility of scientific evidence established by Daubert v. Merrell Dow Pharmaceuticals Inc, meta analysis, 26118
validity of personality disorders as DSM category & use of cognitive behavior therapy in their treatment, 25047
verbal learning & memory as measured by California Verbal Learning Test, adults (mean age 35.9 yrs) with schizotypal personality disorder vs other personality disorders, 8236

Giotto integrity test validity, adults in various occupations, 26247
hostility & benevolence & neosexism, 17-yr-olds & undergraduates & college educated adults, application of Ambivalent Sexism Inventory & Neosexism Scale, 35904
Hostility subscale of revised Multiple Affect Adjective Checklist, hostility, college students, 16316
Hypomanic Personality Scale factor structure & population norms, British vs Spanish vs Australian 16–93 yr olds, 35906
incremental validity of Religious Problem-Solving Scale, prediction of clergy burnout, pastors, 4581
interchangeability of big five personality traits from behavior genetics viewpoint vs indicator used, monozygotic vs dizygotic twins, 7918
internal consistency & retest reliability & confirmatory factor analysis of Self-Concealment Scale, 17–41 yr old college students, 26115
internal consistency & temporal stability of Revised NEO Personality Inventory & Interpersonal Adjective Scales, 18–55 olds, 24026
internal consistency & test-retest stability as measures of reliability of subscales of Finnish version of Offer Self-Image Questionnaire, Finnish 13 yr olds, 2 wk study, 13044
internal consistency of categorization of personality disorders on Personality Disorder Examination, 12–18 yr old vs adult psychiatric inpatients, 9871
internal structure & construct validity & correlation with health & personality variables of Satisfaction With Life Scale, global life satisfaction, 18 & 22 & 26 yr olds, Netherlands, 14292
interpersonal functioning assessment & Chart of Interpersonal Reactions in Closed Living Environments, patients detained under Mental Health Act psychopathic disorder vs mental illness classification, 22296
interrater reliability of the Advanced Psychodiagnostic Interpretation scoring system for the Bender Gestalt Test, personality & neuropsychological measure raters, 35886
linking of T. Millon's personality styles between Personality Adjective Check List & MMPI—2, psychiatric patients (aged 19–75 & normal adults (aged 17–50 yrs) , 26122
logical & judgmental moderators of criterion related validity of Occupational Personality Questionnaire, managers, 22924
measures of emotional intelligence & cognitive ability & personality, 17–55 yr olds, 40

methodology & results & validity & reliability of Pictorial Scale of Perceived Competence & Social Acceptance, measurement of self-concept, 3.1–5.6 yr old Lebanese kindergartners & teachers, 32596
Multidimensional Perfectionism Scale, gender & family patterns of self- & other-oriented & social prescribed perfectionism, 17–38 yr old undergraduates & their 36–70 yr old mothers & fathers, 16329
Negative Impression scale & Malingering Index & Rogers Discriminant Function, detection of feigning on Personality Assessment Inventory, malingerers vs real patients at forensic & correctional sites, 6629
normative data on Yale Children's Inventory & factor analysis & transferability of scale constructs from US data, screening for attention deficits and behavior problems, 8–11 yr old boys, Norway, 24596
objective personality inventories & suicide prediction & risk assessment utility, 27784
P300 & personality dimensions of Temperament & Character Inventory, hospital staff (mean age 33.7 yrs), 22846
performance monitoring, relations between conscientiousness measures & task performance, college students, implications for work-related behaviors, 12849
Personal Appraisal Inventory development & factor analysis & quantification of individual differences in personal meaning of psychiatric disorder, 21–70 yr old patients with major depression, 35922
personality assessment in workplace, employees & management, 9948
personality traits with substantial loadings on P-ImpUSS dimension & latent inhibition during rule learning task, 18–44 yr old females, 33971
predicting task & contextual performance dimensions with biodata vs personality measures, newly hired insurance sales representatives & their supervisors, 16074
predictive utility of traditional vs teacher-defined concepts of creative personality as related to creative performance, 3rd & 4th graders & their teachers, 32283
prevalence of personality disorders & symptoms & dimensions assessed by Temperament & Character Inventory, 66–93 yr old psychiatric patients, 37425
prevalence rates & epidemiology of personality disorders & assessment methods, male vs female sentenced inmates vs male remanded inmates, New Zealand, 27904
psychic structure & mental health, Health-Sickness Rating Scale & O. F. Kernberg's personality organization & R. S. Wallerstein's Scales of Psychological Capacities, 56
psychometric characteristics of Norwegian versions of Impact of Event Scale & Post Traumatic Stress Scale & General Coping Questionnaire, medical students under stress, 24330
psychometric properties of C. R. Cloninger's Tridimensional Personality Questionnaire & correlates with EPQ, male prisoners, 29371
psychometric properties of Frost &/vs Hewitt Multidimensional Perfectionism Scale, 18–65 yr olds with anxiety disorders, 35952
relationship between intellectual level & dysfunctional cognitive style–irrational beliefs measured by Shipley Institute of Living Scale & Revised Questionnaire of Absolutistic Thinking, 17–37 yr olds, 6587
reliability & validity & usefulness & limitations of observer-rated measures of defense mechanisms , 6595
reliability & validity of Singer-Loomis Type Deployment Inventory & Personal Preferences Self-Description Questionnaire, measurement of Jungian personality constructs, college students , 29327
review of research on intelligence & personality & cognitive test bias against immigrant children and job applicants in the Netherlands from 1984 to 1999, 26087
risk-taking behavior as measured by Sensation Seeking Scale & Tension Risk Adventure Inventory & Telic Dominance Scale & Desire for Control Scale, 16–29 yr olds, 7948
self-generated vs fear survey schedule generated fears, 11–18 yr olds, implications for commonality & consistency among danger- & death-related fears in adolescents, 20581
Shedler-Westen Assessment Procedure-200, classification system of personality pathology, patients with axis II personality disorders, implications for DSM-IV, 9909
Sullivan Scale vs Belonging-Social Interest Scale, reliability & measures correlation & ability to predict external criterion defined by Coping Resources Inventory for Stress, female college students, 19592
T. Millon's model & personality disorder types & stages of personality development & clinical diagnostic instruments & synergistic treatment methods, 27421
temporal stability of measures of self definition, 69–92 yr olds, 11204
test of hypothesized relationship between high score on Novelty Seeking subscale of Tridimensional Personality Questionnaire & treatment dropout, alcohol-dependent males, 11627
theories & measures of vocational interests & personality & J. L. Holland's vocational typology , 32341
trends & changes in authorship & subject characteristics & tests & techniques used in research published in 7 issues of Journal of Personality Assessment, 1937–1997, 17637
unidimensional vs bidimensional construct of compulsiveness & impulsiveness, 18–84 yr olds, 4781
use of component analysis of ipsative variables & partialling mean as alternative to ipsatization, application to data from Rosenberg Personality Questionnaire, 16295
use of Taylor-Johnson Temperament Analysis instrument for school counselors addressing conflict situations, adolescents, 35897
utility of Perception of Cognitive Structure & Emotional & Control Questionnaire, assessment of coping capacity & treatment, patients with obesity, 85
validity of bidimensional structure of Eysenck Personality Questionnaire Lie Scale, Turkish vs Finnish university students, 14310
validity of DSM-IV & ICD-10 self report personality questionnaire vs fully structured interviews, identification of personality disorders, 18–63 yr old psychiatric patients, 50
validity of Orpheus minor scales, working adults, 6597
validity of Personal Growth Initiative Scale & relation to ways of growing & gender role orientation, males vs females (mean age 19.01 yrs), 9846
validity of Physical Aggression Subscale of Aggression Questionnaire, prediction of nonlaboratory aggression, male high school hockey players , 6579
validity of Self-Description Questionnaire-II, assessment of academic & nonacademic self concept, 6th–8th graders, 32597
validity of Spanish version of Structured Interview, assessment of Type A behavior, 29–68 yr old male heart patients with vs without coronary disease , 19616
validity of use of the Internet for personality testing using Self-Monitoring Scale, 18–53 yr old undergraduate students vs 11–67 yr old Internet questionnaire respondents, 11182
women's hostile & benevolent prejudices & stereotypes about men, 16–86 yr olds, application of the Ambivalence toward Men Inventory, 35896

Personality Measures [See Also California Psychological Inventory, General Health Questionnaire, Kirton Adaption Innovation Inven, NEO Personality Inventory, Nonprojective Personality Measures, Projective Personality Measures, Sensation Seeking Scale]—Books

assessment of personalities of Bill Clinton vs Bob Dole from the conceptual perspective of T. Millon, 1155
association between interpersonal factors & depressive symptoms, 1st-time mothers, 2 yr study, 1332
association between psychological distress & personality variables, victims of Boeing 737 crash, England, 20898
attitudes & objectives & behaviors & personality traits & decision making on farms, 25–83 yr old farmers, 12765
aversive mood, intergroup judgments about fictitious threatening Black out-group, White college students with high vs low trait anxiety, 30452
behavioral & personality characteristics not related to mental retardation or obesity & age-related appearance in disorder course & effect of therapy, 0.8–36.3 yr olds with Prader-Willi syndrome, 24681
behavioral inhibition to unfamiliar & early childhood temperament characteristics, 4–6 yr olds from families at high vs low risk for developing alcohol dependence, 18052
best-fit & indicated types on Myers-Briggs Type Indicator, White vs Black female vs male college students, 16325
Big Five personality traits & correlations with life course variables, male college students, 45 yr study, 20944
Big Five personality traits & disgust sensitivity, male vs female college students, 14301
Big Five personality traits & health behavior & reporting of health problems, 75–84 yr olds, 20917
birth order, traits within five-factor model of personality, 55–96 yr olds , 7906
brief psychoanalytic counseling for emotional isolation & academic difficulties, 28 yr old male college student with eye problems, 38187
burnout, perceptions of client's personality characteristics, 20–64 yr old social workers, 19171
C. R. Cloninger's 7-factor personality model & specific depression factor & specific anxiety factor, 18–28 yr olds, psychopathological implications, errata, 27401
C. R. Cloninger's 7-factor personality model & specific depression factor & specific anxiety factor, 18–28 yr olds, psychopathological implications, 7941
calculation of J. L. Holland-style measures of congruence & prediction of job satisfaction, adults, 22615
challenge to assumption of bidirectional relations in personality–job performance meta-analysis, 9592
challenge to assumption of bidirectional relations in personality–job performance meta-analysis, erratum, 16076
changes in mood & personality characteristics, cocaine dependent females in therapeutic community, 12 mo followup, 15638
changes in quality of life & affective disturbances during cardiac rehabilitation & individual differences in trait anxiety & defensiveness & noncompliance, cardiac patients (mean age 58.8 yrs), 19034
childhood psychological traits & conditions, eminent African American females, 33965
childhood temperament & sex-differentiated maternal childrearing attitudes, development of temperament dimensions of activity & sociability & negative emotionality, 6 yr olds, 9 yr study, 7516
children's temparement & impulsivity & attentional focusing, post divorce threat appraisals, 9–12 yr olds & their parents, 13894
Chinese Self-Monitoring Scale, assessment of ability & propensity to regulate self-presentation & correlation to Eysenck personality traits, undergraduates, 7851
cognitive & behavioral & personality correlates of unsafe sexual behavior, HIV-positive 18–59 yr olds, 11845
cognitive processing style (cerebral dominance), personality traits, adults, 33968
common personality traits using the NEO-Personality Inventory, males with spinal cord injuries, 35907
comorbid affective disorders & personality traits, military personnel inpatients with alcohol abuse, 12913
comparison of ratings of personality traits, Ss with major depression or chronic fatigue syndrome (mean age 43.1 yrs), 17753
competitive climate & psychological competitiveness, self goals & sales performance, salespeople, 3064
complementary & opposite qualities for classification & synthesis in personal differences & sex relatedness, 14329
conceptualization & psychotherapeutic applications of ego functions & autonomy & cognitive style & choice & self-determination in psychoanalytic personality theory, 4811
confirmatory factor analysis approach to construct validity of responses to Flow State Scale &/vs Flow Trait Scale, measurement of psychological process of flow, athletes, 35903
conflictual or supportive social interactions, psychological distress & assessment of negative social exchanges, 18–20 yr old college students, experiment & meta-analysis, 30384
contribution of neuroticism & extraversion & daily hassles & uplifts in work & nonwork domains & job & nonjob satisfaction to overall life satisfaction, 20–57 yr old police officers, 32374
convergent validity of Temperament and Character Inventory & Coolidge Axis II Inventory, personality traits & prediction of personality disorders, 16–42 yr olds, 32598
coping strategies & personality styles & chronicity of homesickness, 17–31 yr old females, 20617
correlates of Myers-Briggs Type Indicator-Expanded Analysis Report subscale scores with independent observer ratings & behavioral descriptors, adults, 22847
correlation between J. L. Holland's typology & 5-Factor Model of personality & occupational interests, raters & 18–65 yr olds in university vocational counseling vs college students, 32732
correlation between openness to experience & rebelliousness & creative acts & interests, college students, 7898
correlation between personality type & time orientation, adults, 7879
creativity & psychoticism & other personality traits, word association performance, 26–51 yr old writers & actors, 30512
creativity & versatility, premature mortality, artists & scientists, 1302
criteria for defining role of complex character-response styles in convergent validity of MMPI and Rorschach scales, 17–72 yr psychiatric & medical patients, 16346
cross-cultural generalizability of Big Five to & factor analysis of self-rated Korean personality trait adjectives, university students, 33977
CSF neuropeptides & temperament traits, 20–72 yr old suicide attempters, 8256

cultural factors, independence & interdependence & self-embarrassability & empathetic-embarrassability & self-esteem, Euro-American vs Asian American vs Hong Kong Chinese adults , 20942
cultural factors, independence & interdependence & self-embarrassability & empathetic-embarrassability & self-esteem, Euro-American vs Asian American vs Hong Kong Chinese adults, erratum , 30522
demographic & parental characteristics & personality traits & participation in high school activities, choice of high school remembrance role, 9th through 12th graders, 35525
demographic characteristics & extraversion & neuroticism & locus of control & life events & social support as causes of happiness, 18–65 yr olds, 2.5 yr followup, 14313
demographic characteristics & personality variables & level of physical complaints, litigants with somatoform disorders vs personality disorders, 31063
demographics & personality factors & steroid expectancies as risk factors, future steroid use, male college students, 21325
demographics & personality traits & psychosocial factors, commitment & performance, 15–86 yr old volunteers in human service organizations, 3082
desirable doctor profile, perceptions of personal attributes developed by time of qualification, male vs female medical graduates, 15777
desire for structure & negative reactions to lack of structure components of personal need for structure, occupational strain, social & health care personnel, 7891
development & reliability & validity & factor structure of Schedule for Nonadaptive and Adaptive Personality, college students, 24020
dimensionality of male role variables of psychological agency & traditional male role attitudes & masculine gender role stress, 25–53 yr old males vs females, 4661
direct & indirect effects of positive affective states & information processing demands & introversion-extraversion & need for cognition traits, social judgments of target social group, Ss, 27331
dispositional optimism & pessimism & monitoring & stress-response symptoms of intrusive thoughts & avoidance & coping, predictors of anxiety & depression, females with Stage I–Stage IV breast cancer, 24755
dispositional traits & coping with organizational change, middle & upper level management personnel, 12825
dissociation of stereotypic trait judgments about & prejudice against Jewish males marrying daughter, college students, 27334
dopamine D4 receptor gene & personality traits, Swedish 21–67 yr olds, 4779
dopaminergic genes & smoking behavior & personality traits, 18–84 yr old nonsmokers vs current vs former smokers, 7772
dysfunction of executive abilities & characterological changes, 15–50 yr old patients with traumatic brain injury & their relatives, 18429
dysfunctional attitudes & personality, patients with depression, 27609
dyslexia & neuropsychological functions & personality traits, 19–57 yr old prison inmates, 27473
dysthymia & personality traits & disorders, 20 yr olds, 15 yr study, 1505
early loss of mother or father & personality traits & acute losses & long-term stress, late-onset depression, older adults, 5 yr study, 4911
emotion regulation strategies & personality characteristics & heterotypic continuity of self control of emotions, 35–36 yr olds followed from age 8, 30505
emotional state & personality trait stability in adolescence & young adulthood & mental health status in middle age, male 14 yr olds assessed at 19 & 48 yrs old, 7535
environmental events & personality mediators & emotional responses as stress components, prediction of 7 aspects of sleep & dreaming, 18–35 yr old college students, 29667
exercise training & spouse overprotectiveness, improvement in self efficacy during cardiac rehabilitation, 30–70 yr old coronary patients, 38582
existence of individual traitlike differences in coping styles & validity of traditional assessments of momentary self-reports of coping, men & women with high levels of work or marital stress, 26119
experienced stress & trait negative affectivity & depression & anxiety & somatization, headache & quality of life, adolescents, commentary, 11801
experienced stress & trait negative affectivity, headache & quality of life, 12–18 yr olds, 11797
exploratory vs confirmatory factor analysis for determination of invariance of personality traits across personality measures, college students & other adults, 20907
exposure to Internet pornography & individual differences, attitudes towards women, male college students, 30352
externalizing & internalizing & self-esteem & neuroticism, prediction of antibody titer & fatigue, sero-positive vs -negative females (mean age 12.4 yrs) prior to & 10 wks post rubella vaccination, 38368
extraversion–boredom vs disinhibition–honesty personality clusters & self-rated drowsiness susceptibility & eye blinks as predictors of accidents in night-driving simulator, 22–55 yr olds, 37173
factor analysis of Big Five & Factor V subcomponents, prediction of Social Intelligence, 17–48 yr olds, 26120
factor analysis of California Psychological Inventory, assessment of career indecision & personality dimensions, college students, 9952
factor analysis of ruminative vs reflective types of private self-attentiveness as measured in L. R. Goldberg list of trait adjectives & 5-factor personality model & self-consciousness scales, 9849
factor structure of assessed Eysenck personality traits & relationship to personality disorder traits, 18–79 yr olds, 6588
factor structure of JSS Schizotypal Traits Questionnaire for young Adolescents, 13–18 yr olds, 26136
fearfulness & stimulation-seeking & large body size at 3 yrs of age, indicators of predisposition to aggression & later violent criminal offending, 11 & 15–26 yr olds, comment, 14037
fearfulness & stimulation-seeking & large body size at 3 yrs of age, indicators of predisposition to aggression & later violent criminal offending, 11 & 15–26 yr olds, commentary reply, 14035
fictitious feedback on schematic vs aschematic personality dimensions, satisfaction & perceived feedback accuracy & interest in further information, male college students, 20870
Five Factor personality variables & profile elevation on Self-Directed Search, career interests, workers undergoing career change, 19388
fluoxetine & paroxetine, mood & general well-being & quality of life & personality characteristics & social behavior, healthy adults, commentary, 23487
follow up study, value of novelty seeking vs harm avoidance vs reward dependence on relapse, 19–72 yr old detoxified alcohol dependent patients, 1 yr follow up, 14745
food familiarity, willingness to try & expected vs actual liking for new foods, 18–49 yr old food neophobics vs neophilics, 17641
friendship selection & similarity & termination, 6th & 8th & 10th graders, followup study, 977
gender-discordant traits during childhood & early parental admonitions & interventions & effects on development & relationships, homosexual males, 27249
gender-role orientation & empathy, male vs female 8th vs 11th graders, 4480
genetic & environmental correlations between normal & abnormal personality traits, 16–84 yr old monozygotic or dizygotic twin pairs, 17962
genetic linkage between behavioral vs immunological traits & differences in natural killer cell activity, male mice bred for high vs low aggression, 23469
group vs individual differences in rating accuracy of gender differences on behaviors & traits, male vs female students, 27371
H. J. Eysenck's vs J. A. Gray's theories of biological bases of personality traits & brain functioning in individual differences, 14357
heightened empathic accuracy in relationship-threatening situation & personal & relational distress, anxious–ambivalent adults in dating relationship, 17615
heredity of olfactory sensitivity & personality traits, 20–30 yr old males & 21–64 yr old twin pairs, 7928
Herrmann Brain Dominance Instrument-assessed thinking styles & Myers-Briggs Type Indicator temperament types, 25–56 yr olds, 22852
high interpersonal sensitivity personality type & lifetime history of depression, 20–57 yr old employed Japanese Ss, 37335
higher-order structure of personality disorder via phenotypic & genetic structures underlying lower-order traits, 16–64 yr old personality disordered patients, 1668
hypochondriasis &/vs somatization & personality & attitudes toward self, primary care patients, 34037
implicit theories & person information, decisions about guilt vs innocence, entity vs incremental theorists, 7847
importance of ethnicity & gender & personal attributes in different activity domains & role of stereotypes, Dutch & Turkish 10–12 yr olds, 17385
importance of Scale of Central Issues variables & relation to ratings of developmental transition & life experiences, college students, implications for model of Centrality, 27396
impulsiveness & neuroticism & extraversion & self-esteem & hopelessness & locus of control & suicide risk, 13–24 yr old suicide attempters, 21226
incidence of & influencing factors in postpartum depression, women on day 5 postpartum, 17857
independence & interdependence & level of imposition, response styles, male vs female Chinese adults in Singapore vs Taiwan , 20824
individual differences in personality & appraisals of stressor severity & coping strategy with stressful events, 35–55 yr old males, 17657
individual factors of attachment & autonomy motivation & standards vs interpersonal factors of self-disclosure & socioemotional behaviors, satisfaction & stability in relationships, college students, 33883
individualistic vs collectivistic culture & self-described traits & values & moods, college students, US vs Philippines, 27370
infant temperament & early home-based family intervention, later psychiatric symptoms, 14–15 yr olds, 15 yr study, 2228
instrumentality & expressiveness, playfulness, 18–50 yr old male vs female college students, 14295
intelligence & memory capacity & educational achievement vs personality variables, 18–27 yr old college students who access special needs for learning disabilities, 14850
interaction model of anxiety in assessment of state vs trait anxiety in relation to threat of Quebec's separation from Canada, college students, 11203
internal consistency & temporal stability of Revised NEO Personality Inventory & Interpersonal Adjective Scales, 18–55 olds, 24026
interpersonal styles & relationships with close vs not close same-gender friends, male vs female college students, 30422
intoxication in combination with alcohol & history & personality profile & nature & frequency of criminal offenses & violence, 14–20 yr old incarcerated male abusers of flunitrazepam, 17986
intrinsic vs extrinsic religious orientation & Eysenck personality dimensions, 18–29 yr olds, England vs Northern Ireland, 7634
judgment of control, depressed vs nondepressed college students classified as optimistic or realistic or pessimistic, 3 mo followup, test of depressive realism postulate, 17870
judgment of high- vs low-status individuals, perception of experienced vs displayed positive vs negative emotion-eliciting conditions, 17–71 yr olds, 37106
Jungian & epistemological & societal aspects of destructiveness as multidimensional phenomenon & creation of therapeutic context in working with survivors of atrocities, Bosnian ex-camp prisoners, 1378
Kant's moral philosophy distinction between perfect & imperfect duties, hierarchically- & partially-restrictive personality trait dimensions & social perception, college students, 20953
key dimensions for judging personalities of domestic vs foreign political vs nonpolitical public figures, undergraduates in US vs Canada vs UK, 27218
knowledge & abilities & nonability traits & relation to intelligence & aging, middle-aged adults, 20427
knowledge of target psychological & personality traits, memory & recall of trait consistent vs inconsistent behavior, undergraduates, test of summary-plus-exception model of social memory, 1243
latent trait–state model of depressed mood, mothers & their adolescent offspring, 18 mo study, 7559
leadership style & personality traits & sex, sentencing decisions in mock criminal matters, college students, 7950
learning styles & Big Five personality traits & achievement motivation, college students, 7883
learning styles & personality types, African American male high school vs college students & 6th vs 11th graders & Black vs White male high school students, implications for science education, 19303
level of somatization symptoms & associated functional correlates & PTSD symptoms & personality characteristics, 12–35 yr old pediatric cancer survivors, 34589
level of training, personality traits & anxiety, 20 yr old & older civil & military pilots, 33961
life context & personality, individual differences in intellectual development, 62–79 yr old World War II veterans, 6833
lifespan & personal characteristics, female creative writers, 797
lifestyle personality attributes, 17–23 yr old college students with diagnosed vs symptoms of ADHD, 24588
lifetime relation patterns & personality traits & premorbid vulnerability, elderly patients with late paraphrenia & depression, 21027
linking of T. Millon's personality styles between Personality Adjective Check List & MMPI—2, psychiatric patients (aged 19–75 & normal adults (aged 17–50 yrs) , 26122

locus of control & death anxiety & supernatural beliefs, kanashibari experiences, 15–81 yr old Japanese males vs females, 27996
loneliness & type of activity & personality traits, 22–51 yr old male forensic inpatients, 8402
maternal personality & social skills, communication patterns during pediatric well child exams, mothers of children under 2 yrs & pediatricians, 15471
measurements vs co-twin ratings of intelligence & personality characteristics, same-sex twin pairs, 7901
media portrayal of political candidate attributes, public perception of politicians, undergraduates, 30110
mediating effects of personality traits on precompetitive mood states & athletic performance, male national golf team players (mean age 21 yrs), 4773
mentalizing ability & self-reported schizotypal traits, 18–49 yr olds, 24271
MMPI-A assessed personality type, male 13–17 yr old sex vs nonsex offenders, 5041
model of influence of personality traits & sensation seeking & peer influence on later drug use & prevention & primary socialization theory, adolescents, 27039
modulation in experimental variables speed vs regularity in masking task presentation, latent inhibition, 22–44 yr olds with high vs low schizotypal traits, 17668
monetary incentives & trait depression & personality factors, abstinence after immediate- vs delayed-quitting assignment, male smokers, 17536
mood state & positive & negative affectivity & extraversion & neuroticism, emotional processing & recall & judgment on mood- & trait-congruent cognitive tasks, undergraduates, 37168
motivational structure, action- vs state-oriented alcoholics, 24541
multifactorial approach to mapping gender-related personality traits & interests & attitudes & behaviors, undergraduates (mean age 19.1 yrs), 37144
Myers-Briggs Type Indicator personality profiles, inpatient alcohol/substance use disorder patients with vs without comorbid affective disorder, 27856
Myers-Briggs Type Indicator preferences & communication apprehension & receiver apprehension & argumentativeness, 21–60 yr olds, 6592
negative affectivity, emotional dissonance & job satisfaction & emotional exhaustion, customer service representatives, 12833
negative schizotypal traits & relation to divergent thinking & personality & perception as dimensions of creativity, 17–24 yr old college students, 30491
NEO-PI profiles & relationship between personality features & Axis I & Axis II symptomatology, married 27–69 yr olds with bipolar disorder, 17858
neuroticism & self-efficacy expectations & mastery, motor & cognitive limitation & vision & hearing loss & activities of daily living & role & social function, older persons, 21468
new developments in personality research of hierarchy of units of analysis & five-factor structure of personality & social cognitive units , 24057
nightmare frequency & personality & acute psychopathology, 18–70 yr old males vs females, 30563
objective & projective assessment of personality using TEMAS vs Behavior Assessment System for Children Self-Report of Personality, 8–13.9 yr olds, 27043
occupations & personality traits & subjective well-being, 19–79 yr olds, 12785
optimism & creativity & playfulness in psychological assessment & importance of assessing psychological health, 22875
organization of behaviors by Big Five personality traits in person memory, college students, 29629
organizational & occupational variables & turnover intention, personality trait homogenization, employees, test of attraction-selection-attrition model , 9610
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary reply, 23529
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary, 2287
participants of everyday use & effectiveness of meta-coping strategies & association with state & trait measures of anger & curiosity & anxiety & emotional states & cognitive performance, adult Ss, 14294
pathological personality traits & sexual abuse of clients, psychiatrists, follow up, commentary, 2802
patterns of interpersonal resource exchange & gender related personality traits, giving of affection & respect, brothers & sisters, 23973
patterns of laterality in trait anxiety vs trait fearfulness, college students, 7036
perceived risk to environmental quality & dispositions to be generally annoyed or sensitive to noise, noise disturbance from developing airport, 18–65+ yr olds, 32448
perceived traits & likability of & attitudes toward patients with hypomanic vs schizoid personality vs manic vs depressive episode vs obsessive compulsive personality disorder, adults, 8060
perceptions of uniqueness & similarity in own & others' romantic relationships & judgment of constructiveness vs destructiveness of responses to interpersonal incidents, college students , 33933
perfectionism as predictor of chronic unipolar or bipolar symptoms, adults (mean age 46.1 yrs) with depressive disorder, 1524
perpetrator personality, post-separation reactions, victims of abusive relationships, 27772
personal attributes & patterns of daily life & context in interactive friendship processes, relocated 65–97 yr olds, 1223
personality & behavioral outcomes related to religiosity & spirituality, 18–25 yr old college students, 1328
personality & clinical predictors of recurrence of depression, depressed patients treated for 8–76 wks, followup study , 14477
personality & cognition & social networks & aging as predictors of perceived loneliness & physical health, 60–106 yr olds living independently, 33963
personality & coping & family support, adaptation to work stress, distressed vs stress resistant nurses, 12606
personality & imagination & TV-watching patterns, 18–72 yr old self-identified TV addicts, 4392
personality & job characteristics & work perceptions, psychosomatic complaints & psychological distress, male day vs night shiftworkers (mean age 38.9 yrs) , 25947
personality & sex & dominance during interaction vs exposure to dominant other & hostility, cardiovascular reactivity & blood pressure & heart rate, undergraduates, 13677
personality & social factors, physical aggressiveness, male vs female 12–19 yr olds, 30219
personality & temperament & character dimensions of dietary restraint, 23–46 yr old females , 1316
personality characteristics & eating behaviors & attitudes, high school athletes vs nonathletes, 21408
personality characteristics & level of responsibility & transmission mode of HIV virus among people with AIDS, emotional & behavioral reactions, colleges students, US vs Germany, 31135
personality characteristics & psychopathology, 19–34 yr old treatment seeking HIV+ pregnant drug dependent women , 8381
personality characteristics in parents & parenting styles, child's development of narcissistic disorder, 14643
personality characteristics, 17–63 yr old college students & self-proclaimed psychics, 27404
personality characteristics, 18–46 yr old competitive vs recreational cyclists vs nonathletes, 7897
personality correlates of individual differences in mood variability, 16–70 yr olds, 7924
personality differences & social support & achievement motivation & demographic characteristics & coping with exam stress, psychosocial adjustment to university life, 17–51 yr old 1st yr home students, 15967
personality differences & stereotyped attitudes toward other musicians, folk fiddle players & Salvation Army brass band members, 11197
personality dimensions & adjustment to chronic pain, 21448
personality dimensions & relation to Big Five vs Big Seven personality dimensions & cross-cultural generalizability of Positive & Negative Valence dimensions, Filipino college students, 4764
personality dimensions, nonhuman animals, 26468
personality factors & cognitions & behavior in development & progression of excessive exercise, female adolescent patients with anorexia nervosa, test of nonrecursive structural equation model, 24651
personality factors & perceived health competence & health status, prediction of health behaviors, adults (aged 65–96 yrs), 22100
personality factors as moderators in relationship between workplace fairness & retaliation, manufacturing plant employees, 12882
personality factors related to crime-related amnesia, criminal offenders, 11667
personality ratings of pets & their owners & internet data gathering, implications for integrative approach to personality research in anthrozoology, 326
personality ratings of sociability & confidence & excitability & equability, prediction of behavior in different situations & times, adult male rhesus monkeys, 19972
personality similarity & conflict, female college roommates, 11121
personality similarity as measured by the Five-Factor model, marital adjustment, married couples ages 20–78 yrs, 23884
personality trait-based term paper assignment for personality courses to foster critical thinking skills, 22439
personality traits & alcohol consumption, 16–68 yr old nonalcoholic females, 33974
personality traits & athletic environment ecology as risk factors for anorexia nervosa, good athletes vs patients with anorexia nervosa, 34510
personality traits & criminal behavior & recidivism, 13–20 yr old incarcerated males, 4.5 yr followup, 14805
personality traits & disorders in disposition ratings of aeronautical nonadaptability, US Navy officers & enlisted personnel, 3148
personality traits & history of suicide attempts, 17–48 yr old women with anorexia nervosa vs bulimia nervosa vs major depression, 30562
personality traits & just world beliefs & high vs low affinity for political conservatism, perceived risk, adults, 20921
personality traits & social skills, adults with vs without siblings, 37166
personality traits & social values, interaction & choice of negotiation strategy, prosocial vs proself vs mixed prosocial/proself college student dyads, 20931
personality traits & symptoms, male patients with schizophrenia or schizoaffective disorder, 17876
personality traits & values & self actualization & aesthetic preference as criteria of form for aesthetically oriented personality type, adults, 4795
personality traits at age 18, mental disorders, 21 yr old birth cohort, 11330
personality traits with substantial loadings on P-ImpUSS dimension & latent inhibition during rule learning task, 18–44 yr old females, 33971
personality traits, 16–63 yr old females seeking treatment for obesity or bulimia nervosa or alcoholism, 8010
personality traits, health related quality of life without regard to disease type, stomach cancer vs non-cancer patients, 5283
personality traits, parents of children with autism, implications for role of heredity in autism, 30946
personality traits, participation in high demand self recording study, volunteers vs nonvolunteers, 3407
personality traits, Sports Information Directors of Division I programs vs Sports Directors of Division I-AA vs Division II vs Division III, vs NAIA , 14318
personality type & psychological reactance, college students, 17654
personality type chart for use in introductory workshops, 7920
personality variables & learning style & work performance, telephone sales staff, 35606
personality variables, prediction of abstinence & attendance at self-help group meetings, 20–50 yr old alcohol/substance use disorder patients, 28772
personality, preventive health behavior & comparative optimism about future health problems, 18–40 yr old university students, 18864
phenotypic & genetic & environmental correlations between personality factors & intelligence, monozygotic & dizygotic same-sex twin pairs, 17664
pleasantness & arousability & dominance personality traits, marital satisfaction, 20–85 yr old married couples, 11192
positive & negative expectancy as central personality disposition related to achievement areas, education students, 25709
positive affectivity & job satisfaction & tenure, seeking new job & physical health complaints & counterproductive work behavior, 29–62 yr old police & fire department employees , 9605
prediction of differential sensitivity to emotional states in personality taxonomies of H. J. Eysenck & J. A. Gray & R. C. Cloniger, college students (mean age 20.51 yrs), 37174
preference for dating hypothetical male described as dominant vs nondominant vs no description, female college students , 30397
premature birth & social support, maternal ratings & perceptions of temperament, 34 weeks gestation preterm vs normal term infants at 4 months old, 7520
primary personality superfactor & work values & motivation vs hygiene factors in job satisfaction, job applicants , 19413
prior knowledge of communicator persons, associative processes of spontaneous trait transference & impressions, undergraduates, 27295
proactive personality & career success, employees (mean age 35.6 yrs) from a diverse set of organizations & occupations, 22598
psychological characteristics for assessment of liver transplant candidates, US military veterans with history of substance abuse, 38433
psychological factor of salivary cortisol secretion & stress reactions, unemployed individuals, 6285
psychological needs & five-factor model of personality classification, 21–52 yr olds, 7886
psychometric properties of Anti-fat Attitudes Scale, measurement of negative attitudes toward overweight individuals, adolescents & college students, 29335

psychometric properties of Emotional Creativity Inventory, assessment of structure & correlates of emotional creativity, 17–56 yr olds, 17645
psychometric properties of multi-item scale measure of frugality as consumer lifestyle trait & its usefulness when studying consumer behaviors, implications for consumer research, 26117
psychopathic traits & somatization symptoms in male vs female college students, 37293
psychopathology-related personality traits, severely conduct-disordered 14–20 yr old juvenile delinquents from Swedish correctional institution vs normal male adolescents, 14792
psychosocial disturbance & polysubstance history, 23–61 yr old males in domestic violence treatment, 30870
Q sort patterns & resilient & overcontrolled personality prototypes, developmental outcomes until age 12, 3–4 yr olds, 33642
ratings of properties & preferences for sick vs nonsick jokes & personal characteristics, 16–46 yr olds, 1321
re-analysis of P. T. Costa & R. R. McCrae's seminal matrix of personality factors & lack of support for openness to experience factor, 1334
relation between personality priorities of pleasing & achieving & outdoing & detaching & avoiding to self esteem & social interest & locus of control & dysfunctional attitudes, college students, 1299
relation between uncertainty orientation & Big Five personality structure, college students, 20915
relational capacity & persistent PTSD symptoms, 17–47 yr old female rape victims, 37499
relations between anxiety sensitivity & dimensions of alexithymia & presence after controlling for trait anxiety levels & panic attack history, 18–40 yr olds, 34060
relationship &/or effect of sensation seeking on decision making procrastination, college students, 24040
relationship among personality/psychological factors & health status & job demands & objective ergonomic features, 24–60 yr old video display terminal operators, 25906
relationship between dispositional optimism & pessimism & repressive coping & trait anxiety, 18–47 yr olds, 33990
relationship between hopelessness & Five Factor model of personality variables, undergraduate students, implications for construct validity of Beck Hopelessness Scale, 14334
relationship between personality traits & cognitive inhibition & susceptibility to interference as manifestations of attention, college students, 37155
relationship between state vs trait measures of anger expression & ambulatory blood pressure, college students, 29964
relationship between stress-related personality variables & academic performance, 1st yr medical students, 2 yr study, 25782
relationship of 5-factor model of personality & political conservatism & right-wing beliefs, adult Poles vs Belgians, 37158
relationship of boundary thinness to visual-spatial processing in dreaming & waking thought, visual art students vs Wall Street brokers, 7915
relationship of hostility in story content & scores on hostile feelings & actions scales, 17–51 yr olds, 4766
relationship satisfaction & reassurance seeking & contagious depression, dating couples (aged 18–29 yrs), 17871
relative preferences of social types and investigative types for tasks & people, college students, 7952
reliability & validity of Singer-Loomis Type Deployment Inventory & Personal Preferences Self-Description Questionnaire, measurement of Jungian personality constructs, college students , 29327
reliability of Oxford Happiness Inventory & score correlations with Eysenck's personality dimensions, male vs female college students, 6585
religion & five factor model of personality, 17–52 yr olds, 34001
reported childhood maltreatment & elevated levels of peculiar perceptions and beliefs, 17–26 yr olds, 17647
research findings & motivational & cognitive dimensions of T. Millon's normal personality styles, 27424
role of individual differences & personality traits & abilities & interests, domain-specific vs general knowledge levels, 18–27 yr old college students, 30518
role of personality traits for subjective well-being, Ss (mean age 53.2 yrs), 33959
role of serotonin transporter gene SLC6A4*C in anxiety-related personality traits by sibpair analysis and association studies, alcoholic criminal offenders, 1711
Rorschach variables, 13–17 yr old males with conduct disorder with vs without psychopathy, erratum, 8291
sample characteristics, 16–25 yr olds at risk for schizophrenia, 27676
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary reply, 27682
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27660
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27683
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27667
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27681
scores on cognitive & perceptual & motor & psychological measures, 14–15 & 20–22 yr old basketball players, 6355
scores on Millon Behavioral Health Inventory Life Threat Reactivity Scale, prediction of cardiac mortality & personality traits, patients awaiting heart transplantation, 5 yr followup, 9880
self report vs observation of primary control & consistency of interpersonal behavior in different situations, college students, 4775
self vs informant ratings of personality traits, depressed outpatients (mean age 41.1 yrs), Canada, commentary, 27622
self vs informant ratings of personality traits, depressed outpatients (mean age 41.1 yrs), Canada, commentary reply, 27576
self-awareness in terms of self-other rating agreement, emotional intelligence & managerial performance & transformational leadership behavior, 32–63 yr old managers , 35620
self-concept & ego defense mechanisms & personality traits, delinquent adolescents (mean age 16.70 yrs), Thailand, 8403
self-conception & discrepancy between actual self & personal standard, affective & cognitive reactions to positive vs consistent vs negative personality test feedback, college students, 27361
self-reported symptomatology & self & partner ratings of personality & interpersonal problems, 20–37 yr old couples, 11117
self-threat model & moderators affecting self-serving bias, 11195
sense of coherence & health beliefs & experiences & subjective quality of life, 21–53 yr olds, 2533
sense of humor & humorous vs nonhomorous videotape as intervention, anxiety & affect in response to external stressor, undergraduate students, 27358
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, 25162
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, comment, 34979
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, reply, 35030
sex & age differences in brain activity & personality & intelligence, 15–71+ yr old females & males, application of arousability theory, 1347
sex & personality & power relationship & frequency & severity of harassment behavior & victim response, rating of workplace situation appropriateness & sexual harassment judgment, undergraduates, 34276
sex & thinking vs feeling preference on Myers-Briggs Type Indicator, mathematics achievement, 12th graders, 25767
sex differences in perceived controllability for traits relevant to desirability to mates, adults, 1225
sex, personality attributes, male vs female medical students, 22357
social desirability & personal control & self-esteem & belonging & actively caring & environmentally friendly activities, college students , 22719
social stress & personality traits, stress reactions & chronic pain coping behavior, 42–75 yr old females with osteoarthritis vs 50–78 yr old females reporting fibromyalgia syndrome, 24732
sociodemographic & cognitive & personality factors, prediction of intellectual satisfaction in medical school, medical students, 2758
sociotropic vs autonomous personality, performance expectations, depressed vs nondepressed college students, 1539
sociotropy vs autonomy personality styles & perceived stress associated with interpersonal or achievement focused hypothetical life events & vulnerability to dysphoria, 18–48 yr olds, 12-wk study, 4913
stability of traitedness assessed by Adjective Checklist & NEO Personality Inventory, college students, 20938
stability of traits assessed by Karolinska Scales of Personality, weight loss at 8 wks vs relapse at 12 mo, obesity patients, 16349
state anxiety, vagal control of heart rate, 50–69 yr olds with major depression, 21116
structural modeling analysis of anxiety & depression & personality & background factors, 28–78 yr old patients undergoing coronary artery bypass graft surgery, longitudinal study, 12321
structure of personality attributes in Italian language & comparison to Big 5 scale & EPQ scale, adults, 11199
structure of Turkish language personality-related variables & effects of target evaluative homogeneity vs heterogeneity, 10704
style of anger expression & emotional expressivity & Big Five personality traits & somatic complaints & self-reported health behaviors, college students & 25–57 yr old community residents, 35138
supportive vs unsupportive attributional style, impact of causal controllability information on helping behavior, college students (mean age 20.73 yrs), 23990
synopsis of all studies in "Psychological Type", 1979–99, 37148
systematic errors of perceptions in personality-trait attributions for bargaining behaviors of counterparts, MBA students as negotiators, 27386
target facial features, attributions of personality traits, college students, 20934
team personality elevation & diversity, job performance of teams, 19–56 yr old retail assistants , 12814
temperamental traits, ERPs & heart rate deceleration response & reaction time, 19–25 yr old females, 10511
temperamental variables, adult females with panic disorder with vs without somatization disorder, 7987
test of association of spontaneous trait inferences with actor vs action in priming recognition paradigm, college students, 13313
trait & emotion perspectives of personality development & relationship between extraversion & neuroticism & positive & negative affect across lifespan, 8–15 vs 16–29 vs 30–68 yr olds, 33683
trait anxiety & anxiety-provoking mood manipulation, breadth of attention, 18–45 yr olds, 27376
trait dependent & situation specific coping behaviors during invasive medical procedures, 6–15 yr olds with cancer, 5281
trait depression & anxiety, lipid & lipoprotein concentrations, healthy female 18–27 yr olds, 20949
trait diagnosticity vs behavioral consistency as determinants & developmental course of impression change processes, young vs middle-aged vs aged adults, 13285
trait relevance & assessment, 27356
traitedness, self schemata, military recruits (mean age 19.36 yrs), 3151
types & prevalence of nonattending response patterns & personality traits, Cronbach's alpha & response bias on Likert-type attitude surveys, simulated data sets, 9810
typology of characteristics & mental disorders, 25–55 yr olds making false accusations of stalking victimization, 14694
uncontrollable stress situation with carbohydrate rich vs poor & protein poor food, deterioration of mood & cognitive performance, 18–25 yr olds with high vs low stress-proneness , 4056
unmitigated agency & unmitigated communion & distinctions from agency & communion, relationship & health outcomes, children & college students & adults & cardiac patients (aged 12–80 yrs), 20914
use of homogeneous vs unidimensional predictors in measures of personality traits in personnel selection research, 22587
use of Rorschach to assess playfulness & playfulness as indicator of psychological health, 22866
use of Taylor-Johnson Temperament Analysis instrument for school counselors addressing conflict situations, adolescents, 35897
validation of spiritual & personal/social & family & identification in self identity model, 18–53 yr old college students, erratum, 20935

cartoon vs written message regarding safe sex, knowledge about AIDS attitudes toward condom use & perceived supportive norms, adolescents high or low in need for cognition, 18846
comparative & noncomparative product information in ads, beliefs about competitive ads, consumers, 16210
contributions to cognitive psychology & persuasive communication & attitude change & latent learning, D. L. Thistlethwaite, 12572
demographic & background variables & knowledge of & attitudes about & experience with violence & perceptions of anti-violence public service announcements, teenagers, 36783
ego- vs other-focused emotional appeals, collectivist vs individualist attitudes, college students, US vs China, 7876
factors influencing behavior requests, 55.7–75.2 yr olds with right-hemisphere brain damage, 31192
femininity, influence of persuasive speech, male vs female undergraduates, 37075
gain- vs loss-framed messages, interest & intentions to use screening vs prevention behaviors, college students , 37116
gun ownership & endorsement of candidate by National Rifle Association, voting behavior in gubernatorial election, voters, 1152
interview type & witness credibility & interviewer manipulativeness, college students, 32516
justification of points of view, 10–13 yr olds, 26994
level of health-related fear arousal & message order & persuasion, adherent vs unconverted students, implications for mass media health communications, 20420
metaphor, processing style in persuasion tasks & listeners' motivation & cognitive responses & recall & enjoyment of sports, college students, 33994
model of teaching argumentative writing & role of evidence, middle & high school students with & without learning disabilities , 12720
motivation theory & Elaboration Likelihood Model of persuasion, central vs peripheral processing of communication about condom use to reduce AIDS risk behavior, high vs low motivation 18–43 yr olds, 28630
perceptually based vs suggested eyewitness memories & misled witnesses invention of false descriptions, college students, 36273
persuasion knowledge & diffusion process within a culture, 12932
persuasive impact of television programs & implications for television advertising, research review, 12935
powerless vs powerful linguistic style of & ability to process persuasive messages & speaker gender, perceptions of speaker & message arguments, college students , 20862
present vs new public campaigns to reduce ethnic prejudice through persuasive communication programs, White Ss, 27153
processing of persuasive communication from stigmatized vs nonstigmatized sources, majority group adults with high vs low prejudice or high vs low ambivalence toward stigmatized source's group, 11162
promotional appeals based on group need vs promise of recognition, volunteerism, adults, 9672
reactive vs reflective autonomy in following expert advice in decision making, 17–49 yr olds, 36223
reward vs threat related persuasive message regarding need to vote, perceptions of message's argument quality, high vs low authoritarian voting eligible students, 11213
stochastic model of persuasion & preference change, application to 1992 presidential election panel data, 19671
techniques used to convince passengers of character strength though construction of danger in rapids riding, river guides , 37065
time delay & requester, compliance rates in foot-in-the-door technique, college students, 11107
unimodel reconceptualization of dual process routes to persuasion, college students, commentary, 33874
unimodel reconceptualization of dual process routes to persuasion, college students, commentary, 33905
unimodel reconceptualization of dual process routes to persuasion, college students, commentary, 33906
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33882
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33891
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33894

unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33902
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33907
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33877
unimodel reconceptualization of dual-process routes to persuasion, college students , 33893
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33898
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33910
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33896
unimodel reconceptualization of dual-process routes to persuasion, college students, 33889
unimodel reconceptualization of dual-process routes to persuasion, college students, reply to 15 commentaries, 33892
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33899
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33871
weak arguments in mixed quality messages, rating of persuasiveness of accompanying strong arguments, college students, 6847

Persuasive Communication [See Also Brainwashing]—Chapters

Cyberhate: **Extending persuasive techniques of low credibility sources to the World Wide Web, 17178**
The elaboration likelihood model: Current status and controversies, 17596
Group membership, social identity, and attitudes, 11098
How beginning writing students interpret the task of writing an academic argument, 15952
The "ideograph": A link between rhetoric and ideology, 4383
Majority and minority influence: The interactions of social identity and social cognition mediators, 11094
On the use of narrative as argument, 35831
Power, persuasion, and deception, 11138
Separate or equal? Bimodal notions of persuasion and a single-process "unimodel", 17595
Social identity and persuasion: Reconsidering the role of group membership, 11101

Peru—Chapters

Who is to blame? The discovery of domestic drug problems and the quest for recognition of therapeutic communities in Peru, 5959

Perversions (Sexual) [See Sexual Deviations]

Pessimism—Serials

anxiety & cognitive interference & self-esteem & protective self-monitoring & strategy activation on basis of anticipated attributions for poor performance, defensive pessimists vs strategic optimists, 14330
optimism & pessimism & trait anxiety–neuroticism, ambulatory blood pressure & mood, 30–45 yr olds, 11229
optimism & pessimism & trait anxiety–neuroticism, ambulatory blood pressure & mood, 30–45 yr olds, erratum, 27393
relationship between dispositional optimism & pessimism & repressive coping & trait anxiety, 18–47 yr olds, 33990
relationship between perceptions of optimism vs pessimism & settlements in bargaining games, graduate students as negotiators, 30396
role of pessimism & anxiety & personality in development of cancer, 31–79 yr old men with coronary heart disease, 6–10 yr follow-up, 5286
stressful negative life events & pessimism & natural killer cell cytotoxicity & T cytotoxic/suppressor cell percentage, Black HIV-positive females at risk for cervical cancer, 8491

Pesticides [See Insecticides]

Pet Therapy [See Animal Assisted Therapy]

Pets—Serials

allocation of social time to self & family & friends & pets & income level & well-being, male & female community dwelling 35–55 yr olds, 37169
attachment to pet & duration & intensity of grief resulting from death of pet, children vs adolescents vs adults, 7514
benefits & liabilities of pet bird ownership & implications for human–pet bonds, 18–84 yr old bird owners, 4782
benefits & problems & characteristics of home aquarium ownership, adults, 29173
characteristics of & reasons for relinquishment of dogs & cats to animal shelters, 10–85+ yr olds, 23180
demographic characteristics & family composition & reasons for pet acquisition & advantages & disadvantages of pet ownership, parents with 8–12 yr olds, 23878
early maternal loss, grief & attachment style with companion animals, females, 37160
environmentally enriched dog housing at pet-based research center, 3632
health benefits & health cost savings of cat & dog ownership, 16 yr old & older owners & nonowners of pets, Australia, 20877
impact of pet ownership on depression & role of social support, gay & bisexual males with vs without HIV, 18316
misidentification of pet parrot, female 91 yr old with late paraplurenia & Capgras syndrome, 37388
pet ownership, human social networks & physical & psychological health, 65–80+ yr olds, 1-yr followup, 15459
pet ownership, medical problems & life satisfaction, community dwelling 68–94 yr olds, 1000
presence of surviving siblings & attachment to & perceived helpfulness of & roles played by pets in coping with & bereavement over & adaptation to child death, 26–81 yr old mothers & fathers, 24005
psychic abilities in pets, pet owners & non-pet-owners, 3617
reasons for relinquishment of pet to animal shelter, dog vs cat owners, 23183
social behavior in newly formed captive group, spider monkeys reared as pets, 3679
test of observation of psychic abilities in pets, pet owners, 3623
test of observation of psychic abilities in pets, pet owners, commentary, 36300
visual & tactile contact with boa constrictor, heart rate or systolic or diastolic BP, 18–35 yr olds, 20221

Pets—Books

Pets and people: The psychology of pet ownership, 20961

Pets—Chapters

Are consumers going to the dogs (and cats and birds)?, 34758

Phantom Limbs—Serials

attributes & potential causal mechanisms, persons with phantom limb pain, 18261
body image & coping strategy, phantom limb pain, 48–83 yr old inpatient amputees, 18277
phenomenology & in perception of phantom limbs & implications for study of neural plasticity & relationship between activity of sensory neurons & subjective experience, 5235
prevalence & correlates & quality of phantom limb sensations & pain, 8–18 yr old amputees, 1967

Phantom Limbs—Chapters

Phantom limb pain, 8534
Phantom limb pain: A continuing puzzle, 14944

Pharmacists—Serials

attitudes toward & availability & provision of services for drug misusers, community pharmacists, 38719
case management training, sexually transmitted disease drug dispensing behavior & HIV/STD preventive communication & condom promotion & sales, male pharmacists, 9 mo study, India, 2770
in-use vs recommended content & design elements of patient medication warning leaflets, pharmacies, 15282
knowledge & attitudes about use of opioids in chronic & nonchronic cancer pain patients & resistance to stocking & dispensing opioids & availability of opioids for chronic pain, community pharmacists, 25576
pattern of utilization of private pharmacies for purchasing medicines, health service users, Gaza Strip, 38472
pharmacist-run group study circles, hemoglobin A1c levels, patients with type 2 diabetes, 31772
prescribing & dispensing of methadone & other drugs to drug misusers, community pharmacists in Scotland, 35323
role of neuropsychiatric pharmacist in provision of antipsychotic drug therapy, 38651
sex, income level, male vs female pharmacists, analysis of human capital & gender stratification theories, 14124

Pharmacology [See Also Psychopharmacology]—Serials

behavioral pharmacology of newer vs typical antipsychotic agents, 23555
cellular neuroadaptations underlying interactions between pharmacology of & learned associations made with pharmacologic effect of cocaine & associated behavioral changes of paranoia & craving, 1783
chemistry & pharmacology of hallucinogens & entactogens & stimulants, 4186
clinical & pharmacokinetic features of oral vs iv administration of methadone, heroin dependent Ss in methadone maintenance treatment programs, 25520
cocaine dosage, pharmacokinetic & metabolite profiles & response rate in contingency-controlled timing behavior, food-limited rats, 17056
compared central benzodiazepine binding characteristics & pharmacological profiles of 2 synthetic flavonoids with those of diazepam, male rats, 30003
differences in interactions of 5-HT selective reuptake inhibitors , 4109
dose–plasma level relationships & intraindividual variability, psychiatric patients receiving clozapine treatment, comment, 35027
dose–plasma level relationships & intraindividual variability, psychiatric patients receiving clozapine treatment, 2352
efficacy of cognitive-behavior therapy with vs without mood-stabilizer pharmacotherapy, outpatients (mean age 43.9 yrs) with bipolar depression, 28268
factors that influence incumbent response strategies & new product introduction & the role of multimarket contact in these strategies, physicians' perception of prescription drug markets, 35721
fluoxetine vs fluvoxamine vs sertraline, steady-state promazine pharmocokinetics, male rats, 26759
frequency of occurrence & clinical impact of side effects & safety profiles of new antipsychotics, 23488
hyperalgesia as result of peripheral tissue or nerve injury & effects of pharmacology & descending projections from brain stem sites in counteracting spinal cord hyperexcitability, 1927
in vivo receptor imaging techniques & knowledge of neurochemistry & pharmacology of schizophrenia. , 24242
itraconazole, single oral dose pharmacokinetics & pharmacodynamics of alprazolam, adult males (mean age 31.7 yrs), 769
lithium & carbamazepine & valproate, inhibition of high affinity myo-inositol transport system & mRNA downregulation, primary astrocyte cultures, 33443
manufacturer support & favorable reported outcome of drug effectiveness study, 1 yr study, 15313
mechanism-based model for characterizing pharmacodynamic interaction between midazolam & its active metabolite alpha-OH-midazolam, male rats, 20376
melatonin, sleep physiology & pharmacology, adults, 33312
midazolam & zolpidem & propofol & etomidate & ethanol & Ro15-4513 & pentobarbital & enflurane & halothane, pharmacological & behavioral & motor & responses, inbred C57BL/6J vs Strain 129/SvJ mice, 20302
non-steroidal anti-inflammatory drugs, spinal c-Fos protein expression & inflammatory nociceptive processes, rats, 36535
pathways of memory consolidation during operant conditioning & model of multiple pharmacologically distinct memory phases, drosophila, 3671
pharmacodynamics & neurochemical changes & behavioral actions of citalopram in treatment of depression, 38295
pharmacodynamics & pharmacokinetics & therapeutic efficacy & tolerability & dosage & administration of reboxetine, patients with major depression , 28439
pharmacokinetic & pharmacodynamic considerations of antidepressant use, elderly patients, 38231
pharmacokinetic-pharmacodynamic modeling of concentration–effect relationship of risperidone on EEG, 19–25 yr old healthy males, 26802
pharmacokinetics & disposition of clomipramine & N-desmethylclomipramine, 16-76 yr old Japanese vs Swedish Ss taking clomipramine with vs without benzodiazepines, 38308
pharmacological & side effect profiles of atypical antipsychotics, 5642
pharmacological characterization of conflict drinking procedure that did not require use of water-deprived animals, rats, 33502
pharmacological mechanism of morphine action, mutant mice lacking opioid mu-receptors, implications for analgesia, 4283
pharmacological profile & discriminative stimulus effects of gamma-hydroxybutyric acid on GABA receptors, male rats, 4122
pharmacological profile of (S)-(+)-2-(3'-carboxybicyclo[1.1.1]pentyl)-glycine & other metabotropic glutamate receptor agents & electrophysiological properties of CA1 pyramidal cells, rat brain slices, 29825
pharmacology & clinical efficacy & side effect profiles of atypical antipsychotics & relation of attributes observed in clinical practice & trials to their basic pharmacologic profiles, 21963
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals, commentary, 4261
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals , 4112
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals, commentary reply , 4113
plasma concentrations 24 & 48 & 72 hrs post administration of different doses of buprenorphine & opiate withdrawal symptoms & agonist effects & use of other drugs, opiate dependent outpatients, 25517
problem-based vs lecture based learning in pharmacology course, university medical students, 15857
receptor binding & behavioral & electrophysiological profile of corticotropin-releasing factor subtype-1 receptor antagonists, mice & rats, 20357

receptor pharmacology & therapeutic & adverse effects of atypical neuroleptics, 21943
within-session changes in response rate during steady-state operant procedures, implications for behavioral pharmacology, 13160
Pharmacology [See Also Psychopharmacology]—Books
Handbook of substance abuse: Neurobehavioral pharmacology, 1811
Marihuana and medicine, 18499
The pharmacologic basis of psychotherapeutics: An introduction for psychologists, 5683
Pharmacology [See Also Psychopharmacology]—Chapters
Attention-deficit/hyperactivity disorder in youth, 24625
D^9-tetrahydrocannabinol, 17140Barbiturate potentiating, temperature reducing, analgesic, and behavioral effects of some synthetic tetrahydrocannabinol derivatives in comparison with
Basic pharmacological mechanisms of cocaine, 4311
Behavioral pharmacology of alcohol, 792
Behavioral pharmacology of amphetamines, 790
Behavioral pharmacology of caffeine, 780
Behavioral pharmacology of cannabinoids, 777
Behavioral pharmacology of cocaine, 794
Behavioral pharmacology of hallucinogens, 788
Behavioral pharmacology of inhalants, 784
Behavioral pharmacology of nicotine, 789
Behavioral pharmacology of opiates, 796
Behavioral pharmacology of sedatives, hypnotics, and anxiolytics, 791
Brain and sexual behavior, 26550
Ecstasy, 787
Gender and ethnic differences in the pharmacogenetics of psychotropics, 28533
Gender and response to antipsychotic medications, 28528
Interethnic psychopharmacologic research in children and adolescents, 28523
Nabilone: A synthetic cannabinoid of medicinal utility, 18506
Nicotine, 33862
Other drugs of abuse: Inhalants, designer drugs, and steroids, 34394
Part III: Psychoses, 27716
Pharmacokinetics of protease inhibitors and drug interactions with psychoactive drugs, 31140
Pharmacology of alcohol, 786
Pharmacology of amphetamines, 795
Pharmacology of caffeine, 776
Pharmacology of cannabis, 785
Pharmacology of chronic pain, 17129
Pharmacology of cocaine, 781
Pharmacology of hallucinogens, 783
Pharmacology of inhalants, 779
Pharmacology of nicotine, 774
Pharmacology of opiates, 775
Pharmacology of sedatives, hypnotics, and anxiolytics, 793
Phencyclidine, 782
Physiological and pharmacological interactions of marihuana (THC) with drugs and anesthetics, 18510
Psychological and psychiatric consequences of amphetamines, 1825
Psychological and psychiatric consequences of opiates, 1815
The psychology and physiologic effects of active cannabinoids, 17137
Pharmacotherapy [See Drug Therapy]
Pharyngeal Disorders—Serials
etiology of pharyngitis-induced obsessive-compulsive symptoms, 4 yr old male, 11291
Phenaglycodol [See Sedatives]
Phencyclidine—Serials
acute vs chronic antidepressant pretreatment, phencyclidine -induced locomotor hyperactivity, male rats, 13801
apomorphine vs amphetamine vs phencyclidine vs 8-OH-DPAT, prepulse inhibition, Sprague Dawley vs Wistar rats, 26792
bupropion vs phencyclidine vs ibogaine, functional effects on nicotinic acetylcholine receptor subtypes, human muscle-type & ganglionic cell cultures, 7193
ceruletide, PCP & NMDA receptor antagonist dizocilpine induced changes in extracellular levels of dopamine & 5-HT in prefrontal cortex & striatum, male rats, 658
clozapine vs haloperidol, PCP-induced hyperactivity of NMDA receptors in cortical neurons, male rats, 20257
concurrent progressive-ratio schedules of different phencyclidine concentrations, relative vs absolute reinforcing effectiveness & drug sensitivity, male rhesus monkeys, 30049
D4 dopamine receptor antagonists, cognitive functioning of frontostriatal system as measured by performance on object retrieval/detour task, monkeys repeatedly exposed to phencyclidine, 13754
dextromethorphan & dextrorphan, reinforcing properties & phencyclidine-like discriminative stimulus effects, rats & rhesus monkeys, 36596
discriminative stimulus properties of phencyclidine analog N-[1-(2-benzo(b)thiophenyl)-cyclohexyl]piperidine, male rats, 33429
glycine transport inhibitors, phencyclidine-induced activity, rats, 13752
haloperidol & clozapine & olanzapine & phencyclidine, locomotion & balance, male rats, 33488
injection environment conditioning & tolerance, asymmetric cross sensitization between phencyclidine & MK-801, female rats, 33513
metabotropic glutamate receptor agonist, reversal of phencyclidine effects, rats, implications for treatment of psychiatric disorders, 4222
methamphetamine vs morphine vs phencyclidine vs pentobarbital, VI VI schedule performance, male pigeons, 7228
mu-selective opioid antagonist quadazocine, responding reinforced by ethanol vs sucrose vs phencyclidine, monkeys, 26864
PCP or citalopram, extracellular 5-HT vs 5-HIAA vs GABA levels, rats, 708
phencyclidine & other NMDA receptor antagonists, aggression, isolated male mice, 36527
phencyclidine & ritanserin, 5-HT2A receptors in place aversion, rats with 5,7DHT-induced lesions, 33428
pre- & perinatal exposure to pentachlorobiphenyl, performance on visuospatial & sustained attention tasks & response to chlordiazepoxide challenge, adult male rats, 33370
preferences for quinine & phencyclidine & caffeine solutions to water, rats, 13722
pretreatment with & administration of naltrexone, reinforcing effects of oral ethanol & phencyclidine & saccharin & food, male rhesus monkeys, implications for role of opioid reinforcement mechanisms, 10650
serotonin 2A receptor blocking property of drugs, phencyclidine-induced disruption of prepulse inhibition of acoustic startle, rats, animal model of schizophrenia, 33514
sigma-1 receptor agonists with vs without PCP, stereotyped behaviors, male rats, 692
subcutaneous controlled-release polymer implant continuous delivery of phencyclidine, deficits in latent inhibition, rats, animal model of psychosis, 7255
sustained vs repeated exposure to phencyclidine, prepulse inhibition, rats, 23547
usefulness of PCP administration as a potential animal model of schizophrenia, 10595
Phencyclidine—Chapters
Hallucinogens, phencyclidine, marijuana, inhalants, 5122
Phencyclidine, 782
Phenelzine—Serials
acute phase cognitive therapy vs phenelzine, outpatients with major depressive disorder & atypical features, 21654
acute vs chronic phenelzine administration, defensive behaviors when faced with natural threat & 5-HT & norepinephrine & dopamine levels & MAO A & B activity, mice, 4161
efficacy & allegiance effect of cognitive-behavioral group therapy vs phenelzine treatment, 19–61 yr olds with social phobia, 8723
fluoxetine vs phenelzine treatment outcomes, atypical depression, 22–51 yr old psychiatric patients, 2 yr study, 12254
fluoxetine vs phenelzine, adults with obsessive-compulsive disorder, commentary, 8899
phenelzine treatment, 4.5 & 7 yr old children with selective mutism, 31647
phenelzine, learning & memory in shock avoidance & spatial water maze tasks, male rats, 17085
sildenafil, 56 yr old male with phenelzine-induced sexual dysfunction, 18822
Phenobarbital—Serials
phenobarbital, reading achievement, 6–8 yr olds with febrile seizures, 3–5 yr study, 35109
phenobarbitone for management of agitation & seizures at end of life, 25–86 yr olds with advanced cancer, retrospective study, 25317
prenatal exposure to phenobarbital or phenytoin, hormone related cognitive functioning & spatial ability, adults, 2300
Phenomenology—Serials
application of phenomenologically-based theory of role of management-employee social processes in causation & perception of industrial plant accidents, operators & management staff, 25942
attainability of reduction of mental phenomena to neurophysiological processes, 20138
biological process oriented physiological phenomenological characterization of consciousness & information processing, 313
connectionist theory of phenomenal experience & consciousness, commentaries & reply included, 16712
contributions of phenomenologist E. Straus to epistemology of psychoanalysis, 18642
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary, 16703
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary reply, 16715
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, commentary, 16718
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, 16714
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary reply, 27450
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, 27449
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary, 27454
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary reply, 27455
ecological & phenomenological perspective on personal contact with real world & visual awareness in consciousness & perception, 26462
Husserlian notion of epoche in study of first-person experiences of consciousness, commentary, 16704
informational & procedural psychosemantics & qualia & procedural representationalism for sensory experience of space, 13860
integration of positivism & hermeneutics in non-linear phenomenological model of causality in psychotherapy, 5524
introspectionist & phenomenological & Buddhist approaches to study of first-person experiences of consciousness, commentary, 16696
motivational pathways to phenomenological reduction method for study of first-person experiences of consciousness, commentary, 16699
phemenology & physiological correlates of self awareness of consciousness in absence of perception during Transcendental Meditation, adults (mean age 22.5 yrs), 36516
phenomenological analysis of descriptions of guilt & its meaning, 30–45 yr old working mothers, 17659
phenomenological approach to & positive & negative symptoms in cycloid type schizophrenia & differentiation from core schizophrenia, 11439
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16707
phenomenological approach to study of first-person experience of present time consciousness in human temporality, 16723
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary reply, 16724
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16713
phenomenological approaches to study of first-person experiences of consciousness, commentary, 16708
phenomenological concept of embodiment in post-Cartesian & radical sociology of impairment, 34559
phenomenological methodology evaluation of hospice day care service, 50–86 yr olds with cancer, 25469
phenomenological methodology to study of hysterical personality disorder, 8240
phenomenological presentation of self-portraits & poetry, 41-yr-old female who self-mutilates, 30843
phenomenological reduction method for study of first-person experiences of consciousness, 16697
phenomenology & cognitive mechanisms of recovered memories of trauma, 6898
phenomenology & etiology & treatment of hoarding behavior, 27555
phenomenology & time consciousness & perception of other's body vs intention, implications for infant & child development, 13861
phenomenology & view of person in therapeutic encounter, M. Heidegger , 24999
phenomenology of depressive experience, outpatients with major depressive disorder vs analogue depressed university students, 1511
psychotherapeutic perspective of schizophrenic process & emergence of consciousness in recent history & phenomenological causality, 18538
schizophrenia defined as cognitive deficit vs by phenomenology, 34140
schizophrenia defined as cognitive deficit vs by phenomenology, comment, 34146
synaesthesia as refutation of representationism, 36642

validity & factor analysis of effect of hypnosis on phenomenological emotional state, college students, 33015
Phenomenology—Books
Emotional illness and creativity: A psychoanalytic and phenomenologic study, 30641
Postpartum mood disorders, 14513
Phenomenology—Chapters
Cognitive-behavioral interventions with socially phobic children, 37418
Cognitive–behavioral treatment of obsessive–compulsive disorder, 1661
A developmental–ecological perspective on Strawson's "the self", 19898
The dialogical heart of intersubjectivity, 21761
Existential-phenomenological psychology, 9790
"Gnothi Seayton" (know thyself), 19916
If you can't be Jekyll be Hyde: An existential-phenomenological exploration on lived-plurality, 20881
Phenomenal consciousness and self awareness: A phenomenological critique of representational theory, 19917
Phenomenology and agency: Methodological and theoretical issues in Strawson's "the self", 19912
Schizophrenia among Hispanics, 27717
The self and the SESMET, 19914
The self is a semiotic process, 19909
Social cognition and a psychological approach to the art of life, 33949
"The self", 19913
Unified consciousness and the self, 19897
What does mysticism have to teach us about consciousness?, 19901
Phenotypes—Serials
application of & benefits & pitfalls in genetic association study of psychiatric phenotypes, 14458
association of TaqI A1 allele & functional –141C Ins allele of dopamine D2 receptor (DRD2) with alcohol dependence, alcohol dependent adults (mean age 42.4 yrs), 21341
chronic stress, generation & actions of nitric oxide, lean vs obese JCR-LA-cp rats, 4051
D2 dopamine receptor gene allele & haplotype frequencies & association with phenotype & phenotype severity, alcohol dependent adults, 21309
elementary phenotypes for neurobiological & genetic linkage studies of schizophrenia, 27651
experimental design & general health & behavior & sensory & motor abilities in behavioral phenotyping of transgenic or knockout mouse, implications for neuropsychiatric disorders, 33175
genetic methods to find phenotypes & genes & genetic linkage of autism, siblings & cousins & other family members of autistic individuals, 1848
higher-order structure of personality disorder via phenotypic & genetic structures underlying lower-order traits, 16–64 yr old personality disordered patients, 1668
incidence of psychiatric disorder & relationship to broad autism phenotype, nonautistic parents from multiple-incidence autism families, 17828
links between genetically or chromosomally determined syndromes & behavioral phenotype, implications for research & clinical practice in field of learning disability , 21464
morphology & neuronal phenotypes of hippocampal formation in schizophrenia, 14592
mother & son vs mother & daughter kin vs same individual recognition using facial photographs in chimpanzees, 26520
phenotype of schizophrenia as disruption in cortical-thalamic-cerebellar-cortical circuit & resulting cognitive dysmetria, 37347
phenotypic & genetic & environmental correlations between personality factors & intelligence, monozygotic & dizygotic same-sex twin pairs, 17664
phenotypic characteristics of obsessive-compulsive disorder, adult patients, 17951
phenotypic traits, female mate choice & territory quality, male rock ptarmigan, 19962
preference for conphenotypic males in mate choice, female fur seals, 16806
presence of genetically related phenotypes, family members of autistic individuals, 1843
psychosocial factors in onset of phenotypic expression of Alzheimer's disease, patients with familiar AD & spinocerebellar ataxia, 37895
similarities & differences in fragile X syndrome vs autism & relation to cognitive & behavioral phenotypes, 1847
symptom profiles & phenotypic expression & other clinical correlates of ADHD, 6–18 yr old females with ADHD ascertained from pediatric & psychiatric referral sources, 30938
TaqI-A & TaqI-b genotypes & haplotypes at DRD2 locus & alcoholism, alcohol dependent Chinese Han (mean age 38.11 yrs), 21319
use of alternative phenotypes for linkage analysis in complex genetics of schizophrenia, 14550
Phenotypes—Chapters
Amazing grace: Sources of phenotype variation in genetic boosterism, 26567
A behavioral neurogenetics approach to understanding the fragile X syndrome, 31101
Behavioural phenotypes: Towards new understandings of people with developmental disabilities, 30961
Clinical and molecular aspects of fragile X syndrome, 31100
The individual in biology and psychology, 36658
The multidimensional phenotype of schizophrenia, 24311
Phenylalanine [See Also Parachlorophenylalanine]—Serials
health care cost impact of feeding a phenylalanine-restricted diet, 30–50 yr olds with previously untreated phenylketonuria, 11962
Phenylketonuria—Serials
cognitive impairments in odor discrimination & latent learning tasks, wild-type vs heterozygous BTBR vs phenylketonuria mice, 26560
health care cost impact of feeding a phenylalanine-restricted diet, 30–50 yr olds with previously untreated phenylketonuria, 11962
patterns of intelligence, children with autism vs phenyketonuria vs head injury (mean age 9.33 yrs), 14818
prefrontal cognitive & neuropsychological dysfunction, 8–19 yr olds with continuously treated phenylketonuria, 28053
prevalence of emotional & behavioral disturbance, 5–35 yr olds with early treated phenylketonuria, 24726
Phenylketonuria—Chapters
Phenylketonuria, 31114
Phenytoin [See Diphenylhydantoin]
Pheromones—Serials
animal odor cues, sex identification & mating activity, male vs female salamanders, 23237
body scent & bilateral symmetry, attractiveness, 17–53 yr old men vs women, 30419
brood pheromone, pollen foraging, honey bees, test of brood-food vs pollen-foraging regulation hypotheses, 6999
chemical communication in courtship & mating strategies, sweat bees, 13432
chemical disturbance signals from conspecifics, antipredator behaviors, red-legged frog tadpoles, 23247
discovery & animal & human research & development & application in sex therapy, human sex-attractant pheromones, 13657
effects of 5-hydroxytryptamine, responses of macroglomerular complex projection neurons to female sex pheromones, male sphinx moths, 36428
flight height & pheromone plumes, optomotor anemotaxis & ground speed, beetles, 3793
identification of novel family of transmembrane domain proteins involved in encoding of mammalian pheromone receptors, 3810
involvement of polymorphic major urinary proteins in pheromone recognition, murine pregnancy block, 3628
male sex pheromone, posture, female tree frogs, 36368
perceived predation risk as function of predator dietary chemical cues from garter snakes, terrestrial red-backed salamanders, 10335
pheromones & mate choice, lekking sandfly, 581
pheromones in female hamster vaginal secretions, fos-immunoreactivity, prepubertal vs adult male hamsters, implications for development of reproductive behavior, 4257
predator inspection behavior based on chemical cues & acquired predator recognition, characin fish, 13437
presence of concurrent disease & pheromonal treatment, urine spraying, cats, 10513
pretrial oviposition experience in presence of sex pheromone of blackheaded fireworm, searching & residence times on individual cranberry leaves treated with pheromone, Trichogramma sibericum, 388
proteinaceous pheromone, female receptivity during courtship, terrestrial salamanders, 33145
receptivity to & production of chemical attractant, body size & spatial scale, Caribbean spiny lobster, 586
scent marking with vaginal & flank gland odors & pheromones, kin recognition, golden hamsters, 3712
Philippines—Serials
communication factors contributing to vocational adaptation, hearing impaired workers, Philippines, 5451
English vs Cebuano language response & sex & spontaneous self-concept, Filipino secondary school students, test of cultural accommodation hypothesis, 10888
factor structure of affect & cross cultural comparability with Western culture, Filipino high-school & college students, 20899
personality dimensions & relation to Big Five vs Big Seven personality dimensions & cross-cultural generalizability of Positive & Negative Valence dimensions, Filipino college students, 4764
Philosophies [See Also Determinism, Dualism, Epistemology, Existentialism, Fatalism, Hermeneutics, Humanism, Idealism, Logic (Philosophy), Materialism, Metaphysics, Mysticism, Pacifism, Phenomenology, Positivism (Philosophy), Postmodernism, Pragmatism, Realism (Philosophy), Reductionism, Relativism]—Serials
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, commentary reply, 7282
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, commentary, 7280
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, 7281
antireligious content in Quest scales & association between religious intrinsicness & absolutist thinking, college students (mean age 19.96 yrs), 7642
beliefs about materialist vs transcendent consciousness & reality, adults, 310
beliefs' internal content properties vs intentional properties & environment-dependence of content, behavior causation, 36639
chronicle of William James's early writings & development of philosphical psychology , 35845
communitarianism & implications for education, 1054
constructivist anti-objectivist epistemology & its connection to psychotherapeutic practice, 31425
contrasting thought on notion of cause & effect between Descartes & Spinoza, implications for psychotherapy, 18518
critical examination of incompatibility of philosophical commitment to traditional scientific method in psychology & contemporary conceptions of religious spirituality, 16291
critique of traditional psychotherapy as agent of oppression & mystification & socio-politically based feminist therapy as alternative for women & other marginalized groups , 31455
H. Kohut & transition from Cartesian doctrine to contextualist perspective on psychoanalytic theory & psychoanalytic psychology, 27448
ideology as descriptive tool in psychological investigations used to predict religious attitudes, implications for applicability of attitude scales, commentary, 7631
influence of Freud's translation of J. S. Mill on development of Freud's psychoanalytic theory, 27438
issues in individualism-holism problem in sociological research, 1208
K. R. Popper & J. C. Eccles' 3 worlds & insight into attitudes of explanatory gap, 20403
Kant's moral philosophy distinction between perfect & imperfect duties, hierarchically- & partially-restrictive personality trait dimensions & social perception, college students, 20953
legacy of G. Frege's antipsychologism, views of language in 20th century philosophy of science & new theories of meaning, 35847
life & philosophy of S. K. Langer & relationship to foundations of art therapy, 38355
M. Heidegger's concepts of thrown-ness & death imagery & arrogance & brightness & usefulness of concepts in existential family therapy, 15214
moral philosophical issues concerning euthanasia or withholding life-saving treatment, newborn infants with intellectual disabilities, 34477
ontological existence of self within L. Wittgenstein framework of philosophy of psychology & critique of social constructionism & theories of Vygosky and R. Harre, 20404
phenomenology & view of person in therapeutic encounter, M. Heidegger , 24999
philosophic scheme of development of T. Ogden's clinical theory, 24067
philosophic scheme of development of T. Ogden's clinical theory, commentary reply, 24066
philosophic scheme of development of T. Ogden's clinical theory, commentary, 24058
philosophic scheme of development of T. Ogden's clinical theory, commentary, 24070
philosophical & cultural perspective on reconstructing future & view of world & theories, 7625
philosophical & religious & transpersonal psychological & mystical views on consciousness & hierarchy of developmental stages of spirituality & mind, 30081
philosophical beliefs & advocacy for school music programs, undergraduate preservice music education teachers, 22527
philosophical dissolution & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6468
philosophical perspective on false memory syndrome & authority of personal memory-claims, commentary, 8066
philosophical perspective on false memory syndrome & authority of personal memory-claims, 8057

philosophical perspective on false memory syndrome & authority of personal memory-claims, commentary, 8043
philosophical perspective on false memory syndrome & authority of personal memory-claims, commentary, 8047
philosophical perspective on false memory syndrome & authority of personal memory-claims, commentary reply, 8056
philosophy for designing introductory courses & thematic modules in computer-mediated learning network, 35486
psychoanalysis & language & phenomenology & deconstructive philosophy in work of N. Abraham & M. Torok, 27427
radical behaviorism & cognitive psychology & cognitive processes in intentional stance vs contextual stance framework, 13859
report of 90th Annual Meeting of Southern Society for Philosophy & Psychology, 9292
role of M. Foucault's philosophy in ethics of health promotion, 5787
role of philosophy & science & technology & intuition in study of verbal behavior, 33546
SCIENTIA & CULTURA & CRITICA as functions of psychological knowledge, 20402
social science's philosophical paradigmatic frameworks applicable for research in music therapy, 21995
Socratic method in psychotherapeutic dialog, client understanding & use of cardinal virtues & life goals & behavior change, 34800
solution-focused therapy as rumor & its link to philosophy of language & aspects of postmodernist social thought, 2168
subjective unity of streams of conscious experience in William James' theory of the mind, 16694
subjective vs objective awareness of private mental & physical objects in consciousness, argument against physicalism, 318
synaesthesia as refutation of representationism, 36642
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary reply, 1469
theoretical approach to concept of mental illness based on Aristotle's human function argument, 1470
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1455
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1484
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1460
theory of anticipatory consciousness as response to Dewey's critique of reflex-arc concept, implications for theories of perception, 1
Philosophies [See Also Determinism, Dualism, Epistemology, Existentialism, Fatalism, Hermeneutics, Humanism, Idealism, Logic (Philosophy), Materialism, Metaphysics, Mysticism, Pacifism, Phenomenology, Positivism (Philosophy), Postmodernism, Pragmatism, Realism (Philosophy), Reductionism, Relativism]—Books
Asian and Jungian views of ethics, 13862
Brain mystery light and dark: The rhythm and harmony of consciousness, 30082
Broken dreams: Reflections on reason, knowledge, and power, 26892
Chomsky: Ideas and ideals, 36682
The complete social scientist: A Kurt Lewin reader, 9770
Contextualism in psychological research?: A critical review, 33535
Conversations about psychology and sexual orientation, 33842
Critique of impure reason: An essay on neurons, somatic markers, and consciousness, 13375
Externalism and self-knowledge, 4323
Heart and soul: The therapeutic face of philosophy, 21703
Mind and cognition: An anthology (2nd ed.), 13318
Mind regained, 4325
The mysterious flame: Conscious minds in a material world, 17146
Performing psychology: A postmodern culture of the mind, 29310
Persons and their minds: A philosophical investigation, 30083
Perspectives on activity theory, 9782
The philosophy of psychology, 36644
Philosophy practice: An alternative to counseling and psychotherapy, 34828
The presence of mind, 23615
Psychology in human context: Essays in dissidence and reconstruction, 22817
The psychology of human possibility and constraint, 13863
Re-envisioning psychology: Moral dimensions of theory and practice, 19563
Teaching as a reflective practice: The German Didaktik tradition, 38763
Through the rearview mirror: Historical reflections on psychology, 35852
The war between mentalism and behaviorism: On the accessibility of mental processes, 32936
What's within?: Nativism reconsidered, 10709
Where biology meets psychology: Philosophical essays, 36645
Philosophies [See Also Determinism, Dualism, Epistemology, Existentialism, Fatalism, Hermeneutics, Humanism, Idealism, Logic (Philosophy), Materialism, Metaphysics, Mysticism, Pacifism, Phenomenology, Positivism (Philosophy), Postmodernism, Pragmatism, Realism (Philosophy), Reductionism, Relativism]—Chapters
Across the S–S divide, 4342
Activity theory and individual and social transformation, 9789
Americanization of psychology before William James, 3267
Anti-individualism and privileged access, 4348
Aspects of simplification in mathematics teaching, 38832
The Brown–McKinsey charge of inconsistency, 4349
Can meanings be causes?, 21753
Can possession conditions individuate concepts?, 26893
The concept of creativity: Prospects and paradigms, 7875
Consciousness and mind as philsophical problems and psychological issues, 145
Constructivism, communication, and cooperation: Implications of Michael Chapman's "epistemic triangle", 10157
Content and self-knowledge, 4328
The content and unsolved problems of activity theory, 9787
Content: Still in question, 38771
Creativity and the commonplace, 4347
Developmentalism deconstructed, 33536
A dialectical paradigm for psychological research: Implications drawn from the history of psychology in the Soviet Union, 7283
Didaktik analysis as the core of preparation of instruction, 38767
Didaktik as a theory of education, 38776
Drug abuse and the law: Prosecution or persecution?, 18095
Empirical behaviorism, 6520
Exceptional persons: On the limits of imaginary cases, 19569
Experiential clarification of the problem of self, 19911
Externalism and memory, 4332
Functional contextualism: A pragmatic philosophy for behavioral science, 6510
Generativity, entrenchment, evolution, and innateness: Philosophy, evolutionary biology, and conceptual foundations of science, 36659
German Didaktik: Models of re-presentation, of intercourse, and of experience, 38769
Harm reduction, 15665
Historical change of the notion of activity: Philosophical presuppositions, 22823
The incompatibility of anti-individualism and privileged access, 4329
The individual in biology and psychology, 36658
Individualism and self-knowledge, 4336
Individualism and the mental, 4334
Information from the world around us, 143
Justifying the research agenda, 36305
Klafki's Didaktik analysis as a conceptual framework for research on teaching, 38764
Klafki's model of Didaktik analysis and lesson planning in teacher education, 38784
Knowing one's own mind, 4340
Knowledge as shared procedures, 9800
The law of free fall as an "exemplary theme" for mathematicizability of certain natural processes, 38838
Levels of classroom preparation, 38783
Loving the world as our own body: The non-dualist ethics of Taoism, Buddhism, and deep ecology, 13864
Managed mental health care and the denial of subjectivity, 15172
Memory and self-knowledge, 4335
Metaphor and learning activity, 10689
Natural answers to natural questions, 36655
On Wilhelm von Humboldt's theory of Bildung, 38770
The ontological foundations of rhetorical theory, 4338
Open experimenting: A framework for structuring science teaching and learning, 38837
Oral and written communication for promoting mathematical understanding: Teaching examples from grade 3, 38773
Our entitlement to self-knowledge, 4333
Our entitlement to self-knowledge: Entitlement, self-knowledge and conceptual redeployment, 4352
Philosophical and ethical considerations in the evaluation of the effectiveness and cost-effectiveness of psychotherapy, 31488
Philosophy and psychological resistance: The case of educational research, 19223
Philosophy, perception, and cognitive science, 147
Picture this: Wittgenstein and personal construct theory, 21712
Privileged access, 4344
Privileged self-knowledge and externalism are compatible, 4354
Quine's behaviorism, 6523
Radical behaviorism: B. F. Skinner's philosophy of science, 6534
Reflecting as a Didaktik construction: Speaking about mathematics in the mathematics classroom, 38834
Religion and academia in mental health, 1072
Resisting primitive compulsions, 26894
Scepticism and psychotherapy: A Wittgensteinian approach, 21721
Science and polemics on population, 27115
Self-knowledge and closure, 4326
The significance of classical theories of Bildung for a contemporary concept of Allgemeinbildung, 38768
Situated agency and the descent of desire, 36657
Starting a dialogue: A beginning conversation between Didaktik and the curriculum traditions, 38765
Teaching as a reflective practice: What might Didaktik teach curriculum?, 38777
Teaching to understand: On the concept of the exemplary in teaching, 38775
Teleological behaviorism, 6532
Theory of Bildung, 38774
Therapeutic questioning and Socratic dialogue, 21735
There is no problem of the self, 19906
Thinking as a healing process, 21854
Understanding biological causation, 36651
Understanding functions: A pragmatic approach, 36653
What an anti-individualist knows *a priori*, **4331**
What can management researchers learn from Donald T. Campbell, the philosopher? An exercise in hermeneutics, 25934
The will in the light of object relations theory, 21752
Philosophy of Life [See World View]
Phobias [See Also Acrophobia, Agoraphobia, Claustrophobia, Ophidiophobia, Social Phobia]—Serials
adjunctive fluoxetine, eating behavior & weight phobia, 14–24 yr old females hospitalized with anorexia nervosa, 38315
biased imagery in observer perspective of self in anxiety-provoking social situations, patients with social phobia vs agoraphobia vs blood injury phobia, test of cognitive model of social phobia, 24347
blood phobic vs stress test situation, diphasic pattern of heart rate & BP response, 21–44 yr old blood phobics, 1639
client-centered therapy &/vs behavior exposure treatment, readiness for exposure to phobic situations, patients with panic disorder & agoraphobia, 18533
cognitive processing bias towards threatening information & spider fear, children aged 8–12, 37403
cognitive-behavioral therapy, koro & phobia of AIDS, 30 yr old single Muslim-Jordanian male, 8791
communications of patient & intervention of analyst in progression from paranoid character defenses to phobic symptom to self & object love, male psychoanalysis patient, 31579
covariation bias in estimation of fear-relevant vs fear-irrelevant stimuli & aversive consequence, flight phobics vs non-flight-phobic individuals, 8195
definition of homophobia as attitude of aggression or anxiety or revulsion vs phobia, 35–45 yr old heterosexual males with & without childhood sexual trauma, 17955
development & reliability & validity of self report questionnaires, assessment of fear of flying, adults with flying phobias, Netherlands, 19631
development & validation of Multicomponent AIDS Phobia Scale, measurement of cognitive & affective & behavioral dimensions of AIDS phobia, college students, 3315
developmental psychopathology & affective neuroscience perspectives on phobia & generalized anxiety & separation anxiety disorders, children, 21189
disgust sensitivity & its relation to obsessive-compulsive disorder & social phobia symptoms & specific phobias, 8–13 yr old primary school children, 30782
efficacy & feasibility of treatment with fluoxetine alone, community-dwelling 67–91 yr olds with depression or phobic anxiety disorders, 28499
epidemiology & clinical & demographic correlates & mental health treatment & health ramifications of & co-morbid psychiatric conditions associated with blood injection injury phobia, 27–65+ yr olds, 1635
etiology & pathophysiology of specific phobia, 8175
exposure therapy, subsequent return of fear in same vs different context, college students highly afraid of spiders, 1 wk followup, 28338
exposure-based contingency management vs cognitive self-control vs education support treatments, 6–16 yr olds with phobic disorders, 3 & 6 & 12 mo follow-ups, 34812

eye movement desensitization & reprocessing, patients with specific phobias, 18564
fluoxetine, resolution of concomitant fear of flying, 35 & 45 yr old females with major depressive disorder, 8860
fluvoxamine, 11-yr-old boy with specific phobia of storms, 6 wk study, 34201
fluvoxamine, 11-yr-old boy with specific phobia of storms, 6 wk study, commentary, 34200
image-elicited fear vs disgust vs anger, fear vs faintness in response to blood-injury phobic stimuli, 17–26 yr olds, 14308
imagery with phobic stimulus, renewal of blood-injury fear, college students (mean age 24.2 yrs), 34222
information processing biases toward medical & disgust-threat stimuli, participants with blood-injection-injury phobia, 14621
interactive effects of alprazolam & naltrexone, anxiety & pain during phobic fear, 16–60 yr old spider phobic females, 2339
lifetime history of major depression & phobia, stage of breast cancer diagnosis, adult females (mean age 68 yrs), 37797
nature of symptoms elicited by & treatments for blood-injection-injury phobia, 8194
negative life experiences, phobia onset, 15–54 yr olds, 30780
presentation time of backwardly masked phobic vs nonphobic target pictures, skin conductance response & forced choice awareness, females with spider phobia, 34218
presentation time of backwardly masked phobic vs nonphobic target pictures, skin conductance responses & forced choice awareness, females with spider phobia, commentary, 34221
psychological desensitization & selective serotonin reuptake inhibitor to control panic symptomatology, 43 yr old female with multiple chemical sensitivity, 8737
refusal to consent to Caesarean section in case of Re MB, 23 yr old woman with needle phobia, implications for right to refuse to consent to medical treatment , 3233
relationship of ritualistic & perfectionistic compulsive-like behavior to prepotent vs contextual normative fears & phobias, 1–7 yr olds , 27727
self talk & systematic desensitization of non-acrophobic elevator phobia, heart rate & fear & elevator usage, 11 yr old female, 8814
self-management exercises in cases of nocturnal bruxism & excessive urinary frequency & unassertiveness & dog phobia, college students, 8807
short-term test–retest reliability & long-term stability of fear & phobia diagnoses & role of genetic & environmental risk factors in phobia etiology, female twins, 1 mo & 8 yr followups, 24333
structured interview vs Phobia Origins Questionnaire, validation of onset of phobias, 17–48 yr olds & their parents, 6616
subliminal presentations, skin conductance responses, female children (aged 9–14 yrs) with spider phobia, 37408
symptom occurrence of animal & blood-injection-injury & environmental-situational phobia subtypes, 7–19 yr olds, 30783
temporal course of startle reflex modulation & autonomic response patterns to fear-relevant vs fear-irrelevant pictures, 18–41 yr olds with high vs low levels of animal fear, 10514
therapist statements about presence of crickets vs actual presence & graduated exposure with vs without contingent reinforcement, math calculation rate, 14 yr old boy with insect phobia, 15194
time & stimulus characteristics & therapist & environmental context of exposure-based treatments, return of fear, undergraduates with fear of spiders (mean age 18.6 yrs), 2-wk followup, 30785
traumatic memory & inhibitory power of eye movements & effects in specific phobias & panic disorder of eye movement desensitization & reprocessing, 18569
visual avoidance of threat-relevant pictorial stimuli, spider phobic & blood-injection-injury phobic undergraduates, 1657
water trauma & swimming skills up to age 9, water fear & phobia at age 18, 3 yr olds, 15 yr study, 1651
worry & autonomic & immune response to phobic fear, college students, 23473

Phobias [See Also Acrophobia, Agoraphobia, Claustrophobia, Ophidiophobia, Social Phobia]—Books

Through the eyes of a child: EMDR with children, 12269

Phobias [See Also Acrophobia, Agoraphobia, Claustrophobia, Ophidiophobia, Social Phobia]—Chapters

Frank's analysis, 21853
Mr. G.'s analysis, 21855
Phobic disorders, 12071
A pragmatic perspective toward treating children with phobia and anxiety problems, 37421
Rebecca's analysis, 21842
Treating fear of flying with virtual reality exposure therapy, 14635

Phobic Neurosis [See Phobias]

Phonemes [See Also Consonants]—Serials

articulatory processes & grapheme to phoneme conversion, 73 yr old male with phonologic dyslexia resulting from ischemic injury to anterior perisylvian region of left hemisphere , 18326
attitudinal factors, choice of short vs long English phoneme, undergraduates, 10696
characteristics of developmental surface dyslexia in Italian language with high grapheme–phoneme correspondence, 11.1–15.7 yr old males with dyslexia, 30992
cortical memory representations for Finnish phonemes using mismatch negativity ERPs, 18–35 yr old naive Hungarian vs fluent Finnish speakers, 29923
damage to semantic component & sublexical phoneme–grapheme but not grapheme–phoneme conversion processes, naming tasks using spoken & written responses, brain damaged male 75 yr old, 34523
development & online processing of native vs non-native phonemic contrasts, proficient Spanish- vs Catalan-dominant Catalan-Spanish bilinguals, 36675
development of metalinguistic awareness & phonemic judgments of meaning & structure related words, 4–12 yr olds, 23690
dichotic listening tasks, laterality & short-term memory capacity & phonemic discrimination, preschool vs school-age vs post-pubertal bilingual undergraduates, 7078
ERPs during phoneme detection task with target presented in speech vs environmental (non-speech) sound context, 22–26 yr olds, 23375
meta-awareness of rhymes vs phonemes in reading development, 1st yr primary school students (mean age 5.8 yrs), 30190
non-stimulus-based response strategies & subjective threshold, magnitude of phonemic mask reduction effect, adults, 10151
phonemic awareness & relationship between alphabetic & speech sounds & reading acquisition & comprehension & literacy, 819
phonemic awareness & relationship between alphabetic & speech sounds & reading acquisition & comprehension & literacy, comment, 821
phonemic awareness & relationship between alphabetic & speech sounds & reading acquisition & comprehension & literacy & phonics-based teaching, comment, 810
phonemic clustering & switching during word-list generation, 15–64 yr olds with Huntington's disease, 5-yr study, 34672
phonemic vs semantic vs alternation word fluency, patients with Parkinson's disease (mean age 66.4 yrs), 15051
phonological & phonemic awareness, reading ability & problems, 3 students aged 7 yrs 1 mo–10 yrs 6 mo, 24628
phonological distinctness & phonemic awareness & reading development, normal vs dyslexic children & adults, 1868
phonological processing of words & phonemes & literacy, augmentative & alternative communication using vs speech impaired 7.5–17.5 yr olds, 37730
phonological spelling & role of segmentation subsystem in phoneme-to-grapheme conversion, 63-yr-old male patient with dementia of Alzheimer type, 14997
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, 7397
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, errata, 17252
precision of phonemic perception & processing, patients with schizophrenia, 11408
sonority of phonemes in segmentation of syllable constituents, preschoolers & 1st grade students, 17293
underlying mechanism in impaired phoneme identification, 33–72 yr olds with ataxic syndrome due to degenerative cerebellar atrophy, 21524
use of visual & orthographic analogies when reading, phonemic awareness, 1st graders with limited reading experience & ability, 30198
visual word recognition in orthographic neighborhood, parallel distributed processing models, 32929

Phonemes [See Also Consonants]—Chapters

Learning and teaching phonological awareness, 15916
Literacy in the family and society, 15955

Phonetics—Serials

acoustic & phonetic effects of vocal effort variations in conversation, adults, 26365
adaptive phonetic gestures & vowel devoicing, 4–5 yr olds & adult speakers of Osaka vs Tokyo dialects of Japanese , 33619
age & sex, performance on phonetically cued word fluency task, 18–81 yr olds, 6843
auditory selective attention, ERPs to speech sounds during phonetic change discrimination, 20–39 yr olds, 23065
dialect discrimination with use of phonetic cues, speakers of African American Vernacular vs Chicano vs Standard American English & undergraduate & graduate student listeners, 10075
lexically based sources of information, phonetic categorization, 48–84 yr old patients with aphasia, 18350
models of & lexical effects during phonetic decision making of words & nonwords, listeners, 32922
perception & production & long-term retention of English /r/-/l/ sound pairs, monolingual Japanese 19–22 yr olds, 3 mo followup, 29622
preattentive auditory change detection utilization of sensory & categorical representations of vowel stimuli, 18–35 yr old Hungarian or Finnish speakers, 10491
processing of low-phonetic vs higher-phonetic substance inflections, 8 yr olds with specific language impairments , 8476
radical & semantic relationship between target & prime, processing of Chinese characters in character decision task with phonetic compounds targets, native Chinese speakers, 23622
semantic & phonetic regularity norms for Mandarin Chinese characters & relation to performance on cognitive tasks, Chinese vs Singaporian vs Taiwanese high school & college students, 13874
stochastic model with phonetic & phonological knowledge sources for human speech recognition, 6431
successive & phonological processing instruction, phonological & early reading skills, at risk kindergarten children, 9556
syllable stress & vowel quality factors, metrical segmentation strategy in Dutch, college students, 4372
theory & computational model of lexical access in development of speech production, commentaries & reply included, 16541
tracheostomy before age 8 mo, speech errors & phonetic characteristics & phonological skill & level of speech development, 2.7–6.7 yr olds, 3 mo study, 23703
word homophony & frequency & sentence structure, verb tense spelling errors, Dutch-speaking 18-yr-olds, 30105

Phonetics—Chapters

Semantic radicals in phonetic compounds: Implications for visual character recognition in Chinese, 13325

Phonics—Serials

evaluation of first grade basal reading instruction programs & relationship between decoding instruction & text & phonics, 35493
phonics teaching method & acquisition of body-coda and onset-rime segmentation reading, speed of intact vs segmented pseudoword naming, 1st grade native-Dutch speakers with good vs poor reading skill, 32212
spelling skills, third grade children taught through whole language instruction vs phonics program, 9422
teaching functional spelling units of varying size with multiple-connections framework, 2nd grade poor spellers, 9468
use of diacritical marks in Reading For Sure intervention, primary & secondary school children with learning difficulties, 18 mo follow-up, 16002

Phonics—Books

Learning to read: Beyond phonics and whole language, 15909

Phonics—Chapters

Afterword: The Science and politics of beginning reading practices, 32271
The brain reads sound by sound, 15924
How research might inform the debate about early reading acquisition, 32247
The influence of instructional approaches on reading procedures, 15917

Phonology [See Also Phonemes, Phonetics, Prosody, Syllables, Vowels]—Serials

acoustic/perceptual & articulatory/production space nonsymbolic phonological knowledge, 3.8–5.4 yr olds with phonological disorders, 11761
acquisition of irregular output orthographic representations of French words, 23–57 yr old Italian speakers with no previous knowledge of French, 26897
age & sex & teaching programs, changes in phonological & visual memory, kindergarten students, 7 yr study, 22430
assertions about development of reading & its difficulties & role of phonological awareness, 17284
assessment & differential diagnosis of phonological disorders & phonological structure of separate languages, bilingual 4.7–7.4 yr olds, 32639
association between word frequency & phonological vs nonphonological & morphosyntactic difficulties, 36–74 yr old English or Spanish speakers with aphasia, 31294
asymmetrical pattern of cluster development with 2 reduction strategies, 4.9 yr old female with phonological disorder, 8467
auditory vs visual presentation & irrelevant information & phonological similarity, word recall, undergraduates, 26449
auditory–visual modality priming, orthography activation in lexical decision in visual word recognition task, adults with vs without surface dyslexia , 14852
backward masking approach to phonological & associative inhibition in early stages of English word identification, college students, 6787

bidirectional relations of phonological sensitivity & pre-reading abilities, 4 & 5 yr olds, 1-yr study, 6198
case report literature on phonological & semantic routes as anatomical explanations for conduction aphasia, 1885–1934, 2046
central executive functioning & working memory & performance on phonological task, 65–84 yr olds with Alzheimer's disease, 28135
cognitive performance & speech understanding, deaf adults with cochlear implants, 2478
color vs object advance information for German noun phrase, RT in initiation of articulation of noun phrase, college students, 16667
computerized lexical database which provides quantitative descriptors about the relations between orthography & phonology for French monosyllabic words, 26017
connectionist model of phonology & reading acquisition & dyslexia, 27956
connectionist model of role of phonological loop in short term memory for serial order & learning, 26434
construct validity of item response theory model, measurement of phonological awareness in reading development, 5–7 yr olds, 30188
development of phonological skills, early reading acquisition & reading & mathematics achievement & nonverbal ability & word knowledge, native Dutch-speaking 5–7 yr olds, 3 yr study, 32254
developmental association between phonological short-term memory & vocabulary knowledge, 4 & 5.1–6.3 vs 13.3–14.4 yr olds, 10771
early language development & phonological awareness, reading problems, Danish 3–11 yr olds, 36754
effectiveness of phonological training strategies on reading performance, Chinese 7.8–11.9 yr olds with dyslexia, 32304
electropalatographical analysis of undifferentiated lingual gestures & tongue differentiation, children with articulation/phonological disorders, 18215
electrophysical aspects of brain activity during phonological & orthographic word recognition tasks, 18–27 yr olds, 7112
emerging phonological abilities & basic reading skill & interindividual variation in development of phonological manipulation, 7–7.8 yr old Finnish nonreaders, 36730
false recall & recognition with lists of phonologically related words, adults, 10216
form-preparation paradigm of phonological segments & features as planning units in spoken word production, adults, 17159
frequency & phonological ambiguity, naming of Serbo-Croatian words written in Cyrillic vs Roman alphabet, college students who are bi-alphabetic readers, 13871
graphophonemic awareness & literacy development based on spelling performance, 2nd vs 3rd vs 5th vs 6th graders, 10768
handedness & EEG correlates of phonological processing, 8–13 yr olds with dyslexia, 8446
heritability of auditory & phonological processing impairment, 7–13 yr old twins with or without languae impairment, 11759
identification of locus of functional impairments in speech prosody via stress shift, fluent & non-fluent 38–54 yr old males with right vs left brain damage with vs without aphasia, 18378
inclusion of IQ in definition of dyslexia & use of discrepancy criterion & role of phonological skills & outcome based classifications of poor readers, 24627
independence between & role of semantic & phonological processing in very early stage of acquiring sight vocabulary in non-word reading & recognition, 4.6–7.3 yr olds, 23704
internal & external validity of methodology in phonological awareness intervention research, 16437
intervention to develop phonological awareness & word recognition, reading skills & spelling, lower income inner city kindergarten students, 2 yr study, 32203
level of impairment in picture-naming vs perception & retrieval of input vs output phonological codes from semantics in short term memory, 30 yr old male with anomie/aphasia, 24827
lexical & nonlexical phonological priming in reading aloud, college students, 10134
lexical diffusion & phonological & etymological & grammatical change as support for connectionist model of mental lexicon & English word information storage, 30103
lexical representations & lexicalization processes & target–error resemblance in contaminational & semantic & formal & mixed French word substitution speech errors, 30090
literacy socialization & phonological awareness as basis for reading development & difficulties, 876
manipulation of meaning dominance & word frequency of heterographic targets, phonological processing during silent reading, undergraduates, 23090
masked homophone vs pseudohomophone priming, lexical access, college students vs 9–10 yr olds, 7392
masked phonological priming approach to visual word recognition, Dutch–French bilingual speakers , 6841
memorization of phonologically similar vs dissimilar letters in auditory vs visual input modalities, ERPs, 23–43 yr olds, test of phonological similarity effect on working memory , 557
morphological complexity with derivational vs inflectional affixes, word repetition & phonological output disorders, fluent vs nonfluent aphasic adults, 28170
nature of phonological encoding during spoken word retrieval, college students, implication for 2-stage sequential model of encoding, 26411
nature of phonological encoding during spoken word retrieval, undergraduates, implications for 2-stage sequential model of encoding, 10143
operation of rendaku to non-frequent & novel compounds, Japanese 8.9–12.1 yr olds with specific language-impairment, 21437
orthographic & phonemic resemblance of target to correct word, Chinese word recognition, Chinese dominant bilinguals, 23083
orthographic & phonologic & semantic dimensions in word reading of homographs vs homonyms vs control words, college students , 10100
orthographic & phonological & lexico- semantic judgments of visually presented characters & words, neural activity, adults, 26592
orthographic & phonological priming in acquisition of reading skill for word & nonword naming tasks, 2nd–6th graders, 7380
orthographic rime analogies & phonological priming in word reading, 6–7 yr olds, comment, 13938
orthographic rime analogies & phonological priming in word reading, 6–7 yr olds, commentary reply, 13930
overt phonological errors during part-word repetitions, 25 yr old stutterer, implications for Covert Repair Hypothesis, 27992
phonologic processing abilities & reading, children with language-learning disorders, 8481
phonological & letter & memory task performance, prediction of reading disabilities, kindergartners, 1 yr study, 17275
phonological & orthographic information, children's vowel spelling, 1rst–3rd graders, 36774
phonological & orthographic priming & activation of phonological codes during eye fixations in reading, Os, 26309
phonological & orthographic processing skills & English as 2nd language reading, 25–35 yr old male native Farsi-speaking graduate students, 32261
phonological & perceptual factors, short term olfactory coding & memory, 18–22 yr olds, 297
phonological & phonemic awareness, reading ability & problems, 3 students aged 7 yrs 1 mo–10 yrs 6 mo, 24628
phonological & semantic errors, 34 & 63 yr old female Spanish-speaking patients with anomic aphasia, 18396
phonological & syntactic awareness & reading acquisition, English vs Punjabi speaking 1st graders, implications for discriminating poor vs average readers, 10763
phonological abilities, 25–59 mo old preschool recovered stutters vs persistent stutters, 37727
phonological ambiguity of words, identity priming, college students, 19775
phonological awareness & processing skills, 46–58 mo old preschoolers, 26976
phonological awareness & reading achievement in English & French, English speaking 1st & 3rd & 5th graders learning to read French in immersion class, 1 yr study, 12682
phonological awareness training with or without attention to articulation & manipulation of sounds, learning, 7–11 yr olds with reading difficulties, 16018
phonological awareness training with vs without written letter training, reading skill & word identification, 32205
phonological distinctness & phonemic awareness & reading development, normal vs dyslexic children & adults, 1868
phonological encoding & word stress, 15–40 yr old stutterers vs nonstutterers, 27985
phonological encoding during reading & short-term memory tasks, 16–43 yr olds with congenital speech impairments, 37723
phonological interference & word frequency & Chinese character components, semantic judgements in Chinese character identification, native Chinese speakers, 23117
phonological opacity, word recognition, 10–12 yr olds with language impairments, 31034
phonological performance following daily training using phonological awareness exercises, 10–12 yr olds with dyslexia, 27925
phonological priming, recognition of Chinese characters in left vs right visual field, male college students, 26413
phonological processing & homophone discrimination, left vs right handed college students, implications for genetic influence, 26570
phonological processing & oral !anguage abilities, reading & reading disabilities, children (mean age 7.9 yrs) assessed in Kindergarten & 2nd grade, 36735
phonological processing deficits as predictor of phonological alexia, 74 yr old male with nonfluent primary progressive aphasia, 28146
phonological processing of words & phonemes & literacy, augmentative & alternative communication using vs speech impaired 7.5–17.5 yr olds, 37730
phonological properties of English male vs female names, gender predictability & human & inanimate object name usage, 3.3–5.6 yr old children & adults, implications of connectionist model, 29542
phonological skill training, consonantal phoneme deletion & word reading in English, younger (mean age 12.7 yrs) & older (mean age 15.8 yrs) adolescent Chinese females , 13933
phonological spelling & role of segmentation subsystem in phoneme-to-grapheme conversion, 63-yr-old male patient with dementia of Alzheimer type, 14997
phonological vs semantic processing RTs in object identification, young (mean age 20.8 yrs) vs older (mean age 67.5 yrs) adults, 13280
phonology & derivational morphology, novel word acceptability & associative processes & verbal memory cluster structure, college students, 29531
phonology & morphological errors in speech perception during casual conversation in English, 29512
phonology & morphology of language, spoken word processing, college students, 26914
phonology & reading skill, activation of word meanings in texts & detection of homophones during reading, college students, 29567
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, 7397
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, errata, 17252
pitch pattern as reflecting application of clash resolution accentual patterns in restructured phonological phrases, native French-speaking college students, 26911
predictive validity of phonology & listening comprehension & cognitive ability & visual-motor coordination against early reading skills, kindergartners from diverse linguistic backgrounds, 1 yr study, 36749
primacy model of serial recall of word length & phonological similarity, 286
primed picture naming & lexical decision & vocabulary performance, 10–13 yr olds with reading disability , 30979
priming & lemma access during anaphoric lexical access, incidental lexeme activation & reading errors, native English-speaking adults, 29598
priming of morphologically regular vs irregular word stems, ERPs, 18–28 yr olds, 10479
probabilistic phonotactics & density of spoken-word phonological neighborhood similarity, RT & sublexically-vs lexically-biased processing of nonwords vs words, 29607
rapid automatic naming & verbal ability & phonological awareness, prediction of phonological & orthographic skills, 1st graders, 1 yr study, test of computational model of word recognition in reading, 17269
rapid naming & reading & phonological awareness & recognition of letters during quick spell test, 2nd & 3rd graders, 10761
reading & phonological & orthographic skills & acquired developmental phonological dyslexia, female 7.2 yr old with left-hemisphere stroke, 4 yr study, 34524
reading & spelling performance & patterns of phonological awareness & information retention in short term memory, Greek 1st-graders (mean age 7.1 yrs) facing difficulties in literacy acquisition, 37679
reading comprehension & decoding abilities for words & nonwords, 7.5–9.5 yr olds with reading difficulties, 11712
representation & processing of tone in Mandarin Chinese via naturalistic slips of the tongue from tape-recorded radio call-in programs, 30092
requirements for memory search & phonological vs spatial resources, processing temporal information in interval production with concurrent nontemporal task, 20–30 yr olds, 29597
reversal of phonological similarity effect, adults, 10204
rhyme vs orthogonal vs diagonal training conditions to name pictorial stimuli, functionality of verbal behavior in equivalence class formation, 18–40 yr olds , 19860
role of early linguistic experience in development of phonological representations, deaf children, 2115
role of phonological-articulatory processes in priming for visually similar vs dissimilar letters & words in upper- & lowercase formats, adults, 6839

role of phonology in silent Chinese compound character reading, native Chinese speakers, 23116
role of word age of acquisition & word frequency & phonology in lexical decision task, college students, 32910
roles of phonological awareness deficits vs word-naming speed deficits vs both phonological awareness & word-naming speed deficits in subtypes of dyslexia, 30991
seizure-triggering value of components of model of phonological vs semantic route of written words, 51 yr old male patient with primary reading epilepsy, 18404
self teaching of phonological vs orthographical presentations of pseudowords, accuracy of pseudoword recognition & spelling & naming, 7–8 yr olds, 10796
sensitivity to auditory frequency modulation, prediction of phonological & reading & spelling skills, children (mean age 9.9 yrs), 30192
sequential computer simulation of phonology-syntax relationship in speech & tip-of-the-tongue states in human information storage, 32459
serial order & word onset effect, phonological encoding & misspoken words in tongue twisters, native speakers of British English, 3565
sex & age & coarticulation, Swiss German vowel formant pattern vocalization, 5–13 yr olds vs adult speakers, 36670
sex, phonological processing of matched letter strings & unfamiliar words & access to pronunciations of familiar words, college students, 16594
speech-specific failure in phonological representation vs general deficit in auditory temporal processing, speech perception, reading-impaired 2nd graders, commentary, 37675
stimulus onset asynchrony, phonological activation in visual word identification & RT in making meaning judgment, native Chinese Putonghua speakers, 10144
stochastic model with phonetic & phonological knowledge sources for human speech recognition, 6431
syntactic & conceptual & morphophonological information in sentence structure, 45 & 73 yr old males with aphasia , 37921
task dependent & independent effects in semantic & phonological priming effects, college students, 19830
temporal processing, phonological processing problems, 8–10 yr olds, 30574
time course of grammatical & phonological processes during noun phrase production in Dutch, 19–29 yr olds, 36678
timing relations of phonological encoding & initiation of articulation in production of German no-determiner noun phrases, college students, 13875
tracheostomy before age 8 mo, speech errors & phonetic characteristics & phonological skill & level of speech development, 2.7–6.7 yr olds, 3 mo study, 23703
training in linguistic & phonological awareness & components of training effects, reading performance, 1st graders (mean age 7.2) with low phonological awareness, 37681
training in phonological awareness, long-term reading & spelling performance & risk for dyslexia, kindergartners with low metalinguistic competencies, 4-mo followup, 37682
visual repetition priming, phonology in visual word identification, adults, 10702
visual vs auditory distractor words, semantic & phonological effects in picture naming, college students, 10093
visual word processing & word meaning priming, semantic activation, 16–18 yr old fluent in 2 Serbo-Croation alphabets & lexical decision, erratum, 13292
visual word processing & word meaning priming, semantic activation, 16–18 yr olds fluent in 2 Serbo-Croation alphabets & lexical decision, 3552
vocabulary growth, phonological awareness & nonword repetition, 3–5 yr olds & 1st graders, 10786
word blend errors, word frequency effects occurring at lemma vs lexeme level of lexical access, 29577
word naming errors during phonological computation, Spanish 9–10 yr olds with vs without reading disabilities, 30985

Phonology [See Also Phonemes, Phonetics, Prosody, Syllables, Vowels]—Chapters
Argument structure and Maasai possessive interpretation: Implications for language learning, 825
Child phonology, learnability, and phonological theory, 10814
The constituency model of Chinese word identification, 13338
Cross-language transfer of phonological awareness, 13968
Effect of first language phonological configuration on lexical acquisition in a second language, 300
The emergence of phonology from the interplay of speech comprehension and production: A distributed connectionist approach, 16261
Improvement of schoolchildren's reading and writing ability through the formation of linguistic awareness, 12727
Learning to read and spell in Greek: The importance of letter knowledge and morphological awareness, 27013
Learning to read Chinese, 27012
Learning to read German: Normal and impaired acquisition, 27022
Learning to read in Scandinavia, 27015
Meaninglessness, productivity and reading: Some observations about the relation between the alphabet and speech, 30108
Phonological acquisition, 23741
Phonological aspects of aphasia, 5425
Phonological awareness, syntactic awareness and learning to read and spell in Brazilian Portuguese, 27019
Phonological awareness: Instructional and curricular basics and implications, 6191
Phonological awareness: Research bases, 6268
Phonological codes in reading comprehension, short-term memory, and memory for rapid visual sequences, 26422
Phonological short-term memory and foreign language learning, 301
Principles for an emerging phonological system: A case study of early ASL acquisition, 34722
Reading skill development in bilingual Singaporean children, 27014
A reexamination of "early exposure" and its implications for language acquisition by eye, 34724
The relationship between phonological awareness and orthographic representation in different orthographies, 27010
Some empirical and theoretical issues in disordered child phonology, 11769
Sublexical processing in reading Chinese, 13343
What every teacher should know about phonological awareness, 15929

Phosphatases—Serials
chronic antidepressant administration, expression of phosphodiesterase isoforms in frontal cortex & nucleus accumbens, male rats, implications for role of cyclic adenosine monophosphate in depression, 10670
interactive contributions of intracellular calcium & protein phosphastases to massed-trials learning deficits, marine mollusks, implications for memory formation, 10279
test & retest reproducibility of platelet membrane phospholipid measures, healthy 21–45 yr olds studied on 2 different occasions 3 wks apart, 23432

Phosphatides—Serials
association of Ban I dimorphic site at cytosolic phospholipase A2 gene & schizophrenia, patients with schizophrenia, 1611
calcium-dependent phospholipase A2 activity, adult schizophrenic patients with sensitive vs insensitive responses to niacin, 30721
changes in phosphorous metabolism & phospholipid levels in temporal lobes, drug-naive adults (mean age 23.1 yrs) with schizophrenia, 30707
isolation & characterization of cDNA encoding phospholipase C-beta shared by olfactory & visual systems, lobsters, 23364
lithium & carbamazepine & valproate, inhibition of high affinity myo-inositol transport system & mRNA downregulation, primary astrocyte cultures, 33443
phosphorous magnetic resonance spectroscopy, assessment of phospholipid metabolism, schizophrenic patients on medication, 14573
signal transduction abnormalities of phosphatidylinositol pathway platelets & effects of lithium treatment on platelet membrane phospholipids, euthymic bipolar disorder patients, 14506

Phospholipids [See Phosphatides]

Phosphorus—Serials
changes in phosphorous metabolism & phospholipid levels in temporal lobes, drug-naive adults (mean age 23.1 yrs) with schizophrenia, 30707
phosphorous magnetic resonance spectroscopy, assessment of phospholipid metabolism, schizophrenic patients on medication, 14573

Photic Threshold [See Illumination]

Photographic Art—Serials
selfobject identification as motivation to make victims of Depression era central motif of photographs & transform objects of pity to heroic icons, D. Lange, 30075

Photographic Memory [See Eidetic Imagery]

Photographs—Serials
breadth of perspective & creativity & complexity, individuality operationalized through photographic essays, 18–54 yr olds, 30492
generalization in photographic activity schedules, 14 yr old female with autism, 1842
lighting direction, recognition of untextured faces in photographic positive & negative, 18–47 yr olds, 36163
memory & interpretation of family photographs vs videotape, teenagers, 6899
photographs of dead significant others in Western societies vs memorial effigies or artifacts in non-Western societies to facilitate mourning & bereavement, 33980
ratings of photographs of Chinese facial expressions of different emotions, 20–28 yr olds vs 18–22 yr old college students, implications for cross cultural psychology, China, 27337
relational processing & recognition of faces viewed as photographic negatives, 18–46 yr olds, 23034
traditional vs emotional vs ritual photographs of children made after death as representative of parent-child relations & changing ideals of 19th century, 20766
transactional analysis, use of childhood photographs of clients & their families to bring past memories into present, 24997
visual availability of culture & typology of ethnographic photography, 7645

Photographs—Chapters
The peace personality, 27418

Photopic Stimulation—Serials
age & temperature & time, photoresponse assessed by taste & olfaction & vision & locomotion through food source, wild-type Drosophila larvae vs line unresponsive to light, 582
group II metabotropic glutamate agonist 2R,4R-APDC, mGluR 2,3 receptor immunoreactivity in extraglanular layers & neuronal responses in visual cortex, light vs dark reared 3–4 vs 6–8 wk old cats, 29767
intrahemispheric EEG coherence at rest & during photic stimulation, 55–63 yr olds with Alzheimer's disease, implications for presence of abnormal functional connectivity, 8682
photopic spectral sensitivity of multiunit activity in torus longitudinalis & optic tectum, goldfish, 548
scopolamine, EEG activity in nonstimulus condition & during photic stimulation & Wechsler Memory Scale scores & physiological changes, 24–31 yr old right-handed males, 23525
short vs long photoperiod, neural estrogen & progestin receptor immunoreactivity in brain regions & lordosis, ovariectomized female hamsters, 3883

Photoreceptors [See Also Cones (Eye), Rods (Eye)]—Serials
explicitly unpaired visual stimuli lighting & rotation, phototactic orienting behavior & photoreceptor excitability & associative learning & conditioned suppression, Hermissenda molluscs, 36401
extraocular photoreception, circadian rhythm entrainment, blind hamsters, 29956
introduction of human cone photopigment into genome, visual system, transgenic male mice, 16879
noise effects on photoreceptor temporal contrast sensitivity in low light, locusts, 10497
on/off polarity of test stimulus & sawtooth adaptation flicker, detection thresholds for S-cone modulation for red &/vs blue stimuli, 20–33 yr old Os, 10059
photoreceptor & antagonistic clock-adjusting roles of mammalian Cry1 & Cry2 proteins in maintenance of circadian rhythms, mice, 17014
test of hypothesis of impaired displacement thresholds based on random loss of motion sensitive units due to loss of cone photoreceptors, patients with retinitis pigmentosa, 21622

Phototherapy—Serials
assessment & causes & phototherapy treatment & clinical implications of seasonal affective disorder, psychiatric nurses & children & adolescents, 17865
bright light therapy, agitated behaviors, dementia patients in chronic care facility, 31738
bright light treatment, patients with winter depression, 2419
bright vs infrared light prophylactic treatment, symptom developments, patients with seasonal affective disorder, 28540
dose-response relationship of phototherapy for seasonal affective disorder, meta analysis, 31735
fluoxetine vs light therapy treatments, patients (mean age 41.1 yrs) with seasonal affective disorder, 5474
growth hormone response to baclofen challenge before & after light therapy, patients with seasonal affective disorder, 12265
light therapy with vs without citalopram treatment, 35–60 yr old females with seasonal affective disorder, 1 yr study, 31385
light therapy, 34 yr old male with sleep disorder & learning disability, 5693
light therapy, hot flushes, 35 yr old female with seasonal affective disorder, 21984
morning vs evening light treatment, 25–61 yr old patients with winter depression, 2423
paroxetine & LSD platelet binding & symptom severity before & after light therapy, 26–69 yr olds with seasonal affective disorder, implications for role of serotonin receptor functioning, 14505
phototherapy, patients with psychoautonomic neurotic disorders, 15371
scores on NEO-Five Factor Model inventory before vs after light treatment, outpatients with seasonal affective disorder vs bipolar disorder, 34111

season, mood improvement after light therapy, adults (mean age 44.2 yrs) with seasonal affective disorder, 2427
time of day for timed bright light & negative air ionization treatment, 18–59 yr olds with seasonal affective disorder, 2428
Phototherapy—Chapters
Light therapy in Alzheimer's disease, 31404
Phrases—Serials
color vs object advance information for German noun phrase, RT in initiation of articulation of noun phrase, college students, 16667
event-related brain potentials during recognition of ordinary & bizarre action phrases following verbal & subject-performed encoding conditions, college students, 23095
impact of different time frames in asking about drinking, clinical vs general populations, 24544
membership rating of dominance & extension & adjective-noun & noun-noun conjunction effect in phrasings of concept conjunctions, college students, 7314
picture-word interference, determiner selection in noun phrase production, Italian speakers, 23103
pitch pattern as reflecting application of clash resolution accentual patterns in restructured phonological phrases, native French-speaking college students, 26911
role of pragmatic constraint & modifiability of noun phrases, interpretation of ambiguous & complex noun phrases, English & Spanish speaking college students, 36677
timing relations of phonological encoding & initiation of articulation in production of German no-determiner noun phrases, college students, 13875
use of sense selection & creation for interpretation of eponymous verb phrases & ordinary lexical ambiguities during memory retrieval processes, college students, 32973
Phrenic Nerve [See Spinal Nerves]
Phylogenesis—Serials
length & depth of corticospinal tract fibers & digital dexterity, reanalysis of data set of 69 different mammalian species using comparative statistics of phylogenic information, 23312
phylogenetic influence on mating call preferences, female tungara frogs, test of models used to estimate ancestral call characters , 16858
phylogeny of lineages for study of behavioral & morphological & ecological evolution, blackbirds, 33167
socioecological model vs human habitat alteration vs phylogenetic constraints, explanation of variations in langur social behavior, 13475
Phylogenesis—Chapters
Evolution and phylogenetic history of the frontal lobes, 7099
Ontogeny, phylogeny, and scientific development, 36650
Physical Abuse—Serials
adult anger expression & childhood physical abuse history & event memory & self labeling, 18–56 yr old medical patients, 24409
child physical & emotional abuse & neglect, 1988–1998, 37475
childhood sexual & physical & emotional abuse & subsequent deliberate self harm, 18–50 yr old female overdose patients, 8273
childhood sexual &/or physical abuse, depression & self-esteem, low-income adult females, 17972
childhood trauma & parental early separation & perceived dysfunction, etiology of dissociative symptoms, psychiatric inpatients with mean age 35.6 yrs, 14547
collaboration of medical & mental health personnel in treatment of childhood physical abuse, 25413
combined social-constructionist & psychodynamic perspective applied to heterogenous therapy group treatment of traumatic physical & sexual & psychological abuse, 25089
comparison of problematic concept formation & other ''measurement trap'' methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, 14706
comparison of problematic concept formation & other ''measurement trap'' methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, commentary, 14661
correlates of recurrence of physical abuse or neglect during child protective services intervention, families with substantiated reports of abuse, 34259
drinking in the event & lifetime drinking history, risk of physical assault perpetration &/vs victimization, 18–55+ yr olds, 27819
experience of abuse & resistance, battered Asian Indian female immigrants (aged 27–54 yrs), 24443
experience of emotional & physical abuse in heterosexual dating relationships & psychological distress, 18–50 yr old undergraduate males, 8290
experiences of a batterers' intervention program, 18–57 yr old battered female partners, 15515
experiences of assault while officiating, Rugby Union referees, 17147
exploration of experiences of abuse in primary care & way it was described & hinted at, female 21–61 yr olds with biomedically undefined long-term musculoskeletal pain, 2 yr followup, 28599
exposure to bar environment & intoxication & sexual & physical abuse history & personality traits, bar related victimization, 18–55 yr old female bar drinkers, 37496
family characteristics & risk factors & child abuse & child protection process & criminal prosecution & reunification, severely physically abused children less than 5 yrs old & their parents, 37490
father &/vs mother physical child abuse, prediction of child aggressive behavior, male vs female college-age children & their parents , 37493
frequency of & clinical & demographic characteristics associated with misdiagnosis of abusive head injury, abused children younger than 3 yrs reporting to children's hospital with head injuries, 11531
history of physical &/or sexual abuse & abuse severity, PTSD, battered Hispanic women, 24345
history of sexual or physical abuse & recent pain complaints & health-related utilization & perceived health & psychological disturbance, male vs female college students, 24082
husband &/vs wife drinking & involvement of verbal vs moderate vs severe physical aggression in most serious conflict, 15–36 yr old newlyweds, 1 yr follow up, 27796
incidence of female-perpetrated assault, males vs females, 11525
influence of sexual or physical abuse on psychopathology of bulimia nervosa, 30830
interpersonal violence, rapid repeat pregnancy, low income 13–21 yr olds, 24087
intervention & treatment & long-term sequelae of physical & emotional & sexual child abuse, 11566
intimate physical assault & PTSD, 20–51 yr olds seeking treatment for cocaine dependence, 21302
level of emotional understanding, physically maltreating mothers & their 6–12 yr old children , 30844
male verbal vs physical aggression in domestic violence, psychological symptoms & marital satisfaction, married & cohabitating couples, 21245
medical evaluation & reporting of child physical & emotional abuse, 24432
mental illness & physical & sexual abuse & criminal & family history, male sex offenders (aged 18–47 yrs), 24566
model of & increased risk for suicidal behaviors, physically abused 12–18 yr olds, 37476
model of women's physical & emotional health responses to battering, 18–52 yr olds, 11778
neuroendocrine influences on parenting style & parental responsiveness & infant abuse, primates, implications for human parenting, 13561
nurse-administered abuse prevention intervention, further violence, 14–42 yr old pregnant women, 6- & 12-mo post-delivery follow-up, 12416
open-ended vs focused prompts, number of words spoken & details elicited in investigative interviews, 5–6 vs 9–10 yr olds alleging physical abuse by their parents, 13940
perceived family stressors & prediction of child physical abuse potential in immediate postpartum period, mothers mean age 26.6 yrs of newborns, 7 mo follow up, 37444
physical & sexual abuse trauma memory & report credibility & collaboration by cognitive & clinical researchers, 11539
physical abuse &/or neglect, psychological adjustment & peer social competencies, 2.9–4.8 lower income urban preschoolers, 1829
physical abuse as risk factor for adolescent psychopathology, officially documented physically abused 12–18 yr olds, commentary, 34279
physical abuse as risk factor for adolescent psychopathology, officially documented physically abused 12–18 yr olds, commentary reply, 34280
physical abuse of persons with learning disabilities in residential facilities, how to recognize & report & manage abuse, 25485
physical and/or sexual and/or psychological abuse, self concept, rural Mexican-American vs non-Hispanic White 13–18-yr-old males vs females, implications for psychotherapeutic nursing interventions, 11510
population based vs screening based enrollment strategies for early home visitation studies for prevention of physical child abuse & neglect, 36080
prevalence & severity of lifetime physical & sexual victimization, 18–59 yr old incarcerated women in maximum security, 35805
prevalence of dating partner physical & emotional abuse, 17–41 yr old females, 11550
prevention programs for child physical & sexual abuse & neglect, 25377
reality testing & perceptual disorders & dissociative symptoms, 18–30 yr old female survivors of childhood sexual &/or physical abuse, 37506
relational & physical forms of peer victimization, 3–5-yr-olds, 11513
relationship between child abuse & PTSD, 8–19 yr old sexually & physically & nonabused foster care males, 27771
risk factors for child physical &/vs sexual &/vs ritual abuse in daycare centers vs homes, children, 37508
risk factors for husbands' physical & emotional abuse of wives, 24–57 yr old husbands, 8276
severity of parent-child violence & abuse-specific attributions & attributional style, severity of psychopathology & internalizing & externalizing symptoms, physically abused 6–13 yr olds , 34255
sexist & sex role attitudes of men & systematic authoritarian repression & oppression & abuse of women & effects on health under Taliban, Afghanistan & Pakistan, 33820
sexist & sex role attitudes of men & systematic authoritarian repression & oppression & abuse of women & effects on health under Taliban, Afghanistan & Pakistan, 33821
social & familial & psychiatric characteristics, 10–17 yr olds who battered their parents, 9 yr retrospective study, 27795
symbolic violence & threats of violence by male intimate & physical violence, pregnant physically & sexually abused Hispanic women, 5042
symptoms & co-occurrence & predictors & correlates of posttraumatic stress disorder vs major depressive disorder, married physically abused women, 37221
trends in child minor & total physical & sexual & emotional abuse & neglect, army families, 1975–97, 37487
types of emotional & physical childhood abuse, lifetime prevalence of different types of psychopathology, 18–21 yr olds, 27495
violence and/or rape experienced as an adult & predictive risk-factors, 18–35 yr old borderline patients, 11502
Physical Abuse—Chapters
Eating disorders, self-image disturbance and maltreatment, 14426
Health consequences for victims of violence in intimate relationships, 35060
Legal issues in the forensic assessment of traumatized youth, 8230
Physical abuse and neglect, 11998

A typology of male batterers: An initial examination, 34325
Physical Agility [See Also Physical Dexterity]—Serials
legal processes & cutting score strategies for physical agility performance tests used for personnel selection, male vs female police & fire fighter personnel, 26239
living arrangements, physical & cognitive & emotional functioning, 51–61 yr old Black vs White vs Hispanic males vs females, 23825
movement times for & neuromuscular characteristics of unilateral vs symmetrical vs asymmetrical bilateral aiming movements, 6–7 vs 9–10 yr olds with developmental coordination disorders, 5139
Physical Appearance [See Also Physique]—Serials
3-dimensional shape vs 2-dimensional surface reflectance information, face recognition, adults, 32831
attitudes about appearance & personality of psychotherapists & typical psychotherapy situation, 20–38 yr old male vs female novice vs advanced medical vs psychology students, 5522
body image & psychological functioning & maternal vs paternal appearance-related feedback, male vs female college students, 17375
demographic characteristics & motivational factors & health concerns associated with tattooing & body piercing, 17–54 yr old college students, 37154
differences in hand parameters, 24–77 yr old psychiatric patients, 34058
eye gap & nose width, preference for schematic faces, college students, 29610
frequency & type of minor physical anomalies, schizophrenic patients & their normal siblings, 8142
history of physiognomy & physical appearance as indicator of temperament & character & intelligence, 35844
long tail ornament, flight & foraging capability, female sand martins, 26512
minor physical anomalies & dermatoglyphic asymmetries & cortisol levels, adolescents with schizotypal personality disorder vs other personality disorders, 17967
objectified body consciousness & actual/ideal weight discrepancies & body esteem, male vs female 17–32 yr olds, 4789
quality of mother–child interaction at age 12 mo, self & mother feature knowledge, 20 mo olds, 23767
self-conceptualizations & self-discrepancies about own appearance in relation to peer evaluations of social behaviors, 4th–6th graders, 15963
self-knowledge structures & physical appearance beliefs & coping strategies, females with high body dissatisfaction with vs without disordered eating symptoms vs low body dissatisfaction, 31022

Short Form 36 Health Survey Questionnaire vs EuroQol for assessment of health-related quality of life & surgical effectiveness, 16+ yr old cosmetic surgery patients, 31797
similarity in skin color of group's members, perceived cohesion & psychological & behavioral traits attributed to group, undergraduates , 37051
skin color & experiences of discrimination, transracially & inracially adopted African-American adults, implications for special needs adoptions, 36913
skin thickening as predictor of appearance esteem & effect of appearance esteem on reaction to stress of disease-caused physical change & psychosocial adjustment, adults with systemic sclerosis, 24709
sociocultural attitudes toward appearance, 13–40 yr old females with anorexia nervosa vs bulimia vs eating disorders not otherwise specified, 24654

Physical Appearance [See Also Physique]—Chapters
Appearance and adornment cues, 10694
Kinesic cues: The body, eyes, and face, 10716
Turner syndrome: A cognitive neuroscience approach, 31109

Physical Attractiveness—Serials
beliefs about how much others' beauty images are shaped by media, own self-concept, Black vs White 9th & 10th grade females, 27065
body dissatisfaction & physical attractiveness & body mass, males vs females at 13 vs 15 vs 18 yrs old , 14039
cognitive explanation for preferences for attractive faces, 6 mo olds, 20521
exclusive dating relationship membership & commitment, devaluation vs enhancement of attractive suitor, college students, 11145
exposure to thinness-depicting media, accuracy of attractive body-size judgements, 25–55 yr old Samoans living in Samoa vs New Zealand , 36933
eye size, ratings of faces' attractiveness & looking times, 18–27 yr olds & 5 month olds, 23030
facial attractiveness & physical health, 18–23 yr olds, 14326
facial attractiveness of prospective date, willingness to lie about own characteristics to increase desirability, college students, 17582
facial features & proportions & hair color correlation between P300 evoked potential peak & average attractiveness rating of male & female face images, 18–25 yr old men vs pre- vs postovulatory women, 13619
facial symmetry & perceptions of facial attractiveness of adolescent & young adult monozygotic co-twins, college students, implications for symmetrical differences based on development not genes, 11159
feminizing vs masculinizing dimorphism, perceptions of Caucasian vs Japanese male vs female facial attractiveness, adults, Japan vs Scotland, 4755
films with higher vs lesser "beauty-and-goodness" stereotype biases, elicitation of social stereotyping based on physical attractiveness, adults , 13883
gender & physical attractiveness of suicide attempter, ratings on justification of suicide attempt & emotional adjustment & liking of suicide attempters, 18–48 yr old males vs females, 8293
neural substrates for assessment of facial emotion vs facial attractiveness vs background color, 19–25 yr old right-handed males, 36442
physical appearance, evaluations of attractiveness & social desirability, 18–30 vs 60–85 yr olds, 27330
physical attractiveness & peer relations & stereotype incongruent behavior, male adolescent delinquents, 18116
physical attractiveness &/or social dominance of same-sex individual, self-assessment of desirability in mate selection, male vs female college students, 33887
physical attractiveness &/vs gender, bargaining ultimatum game decisions, college students (mean age 23 yrs), 33903
physical attractiveness, time spent with family or kin & in reproductive strategies, 18–75 yr old males, 14337
physical symmetry & degree of sociosexual orientation restriction, competition tactics for attainment of date with attractive opposite-sex interviewer, adult heterosexual males vs females, 11074
sex, affective links between body & self-perceived attractiveness & self-esteem, 17–36 yr olds, 34003
sex, jealousy as function of rival's physical attractiveness & dominance as perceived in facial photographs, college students, 1219
sexual experience & esteem & body size & attractiveness & body image, 18–21 yr old females, 4682
sexual history & physical attractiveness of potential partner, interpersonal attraction & interaction & perceived risk & strength of intention to engage in safe sex, male vs female 17–38 yr olds, 20786
symmetry of average male vs female facial configurations, perceived attractiveness, college students, 11165

Physical Comfort—Serials
characteristics of uncommon forms of activity & working capacity, servicemen & miners in uncomfortable high-altitude bioclimatic conditions, 22622
downward-tilting computer keyboard tray, wrist & seated posture & self-assessed musculoskeletal discomfort, professional office workers, 39034
heated automobile seat, thermal comfort, adult males, 19461
mechanical distention of small intestine, taste reactivity, male rats, 29931
perceptions of homeyness of assisted living facilities, 68–98 yr olds & their 31–72 yr old family members, 9705
phenomenon of comfort in childbirth, implications for nurses & midwives & awareness of body & emotions & experience, 18930
physical magnitude & subjective perception applied pressure to finger & palm & thenar area, discomfort & pain thresholds, 29–57 yr old white-collar workers, 36126
range & frequency of vibrations, momentary riding comfort evaluation of railway vehicle, adults, 3447
visual display unit positioning procedure, individual adjustment to comfortable position to display unit relative to eyes, directory-assistance operators, 16220

Physical Contact—Serials
childhood history of discipline & perceived child culpability as predictors of physical disciplinary practices, parents (aged 25–52 yrs), 23909
cuddliness & activity level, male vs female neonates, 30218
ethical & clinical issues in use of touch in psychotherapy, 5497
expressive physical touch with verbalization, anxiety & dysfunctional behavior, aged patients with dementia, 25262
haloperidol dose, contact-seeking by muzzle-pushing as measure of maternal motivation, lactating rat dams & their pups, 13818
holding therapy, aggressive & delinquent behaviors, 5–14 yr old adopted children, 28306
infant age & animal rank, infant handling, male vs female adult vs subadult bonnet macaques, 20028
infantile handling, reversal learning deficits, young adult rats prenatally exposed to ethanol, 23532
intraindividual variability in crying & fretting/fussing & smiling & physical contact with mother, newborns at 5 vs 10 vs 15 mo, 23649
mechanisms underlying effectiveness of massage & other touch therapies, infants & children, 8970
mechanisms underlying responses to nose touch & osmosensory & volatile repellants in ASH sensory neurons, Caenorhabditis elegans, 16916
nonverbal haptic tie signs in cross sex friendships vs dating relationships, male vs female college students, 11103
presence of & physical contact with dominant bull, sexual behavior & libido, 15–27 mo old bulls, 33130
reliable assessment & validity & utility of subtyping by use or threat of physical force & relationship to other indicators of offending, 12–19 male sexual offender resident at treatment facility, 30917
salicylate &/vs vagotomy, handling-induced emotional fever measured by vasoconstriction & colonic temperature, rats, 33336
skin-to-skin holding, ratio of rest to activity, low birth weight infants, 30120
touching of patients, skilled nurses in elderly nursing care, 9133
validity of Physical Aggression Subscale of Aggression Questionnaire, prediction of nonlaboratory aggression, male high school hockey players , 6579
waitresses' touch, alcohol consumption, 21–50 yr olds, 27255

Physical Contact—Chapters
Contact codes: Proxemics and haptics, 10693

Physical Development [See Also Motor Development, Neural Development, Prenatal Development, Sexual Development]—Serials
bottle vs mother rearing, growth & suckling behavior, male &/vs female fallow deer fawns, 3625
colchicine, ocular growth & form-deprivation myopia & amacrine & ganglion cell effects, newly hatched male chicks, 16985
design & materials for study of prenatal diazepam or promethazine exposure, postnatal somatic development, newborns, 2 yr longitudinal study, 21646
growth & cognitive development, short normal 4 yr old children from socioeconomically disadvantaged backgrounds, 7 yr followup, 862
housing density, physical growth, captive turtle hatchlings, 1-yr study, 23179
maturation of visual receptive field properties in superior colliculus, rat pups, 10411
parental vs filial childhood context & somatic development & puberty onset, mother–child & father–child dyads, 834
prenatal alcohol exposure during 1st vs 2nd vs 3rd trimester, weight & height & head circumference & triceps skinfold thickness, 9.9–13.5 yr old offspring, 21304
prenatal alcohol exposure, neurobehavioral outcomes & growth & physical anomalies, newborns, 14 yr study , 24540
preteen & teen skill level & forced/encouraged vs self chosen participation in individual &/vs team sports, adult physical activity, 32–60 yr old males, 20+ yr retrospective study, 12906
quantitative trait loci mapping of genes linked with measures of sensorial & motor & body weight development, preweanling mice from lab-inbred strains, 13501
rates of aggression during first 2 mos of life & aggression decline with reproductive value, spotted hyena litter mates, 36337
rearing by foster mother of same vs opposite species, pup growth, Phodopus sungorus vs campbelli hamsters, 3766
testosterone level & physical development & social dominance & antisocial behavior, boys assessed from ages 6 to 13, 7336
virtual robot to model use of regenerated legs, web-building spiders, 10250

Physical Development [See Also Motor Development, Neural Development, Prenatal Development, Sexual Development]—Books
Children (6th ed.), 30148
Development across the life span (2nd ed.), 30144
Growth, stature, and psychosocial well-being, 24733
Life in the middle: Psychological and social development in middle age, 7342
Life-span development (7th ed.), 30147

Physical Development [See Also Motor Development, Neural Development, Prenatal Development, Sexual Development]—Chapters
Biological development and health risk, 11826
Effects of undernutrition on growth and development, 14951
Epidemiology of inadequate growth, 14957
Growth and development of twins, 33598
Measuring health-related well-being in children, particularly in those of short stature, 22844
Medical assessment and management and the organization of medical services, 14954
Nutrition in child care, 13928
Peer and self perception of children with short stature—The role of recognition, 23673
The psychosocial functioning of adults who were short as children, 23677
Short stature: Does it matter? A review of the evidence, 24742
Some patients with an idiopathic short stature see their short stature as a problem, but others do not: Why this difference?, 23671
Women's relationship with their bodies, 34009

Physical Dexterity—Serials
assessment of gait balance & manual dexterity, instrumental & basic activities of daily living, community-dwelling older people (mean age 79.0 yrs), 3 yr study, commentary, 18274
childhood training in fine detailed finger movements as seen in proper vs nonproper chopstick holding, adult like motor movements, undergraduates, 29524
left side cradling preference, 24 yr old mother with dextrocardia, 8517
length & depth of corticospinal tract fibers & digital dexterity, reanalysis of data set of 69 different mammalian species using comparative statistics of phylogenic information, 23312
risperidone vs haloperidol, RT & manual dexterity & gross motor & motor sequence learning, inpatients with treatment resistant schizophrenia, 2346

Physical Disabilities (Attit Toward)—Serials
attitudes & perceived behavioral control as predictors of intention to interact with child with physical disability, 8–12 yr olds, 17369
communication partner attitudes toward speakers' acknowledgement of disability & personality during social interaction, 19–22 yr olds with hearing impairments, implications for counseling, 18451
conceptualization & thoughts regarding peers with visible physical differences & development of stereotypes about physical disability, 18259
facial disfigurement vs physical handicap, job recruitment decisions, college students vs recruitment personnel, 23997
mothers' patterns of talk with preschool children about physical disabilities & Down syndrome, children's ideas about & interactions with classmates with disabilities, 4.7 yr olds & their mothers, 27472
participation in pediatric summer camp, trait anxiety & attitudes toward their physical disabilities &/or medical condition, 6–16 yr olds with spina bifida or asthma or diabetes, 1 wk followup, 18901

sex & acceptance of disability, 18–59 yr olds with disabilities, 19102
social desirability & perception of own vs others' willingness to share activities with handicapped vs ambulatory peer, 3rd–6th graders, 7532
use of children's books in bibliotherapy for understanding physical disability, 15094

Physical Disabilities (Attit Toward)—Books

Rolling along with Goldilocks and the three bears, 31087

Physical Disfigurement—Serials

development of mood disorders, 46- & 48-yr-old males with polydactyly, 34131
embryonic vs postnatal injections of bromodeoxyuridine, morphological & behavioral abnormalities, adult rats, 17051
etiology via chromosomal analysis, 5 yr old female with mild developmental delay & dysmorphic features, 18135
facial disfigurement vs physical handicap, job recruitment decisions, college students vs recruitment personnel, 23997
frequency & type of minor physical anomalies, schizophrenic patients & their normal siblings, 8142
morphologic abnormalities as indicators of nonoptimal fetal development, 11–18 yr olds with schizotypal personality disorder, 24300
polydactyly associated with functional psychosis, adults with familial schizophrenia or psychosis, comment, 24281
prenatal alcohol exposure, neurobehavioral outcomes & growth & physical anomalies, newborns, 14 yr study , 24540
psychosocial aspects & problems of facial disfigurement & types of care provided to this population , 25386

Physical Disfigurement—Chapters

On "being faceless": Selfhood and facial embodiment, 21013

Physical Disorders [See Also Blood and Lymphatic Disorders, Cardiovascular Disorders, Digestive System Disorders, Endocrine Disorders, Genetic Disorders, Immunologic Disorders, Infectious Disorders, Metabolism Disorders, Musculoskeletal Disorders, Neonatal Disorders, Neoplasms, Nervous System Disorders, Nutritional Deficiencies, Respiratory Tract Disorders, Sense Organ Disorders, Skin Disorders, Toxic Disorders, Urogenital Disorders, Vision Disorders]—Serials

age & general health rating & self-reported medical conditions of diabetes & stroke & high blood pressure & heart & lung disease, cognitive performance, 70–103 yr olds, 1424
agreement between child & parent report reported of children's health related quality of life, 8–15 yr olds children with chronic physical illness & their parents, 24708
alexithymia & personality & sociodemographic characteristics & somatization tendency, outpatients with different physical disorders, 8511
antidepressants, depression, patients with physical diseases, 34975
association between long-term medical conditions & major depression & health care service use & disability, 12 yr olds & older, 14410
association between psychiatric & physical disorders, 65–94 yr olds with intellectual disability, 11714
attitudes toward depressed & ill patients & impact on assessment & treatment, practicing psychologists, 28877
attitudes toward enforced treatment & euthanasia, 17–18 yr olds with chronic diseases or disabilities, 37741
biomedical conceptualization & personal accounts & efforts to legitimize claims of Chronic Fatigue Syndrome as physical disease vs psychological disorder, 34541
biopsychological interactions & treatment considerations of depression in coronary artery disease & cancer & HIV & Parkinson's disease & pain & sex hormone changes of aging, 14393
categories of social support messages exchanged in computer-based support group, persons with physical &/or psychological disabilities, 20407
cervical spondylarthrotic myelopathy, patients with Down's syndrome, 30998
choice & assessment of level of anxiolytic & analgesic drugs, patient comfort & pain & sleep & stress in intensive care unit, critically ill patients with medical & surgical conditions, 15411
chromosome 22q11 deletions as marker for velo-cardio-facial syndrome & aggressive behavior, patients with schizophrenia, reply, 1870
cognitive vs physical impairment & medical prognosis & pain, preferences for life-sustaining treatments, adults (mean age 78.5 yrs), 36882
comorbid physical & psychiatric illness, length of hospital stay, adult psychiatric inpatients with depression & other diagnoses, 5 yr study, 11300
computer tomography adrenal gland assessment, dysregulated hypothalamic–pituitary–adrenal axis & adrenal gland size, 20–49 yr old chronic fatigue syndrome patients , 31076
continuous vs frequent heavy vs episodic alcohol drinking pattern & presence of alcohol-related medical disorders, chronic alcoholics, 27891
coping & usefulness & source of information concerning disability, parents of children with physical & learning disabilities, 27483
costs of treating physical problems & depression, rural residents with depression, 1 yr followup, 38513
creative literature examples of individuals suffering from physical & mental illness, elderly, 33705
Cumulative Illness Rating Scale vs Nursing Severity Index, discharge from postacute geriatric facility, derivation (mean age 74.9 yrs) vs validation cohort (mean age 73.2 yrs), retrospective study, 32700
dementia & other age-related medical conditions as determinants of dependence & decline in activities of daily living, adults aged 75 yrs & older, 3 yr follow up , 996
depression & cognitive impairment & demographic characteristics & medical illnesses as predictors of mortality, 60+ yr old medically ill patients, 1 yr followup, 17750
depression & medical illness & memory as predictors of recovery of functional self-care abilities, older medical rehabilitation inpatients who had lived alone prior to admission , 2672
development of clinical understanding & model for working with families with parental physical illness using alternative discourses, family members & therapists, 31553
development of measurement of amnesia in terms of temporal continuity, 31–58 yr olds with encephalitis or meningioencephalitis or aneurysm rupture, 8 wk study, 9912
development of teaching package for body awareness & understanding & skills for communicating illness symptoms to health care providers, 31–46 yr olds with learning disabilities or mental retardation, 18910
diagnosis of demoralization resulting from treatment & illness, 67 yr old female & 46 yr old male surgical patients, 28051
disease & disability & activities of daily living, 65–84 yr olds vs 85 yr olds & older, 17407
drinking practices & beverage preferences & prevalence of alcohol use disorders & their associated disabilities, 18–65+ yr olds from general population, 1391
epidemiology of self-assessed comorbidity & mental & physical disability & development of methods for calculations of disease burden, 4836
expectations & later reports of infant temperament, 20–40 yr old mentally vs somatically ill females, 37217
factors predicting distress & adjustment & personal growth, 16–40 yr old mothers of infants with life threatening illness requiring hospitalization & technology for survival, 16 mo study, 21476
growth hormone treatment, length of stay in intensive care & in hospital & duration of mechanical ventilation & mortality, males 18–80 yrs old with critical illnesses, 35110
health & prevalence of emotional distress & physical illnesses, social workers, 9368
health & social problems encountered & information & emotional support given by community health nurses, mothers & their in utero drug exposed infants, 18 mo study , 2600
health utility & quality of life, primary care patients with depression or chronic medical conditions, 37241
illness demands & social support & depression, females (aged 19–87 yrs) with chronic illness, 31055
impact of health condition on school life, 11–16 yr olds with chronic illness or physical disability in mainstream school, 29026
impact of personality in reporting of unfounded symptoms & illnesses, healthy 18–55 yr olds inoculated with cold virus, 27366
infant age & neurological status & maternal education & ethnicity & observation location, mother–infant interactions, medically fragile infants followed to 6 mo corrected age & their mothers , 24703
interpersonal dependency, risk for & rates of physical illness , 8989
job characteristics & pressure, mental & physical ill health, personnel, 25949
Level 1 research strategies for treatment of serious mental & physical health problems, cases of 14 yr old girl with emotional & behavioral instability & 12 yr old boy with nocturnal eneuresis, 24918
level of mental & physical health risks, gay & lesbian & bisexual 12–18 yr olds, 14025
lifetime & premorbid physical health history, psychiatric patients with chronic fatigue syndrome, 8494
nature of medical condition & familial & social & other factors in understanding caregiving roles, child caregivers of parents with illness or disability, 30212
neuroticism & self-efficacy expectations & mastery, motor & cognitive limitation & vision & hearing loss & activities of daily living & role & social function, older persons, 21468
non-illness intervention model of psychotherapy for physically ill patients & their families, 38- & 40-yr-old females & 56-yr-old male case examples, 25053
olanzapine, agitation & states of psychosis, 64-yr-old male hospitalized for pancreatitis & cholelithiasis, 21859
onset of parental physical impairment, instrumental & emotional support received from sons & daughters, 54–85 yr old parents & their 18–68 yr old children, 37780
participation in pediatric summer camp, trait anxiety & attitudes toward their physical disabilities &/or medical condition, 6–16 yr olds with spina bifida or asthma or diabetes, 1 wk followup, 18901
pediatric psychology interventions for disease-related pain, children, 18805
pediatric psychology interventions for disease-related pain, children, commentary, 18796
pediatric psychology interventions for disease-related pain, children, commentary, 18800
pediatric psychology interventions for disease-related pain, children, commentary, 18804
perceptions of training program, view of work environment, individuals with physical or intellectual disability, United Arab Emirates & Jordan, 17779
physical health indicators, 15 yr old & younger–65 yr old & older Latina vs White women, 31039
physical problems & home care intervention, psychological status, caregivers of cancer patients (mean age 62.3 yrs), 3- & 6-mo followups , 25470
presence of Alzheimer's disease or vascular dementia vs physical or psychiatric disorders, prediction of 7–yr survival rate, 85 yr olds, 5299
probability & frequency of hospital admissions & length of hospital stay, patients with physical disorders with vs without comorbid psychiatric disorders, 19024
psychogenic nonepileptic seizures & other paroxysmal disorders, children & adolescents, 34531
psychological & forensic perspective on lost pleasure of life, 6-yr-old with cerebral palsy & 53-yr-old with lymphoma, implications for vocational rehabilitation, 34537
redevelopment of pancreatitis with valproic acid rechallenge for mood stabilization 17 mo after previous valproic acid discontinuation, 37 yr old male with chronic paranoid schizophrenia, 38238
referred muscle pain & hyperalgesia in clinical setting & pathophysiological mechanisms, patients with painful visceral disorders, animal models of urinary colics from calculosis, 37753
relationship between power & cultural stories of illness & healing & survival, survivors of childhood sexual abuse of HIV/AIDS, 28563
religious activities & life satisfaction, 29–78 yr old practicing physicians & 54–93 yr old hospitalized or institutionalized male veterans with physical disorders, 18768
residual physical outcome & daily living 3–6 yrs after diagnosis, patients with Guillain-Barre syndrome , 27460
response to neuroleptic treatment & clinical course, patients with neurological disorder & Psychosis due to General Medical Condition, 4 yr study, 1928
role of physical illness in suicide & requests for assisted suicide, implications for improving psychiatric & medical care for terminally ill patients, 11527
self-identification as spiritual vs religious, belief systems & perceived impact on health & recovery, 26–81 yr olds with cancer vs HIV/AIDS vs myocardial infarction, 28055
self-rated physical health & clinically defined illness, elderly participants (mean age 75 yrs) of managed care organization with no vs minor vs serious depression, longitudinal study, 30675
sex differences in epidemiology & disease course & adverse medical consequences & psychiatric comorbidity of marijuana use & abuse & dependence, 14736
social support & personal coping resources, depressive symptoms, 55–85 yr olds with diabetes mellitus vs lung vs cardiac disease vs arthritis vs cancer vs without disease, 1408
social support network size & functional social support & loneliness, 55–85 yr olds with chronic physical diseases, 21484
sociodemographic & health-related behavior & medical condition predictors of onset of mobility or ADL difficulty or improvement to no difficulty, 70–85+ yr olds, 2 yr follow-up, 998
sociodemographics & morbidity & reasons for encounter, frequent attenders of Finnish health center, 2474
stress & emotional & other psychosocial & biobehavioral contributions to health & illness & relation to health behavior & psychology, 15378
structured educational intervention, costs & anxiety, women with mild dyskaryosis, 35052

symptoms of anorexia nervosa & obsessive-compulsive disorder, male 7-yr-old & female 6-yr-old with streptococcal infections, 14902
symptoms of anorexia nervosa & obsessive-compulsive disorder, male 7-yr-old & female 6-yr-old with streptococcal infections, importance of focusing on nutritional interventions, comment, 14918
theories & research in explanation of illness, pediatric patients, implications for health practitioners, 22073
underlying medical problems & other laboratory findings, patients with acute schizophrenia admitted to a psychiatric intensive care unit, 27675
use of MMPI & clinical staff ratings to identify psychological contributions to somatic complaints, rehabilitation outpatients with chronic pain (mean age 39.5 yrs), 3323
use of neuropsychological assessment for evaluation of cognitive functioning during treatment for medical disorders, 8733
validity of electronic hospital-discharge data, evaluation of associations between depressive disorders & various medical conditions, patients discharged from psychiatric units, 13157
Physical Disorders [See Also Blood and Lymphatic Disorders, Cardiovascular Disorders, Digestive System Disorders, Endocrine Disorders, Genetic Disorders, Immunologic Disorders, Infectious Disorders, Metabolism Disorders, Musculoskeletal Disorders, Neonatal Disorders, Neoplasms, Nervous System Disorders, Nutritional Deficiencies, Respiratory Tract Disorders, Sense Organ Disorders, Skin Disorders, Toxic Disorders, Urogenital Disorders, Vision Disorders]—Books

Physical Divisions (Geographic) [See Geography]
Physical Education—Serials
active supervision during fitness instruction, physical activity levels, elementary school students & teachers, 2877
analysis of impact of social change on curriculum in inner city high school physical education, veteran physical education teacher, 15828
attitudes toward & grading practices for students with disabilities, 6th–8th grade regular physical education teachers, 2830
beliefs regarding appropriate physical education activities for elementary school children, junior & senior preservice elementary education generalists, 9403
creative problem-solving intervention series, game-play decision making, college badminton students, 35480
daily physical education in primary school, adult participation in & attitudes toward & perceived barriers to physical activity & smoking, about 20 yr retrospective, 12907
direct instruction & environmental testing condition, performance & process characteristics of standing long jump, kindergartners vs 2nd graders, 10797
factors influencing self-perceptions of physical competence & congruence with teachers' perceptions, college students in beginning physical education classes, 15960
framework for analysis of team functions & concepts of tactics vs strategy in teaching sport and games, 12909
integration & usefulness of team sport performance assessment procedure in physical education classes, elementary & junior high school teachers, 15890
perceptions of coeducational vs same-sex physical education classes, male vs female 6–8th graders, 2956
perceptions of physical educator education program in learning to teach, preservice teachers, 12636
practices & experiences of teaching large classes in physical education, female elementary school physical education teachers, 15843
selection of sources of self-efficacy in physical education & sport, 8–14 yr olds, 2936
teaching behaviors before vs after intervention to promote critical thinking in physical education, public school physical educators, 12634
teaching method of case discussions, cognitive growth in elementary educational game class, elementary students & preservice physical educators, 2847
transformations of physical education to meet needs of vulnerable children & youth & families, 2859
validity of Teacher Concerns Questionnaire in physical education setting, Belgian vs English inservice & preservice physical education teachers, 32193
Physical Education—Chapters
The development of physical skills: Instruction in the psychomotor domain, 22496
Physical Examination—Serials
anxiety about examination by intraoral camera vs traditional colposcopy in sexual abuse evaluation, 3–18 yr olds, 28675
anxiety as a predictor of blood pressure changes induced by painful stimuli during sphygmomanometry, 38370
chief complaints, checkup findings, elderly over 65 yrs of age, China, 35163
effect of stress caused by cystourethrogram vs pediatric assessment & props on recall of event, 3.1–5.6 yr olds, 18810
hospitals' current practice in conducting pelvic & rectal examinations, psychiatric patients, commentary, 38563
hospitals' current practice in conducting pelvic & rectal examinations, psychiatric patients, 25503
neurologic basis of applied kinesiology or manual muscle testing for functional neurological assessment & types of tests & model for neurolymphatic reflex activity, 20143
physical & psychological testing & pituitary-adrenal reactivity to stressors & psychiatric symptoms & distinction of diagnostic groups, 6–12 yr olds in child psychiatric clinic, 14454
physical examination & laboratory screening & differential medical diagnosis as part of postdoctoral training in psychopharmacology demonstration project, 43 yr old female with mania & neurosyphilis, 25602
psychophysiological screening to determine response to vasoactive substance, men with erectile dysfunction, 1957
racial differences in self-reported vs physician evaluated morbidity & predictive validity for self-assessed health & morbidity, White & Black 25–74 yr olds, 17757
reliability & validity of Byron Physical Assessment Framework,systems based checklist of physiological measurements & signs & symptoms, expert vs novice nurses assessing medical patients, 6614
role of medical assessment in comprehensive psychiatric evaluation, young children, 18780
role of medical examination process, victims of possible sexual abuse, 22033
salivary cortisol & behavioral responses to physical examination & relation to home sleep/wake activity, 7–15 wk olds, 7408
tutorials in musculoskeletal examination techniques for arthritis taught by patients vs rheumatologists, competence in examination skills, medical students, 38679
verbal vs enactment interview condition & child behavioral style & language skills, 1 & 6 wk recall of pediatric examination, 3 vs 5 yr olds, 17254
Physical Examination—Chapters
Medical assessment in the psychiatric emergency service, 31916
Physical Exercise [See Exercise]
Physical Fitness—Serials
aerobic exercise training, cardiovascular fitness & hearing sensitivity, adults with normal hearing, 7132
conditioning, heart rate & respiratory rate & rectal temperature & venous lactate samples during exhaustive cart pulling, donkeys, 4003
construct validity of Physical Self Perception Profile, male vs female physical education college students, 17665
evaluation of peer-led minimal intervention vs structured exercise program, functional capacity, 60–86 yr old women, 12366
health education program, children's & parents' health knowledge & children's physical fitness & activity scores, 1st graders, 3 yr study, 9052
high vs low intensity stationary cycling, functional status & gait & pain & aerobic capacity, adults (mean age 71 yrs) with osteoarthritis, 19037
memory & concentration & school performance & physical condition & negative emotions, 10–13 yr olds with severe asthma, 34562
outdoor walking exercise program, cardiorespiratory function & flexibility & mood, female 60–75 yr olds, South Korea, 25369
peer victimization & physical & mental health, early vs late secondary school students, 4 yr study, 19337
physical activity & perimenopause symptoms, 40–55 yr old females, 18872
physical fitness levels, 15–43 yr old trained runners with vs without mild mental retardation, 18162
progressive exercise program to increase functional fitness & ability to perform activities of daily living, older adults living in community or residential care facilities, 7593
self reported experiences of living with knee arthritis, physically active 25–45 yr olds with tibiofemoral osteoarthritis, 5219
self-efficacy & exercise-related affective responses, female college students, 17007
sociocultural determinants & ethnicity & television viewing, physical activity & fitness & obesity, 6–13 yr olds, 1997–1998 longitudinal study, 36707
strategies for increasing independent physical exercise & improving fitness & performance & reducing defiant behavior, persons with severe & profound developmental disabilities, 8433
supervised fitness walking & supportive patient education, adherence to walking program & maintenance of functional benefits, 40 yr olds & older with osteoarthritis, 1 yr followup, 5724
television viewing & physical activity & health-related fitness, 9–18 yr olds, Quebec, 839
use of target heart rates during exercise & perception of traditional heart rate chart vs newly developed heart rate guide, college students, 4761
verbal encouragement toward & reasons for participating in & parental involvement in physical activity, degree of participation, 9–13 yr old girls, 25345
weight loss and/or fitness for health improvement & reduction of body weight, persons with obesity, implications for paradigm shift, 35143
Physical Fitness—Chapters
Physical activity, 4543
Physical Changes, 17428
Physical Geography [See Geography]
Physical Growth [See Physical Development]
Physical Handicaps (Attit Toward) [See Physical Disabilities (Attit Toward)]
Physical Illness [See Physical Disorders]
Physical Illness (Attitudes Toward) [See Also AIDS (Attitudes Toward)]—Serials
asthma status & sociodemographic characteristics, lay definitions of asthma & barriers to care, 13–89 yr old innercity residents of predominantly Puerto Rican community, 37784
attitudes about causes & treatment of common diseases & relation to health behaviors, noninstitutionalized Black vs Hispanic vs non-Hispanic White American men & women 75+ yrs old, 31879
attitudes toward carrier status & utilization of carrier & prenatal testing, relatives of individuals with cystic fibrosis, 11796

attitudes toward homosexuality & people with AIDS & stigmatization, AIDS prevention efforts, African Americans, 18303
attitudes toward homosexuality & sexual prejudice, AIDS-related stigma & attitudes toward AIDS, adults, 18305
attitudes toward patients with AIDS vs leukemia, clinical & counseling graduate students, commentary, 6015
beliefs about arthritis & unconventional therapy, focus group patients (mean age 55.9 yrs) with rheumatoid arthritis, 5713
cancer & cancer screening behavior & beliefs & attitudes & knowledge, 21–60 yr old Cambodian & Vietnamese females, US, 18883
catastrophizing, prediction of pain intensity & perceived disability, 22–58 yr old patients with soft-tissue injury, 1960
concept of self & personal identity & typology of reaction patterns, 54–84 yr olds with early stage dementia of Alzheimer's disease, 37849
coping & illness representation, psychological adjustment, 16–80 yr olds with epilepsy, 15017
culture & construction of meaning in illness, 8996
depression & illness perception & coping strategies & adverse childhood events, 18–80 yr old rheumatoid arthritis outpatients, 11803
development of illness beliefs & fears, 37219
Eastern & Western medicine, illness cognition & help-seeking behavior in Singapore , 1098
emotional responses & stigmatized reactions to heterosexual vs homosexual person with HIV vs cancer with symptoms of low vs high seriousness, male vs female secondary education students, 24684
ethnographic study of beliefs about symptoms & causes of diarrhea & respiratory disease, Guatemalan mothers living in rural communities, 23864
experience of illness & construction of self, patients with chronic illness, 21453
illness attitudes & related stigma, health care response & delivery, homosexual men & injecting drug users & other people with AIDS or HIV, 18304
Illness Attitudes Scale factor structure determined by principal components analysis with orthogonal & oblique rotation, college students, 22905
illness representations, attitudes toward & utilization of breast & cervical cancer screening, 46–69 yr old women, 9056
individual & family medical histories & perceived risk & physician recommendations & worry about cancer & demographic characteristics, annual colorectal cancer screening, Ashkenazi Jewish adults , 35127
knowledge & attitudes & behaviors regarding human papilloma virus, college students, 31085
meaning of illness experiences & symptom descriptions, female patients with biomedically undefined musculoskeletal pain, 28030
multicultural framework for conceptualizing beliefs & expectations & needs of family caregivers of terminally ill patients, 5880
non-illness intervention model of psychotherapy for physically ill patients & their families, 38- & 40-yr-old females & 56-yr-old male case examples, 25053
patient vs spouse's illness representations, patient adaptation, chronic fatigue syndrome vs Addison's disease patients & their spouses, 25277
patterns of health care seeking behavior for & beliefs about sexually transmitted infections, 17–88 yr olds, rural Kenya, 15385
perceptions of illness experiences, peri- & postmenopausal women with coronary heart disease, 28107
phenomenological approach to research on perceptions & experiences of living with illness, females of childbearing age with ovarian cancer, 18323
positive & negative affect & dissatisfaction with illness related abilities in self evaluation process, psychological distress, adults with newly diagnosed rheumatoid arthritis (mean age 52.4 yrs), 5195
psychological reactions & coping strategies, 43–88 yr old stroke patients with vs without emotionalism, 31214
psychosocial factors influencing & perceptions of long-term nonprogression of disease, HIV-positive 24–59 yr olds, 34579
reliability & validity of Perceived Illness Experience Scale & correlation with proxy rater & measures of well-being & function, 8–25 yr olds with bone tumors treated by limb salvage surgery, 19617
role of illness representations in coping & functioning, patients with Addison's disease, 21462
self- & other-blame & acceptance of responsibility in relation to illness attitudes & emotional adjustment, 19–80 yr olds with end-stage kidney disease, 24718
self-identification as spiritual vs religious, belief systems & perceived impact on health & recovery, 26–81 yr olds with cancer vs HIV/AIDS vs myocardial infarction, 28055
social representations of health & illness in everyday life & problems associated with use of health care & differences & similarities between Eastern & Western medicine, Chinese adults, England, 35053
social support & coping & adjustment to illness, melanoma patients, 21512
sociocultural impact on sexually transmitted disease illness & symptom concepts & health care seeking behaviors, review of targeted intervention research in African nations, STD program implications, 2439
structures and processes of transformational experiences, individuals with Type I diabetes (24–81 yrs old), 38423
subjective experience of cancer illness, 39–79 yr olds with colon cancer, 1991
Swedish version of Quality of Life Index, assessment of changes in life situation & relation to initial perceptions of epilepsy, newly diagnosed 19–65 yr old patients, 36025
therapeutic application of Pictorial Representation of Illness & Self Measure to measure burden of suffering & facilitate clinician-patient communication & monitor changes with treatment, patients, 26202
use of coping strategies in psychological adaptation to HIV, HIV patients (aged 23–45 yrs), 21506
validity & reliability of irritable bowel syndrome misconceptions scale, 36008
widowhood status & spouse's illness prior to death, depression, 54+ yr old widowed vs non-widowed women, 37307

Physical Maturity—Books

The healing journey through menopause: Your journal for reflection and renewal, 36715

Physical Mobility—Serials

behaviors during unannounced emergency evacuation, learning disabled residents living in community care homes, 15582
biomechanics & physiology of rising from sitting position & strategies for improvement, elderly, 15677
environmental access & approaches for barrier reduction, preschool age children with visual impairments, 15067
experience & fear of falling & attitudes toward mobility aids for fall prevention & daily activities & quality of life, community living 61–86 yr olds, 5785
functional ability & dietary intake, community living 53–98 yr olds with some activity limitation, 30258
inequalities between general & learning disabled populations, opportunities & choices to be physically active, 34466
model of correlates predicting maintenance of regular exercise, 17–69 yr olds with long-term mobility impairments, 14908
physical functions & activity performance & further care needs at time of discharge & placement & physician decision motives, 44–90 yr old stroke patients, 15597
physiotherapy vs non-physical activities, mobility skills, 66–98 yr old patients with dementia receiving respite care, 32021
problems in using private passenger vehicles & assistive technology & selection of vehicles to reduce problems, frail 60 yr olds & older with disabilities, 29235
psychosocial consequences & long-term adaptation of age-related vision impairment, visually impaired vs mobility-impaired vs unimpaired 65 yr olds & older, 37953
risk of osteoporosis, immobile–bedridden 29–76 yr olds with intellectual disability, 1887
social support & social networks, physical functioning, 70–79 yr old initially high-functioning older adults, 7 yr study, 36906
sociodemographic & health-related behavior & medical condition predictors of onset of mobility or ADL difficulty or improvement to no difficulty, 70–85+ yr olds, 2 yr follow-up, 998
sociodemographic & psychological & physical predictors of participation in & adherence to home-based exercise training program, functionally limited community-dwelling 60–94 yr olds, 4521

Physical Mobility—Chapters

Obstacles to understanding: An ecological approach to infant problem solving, 17297

Physical Restraint—Serials

acute & prolonged restraint stress, 5-HT-moduline in cortex & hippocampus & hypothalamus & striatium & substantia nigra & adrenal glands, male rats, 23294
acute cold & restraint stress, spatial memory, male rats, 4074
acute restraint stress, humoral immune response to keyhole limpet hemocyanin, male BALB/cByJ vs C57BL/6J mice, 4071
acute vs chronic sigma receptor agonists, behavioral despair & immobility in tail suspension, male mice, animal model of depression, 759
acute vs repeated restraint stress, preferred vs nonpreferred solution intake, male rats vs hamsters, 13669
aggressive behavior & physical restraint & psychoactive drugs & secured unit placement, nursing home residents with cognitive impairment, 35264
behavioral responses during exposure to different gas mixtures, free vs restrained vs restrained with brain electrodes broiler chickens, 10330
behavioral responses to management treatments of handling every 10 or 20 days & use of electric prod & restraint in head gate, dehorned vs polled calves, 23233
Ca2+ channel blockade with nifedipine, amphetamine sensitivity & neurochemical consequences of immobilization stress, male rats, 10610
case law development in use of restraint & seclusion, institutionalized patients with mental disabilities, implications for legal & mental health care professionals, 35814
clinical judgment on seculusion & restraint of psychiatric patients & social judgment theory, psychiatric nurses, 25577
corticotropin-releasing hormone, mediation of neuroendocrine & behavioral alterations after restraint stress, male rats, 29973
demographic & maladaptive behavioral correlates & predictors of frequency & duration of restraints, institutionalized 12–85 yr olds with borderline to profound mental retardation, 38557
experience of & traumatic emotional reactions to restraint & forced medication, psychiatrically hospitalized female patients (aged 32–53 yrs) with history of childhood sexual abuse, 32006
FG 7142 vs acute restraint stress, ethanol- vs midazolam-induced ataxia measured by rotorod motor coordination, male rats, 10532
general needs for & consequences of & alternatives to restraint use in nursing homes & dementia care units, patients with dementia, 9193
gestational aluminum with vs without restraint, fetal morphological defects & development, female rats, 7177
immobilization stress & carbon dioxide asphyxiation vs pentobarbital sodium injection, skin mast cell degranulation, male rats , 33354
legislation to limit & monitor use of physical restraint & patient seclusion in psychiatric patients, 29254
location & movement & directional selectivity of hippocampal neuron action potential discharges, restrained awake male rats passively displaced on mobile robot, 471
lying down behavior, adaptations to tethering, dairy heifers, 10322
metyrapone, restraint & plus-maze induced anxiogenic behavioral & neurochemical sequelae, male rats, 4115
monitoring of patient seclusion & restraint practices in psychiatric facilities, compliance with legal & clinical standards, patients, implications for mental health performance improvement processes, 5822
novel open field environment vs restraint stress, scent marking & cortisol levels, male bushbabies, 23268
physical restraint & shaking stressors, egg albumin induced Schultz-Dale aortic anaphylactic contraction, male guinea pigs, 29951
physical restraint stress, heart rate variability as measure of active vs passive coping style, laying hens from high- vs low-feather-pecking lines, 13673
physical restraint training module & benchmarking exercise, confidence in dealing with aggressive patients, nurses working in psychiatric intensive care units, 38691
picketing vs penning, stereotypic behavior, female Asian elephants in circus, 1996 vs 1998 , 23232
predictors of continued usage of physical restraints despite staff education on restraint reduction, nursing home residents (mean age 83.9 yrs) & staff, 15759
prior chronic cold induced stress, mean arterial blood pressure & heart rate & behavioral responses to restraint & formalin, male rats, 4023
removal of nighttime physical restraints, nighttime fall rates, severely impaired nursing home residents (mean age 84.7 yrs), 28724
repeated restraint stress & subsequent CA3 dendritic hippocampal atrophy, fear conditioning, male rats, 36406
restraint & branding, rates & acoustic parameters of vocalizations & pain, beef cattle, 10367
sleep deprivation vs constant exposure to light vs repeated restraint overnight, immune & inflammatory responses, influenza-infected C57BL/6J & Swiss-Webster mice, 4077
stress of physical restraint & aluminum exposure, change in behavior & neurochemistry, rats, 36379
tryptophan, restraint-stress-induced anorexia & growth rate, male rats, 4164
use of mechanical restraint in management of British vs US psychiatric & special needs patients & ethical & legal issues , 22375
use of physical restraints in nursing homes, nursing directors, 5894
use of physical restraints in nursing homes, nursing directors, 5895

Physical Strength—Serials
brightness of red vs blue stimuli, grip strength, male volunteers, 3429
etiology with congenital vs infantile onset, persistent motor control & strength & balance & gait & posture & fine motor skills, 5–15 yr olds with hydrocephalus, 11897
isokinetic knee strength, non disabled vs mentally retarded 10–16 yr olds, 34476
smokeless tobacco, RT & strength, college athletes, 1200
social support & social networks, physical functioning, 70–79 yr old initially high-functioning older adults, 7 yr study, 36906
spousal interactions & relationship to functional abilities & physical & emotional health, 49–85 yr olds with Alzheimer's disease vs stroke, 6 mo follow-up, 9183
strength & balance impairments, severe walking disability, females aged 65 yrs & older, 18279
Physical Therapy—Serials
cognitive & physical rehabilitation & neuropsychological performance at 3 & 8 wks postinjury, 49 yr old male with brain injury following cardiac arrest, 32016
development of teaching & learning skills within situated cognition in physical therapy graduate program, graduate students, 22460
differences in therapy sessions in home vs hospital rehabilitation, 60 yrs & older male stroke patients, 2676
Etude music magazine support for singing as a physically & psychologically therapeutic agent, 1883–1957, 31752
factors affecting & prevalence & severity of symptoms of depression during & at start of rehabilitation & functioning in activities of daily living, 60–96 yr old patients in physical rehabilitation, 32018
inpatient physical rehabilitation program, disability & quality of life, 18–65 yr old multiple sclerosis patients, 12497
mechanisms underlying effectiveness of massage & other touch therapies, infants & children, 8970
outcomes of Gerontological Initiatives for Visionary Education Project for training in geriatrics & needs assessment & health promotion program development, occupational & physical therapy students, 28857
parents giving massage therapy to their 5–15 yr olds with cystic fibrosis, reduction in parent's anxiety & improvement in child's mood & peak air flow readings, 30 day study , 18791
physical rocking intervention, spontaneous head & mouth & body movements & heart rate, mentally & physically handicapped 15.4–26.8 yr olds, 5911
physiotherapy vs non-physical activities, mobility skills, 66–98 yr old patients with dementia receiving respite care, 32021
prognostic factors for disability, 18–60 yr old back or neck pain patients treated with chiropractic therapy vs physiotherapy, 1 yr follow up, 5775
role of occupational & physical therapy in psychiatric evaluation & intervention, young children, 18476
underlying mechanisms for & efficacy of massage therapy, 8969
Physical Trauma [See Injuries]
Physical Treatment Methods [See Also Acupuncture, Artificial Respiration, Catheterization, Dental Treatment, Dialysis, Immunization, Radiation Therapy, Surgery]—Serials
alteration of memory of previous lumbar punctures, anticipation & procedural distress during subsequent punctures, 3–18 yr olds with leukemia, 1 wk followup, 28590
body image disturbances &/or binge eating behavior before & after biliopancreatic diversion operation, obese patients with vs without binge eating disorder, 3-yr study, 9198
continuous positive airway pressure treatment vs placebo, sleep indices & mood states, 32–60 yrs olds with sleep apnea, 10 day study, 38437
effect of assertive patient behavior on decision making in treatment of older female breast cancer patients, physicians, 31798
effect of stress caused by cystourethrogram vs pediatric assessment & props on recall of event, 3.1–5.6 yr olds, 18810
ethical & organizational issues related to enteral tube feeding, patients with dementia, 8671
fatigue & quality of life, 36–74 yr olds females undergoing autologous stem cell rescue for breast cancer, longitudinal study, 25308
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65-yr-old female, commentary, 22075
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease & pallidotomy surgery, 65-yr-old female, commentary, 35073
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65-yr-old female, 22039
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary, 35093
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary reply, 35072
induction of transient acute depression vs laughter by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary, 35092
interstimulus interval of motor cortex electrical excitability after transcranial magnetic stimulation, 14–50 yr olds with idiopathic generalized epilepsy, 38394
long-term oxygen therapy, cerebral blood flow velocity & CNS & autonomic nervous system function, 51–74 yr old patients with hypoxaemic chronic obstructive pulmonary disease, 35086
mechanisms underlying effectiveness of massage & other touch therapies, infants & children, 8970
practice setting & years since medical school graduation & fee-for-service vs salaried, prostate screening practices, physicians, 31785
prevalence & symptoms & conditions & surgical procedures & life events associated with urinary incontinence, 18–23 vs 45–50 vs 70–75 yr old women, Australia, implications for health promotion , 28010
prognostic factors for disability, 18–60 yr old back or neck pain patients treated with chiropractic therapy vs physiotherapy, 1 yr follow up, 5775
psychotherapeutic & health applications of chamber & flotation forms of restricted environmental stimulation therapy, 25265
rates & risks of & current status of medical interventions for suicidal behavior, 11530
self-treatment with modified Epley procedure vs Brandt-Daroff exercise, 26–83 yr olds with benign paroxysmal positional vertigo in semicircular canals, 38341
venoarterial extracorporeal membrane oxygenation treatment, lateralized cognitive & perceptual motor & memory & tactile perceptual & neuropsychological abilities, 4–6 yr olds with cardiac disease, 28617
Physically Disabled [See Also Amputees, Health Impaired]—Serials
changing needs & ongoing rehabilitation requires in relation of physiological aging, 60-yr-old male who lost distal portions of all 4 limbs 40 yrs previously, 9217
courage in a variety of lingering threats to well-being, individuals (age range 14–94 yrs old), 36118
disability & trauma & other risk factors & psychiatric symptoms & chronic medical illnesses, adults (mean age 50 yrs) in refugee camp, Croatia, 30573
effect of physical disability in psychiatrist on therapeutic alliance in dynamic psychotherapy, 32129
empowering capability of sport & physical fitness activity participation, 20–51 yr olds male college students with physical or sensory disabilities, 25956
extinction of parental attention, sleep problems, 2.5 yr old male with a physical disability, 28333
incidence of chronic activities of daily living disability & sociodemographic & health status & adverse lifestyle & leisure- time physical activity predictors, 65 yr olds & older, 3 yr study, 34576
individual vs situational motivational factors, coping strategies, adults athletes with vs without disabilities, 32408
influence of social & psychological & health factors on self-report & observations of physical disability, 65–97 yr old community-dwelling elderly, 27090
model of correlates predicting maintenance of regular exercise, 17–69 yr olds with long-term mobility impairments, 14908
models predicting compliance & satisfaction with home exercise programs, 23–88 yr old outpatients with upper-extremity orthopedic impairment, 15671
mother–child interaction & communication, 2–10 yr old children with severe physical disabilities & motor speech disorders, 37728
multidisciplinary intervention in a vocational rehabilitation program in Spain for people with sensory & physical disabilities, 9271
pain & excess disability & psychological status, patients with arthritis (mean age 67 yrs), 24687
perceived health status via Short Form 36 Health Survey & Nottingham Health Profile, 16–65 yr old severely physically disabled adults, 28032
physical disability & depression & perceived mastery & health-related control beliefs & quality of life, 51–87 yr olds in early vs middle vs late stages of Parkinson's disease, 18386
physical rocking intervention, spontaneous head & mouth & body movements & heart rate, mentally & physically handicapped 15.4–26.8 yr olds, 5911
quality of & satisfaction with life, adults with physical disabilities, 8519
satisfaction with dog & commitment to dog's welfare & changes in life brought about by obtaining dog, 13–84 yr olds with physical disabilities & assistance dogs, 5221
screening of yes-no auditory comprehension measurement, patients with neurodisabilities, 14996
social problem solving abilities & emotional & physical adjustment of patient, caregivers of family members with recent-onset physical disability, 11783
strength & balance impairments, severe walking disability, females aged 65 yrs & older, 18279
transferability of personal investment after retirement, 29–60 yr old disability sport, US vs Canada vs Israel vs UK athletes, 32410
use of powered wheelchairs & hoists & communication aids & environmental control systems & computers, 6–81 yr olds with physical disabilities, 15673
vocational evaluation & guidance program, vocational maturity, 18–45 yr old students with physical & sensory disabilities, 9276
Physically Disabled [See Also Amputees, Health Impaired]—Books
Tibby tried it, 24734
Physically Disabled [See Also Amputees, Health Impaired]—Chapters
Challenged bodies, wounded body images: Richard III and Hephaestus, 24119
From stigmatization to patronization: The media's distorted portrayal of physical disability, 36694
Measuring constraints to inhabitant activities, 35754
Psychosocial correlates of physical and health disabilities, 28057
W is for woman, 34858
Physically Handicapped [See Physically Disabled]
Physician Patient Interaction [See Therapeutic Processes]
Physicians [See Also Family Physicians, General Practitioners, Internists, Neurologists, Pediatricians, Psychiatrists, Surgeons]—Serials
20 hr training program, improvement of ability to detect & diagnose & manage depression, primary care physicians, 35409
8-step protocol in response to requests for physician-assisted suicide & principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, commentary reply, 15806
8-step protocol in response to requests for physician-assisted suicide & principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, comment, 15818
8-step protocol in response to requests for physician-assisted suicide & principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, comment, 15821
8-step protocol in response to requests for physician-assisted suicide & principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, comment, 15808
8-step protocol in response to requests for physician-assisted suicide applying principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, comment, 15801
8-step protocol in response to requests for physician-assisted suicide that applies principles of rejection of unwanted interventions & legitimate claim to comfort care, terminally ill patients, 6071
applying concepts of total quality management to education of occupational physician, 25605
approaches & barriers to diagnosis of dementia, primary care physicians, 34609
attitudes & preferences in palliative management of malignant ascites, 40–54 yr old Canadian physicians, 6053
attitudes toward & knowledge of cancer pain epidemiology & pathophysiology & management, 24–78 yr old medical practitioners, Israel, 22365
attitudes toward advance care directives & preferences for personal end-of-life decision-making, Black vs White 26–83 yr old physicians, 22360
attitudes toward buprenorphine maintenance drug abuse treatment, general practitioners, 2788
attitudes toward death & psychological distress of caring for terminally ill cancer patients, female nurses vs doctors in hospice vs oncology vs aid service setting, 6046
attitudes toward first-contact & coordinating role of primary care physicians & perceptions of barriers to specialty referrals, managed care patients (mean age 66.7 yrs), 31881
attitudes toward preconsultation information on physician menopausal & premenopausal treatment practices, gynecologists & general practitioners, 2791
awareness of & attitudes toward & recommendations regarding medical use of marijuana for medical patients, oncologists & ophthamologists & neurologists, 18839

breast cancer screening adherence & sociodemographic & physician & religious behavior characteristics as predictors of screening, 50–80 yr old female church attendees, 9046
challenge to Board of Medical Practice to refrain from asking physicians to disclosure their own history of mental illness as way of reducing stigma of mental illness, comment & comment reply, 12564
characteristics of clinical role models in medical education, physicians, 9370
characteristics of clinical role models in medical education, physicians, commentary , 22367
characteristics of clinical role models in medical education, physicians, commentary reply, 22370
characteristics of clinical role models in medical education, physicians, commentary, 22349
cigarette smoking patterns & frequency & methods of antismoking counseling in 1996 vs 1987, 20–69 yr old Chinese physicians, 28643
comprehensive continuing medical education seminars, management of HIV & other sexually transmitted diseases, physicians & other private medical practitioners, 3 mo study, Jamaica , 2752
correlates of substance use & effect of advice by physician to abstain, risk of alcohol & tobacco use during pregnancy, 18–45 yr old females, 15450
desirable doctor profile, perceptions of personal attributes developed by time of qualification, male vs female medical graduates, 15777
development & implementation of resource allocation computer-based model of workload in enhancing productivity, academic physicians, 2728
development & internal consistency & validity of measure to assess attitude differences & relationship between & ability of general practitioners & specialists to work together, 16390
development & psychometrics of scale for perceptions of quality of care by teams & attitudes toward physicians, Veterans Affairs medical health care team members, 19179
discrepancies between practice & preferences for use of life-sustaining treatments, 25–65 yr old physicians vs 70 yr old & older patients, 38396
disease recurrence & family history of cancer & physical disability & attitudes of medical skepticism toward physicians, psychological distress, cancer survivors aged over 50 yrs, 31164
disorder related communication with physicians, patients with urinary incontinence (aged 60 yrs & older), 12319
doctor- vs patient-centered interviewing style, preference for physician communication style & behaviors, Hong Kong, 31807
doctor–patient relationship & treatment of whole patient, 31382
ethical & practical guidelines for physician & other professional medical associations, 38744
ethical & social & economic argument against physician assisted suicide, 12619
ethical aspects of accepting gifts from patients, physicians, 9376
etiological classification system incorporating ICD-10 diagnoses based on time & mechanism of injury to CNS for patients with intellectual disabilities, physicians, Finland, 24639
evolving role of physicians in humanitarian relief activities & mental health effects of war & recent documentation of health consequences of human rights violations, 32157
experiences & perceptions & expectations when communicating with medical providers, abused Latina & Asian female immigrants, 1724
feasibility of expanding role to include routine detection of & brief intervention with alcohol misusers in police custody, forensic medical examiners, 9233
feedback from peers or patients or co-workers, change in medical practices, physicians, 25665
gender & specialization in psychiatry, perceived importance of topics in teaching of psychiatry, doctors vs medical students, 38678
HIV risk assessment & transmission prevention counseling styles, physicians with HIV+ patients, 35420
hours worked & social support & coping, work stress, junior vs senior doctors, 32134
importance of communication of & insightful listening to narratives about patients in Balint groups, doctors, 15699
interpersonal & communication skills, competence in standardized-patient assessment, 15719
knowledge & attitudes & opinions & practitioners' demographic & professional characteristics, adverse drug events reporting, medical doctors, 35437
knowledge & practices concerning screening & diagnosing & preventing tuberculosis among HIV infected persons, physicians, 18773
lack of treatment for mood disorders, 33–77 yr old physicians who committed suicide, 30824
liability areas & role in determining whether patient can perform jobs safely & is fit to drive & assisting employers to provide reasonable accommodations, physicians of patients with epilepsy, 22384
market-level hospital & physician resources, small area variation in hospital use, hospital market communities in Michigan, 7-yr study, 15585
measures of planned behavior & cognitive social learning, immunization practices, factors that influence physicians, 32575
medical practices & attitudes regarding adolescent health, physicians, 28879
moral & ethical dilemmas & obligations & characteristics of residents & other physicians, 6081
nature of drug addiction & treatment principles & role of primary care physicians in screening & referral of drug abusers , 38613
New Deal partial shift system, stress levels & well-being & job satisfaction & physical health, doctors, 15790
objectives & methods & evaluation methodology & results of communication skills training programs, clinically experienced physicians, 38682
patient characteristics & presentation, recognition & treatment of depression, primary care physicians, 21115
patient-education tools, discussions with young adolescents about sex for STD/HIV prevention program, primary care physicians, 6 mo followup, 2742
perceptions of & desire to seek assistance from self vs other oriented help-providers, college students, 1245
perceptions of barriers to communication, 25–70 yr old nurses & 36–77 yr old physicians in nursing homes, 12607
personal values, male vs female physicians, 15789
physician recommendation & social & behavioral factors, enrollment in Breast Cancer Prevention Trial, females at increased risk for breast cancer, 2510
physicians' participatory decision-making styles, male vs female Black vs White vs other race/ethnicity groups 18–65 yr old patients & physicians, 31760
political self characterization, 30–70 yr old female physicians, US, 22354
practice setting & years since medical school graduation & fee-for-service vs salaried, prostate screening practices, physicians, 31785
prevalence of & risk factors for & recovery issues in addiction, physicians, 27863
prevalences & correlates of ethnic harassment, Black vs White vs Hispanic vs Asian female physicians, 25660
professional self-regulation in workplace, doctors, Netherlands vs Great Britain vs Sweden, 22303
proportion of patients receiving general medical care & level of communication with medical care provider, psychiatrists in individual vs group practices, 22366
provision of disease specific education to adult patients with asthma & patient involvement in treatment management decisions, family physicians vs pulmonologists, 35062
psychodynamic conflicts & areas of resistance emerging from therapeutic relationship, physicians in group psychotherapy for addiction, 28765
publicized cases of physician assisted death, subsequent physician assisted mortality levels, accident/coma & leukemia patients, 21259
qualities for psychoanalysts to possess to improve psychoanalysis–medical academia relationship, 22310
quantity & quality & relation & manner as maxims for cooperation in doctor–patient interviews in clinics, China, 31936
referral patterns to link dementia patients & their families with community support services, physicians, 9154
relapse & recovery rates, drug addicted anesthesiologists vs other physicians, retrospective study, 22387
reliability & validity of using standardized patients in clinical skills assessment tests, measure of physician's interpersonal skills, foreign medical graduates, 116
review of report on alcohol & other drug misuse by doctors & response by Scottish region, UK, 38757
role of physician in prevention & treatment of addiction disorders, 28778
satisfaction with & expectations & desires in patient relationships with physicians, Hong Kong, 31806
scale construction of Maslach Burnout Inventory, physicians & their spouses , 35888
sequencing & topic development & diagnostic information as asymmetry & phatic communication as mitigation strategy in medical interviews in outpatient clinic, doctors & 23–76 yr old patients, China, 31934
similarities & differences in presentations for treatment assessment, female vs male physicians with substance use disorder, 8365
sociopolitical & cultural factors influencing treatment decision-making for incompetent patient with life threatening illness, Austrian vs Swedish vs West vs East German physicians, 38712
strategy for disseminating smoking cessation counseling interventions, primary care physicians, 2690
thanatophobic attitudes in care of terminally ill patients, practicing physicians vs student nurses vs medical students, 6055
theoretical & intervention approaches to bereavement after physician assisted suicide, 1300
theoretical & intervention approaches to bereavement after physician assisted suicide, commentary reply, 27352
theoretical & intervention approaches to bereavement after physician assisted suicide, commentary, 27410
theoretical models & techniques for promotion of active lifestyle in sedentary patients, physicians as agents of behavior change, 5807
traditional medical education lecture on cardiovascular risk vs lecture with barriers to behavior change information, intention & actual clinical practice behavior changes, primary care physicians, 6026
training courses utilizing standardized patients, improvement in mammography counseling & clinical breast exam skills, community physicians , 38673
training in recognition & diagnosis & management of depression, knowledge level & care provided according to clinical guidelines, primary care physicians & their patients, 28866
use of chart reminders for physicians to promote discussion of advance directives in patients with AIDS, 28681
use of coercion in psychiatric care & conflicts with patients & nursing staff & legal & ethical demands & need for reflection & support, 27–52 yr old physicians & assistant physicians, 35186
use of electronic communication in patient–physician relationship, sociohistorical & legal & ethical implications, 2803
visual perception of & preference for different attributes of physicians, 5–15 yr olds vs their parents, 17272
work stress & anxiety & insomnia & somatic symptoms & propensity to make errors, junior house officers, senior year followup, 28880

Physicians [See Also Family Physicians, General Practitioners, Internists, Neurologists, Pediatricians, Psychiatrists, Surgeons]—Books

Concise guide to: Psychiatry for primary care practitioners, 24180
Physician sexual misconduct, 25582

Physicians [See Also Family Physicians, General Practitioners, Internists, Neurologists, Pediatricians, Psychiatrists, Surgeons]—Chapters

Are compassionate care and suicide mutually exclusive?, 12580
Becoming a master physician, 6042
Challenges and techniques for the treatment of nicotine dependence by physicians and dentists, 12543
Cognitive–behavioral treatment of sexual misconduct, 25583
Countertransference and assisted suicide, 19192
Death and dying, 12298
Development of expertise in medical practice, 15799
Physician-assisted rational suicide, 11589
Primary care office management, 5961
Psychodynamic approaches to physician sexual misconduct, 25138
Sexual misconduct and Boards of Medical Examiners, 25691
Sexual misconduct: The Canadian experience, 25696

Physics—Serials

computer simulation & learning support approach to physics education, college freshmen, 22431
quantum physics approach to mental health counseling, 34782

Physics—Chapters

The law of free fall as an "exemplary theme" for mathematicizability of certain natural processes, 38838

Physiological Aging—Serials

adaptive significance & incidence of menopause & relation to body condition, free-ranging female rhesus macaques, 3627
age as main effect vs intervening variable in age-related changes in cortical acetylcholine & cognition, rodents, 3906
age effects & utility in discriminating cognitive dysfunction from normal aging & long-term changes, performance on Trail Making Test, 60–96 yr olds with vs without dementia, 2 yr study, 3339
age, cardiac vagal tone as measure of parasympatholytic property of tricyclic antidepressants, 20–62 yr olds with melancholic type major depression, 18703
age-related adaptation in distortion product otoacoustic emission, 2 strains of young adult vs old mice, 23408
age-related chemosensory changes & olfactory & taste perception & food intake & satiety & nutritional status, elderly persons, 20441
age-related cognitive deficits, elderly patients, 4522

age-related decline of neurological & neuromuscular function, 66–99 yr old women in study of osteoporotic fractures, 2-yr followup, 848
age-related oral & pharyngeal diseases, taste & smell, elderly persons, health-status & quality-of-life implications, 21489
aging, calculation efficiency & equivalent noise, 17–31 vs 60–83 yr old Os, 10020
aging, personality, 20-74 yr old psychiatric patients with personality disorder & comorbid substance abuse, 27481
association of cognitive decline & other structural & functional biological markers with chronological aging & adult height, elderly Ss (mean age 67.5 yrs), 20213
causal relationships between physical aging & social supports & health, 50–70 yr old men, prospective study, 1282
changes in membrane fatty acids & delta-9 desaturase in hippocampus with aging, senescence-accelerated mice, 36432
cognitive changes in aging & computer instruction, older adults, 1005
corticosterone injections, spatial learning, young vs old vs very old male Fischer-344 X Brown Norway rats, 30009
degree of spatial learning & memory deficit & sensitivity of cholinergic drug treatment, aged female rats, 6978
driving habits & crash risk, 55–85 yr olds with cataracts, 19480
executive attentional abilities & performance of complex instrumental activities of daily living vs activities of daily living, 70–80 yr old cognitively intact & high functioning older women, 36877
inflammatory response system activation, normally aging 22–45 vs 70–91 yr olds & 56–94 yr olds with dementia of the Alzheimer's type, 37876
intermittent ethanol exposure, locus coeruleus morphology & ethanol-withdrawal symptom severity, 3–4 vs 29–30 mo old male rats, 36608
learned food aversions & nutritional problems, elderly persons, 20428
memory on naturalistic vs laboratory task ability, 18–28 vs 60–69 vs 80–92 yr olds, 32928
metrifonate, cholinergic neurotransmission & associative learning, aging rabbits, 10406
neotenous vs mature visual images of US Presidents Clinton & Reagan & Kennedy, perceptions of power & warmth, university students, 33800
optokinetic stimulation, latency to illusion of circularvection in optokinetic drum, males vs females aged 18–39 vs 40–59 vs 60 yrs & older, 3885
personality & cognition & social networks & aging as predictors of perceived loneliness & physical health, 60–106 yr olds living independently, 33963
pharmacokinetics & pharmacodynamics & age-related pharmacologic complications from psychoactive medications, elderly patients, 5643
physiology of testosterone secretion & relationship between testosterone & major depression, aging men, 7137
prevalence of chronic conditions & functional activity limitation & utilization of health-related support services for activities of daily living, female 55–85+ yr old Canadians, 23818
reduced mastication by cutting off upper molars, spatial learning & memory & hippocampal neuron density, aged senescence-prone mice, implications for senile dementia risk, 23339
response words & new words & word relatedness in generative naming process, Word Fluency Test, Alzheimers patients & healthy elderly people, 34691
role of hydrocortisone & other glucocorticoid hormones in stress induced impairment of neuronal function & contribution to brain aging & cognitive impairment, 7070
self-efficacy beliefs, onset of perceived functional disabilities & aging, 70–79 yr olds, 2.5 yr followup, 33714
visual & attentional & perceptual & cognitive & psychomotor abilities & structured road test performance, 62 yr old & older drivers with vs without unsafe driving incidents, 29232
women's knowledge of physical & emotional changes associated with menopause, 45–54 yr old women in community vs active information-seekers, 30122

Physiological Aging—Books

Processing of medical information in aging patients: Cognitive and human factors perspectives, 20671

Physiological Aging—Chapters

Aging and the controlled and automatic processing of medical information and medical intentions, 20674
Cognition and affect in medication adherence, 22027
Decision making and aging, 20678
Illusory memories: A cognitive neuroscience analysis, 3344
Immunity, disease processes, and optimal aging, 17845
Maximizing the effectiveness of the warning process: Understanding the variables that interact with age, 20675
Medical expertise and cognitive aging, 22030
Normal memory aging, 4529
Physical Changes, 17428
Problem solving on health-related tasks of daily living, 20677
Research on pharmaceutical labeling: An information processing approach, 20481
What does it say? Text design, medical information, and older readers, 20672

Physiological Arousal—Serials

20 min noontime nap, EEG recordings & daytime wakefulness/arousal level & computer task performance & mood, 20–22 yr olds, 29898
approach-avoidance & pleasure & arousal & dominance, consumer behavior, 20–50 yr olds , 3171
arousal & dissociation of mismatch negativity & processing negativity attentional waveforms with nitrous oxide during dichotic listening task, 25–38 yr olds, 29914
arousal & time estimation & use, 13 yr olds with attention disorder, 37643
arousal predisposition as predictor of antisocial & delinquent behavior, young adults, 30811
automatic detection of arousals during sleep, 19–67 yr olds with different pathological conditions, 34031
aversive visual stimuli, controllability & predictability of physiological & subjective emotional arousal, female college students with high vs low neuroticism, 27409
behavioural reactions & HR during handling manipulations, foals & young Konik horses reared in forest reserve vs conventional stable, 10324
caffeine, arousal & feelings of pleasantness & learning & memory, undergraduates (mean age 21.47), 30010
chronic burnout & somatic arousal & salivary cortisol levels, 20–64 yr old blue-collar workers, 29118
CNS excitatory behavior & antianalgesic pharmacology of nomorphine-3-glucuronide, adult male rats, 4271
cognitive activity during depressed vs arousal vs schema vs neutral mood, selective processing in mood-congruent memory of word lists, undergraduates, 251
construct validity of physiological hyperarousal in tripartite model of depression & anxiety, psychotherapy outpatients & air force cadets & undergraduates, 21036
contribution of dimensional complexity EEG measure to understanding psychophysiology of cortical arousal, 33309
decision theoretic model of stress arousal & coping propensity in stress expectancies, college students, 26713
deep body pressure administered by Grandin's Hug Machine, arousal & anxiety, 4–13 yr olds with autism, 15409
different dosages of NMDA glutamatergic antagonist ketamine, sedation/arousal & locomotor activity & parkinsonian extrapyramidal symptoms of bradykinesia & dystonia & reactivity, monkeys, animal model, 36623
duration of auditory stimulation or length & duration of visual stimulation & elapsed time, recall of original stimulus & level of arousal, undergraduates, 23014
electrodermal activity & heart rate & subjective & behavioral arousal & prevailing mood & depression, 33–58 yr old males, 4047
emotion processing & facial arousal & skin conductance reactivity & heart rate, undergraduates with vs without alexithymia, 20212
emotion suppression, incidental memory & sympathetic activation, 16–23 yr old female undergraduates, 27394
epinephrine, arousal & emotional states, male college students (aged 18–26 yrs), 13784
event related potentials, emotional stimulation in parietal N300 elicitation from pleasant–unpleasant visual stimuli, college students, commentary reply, 33280
event related potentials, emotional stimulation in parietal N300 elicitation from pleasant–unpleasant visual stimuli, college students, commentary, 33292
expression of activated state with & without limb movements, decerebrate rats with & without posterior basal diencephalon, 23298
feeding-based arousal, visual recognition memory, infants tested as newborns & at 1 & 4 mo old , 20498
fluctuating symmetry & tibial dyschondroplasia & tonic immobility, chickens raised under different light regimes, 10519
freedom & equality value judgments, test of the somatic-marker hypothesis using false physiological feedback, undergraduates, 27351
frequency of gambling & sensation-seeking & subjective arousal & heart rate during win vs lose gambling, female fruit machine gamblers, 16995
implicit & explicit memory for threat & anxiety words, high- vs low-anxiety-sensitive undergraduates in high vs low arousal condition, 16652
intracarotid amobarbital test, hemispheric asymmetries in arousal & memory performance, patients undergoing anterior temporal lobectomy , 22050
learning style & risk taking tendency & optimism & relationship between arousability,male vs female college students, 35524
low vs high arousal, brain activation in thalamus during attention task, 24–38 yr olds, 563
mood & arousal levels, right hemisphere contribution to performance on spatial memory task, college students, 23167
moving vs still versions of emotion-eliciting stimuli, image valence & skin conductance & emotional responses & heart rate, college students, 29968
naloxone & beta funaltrexamine, morphine-d-glucuronide induced behavioral excitation in hippocampal &/vs other brain regions, male rats, 26781
patterns of brain activity & distinction between anxious apprehension vs anxious arousal vs depressed vs comorbid groups, college students, 30784
physiological arousal as measure of construct validity of Childhood Anxiety Sensitivity Index, 8–11 yr olds, 13072
physiological reactions & fright reactions to mass media, university students with repressive vs nonrepressive coping style, 20423
physiological reactions to arguments, interactions, batterers & their wives, 27761
pre-administration information about relaxant vs stimulant drug effects, subjective stress & arousal, healthy 19–33 yr olds, implications for placebo response, 600
predictors of daytime arousal & attention, 16–51 yr olds with epilepsy plus severe learning disabilities, 18368
psychophysiologic measures, imagery of personal childhood sexual abuse vs stressful non-abuse experiences, women with & without PTSD resulting from childhood sexual abuse, 8193
pupil dilation in response to pictures of clothed vs nude men vs women as indication of general vs specific sexual arousal, heterosexual male vs female college students, 7144
resting arousal & sensation seeking & musical genre preference, male vs female college students , 30510
salience of maternal breast odor & role in motor activity & arousal & nipple location & sucking, newborns, 13950
satiation effects of gastrointestinal tract stimulation vs postingestional stimulation on water vs saline drinking & licking behavior, water-deprived male rats, 29751
social-evaluative stress, self-reported & behavioral anxiety & physiological arousal & task performance, male vs females (mean age 21.2 yrs), 20222
source of physiological arousal & memorability, college students, 10200
test of six-system model of anxiety & arousal, college students, 36518
theory on emotions as states of motivational arousal & effect of deterrence in intensity of emotions, 13364
time series analysis of general arousal & mood & headache activity, 21–52 yr olds with headaches, 18249

Physiological Correlates—Serials

abnormal physiological condition of dehydration & hypokalemia & leukocytosis & elevated serum muscle enzymes, emergency admitted 10–69 yr old acute schizophrenic psychiatric intensive care inpatients, 9200
acid–base unbalance stress, renal hydroxysteroid dehydrogenase, male rats, 29953
acute & chronic stress responses & lipid responsivity, airline pilots, 17013
acute smoking & oral contraceptive use, cardiovascular & lipid & fibrinogen stress responses, 18–33 yr old female smokers & nonsmokers, 10557
aggression & plasma total testosterone & free androgen correlates, Caucasian & Asian male undergraduate medical students & meta-analytic data, 594
animals models & mechanisms & mediators in physiological responses to nurturing touch & maternal separation, humans & mammals, 3999
anticipatory anxiety, skin-conductance-assessed peripheral autonomic arousal vs verbally reported emotional experience, patients with right vs left vs no hemisphere damage, 31321
behavioral & neurophysiological & physiological events in stabilization process of sexual imprinting, male zebra finches, 13518
behavioral & physiological consequences & adaptation & temporal changes in anterior pituitary responses to physical & physiological stress, 4002
behavioral adaptability & emotional states & reproductive hormone levels & biological irregularities of menstrual cycle, females, 4790
behavioural & physiological & heart rate response to noises during handling, beef heifers, 10368
biological & behavioral influences on lipid responses to acute & chronic stress, airline pilots, 17012
biological & neuroticism & sensitization of emotion as risk factors, patients with atypical chest pain vs ischemic heart disease (mean age 51.3 yrs), 34596
biological & psychological & environmental factors & etiology of delinquency, 14791
biological & psychological perspectives on behavioral & cognitive treatment of anxiety disorders, 12278

biological process oriented physiological phenomenological characterization of consciousness & information processing, 313
biological responses to trauma, development of PTSD, emergency room patients, 8210
blood phobic vs stress test situation, diphasic pattern of heart rate & BP response, 21–44 yr old blood phobics, 1639
BP & cardiovascular reactivity to video game & resting BP 3–4 yrs later, 11–14 yr olds, American & Western Samoa, 3–4 yr followup, 13897
caffeine, vasovagal reactions during blood donation, female college student 1st-time blood donors, 23579
categorization of prototypical vs non-prototypical items, ERPs &RT, adults (aged 19–38 yrs) vs 6 yr olds, 16579
cholecystokinin tetrapeptide, platelet & plasma catecholamine concentrations, healthy volunteers, 13755
chronic stress, generation & actions of nitric oxide, lean vs obese JCR-LA-cp rats, 4051
chronic stress, L-selectin expression on peripheral lymphocytes, elderly caregivers (mean age 73.5 yrs) of Alzheimer's disease patients, 15566
clinical & neuropathologic & neurochemical correlates of D12S1045 91 base pair allele, autopsy-confirmed cases of Alzheimer's disease, 13505
cognitive & affective & physiological & interpersonal behavioral processes in worry, 7882
combat-related PTSD, platelet-poor plasma norepinephrine & serotonin & urinary excretion of norepinephrine & dopamine & HVA, 23.7–40.5 yr olds, 17952
conditioning, heart rate & respiratory rate & rectal temperature & venous lactate samples during exhaustive cart pulling, donkeys, 4003
correlates of personality dimensions & progression of simian immunodeficiency virus disease, adult male rhesus monkeys, 24745
correlation of parietal neuronal firing rate & choice of eye movement response in relation to probable reward, monkeys, 26682
correlation of patterns of temporally synchronized cortical potentials with wavelet packets, bats, model of neural mechanisms underlying perception, 13608
D-cycloserine with neuroleptics, negative schizophrenic symptoms & cognitive ability & chemistry levels, inpatients & outpatients with schizophrenia (mean age 44.1 yrs), 12176
degree of cognitive impairment & severity of cerebral ischemic changes, 65–92 yr olds with cerebrovascular insufficiency/multi infarct dementia, 8648
design & test parameters & validity of tire striking test & physiological responses & performances, 29–46 yr old fire fighters, 9817
development of functional MRI for study of organization of color-selective areas in visual cortex, adults (mean age 27.7 yrs), implications for study of achromatopsia, 23291
differences in cognitive performance & physiological changes when protected with COMBAT EDGE vs advanced technology anti-G suit, adult female pilots, 33333
discriminative fear conditioning to context, physiological & behavioral measures of fear, male rats, 19928
EEG-based research on physiological & cognitive indicators of hypnotic responding & susceptibility, 13372
electrophysiological correlates of language processing for visually & aurally congruent vs incongruent sentences, 23–53 yr old males with schizotypal personality disorder, 27746
emotional self-management program, stress & emotions & heart rate variability & dehydroepiandrosterone & cortisol, adults, 5799
environmental enrichment, social behavior & physiological responses to stress, pigs from 4–27 wks old, 4031
ERP correlates & behavioral measures of directed forgetting effects on direct (recognition) & indirect (categorization) memory tests, 19–35 yr olds , 23150
ethanol diet & cocaine, ethanol consumption & cocaine induced behavior & cocaine & ethanol levels & liver catalase & esterase activity, male rats, 13748
ethanol exposure to mimic binge drinking, microcirculation & hypoxia after liver transplantation, female rats, 33172
excitative vs sedative music & preference, subjective & physiological responses, 18–21 yr olds, 20396
exposure to community violence, psychophysiological response patterns & sleep disturbances, urban 16–18 yr olds, 27765
fear vs relaxation conditions, heart period variability & emotional states & physiological responses, 20–48 yr old females with low & high trait anxiety, 20249
fetal body & eye movements & heart rate in developmental organization of behavior from 24-wks gestation onward in normal & complicated pregnancies, healthy pregnant females, 24 wk & onward study, 20440
frequency vs wavelet analysis of functional correlates of auditory & visual event related potentials, cats, 13605
high dose glycine with neuroleptics, negative symptoms & blood physiological correlates, inpatients with treatment-resistant schizophrenia (mean age 38.8 yrs), 12185
intrauterine growth restriction, neurodevelopmental outcome, preterm infants (gestational age 26–33 wks at birth), 3 yr follow up, 5240
lactate infusion & stress of confinement, time to onset of panic attack & imaging of hemispheric or discrete areas of brain metabolic abnormalities, adults with panic disorder (mean age 33.1 yrs), 11461
lateral visual field stimulation, theta EEG and differential ear canal temperature & anxiety level, implications for balance of hemispheric activation., 20142
Lewy body distribution & neuropathological & symptomatic correlations, aged adults with dementia with Lewy bodies with vs without Alzheimers disease vs Parkinson's disease, 37843
location of coordination of speech movements in dominant hemisphere via magnetoencephalographic signals, 24–28 yr olds, 23392
locus & extent of subjective hunger sensations, college students, 29927
McCollough effect as indicator of neurotransmitter activity & physiological arousal, 18–35 yr old extraverted vs introverted vs ambiverted females assessed during menstrual cycle phases vs males, 11194
meta-analysis of self-reported cravings & physiological response to drug-related vs neutral stimuli in cue-reactivity research, alcoholics vs cigarette smokers vs cocaine vs heroin addicts, 16420
meta-analysis of self-reported cravings & physiological response to drug-related vs neutral stimuli in cue-reactivity research, alcoholics vs cigarette smokers vs cocaine vs heroin addicts, commentary, 16429
method for quantifying meal parameters & ingestive patterns & their postprandial correlates, male rats, 3992
minimum body weight & other physiological factors, prediction of lumbar bone mineral density, women with anorexia nervosa or bulimia or other eating disorders, 11740
model of consensual structure of affect between classic simple structure & true circumplex & negative & positive activation as subjective components of biobehavioral systems of approach & withdrawal, 17016
morphological correlate for & disturbances of cerebral corticogensis as evidence for maldevelopmental hypothesis of schizophrenic psychoses, 30724
motion sickness, physiological correlates, 18–25 yr olds, 26705
nature of individual differences in physiological principles of infant temperament, twins (aged 7–12 mo), 33680
neural correlates via functional MRI of linguistic tasks, male patients with schizophrenia (mean age 29.6 yrs), 24249
neuroendocrine responses to psychological workload of instrument flying, 19–21 yr old male student pilots in Finnish Air Force, 20242
neuropsychological & electrophysiological correlates of selective visual streaming in face recognition, 36-yr-old male with pure developmental prosopagnosia, 24781
normal physical time parameters to investigate animal behavior & its neuronal correlates, 3637
passive avoidance training model in determination of cellular correlates of stages of memory formation, 1-day-old chicks, 13584
pathophysiological effects of eye movement desensitization & reprocessing in treatment of PTSD, adults with trauma experience, 18566
physical & neuropsychological symptoms, chronic fatigue syndrome, 37773
physiological & psychological mechanisms of adaptation to changing factors in external & internal environment, 4004
physiological changes in adult auditory system & auditory learning & deprivation & recovery & hearing impairment & relation to motor system plasticity & pathology, commentary, 6817
physiological correlates of acceleration-induced loss of consciousness, healthy adults, implications for near death experience & tunnel vision, commentary, 29948
physiological correlates of poor performance on tests of lateral stability for balance assessment, 63–90 yr olds, 33703
physiological reactions to breath holding, patients with generalized anxiety disorder vs panic disorder, 8199
physiological reactions to breath holding, patients with generalized anxiety disorder vs panic disorder, commentary, 8204
physiological stress during phytohemagglutinin injection assay test, nestling house martins, 26716
physiological vs social-interactive bases for testosterone & voice pitch correlations, male vs female college students, 26901
plasma neuropeptide-Y levels & monoamine metabolism & electrolyte excretion & drinking behavior, 6.5–14.3 yr olds with ADHD, 5145
poor vs enriched rearing conditions, behavioral & developmental & physiological reactions to social & other stress, pigs (aged 14–17 wks), 33137
potential mediators of relationship between personality & tonic cardiovascular & neuroendocrine & immunologic parameters, 18–55 yr olds, 23467
power of individual anaerobic threshold & other physiological parameters to predict performance in competition distances, long distance runners, 606
prefrontal cortical dysfunction & altered GABA neurotransmission, patients with schizophrenia, 34170
presence of supportive male vs female, cardiovascular responses to stressor, male vs female 18–25 yr olds, 13666
prevalence & psychosocial & health-related predictors of depression in 1 or both spouses, elderly husband & wife pairs, 4912
primary care nurse administered community based weight control program, weight loss & blood pressure & girth measurement, obese rural residents, 3 mo follow up, 2457
prior information about relaxant & stimulant properties about drug & placebo & nocebo & other physiological & psychological responses to its administration, 18–38 yr olds, 13733
proximity of heterosexual pairmate, physiological & behavioral stress reactions to novel housing, marmosets, 6951
psychological & physiological stress responses to work & family, 28–61 yr old white-collar workers in insurance company, 12899
psychophysiological correlates & endocrine & pituitary hormone secretion & insulin & melatonin & blood pressure as stress reactions during adaptation to cold in Antarctica, healthy males, 23456
quantitative functional MRI methods to study visual cortex & to measure neuronal correlates of visual perception, humans, 33211
race & stress & social integration & parental status & social support & hostility, nighttime BP dipping, Black vs White 23–48 yr olds, 23462
radioimmunoassay of CSF chromagranin A vs B vs C in synaptic dense-core vesicles, 16–54 yr old schizophrenic inpatients, etiological implications, 27688
radioligand binding for novel hexapeptide analogs of neurotensin at molecularly cloned rat & human neurotensin receptors & behavioral & physiological effects after ip administration of these peptides, 30062
referred muscle pain & hyperalgesia in clinical setting & pathophysiological mechanisms, patients with painful visceral disorders, animal models of urinary colics from calculosis, 37753
regular transcendental meditation practice, hypothalamo-hypophyseal-adrenal axis diurnal rhythms for ACTH & cortisol & beta-endorphin, 19–40 yr olds, 4045
relations between biological & psychosocial risk factors, adult males (mean age 56.8 yrs) with ischemic heart disease, 8588
relationship between social support & physiological processes & health outcomes, 35151
relationship between state vs trait measures of anger expression & ambulatory blood pressure, college students, 29964
relationship of BP & health behaviors & religiosity, 35–80 yr old females, 5792
road journey followed by starvation or ad libitum hay, behavior & blood chemistry, sheep, 19974
role of genetics & exposure to prenatal insult & pathophysiological processes & neurobiology in infantile autism, 14839
role of psychological stress & local proinflammatory cytokine production in expression & severity of illness, adults infected with influenza A virus, 14896
role of serotonergic system in pathophysiology of ADHD, 7–16 yr olds, 21390
role of task difficulty & motor output in regional blood flow in anterior cingulate cortex via PET, humans, 3895
scopolamine, EEG activity in nonstimulus condition & during photic stimulation & Wechsler Memory Scale scores & physiological changes, 24–31 yr old right-handed males, 23525
side effect as qualitative indicator of plasma concentrations of chlorpromazine &/or its metabolites, 19–50 yr old schizophrenic patients, 15288
side effects & pathophysiological mechanisms of antidepressants, REM & slow wave & other sleep EEG patterns, patients with major depression, 15343
social subordination stress & brain dopaminergic activity & behavior, female cynomolgus monkeys, 607
spatial coordinate system used by spatial view cells in hippocampus via electrophysiological recordings, male monkeys, 23380
standard autogenic training, psychophysiological correlates of relaxation, adults, 24992

static & dynamic & causative bipolarity of affect as physiologically separable systems, 17663
stress sensitivity associated with noradrenergic hyperactivity & dopaminergic change, spontaneous recurrence of methamphetamine-induced paranoid-hallucinatory states, female inmates , 21357
subjective & psychomotor & physiological effects of cumulative doses of opioid mu agonists, healthy 21–32 yr olds, 23597
subjective & psychomotor & physiological effects of pentazocine vs morphine, 21–39 yr olds, 4304
tapering for major competition, physiological variables & mood states & self-ratings of well-being & swimming force, 15–19 yr olds elite swimmers, implications for recovery after intense training, 35701
temporal changes in behavior & EEG & heart rate & cardiac vagal tone & startle eyeblink response & salivary cortisol during self-presentation anxiety, shy & nonshy 7 yr olds, 33673
tetrahydrocannabinol dose of single marihuana cigarette, acute & residual subjective & physiologic & performance effects, male 24–31 yr olds, 4147
thoughts & feelings & perceived exertion during prolonged maximal run, physiological responses, well-trained male runners (mean age 32.36 yrs) who finished vs did not finish running task, 7145
thyroid stimulating hormone & basal- & post-dexamethasone cortisol levels & age & onset & stressors & severity in diagnosis by categorization & diagnostic systems, patients with depression , 27644
validity of neurophysiological measures & sustained attention in continuous performance test, 18–24 yr olds, 29762
Verbal & Performance & Full Scale IQ on Wechsler Adult Intelligence Scale—Revised & EEG-assessed ERPs at Fz & Cz & Pz sites during passive listening vs oddball task, 17–50 yr old college students, 26674
visual ERP correlates of selection & suppression of action, adults, 23386

Physiological Correlates—Books

Acquired aphasia (3rd ed.), 5421
Transcortical aphasias, 31344

Physiological Correlates—Chapters

Biological bases of creativity, 7965
The body keeps the score: Memory and the evolving psychobiology of posttraumatic stress, 21213
Chronic pain: A biobehavioral perspective, 14959
Functional disorders, 21065
Hormonal correlates of personality and social contexts: From non-human to human primates, 7141
Individual and physiological correlates of attachment disorganization in infancy, 36869
Lifespan developmental approaches to pain, 14961
Physiological and pharmacological interactions of marihuana (THC) with drugs and anesthetics, 18510
The psychology and physiologic effects of active cannabinoids, 17137
Whiplash injuries, 8549

Physiological Psychology [See Also Neuropsychology]—Serials

biophysical/physiological & psychophysical & clinicopathological approaches to analysis of cochlear prosthetic implant function, implications for treatment of sensorineural hearing loss, 34710

Physiological Stress—Serials

5-HT-1A vs 5-HT-2 receptor agonism vs antagonism, footshock-induced ultrasonic vocalization & inhibition by EEDQ, male rats, 26841
acid–base unbalance stress, renal hydroxysteroid dehydrogenase, male rats, 29953
activity stress, hippocampal dendritic atrophy, male rats, 3875
acute & prolonged restraint stress, 5-HT-moduline in cortex & hippocampus & hypothalamus & striatium & substantia nigra & adrenal glands, male rats, 23294
acute restraint stress, humoral immune response to keyhole limpet hemocyanin, male BALB/cByJ vs C57BL/6J mice, 4071
administration of adrenal steroid hormone dehydroepiandrosterone, declarative memory & attention after exposure to stress, 59–81 yr olds, 5681
behavioral & physiological consequences & adaptation & temporal changes in anterior pituitary responses to physical & physiological stress, 4002
beta-adrenoceptor blockade & propranolol, secretory immunoglobulin A at rest & during paced serial arithmetic & cold pressor & submaximal cycling, college students, 30067
cerebral bioelectrical activity during compression phase of saturation dive, divers, 13620
chronic intermittent stress, brain corticosteroid receptor densities, rats prenatally exposed to ethanol, 23320
chronic stress, generation & actions of nitric oxide, lean vs obese JCR-LA-cp rats, 4051
d-amphetamine sulfate with vs without haloperidol pretreatment, foot shock stress induced immunological response, male rats, 13695
D-cycloserine, MK-801 elicited mouse popping behavior, stressed vs unstressed mice, 13717
defensive burying & stress gastric erosions, alcohol-preferring AA vs alcohol-avoiding ANA male rats, 7015
demographic & physical & occupational stress & psychosocial factors, prediction of work disability, military personnel with occupational upper-extremity related disability, 5218
depressiveness & anxiety & perceived stress & self-efficacy as moderators of relationship between physiological exercise stress & growth hormone & cortical & testosterone secretion, 17–26 yr old males, 23459
developmental patterns of brain polyamine-stress-response in neuronal changes & development, rat pups, 3995
electroacupuncture, physiological stress correlates of toothpulp stimulation, female rats, 20237
encounters & physiological stress, blind mole rats, 4087
epinephrine vs escapable footshock stress, norepinephrine release in amygdala, male rats, 7095
ethanol, endogenous opioid vs nonopioid stress-induced analgesia, male mice, 4103
food distribution & consumption & taboos & strategies to alleviate nutritional stress during hunger season, rural Lese horticulturalist females, Democratic Republic of Congo, 14137
foot shock stress & mu &/vs delta opioid receptor agonists &/vs antagonists & development of ethanol induced place preference, male rats, 4211
footshock stress & contextual fear conditioning, c-fos & NGFI-A expression in amygdala, male rats, 3902
footshock stress &/vs naloxone, freezing behavior, male vs female rats , 690
footshock stress, brain thyroid hormones, male vs female rats, 13664
high vs low T-maze escape performance & plasma adrenocortical responses to partial water immersion, 2–15 day old chicks, 26618
history & symptoms & prevalence & pathology & psychological & psychiatric & psychosocial conditions & physical etiology & evaluation & management of repetitive strain injury, 34571
hypothalamic pituitary-adrenal axis responsiveness to lumbar puncture stress, male vs female patients with Alzheimer's disease, 18405
increased basal activity of hypothalamo-pituitary-adrenal axis during pregnancy, rats bred for high vs low anxiety-related behavior, implications for fetuses, 4061
individual vs social conditions, type & intensity of stress-induced gastric lesions, rats, animal model of Alzheimer's disease, 7013
inescapable stress & learned helplessness, c-Fos-like immunoreactivity expression in brain, male rats, 23354
intermittent vs continuous cold vs foot shock stress, sensitization of extracellular norepinephrine release in medial prefrontal cortex, male rats, 26708
locus coeruleus activity altering drugs vs stress vs blood pressure changes, noradrenaline release in locus coeruleus, conscious rats, 23275
lymphocyte DNA levels of 8-hydroxy-2'-deoxyguanosine as marker of oxidative stress, patients with Alzheimer's disease, 8647
mental effort & uncontrollability of stressor, immune system response to physiological stress, 18-28 yr old males, 29962
metyrapone, restraint & plus-maze induced anxiogenic behavioral & neurochemical sequelae, male rats, 4115
neonatal excitotoxic lesions of ventral hippocampus, locomotor activity & stress-induced dopamine levels in nucleus accumbens, male rats, 29771
novel shock-prod stress with vs without footshock pretreatment, colonic spike burst frequency & defensive burying, male rats, animal model of intestinal reactivity to stress, 13681
opiate system activation by restraint stress vs morphine with vs without naloxone pretreatment, forced-swim immobility & sucrose-preference anhedonia, male rats, 13842
physical & psychological testing & pituitary-adrenal reactivity to stressors & psychiatric symptoms & distinction of diagnostic groups, 6–12 yr olds in child psychiatric clinic, 14454
physical handling stress & potassium stimulation, glutamate in prefrontal cortex & ventral tegmentum & locus coeruleus, male rats, 33257
physical restraint & shaking stressors, egg albumin induced Schultz-Dale aortic anaphylactic contraction, male guinea pigs, 29951
physical restraint stress, heart rate variability as measure of active vs passive coping style, laying hens from high- vs low-feather-pecking lines, 13673
physical vs psychological stressors, electrocardiogram readings vs pulse when measuring heart rate & reactivity, 18–35 yr old Ss, 26722
physiological stress during phytohemagglutinin injection assay test, nestling house martins, 26716
predation threat & food accessibility & individual dominance status, fecal cortisol levels as measure of physiological stress, free-ranging female ring-tailed lemurs, 16789
prenatal ethanol exposure, hypothalamic-pituitary-adrenal responses to chronic cold stress, male vs female rats, 10597
prenatal physical stress & diazepam injected into pregnant female rats, body weight deficits & behavioral alterations, newborn rat pups, model for human intrauterine growth retardation, 17035
prevention of crib-biting stereotypy, food intake & heart rate & plasma cortisol & beta-endorphin as stress measures, horses, 4057
prior chronic cold induced stress, mean arterial blood pressure & heart rate & behavioral responses to restraint & formalin, male rats, 4023
prolonged stress-induced elevation in plasma corticosterone, pregnant rats, implications for prenatal stress studies, 4076
prostacyclin analog beraprost, stress induced expression of immediate early genes & gastric mucosal erosion in stomach, male rats, 23472
psychogenic & neurogenic stressors, neuroendocrine & central monoamine activity, fast vs slow kindling rats, 36510
reduction of job hassles through job environment intervention & effects on physiological & perceived stress, urban bus drivers, 16102
repeated low vs high dose nicotine pretreatment, mesoprefrontal dopaminergic & behavioral responses to acute footshock stress, male rats, implications for schizophrenia, 4153
road journey followed by starvation or ad libitum hay, behavior & blood chemistry, sheep, 19974
role of spinal neurons in instrumental learning for flexed leg position under stress, male rats, 7049
serotonergic vs non- vs competitive-NMDA antagonists in rostral ventromedial medulla, continuous vs intermittent swim stress analgesia & hyperthermia, male rats, 4170
sex & genetics, neuroendocrine adaptation to acute vs repeated physical restraint, inbred mice, 4046
stress & glucocorticoids, long-term spatial memory, male rats, 4032
stress associated with capture & living in captivity, hematological & immunological & hormonal response, female rhesus monkeys, 2 yr study, 26511
stress of physical restraint & aluminum exposure, change in behavior & neurochemistry, rats, 36379
swim stress, corticotropin-releasing factor & locus ceruleus sensitization, male adult rats, implications for pathophysiology of depression, 23453
tachykinin NK-1 receptor agonist RP-67580, stress-induced analgesia, male rats, 23484
tailflick stress, trace eyeblink conditioning & inhibitory conditioning & associations, male rats, 6958
weaning vs repeated snaring, glucocorticoid receptor binding in brain, neonate vs adult pigs, 3867
work load & working conditions, BP & heart rate & catecholamine levels & muscle tension & pain & psychological stress, 20–58 yr old female supermarket cashiers , 25945
work redesign, psychosocial work climate & upper extremity pain & musculoskeletal disorders, assembly workers in repetitive motion jobs, 32435

Physiology [See Also Absorption (Physiological), Appetite, Body Temperature, Digestion, Electrophysiology, Excretion, Homeostasis, Metabolism, Neurophysiology, Oxygenation, Psychophysiology, Reflexes, Secretion (Gland), Sexual Reproduction, Thermal Acclimatization]—Serials

autonomic instability during relaxation, patients (mean age 41.6 yrs) with panic disorder, 4992
biomechanics & physiology of rising from sitting position & strategies for improvement, elderly, 15677
clinical factors & pathophysiologic process in treatment resistant schizophrenia, 4960
cognitive-behavioral & pharmacological therapy, plasma concentrations of interleukin-1 beta & -6 & tumor necrosis factor-alpha, 16–44 yr old females with bulimia & anorexia, 3 mo study, 5161
demographic & behavioral & physiological & psychological characteristics, 18–61 yr old low or moderate or high dosage physical activity participants, 31830
development of general theory of labor activity & associated problems concerning relationship between physiological and psychological processes in organization of activity, 26715

epidemiology & pathophysiological alterations & treatment, patients with cardiovascular disease & major depression, commentary, implications for role of omega-3 fatty acids, 17780
forebrain dopamine systems & frontal & temporal corticostriatal transmission interactions in pathophysiology & psychopathology of schizophrenia, 27696
homozygous & heterozygous serine & homozygous cysteine 5-HT type 2C receptor genotypes, response to m-chlorophenylpiperazine, 18–60 yr old females, 26558
leptin, selection of low- vs high-protein diets & physiological effects, male rats, 29974
melatonin, sleep physiology & pharmacology, adults, 33312
naloxone, physiologic & neuroendocrine responses, 42–72 yr olds with Alzheimer's disease , 31327
participation of CNS proteinases & serpines & other inhibitors in regulation of physiological functions & mobilization of endogenous proteolysis inhibitors during inflammation, 16913
pathophysiological processes in neuropsychiatric disturbances of schizophrenia, 21133
pathophysiology of eye tracking abnormalities, 1st-episode treatment naive schizophrenic patients, test of frontal eye fields hypothesis, 1623
physiological & subjective & behavioral performance effects of graded doses of oral cocaine HCL, 24–45 yr old recent cocaine users, 23575
physiological control mechanisms of conditioned jaw reflexes modulated by electromyogram, 10505
physiological oculomotor changes during immersion in virtual environment, 19–56 yr olds wearing head mounted displays, 12948
physiology & phenomenology of stress system & other endocrine & neurological pathways & immune system & fibromyalgia syndrome & disorders of hypoactivity of hypothalamic-pituitary-adrenal axis, 1922
physiology & sleep & well-being & stress, 35–54 yr old perimenopausal women, 6 yr study, 17412
semantics & physiology of hypnosis as an altered state, 322
semantics & physiology of hypnosis as an altered state, commentary reply, 323
semantics & physiology of hypnosis as an altered state, commentary, 315
semantics & physiology of hypnosis as an altered state, commentary, 317
semantics & physiology of hypnosis as an altered state, commentary, 320
semantics & physiology of hypnosis as an altered state, commentary, 324
sex-specific larval behavior & physiology & colony sex ratio & individual behavior, caterpillars , 36366
thermal dehorning with vs without local anaesthesia, behavioral & physiological reactions, 4–6 wk old calves, 10317

Physiology [See Also Absorption (Physiological), Appetite, Body Temperature, Digestion, Electrophysiology, Excretion, Homeostasis, Metabolism, Neurophysiology, Oxygenation, Psychophysiology, Reflexes, Secretion (Gland), Sexual Reproduction, Thermal Acclimatization]—Books

Soothing and stress, 20447
Stress at work: A sociological perspective, 3094

Physiology [See Also Absorption (Physiological), Appetite, Body Temperature, Digestion, Electrophysiology, Excretion, Homeostasis, Metabolism, Neurophysiology, Oxygenation, Psychophysiology, Reflexes, Secretion (Gland), Sexual Reproduction, Thermal Acclimatization]—Chapters

Biological basis of childhood shyness, 14069
Complex regional pain syndromes: An interdisciplinary perspective, 8548
Functional gastrointestinal pain syndromes, 8527
Individual pathways in competence and coping: From regulatory systems to habits of mind, 26966
Lewy body disorders, 8693
"Looking for the Rosetta Stone": An essay on crying, soothing, and stress, 20466
Music and the auditory system, 610
The physiologic substrate of motion aftereffects, 4014
Sociophysiology and depression, 11391
Stress and soothing: An endocrine perspective, 20254
Three-dimensional object recognition based on the combination of views, 16538
Voice physics and neurology, 16551

Physiotherapy [See Physical Therapy]

Physique—Serials

body shape vs neutral words, color naming performance & associative strength, females with anorexia (mean age 21.86 yrs), 31017
body weight & shape & weight reduction, body image & satisfaction, obese 21–56 yr olds assessed prior to & 3 yrs after bariatric surgery, 12311
effect of body fat distribution & breast size on judgments of female attractiveness & age & desirability, male vs female British undergraduate students, 4651
female bodily curvaceousness vs normal vs over- vs underweightedness, perception of career competence & reproductive potential, college students, 17513
male figure preferences, 18–23 yr old vs 30–60 yr old males, 30507
perceived social support & abdominal fat distribution, 12–27 yr olds, 3 yr followup, 4494
regional fat patterns, 33–64 yr old Mexican American women, 15451
validity & effectiveness of anthropometry basis grouping technique, classification & identification of individual differences in hand-related parameters & body height & weight, college students, 36060

Physostigmine—Serials

alpha-1 & alpha-2 adrenoceptor agonists & antagonists, physostigmine-induced yawning, male rats, 10683
physostigmine before & after chronic cholinergic blockade, cortisol, elderly adults (mean age 66.8 yrs), 26761
physostigmine dose & odorant concentration, odor mixture discrimination, male rats, 13445
physostigmine vs benzodiazepine receptor agonist FG 7142, 192 IgG-saporin induced cortical cholinergic deafferentation & sustained attention, male rats, 7226
pituitary-adrenal cortical responses to low-dose physostigmine and arginine vasopressin administration, 22–52 yr olds, 13807

Piaget (Jean)—Serials

issues in domain account of early moral judgment & Piaget's theory, 4401
issues in domain account of early moral judgment & Piaget's theory, commentary, 4408
logic & epistemology & the work & influence of Piaget & G. Frege, 10739
model adaptation of developmental psychologists J. Piaget & L. Vygotsky's theories of assimilation vs accommodation & actual development vs proximal development, 850
Piagetian concepts of life & age applied to death & suicide understandings & experiences, 6–12 yr olds, suicide prevention implications, 27066

Piaget (Jean)—Books

Conceptual development: Piaget's legacy, 20533
Lev Vygotsky: Critical assessments: Vygotsky's theory, Vol. I, 7451

Piaget (Jean)—Chapters

All things being equal: The two roads of Piaget and Vygotsky, 7352
Cognitive development, 17302
Commentary on Vygotsky's criticisms of *Language and Thought of the Child* and *Reasoning in the Child* , 7480
The connectionist infant: Would Piaget turn in his grave?, 13917
Genetic epistemology and developmental psychology, 4412
Implications of Piagetian theory for peer learning, 19318
In tribute to Piaget: A look at his scientific impact in the United States, 3269
A new foundation for cognitive development in infancy: The birth of the representational infant, 20539
The origin of Piaget's ideas about genesis and development, 20544
The origins of referential communication in human infancy, 7346
Play, cognitive development, and the social world: Piaget, Vygotsky, and beyond, 7575
A reconsideration of concepts: On the compatibility of psychological essentialism and context sensitivity, 20537
Some recent research and its link with a new theory of groupings and conservations based on commutability, 4457
Sources of concepts: A cultural-developmental perspective, 20543
Sources of conceptual change, 20534
A systemic interpretation of Piaget's theory of knowledge, 20536
Vygotsky, Piaget and the dialectic of development, 7458
Vygotsky, Piaget, and Bandura: Perspectives on the relations between the social world and cognitive development, 7485
Why Vygotsky? The role of social interaction in constructing knowledge, 7460

Piagetian Tasks—Serials

ability to write Chinese characters & extensive training in mathematics, performance on water-level task, Chinese vs Chinese American college students, 10114
age & water-level task performance stability vs change stochastically modeled, 8–16 yr olds, 3 yr study, 23725
age-related developmental differences in performance on Piagetian water-level task & relation to educational quality, 4th vs 5th vs 6th vs 8th vs 11th graders, China, 30178
development of & relation between Piagetian concrete operational thought & formal thought & general intelligence & spatial & verbal abilities, 4.5 yr olds, 11 yr study, 17235
memory requirements, visible vs invisible displacement task performance, rhesus monkeys vs orangutans, 10265
multiple choice vs Piagetian tasks, perceptual part–whole integration, 2–5 yr olds, implications for lower age bounds of comprehension, 20483
Piagetian test performance as measure of formal thought development, cohorts of 10–15 yr olds, 1967–1996 vs 1972–1993, 23694
sex, perception of horizontal vs vertical in tangible displays, male vs female college students, 23097

Piano [See Musical Instruments]

Pica—Serials

environmental & behavioral treatment, 59 yr old male with pica, 24896
intraventricular neuropeptide Y, induced pica behavior vs decreased need-induced sodium intake, male rats, implications for opposing orexigenic & malaise-inducing properties, 30026
prevalence & types of pica & trace metal levels & age & sex & mental retardation level & psychiatric disorders, 24–77 yr olds with developmental disabilities, 30951
stimulus preference assessments & reinforcement during treatment of cigarette pica, 40–49 yr olds with mental retardation, 38084

Picketing [See Social Demonstrations]

Picks Disease—Serials

clinical & neuroradiological criteria for probable or possible Pick's disease, consortium, 2025
symptoms & neuroanatomical abnormalities in clinical criteria for differential diagnosis of Pick's disease as form of frontotemporal dementia, 31314
use of Pick complex to indicate clinical & pathological variations & overlap of frontal lobe & frontotemporal dementia & primary progressive aphasia & corticobasal degeneration syndrome, 31259

Picrotoxin—Serials

intra-ventral hippocampal vs medial prefrontal cortical picrotoxin, prepulse inhibition & reversal by haloperidol, male rats, implications for validity of animal model of schizophrenia, 26787
picrotoxin injections into superior colliculus, prepulse inhibition of acoustic startle reflex, male rats, 29995
picrotoxin with vs without progesterone, GABA-A receptor function in sleep, male rats, 10604

Pictorial Stimuli—Serials

accuracy of & response time for face representation recognition based on line drawings of facial expressions of emotion, college students, 36185
adaptation of standardized picture set into Portuguese, study of mnemonic processes in naming objects in pictures, 15–39 yr olds, 3293
affective foreground stimuli, modulation of startle reflex, 23–60 yr old patients with major depressive episode , 30647
automatic evaluation of pictures, undergraduate students, 17603
biology textbooks with vs without illustrations, attention measured by eye movement & comprehension & recall, 4th grade science students with high vs low cognitive ability, 15937
changes in event-related potentials during picture classification task, 7 yr olds, 3960
color, word–picture & picture–word matching, college students, 16611
computer-aided system providing pictorial task instructions & prompts vs card system, task performance, 18–23 yr olds with severe intellectual disability, 11718
consistency of print–sound correspondence & word frequency & lexicality, speed & accuracy in naming 2-character Kanji words & nonwords, Japanese native speakers, 10099
cueing with pictorial stimuli featuring directional gaze of target with vs without subject overt attention, automatism & social perceptual aspects of visual orienting responses, college students, 36143
depth & flatness information, perception of size in pictures, college students, 32827
depth perception in 2-dimensional picture, adult hens, 7010
discrimination of faces & automobiles presented upright & inverted, chimpanzees, 348
distinctiveness heuristic & suppression of false recognition in pictorial encoding, older vs younger adults, 10214
distractor words & picture naming of objects with homophonic names, semantic & phonological information flow in lexical access, adult speakers, 10092
effects of prior grammatical gender information during picture & word naming tasks, 19–30 yr olds, 30100
effects of view in depth, identification of line drawings & silhouettes of familiar objects, college students & brain damaged patient with agnosia, 21571

enrichment of verbal accounts of history of psychology through use of illustrated books & slides & videotapes as teaching methods , 28834
equal cerebral hemispheric pictorial stimuli processing, role of hemispheres in semantic vs episodic memory, college students, test of Hierarchical Encoding/Retrieval Asymmetry model, 26634
ERPs & semantic priming effect with pictures of real objects, college students, 10476
ESPbase Microsoft Access database application for storing & selecting symbol & icon sets for research & design usability, 36076
evidence for cortical eye processor activity in N170 component of ERPs to intact faces & faces without eyes vs elicited by pictures of houses, 21–38 yr olds, 544
experiential self knowing through pictures of flowers, adults, 7914
exploratory eye movements to thematic pictures, 9.1–19.3 yr olds with schizophrenia vs ADHD, 14402
forced-choice personal questionnaire method vs pictorial version, assessment of consumer satisfaction with community service, 16–68 yr olds with learning disabilities, 30980
frontal vs profile views of familiar faces vs own face, facial recognition, Os, 32854
functional categorization of object to their pictures, baboons, 3645
functional categorization of object to their pictures, baboons, erratum, 13390
gender priming in picture naming, German college students, 36221
identical priming & language frequency in picture naming, 29563
illustrations & instructions for online classroom demonstration of boundary extension in memories of pictorial stimuli, 15866
inducing object & test object conceptual similarity vs perimeter similarity & convergence with Ebbinghaus illusion magnitude, Os, 10024
inhibition in selection among instance & superordinate names of pictured objects, adults, 10105
item difficulty & discrimination in Picture Arrangement subtest of WAIS-R, 16–78 yr olds with traumatic brain injury, 5354
level of bilingualness & cognateness, picture–name agreement, 19–39 yr old French/English bilingual college students, 26912
misleading narrative stimulus & written vs pictorial stimulus modality in testing procedure, suggestibility & misinformation effects in memory retrieval & object recognition, 17–58 yr olds, 32953
modified compensation theory of picture perception, adult Os , 19761
naming of pictures errors, 4.3–9.7 yr olds with specific language impairment, 11764
neural blood flow during picture naming & semantic judgment, 18–29 yr old males, 29834
norms for line drawings standardized on name & image agreement & familiarity & visual complexity & image variability & age of acquisition, college students, France, 36116
object-based visual selective attention & perceptual organization in test of same-object effect, 18–30 yr old Air Force basic trainees, 10065
perception of pictorial stimuli vs Mueller-Lyer illusory representation, formation of cognitive set & effect of set on selective attention & cortical electrical activity, adults (mean age 21.5 yrs), 16496
pictography as notational system for preserving story content in narrative language intervention, children with language disorders, 2974
pictorial facial repetition priming, semantic & familiarity judgments about & recognition of personal names, undergraduate students, 3532
pictorial simulation of peripheral acuity, 6760
picture-word interference, determiner selection in noun phrase production, Italian speakers, 23103
pictures & sentence stimuli, learning of preposition words, 4.8–6.3 yr olds, 9452
presentation time of backwardly masked phobic vs nonphobic target pictures, skin conductance response & forced choice awareness, females with spider phobia, 34218
presentation time of backwardly masked phobic vs nonphobic target pictures, skin conductance responses & forced choice awareness, females with spider phobia, commentary, 34221
psycholinguistic processing model of picture naming & dynamics of cortical activation during picture naming, 21–30 yr olds, 554
rating norms for symbol & icon concreteness & complexity & meaningfulness & familiarity & semantic distance, college students, 36121
realist judgement errors regarding out-of-date pictures & words as representations of referents, 3–4 yr olds, 30193
redundant pictorial &/vs text formats, comprehension & recall of pharmaceutical safety & warning information, college students & young & older adults, 16213
rhyme vs orthogonal vs diagonal training conditions to name pictorial stimuli, functionality of verbal behavior in equivalence class formation, 18–40 yr olds , 19860
role of encoding & retrieval processes in producing gist-based false recognition to pictorial stimuli, old vs young adults, 19851
selection percentages in response to tangible stimuli vs pictorial representations of stimuli in stimulus preference assessment, 23 & 31 yr old males with mental retardation, 11716
selective review of photographs, memory of unrelated complex activities, 16–26 vs 61–74 yr olds, 19852
semantic consistency, eye movement patterns during viewing of complex natural scenes, college students, 6765
spoken medical instruction with vs without accompanying pictographs, information recall, junior college students with low literacy, 2472
stereoscopic depth, completion of partially occluded figures with unambiguous parsing from motion cues, adult Os, 10060
subjective impressions of naturalness for color of reproduced pictures & consistency in naturalness judgments of locally & globally processed images, Os, 13224
use of diagrams or models, mental models of depicted environments, college students, 6840
use of peak-shift paradigm to test properties of caricatures which may affect face recognition, college students, 13207
vertical–horizontal illusion & relative perception of horizonal & vertical extents in real environments vs pictorial displays, college students, 32865
visual avoidance of threat-relevant pictorial stimuli, spider phobic & blood-injection-injury phobic undergraduates, 1657
written response scores on mechanics vs thematic content of stories written from line drawings vs photographic stimuli, middle school students, 25764

Pictorial Stimuli—Chapters

Do viewpoint-dependent mechanisms generalize across members of class?, 16537
The 1943 images: Their origin and history, 32624
Pictures and their special status in perceptual and cognitive inquiry, 185
Recovery of 3D volume from 2-tone images of novel objects, 16533
Repetition blindness for pictures: Evidence for the rapid computation of abstract visual descriptions, 26305
The role of illustrations in text comprehension: What, when, for whom, and why?, 6883
Understanding and remembering briefly glimpsed pictures: Implications for visual scanning and memory, 26304

Pigeons—Serials

absence of reward, rate of internal pacemaker, pigeons, 16764
arena vs vanishing point orientation & direction, homing pigeons 2-yrs-old , 33132
attention & timing, pigeons, implications for attentional models of timing in humans, 16765
lesions to caudolateral neostriatum, spatial learning, homing pigeons, 7001
olfactory cues at ''false site'', homing behavior, pigeons, 16791
reinforcement probability & response cost in symmetrical choice procedure, pigeons, 29697
sample duration & presentation frequency, delayed matching accuracy, pigeons, 29688
short interfood intervals, temporal control, pigeons, 16773
timing processes & choice behavior in concurrent chains, pigeons, 16759
variable interval & random reinforcement & extinction, within session response patterns, pigeons, 29693

Pigs—Serials

active/passive behavioral strategies & emergence time & tonic immobility during challenging situations, male & female pigs, 10312
behavioral patterns characterizing social organization & time course for formation & disruption of group stability, sows, 10297
consistency in reactions to challenging situations, Food Competition Test & Open Field Test & Social Test, prepubertal gilts, 16869
constant illumination associated with video taping during experimentation, behavior, nursery pigs, 19924
domestication, foraging strategies, domestic vs crossbred pigs, 10319
foraging behavior on grassland in relation to stocking rate & feed crude protein level, pigs, 3 wk observation, 10294
handler vs nonhandler exchanged color of coveralls, discrimination between handlers in behavioral tests using operant conditioning, miniature pigs, 10275
predictors of social dominance & rates of aggression, gilts, 16796
relationship between speed of withdrawal response from humans & performance in farrowing shed, lactating sows, 33117
sand vs concrete & straw vs no straw, timing & quantity of nest building & farrowing, domestic sows, 16870
segregated early weaning, behavior & health & well-being, piglets, 23256
stimuli from 4 taste qualities & compounds used with other species & pig food additives, whole nerve & single fiber responses in chorda tympani & glossopharyngeal nerves, domestic pigs, 26466
temperature control, well-being, pigs, 330
ultrasound observation of fetal behavior in late gestation pigs, implications for characterization of fetal development, 20051
weaning at 7 & 14 & 28 days of age, piglet behavior, 10372

Pilocarpine—Serials

dexamethasone, apomorphine- vs pilocarpine-induced yawning, male rats, 13747
lithium & pilocarpine administration & development & long term consequences in status epilepticus-induced neuronal injury, rat pups, 741
pupillary cholinergic sensitivity to pilocarpine eyedrops, response to lithium carbonate, 25–56 yr olds with hypomania or mania, 24167
subclinical doses of lithium & pilocarpine, learning & memory of radial maze, male rats, 4123
valproic acid treatment, pilocarpine induced miosis, males (mean age 48.6 yrs) with mania or hypomania, 31631

Pilots (Aircraft) [See Aircraft Pilots]

Pimozide—Serials

delayed pimozide &/or lithium treatment, long-term adverse effect & prognosis, patients with functional psychosis, 38262
pimozide augmentation of olanzapine, symptoms, 44 yr old male with schizophrenia & drug-resistant psychosis, 21962
pimozide, 52 yr old male with litigious delusions, 25184

Pineal Body—Serials

estradiol implants in lateral habenula, stimulation of maternal behavior, female rats, 13725
lesions of epiphysis &/vs hippocampus, stress response to conflict & forced swimming, male rats, 7021
neuropsychological profile, 12 yr old girl with pineoblastoma & spinal metastases who underwent chemotherapy & cranio-spinal irradiation, 2 yr study, 24754

Pinealectomy—Serials

central arginine vasopressin, motility & passive avoidance response, pinealectomized rats, 26732
pinealectomy & melatonin, time-associated conditioned reflex, male rats, 29763

Piperazines [See Also Trazodone]—Serials

benzoindane S 18126 vs raclopride vs L 745,870, dopamine D/4 receptor blockade & in models of antipsychotic & extrapyramidal properties, rats, 718
gepirone & metabolite 1-(2-pyrimidinyl)-piperazine, human cytochrome mediation of transformation & metabolism & cytochrome inhibition, human liver cells, 7264
homozygous & heterozygous serine & homozygous cysteine 5-HT type 2C receptor genotypes, response to m-chlorophenylpiperazine, 18–60 yr old females, 26558
lorazepam following CPP vs dizocilpine, open-field stereotypies & hyperactivity & pentylenetetrazol-induced tonic-clonic seizure, male mice, 10566
m-chlorophenylpiperazine & anxiety, prolactin & cortisol values over time, patients with migraine without aura, 5368
meta-chlorophenylpiperazine & ipsapirone & exercise, central serotonergic receptor sensitivity, marathon runners, 7169
meta-chlorophenylpiperazine, tics & obsessive & compulsive & impulsive behavior, 21–65 yr olds with Gilles de la Tourette syndrome, 31625

Piracetam—Serials

memory training with vs without 2.4 vs 4.8 g piracetam, forgetfulness, 55+ yr olds with age associated memory impairment, 3 mo study, 8995
neuroprotective agents piracetam & GM1 during withdrawal from alcohol, hippocampal cholinergic fiber network & intrinsic cholinergic neurons, male rats, 33368

Pitch (Frequency) [See Also Speech Pitch, Ultrasound]—Serials

1–100 kHz tones, auditory brainstem responses & behavioral audiograms, killer whales, 33040
2-tone stimuli varying in tone-onset time vs stimuli with amplitude modulation onset delay, magnetoencephalography correlates of categorical-like temporal cue perception, adults, 3914
absolute & relative aspects of frequency modulations, territorial responsivity, male collared doves, 412
amplitude-modulation detection approach to estimate temporal acuity at low vs high audio frequencies, 19–25 yr old listeners, 13231

aspirin, psychophysical measures of frequency selectivity & two-tone suppression & growth of masking, normal hearing 22–39 yr olds, 32871
auditory feedback, voice fundamental frequency control, college students, application of pitch-shifting paradigm, 7291
auditory receptor sensitivity to different frequencies at suprathreshold intensities, crickets, 10248
basis for perceptual cohesion of periodic complex tones, college students, 6797
bilateral auditory cortex ablation, differential conditioning to pure vs linear frequency-modulated tones, male gerbils , 33074
center frequency separation vs onset rate vs band width of narrow- vs wide-band noise, auditory stream segregation vs illusory continuity, 18–48 yr olds, 13228
component related entropy model for detection of nonmonotonicity of informational masking, 6812
cross linguistic approach to pitch processing via PET, adult native speakers of English vs Thai, 3844
developmental change in duration of auditory sensory memory for tonal frequency, 6–7 vs 8–10 vs 11–12 yr olds vs adults, 7398
discrimination of small frequency changes in commonly vs less commonly encountered auditory stimuli, college student listeners, 10072
effect of filtering of time trajectories of spectral envelopes on automated speech recognition, 32471
emotion conveyed in tone of voice with vs without exposure to photographs of facial expressions & effect of inversion of face, perceptions of emotion in voice, 19–26 yr olds, 307
ethyl alcohol, monaural & binaural thresholds for pure tones across range of frequencies, 21–39 yr olds, 36602
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary reply, 31025
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary, 31027
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary reply, 31033
first-spike latencies in auditory cortex as function of characteristic frequency & simple threshold model of spike initiation time, cats, commentary, 549
flattened fundamental frequency of voice, sentence intelligibility, normal listeners, implications for study of dysarthria, 36195
formant frequency movements, recognition of vowel quality produced by 10–12 yr old & adult speakers vs synthetically generated versions, 10–12 yr old & adult listeners, 23058
frequency of F1, location of phoneme boundaries at vowel onset & vowel offset time in speech perception, adults, 26367
frequency-shifted feedback, fluency, 9–11 yr old vs 20–24 yr old stutterers, 28799
fundamental frequency differences between tones, temporal discrimination for complex tone sequences, 18–30 yr old musical vs nonmusical listeners, 32884
fundamental frequency encoding of linguistic & emotional prosody, 29–87 yr old right hemisphere-damaged speakers, 34668
gap detection thresholds & tonal duration, younger vs older adults, 26370
harmonic cancellation in preprocessing & pitch perception, pitch shifts of mistuned partials of harmonic complex, listeners, application of time domain model, 32869
hearing characteristics, female Egyptian fruit bats, 6949
high vs low pitch singing voice preference, 6 mo olds, 7548
integration of nonsimultaneous frequency components into single virtual pitch, Os, 16540
loudness perception & frequency discrimination, 37–56 yr olds with cochlear hearing loss, 2117
manipulation of central component of 3-component signal & shape of waveform envelope, auditory roughness perception, 24–45 yr old listeners, 19782
measurement of speech reception bandwidth threshold, adults (aged 19–34 yrs), 19781
mistuned harmonic vs regular inharmonic complexes, perceptual segregation & pitch shift perception, adults, 196
modulation rate vs carrier separation vs presentation mode, modulation gap detection, listeners with normal hearing, 32870
neural dynamics underlying frequency change detection & generation of mismatch negativity in auditory cortex via mathematical modeling, adults, 26032
neuroanatomical correlates of auditory system responses to volume & frequency, 21–28 yr olds, 16924
noise bandwidth, detection of sinusoidal movement signal, 21–41 yr olds , 19773
number of pitch periods & pitch periods from syllable onsets &/vs offsets, identification of /d/-vowel-/d/ syllables by male speaker, college students, 32872
perceived pitch strengths & autorcorrelation functions of rippled vs regular-interval noises, 23–32 yr olds, 199
perception of complex tones & its analogy to echo spectral analysis, Magaderma lyra, 13382
perception of familiar vs unfamiliar scale structure during detection of mistuned tones in multitone sequences, college students vs 9 mo olds, 26372
perception of short-duration fundamental frequency glissando pitch direction & extremity of synthetic posterior vowels, adults , 189
pitch accent, spoken-word recognition & lexical decision in Japanese, college students, 13230
pitch accent, spoken-word recognition & lexical decision in Japanese, college students, erratum, 32868
pitch discrimination & auditory thresholds & frequency & loudness factors & age differences, 22–32 yr old normal vs 36–70 yr old hearing disordered listeners, 18450
rapid pitch modulation of complex tones, mismatch negativity, adults, 10483
reactivation of dormant representations of auditory stimulus with differing frequencies vs intensities, young adults, 195
resonance & magnitude of change in & ascending vs descending vs same pitch of 2nd member of stimulus pairs, auditory discrimination of synthetic whisper vowels, 22–40 yr olds, 23057
scaling individualized vs nonindividualized external-ear transfer functions in frequency, virtual localization, healthy 22–43 yr olds, 32876
sensitivity to auditory frequency modulation, prediction of phonological & reading & spelling skills, children (mean age 9.9 yrs), 30192
small sample bias & range as a factor determining information of loudness judgments in identification of pure tones at a single frequency, 18–52 yr olds, 3507
statistical learning ability involved in word segmentation, learning of tone sequences, adults & 7.1–8.2 yr olds, 13953
susceptibility to noise of low-frequency interaural time & high-frequency interaural level differences & spectral cues used in sound localization, 23–33 yr olds, 13237
temporal similarity of probe vs masker envelopes, modulation masking, adults, 32877
tone duration & task-irrelevant frequency deviants, individual-level auditory distraction assessed by EPs & attention-switching, 19–36 yr olds, 3508
tone intensity & presentation order, amplitude & consistency of auditory EPs from frontocentral vs temporal sites, 18–23 yr old students, 29892
underwater octave-band noise levels, induced temporary threshold shift, California sea lions vs northern elephant seal vs harbor seal, 33028
upward spread of masking & role of suppression in masking growth when signal is above pitch masker frequency, 19–28 yr olds, 6813

Pitch (Frequency) [See Also Speech Pitch, Ultrasound]—Chapters

Introduction to pitch perception, 16556
Pitch perception and measurement, 16561
Pitch, periodicity, and noise in the voice, 16552
Tonal structure and scales, 16625

Pitch Discrimination—Serials

basis for perceptual cohesion of periodic complex tones, college students, 6797
center frequency modulation detection for harmonic complexes resembling vowel formants & interference by off-frequency maskers, listeners, 19776
ERP measured cerebral correlates of hemispheric lateralization during dichotic pitch discrimination task, 19–37 yr olds, 23415
ethyl alcohol, monaural & binaural thresholds for pure tones across range of frequencies, 21–39 yr olds, 36602
modulation & formal manipulation of piano or orchestral compositions, perception of tonic closure, music academics vs other musicians, 32875
neural dynamics underlying frequency change detection & generation of mismatch negativity in auditory cortex via mathematical modeling, adults, 26032
pitch discrimination & auditory thresholds & frequency & loudness factors & age differences, 22–32 yr old normal vs 36–70 yr old hearing disordered listeners, 18450
relations among nonadjacent tones in pairs of diatonic melodies, perception of melodic pitch contour, undergraduates, 32880

Pitch Perception [See Also Pitch Discrimination]—Serials

basis for perceptual cohesion of periodic complex tones, college students, 6797
component related entropy model for detection of nonmonotonicity of informational masking, 6812
cross linguistic approach to pitch processing via PET, adult native speakers of English vs Thai, 3844
electric vs acoustic amplitude modulated pulse trains, perception of temporal pitch, normal-hearing adults vs cochlear implantees, 6808
high & low pitch auditory stream segregation, 20–39 yr olds with dyslexia, 30984
loudness perception & frequency discrimination, 37–56 yr olds with cochlear hearing loss, 2117
mistuned harmonic vs regular inharmonic complexes, perceptual segregation & pitch shift perception, adults, 196
monotonic vs dichotic musical interval identification, complex tone pitch perception, 61–74 yr olds with high-frequency cochlear hearing loss, 34697
perceived pitch strengths & autorcorrelation functions of rippled vs regular-interval noises, 23–32 yr olds, 199
perception of short-duration fundamental frequency glissando pitch direction & extremity of synthetic posterior vowels, adults , 189
pitch thresholds using new technique for generation of dichotic pitch stimuli, 10–12 yr olds with dyslexia, 1867
sensitivity to the pitch contour of words, newborns, 7421
upward spread of masking & role of suppression in masking growth when signal is above pitch masker frequency, 19–28 yr olds, 6813

Pitch Perception [See Also Pitch Discrimination]—Chapters

Absolute pitch, 214
Introduction to pitch perception, 16556
Pitch perception and measurement, 16561
The processing of pitch combinations, 207

Pituitary Disorders [See Also Hypopituitarism]—Serials

hemifield contrast sensitivity to coarse dynamic vs finer static sinusoidal gratings, detection of visual pathway dysfunction, pituitary adenoma patients with normal visual acuity & field, 31162
lanreotide, growth hormone & insulin-like growth factor-1 levels & psychological symptoms & quality of life, 31–71 yr olds with active acromegaly, 2 mo study, 22068

Pituitary Dwarfism [See Hypopituitarism]

Pituitary Gland [See Also Hypothalamo Hypophyseal System, Hypothalamo Pituitary Adrenal System]—Serials

hippocampal pituitary volume ratio & measurement of reciprocal neuroendocrine alteration, male adults (mean age 44.5 yrs) with alcohol dependence, 34343
ionic mechanism of clotrimazole in anterior pituitary GH3 cells, rats, 30068
pituitary adenylate cyclase activating peptide, circadian rhythms, male golden hamsters, 26782

Pituitary Hormones [See Also Corticotropin, Dynorphins, Melanocyte Stimulating Hormone, Oxytocin, Somatotropin, Thyrotropin, Vasopressin]—Serials

behavioral & physiological consequences & adaptation & temporal changes in anterior pituitary responses to physical & physiological stress, 4002
early life events & innate factors, behavioral & hormonal responses to stressors, mice, 3808
hypericum perforatum extract, monoamine neurotransmitters in anterior pituitary hormone secretion, 22–49 yr old males, 31732

PKU (Hereditary Disorder) [See Phenylketonuria]

Place Conditioning—Serials

7-OH-DPAT dose, d-amphetamine induced stereotypy & conditioned place preference & dose-response curves, male rats, 688
ability of orphanin FQ/nociceptin to block development of morphine-induced conditioned place preference, male rats, 30036
aminosenktide, conditioned taste aversion & conditioned place preference & blood alcohol levels in relation to ethanol intake, alcohol-preferring male rats, 642
baclofen, ethanol induced conditioned place preference & taste aversion, male mice, 26748
chronic cadmium, cocaine vs apomorphine vs lithium chloride effects on conditioned place preference vs aversion, male rats, 36590
coadministration of cocaine or apomorphine with 7-hydroxy-N,N-di-n-propyl-2-amino-tetralin, conditioned place preference & locomotion & sniffing & oral stereotypy & headbobbing, male rats, 17048
cocaine & MK-801, conditioned place preference, male rats, 10540
diazepam & zolpidem, cocaine- & amphetamine-induced place preference, male rats, 10622
digoxin & immunization against endogenous digitalis like factors, voluntary selection of ethanol & conditioned place preference, male rats, 20258
dosages of cocaine &/vs caffeine, conditioned place preference & locomotor activity & additivity, male rats, 626
ethanol-induced conditioned place preference, alcohol-preferring Marchigian Sardinian male rats, 10552
foot shock stress & mu &/vs delta opioid receptor agonists &/vs antagonists & development of ethanol induced place preference, male rats, 4211
GABA A receptor specific antagonists bicuculline vs picrotoxin, ethanol-induced conditioned place preference vs taste aversion, male DBA/2J mice, 26749

galanin in nucleus accumbens & locus coeruleus, morphine reinforcement in place preference conditioning, female mice, 30070
ginsenosides, cocaine-induced hyperactivity & conditioned place preference & postsynaptic dopamine receptor sensitivity, male mice, 33426
haloperidol, discriminative cuing of heroin- or food-reinforced conditioned place preference or locomotor activity, male rats, 13782
high vs low locomotor response to novelty, conditioned locomotor effects in cocaine place conditioning, male rats, 4185
hippocampal lesions, acquisition of place response & pliancy in response alterations in Morris water maze, male rats, 36407
ifenprodil, morphine-induced place preference, male mice, 13819
intra-accumbens sulpiride, effects of intra-perifornical hypothalamic sulpiride effects on locomotor activity & place conditioning, male rats , 4226
intra-amygdala scopolamine, conditioned place preference vs spatial radial maze task performance, male rats, 712
intracranial drug self-administration & place conditioning study findings & implications for brain reward mechanisms, rats, 23548
isradipine with naltrexone, cocaine enhancement of conditioned place preference & cocaine induced hyperactivity, rats, implications for treatment of cocaine use disorders, 4127
medial or lateral perforant path lesions, hippocampal function in place learning & fear conditioning to context processes, male rats, 20096
molecular & cellular & hippocampal substrates of place learning , 515
morphine or naltrexone, preference or aversion for drug following place conditioning, male mice, 10539
naloxone, morphine withdrawal & induced place aversion, male rats, 728
naltrexone implant, social interactions & cocaine-induced conditioned place preference, male rats, 10627
neuropeptide Y receptor antagonist, conditioned place aversion & locomotor activity, male rats, 23521
ondansetron & morphine & TAN 67 & natrindole & funaltrexamine, ethanol-induced place preference, male rats exposed to conditioned fear stress, 23330
peripheral opioid receptor methylnaltrexone, aversive or depressant effects of EtOH on locomotor activity & conditioned place preference, male rats, 29979
peripheral or intra-nucleus accumbens injection of alpha-flupenthixol, testosterone conditioned place preference, male rats, 4239
playground maze, novelty seeking & prediction of individual differences in response to amphetamine, rats in conditioned place preference paradigm, 20310
pre-exposure to ethanol in sensitizing conditioned place preferences toward cocaine & rewarding effects, rats, 4193
prelimbic–infralimbic areas in behavioral flexibility in place & response learning, male rats, 20133
pretreatment with 7-nitroindazole, cocaine-induced conditioned place preference, male mice & wild type vs mice lacking neuronal nitric oxide synthase gene, 4173
proximal & distal cues, spatial memory & spatial orientation in place learning task, 5 vs 7 vs 10 yr olds, 4441
quinine & 4-aminopyridine, conditioned place preference & morphine-induced changes in motor activity, male rats, 23551
reinforcement vs nonreinforcement & place context A vs B & taste aversion conditioning, discriminatory intake of vinegar with vs without lithium vs coffee with vs without lithium, rats, 23206
review of conditioned place preference literature, 1992–1995, bibliography, 352
role of alpha-amino-3-hydroxy-5-methyl-4-isoxazole propionate receptors & effects of antagonists at glycine site of NMDA receptor, amphetamine induced place preference, mice, 26619
SCH23390 vs sulpiride, ethanol induced place preference & its enhancement by mu vs delta opioid receptor agonists, male rats exposed to conditioned fear stress, 33447
social isolation, sucrose solution consumption & metabolism & passage through blood brain barrier of morphine & place preference conditioning, male mice, 26754
spatial blocking of place conditioning measured by water-maze landmark use & escape latency, male rats, 10284
strength of ethanol place-preference conditioning & amount of ethanol consumption, male vs female ethanol-preferring mice, implications for neural system mediation of ethanol reward & motor activity, 20350
time, nonmonotonic changes in context shift effect, male albino Hilltop rats, 3722
trial duration & cocaine dose & genetic differences in sensitivity to & rewarding effect of cocaine, cocaine-induced conditioned place preference, C57BL/6J vs DBA/2J male mice, 36543
Tyr-Pro-Trp-Gly NH2 & opiate agonistic effect on conditioned place preference, male rats, 33463

Place Disorientation—Serials
optic flow perception & performance on spatial navigation task, 19–25 vs 63–81 yr olds vs 60–82 yr olds with Alzheimer's disease, 18430
wandering & becoming lost & relation to institutionalization & cognitive ability, patients with dementia, 5 yr study, 5378

Placebo—Serials
clinician's guide to role of placebos in evaluation of psychiatric drug efficacy, 25210
continuous positive airway pressure treatment vs placebo, sleep indices & mood states, 32–60 yrs olds with sleep apnea, 10 day study, 38437
diagnostic nerve block vs placebo, hypesthesia & pain, 21–77 yr old chronic pain patients with vs without neuropathy, 5783
efficacy & adverse effects of use of placebo in neuropsychiatric clinical trials, 2305
failure of placebo-controlled trials to distinguish between placebo & active drug, consensus meeting of European College of Neuropsychopharmacology, 16425
memory-enhancing vs memory-impairing placebos, delayed free recall, 18–36 yr olds, 26442
need for placebo-controlled trials in psychiatry & alternative approaches to establishing clinical efficacy of pharmacological drugs, consensus meeting of European College of Neuropsychopharmacology, 16426
physical dependence, relative reinforcing effects of caffeine vs placebo, 22–49 yr olds, 663
pill color & size & shape & price & manufacturing location, strength of placebo effect, college students, 29992
placebo treatment vs intermittent photic stimulation & after-image feedback treatment, visual acuity, 14–27 yr olds with congenital nystagmus, 5742
placebo, PMS symptoms, 18–45 yr olds with severe PMS, 34971
pre-administration information about relaxant vs stimulant drug effects, subjective stress & arousal, healthy 19–33 yr olds, implications for placebo response, 600
precision & comparability & suitability of active drug & placebo-subtracted adverse event rates for newer antidepressants, 38326
prior information about relaxant & stimulant properties about drug & placebo & nocebo & other physiological & psychological responses to its administration, 18–38 yr olds, 13733
role of interaction of patient & clinician beliefs in efficacy of healing process in placebo effect in pharmacological & psychological treatment, 34746
sensation seeking & instructions & alcohol vs placebo administration, aggressive response to perceived aggressive vs altruistic action, male college students, 7174
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5598
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5626
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5664

Placebo—Chapters
Clinical hypnosis as a nondeceptive placebo, 8978
Expectation and desire in pain and pain reduction, 31774
Expectations of sickness: Concept and evidence of the nocebo phenomenon, 30593
Hope as a psychotherapeutic foundation of common factors, placebos, and expectancies, 12072
I shall please: The mysterious power of placebos, 34756
Is the placebo effect dependent on time? A meta-analysis, 31413

Placement (Educational) [See Educational Placement]
Placement (Personnel) [See Personnel Placement]

Placenta—Serials
association of impaired uteroplacental circulation & neuromotor development, neonates with intrauterine growth restriction, 4–12 mo follow up, 18258
radiolabeled corticotropin-releasing factor & placental transfer & gestational stress, offspring development, pregnant rats, 4085

Planned Behavior—Serials
agentic psychology model based on the paradigmatic repositioning of the theory of planned behavior, 37142
attitudes & temporal stability of intentions, moderation of intention–behavior & past–future behavior relationships, college students, 6-wk study, 20940
attitudinal & behavioral factors associated with planning & successful avoidance of drunk driving, 21–35 yr old males who consume alcohol & live in high risk areas for traffic fatalities, 21331
comparison of theories of reasoned action & planned behavior to explain student study behavior during final exams, 17–25 yr old freshman students, 9530
effectiveness of instruction for planning strategies to improve writing, 10.4–11.8 yr olds with learning disabilities, 9559
empirical adequacy of theory of planned behavior in Pap smear use intentions, 18–83 yr old African American vs Latina females, 28637
exercise attitudes & subjective norms & perceived behavioral control, 53–84 yr olds, application of theory of planned behavior, 8990
planned behavioral approach to self efficacy & perceived control in eating low fat diet, 17–55 yr olds, 11189
predictive validity of theory of planned behavior & self-identity & impact of questionnaire format & social desirability, health-related food choice intentions, 14–67 yr olds, 32696
self concept & attitudes & intentions & planned behavior & peer pressure & social norms & dimensions of habit, marihuana/cannabis usage, 17–59 yr old college students, 3-mo follow-up, 27843
sex, self-efficacy & application of theory of planned behavior in career decision-making process & willingness to pursue sex-atypical careers, 5th-form students, 38940
social & demographic variables & nicotine dependence & constructs of planned behavior theory, prediction of smoking cessation during pregnancy, pregnant females , 27197
theory of planned behavior & environmental knowledge & past behavior, prediction of wastepaper recycling intention & reported behavior, college students , 32441
theory of planned behavior & perceived moral obligation & perceived water right as predictors of intention to conserve water, government employees, 32445
theory of planned behavior & perceived susceptibility & past cessation attempts, 19–69 yr smokers attending health promotion clinics, 6 mo followup, 7769
theory of planned behavior in group cohesion & attitude & control beliefs toward exercise, older adults (mean age 67 yrs), 4 wk study, 27283
theory of planned behavior model & attitude & social norm & perceived behavioral control & habit, prediction of exercise, 65–70 yr old military beneficiaries, 5801
theory of planned behavior model of breastfeeding variability, mothers, 7694
theory of planned behavior prospective approach to prediction of intention & motivation to exercise, postsurgical colorectal cancer patients (mean age 60.8 yrs), implications for rehabilitation , 11848
use of theory of planned behavior in assessment of predictive validity & causal ordering for intentions & attitudes & behavior & perceived control, 20–64 yr old hospital workers, 3 mo study, 16296

Planning (Management) [See Management Planning]
Plasma (Blood) [See Blood Plasma]

Plastic Surgery—Serials
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, commentary reply, 5716
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, commentary, 5711
psychological distress pre- vs post-rhinoplastic surgery in male vs female patients with functional vs aesthic motivation, 5 year follow-up, 38401
psychological distress pre- vs post-rhinoplastic surgery in male vs female patients with functional vs aesthic motivation, 38400

Plastic Surgery—Books
Creating beauty to cure the soul: Race and psychology in the shaping of aesthetic surgery, 5717

Platelets (Blood) [See Blood Platelets]
Play [See Recreation]
Play (Animal) [See Animal Play]
Play Behavior (Childhood) [See Childhood Play Behavior]
Play Development (Childhood) [See Childhood Play Development]

Play Therapy—Serials
application of narrative therapy techniques to Adlerian play therapy, 10 yr old female with problems related to perfectionism & school attendance, 34777
child centered theory in dynamics of revictimization patterns & play therapy, children from violent families, implications for play therapists, 34817
child-centered play therapy intervention, classroom learning behavior & self efficacy beliefs, 5–9 yr olds, 12743
child-centered vs Adlerian play therapy for children in counseling, 34790
consultations with school & family & phases of Adlerian play therapy, preadolescent boy experiencing trauma in home environment & school problems, 34814
effectiveness of filial therapy, nonoffending parents (24–56 yrs old) of sexually abused children (4–10 yrs old) , 34776
integration of Crucial Cs addressing child's needs into phases of Adlerian play therapy, 34789
integration of play therapy & transactional analysis, 24969
play therapy with sand & art & clay work, coping with loss or death of parent, 7.1 & 9.2 yr old males, 2435

play therapy, children who have experienced emotional deprivation, implications for occupational therapy, commentary, 34778
play therapy, children who have experienced emotional deprivation, implications for occupational therapy, 21693
play therapy, children who have experienced emotional deprivation, implications for occupational therapy, commentary reply, 34806
play therapy-related individual & family & community-level interventions, children exposed to violence & at risk for posttraumatic stress disorder, 34819
play-based family therapy, internal & external influences & child adjustment & mother–child relationship, preschoolers who have witnessed female abuse & their mothers, 34897
therapeutic principles of play therapy & the therapeutic use of story, 6 yr old boy with behavioral problems, 34773
training in use of Kinder therapy based on filial & Adlerian play therapy principles, student classroom behavior & teacher attitudes & interaction with students, kindergarten teachers, 35579
use & utility of child-centered play & filial therapies, Head Start families, 18605
use of children's drawings of early recollections in Adlerian play therapy, 34810
use of play & art therapy, adults in substance abuse treatment with history of incest victimization, 25524
Play Therapy—Books
Play therapy with children in crisis: Individual, group, and family treatment (2nd ed.), 34829
Play Therapy—Chapters
Child protection: Facing up to fear, 21682
The child witness of parental violence: Case of Michael, age 4, and follow-up at age 16, 34863
Childhood cancer and the family: Case of Tim, age 6, and follow-up at age 15, 34841
Cognitive-behavioral play therapy, 38081
HIV/AIDS in the family: Group treatment for latency-age children affected by the illness of a family member, 34906
Individual psychotherapy and the use of play with children, 2259
Listening to children through play, 21991
Multiple traumas of refugees—Near drowning and witnessing of maternal rape: Case of Sergio, age 9, and follow-up at age 16, 34834
Persistent and chronic neglect in the context of poverty—When parents can't parent: Case of Ricky, age 3, 34861
Play therapy crisis intervention with children, 34862
Play therapy, 21726
School-based peer therapy to facilitate mourning in latency-age children following sudden parental death: Cases of Joan, age 10 1/2, and Roberta, age 9 1/2, with follow-up 8 years later, 35581
Unresolved conflicts in a divorced family: Case of Charlie, age 10, 34855
Using play therapy to assess family dynamics, 38177
Witness and victim of multiple abuses: Case of Randy, age 10, in a residential treatment center, and follow-up at age 19 in prison, 35268
Playgrounds—Serials
age & sex & race & group size & playground area, interactions on elementary school playground, 1st & 2nd & 5th & 6th graders, 15977
free play behavior on school playground before vs after availability of TV, aggression, 3–8 yr olds, St. Helena, 1994–96, 4468
playground behavior & social preference & bullying & victimization, 8–9 yr old males & females, 27030
playground design, play behaviors & peer relationships, 2nd graders with high vs low physical competence, 20546
Pleasure—Serials
approach-avoidance & pleasure & arousal & dominance, consumer behavior, 20–50 yr olds , 3171
caffeine, arousal & feelings of pleasantness & learning & memory, undergraduates (mean age 21.47), 30010
chocolate pudding sugar & fat content, perception of sweetness intensity & pleasantness & caloric density & fillingness & hedonic responses, females , 3437
cutting graphic violence from films, self-reported enjoyability & perceptions of violence & anxiety, male vs female undergraduates, 37102
effect of choice on cognitive & affective engagement during reading, college students, 9529
ethanol-drinking entrainment & food restriction & metyrapone vs exogenous corticosterone, ethanol palatability & hedonic taste reactivity as positive alliesthesia measures, adrenalectomized male rats, 33039
experiences of pleasure in working with severely disabled children, music therapist, 22002
forbidden desires & pleasure of wishful thinking to anhedonia, construction of schizophrenia, 11417
hedonic & perceptual responses for correctly vs incorrectly identified yogurts, 21–68 yr old females, implications for consumer behavior, 29474
individual differences in interpretation of term palatable based on food intake & ratings, 17–56 yr old males, 30533
psychological correlates of state & trait flow, nonelite Masters athletes aged 25 yrs & older, 9657
psychosocial rehabilitation & promotion of enjoyment & self-esteem through work rehabilitation, clients with enduring mental health problems, 9268
regulatory focus theory vs pleasure seeking/pain avoiding theory & motivation, commentary, 7942
theory of flow & optimal experiences for facilitation of optimal performance in occupational therapy, 19104
Pleasure—Books
Three seductive ideas, 802
PMS [See Premenstrual Tension]
Pneumonia—Serials
level of knowledge & understanding of AIDS-related Pneumocystis Carinii Pneumonia treatment therapy, male heterosexual vs nonheterosexual prisoners with HIV , 38432
on pneumococcal immunization low-literacy educational brochure, patient participation in health-care & patient–physician communication, inner-city elderly African Americans (mean age 63 yrs), 35129
Poetry—Serials
aesthetic value & rhythm & universality & cathartic characteristics of poetry & use in psychotherapy, 24960
comprehension & interpretation of haiku, college students, 33521
function of works of Sylvia Plath in providing fantasy space for readers to project their desires, 33531
H. Werner & B. Kaplan's developmental theory of language as alternative to G. Lakoff's theory of embodiment, applications to modernist poetry, 33520
level of expertise, constructing meaning when reading poetry, PhD English candidates vs undergraduates or advanced high school students, 240
mental imagery, interpreting poetic metaphor & image metaphor, undergraduates, 29556
phenomenological presentation of self-portraits & poetry, 41-yr-old female who self-mutilates, 30843
poetic construction of selfhood & relationship between narrative & self & cultural dimension of personal experience, 14356
theme of death in poetry of E. Dickinson, 7279
Poetry—Chapters
Nursery rhymes and socialization, 36719
Seventeen syllables for the self, 20405
Poetry Therapy—Serials
neuropsychological bases of creativity & assumptions of induced recall of poetry & prose as psychotherapeutic treatment, 2432
use of isoprinciple in poetry therapy to treat jealousy, Paulina in Shakespeare's "A Winter's Tale", 22000
Poisoning [See Toxic Disorders]
Poisons [See Also Neurotoxins]—Serials
9-hole vs Skinner box, choice RT task, male rats with quinolinic acid injected into 2 sites in striatum, 3821
acute low dose sarin, EEG & erythrocyte cholinesterase & neuropsychological behavior, common marmosets, 23565
Botulinum Toxin Type A, tension type & migraine headaches, 32–49 yr old patients with chronic daily headache with migraine features, 28603
exposure to 2,3,7,8-polychlorinated dioxins & furans, risk of sensory neuropathy, 24–81 yr old dioxin-exposed workers with vs without chloracne, 29168
exposure to poisoned conspecific, food choice, female rats, 3658
fat vs carbohydrate vs protein diet & diet-induced obesity & TCDD-induced wasting syndrome, TCDD-sensitive vs resistant rats, 13651
interleukin & tumor necrosis factor alpha, feeding responses to lipopolysaccharide & influenza, male mice, 33356
intraperitoneal endotoxin injection in abdominal vagus nerve, cytokine interleukin-1beta, rats, implications for vagally mediated immune-to-brain communication, 20101
lipopolysaccharide immune stimulation, induction of Fos expression in brainstem amygdala afferents, rats , 17110
neurologic & neurophysiologic & neuropsychological & biochemical diagnostic tests to assess effects of exposure to chemical neurotoxins, neurologists, implications for deposition or testimony, 22306
sleep & sleepiness during daytime, 23–37 yr olds injected with Salmonella abortus equi endotoxin, 3996
stimulation with staphylococcal enterotoxin B, corticotropin releasing hormone & mRNA, male mice, implications for autoimmune reactivity & emotionality, 20241
toxins in environment, cognitive & language structure development, 5–6 yr olds, 34528
Poisson Distribution [See Skewed Distribution]
Poland—Serials
current prevalence of mental disorders, 60–83 yr olds who were political prisoners in 1944–1955, Poland, 14451
issues related to design & development & assessment of mental health care system for children & adolescents, Poland, 15464
P. F. Lazarsfeld's sociointellectual biography, impact on Polish sociology, 1040
socioeconomic preferences after transformation period, Poles, 30275
tempo of maturation, females from dysfunctional families, Poland , 30125
Poland—Chapters
Mistrusting civility: Predicament of post-communist society, 4561
Therapeutic communities as a major response to drug abuse in Poland, 5972
Police Interrogation [See Legal Interrogation]
Police Personnel—Serials
awareness of police officer & suspect movements & suspect credibility during interview, college students & police officers, 13015
civil liability, police personnel engaging in sexual violence, 26064
cognitive interview &/vs conversation management training, perceived quality of perpetrator descriptions, police officers, 32559
detection of alcohol & estimation of blood alcohol concentration from breath odor, police officers evaluating Ss with varying blood alcohol concentrations, implications for evaluation of drunk drivers, 16283
effect of police cautioning & criminal careers, males born in 1952–54 vs 1959–60, England , 24561
etiology & processes of law enforcement corruption, police officers, commentary reply, 19546
etiology & processes of law enforcement corruption, police officers, commentary, 19545
factor analytic approach to types of interview tactics used to elicit confessions of serious crimes & likelihood of court ruling of inadmissibility, police officers, 39097
feasibility of expanding role to include routine detection of & brief intervention with alcohol misusers in police custody, forensic medical examiners, 9233
frustration & negative cue model of unfavorable police treatment of other race persons, 35835
issues in police sub-culture, 22807
legal processes & cutting score strategies for physical agility performance tests used for personnel selection, male vs female police & fire fighter personnel, 26239
lie detection, law enforcement officials vs clinical psychology professionals, 24406
male vs female perpetrator & perceived seriousness of child sexual abuse case, male vs female 30–44 yr old social workers & police personnel, 8265
New York's "zero-tolerance" vs San Diego's community policing strategy, crime rates & citizen complaints, 22805
police-citizen contact type & police officer attitudes, use of discretion in dealing with mentally ill individuals, 16287
policy & police race relations, England, 6503
practices & perceptions & attitudes about enforcement of impaired-driving laws, police officers, Canada, 29286
prevalence & effect of traffic police presence on unsafe bus driving & stopping & passenger embarking & disembarking behaviors, bus drivers & passengers at city intersections, Pakistan, 26010
process evaluation of effectiveness of Gang Resistance Education & Training program in training noneducators to deliver curriculum to 7th graders, law enforcement officers, 2872
reciprocity with civilians & colleagues & police organization & burnout & attitudes toward & use of strategies in management of interpersonal conflicts, police officers, 26063
sequential identification lineup vs alternative identification procedures with police officer vs witness controlling the identification pictures, false-positive choices, students, 22796
type & severity & frequency of spouse & child abuse, overlap between referrals to police child protection units & domestic violence units, children & adults, 22168
understanding of police caution, A-level university students (aged 16–19) vs general population (aged 21–59) vs police officers (aged 21–50), England & Wales, 3226
use & perceived forensic effectiveness of cognitive interview, police officers, 32558
use of mental health professionals in police investigations for suicide prevention, 5468
willingness to & reasons for not reporting crimes & attitudes toward police, crime victims, Serbia, 16284
Police Personnel—Books
Police trauma: Psychological aftermath of civilian combat, 29287

Police Personnel—Chapters
Assessment, conceptual and methodological issues in researching traumatic stress in police officers, 29295
Chronic exposure to risk and trauma: Addiction and separation issues in police officers, 29296
Coping effectiveness and occupational stress in police officers, 29297
A current view from the UK on post incident care: "Debriefing," "defusing" and just talking about it, 29294
Death on duty: Police survivor trauma, 29300
Effects of exposure to violence in South African police, 27739
Finding meaning in police traumas, 27737
Intergenerational legacies of trauma in police families, 29289
The police and the mentally disordered in the community, 37616
Police compassion fatigue (PCF): Theory, research, assessment, treatment, and prevention, 29291
Police officers and violent crime: Social psychological perspectives on impact and recovery, 29293
Police psychological burnout and trauma, 29288
Police suicide: The ultimate stress reaction, 27833
Post-intervention strategies to reduce police trauma: A paradigm shift, 29290
Supervision in uniformed settings, 25653
Trauma in police work: A psychosocial model, 27741
Trauma of world policing: Peacekeeping duties, 29292
Vulnerability to psychological disorder: Previous trauma in police recruits, 27740
Policy Making [See Also Government Policy Making, Health Care Policy]—Serials
ability to future sketch & provide multi-attribute evaluation, preference ordering of traffic policy scenarios, citizens, Netherlands, 19836
alcohol policy analysis & alcohol policy actors in Hungary, 8743
American Society of Addiction Medicine programs as national response to challenges of managed care, 22254
analysis of court rulings & policies & professional educational programs, individuals with disabilities , 19525
application of strategic decision making model to implementation of smoking ban, employee perceptions, personnel, 1 yr followup, 35671
artificial intelligence & corporate systems model of effects of managerial cognition & group decision making processes on policy formation in complex organizations, 32359
assessment of disability & capacity for rehabilitation, aged, implications for public policy, 9930
attitudes toward smoking & smoking restrictions, Navy personnel, Norway, 33849
California smoking ordinances restricting smoking, worksite smoking policies & exposure to workplace environmental tobacco smoke, 18–45+ yr old nonsmoking indoor workers, 29167
challenge for health public policy makers in face of managed care, 22125
company policy of openness vs closedness, management of organizational change, 32388
critique of recent service-intensive shelter programs & policies & impact on depression, homeless mothers, 15517
development & use of alternate assessments for students with disabilities, implications for state policy making, 6669
elite model of power & influence in Australian health policy agenda setting, 15697
established family behavior patterns & elder & caregiver characteristics & nursing home policies & practices, expected vs actual involvement in nursing home, family members of nursing home residents, 31989
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, commentary, 33807
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, 33801
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, commentary, 33805
life experiences & prevalence & life expectancy & early aging & changes in social policy & needs & expectations, individuals aging with intellectual disabilities, Canada, 1886
media attention & social institutional response, drunk driving behavior, 1978–96, 30115
need for research in service planning & policy making for patients with dementia, UK, 15484
options for & characteristics & decision making model of quality child care policies, 7697
organizational human resource development policies, human resources personnel, 3058
overview of current Spanish educational legislation in relation to academically highly able pupils, 9561
overview of simulational games for policy development & organizational change, review of articles selected for publication in special issue of Simulation & Gaming: An International Journal, 9629
perceived effect of restaurant smoking ban on dining out experience, 15 yr olds & older, 31844
policies & practices in teacher education & professional development in Malaysia, 1979–97, 15850
policy & police race relations, England, 6503
policy & resource & private company–public service issues in provision of all-age career guidance, UK , 12791
policy for providing drug prevention programs in multicultural communities, 15453
policy iniatives for improving mental health services to ethnic minorities, Australia, 35199
policy theories of school choice, commentary, 2809
policy theories of school choice, commentary, 2823
psychological contributions to judicial sentencing policy, 32541
reliance on efficacy & effectiveness research in psychotherapy for managed care policy decisions on treatment duration & therapist qualifications, 5848
research on & attempted reform of the insanity defense, 16280
research on & attempted reform of the insanity defense, errata, 29264
role of families & consumer attitudes in managed mental health care policy-making in public sector, 28674
school choice options & policies, tradeoffs among liberal goals of equality of educational opportunity & social diversity & parental rights & relation to student academic outcomes, 2812
school choice options & policies, tradeoffs among liberal goals of equality of educational opportunity & social diversity & parental rights & relation to student academic outcomes, commentary reply, 2811
teacher & school effectiveness & literacy policies & standards, 6102
theories & methodologies in strategic management & organizational economic policy making, 29099
World Wide Web sites for alcohol policy & education & research in college environments, 31841
written substance abuse policies, large teaching hospitals, 14746
Policy Making [See Also Government Policy Making, Health Care Policy]—Books
Children, child abuse and child protection: Placing children centrally, 31966
Implementing sexual harassment policy: Challenges for the public sector workplace, 11574

Politicians—Chapters
The delegates' experience, 33815
A profile of Mikhail Gorbachev: Psychological and sociological underpinnings, 30279
Revisiting John Dean's memory, 16675
Politics [See Also Political Attitudes, Political Candidates, Political Issues, Political Participation, Political Parties, Political Processes]—Serials
cultural & political & legal factors in & government & grassroot responses to domestic violence, Chile, 11547
electoral competitiveness & voting decision in Senate elections, voters, 1988 & 1990 & 1992, 1158
examination in organizational & personal & job & environment influences, Perceptions of Organizational Politics Model, government agency & utility cooperative employees , 16113
group fantasy of peace & prosperity & politics of unreality during presidential years of W. Clinton, 1149
historical & political events & changes in subject of delusions, patients with endogenous psychoses, 1910–20 vs 1930–40, 34154
influence of religion on politics & family & health & free space & social capital, 36925
knowledge of mainstream culture & politics, power, 10948
leader personality, bureaucratic politics & government policy-making, Vietnam war decision-making in 1965 & 1968, 17510
linkages between spirituality & psychotherapy & politics, 5516
links between feminist & disability movements & evaluation of feminist disability politics & its contribution to disability theory, disabled females, 34564
model of circulation of corporate control, selection of CEOs as political & ideological struggle, large US manufacturing firms, 38981
necessity for politically oriented systemic family interventions, 21795
necessity for politically oriented systemic family interventions, commentary, 21790
politics & spirituality & culture of therapy, 38029
race & rhetoric & politics of commemoration in symbolic career of revolutionary hero Crispus Attucks , 22812
role of personal power & influence & organization politics in & dynamic of grievance resolution, grievance cases in steel plant, 16147
social problems & movements & symbolic politics as part of state transformation theory & trust issue in Progressive Era, 4552
theories & urbanism & metropolitan development & identity politics & social psychology based research in religious based efforts of metropolitan organization, US, 23848
use of simulation modeling in political science in context of social choice theory & individuals & international relations & prisoner's dilemma game & multiperson interaction, 26281
world system & moral & political conclusions about its future, 1066
Politics [See Also Political Attitudes, Political Candidates, Political Issues, Political Participation, Political Parties, Political Processes]—Books
Chomsky: Ideas and ideals, 36682
The Columbia reader on lesbians and gay men in media, society, and politics, 33844
Power in the blood: A handbook on AIDS, politics, and communication, 8567
The psychology of politics, 7725
Politics [See Also Political Attitudes, Political Candidates, Political Issues, Political Participation, Political Parties, Political Processes]—Chapters
Concept formation of war and peace: A meeting point between child development and a politically violent society, 27018
Cultural diversity and multicultural politics: Is ethnic balkanization psychologically inevitable?, 27168
Cultural socialization and conceptions of war and peace: A cross-national comparison, 26960
If politics is a game, then what are the rules?: Three suggestions for ethical management, 6298
Inclusion practices in Canada: Social, political, and educational influences, 2986
Mental health policy making in the intergovernmental system, 18947
Organizational politics: The state of the field, links to related processes, and an agenda for future research, 29156
Political information, 9864
Political rhetoric, 4379
Psychotherapeutic work with child and adolescent refugees from political violence, 34333
(Queer) youth as political and pedagogical, 6111
Scapegoating and political discourse: Representative Robert Dornan's legislation of morality through HIV/AIDS, 8571
Treating the new world disorder, 1046
Veiled politics: Bankruptcy as a structured organizational field, 29153
We the people: The contours of lay political discourse, 33814
Pollution—Serials
delayed auditory & visual evoked potentials & neuropsychological performance, prenatal exposure to seafood pollutant methylmercury, 6.4-7.4 yr olds, 34529
shallowness & procorporate bias in newspaper coverage of greenhouse effect & other environmental issues, biospheric implications, 35764
trends in pollution-associated blood lead levels & epidemiology & prevention of developmental disabilities, preschool children, Australia, 31037
Polydipsia—Serials
change from clozapine to olanzapine treatment, male patients (mean age 40.8 yrs) with refractory schizophrenia & self induced water intoxication, 28467
clozapine, hypoosmolemia & hyponatremia, polydipsic male 33–57 yr old inpatients with schizophrenia, 24-wk study, 11404
diagnosis & management of primary & drug-induced disorders of water homeostasis, psychiatric patients, 8948
MRI changes during water loading, male schizophrenic patients with polydipsia & intermittent hyponatremia, 24272
prevalence & presentation & etiology of polydipsia, 21–65 yr olds with learning disabilities, 11711
propranolol, polydipsia, inpatients with schizophrenia, 8915
self-induced water intoxication & severity of psychotic & other psychiatric symptoms, community-dwelling patients with severe mental illness, 8071
somatic delusions & psychogenic polydipsia, 25 yr old female with HIV, 14973
urine specific gravity, incidence of polydipsia & hyponatremia, hospitalized patients with schizophrenia, 34162
Polydrug Abuse—Serials
cognitive efficiency as measured by short-term memory & spatial orientation & visual-spatial perception & problem solving, alcohol &/vs polydrug abusers, 1797
decrease in illicit market availability of temazepam gel-filled capsules, polydrug-using repertoires, individuals addicted to opiates, 24522
flupenthixol &/vs quadazocine, self administration of cocaine & heroin speedballs, rhesus monkeys, implications for polydrug abuse treatment, 33450
heroin & cocaine usage patterns, methadone patients, 1792
motivational profiles & validity of profiles & stages of change, adult polysubstance-dependent patients vs alcohol-dependent patients, 21307
psychosocial disturbance & polysubstance history, 23–61 yr old males in domestic violence treatment, 30870
theories & predictors & consequences of polydrug problems & psychological distress, 28–32 yr olds, 4 yr study, 27872
Polydrug Abuse—Chapters
Controlled laboratory studies on the effects of cocaine in combination with other commonly abused drugs in humans, 5117
Special problems of the alcohol and multiple-drug dependent: Clinical interactions and detoxification, 5114
Treatment of multiple drug abuse in the methadone clinic, 18583
Polygamy—Serials
evolution of extreme polyandry, honeybees, 16804
forced copulation, extrapair fertilizations, Ross's & lesser snow geese, 19979
male- vs female-initiated sex events & copulation patterns, polyandrous groups vs monogamous pairs of jacanas, 29712
methodological & metatheoretical analyses of Tibetan polyandry, 1039
multiple paternity & queen number & mating frequency, ants, 16849
paternal behavior & aggression & arginine vasopressin distribution, monogamous California vs polygamous white-footed mice, 29924
prevention of female aggressiveness, male polygyny, pied flycatchers, test of female aggression hypothesis, 23261
Polygraphs—Serials
due process rights & admissibility of polygraphic evidence in military criminal Court Martial, 19532
Polygraphs—Chapters
Polygraph (''Lie Detector'') testing: The state of the art, 9732
Polyphagia [See Hyperphagia]
Pons [See Also Raphe Nuclei]—Serials
application of irritant chemicals to oral or ocular mucosa, activation of neurons in trigeminal subnucleus caudalis, anesthetized rats, 3828
bombesin injections into lateral parabrachial nucleus vs ip vs 4th ventricular routes, salt intake, area postrema-lesioned rats, implications for sites of antinatiorexic activity, 650
cerebellar interpositus nucleus & lateral pontine nuclei neuronal activity during conditioned inhibition of eyeblink response, male rats, 33203
distribution of immunoreactivity & role of mu-opioid receptors in amygdaloid projection neurons in parabrachial nucleus, male rats, 29776
effects of selective 5-HT1D receptor agonist PNU-109 291 on electrically induced dural plasma extravasation & capsaicin-evoked c-fos immunoreactivity within trigeminal nucleus caudalis, guinea pigs, 29986
etiology of anosognosia for hemiplegia, 4 51–81 yr olds with pontine infarction, 31216
generalized tonic–clonic seizures, expression of Fos in dorsal pons & neuroanatomy, rats, 3838
hippocampal theta & irregular field activity, pontine neuron cell firings, male Long Evans rats, 36488
lesions of spinal trigeminal subnucleus vs rostral subnucleus caudalis, behavioral responses to formalin injection into lip vs electrical stimulation of tooth pulp, male rats, 3880
losartan, lateral parabrachial nucleus injected methysergide enhanced salt & water intake, male rats, implications for mediating role of angiotensin Type 1 receptors in subfornical organ, 4217
mu-opioid & nicotinic cholinergic mechanisms in pedunculopontine tegmental nucleus, male rats, 33381
pedunculopontine tegmental nucleus lesions, level of incentive value of reward & reward strength differentiation & response to changes in reward strength, male rats, 29837
trigeminal neuralgia triggered by auditory stimuli to right ear & pathophysiological mechanisms, 27 yr old male with multiple sclerosis, 31241
Popularity—Serials
peer perceived vs sociometric popularity, 4th–5th graders, implications for predictive utility of classification type, 20580
stereotypes of popularity & unpopularity, 4th & 5th graders, 941
Population [See Also Overpopulation, Population (Statistics)]—Serials
analysis of population growth & deforestation, Costa Rica, 1973–1983, 3194
attachment theory & fertility & mortality rates, cross cultural variation in mother–infant attachment as socioecological adaptation, 27208
behavior, fertility, queenless gamergate ants living in high vs low populated nests, 16990

impact of gender & schooling & culture on birth control & population knowledge & attitudes, secondary school students, Colombia vs Costa Rica & Peru, 974
natural resources & human consumption & sustainment of human life as factors in analysis of optimum population size for North & Latin America, 3193
Population [See Also Overpopulation, Population (Statistics)]—Chapters
Drug use among the institutionalized population, 12005
Global health, population growth, and United States policy, 28277
Science and polemics on population, 27115
Population (Statistics) [See Also Statistical Samples]—Serials
census as focus of cultural & political debates & symbol of fundamental social changes in distribution of power & public money, 11055
formula-based vs traditional empirical vs equal weights procedures, accuracy of population validity & cross-validity estimation, 19669
levels-of-analysis framework on best estimates of population correlations & use of meta-analytic results in organizational behavior, 22668
measurement bias & fluctuating asymmetry estimates in evaluation of environmental or genetic variation in population or individual quality, 9961
method for estimating population prevalence of serious emotional disturbance, children & adolescents, 6690
personality typology approach, populational psychophysiological potential, adult workers, 34006
population, howler monkeys & dung beetles in isolated rain forest fragments & agricultural habitats, implications for rain forest regeneration, 32442
statistics for composite distribution of 2 populations with known distributions, 13123
Population (Statistics) [See Also Statistical Samples]—Chapters
Comparing and integrating findings across populations, 11653
Population Characteristics [See Demographic Characteristics]
Population Control [See Birth Control]
Population Density [See Social Density]
Population Genetics—Serials
genetic similarity within & between lek sites, peacocks, 33143
Population Shifts [See Human Migration]
Pornography—Serials
alcohol consumption & hypermasculinity, empathic response to female victim in violent pornography, males (aged 21–45 yrs), 24034
availability of pornography, rape & sexual assault & public indecency, 1972–1995, Japan, 14793
early attachment experiences & sexuality-related indices, male vs female pornography readers vs nonreaders, application of life history theory, 27083
exposure to Internet pornography & individual differences, attitudes towards women, male college students, 30352
therapeutic use & usefulness of sexually explicit materials in work with clients or students, mental health & health professionals, US vs Slovak vs Czech Republic, 19186
Porphyria—Serials
use of olanzapine to treat mental status changes, 23 yr old patient with hereditary coproporphyria, 35108
Porpoises—Serials
echolocation target detection ability, stranded male harbor porpoise, 16732
Portugal—Serials
issues in Portuguese child labor exploitation in textile industry, 12–14 yr olds, Portugal, 4400
recall vs cued recall vs recognition in assessment of rate of forgetting of Portuguese literature vs geography, 9th vs 12th graders & 8th vs 11th vs 12th graders, 3 & 4 yr followups, 2920
Portugal—Chapters
Building a drug treatment system in postrevolutionary Portugal, 5945
Family therapy in Portugal and the U.S.: A culturally sensitive approach, 21815
Positive and Negative Symptoms—Serials
atypical hemispheric asymmetry & relationship between schizophrenia symptoms & global–local processing efficiency, 27–52 yr old schizophrenic males, 27668
bipolarity of positive & negative affect & theoretic correlational model goodness of fit, commentary reply, 30519
bipolarity of positive & negative affect & theoretic correlational model goodness of fit, commentary, 30530
bipolarity of positive & negative affect & theoretic correlational model goodness of fit, 7933
Choice of rating scale & data analysis & data reduction, conclusions regarding negative symptoms, patients (mean age 32 yrs) with schizophrenia, 32762
clinical & neurobiological evidence for hypothesis that schizophrenia involves limited neurodegenerative process with psychotic symptoms that is most active in early stages, 34172
clinical experience & previous rater training, agreement in positive and negative symptoms before and after Positive and Negative Symptom Scale rater training, psychiatrists, 22337
clozapine vs haloperidol, negative symptoms & deficit syndrome, patients with refractory schizophrenia, longitudinal study, 8940
comparison of primary negative symptom profiles on vs off antipsychotic drug treatment, physically healthy schizophrenic males ages 20–63, 14556
CSF glutamate concentrations & positive & negative & total symptom severity, 25–54 yr old unmedicated male inpatients with schizophrenia or schizoaffective disorder, 11412
D-cycloserine with neuroleptics, negative schizophrenic symptoms & cognitive ability & chemistry levels, inpatients & outpatients with schizophrenia (mean age 44.1 yrs), 12176
D-cycloserine, negative symptoms, schizophrenic outpatients being treated with clozapine, implications for role of glycine recognition site of NMDA receptor in action of clozapine, 13 wk study, 15294
disorder onset & depressive & negative symptoms & social development & emergence of social consequences, adults with schizophrenia, retrospective & 5 yr prospective studies, 34158
distinction between & changes in primary & secondary negative symptoms, 24161
efficacy & safety & tolerability of remoxipride vs haloperidol, 18–65 yr old schizophrenic patients with predominant negative symptoms, 18702
efficacy & safety & tolerability of remoxipride vs haloperidol, 18–65 yr old schizophrenic patients with predominant negative symptoms, erratum, 38268
efficacy & safety of low dose amisulpride, schizophrenic patients with predominately primary negative symptoms, 17904
efficacy of glycine agonists with conventional drug therapy on symptoms of schizophrenia & role of NMDA hypofunction in pathophysiology of schizophrenia, 12166
electrodermal non-response & negative symptoms, 16–60 yr olds with acquired brain injury, 28119
evolution of positive psychopathological symptoms, patients with schizoaffective and paranoid schizophrenia, 37371
factor structure & validity & reliability of French-language version of Positive and Negative Syndrome Scale, Ss with schizophrenia (mean age 36.8 yrs), 32644
factor structure of psychotic symptoms assessed by Scales for Assessment of Positive & Negative Symptoms, psychotic inpatients (mean age 36 yrs), 29387
factors of subjective experienced deficits & negative & positive symptoms, 18–66 yr olds with schizophrenia, 8143
flexible dose risperidone treatment, Positive & Negative Syndrome Scale scores, outpatients with schizophrenia, 8-wk study, 8878
frequency of negative symptom occurrence during 1st hospitalization, number of rehospitalizations & duration & quality of remission, schizophrenic patients, 5 yr followup, 14531
functional role of antipsychotic S 16924 in control of positive & deficit-cognitive symptoms of schizophrenia in various experimental paradigms, rats, comparison with clozapine & haloperidol, 4220
high dose glycine with neuroleptics, negative symptoms & blood physiological correlates, inpatients with treatment-resistant schizophrenia (mean age 38.8 yrs), 12185
interpersonal competence & coping & emotional support & psychiatric symptoms & demographics, older schizophrenia patients mean age 58.8 yrs, 34190
moclobemide & antipsychotic drug treatment, negative symptoms, adults with schizophrenia, 31691
neurocognitive correlates of positive & negative syndromes, adult patients with schizophrenia, conference presentation, commentary & commentary reply, 1620
neurological models & neuroleptic treatment, negative symptoms of schizophrenia, 5625
nicotine & caffeine & alcohol use, positive symptomology of schizotypy, undergraduate student smokers vs nonsmokers, 21145
NMDA partial agonist D-cycloserine in addition to typical antipsychotics, 18–60 yr old chronic schizophrenic patients with negative symptoms, 28508
P300 subcomponent abnormalities & relationship with positive & negative schizophrenic symptoms, patients with schizophrenia, 11413
perceived needs & negative symptoms, patients with chronic schizophrenia, 4938
positive & negative symptom correlates of prepulse inhibition deficits, 21–57 yr old male schizophrenic patients, 17899
positive & negative symptoms & psychiatric hospitalization & employment status & social adjustment, community mental health center outpatients, 18953
positive & negative symptoms & relative regional cerebral perfusion, 20–41 yr old antipsychotic-naive patients with schizophrenia or schizophreniform disorder, 30734
positive & negative syndrome dichotomy vs tripartite syndrome models of psychopathology in schizophrenia & quantified EEG findings & symptomatology, 16–65 yr olds with schizophrenia, 37366
quetiapine treatment of quetiapine, 34yr old man with chronic paranoid schizophrenia, 38306
recognition memory patterns for words & faces, male vs female schizophrenia patients with active vs withdrawn syndromes vs who were in symptom remission, 24258
reduction in positive & negative & depressive & manic symptoms, improvement in service use & disability & subjective outcomes & self-harm, 16–65 yr old patients with chronic psychotic illness, 37392
relationship between anhedonia & depression, patients with major depression &/or deficit schizophrenia, 27535
risperidone treatment for exclusively negative symptoms, 31 yr old male schizophrenic, 12199
role of cholinergic system in pathophysiology & therapeutics of positive & negative symptoms, patients with schizophrenia, 14586
safety & efficacy of amisulpride, schizophrenic patients with predominance of positive or negative symptoms, 34965
safety & efficacy of olanzapine vs haloperidol, adults (mean age 28 yrs) with first-episode psychosis , 8943
selegiline augmentation to antipsychotic treatment, negative symptoms & overall functioning, 40 & 41 & 61 yr old patients with schizophrenia in continuing day treatment program, 15299
sertraline added to haloperidol treatment, positive & negative symptoms & pharmacokinetic interactions, inpatients with schizophrenia, 2356
spatial working memory & clinical symptoms of schizophrenia, acutely psychotic schizophrenia patients (mean age 34.8 yrs), 4 mo followup, 30741
stability of deficit syndrome diagnosis, outpatients with schizophrenia or schizoaffective disorder, 17894
stimulus-onset asynchronies & contrast thresholds in spatial frequency masking, 26–42 yr old schizophrenic outpatients with positive vs negative symptoms, 11440
temporal stability & internal consistency & validity of Positive & Negative Syndrome Scale factor analytically derived cognitive component models, schizophrenic or schizoaffective disordered patients, 29360
training in use of Positive and Negative Syndrome Scale, accuracy of ratings for therapeutic outcome for schizophrenic patients, 26–43 yr old psychiatrists & clinical psychologists, 4952
treated vs untreated smoking abstinence, psychotic symptoms & medication side effects, cigarette smoking outpatients with schizophrenia or schizoaffective disorder, 28764
Positive and Negative Symptoms—Chapters
The psychopharmacology of negative symptoms, 25254
Positive Reinforcement [See Also Praise]—Serials
anxiety sensitivity, negatively vs positively reinforced drinking frequency, college students (mean age 21.72 yrs), 1205
coercion as control of behavior through punishment & negative reinforcement vs positive reinforcement in educational settings, 35514
positive & negative reinforcement, time allocation & occurrence of problem behavior & completion of parent instructions during concurrent choice assessment, 4 yr olds with severe problem behaviors, 15193
positive reinforcement training, voluntary movement into indoor portions of enclosures, captive chimpanzees, 6960
sucrose vs food-pellet reinforcement, response rates, male rats, 33086
urine-triggered alarm signals & prompts & positive reinforcement, daytime urinary continence, 9 yr old boy with cri-du-chat syndrome, 31529
Positive Transfer—Serials
practice of mirror writing, transfer to nonpracticed hand & nonpracticed phrases, college students, implications for internal inverse models, 23073
Positivism—Serials
attributional style for positive vs negative events & personality dispositions, advanced teacher students, 7902
construct validity of criticism & attachment behavior & positivity as model of expressed emotion, relatives & 18–62 yr old outpatients with obsessive-compulsive disorder or agoraphobia, 11317
degree of independence between Positive & Negative Affect after success vs failure experience in an anagram task, female college students, 1308
laughter, stress & positive affect in daily life, 17–79 yr olds , 4785

positive vs negative vs avoidant behaviors exhibited during spousal communications, marital satisfaction, married couples (mean age 30.7 yrs), 1 yr study, 33885

Positivism—Chapters

A pragmatic approach to clinical counselling in context, 21734

The role of the qualitative researcher, 22987

William James on the demise of positivism in American psychology, 3268

Positivism (Philosophy)—Serials

antireligious content in Quest scales & association between religious intrinsicness & absolutism & importance of "ideological" in religious orientation research, adults (mean 19.96 yrs), commentary, 7630

humanistic alternative to positivism in form & functions of theory in health education, 5820

Positron Emission Tomography [See Tomography]

Possession [See Ownership]

Postactivation Potentials—Serials

acute surgical preparations, dentate gyrus population spike amplitude & excitatory post-synaptic potential, adult male Long Evans rats, 36486

anesthetization vs free movement, dentate gyrus population spike amplitude & excitatory post-synaptic potential, adult male Long Evans hooded rats, 36493

antagonist concentration vs stimulation mode, GABA-B & long-term potentiation, male rats, 20191

cannabinoid receptor activation, learning & memory models of long term potentiation & long term depression in hippocampal slices, mice, 29828

chronic nimodipine, spatial learning & long term potentiation in hippocampal dentate gyrus, young male rats, 7218

computational model of binding & binding-error detector circuitry & recruitment by long-term potentiation as hippocampal analog of episodic memory formation, 29853

diurnal modulation of long-term potentiation in hippocampus, male hamsters, 33350

experience-dependent hippocampal activation, excitatory synaptic transmission after induction of long term potentiation, rats, 3944

FG-7142, long term potentiation of amygdala efferent in both hemispheres, male cats, 614

glutamate-induced long term potentiation, motor neuron activity, crayfish, 10431

integrin-associated protein, memory processing & retention & hippocampal long-term potentiation, integrin-associated protein-deficient mice, 36308

light-evoked postsynaptic potentials from fast- vs regular-spiking vs intrinsic bursting vs chattering neurons in visual cortex, turtles, 556

long & short-term potentiation in neocortical L-II/III vs hippocampal CA1 pyramidal cells, rats, 29773

long-term potentiation biochemistry in development of memory-enhancing drugs, 704

maximal electroconvulsive shock stimulation, induction of neocortical long-term potentiation, adult male rats, 23412

mechanisms of long-term depression in hippocampal interneurons, rats, 33222

memantine & (+)MK-801, restoration of long-term potentiation following Mg ion reduction, hippocampal slices from male rats, implications for learning & memory in neurodegenerative diseases, 36557

metabotropic glutamate receptor inhibition, hippocampal long term potentiation & spatial learning, male rats, 20074

molecular & cellular & hippocampal substrates of place learning , 515

NMDA & metabolic glutamate receptor-dependent long-term potentiation of granule cell excitatory postsynaptic currents, rat cerebellar slices, 13607

paired parallel fiber stimulation & intracellular depolarizing current, effect of calphostin C & EGTA on Purkinje cell excitatory post synaptic potentials, rabbits, 3841

properties of excitatory synapses on ventral tegmental dopaminergic & GABAergic cells & long term potentiation, rats, implications for drug dependency, 20075

relationship between long-term potentiation & phosphoinositide turnover in intact brain, male rats, 3971

role of 5-HT & 5-HT receptors in induction of long term potentiation in primary visual cortex, rats, 3966

role of glutamate receptor activation & blockade on long-term potentiation & learning & neurotoxicity, 13551

spatial training on water maze, long term potentiation like changes in posterior parietal cortex transcallosal evoked field potentials, male rats, 3816

spinal cord & sciatic nerve preparation, dorsal horn potentiation & plasticity after nociceptive stimulation, intact vs spinalized rats, implications for sensitization & pathological pain states, 33305

unilateral hippocampal lesion at birth vs in adulthood, contralateral long-term potentiation, adult vs newborn rats, 3934

Postactivation Potentials—Chapters

Expression mechanisms underlying NMDA receptor-dependent long-term potentiation, 26666

Postgraduate Students—Serials

employment opportunities in research psychology, postgraduate students, 9311

Postgraduate Training [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Medical Internship, Medical Residency]—Serials

APA accredited internship & postdoctoral programs for training in psychology, 1998 , 9309

Association of Psychology Postdoctoral & Internship Centers computer matching program for internship applicants , 9330

evaluation of postgraduate cognitive therapy training course, 26–56 yr old trainees, followup, 32094

fellows' perspectives on didactic curriculum of Department of Defense Psychopharmacology Demonstration Project, 35388

initial pilot programs & alternative models in postdoctoral-level training for occupational health psychology, psychologists, 15756

life span theory of E. Erikson as metaphor for psychology internship training, 9326

physical examination & laboratory screening & differential medical diagnosis as part of postdoctoral training in psychopharmacology demonstration project, 43 yr old female with mania & neurosyphilis, 25602

postdoctoral training in primary care health psychology, 28861

reflections on & themes of experiences during internship in multidisciplinary healthcare setting, doctoral-level family therapy interns & their supervisor, 38676

satisfaction with postdoctoral training in geropsychology & sense of professional competence, psychologists, 38686

selection criteria used by postdoctoral fellowship programs in clinical neuropsychology, 6024

supplemental listing of accredited doctoral & internship & postdoctoral training programs in professional psychology, 28828

training & other issues related to prescription privileges, psychologists in training, 15728

use of concept mapping to define learning objectives, students in master of public health program, 15718

Postgraduate Training [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Medical Internship, Medical Residency]—Chapters

Becoming a master physician, 6042

Managing a psychology internship program, 38706

Posthypnotic Suggestions—Serials

behavioral &/vs verbal response to question asked & suggestion given before vs during vs after hypnosis, high hypnotizable college students, 26458

brief Carleton Skill Training Program, suggestibility for pain reduction, college students, 13373

cognitive load, hypnotic responding, high vs low suggestible college students, 26460

Postmodernism—Serials

affect & postmodernism in new models of brief treatment, 15128

anorexia as plural collectivity of embodied subjectivity & experiences & body-management practices embedded in practices of postmodern culture & gender power relations, women with anorexia, 21420

attitudes toward modern vs traditional value orientations & ethnic relations, Anglo- vs Mexican Americans , 27141

conceptualizations of person, postmodernist vs feminist perspectives of holism & uniqueness in nursing theory, 22304

critical postmodern organization theory perspective on egalitarianism & power/knowledge & organizational control & individual resistance, 22654

dangers of the continued application of postmodernism to the field of psychology, 2

discourse schemas on postmodern perspectives on relationships & sexuality & reproduction, adolescent females, 14019

dissociation of American psychology from its romantic roots & loss of influences of arts & humanities & compatibility of romanticism with postmodernist movement, commentary, 23609

dissociation of American psychology from its romantic roots & loss of influences of art & humanities & compatibility of romanticism with postmodernist movement, psychologists, commentary, 23610

dissociation of American psychology from its romantic roots & loss of influences of arts & humanities & compatibility of romanticism with postmodernist movement, psychologists, 23611

Freud's psychoanalytical concepts of unconscious & repression & dissociation as postmodernism, 1373

gender in postmodern era of feminism & social work therapy, 9111

issues in postmodernism subjectivity experiences, 9775

issues in postmodernism subjectivity experiences, commentary , 9776

J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16633

J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16638

J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16665

J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, 16661

J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16660

J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16628

J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16634

J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16657

language & reality nonenclaturism as a basis for postmodern therapeutic practice, 8765

modern & postmodern racism & dialogic approach to anti-racist pedagogy in Europe, 25725

nature of reality & epistemological implications of modernity & postmodernism for scientific scholarship in social/behavioral sciences, 33534

post-structuralist approach to feminism & resistance to oppression without loss of identity & difference, females, South Africa, 20784

postmodern curriculum theory as framework for education, educators of gifted & talented, 35563

Postmodern postsecular model for psychotherapy, 28308

postmodernistic perspective on creativity, 20908

psychoanalytic perspective on postmodern views of sexuality, 30550

psychoanalytic theories of paranoia & postmodern culture & fiction & relation to process of literary interpretation, 23613

realism & current status of psychoanalysis in light of postmodern critique of forms of knowledge, 44 yr old female patient & analyst, 28372

responsive therapy vs motivational interviewing as postmodernist counseling, 38003

role of deconstruction for psychologists, 36638

social-constructivist currents & postmodern epistemology & psychoanalysis & analytic discourse, commentary, 31589

social-constructivist currents & postmodern epistemology & psychoanalysis & analytic discourse, commentary reply, 31581

Postmodernism—Books

Kohut, Loewald, and the postmoderns: A comparative study of self and relationship, 14380

Performing psychology: A postmodern culture of the mind, 29310

Postmodernism—Chapters

Commentary, 29181

Counseling Chinese families: A postmodern approach, 8837

Cracks: On castration, death, and laughter, 20969

Educative physical planning: Housing and the emergence of suburbia in Sweden, 29219

Epistemic and moral visibility in the postmodern age, 6004

The postmodern context of counselling in general practice, 22158

Postmodern culture and the plural self, 20642

Postmodern family therapy: New voices in clinical social work, 2617

Symbolic meaning and postmodern consumer culture, 29179

Postnatal Dysphoria [See Postpartum Depression]

Postnatal Period—Serials

childbirth & job demands, cognitive functioning & job anxiety, 21–43 yr old working mothers with 1 child aged 24 mo or younger, 25916

conditions of proximity & separation & potential loss, postpartum behavior & thoughts & maternal bonding, mothers, 33964

delusion of worm infestation with post-partum onset, 25 yr old female, 37276

depressive symptoms & HIV-related worry, HIV-positive females 18–24 mo postpartum, 37738

development of approach to nipple, rat pups in first 2 postnatal weeks, 16755

effects of early postnatal alcohol exposure, learning, developing rats, 26483

electroconvulsive therapy, women with puerperal psychosis, 31684

examiner vs mother rating of infant behavior at birth & 1 mo, 16–37 yr old depressed vs nondepressed mothers, 24199
incidence of & influencing factors in postpartum depression, women on day 5 postpartum, 17857
length of time needed to reach full enteral or nipple feedings, medical complications & developmental outcomes, premature infants followed up from birth to 24 mo corrected age, 30129
metacontent analysis of sexuality during pregnancy & after childbirth, couples, 1950–96, 30325
model of stress & coping dynamics applied to parenting adjustment & infant development, primiparous mothers at 1 vs 6 vs 12 mo postpartum, 1145
moderate postnatal lead, social & cognitive & prepulse inhibition behaviors, rats, 7189
monocular deprivation in early postnatal development, NMDA expression in lateral geniculate nucleus & visual cortex, kittens, 33161
neonatal monosodium glutamate, temporospatial variations in circadian light-induced Fos immunoreactivity in suprachiasmatic nuclei, male hamsters, 641
odor exposure & stress inhibition in granule neuron proliferation of dentate gyrus during postnatal period, neural development, rat pups, 3926
parameters of acoustic priming & audiogenic seizures during postnatal development subsequent to auditory function, Long-Evans rat strains, 20246
partial deafferentation of forelimbs in early postnatal ontogenesis, development of defensive reflexes, adult rats, 7068
participation in & needs relating to early postpartum parent–infant classes, fathers vs mothers , 33787
peer counselor support during 1st 3 mo postpartum, breast feeding duration & exclusivity, low income 15–36 yr old females, 8982
pentachlorobiphenyl 126, development through gestation & lactation, multiple FI-FR & DRL performance, rats, 7248
perceived family stressors & prediction of child physical abuse potential in immediate postpartum period, mothers mean age 26.6 yrs of newborns, 7 mo follow up, 37444
physical & reflex development & motor function & activity & sensory function & learning & memory, rats exposed to toluene from day 7 of pregnancy to day 18 postnatally, 33415
posnatal development of lateralized postural & motor preference, African Grey parrot, animal model of handedness, 26533
postnatal administration of cocaine with vs without Delta-9-tetrahydrocannabinol, open field behavioral response to D1 dopamine receptor agonist administration, male vs female rat pups, 26 day study, 33452
postnatal choline, passive avoidance & learning & locomotion, male vs female rat pups, 7247
postnatal development of tyrosine hydroxylase & dopamine transporter immunoreactive axons in rostral entorhinal cortex, 2 day to 18+ yr old rhesus monkeys, 3839
postnatal testosterone, mother–infant relationship & sexual behavior, infant monkeys, 19970
postpartum maternal behavior & stress as assessed by urinary cortisol levels, captive lowland gorillas & their 0–14 day old infants, 4018
pre & postnatal exposure to 2,4-dichlorophenoxyacetic acid, development of neuromotor reflexes & spontaneous motor activity & serotonin syndrome & circling & catalepsy & other behavior patterns, rats, 33367
prebirth trauma events & social support, postbirth anxiety & depression & postraumtic stress, female Cambodian 21–39 yr olds, 30623
prenatal & early postnatal cocaine exposure, phase responsiveness to light cycle & role of D1 dopamine receptors of suprachiasmatic nucleus in circadian timing, hamsters, 754
prevalence & correlates of anger attacks, female psychiatric patients who are pregnant or postpartum (mean 30.2 yrs) , 37484
quality of general movements in postnatal period, neurological functioning & behavioral development, high vs low risk children reexamined at 4–9 yrs, 31053
rehabilitative motor skill training, performance on parallel bars vs rope climbing vs rotating rod tasks, male vs female rats exposed to alcohol on postnatal days 4–9, 4183
relationship history & personality & self-esteem & marital adjustment, postpartum marital behavior correlates, couples with 6 mo olds, 1117
repeated neonatal isolation, levels of plasma corticosterone, isolated or handled or nonhandled rat pups, 3732
sexual behavior during pregnancy & year postpartum, spouses, 1184
sustained high serum postnatal concentrations of leucine, behavior, adult rats, test of chemically induced model of hyperleucinemia, 33385
understandings & preferences of contraception uptake during postpartum amenorrhea, female urban slum dwellers who adopted contraception prior vs after resumption of menses, Bangladesh, 1189

Postnatal Period—Chapters

Antenatal and postnatal influences on family relationships, 33778
Experience and plasticity in brain structure: Possible implications of basic research findings for developmental disorders, 37935

Postpartum Depression—Serials

affect & depression & coping & parenting stress & marital adjustment, mothers & fathers 1 mo postpartum, 11380
antenatal attachment & self criticism & dependency as vulnerability factors in postpartum depressive symptoms, first time mothers, 27620
chronic stressors & life events & social support, postnatal depression symptoms, low vs high socioeconomic status women followed from 30th wk of pregnancy to 9th wk postpartum , 27628
clinical & demographic features & long-term course & presence of mental disorders at follow-up, inpatients with 1st time psychotic postpartum disorder, 11 yr retrospective follow-up, 34117
development of creativity & ego–unconscious dialogue from bodily experience of infant during infant–mother interaction & effects of post-natal depression, 1376
epidemiology & etiology & assessment & treatment of perinatal mood disorders , 1548
estradiol, postpartum depression, 36 & 29 yr old females with estrogen deficiency & psychiatric symptoms, 8 wk study, 38207
evolutionary perspective, postnatal depression & distress as adaptive response currently seen as dysfunctional in isolated society & culture, mothers, 27200
experiences of motherhood & postpartum depression, mothers, 21094
incidence of & influencing factors in postpartum depression, women on day 5 postpartum, 17857
lifetime major depression vs recalled post-natal depressive symptoms after 1st live birth & neuroticism, 18–88 yr old female twins, implications for influence of environment vs genetics, 24226
long-term course & outcome of severe postpartum psychiatric disorders, 30–59 yr old women re-examined 6–26 yrs after first-episode, 27544
maternal depression, infant temperament, mothers (aged 17–42 yrs) & children, 18 mo study, 27638
medical & feminist theories in relational approach to postnatal depression, 20–39 yr old mothers , 4916
mother–infant interaction following recovery from severe post partum mental disorder, females with schizophrenia, 34187
paradox of loss & happiness in postpartum depression over transition to motherhood, 21–41 yr old females, longitudinal study, 21101
plasma cortisol & prolactin & oestrogen & progesterone & thyroxine & TSH & depressive symptoms, pregnant vs postpartum women, 4901
plasma tryptophan & other amino acids & cortisol & vitamin B12 & urinary pterins as biological markers, pregnant vs early postnatal adult females with vs without postpartum depression , 27571
postpartum psychosis associated with postpartum thyroiditis, 29 yr old female, 4839
prevalence of thoughts of harming & fear of being with & inability to care for one's infant, mothers with clinical depression, 27526
previous psychiatric admission & psychopathology & social support & preterm delivery & marital status, prognosis & risk factors for 1st readmission after postpartum psychosis, women, 30755
psychosocial & demographic factors & degrees of risk for rapid serum cholesterol decline, postpartum depression, 22–39 yr old women, 17885
quantity & content & intensity of obsessions & compulsions, 18–45 yr old females with major depression with vs without postpartum onset, 17887
social representation in dolls' house play & theory of mind tasks & family adversity & child disturbance & maternal depression, 5 yr old children of postnatally depressed vs well mothers, 5 yr study, 26942
specialized psychiatric day hospital vs routine primary care treatment, women with postnatal depression, 22234
structure of depressive symptoms during pregnancy & postpartum, longitudinal study, 27639
theoretical links between gender & social movements based on research on postpartum support group movement, movement participants & women with postpartum illness & medical & mental health providers, 11381
transcultural biopsychosocial perspective on prevention & management of postnatal depression & relation to cultural postnatal rituals & other social influences regarding care & choice of therapy, England & Scotland vs Africa, 31375
validity of Italian version of Edinburgh Postnatal Depression Scale, women assessed 8–12 wks after pregnancy, 19610

Postpartum Depression—Books

Postpartum mood disorders, 14513

Postpartum Depression—Chapters

Beyond the "blues": Hypotheses about postpartum reactivity, 14520
Biological determinants of postpartum depression, 14517
Contributions of experimental and clinical perturbations of mother–infant communication to the understanding of infant intersubjectivity, 17891
Couples therapy for postpartum mood disorders, 14515
Effects of postpartum disorders on parenting and on offspring, 14519
Interpersonal psychotherapy for postpartum depression, 14527
Pharmacotherapy and electroconvulsive therapy for postpartum mood disorders, 14522
Postpartum depression in relation to other psychiatric disorders, 14526
Postpartum depression in relation to other reproductive cycle mood changes, 14521
Postpartum psychoses, 14516
Prevention of postpartum mood disorders, 14525
Role of self-help techniques for postpartum mood disorders, 14518
Sociocultural aspects of postpartum depression, 14528
Women's health through the reproductive cycle: Premenstrual syndrome, postpartum disorders, and menopause, 11824

Postpartum Psychosis [See Postpartum Depression]

Postsurgical Complications—Serials

delirium-causing factors, cognitively intact vs previously cognitively intact hip-fractured elders who became delirious postoperatively, 20984
delivery & dose of opioid or nonopioid analgesic & acute pain & morbidity, previously healthy 13–63 yr old appendectomy patients, 28589
donepezil, symptoms of post-operative delirium, 76-yr-old male patient with early Alzheimer's disease who underwent total knee arthroplasty, 15356
effectiveness of nursing & medical intervention program to prevent & treat delirium in elderly patients treated for femoral neck fractures, 38490
impairments of attention, 40–58 yr old cingulotomy patients, 38373
incidence & pathophysiology & etiology & risk factors, delirium after cardiac surgery, elderly patients, 38434
intraoperative cerebral microembolic signals & postoperative neuropsychological deficit, patients with cardiac valve replacement vs coronary artery bypass grafting, 2467
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, commentary reply, 5716
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, commentary, 5711
parasympathetic & sympathetic & pituitary-adrenal functions & postoperative ileus or hypotension, 40–69 yr olds with chronic schizophrenia, 21144
poor physical condition & plasma amino acid disturbances prior to surgery, incidence of postoperative delirium, 26–83 yr olds following cardiac surgery, 22072
postoperative mood disorders, patients following temporal lobectomy, 2475

Posttraumatic Stress Disorder—Serials

1st night of adaptation to novel environment, REM sleep phasic activity, combat veterans with PTSD (mean age 42.3 yrs), 17945
acute & chronic PTSD, victims of serious motor vehicle accidents, 12 mo study, 17954
addiction & psychiatric treatment rates during 6-mo period before hospital admission, 18–55 yr old inpatients with vs without comorbid PTSD in substance abuse treatment, 21644
ADHD & increased risk for trauma or PTSD or trauma-associated psychopathology, 6–17 yr old males, 11704
adult & adolescent sexual revictimization & development of PTSD, 19–47 females with history of child sexual abuse, 37588
adult attachment style & posttraumatic & psychiatric symptomatology in extreme life-endangering conditions, 18–52 yr old Jewish settlers, Israel, 30572
anger & aggression prevalence & pharmacologic treatment, PTSD patients, 27736
anxiety associated with PTSD & postconcussive symptoms, 16–65 yr olds with mild traumatic brain injury , 21541
application of cognitive psychology methods to investigate information processing abnormalities, persons with PTSD, 8190
association between dopamine receptor "A" system alleles or haplotypes & PTSD, combat veterans, 14607

awareness during anesthesia in surgery & resulting PTSD & traumatic memories, implications for prevention & treatment, 4989
bidirectional associative memory neural network system explanation of posttraumatic stress disorder, 34232
biochemical markers & self-estimated psychiatric health & posttraumatic symptoms, 34–59 yr old rescue workers, 34199
biological & genetic & familial risk factors associated with susceptibility to PTSD, 11483
biological responses to trauma, development of PTSD, emergency room patients, 8210
body dysmorphic disorder with focus on eye prosthesis, 27 yr old male with major depression & recurrent severe PTSD, 34076
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary reply, 14617
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, 4987
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary, 11464
brain mechanisms & unconsciousness & PTSD outcomes, implications for etiology & treatment, commentary, 14613
bupropion, rhabdomyolysis & hepatic dysfunction, 49-yr-old male veteran with chronic PTSD, 18673
bupropion, symptom remission, 46–71 yr old male combat veterans with PTSD, 2290
causal relationship between risk of PTSD & drug use disorders, 21–30 yr olds with exposure to traumatic events, 3 & 5 yr followup, 1450
cerebral blood flow in anterior limbic & paralimbic brain regions during recollection & imagery of traumatic events, 19–54 yr old females with histories of childhood sexual abuse with vs without PTSD, 17949
characteristics & factor structure of PTSD symptoms, nontreatment seeking 30–50 yr old female substance abusers, 21349
characteristics of & complicated bereavement & PTSD & death notification recommendations following fatal car crashes, 20945
childhood abuse or sexual abuse or neglect, PTSD risk, 18–40 yr olds, prospective study, 30860
childhood sexual &/or physical abuse, risk of sexual victimization & PTSD, 18–27 yr old females, 1727
childhood sexual abuse & PTSD symptoms & behavioral problems, implications for nefazodone treatment, 5047
childhood trauma from psychoanalytic perspective & posttraumatic reactions & play, 7979
chronic immune activation, female patients with PTSD associated with history of childhood sexual abuse, 21007
clinical & neuropsychological & forensic considerations of motor vehicle accident induced postconcussion syndrome & whiplash & PTSD, 4850
clinical characteristics, 21–55 yr old females with PTSD with vs without substance dependence , 21186
clinical needs assessment following 1995 Oklahoma City bombing, middle & high school students in need of formal evaluation for posttraumatic response symptoms, 28647
cognitive behavior therapy for panic disorder with agoraphobia & implosive therapy for PTSD & associated maladaptive personality features from childhood sexual & physical abuse, 45 yr old female, 5517
cognitive behavior therapy, violence-related posttraumatic stress disorder, 38068
cognitive factors related to onset & maintenance of PTSD, adult sexual or physical assault victims with recovered vs persistent vs no PTSD, 30773
cognitive factors responsible for maintenance of PTSD, patients unimproved after cognitive therapy, 8794
cognitive therapy vs imaginal exposure, patients with PTSD, 12045
cognitive-behavioral & exposure therapy for 25–63 yr old post traumatic stress disordered volunteers following a motor vehicle accident, 31525
combat exposure & PTSD symptoms & health behaviors as predictors of self-reported physical health, 50–85 yr old male military veterans, 24102
combat-related PTSD, platelet-poor plasma norepinephrine & serotonin & urinary excretion of norepinephrine & dopamine & HVA, 23.7–40.5 yr olds, 17952
comorbidity & distinctness of PTSD & disorders of extreme stress not otherwise specified, 28–67 yr old military veterans assessed after exposure to war-zone military trauma, 11463
comorbidity of anxiety & depression & prevalence of subclinical PTSD & utility of PTSD Checklist-Civilian Version as PTSD screening instrument, 22–54 yr old mothers of childhood cancer survivors, 8189
concept of cascade model to describe changing patterns of symptoms in PTSD, psychiatric patients, 27721
consistency between physician & self ratings of health status & somatization & symptom severity, Vietnam veterans with vs without PTSD, 1633
coping strategies & responses to intrusive memories & PTSD & other psychiatric symptoms, ambulance service workers, 37397
course & prediction by acute stress reactions, posttraumatic symptom formation, traffic accident victims, prospective 1 yr followup study, 14612
critique of assumptions behind concept of PTSD & trauma programs in war affected areas, importing of Western concepts & treatments such as counseling by humanitarian operations, 22152
CSF corticotropin-releasing hormone levels & adrenocortical activity, 23–49 yr old combat veterans with PTSD, errata , 24319
CSF corticotropin-releasing hormone levels & adrenocortical activity, 23–49 yr old combat veterans with PTSD, 17929
culturally specific & sensitive paradigms for assessment & diagnosis & treatment of & sexual addiction as adaptive response to PTSD, African Americans & posttraumatic stress disorder, 17944
current prevalence of mental disorders, 60–83 yr olds who were political prisoners in 1944–1955, Poland, 14451
cyproheptadine, nightmares & sleep quality, 47–75 yr old veterans with PTSD, 2-5 wk study, 38223
d-fenfluramine, serotonin-mediated prolactin release, males with combat-induced PTSD (mean age 48 yrs), 17932
development & predictive validity of short screening scale for DSM-IV PTSD, 18–45 yr olds, 22857
development & validation of child self-report & parent report measures of children's posttraumatic stress symptoms, 3rd–8th graders & their parents, 6613
diagnosis & drug & cognitive behavioral treatment of PTSD, 34205
diagnosis of acute stress disorder & symptoms as predictors of later diagnosis of PTSD, victims of violent assault assessed at 1 mo & 6 mo after crime, 14600
diagnostic comorbidity & clinical correlates of PTSD, 11.1–18.3 yr old psychiatric inpatients, 19017
differences across patients & response to depression & anxiety stimuli, Stroop Tests, patients with posttraumatic stress disorder or obsessive compulsive disorder or major depressive disorder, 30625
early psychological disorders & psychological & behavioral attitudes & trauma-related predictors of chronic PTSD, 13–50 yr old rape victims, 1 yr study, 8254
ECT treatment of PTSD, 35 yr old woman with PTSD & depression, 14610
educational level & exposure to burn victims & posttrauma stressful life events & numbness at exposure, PTSD outcome following air disaster, health care workers, 18 mo study, commentary & reply, 30777
effectiveness of eye movement desensitization & reprocessing for treating PTSD & compatibility with individual psychology & use in Adlerian-based psychotherapy, 25260
emotional response at time of potentially traumatizing event & subsequent PTSD symptomatology, undergraduates, implications for emotional component of DSM-IV criterion A-2 for PTSD, 4991
emotional responses to psychiatric admission & relationships between admission history & attributions for admission & PTSD symptomatology, psychiatric patients, 19018
etiology & characteristics & treatment of PTSD, elderly patients, 34233
evaluation of prognosis & potential risk factors for chronicity of PTSD & clinical application of PTSD Prognostic Checklist, adults with PTSD, 14623
evolving definition of & pharmacological treatments for aggressive behavior in PTSD, 24348
expert consensus guidelines on treatment of PTSD, 34735
exposure therapy vs stress inoculation training vs their combination, female assault victims (mean age 34.9 yrs) with PTSD, 12-mo study, 15078
exposure therapy with vs without behavioral family therapy, male veterans (mean age 46.6 yrs) with combat-related PTSD, 15191
exposure to traumatic pictures & sounds, cerebral blood flow, Vietnam veterans with vs without PTSD, 17930
exposure to violence, suicidal ideation & depression & PTSD symptomatology, inner city 11–15 yr olds, 27479
exposure to white noise vs trauma-related combat sounds, limbic regional cerebral blood flow, Vietnam veterans with vs without PTSD , 17937
expressed emotion, imaginal exposure vs cognitive therapy treatment outcome, key relatives of PTSD patients, 34231
extreme stress of torture, case reports of 31 & 37 yr old patients suffering from Capgras syndrome & schizoaffective disorder & PTSD, 27560
eye movement desensitization & reprocessing vs trauma treatment protocol variant of cognitive-behavior therapy, adults with PTSD, 3-mo study, 18521
eye movement desensitization & reprocessing with or without eye movements, Vietnam veterans with PTSD symptomatology, 6 mo follow-up, 5543
eye movement desensitization & reprocessing, adults with chronic PTSD, 2208
fear-potentiated startle conditioning to explicit & contextual cues, male Gulf War veterans with vs without PTSD, 11465
fluoxetine vs placebo, PTSD severity & disability & stress vulnerability & treatment efficacy in relation to chronicity, civilians (mean age 37 yrs), 28412
fluoxetine, compulsive sexual behavior, 16 yr old male with PTSD & paraphilia, 31614
frequency & types of exposure to traumatic incidents & prevalence of PTSD symptoms, urban firefighters, US vs Canada, 12892
gender & enthnocultural issues in clinical research & diagnosis & treatment, females & minority group members with PTSD, 8165
gender & loss of family members & perceived deprivation, development of posttraumatic stress symptoms, 7–15 yr olds in war & siege conditions, Bosnia, 8181
group psychotherapy vs basic counseling, PTSD & psychosocial functioning during war, 15–70 yr old refugee women, Bosnia-Herzegovia, 28314
history of insanity defense in English & American law & use of PTSD as basis of insanity , 3246
history of physical &/or sexual abuse & abuse severity, PTSD, battered Hispanic women, 24345
homovanillic acid concentrations in CSF, smokers vs nonsmokers with PTSD, 8176
identification with deceased disaster victims as oneself or friend or as family member, PTSD symptoms & health care utilization, 19–48 yr old volunteer disaster workers , 14628
imipramine vs chloral hydrate, acute stress disorder symptoms, burn patients (aged 2–19 yrs), 28485
importance of attachment behavior and post-traumatic stress disorder in understanding borderline personality disorder, 37426
incidence & symptoms of PTSD & factors associated with symptom development & disorder, 8–17 yr olds hospitalized following acute physical injury, 1 mo study, 27720
incidence of PTSD & socioemotional adjustment, 13–22 yr old incarcerated females, 1681
individual cognitive-behavioral substance dependence PTSD therapy, dual diagnosis patients, 38621
inpatient treatment outcomes, Vietnam combat veterans with PTSD in treatment setting with vs without general psychiatric patients, 4- & 8- & 12-mo followup, 12483
interaction of PTSD & depression, combat war veterans (mean age 68.1 yrs), 37268
intimate physical assault & PTSD, 20–51 yr olds seeking treatment for cocaine dependence, 21302
intrusive memories, patients with major depression &/or PTSD (mean age 41.7 yrs), 14498
lamotrigine, individuals with posttraumatic stress disorder, 21904
leukocyte & lymphocyte status, male Vietnam veterans with vs without PTSD &/or depression, 20 yrs post military service, 22683
level of exposure & proximity to event, stress reactions & PTSD symptomatology in response to Oklahoma City bombing, community members, 11477
level of posttraumatic stress disorder &/or depression, adult war-traumatized Cambodian refugees, 12-yr study, 34077
level of somatization symptoms & associated functional correlates & PTSD symptoms & personality characteristics, 12–35 yr old pediatric cancer survivors, 34589
locator beacon use in treatment of dissociative fugue, 50-yr-old male Vietnam veteran with PTSD, 15366
medial prefrontal cortex involvement in response to trauma-related stimuli, male 46–52 yr old Vietnam combat veterans with PTSD, 17957
mild to moderate symptoms of inhospital posttrauma distress, quality of life & physical & psychosocial adjustment, adult burn survivors, 2-mo followup, 34544
Minnesota Multiphasic Personality Inventory-2 assessment of posttraumatic stress symptoms, Vietnam combat veterans (mean age 45 yrs), 29174
mirtazapine, 18–56 yr olds with PTSD, 18670
Mississippi Scale for Desert Storm War Zone Personnel, assessment of long-term psychological effects of war-related stress, Marine reservists, 3 yr study, 6663
MMPI-2 clinical & content scales, differential diagnosis of combat-related PTSD vs schizophrenia vs depression, male veteran psychiatric inpatients, 9887
moral development & psychopathological interference with conscience functioning & PTSD symptoms & postearthquake adversity, 13 vs 16 yr olds with different degrees of earthquake related trauma, 17933

mother's presence in home & family size, risk of internalization & depression & PTSD resulting from witnessing of or victimization in community violence, 10–15 yr old inner-city African Americans, 21045
nefazodone treatment, 24–81 yr old civilians & combat veterans with PTSD, 18691
neurobiological systems involved in trauma & pharmacological agents for target symptoms in rational approach to medication use, children & adolescents with PTSD & comorbid conditions, 38233
neuronal substrate involved in personality switches, 47 yr old female with dissociative identity & PTSD, 30636
noncombat vs combat exposure with vs without subsequent PTSD, anger measures, Vietnam veterans, 21181
occupational therapy vs counseling & role of occupational therapist, effective treatment of PTSD, commentary reply, 35356
occupational therapy vs counseling & role of occupational therapist, effective treatment of PTSD, commentary, 35358
occurrence of anniversary reactions & correlation with traumatic events & PTSD symptoms, Gulf War veterans assessed 6 yrs post-war, 4 yr followup, 27730
past maltreatment experiences & trauma & psychiatric symptoms & urinary free cortisol & catecholamine excretion, 8–13 yr olds with PTSD vs nontraumatized overanxious disorder, 24326
pathophysiological effects of eye movement desensitization & reprocessing in treatment of PTSD, adults with trauma experience, 18566
perceived locus of control & self-efficacy vs attributions of causality, long-term recovery from rape & PTSD, female 17–47 yr old victims of rape or attempted rape, 11474
performance on Rivermead Behavioural Memory Test, assessment of memory problems & cognitive deficits, 11–17 yr olds with PTSD, 13071
personality disorder profiles & trauma histories, male combat veterans with PTSD & female childhood sexual abuse survivors, 34244
platelet alpha-2 adrenergic receptor coupling efficiency, males with combat-related PTSD, 11466
post-traumatic stress responses & dissociation symptoms, 7–16 yr olds with liver transplantation, 15435
posttrauma incidence of acute stress disorder & PTSD symptoms, 16–65 yr olds with vs without traumatic brain injury following motor vehicle accidents, 14999
posttraumatic stress reactions, 6–11 yr old Palestinian children who experienced war, Gaza Strip , 14627
potential sources of sex differences in PTSD, 18–45 yr olds, 34203
practice parameters for assessment & treatment of PTSD, children & adolescents, 1638
prebirth trauma events & social support, postbirth anxiety & depression & postraumtic stress, female Cambodian 21–39 yr olds, 30623
predisaster behavior & academic functioning, Posttraumatic stress following Hurricane Andrew, 4th–6th graders, 8186
pretrauma risk factors & war-zone stressors & posttrauma resilience-recovery variables & PTSD symptom severity, combat veterans, 11469
prevalence of exposure to premilitary vs military traumatic events & event type & PTSD symptoms, male vs female active duty soldiers, 6378
prevalence of primary & secondary PTSD & comorbid symptoms, professional firefighters, 8209
prevalence of psychotic symptoms, Black vs White vs Hispanic 26–63 yr old military veterans with combat related PTSD, commentary reply, 34204
prevalence of psychotic symptoms, Black vs White vs Hispanic 26–63 yr old military veterans with combat related PTSD, commentary, 34224
prevalence of psychotic symptoms, Black vs White vs Hispanic military veterans with combat related PTSD (aged 26–63 yrs), 11462
prevalence of PTSD & major depressive disorder following deportation & internment, Nazi concentration camp survivors, 51-yr follow-up, 11320
prevalence of PTSD symptoms & relation to psychosis & involuntary hospitalization, 21–63 yr old schizophrenic & delusional patients, 24215
prevalence of traumatic stressors meeting criterion for PTSD & effect on clinical progression of HIV, HIV+ 18–45 yr old African American females, 34584
previous exposure to traumatic events, risk of PTSD effects from subsequent trauma, 18–45 yr olds, 24323
procaine, subjective & symptom scale responses, 26–59 yr old male combat veterans with PTSD, 18686
prospective analysis of course & predictors of PTSD, Gulf War veterans, 2 yr followup, 27735
psychological impact including PTSD symptoms of nuclear waste disaster involving ongoing threat of radioactive contamination, exposed vs nonexposed male vs female 7–15 yr olds & their parents, 17936
psychometric characteristics of Norwegian versions of Impact of Event Scale & Post Traumatic Stress Scale & General Coping Questionnaire, medical students under stress, 24330
psychometric properties of Thought Control Questionnaire & thought control strategies & psychiatric symptoms, 18–75 yr olds with major depression & PTSD with or without major depression, 35954
psychophysiologic measures, imagery of personal childhood sexual abuse vs stressful non-abuse experiences, women with & without PTSD resulting from childhood sexual abuse, 8193
psychophysiological responding, PTSD diagnosis, male Vietnam veterans, 8185
psychosis, outpatients with major depressive disorder with vs without concurrent PTSD, 21120
psychotherapeutic model involving family & social systems for treating severely traumatized infants & children, 4 yr old Black female with PTSD, 34811
PTSD & major depression, mothers of children with severe burn injuries, 4870
PTSD & other predictors of health care consumption, Australian veterans of Vietnam War, 9123
PTSD & psychopathology & coping behavior & personality factors in Sense of Coherence Rating Scale, adult traffic accident victims, 6 mo followup, 18255
PTSD associated with automatic implantable cardioverter defibrillators, 47 & 51 & 55 yr old male patients, 12328
PTSD characteristics & symptom severity & psychiatric status, 58–75 yr old Holocaust survivors and their 31–45 yr old children, commentary, 30790
PTSD prevalence, 25–75 yr old females diagnosed with & treated for breast cancer, comment, 11851
PTSD symptoms following hurricane Hugo, 9–19 yr olds, comparison of 10 models of PTSD dimensionality, 21169
PTSD symptoms, 13–19 yr old refugee survivors of ethnic cleansing in Bosnia-Herzegovina, 1 yr follow-up, 24320
PTSD symptoms, 6–14 yr olds with traumatic brain injury, 2057
PTSD with psychotic symptoms, 40 yr old female & 39 yr old male war veterans, Croatia, 16179
PTSD, male veterans with vs without spinal cord injury, 1652
PTSD, patients with liver cirrhosis who survived variceal hemorrhage, 24338
quality of care administrative data indicators & clinical outcomes of symptoms & substance abuse & social functions, veterans treated for PTSD, 15497
quality of threatening life events vs individual differences, variations in PTSD & other posttraumatic conditions & relation to DSM-IV model, 11458
reactive vs instrumental violent offense & primary vs secondary psychopathy controlled & inhibited type, prevalence & patterns & forms of PTSD symptomatology, male homicide perpetrators, 37605
recognition of posttraumatic stress disorder in routine clinical evaluation, psychiatric outpatients, 26164
rehabilitative treatment, 38–64 yr old males with combat related PTSD, 37409
relational capacity & persistent PTSD symptoms, 17–47 yr old female rape victims, 37499
relationship between child abuse & PTSD, 8–19 yr old sexually & physically & nonabused foster care males, 27771
reliability & psychometric properties of 9 scoring rules for clinician-administered PTSD scale, 44–51 yr old male Vietnam veterans, 19632
reliability & validity of Posttraumatic Cognitions Inventory, measurement of trauma-related thoughts & beliefs, traumatized patients with vs without posttraumatic stress disorder, 30775
repetitive posttraumatic nightmares & anxiety dreams, outpatient military veterans & civilian war victims, 8200
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary reply, 37402
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary, 37406
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary reply, 37412
risk & protective processes for posttraumatic stress reactions & negative sequelae following Northridge earthquake, 8–18 yr olds with pre-earthquake psychopathology, 30770
risperidone as adjunct therapy, intrusive thoughts & subsequent emotional reactions, 38 yr old female & 33 yr old male military personnel with PTSD, 31664
role of cognitive reprocessing component in eye movement desensitization & reprocessing treatment, 18–51 yr olds with PTSD, 18563
role of corticotropin releasing factor system as mediator in development of stress response & major depression & PTSD, rodents & nonhuman primates & humans , 33408
self reported physical health, Gulf War veterans with PTSD or dysthymia or major depression, 30580
self-reported symptoms of social phobia, outpatient male combat veterans with PTSD, 8171
serum lipid screening, Vietnam veterans with chronic PTSD, 12916
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, commentary, 14619
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, 14630
severity of psychotic symptoms as reflection of PTSD severity, combat veterans (aged 47–68 yrs) with chronic PTSD & well-defined psychotic features , 17934
sexual dysfunction from nonsexual trauma, 20–56 yr olds who developed PTSD & sexual problems following physical trauma & injuries, 30565
side effects of over-the-counter oral yohimbine use, 44–53 yr old males with PTSD, 30791
similarities among & role of hypothalamic-pituitary-adrenocortical axis & pituitary-adrenocortical abnormalities & corticotropin releasing factor & stress in PTSD & major depressive & panic disorder, 24089
single session of exposure therapy vs eye movement desensitization & reprocessing, combat-related PTSD, 47–53 yr old Vietnam veterans, 18570
situational triggers of substance use, substance abuse patients with vs without PTSD symptoms in relapse-prevention treatment program, 21343
social functioning, military veterans with combat-related PTSD, 8208
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 17808
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, 17827
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 30631
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 17824
space shuttle Challenger explosion, symptoms of PTSD & bereavement, East vs West Coast children vs adolescents at 5–7 wk & 14 mo after explosion, 37414
standard post-rape treatment vs video treatment, post-rape psychopathology & PTSD, women (mean age 30.63 yrs), 35040
standard vs deviant auditory stimulation, disturbances in sensory processing, females with sexual assault-related PTSD (mean age 38.1 yrs), 17941
startling tones, HR & skin conductance & eyeblink reactivity, females with PTSD, 21182
stress of maltreatment experiences in childhood & adverse brain development, maltreated 6.7–17 yr olds with PTSD, 24327
stroop effect in processing of emotional information, 9–17 yr olds with PTSD, 17940
structured clinical interview for DSM-III-R vs psychodynamic clinical interviews, diagnosis of symptoms of PTSD, survivors of Buffalo Creek flood, 14611
structured strategy for supportive psychotherapy as emergency treatment, acute traumatic stress patients & their families & friends, 25404
substance abuse treatment, male substance abuse patients with or without posttraumatic stress disorder, 9249
substance use & PTSD & sexual assault history, 21–54 yr old female veterans, 16177
symptoms & co-occurrence & predictors & correlates of posttraumatic stress disorder vs major depressive disorder, married physically abused women, 37221
symptoms of acute PTSD, combat experienced soldiers (males aged 23–35 yrs) vs tortured prisoners of war (males aged 19–45 yrs), 24334
symptoms of PTSD & anxiety & depression, 6–16 yr old sexually abused children 30- to 60-days after abuse disclosure & termination, 8277
synthesis & critique of learning & behavioral/cognitive & formative theoretical models of PTSD in childhood sexual abuse, 24448
torture & detention vs bereavement following witnessing of violent death of relative by apartheid government, basic assumptions about world & self-worth, adults with PTSD, South Africa, 37407
torture & human rights violations & post traumatic stress disorder, impact on psychosocial adaptation, refugees, 17950
transplant related PTSD, heart transplant patients & family caregivers, 21194

trauma & PTSD symptoms & mental health treatment & recovery, adults highly exposed to bombing of Oklahoma City Federal Building, 17953
Trauma cue, neuroendocrine & psychophysiologic responses, veterans with posttraumatic stress disorder, 24335
trauma-induced dissociative amnesia, WWI combat soldiers, implications for current understanding of amnesia in childhood sexual abuse, 14629
traumatic events, serum interleukin-6 & receptor concentrations in inflammatory response system, PTSD patients with vs without major depression (mean age 47 yrs), 17938
traumatic experiences, PTSD & dissociative symptoms & major depression disorder, 15–54 yr old refugees from former Yugoslavia, 21026
treatment of PTSD in children & families experiencing disaster stress or bereavement due to homicide or suicide, 12098
treatment of with low doses of risperidone, hyperarousal symptoms, 48 yr old male veteran with PTSD, 28468
treatment outcomes & coping & psychosocial functioning, male patients with substance use disorders with vs without PTSD, 2-yr study, 21333
untreated symptoms of posttraumatic stress disorder, cocaine-dependent patients in pharmacologic trial, 36-mo study with 3-mo followup, 8343
venlafaxine, 50 yr old male Vietnam veteran with PTSD & resistance to antidepressant treatment, 2331
well being & physical & mental health status & employment & perpetration of violence & quality of life outcomes, male Vietnam veterans with vs without PTSD, 21195
Wits trauma intervention model for integration of cognitive-behavioral & psychodynamic psychotherapies in treatment of PTSD, application to South African trauma context, 5498
zolpidem, PTSD-related insomnia & nightmares, 50–63 yr old male veterans with PTSD, 15290

Posttraumatic Stress Disorder—Books

Essential papers on posttraumatic stress disorder, 21199
Group treatments for post-traumatic stress disorder, 34903
Post-traumatic stress disorders: Concepts and therapy, 21200
Posttraumatic stress disorder: A comprehensive text, 8212
Risk factors for posttraumatic stress disorder, 24350
Splintered reflections: Images of the body in trauma, 24349

Posttraumatic Stress Disorder—Chapters

Assessing the long-term effects of disasters occurring during childhood and adolescence: Questions of perspective and methodology, 37419
Assessment and management of somatoform symptoms in traumatized patients: Conceptual overview and pragmatic guide, 24947
Assessment of pediatric posttraumatic stress disorder, 6646
Attributional processes, coping and post-traumatic stress disorders, 21208
Autism and trauma: Autistic Post-Traumatic Developmental Disorder, 37665
Behavior therapy, 31552
Behavioral treatment of child-adolescent posttraumatic stress disorder, 8225
Behavioural and cognitive behavioural interventions in the treatment of PTSD, 21210
The body keeps the score: Memory and the evolving psychobiology of posttraumatic stress, 21213
Child-adolescent posttraumatic stress disorder: Prevalence, risk factors, and comorbidity, 8226
Cognitive behavioural treatment for complicated cases of post-traumatic stress disorder, 14634
Cognitive theories of post-traumatic stress disorder, 21203
Cognitive-behavioral group treatment for disaster-related PTSD, 34918
Cognitive-behavioral theory and treatment of posttraumatic stress disorder, 18557
Cognitive-behavioral treatment of traumatized adults, 8218
Combat-related posttraumatic stress disorder: Prevalence, risk factors, and comorbidity, 8228
Cost-effectiveness issues in the treatment of posttraumatic stress disorder, 30796
Cultural aspects of post-traumatic stress disorder, 21204
Debriefing and crisis intervention, 21201
Dynamic psychotherapy, 31610
The effects of trauma: Dynamics and treatment of PTSD in the elderly, 31492
Epidemiological risk factors for trauma and PTSD, 24353
Eye movement desensitisation and reprocessing, 21211
Family as a group treatment for PTSD, 34904
Family studies of PTSD: A review, 24351
Finding meaning in police traumas, 27737
Forensic assessment of traumatized adults, 8231
Forgetting and reexperiencing trauma: From anesthesia to pain, 24355
Gender and posttraumatic stress disorder, 8227
Genetic risk factors for PTSD: A twin study, 24359
Genetics and posttraumatic stress disorder, 8235
Group and milieu therapy for veterans with complex posttraumatic stress disorder, 8229
Group psychotherapy for war-related PTSD with military veterans, 34908
Group treatment of PTSD and comorbid alcohol abuse, 34912
The history of posttraumatic stress disorder, 8224
Impact of duty-related death on officers children: Concepts of death, trauma reactions, and treatment, 26975
Introduction to *Psycho-Analysis and the War Neuroses* , **21841**
Intrusive thinking in post-traumatic stress disorder, 21205
The memories of states: How the brain stores and retrieves traumatic experience, 24357
Multiple traumas of refugees—Near drowning and witnessing of maternal rape: Case of Sergio, age 9, and follow-up at age 16, 34834
Neurobiological aspects of PTSD: Review of clinical and preclinical studies, 21209
The neurobiology of posttraumatic stress disorder: An integration of animal and human research, 7100
Neurocognitive risk factors for PTSD, 24356
Neurofeedback in the treatment of addictive disorders, 28550
Parental PTSD as a risk factor for PTSD, 24360
Personality and post-traumatic stress disorder, 21214
Personality as a risk factor for PTSD, 24358
Pharmacological treatment of posttraumatic stress disorder, 8234
Pharmacotherapy for posttraumatic stress disorder, 21980
A place to begin: Images of the body in transformation, 25030
Post-traumatic stress disorders in adults, 21216
Post-traumatic stress disorders in children and adolescents, 21215
Posttraumatic stress disorder in adults relative to criminal victimization: Prevalence, risk factors, and comorbidity, 8214
Posttraumatic stress disorder: Prevalence and risk factors relative to disasters, 8217
Prevention of posttraumatic reactions: Debriefing and frontline treatment, 8219
Psychobiology of post-traumatic stress disorder, 21206
Psychological assessment of traumatized adults, 6649
Psychological treatment of motor vehicle accident survivors with PTSD: Current knowledge and application to group treatment, 34910
Psychophysiological assessment of posttraumatic stress disorder, 6641
Psychophysiological expression of risk factors for PTSD, 22891
Risk factors for the acute biological and psychological response to trauma, 24354
Severe physical trauma in adolescence, 37423
Social support and mental health following trauma, 21207
Socioeconomic consequences of traumatic stress, 8216
Somatoform dissociative phenomena: A Janetian perspective, 22889
Strategies to study risk for the development of PTSD, 24352
Trauma and suicide, 8028
Trauma in police work: A psychosocial model, 27741
Traumatic disruption of bodily experience and memory, 24114
Treatment of posttraumatic stress disorder and other trauma-related disorders, 18550
The use of information-processing paradigms to investigate post-traumatic stress disorder: A review of the evidence, 21212
War trauma and the aged: An Israeli perspective, 1662
Witness and victim of multiple abuses: Case of Randy, age 10, in a residential treatment center, and follow-up at age 19 in prison, 35268
Youth violence and post-traumatic stress disorder: Assessment, implications, and promising school-based strategies, 21291

Posttreatment Followup—Serials

adequacy of health surveillance as method of community mental health follow-up, 15–87 yr old patients discharged from acute psychiatry unit, 31959
exposure therapy, subsequent return of fear in same vs different context, college students highly afraid of spiders, 1 wk followup, 28338
psychiatric home nurse followup, readmission rates, depressed patients, 34090
routinely offered early follow up intervention, social disability & severity of postconcussion symptoms, 16–65 yr old patients with head injury, 6 mo follow up, 5917
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients in treatment for drug abuse, 12 mo followup, 25541
type & sources & perceived need & adequacy of social support, Anglo- vs Chinese- vs Japanese-American women after breast cancer treatment, 28580

Posture—Serials

aging, attentional demands of recovering from external disturbance to balance, 21–36 yr olds vs 68–89 yr olds, 17404
ataxia & simulator sickness after exposure to virtual environment, 19–46 yr old college students, 16216
bimastoidal galvanic vestibular stimulation, perception of subjective vertical standing, 23–58 yr olds, 3448
biomechanics & physiology of rising from sitting position & strategies for improvement, elderly, 15677
coordination of multiple body segments & control of standing posture during a suprapostural task, 21–28 yr olds, implications for emergence of postural coordination modes, 32885
downward-tilting computer keyboard tray, wrist & seated posture & self-assessed musculoskeletal discomfort, professional office workers, 39034
effects of delta-sleep-inducing peptide vs MK-801 neuropeptide, pain response & posture, male rats with cerebral ischemia, therapeutic implications for stroke patients, 3799
emotion-specific body movements & postures, adults, 6937
facilitation of sensation from plantar foot surface boundaries, postural stabilization, 23–31 vs 65–73 yr olds, 29470
factors influencing & accuracy of perceived vs actual postural limits during standing & bent reaching, 21–57 yr olds, 6827
foraging strategies & activity & support use patterns & spatial distribution of preferred food items, postural diversity, 6 monkey species, 387
galvanic vestibular stimulation applied at 0 vs 0.5 vs 1.5 vs 2.5 sec prior to backward platform translation, postural responses, 24–38 yr olds, 13253
Japanese psycho-rehabilitation method of dohsa-hou, consciousness & feeling about body & postural appearance & body movement, adult male sportsmen with cerebral palsy, 5704
length of parturition & endogenous opioids, posture & responsiveness to piglets, sows, 16818
lesions of caudal intercollicular periaqueductal gray, maternal behavior & kyphotic nursing posture & sexual proceptivity & aggressive behavior & fear, lactating female rats with pups, 7071
lifetime vs daily alcohol consumption vs consumption in the 6 mo before admission for withdrawal therapy, postural control, abstinent alcohol-dependent patients, 15642
modification of head posture of character in P. Picasso painting, J. Requin–s illusion of altered expression on characters–faces, college students, 174
ocular vergence & preferred gaze angle & postural adjustment, 20–35 yr olds, extension of Heuer model, 10047
perceptions of postural limits, 71–94 yr old in nursing home vs 21–50 yr old day care participants, commentary, 16567
perceptions of postural limits, 71–94 yr olds in nursing home vs 21–50 yr old day care participants, 16564
posnatal development of lateralized postural & motor preference, African Grey parrot, animal model of handedness, 26533
postural demands & manual asymmetries, pegboard performance, right-handed college students, 26381
postural stability measurement before & after immersion in virtual reality/virtual environment, college students, implications for safety activities in driving or operating machinery, 12943
preparatory brain slow potentials & postural body sway during sharpshooting performance, elite (mean age 31.8 yrs) vs nonelite (mean age 30.2 yrs) male sharpshooters, 13615
psychometric properties of body posture items of the Comprehensive Body Examination, 75
sound & posture cues, veering from straight ahead while walking toward target in unfamiliar space without orienting cues, blind 5–11 yr olds, 34707
speed of reaching & arm kinematics during reaching movements, Ss, 19791
surface height & stepping restriction & presence of visual input, postural control during quiet stance, 20–35 yr olds, 36200
symbols used to prompt correct lifting posture, human Ss, implications for occupational safety, 22673
system of references used by CNS for maintenance of upright posture of body, spatial coordinates & body schema structure & receptive fields of muscles, healthy adults, 16914
validity & reliability of accelerometry for detection of posture & motion, male college students, 26097
viewer standing vs seated vs prone posture & eye height scaling in judgments of object height, college students, 10067
visual exproprioception & motions of the body's center of pressure, 17–37 yr olds, 6755

visual field dependence/independence & static & dynamic visual cues, body postural & cognitive spatial control, males (mean age 23 yrs), 3516
visual information & postural coordination, adults (aged 25–45 yrs), 19787
Posture—Chapters
Coordinated control of posture and movement: Respective role of motor memory and external constraints, 3527
Potassium [See Also Potassium Ions]—Serials
action of lamotrigine on calcium & potassium currents, rats, application to treatment of bipolar disorder, 674
angiotensin II, ethanol vs water vs potassium intake, male C57BL/6J mice, 33509
apamin & d-tubocurarine as small conductance calcium activated potassium current blockers, action of ethanol on dopaminergic ventral tegmental area neurons & ethanol reward, 26742
chorda tympani nerve transection vs amiloride added to KCl concentrations & water, KCl taste detection threshold, rats , 10375
etiological role of potassium channel dysfunction/mutation & use of channel blockers & activators in treatment of CNS & psychiatric disorders, 4835
long CAG repeats in hKCa3 potassium channel gene, individuals with schizophrenia, 24248
physical handling stress & potassium stimulation, glutamate in prefrontal cortex & ventral tegmentum & locus coeruleus, male rats, 33257
quinine & 4-aminopyridine, conditioned place preference & morphine-induced changes in motor activity, male rats, 23551
Potassium Ions—Serials
amiloride, neural representation & discrimination of NaCl & KCl in taste responsive neurons of nucleus of solitary tract, hamsters, 29770
cognitive enhancer T-588, cholinergic activity & potassium ions in hippocampal CA1 neurons, male rats, 30014
hypokalemic myopathy & renal tubular damage due to ingestion of laxatives or diuretics or licorice, 29 yr old female anorexia nervosa patient, 21418
role of potassium channels during locomotor-like activity, in vitro neonatal rat spinal cord preparation, 29893
sertindole as a high affinity antagonist of the human cardiac potassium channel & acquired long QT syndrome, cloned human cardiac potassium channels of human ether-a-go-go-related gene & Kv1.5 , 4252
Potential (Achievement) [See Achievement Potential]
Potential Dropouts—Serials
characteristics & effectiveness of & student outcomes in second chance school programs, 15–22 yr olds at risk of dropping out of school, 22554
Potentiation (Drugs) [See Drug Interactions]
Poverty—Serials
access to entry-level jobs & economic deprivation in inner cities, homicide rates, Blacks &/vs Whites, 1838
attitudes toward living in poverty & socioeconomic status & self-perception & public messages, 5–13 yr olds living in low-income neighborhood, 4503
Bible beliefs & higher education, attitudes toward eradicating poverty, 32 yr study, 23850
comparison of methods for assessment of mental disorders, homeless & poor adults, 11315
differential association theory & socioeconomic & family factors, sexual abstinence & birth control use, rural 13–17 yr olds from impoverished families, 30217
disease progression & employment status & poverty, individuals with HIV and AIDS, 31122
evaluation of cultural consistency of substance abuse prevention program, inner-city African American families, 15610
evaluation of school-based family resource & youth service centers in poverty-stricken areas, students & their parents, 6150
experiences with physical &/or sexual violence, 17–37 yr old pregnant incarcerated females vs poor pregnant health department patients, 32074
global & content-specific identity development & perceived parental treatment & economic deprivation, drug use & delinquency & GPA & other behavioral outcomes, 8th graders living in urban poverty, 33647
health & nutritional status & health care seeking behavior, postpartum females from Bangladesh urban slum, 16077
household stability & survival strategies & home–school connections, student learning & academic achievement, poor Puerto Rican families living in US, 4599
knowledge about wealth & poverty & inequality & unemployment, South African Black 7 & 9 & 11 & 14 yr olds from rural vs urban vs semi-urban settings, 36782
mainstream social policy analysis on selectivism & social stigma & selectivity by means test, welfare beneficiaries, 5877
migration & ethnicity & environment, HIV risk factors, sexually active 16–72 yr old females living in bateyes, Dominican Republic, 1970
perceptions on causes of poverty & service quality of Aid to Families with Dependent Children vs Temporary Assistance to Needy Families, state legislators, 31939
poverty & deprivation & inequalities in children's environments, 0–15 yr old children in Britain, 20434
poverty risk across adult life span, 20–85 yr olds, 24 yr study, 20691
prevalence of low literacy, 19-67 yr old indigent psychiatric patients, 12390
prevalence of undernutrition & food insecurity & barriers to security & participation in government programs, government nutrition policies, 65 yr olds & older in rural Appalachia, 20662
program for early identification of developmental & behavioral problems, children at risk from poverty, 25390
religious affiliation & religiosity, charitable giving to poor, adults, 4580
risk of developmental delay during 1st 2 yrs of life, children born to low-income mothers, 14865
self-identified needs, 18–55 yr old poor females with HIV, implications for nursing, 21499
social isolation & poverty effects, 24–54 yr old poor urban Whites vs Blacks, 4565
social policy programs, inequality & poverty, 18 capitalist countries, 1034
timing of influences of cumulative poverty, cognitive ability & achievement, 14–21 yr olds, longitudinal study, 869
validity of design vs allocation hypothesis regarding association between public housing & crime, application of New South Wales juvenile & adult offender data, 21377
Poverty—Books
Poverty and children's adjustment, 17391
Poverty—Chapters
Persistent and chronic neglect in the context of poverty—When parents can't parent: Case of Ricky, age 3, 34861
Poverty and health across the life span, 11821
The stresses of poverty and the comfort of spirituality, 38139
Struggling to make ends meet: Poverty and child development, 7680
Poverty Areas—Serials
implementation of Onward to Excellence & its impact on student achievement, elementary vs middle vs high schools in rural & high-poverty areas, 5 yr study, 25773
relationship of parental occupation & area socioeconomic deprivation status & single mother vs joint registration status & low birth weight, birth records, 1986–1992, 24716
variations in levels & causes of excess mortality & temporal mortality change, Black vs White 15–64 yr olds from poor urban vs rural communities, 1980 vs 1990, 24083
Power—Serials
agency in maneuvering own fertility careers in context of social & economic & kinship constraints, rural women, India, 27179
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33886
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33878
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33888
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33904
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary reply, 33873
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33890
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, 33872
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33901
asymmetrical power relations & institutionalized inequalities in North Sea oil industry, contract workers, 6309
communicative power & linguistic approach to study of microdynamics of organizations, organization members, 20413
cultural-historical analysis of gender & power differentials, 22-yr-old rape victim, China, 37464
elite model of power & influence in Australian health policy agenda setting, 15697
ethnographic approach to individuals vs organization power structure of school governance in primary school setting, 12638
ethnography & construction of power & strategies of resistance & submission, Filipina domestic workers in Hong Kong, 23843
gender & power & relationships in peer sexual harassment, adolescent victims & perpetrators, 21236
goal imagery & power motives, congruence between implicit motives & inclination to pursue explicit goals, adults, 10236
harasser's organizational status & power & desirability, sexual harassment perceptions, 17–41 yr old female college students, 34302
heuristic problem-solving model on ethical use of power in psychotherapy, psychologists, 15812
high vs low perceived power of teacher with ambiguous communication style, child attentional engagement, 7–10 yr olds, 15961
humor & stress & power & discipline & group cohesion, hotel kitchen personnel, 29129
imagery of the achievement & affiliation & power motives in B. Clinton's speeches from his first term & 1996 presidential campaign, 1165
impact of power & knowledge systems on self & body & gender identity of transgendered social actors, 24–68 yr old male transsexuals, 11071
implications of social power for theory & practice of cognitive behavior therapy, 21767
influence of marketing subunit & determinants on intraorganizational power, managers in business firms, 22714
injustice, powerseeking motivation & behavior, college students, 24016
introduction to special issue on the influence of societal power on psychological functioning from a community psychology perspective, 20816
judgment of high- vs low-status individuals, perception of experienced vs displayed positive vs negative emotion-eliciting conditions, 17–71 yr olds, 37106
knowledge of mainstream culture & politics, power, 10948
marital decision making power & aggression & satisfaction, spouses (aged 18–79 yrs), Hong Kong, 21268
Marxism & postmodernism in conceptual network in critical psychological theory & conceptualization of power & liberation, 4553
mediation process in context of gender differences in affiliation within kinship & family & community networks, 6491
moral authority in classrooms, social interactions & gendered power in girls' education, teachers, 25720
origins & power distribution of Foulkesian group analysis & group training, 28374
perceived power & level of control &use of punitive force, parents of school aged children, 36976
perceived power of self vs friends vs parents, competitiveness of style of interaction with friends, 6–10 yr olds, 20551
perceived power of supervisor on subordinate stress & motivation, employed graduate business students, 22610
perceptions of power in relationship with mentor teacher, 21-yr-old male secondary English student teacher, 32187
perceptions of spousal control, couples in happy nonaggressive vs distressed aggressive marriages, 11006
perceptions of supervisors' use of social power with beginning vs advanced graduate supervisees, supervisors & supervisees in speech-language pathology , 35435
performance-power-succession model & antecedents of management succession in strategic business units, open ended mutual fund portfolio managers, 29097
power & control dynamics of child support following divorce, obligor & obligee parents, implications for parent education program development, 27195
power & control issues in & experiences with mental health service provision, African-Caribbean parents, 22123
power & entitlement dynamics in psychotherapeutic relationship, patients & analysts, 34924
power & sex role attitudes in views of male female relations in marriage & family therapy, males vs females, 38114
power & sex, amount & type of smiling, college students, 7797
power & total quality management, bank personnel, 29101
power & well being in romantic relationships, couples (aged 16–20 yrs), 30401
power bases, compliance & identification & internalization & liking & need for surveillance, 18–21 yr olds, 30404
power structures & guidelines for aiding decision-making in higher education committees, faculty members, 9393
power, impressions formed by unilateral initiatives, college students, implications for conflict resolution strategies, 37069

powerless vs powerful linguistic style of & ability to process persuasive messages & speaker gender, perceptions of speaker & message arguments, college students , 20862
relationship between power & cultural stories of illness & healing & survival, survivors of childhood sexual abuse of HIV/AIDS, 28563
severe physical & sexual violence victimization by peers & power beliefs, male vs female 14–20 yr old high school students, 1674
sex & personality & power relationship & frequency & severity of harassment behavior & victim response, rating of workplace situation appropriateness & sexual harassment judgment, undergraduates, 34276
shifting power distributions among contending domestic groups, dynamics of democratic transitions, Latin American countries, 1950–1990, 14186
status & power & height, sex of partner with hand on top, handholding heterosexual couples, 4716
structure of interpersonal power relations, members of communes, 4568
supervisors' social power bases, procedural justice perceptions, subordinates, 9608
targets' power in interpersonal vs intergroup situations, impression formation, college students, 33919
trust & control & involvement of employees in decision making, managers in automative industry, 22607
variables impacting marital power relations & anticipated dependence on one's spouse, elderly husbands, 20722
women's status & gender differences & distribution of power & choice of union type & nature of male–female relationship, fertility, Costa Rica, 11061

Power—Books

Broken dreams: Reflections on reason, knowledge, and power, 26892
New visions of victims: Feminists struggle with the concept, 37007
Power in the blood: A handbook on AIDS, politics, and communication, 8567

Power—Chapters

AIDS and social relations of power: Urban African-American women's discourse on the contexts of risk and prevention, 7745
Are power motivated leaders more effective? A review of McClelland's theory, 29107
Bases of leader power and subordinates' organizational commitment and effectiveness: A cross-cultural study, 29059
Conflict, social development, and cultural change, 13927
Couples, culture, and discourse: A narrative approach, 18630
Culture, power, and community: Intercultural approaches to psychosocial assistance and healing, 27172
Group support systems, power, and influence in an organization: A field study, 32465
The "ideograph": A link between rhetoric and ideology, 4383
The others in my I: Adolescent girls' friendships and peer relations, 20631
Power, persuasion, and deception, 11138
Reflections on interpersonal influence and social power in experimental social psychology, 23981

Practical Knowledge [See Procedural Knowledge]

Practice [See Also Distributed Practice, Massed Practice]—Serials

brain activity during dominant vs nondominant hand performance of practiced vs unpracticed design tracing tasks, 19–35 yr olds, 527
changes in functional regional brain activity measured via blood flow during recall of abstract designs under less vs well practiced conditions, 22–29 yr old right handed males, 20130
clinician modeling of & practice with specific structures, use of complex sentence structures in story retelling, 8–9 yr olds with vs without language impairments, 21440
delayed imitation & recall of complex behavioral sequences with vs without practice, 14–16 mo olds, 7394
discovery-learning-based exploration practice vs worked-examples practice, cognitive load & domain knowledge in database program learning, college students, 28947
effects of melodic pattern difficulty & performance experience on ability to play by ear, 7th & 10th grade winwood & brass students, implications for music education, 22389
effects of practice on location cueing & visual search performance & attentional processing, 32864
gender identification training, identification of cat gender from color photographs of cat faces vs heads vs bodies vs whole cats, undergraduates & animal care workers, 32774
interaction of task & external feedback on practice performance & learning, college students, implications for organizational behavior research, 9626
interactive physical & observational practice & dialog protocol, learning effectiveness on complex dynamic balance task, college studentsSs, 23075
list length & retention interval & disruption of rote rehearsal & order cues by irrelevant sound, recall of item & order information in free vs serial recall task, adult Ss, 3583
listening to depressed patient interviews, interrater reliability of cognitive–behavioral case formulations with depression & anxiety practice cases, clinicians with vs without PhD training, 26154
message repetition & listener age, memory for automated appointment messages, older (mean age 71.2 yrs) vs younger (mean age 19.2 yrs) Ss, 26991
model of deliberate practice as explanation for development of expertise, experienced elementary & middle school teachers, 32184
object-specific practice & prior experience & recognition thresholds for plane-disoriented pictures of familiar objects, Os, 32918
overt rehearsal as explanation of enhanced memory associated with emotion, college students, 16640
practice & habituation, inhibition of return in static displays, human Ss, 23045
practice as measured by eye movement, discrimination between task-relevant & -irrelevant information in cognitive skill acquisition, college students, test of information-reduction hypothesis, 6850
practice vs transfer designs, stimulus–response compatibility & Simon effects in choice–reaction tasks, adults, 10133
practice, learning of & changes in motor skills, 33–57 yr olds with profound mental retardation, 18160
practice, opportunistic stopping & priming of intermediate steps on alphabet arithmetic problems, college students, 10152
practice, performance on difficult spatial task, male vs female 17–45 yr olds, 3559
practice, visual search for moving vs stationary targets, 19–35 & 16–50 yr olds with vs without error knowledge, 26340
presence vs absence of peer audience & age & practice & trick length, informative & descriptive & persuasive speech in providing magic trick instructions, 5–9 yr olds, 13946
question type & brief preinterview training with instructions & practice, responses to questions in structured interview, 9–13.9 yr olds, 10772
rehearsal & performance of a music piece, perceptions of musical tension, high school & college musicians, 22532
rehearsal & relearning & subsequent forgetting of semantic category exemplars, 63 yr old male patient with semantic dementia, 15 mo study, 24804
relationship between effects of practice & forgetting, college students, 4 day study, test of strength accumulation equation, 29620
relationship between practice at reading & reading performance & organizational structure of school system, K–12th graders, 28946
repeated exercises of self-control & relation to self-regulatory strength over time, college students, 2 wk study, 29959
repeated presentation & testing of lists of semantic associates, false recall & recognition, 60–75 yr olds vs college students, 23139
specific vs variable practice distances, acquisition & retention & transfer performance of dart throw, college students, 3512
spontaneously taken notes & reviewing vs not reviewing notes, text comprehension, high school graduates, 9493
stimulus onset asynchrony & difficulty of stimulus-response mapping tasks, Psychological Refractory Period effect & practice & interference during dual task performance, Os, 32977
stimulus similarity & practice, speeded classification & RTs, adults, 10125
test-retest reliabilities & practice effects for Halstead-Reitan Neuropsychological Test Battery & other neuropsychological measures, neurologically stable 15–83 yr olds, 19638
time spent in specific practice behaviors & player performance in competition, girls' basketball team coaches & their players, 25960
working in pairs vs alone during learning &/or testing & effects of rehearsal, test performance & self confidence, male students, implications for school underachievement & misbehavior , 6206

Practice [See Also Distributed Practice, Massed Practice]—Chapters

Learning and losing syntax: Practice makes perfect and frequency builds fortitude, 3217
Repeated reading: A strategy for enhancing fluency and fostering experience, 15913

Practice Effects [See Practice]

Practicum Supervision—Serials

changes in perceptions of supervisory alliance & changes in self-efficacy expectations & satisfaction with supervision, counseling trainees, 38689
disclosure of sensitive issues in supervisory working alliance, counselors in training, 9343
preclinical & clinical consequences of nonverbal expression of negative emotions & emotional attributes, peers & supervisors of & occupational therapy graduate & undergraduate students , 15797
reflections on & themes of experiences during internship in multidisciplinary healthcare setting, doctoral-level family therapy interns & their supervisor, 38676
role as instructional change agent in teaching of inquiry during practicum, student teachers, 32194
safety issues & assertiveness issues & lack of skills in beginning therapists, need for live supervision during practicum, 38685
use of co-therapy with reflecting mirror as supervisory tool, master's & doctoral students in marriage & family therapy, 9437

Prader Willi Syndrome—Serials

behavioral & personality characteristics not related to mental retardation or obesity & age-related appearance in disorder course & effect of therapy, 0.8–36.3 yr olds with Prader-Willi syndrome, 24681
CSF concentrations of monoamine metabolites, 0.4–23 yr olds with Prader-Willi syndrome, 8039
CSF oxytocin & arginine vasopressin, 16–21 yr olds with Prader-Willi syndrome, 8069
genetic abnormalities & satiety & hypothalamic function in excessive eating behavior, patients with Prader Willi syndrome , 1935
identification of complex mental state expressions, adults with mental retardation & Williams syndrome vs with Prader-Willi syndrome, 1860
monoamine oxidase activity, 1.6–27 yr olds with Prader-Willi syndrome, 5136
nature & frequency of sleep problems & behavioral disturbance, 6 mo to 46 yr olds with Prader-Willi syndrome, 37775
obsessive compulsive symptoms & symptom severity, 4–20 yr olds with Prader-Willi vs Prader-Willi-like syndrome, 14919

Prader Willi Syndrome—Chapters

Cognition, behavior, neurochemistry, and genetics in Prader-Willi syndrome, 31113
Prader-Willi syndrome, 31096
Prader-Willi syndrome: Toward a behavioral phenotype, 31095

Pragmatics—Serials

acquired communication disorders & pragmatic skills & aphasia in brain damaged patients, 31029
addressee specificity & presence, conceptualization & encoding of agent vs topic as subject of discourse utterances given as instructions in English vs German vs Spanish, college students, 26909
affective function of right-dislocation in interactive discourse, Mandarin-speaking 7-yr-olds, 33617
analysis & cognitive function of standard case of misunderstanding in language use & dialogic action games, 23636
analysis of linguistic misunderstanding process based on examples of conversational interaction in Italian, 23618
application of relevance theory to impairment of pragmatic comprehension, 6–13 yr old children with pragmatic language difficulties, 37725
cognitive & language & social-cognitive measures, variability in use of common ground in selecting referents & seeking confirmation & signaling noncomprehension, 9–19 yr olds with mental retardation , 8448
cognitive pragmatics & cognitive science & mind/brain architecture, 29603
comparison of studies discussing role of pragmatics in determining what speakers say vs what speakers implicate, 13277
compatibility of socio-pragmatics & (Neo)-Gricean pragmatics, 806
differences in apologetic responses in English vs Polish vs Hungarian, 26916
discourse-pragmatic analysis of sentence-terminal suffix -ci in Korean, 7303
effects of brain damage on developmental pragmatics, 31182
familiarity/rationalization of permission rules & social contract forms in facilitatory rules & pragmatic determinants of conditional reasoning on Wason Selection Task, 8 vs 10 vs 11 yr olds, 23696
indeterminate linguistic space used to negotiate relational status in discourse, Chinese speakers, Taiwan, 17152
influence of pragmatics on listener's interpretations of what is said vs implicated, 30098
investigation of possibility of giving pragmatic nonformalist account of sentence structure that can explain its contribution to sentence meanings, 20416

Korean connective nuntey in spontaneous conversational discourse, 7310
mechanism of alternation and co-occurrence of arigatoo (thank you) & sumimasen (I'm sorry) in Japanese thanks, Japanese speakers & hearers, 20837
mitigators & mitigation strategies, 23970
nature of circularity in thinking about language in schizophrenia, 17862
notions of apology & ways in which apology is accepted, Akan, Ghana, 20701
person & intergroup & intragroup sociopolitical identity displays in dialogue speech event, Palestinian Arabs vs Israeli Jews, 17164
pragmatic assessment & therapy for persons with brain damage, 32065
pragmatic awareness of conversational interactions, 14.0–18.75 yr old female juvenile delinquents, 34414
pragmatic-rhetorical analysis of sequential structure & argumentative patterns & rationality & progress in historical economic scientific correspondence, T. R. Malthus & D. Ricardo, 33543
pragmatics & metacommunication theory of misunderstanding, 23621
prosodic & voice quality techniques used in reported dialogues to contextualize point of view toward reconstructed utterances in informal German conversations, friends & family members, 20831
reliability & construct validity & factor analysis of Verbal Pragmatic Rating Scale, right brain-damaged Ss (mean age 68.9 yrs) vs left brain-damaged Ss (mean age 64.4 yrs), 29356
responses to requests for clarification & ability to locate linguistic errors that provoked requests & success in providing appropriate repair, 2–3 yr olds, 20504
revisitation of issue of Cooperative Principle & pervasive nature of maxim of relevance at global level as forceful social parameter governing linguistic communication, 20836
role of pragmatic constraint & modifiability of noun phrases, interpretation of ambiguous & complex noun phrases, English & Spanish speaking college students, 36677
role of pragmatics in determining what speakers say vs what speakers implicate, commentary, 13300
seductive strategies in blues lyrics, 17156
self- vs other-reference & communicative intents & pragmatic expressions of self & use of pronouns during dyadic interaction, 14 vs 20 vs 32 mo olds & their parents, erratum, 932
study of stylistic & rhetorical forms & functions of acts of speech & language, 23625
traditional vs relevance theories of sarcasm in normal & brain-injured populations, 31283
use of linguistic structural & prosodic cues to interpret pragmatic function of given/new distinctions in sentences, Chinese-speaking 5 vs 7 vs 9 vs 11 vs 13 yr olds vs adults, 7384
vagueness & approximation as examples of loose talk & relevance theory vs systemic-function & social semiotic framework-based analysis, commentary, 17161
verbal vs nonverbal implicature processing, right-brain-damaged 38–78 yr olds vs left-brain-damaged 26–78 yr old stroke patients, 31168

Pragmatics—Chapters

The development of pragmatics: Learning to use language appropriately, 10825
Pragmatics, cognition, and communication in traumatic brain injury, 37931
Vocalics: Sound and silence, 10712

Pragmatism—Serials

pragmatic psychosocial treatment approach, 6–17 yr olds with anxiety disorders, 38032

Pragmatism—Books

The case for pragmatic psychology, 9783

Pragmatism—Chapters

Functional contextualism: A pragmatic philosophy for behavioral science, 6510
A normative framework for approaching the international arena: A pragmatic perspective, 32394
A pragmatic approach to clinical counselling in context, 21734
A pragmatic perspective toward treating children with phobia and anxiety problems, 37421
Understanding functions: A pragmatic approach, 36653

Praise—Serials

person vs process praise & criticism, contingent self-worth & coping, 5–6 yr olds, 20575

Prayer—Serials

prayer & identity & religious commitment, college students (aged 18–32 yrs), 20696
private prayer in spiritual coping, psychological adjustment, 40–80 yr olds following coronary bypass surgery, 2461
training in meditation, occurrence of spontaneous thoughts during working memory task vs recitation of prayer vs quiet, 19–53 yr olds, 29550
use of prayer & religious coping, 35–87 yr old caregivers of persons with Alzheimers disease & related disorders, 28206

Prayer—Chapters

Prayer, 23861

Praying Mantis [See Mantis]

Precocious Development—Serials

crystallizing experience, 10–14 yr old musically precocious male middle school students, 25824

Precocious Development—Chapters

Deviations in growth and pubertal development and their treatment: How consistent are patient's and physician's outlooks?, 25319
Precocious and delayed puberty: Psychology and clinical management, 24617

Precognition—Serials

author's spontaneous precognition during dreams, 1 yr naturalistic study, 3618
near death like experience during ECT & recovery from suicidal depression & precognitive vision, female patient, commentary, 15933

Preconditioning—Serials

alternating vs blocked & variable interval between preexposure to compound flavors with common element, taste discrimination & aversion generalization, male rats, 29683
blockade of cholinergic receptors in somatosensory barrel cortex, long-term changes in evoked potential during sensory preconditioning & neuronal plasticity, rats, 3881
stimulus presentation & preexposure & extinction conditions & mechanisms of odor-mediated taste augmentation, rats, 23186

Predatory Behavior (Animal) [See Animal Predatory Behavior]

Predelinquent Youth—Serials

anti-gang advertising, opinions & attitudes, 12 –17 yr old at-risk youth & gang members, 34399

Predictability (Measurement)—Serials

content vs form variables, prediction of recall & readership & evaluations of business to business print advertising, readers, 6402
criterion measurement outcome model to test predictions of movement from precontemplation to contemplation to preparation stages of change, 18–75 yr old smokers, 24 mo followup, 28787
differential prediction in cognitive ability test scores, job performance ratings by majority group vs matched-race raters, Black vs White employees, 38964
efficacy of clock drawing test to predict presence of very mild Alzheimer's disease, outpatients with probable Alzheimer's disease, 101
non-linear analyses of periodicity vs randomness vs chaos in & mathematical model of vigilance during feeding, purple sandpiper & doves & choughs, commentary reply , 13448
non-linear analyses of periodicity vs randomness vs chaos in & mathematical model of vigilance during feeding, purple sandpiper & doves & choughs, commentary, 13468
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, 8482
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, commentary, 34525
predictive factors of long-term outcome of bulimia, females (mean age 35.3 yrs), 11748
predictive model-based compensation schemes for automated robust speech recognition, 6432
predictors of social dominance & rates of aggression, gilts, 16796
role of communication & aggression in predicting adverse marital outcomes, newlywed couples, 4 yr study, 27182
validity of aptitude battery for predicting training success, enlisted Air Force personnel, 32728

Predictability (Measurement)—Chapters

Medical and psychosocial predictors of breast cancer treatment decisions, 21515

Prediction [See Also Academic Achievement Prediction, Occupational Success Prediction]—Serials

ability of family history density of alcoholism to predict alcohol dependence, adults, 1805
accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr followup, commentary reply, 34289
accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr followup, commentary, 34270
accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr follow up, 5039
accuracy of prediction about longevity of dating relationships, college students vs their roommates vs their parents, 6-mo & 1 yr followups , 37072
accuracy of violence risk prediction among psychiatric inpatients, medical residents assigned emergency rooms in psychiatric hospitals, 15600
actuarial vs clinical methods of assessing risk factors for violence, patients with mental disorders, 16405
addition of non-cognitive & outcome specific sociocognitive predictors to social cognitive model of determination to lose weight, 18–48 yr old healthy weight female university students, 23996
affect & outcome expectations & self efficacy & behavioral intentions, prediction of health related risk behavior, 35–75 yr olds following 1st myocardial infarction, 34595
age & edentulousness & time since withdrawal of & polypharmacy with antipsychotics & absence of anticholinergic treatment as predictors of mortality, male vs female 25–89 yr olds with schizophrenia, 2404
age & familiarity & level of exposure, prediction accuracy of text material, 18–22 yr olds vs 35–48 yr olds, 29637
antecedents of recovery from social phobia, 15–64 yr olds, 24329
anticipated emotions of decision outcomes, choice behavior for monetary gambles, college students, 29581
apolipoprotein E-epsilon 4 genotype as predictor of days of unconsciousness & functional outcome, 18–73 yr old survivors of traumatic brain injury, 11890
attention vs conduct problems as predictors of adjustment problems & mental disorders, male vs female 4–16 yr olds, 6 yr study, 37231
attraction to & perceived lack of alternatives & personal investment & obligation in prediction of intention to stay vs quit, turnover, volleyball referees, 9662
baseline NIH Stroke Scale & TOAST subtype diagnosis, power of outcome prediction, patients with ischemic stroke, 26128
behavior & temperament tests, prediction of efficiency & suitability in work as adult police dog, German Shepherd puppies, 2 yr study, 26489
behavioral & intellectual abnormalities in psychological assessments, later development of schizophrenia, 16–17 yr old males, 34151
behavioral theories of choice & contextual view of reinforcement in predicting substance use, psychiatric outpatients (mean age 38.41 yrs), 30878
belief that persons are to blame for their mental illness, prediction of participation in campaign against mental illness stigma, college students, 24132
changes in predictors of abstinence depending on timing of follow-up after alcohol treatment, adult males who completed inpatient alcohol treatment, 12 mo study, 11604
childhood mental health problems & family disadvantage, likelihood of preadolescent & adolescent smoking, 5–15 yr olds, retrospective data from longitudinal study, 7528
childhood predictors of subsequent violent behavior, 25 yr olds, 27909
clinical decision theory in prediction of response tests for conductive hearing loss, 2–10 yr olds, 15066
clinical judgment in model of clinician prediction of violent behavior, 14–65 yr old patients seen at urban psychiatric emergency room, 6 mo study, 8073
clinical predictors of & prevention strategies for suicide, adolescents, 11564
cognitive & social & environmental & demographic predictors of health promoting behaviors, 16–19 yr old rural African American & white females, 2499
cognitive ability profiles as predictors of response to mnemonic training, serial word & proper name recall, community-dwelling 55–88 yr olds, 2 wk study, 36268
cognitive heuristics & debiasing methods, experts' ability to predict performance of novices in completing new task, novice & intermediate & expert users, 26395
cognitive styles & life events, prediction of depressive & hypomanic mood swings, college students meeting criteria for cyclothymia or dysthymia or hypomania, 17856
commitment as predictor of physical &/vs emotional dating infidelity, college students, test of investment model, 30357
computational model of face space based on principal components analysis, prediction of judgments of face similarity, college students, 10058
concurrent criterion validity of Campbell Interest & Skill Survey vs Strong Interest Inventory for prediction of college majors, 18–46 yr old college students, 32717
content specificity hypothesis in prediction of negative events & anxiety & dietary restraint, college students (mean age 21.76 yrs), 27353
contrasting cases analysis & text or lecture on psychological phenomena, generation of differentiated knowledge structures & prediction of hypothetical experiment outcome, college students, 15894
coping & emotional distress in prediction of survival time, 32–84 yr old patients with lung cancer, 31158

counseling attendance & opiate abstinence at Week 2 of methadone maintenance treatment, prediction of treatment retention & ongoing drug use at 6 & 9 mo, 24–66 yr old drug abusers, 25532
course & prediction by acute stress reactions, posttraumatic symptom formation, traffic accident victims, prospective 1 yr followup study, 14612
cross cultural differences in sociodemographic & attitudinal variables predictive of & overall willingness to seek help, young adult university students & recent graduates, Hungary vs Israel vs US, 1303
defense style & prediction of personality disorder traits, 17–52 yr olds, 34246
degree of protection by aggregate frequency formats against biases typically found in single-event probability judgments, college students, 13283
demographic & behavioral & physiological & psychological characteristics, 18–61 yr old low or moderate or high dosage physical activity participants, 31830
demographic & diabetes & depression characteristics as predictors of response to cognitive behavior therapy for depression, 21–70 yr olds with type 2 diabetes & depression, 5536
demographic & psychosocial & sexual behavior predictors of reinfection, 15–19 yr old Black males with sexually transmitted diseases, 37781
demographic & social & financial & personality & treatment motivation predictors of attrition, 19–60 yr old males enrolled in batterergroup treatment program, 14659
depression & anxiety as predictors of smoking initiation, 14 & 15 yr olds, 952
depression & medical illness & memory as predictors of recovery of functional self-care abilities, older medical rehabilitation inpatients who had lived alone prior to admission , 2672
depressive predictive certainty & causal certainty & depressive symptomatology, students, 6-wk prospective study, 17868
depressive symptoms as predictor of trajectory of marital quality, newly 1st-time married husbands vs wives, 4 yr study, 7673
development & application of test assessing emotional intensity of reactions to & frequency of positive & negative events, prediction of depression, college students (mean age 19.37 yrs), 27514
diagnosis of acute stress disorder & symptoms as predictors of later diagnosis of PTSD, victims of violent assault assessed at 1 mo & 6 mo after crime, 14600
disease course & characteristics & predictors, patients with schizophrenia, 3 yr followup, 14589
drug use & law abidance beliefs & sensation seeking & fear of victimization & high risk group identification & self protection needs & behaviors & demographics, violence, adolescents, 1 yr followup, 37609
early psychological disorders & psychological & behavioral attitudes & trauma-related predictors of chronic PTSD, 13–50 yr old rape victims, 1 yr study, 8254
early risk factors for & predictors of depressive symptomatology, male vs female 18 yr olds followed since age 5, longitudinal study, 30662
efficacy of state form of Multiple Affect Adjective Check List-Revised, prediction of success in Air Force basic training, US Air Force recruits, 12917
epidemiology & predictors & long-term course & outcome of panic disorder, 8184
estimates of cross-validity for stepwise regression & with predictor selection, population samples, 9977
ethnicity & gender & IQ & child care amount & family literacy environment & maternal education as predictors of academic skill, kindergartners, 9471
externalizing behavior symptoms alone & in combination with other child & family risk factors, prediction of future conduct problems, kindergartners & 1st graders, 6 & 30 mo followups, 27026
extracting regularities from external environment & time & space through prediction learning, mobile navigating robot, 32477
factors affecting & prediction of psychiatric hospital service utilization, children in protective custody, 15598
factors affecting suicide risk & prediction, elderly, 1684
factors identified at initial or post-treatment assessment best predicting outcome, 25–75 yr old psychiatric outpatients with neurotic disorders, 5-yr followup, 1655
factors influencing & predictors of psychosocial functioning in adulthood & current social circumstances, 33 yr olds with mild mental retardation, 18165
factors predicting & rates of suicidal behavior, male vs female 8–17 yr old psychiatric outpatients, 5057
factors predicting treatment outcomes & compliance, 5–18 yr old male juvenile sex offenders in a community-based treatment program, 12558
factors that predict anticipation of future caregiving, grandmothers (aged 57–92 yrs) & mothers (aged 39–71 yrs) & granddaughters (aged 18–44 yrs), 7677
father &/vs mother physical child abuse, prediction of child aggressive behavior, male vs female college-age children & their parents , 37493
five-factor personality model dimensions & prediction of athletic performance, 18–21 yr old female athletes, 29170
frequency & predictors of relationship dissolution, 14–46 yr old pregnant females in differing family types with at least 1 child, 30321
handwriting vs word processing vs word prediction with speech synthesis remedial programs, legibility & correct spelling, 9–10 yr olds with severe spelling problems, 34465
health & cognitive & psychosocial & personality factors & SES & health behavior as predictors of mortality, 70–85 yr old males vs females, 3.6 yr followup , 14091
heuristic for prediction of presidential greatness from popular vote victory margin, 9971
household cigarette & alcohol & drug use, future use, 11–16 yr olds, 8380
illness behavior & disorder characteristics & other psychological predictors of frequency of physician consultations, patients with functional gastrointestinal disorders, 14903
institutional lifestyles & prediction of physical assault or theft victimization risk, 16–61 yr old correctional institution inmates, 2727
instrumental activities of daily living,predictive value in incident dementia, community dwellers aged 65 yrs & older, 3 & 5 yr follow ups, 18345
intentions based on attitudes vs subjective norms & locus of control, prediction of normatively vs attitudinally controlled behaviors, undergraduates, 14327
interaction patterns in problem-solving discussion, prediction of martial satisfaction, newlywed couples, 1 yr study, application of cumulative point graph methodology, 14152
interactional factors related to recognition of suicide risk, 19–61 yr old schizophrenia patients receiving psychiatric care at time of suicide, 30747
interface pressure & car seat driving discomfort, middle-aged male vs female drivers, 12945
internal consistency & reliability & prediction of alcohol use of Leeds Dependence Questionnaire, 11–48 yr olds, 29416
interviewer experience & positive predictive value & cost of telephone screening, research assistants vs senior investigators screening 19–82 yr olds for chronic depression clinical trial, 18491
longitudinal predictors of cigarette smoking behavior, economically-disadvantaged inner city youth (mean age 12.8 yrs), 2 yr study, 30226
making performance prediction immediately after reading text vs after delay with test given immediately after vs after delay, accuracy of performance prediction, undergraduates, 283
Matching Law, prediction of sexual activity & contraceptive use, 14–19 yr old females, 904
maternal IQ & parental education & proximal environmental factors, cognitive ability & IQ, male vs female 5 yr olds, 7373
Maternal Perinatal Scale ability to predict & distinguish learning disabilities, 6–16 yr olds, 1869
measurement structure & predictive power in instructional subjective lifetime personality variations, 26–64 yr olds, 7894
mental model theory of reasoning & prediction of cognitive illusions during inference in logical thinking, college students not trained in logic, 29570
model of correlates predicting maintenance of regular exercise, 17–69 yr olds with long-term mobility impairments, 14908
models with service quality &/vs life satisfaction, prediction of service satisfaction, nursing home residents, 5892
mood & psychological well-being as a predictor of disease outcome 6-mo later, 26–85 yr olds newly diagnosed with amyotrophic lateral sclerosis/motor neurone disease , 21465
multidimensional confirmatory factor analysis & individual & organizational predictors of politics perceptions, 23–71 yr olds, 1150
mutual dependence of octave-band weights, speech intelligibility prediction, listeners & speakers, 23064
negative mood regulation expectancies & prediction of coping & depressive symptoms, 28–68 yr old female registered nurses, 32147
negative self concept vs unstable self concept, prediction of wife assaulters, wife assaulting vs non-assaulting men (mean age 38.1 yrs), 37498
neurological signs & test scores as predictors of cognitive & neuropsychological performance & ability to discriminate from healthy Ss, schizophrenia patients (aged 18–61 yrs), 34141
neuropsychological performance, arithmetical achievement prediction, nursery school children, 4426
newlywed interaction, prediction of divorce & marital stability, married couples, 6 yr study, comment, 27175
norm-based vs absolute coding models for prediction of face recognition of White vs Asian caricatures, White adults, 3454
objective personality inventories & suicide prediction & risk assessment utility, 27784
obstetric complications at birth, prediction of drug treatment outcome, 1st-episode schizophrenic 14–39 yr olds, 25140
ought & ideal & feared self-discrepancies as predictors of agitation- & dejection-related affects, college students, 24008
parameters in prediction of post operative performance, cochlear implant users with postlinguistic deafness, 22286
parental attributions as predictors of educational involvement, school achievement, 6th graders & their parents, 38841
parental sociopathy & substance use & marital violence & poor family functioning, prediction of childhood sexual abuse, 18–43 yr old females, 14683
patient & caregiver variables at palliative care referral, prediction of caregiver psychological symptoms & bereavement outcome following cancer patient's death, family caregivers, 28718
patient characteristics & type of medication & postdischarge events, prediction of medication compliance after discharge from inpatient psychiatric care, adolescents with affective or conduct disorder, 8923
patient profiling & prediction of psychotherapy responses from intake assessment, individual psychotherapy outpatients (mean age 37.2 yrs), 34792
patient satisfaction & psychiatric hospitalization & administrative measures as predictor of quality of mental health care, military veteran patients with psychiatric diagnosis, followup study, 31873
patterns & behaviors predictive of drug use, high school students, Mexico, 1808
peer ratings vs peer nominations during training as predictors of performance criteria, 18 & 19 yr old female soldiers, 32353
performance on driving simulator as predictor of future automobile accidents, aged adults, 14083
performance on test of copying ability & prediction of survival rate, male vs female patients with Alzheimer's disease, 18358
persistence & prediction of child abuse potential, mothers whose children had been under Child Protection Services supervision, 21241
personality & clinical predictors of recurrence of depression, depressed patients treated for 8–76 wks, followup study , 14477
personality characteristics as predictors of subsequent new-business start-ups via Five Factor Personality Model, outplaced managers & executives, 12766
person–environment congruence in prediction of job performance, 20–51 yr old customer service representatives, 12808
phallometric assessment of sex offenders for prediction of re-offending & monitoring of therapeutic interventions, 37601
physical abuse as risk factor for adolescent psychopathology, officially documented physically abused 12–18 yr olds, commentary reply, 34280
physical abuse as risk factor for adolescent psychopathology, officially documented physically abused 12–18 yr olds, commentary, 34279
physical health & cognitive impairment & depression, prediction of physically or verbal nonaggressive agitated behaviors, 60–97 yr olds attending senior day care, 36880
poor marital & family relations & predictive value for subsequent occurrence of depression, older adults, Finland, 27602
positive & negative emotional content in conversations about marital conflict, prediction of divorce & future marital relations, young adult newlywed husbands vs wives, 4–6 yr study, 36955
positive & negative themes in narratives, prediction of complicated grief, 28–56 yr olds who had experienced recent spousal loss, 6 & 14 mo followups, 7674
positive emotional & conflict resolution conversations, prediction of marital adjustment or divorce, spouses with marital conflict in marriage counseling, 4-yr follow-up, 38112
pre & post migration variables predicting psychological distress & self-destructive behavior, 17–29 yr old Vietnamese Amerasians fathered by US servicemen & civilians during Vietnam War, 1097
predictability of model of caregiver burden & infectious illnesses, caregivers of persons with schizophrenia or schizoaffective disorder, 31972
predictability of model of schizophrenia caregiver burden & infectious illnesses, caregivers of 21-58 yr old persons with schizophrenia or schizoaffective disorder, 31974

predictability of peer problems based on IQ & neurological severity & visibility & parent- & teacher-rated adjustment, 6–8 yr olds with hemiplegia in mainstream education, 3 yr follow up, 18448
prediction of discharge status, adolescents who completed residential treatment, 15584
prediction of DSM-III-R diagnoses from Youth Self-Report scores, homeless 13–21 yr olds, 35948
prediction of dysfunctional job behavior, law enforcement officers, 9762
prediction of medium-term outcome by cortisol response to combined dexamethasone-corticotropin releasing hormone test, 25–79 yr old inpatients with major depression, 24233
prediction of persisting postconcussion symptoms,17–65 yr olds with mild to moderate head injury, 7–10 days & 3 & 6 mo followup, 14907
prediction of prison-based sex offender treatment program, incarcerated adult male sex offenders, 22298
prediction of quality of life from symptomatology in schizophrenia at exacerbation & stabilization, patients with schizophrenia, 24243
prediction of reinforcing responses to psychostimulant using brain dopamine D2 receptor levels, males (mean age 34 yrs) who liked vs disliked iv methylphenidate, 33506
prediction of responsible environmental behavior through environmental literacy variables, secondary teachers, 26002
prediction of retrieval in face matrix learning task, patients with right posterior vs right frontal brain lesions, 18437
prediction of single episodes of relapse drinking during treatment, 28–61 yr old males, 25526
prediction of source & recency & degree of stress & suicide ideation, 14–18 yr old high school students, implications for prevention & intervention, 17995
prediction of training outcome, 17–34 yr old Air Force basic trainees referred for psychological evaluation & returned to duty, 25975
predictions of responses to fluoxetine, 7–17 yr old outpatients with major depressive disorder, 31663
predictive accuracy with human intuition & mechanical decision models, accounting students, 6876
predictive relationship between dichotic listening deficits & substance use, young boys (mean age 11.3 yrs), 3 yr study, 30911
predictive utility of sociodemographic variables &/or comorbid medical conditions &/or perceived health status & programmatic treatment for overweight persons seeking vs not seeking treatment, 18861
predictors of & factors related to client participation in victim–offender mediation programs, 22203
predictors of additional service use following treatment for major depression, 13–18 yr olds, 14479
predictors of cognitive behavioral therapy outcomes, patients with generalized social phobia vs nongeneralized fear, replication of study by D. L. Chambless et al, 24342
predictors of continued usage of physical restraints despite staff education on restraint reduction, nursing home residents (mean age 83.9 yrs) & staff, 15759
predictors of developmentally appropriate classroom beliefs & practices, 1st–3rd grade teachers, 9389
predictors of drug treatment response, patients with first-episode schizophrenia or schizoaffective disorder, 18730
predictors of dysfunctional marital interaction & deterioration & divorce based on Time-1 interaction, 4 yr study, 23896
predictors of effectiveness of primary health care teams, primary health care personnel, 15493
predictors of healthy aging, 45–68 yr old males of Japanese ancestry with high life expectancies, 28 yr study, 844
predictors of illicit substance use, adolescents & young adults, 1800
predictors of improvement in P300 latency, 27–54 yr olds with history of exposure to organic solvents & mild solvent encephalopathy, 1.5 yr follow-up, 5189
predictors of influenza vaccine acceptance, healthy 17–67 yr olds, 38444
predictors of language development, 20–34 mo olds with early expressive language delay, 23715
predictors of later marijuana use & the implications for intervention programs & policy making, 12506
predictors of military discharge, young adults entering US Air Force Basic Military Training, 25986
predictors of mortality in relation to severity of cognitive impairment, 65–85+ yr old nursing home residents with Alzheimers disease, .1–4.8 yr followup, 31229
predictors of outpatient medical appointment attendance, 18–58 yr old outpatients in public hospital ambulatory care HIV clinic, 7 mo study, 28685
predictors of parent–child reading, 16–72 yr old low income caregivers & 12–66 mo old pediatric patients, 5199
predictors of performance, National Hockey League players, 9663
predictors of quitting smoking, 12–19 yr olds, 15644
predictors of receiving aftercare after psychiatric emergency room visit, individuals (mean age 35.7 yrs) with severe mental illness, 1 & 3 & 18 mo followups , 12484
predictors of recidivism, male incest offenders, 21364
predictors of safety belt use among crash-involved drivers & front seat passengers, adjustment for over-reporting of belt use rate & comparison with police-reported crash data, 35771
predictors of use of chronic care services, impaired members of Social Health Maintenance Organization demonstration, 35181
predictors of well-being & quality of life & life satisfaction, African Americans, 12 yr study , 11187
pretherapy & process variables, prediction of dropout in time-limited interpretive individual psychotherapy, completers vs dropouts, 34805
prevalence & predictors of inhalant use, urban American Indian youth originally assessed at 5th–6th grade, 7 yr study, 11620
processes of change & pros & cons of smoking, prediction of progressive movements through stages of change, smokers, 1 & 2 yr followups, prospective analysis of transtheoretical model, 23941
psychiatric & neurologic predictors of psychogenic pseudoseizures outcomes, adults, 37858
psychiatric comorbidity & psychological variables as predictors of functional impairment, patients with fibromyalgia syndrome, 11784
psychological & neuropsychological predictors of coping patterns to disease-related stressors, patients with multiple sclerosis, 11906
psychophysiological factors in prediction of flight training success, 18–24 yr old pilot school students, 20235
psychosis & positive & negative symptoms & posthospital functioning as risk factors for suicidal activity, patients with schizophrenia vs schizoaffective disorder, 7.5 yr study, 21140
psychosocial & drug use variables in adolescence predictive of drug use problems in adulthood, 16 yr old females, 3 yr study, 18081
psychosocial & sociocultural predictors of inpatient treatment outcome, adolescents with substance abuse problems, 8-mo study, 5926
psychosocial risk factors associated with recidivism & predictors of survival in community, 10–17 yr old offenders, 1-yr followup, 24571
PTSD & other predictors of health care consumption, Australian veterans of Vietnam War, 9123
quantity & frequency information with age of onset of drinking may increase capability to predict future alcohol problems , 34381
rate & predictors of relapse, male alcoholics (mean age 42.4 yrs) who had achieved long-term abstinence, 2–17 yr follow-up, 8355
recovery rate & relapse predictors, 13–45 yr old females with anorexia or bulimia nervosa, 7.5 yr study, 27976
relation among shyness & sociotropy & sociability & prediction & indices of interpersonal concern, college students, 17653
reliability & validity of DETERMINE Checklist, measurement of nutritional status for future functional disability & depressive symptoms & mortality, high-risk 70+ yr olds, 29358
Reliable Change Index with vs without practice effects & simple & multiple regression models for predicting retest scores & analyzing performance changes on neuropsychological measures, 15–75+ yr olds, 19644
resume characteristics as predictors of invitation to interview, job applicants, 12803
risk factors for homelessness, 20–52 yr old recent participants in residential treatment program for low-income substance abusers, 18061
risk of court contact & predictors of early age for first court contact, at risk youths with conduct problem behaviors, 3243
role of aggression & other dysregulated behaviors in prediction of peer problems & antisocial behaviors, 3–6 grade boys, 4 yr followup, 11555
role of orthostatic hypotension as risk factor for cognitive decline, home-dwelling & institutionalized 70–85+ yr olds, 21522
routine activity theory model for prediction of women's stalking victimization, 16–54 yr old females, 14688
scales for measuring current & worst suicide ideation & Beck Hopelessness Scale, prediction of suicide risk, psychiatric outpatients, 10 yr study, 19608
scientist–practitioner model of violence risk assessment & prediction , 37455
screening questions during health care maintenance visits that predict subsequent violence-related injury, 15–17 yr olds, median follow up 5.5 yrs, 24723
self perceived vs actual peer acceptance in childhood, as predictors of major depression in adolescence, 4th–5th graders, 14489
sequential relationship between child's aversive behavior vs compliance episodes & mothering reactions via predictability hypothesis, abusive vs nonabusive mothers & their 4–13 yr olds, 17981
severity of agoraphobia & presence of hypochondriacal symptoms & duration of illness & age at onset as predictors of 1-yr outcome, outpatients with panic disorder treated at Japanese hospital, 11475
social development constructs in the family, prediction of antisocial behavior during elementary school period, 1st & 2nd graders, 2 yr study, test of social development model, 24392
social indicators & prediction of drug & alcohol addiction & treatment costs, adults, 1793
sociocultural & demographic characteristics & rape at 1st intercourse, 15–50 yr old females, Central African Republic, 14654
sociodemographic & clinical & familial factors predicting delay between onset of psychotic symptoms & 1st hospitalization, 16–59 yr old psychiatric inpatients, 8083
sociodemographic & familial & victimization & peer & externalizing & internalizing behavior factors in prediction of suicidal behavior, homeless & runaway 12–21 yr olds, 21277
sociodemographic & occupational & health factors as predictors of changes in alcohol intake, 40–50 yr old non vs occasional vs light vs moderate vs heavy drinkers, 2 yr study, 17548
sociodemographic & psychological & physical predictors of participation in & adherence to home-based exercise training program, functionally limited community-dwelling 60–94 yr olds, 4521
sociodemographic characteristics & illness & violence history & clinical status & medication adherence & substance abuse as predictors of violence, inpatients with severe mental illness, 8020
sociodemographic variables & psychiatric history & insight into symptoms & other factors, violence prediction, inpatients with schizophrenia or schizoaffective disorder, 30694
software tool CREWS-SAVRE for scenario generation & prediction of nonnormative system exceptions & taxonomies, 35778
stereotypes about inhabitants of "establishment" vs "counter-culture" campus residences, predictions of residents' behavior, college students, 4744
subclinical depressive symptoms in adolescence, adult depression, 9–26 yr olds, longitudinal study, 8114
symptom-based risk factors as predictors of chronic course of treated depression, unipolar depressed patients (mean age 37.6 yrs), 10 yr study, 24216
theory of planned behavior model & attitude & social norm & perceived behavioral control & habit, prediction of exercise, 65–70 yr old military beneficiaries, 5801
time factors in prediction of achievement & dropout, 6–16 yr olds learning violin or viola, 9429
Twisted Pear theory of prediction of rehabilitation outcome, 28744
types of verbal imprecision & prediction of problem-solving performance & processes of knowledge change, 9.9–12.5 yr olds, 20513
use of attachment theory in predicting male to female relationship violence, couples, 8270
use of avoidance coping & active coping in prediction of disease progression, gay males with HIV infection, 7 yr prospective study, 11837
use of Engagement Skills Trainer to predict live-fire rifle marksmanship performance, US Army soldiers, 9666
use of homogeneous vs unidimensional predictors in measures of personality traits in personnel selection research, 22587
use of statistical time series forecasts affected by special events, judgmental forecasters, 13281
use of the modified Kral procedure & facilitory & oppositional paratonia as predictors of performance on motor & nonmotor tests of frontal lobe function & cognition, 54–84 yr old patients , 2009
use of the modified Kral procedure & facilitory & oppositional paratonia as predictors of performance on motor & nonmotor tests of frontal lobe function & cognition, comment & reply , 28115
utility of health belief model for predicting intent to use carrier screening for cystic fibrosis, 18–45 yr old males & females, 25354
utility of MMPI-2 clinical & content scales related to emotional distress, prediction of multimodal treatment outcome, patients with chronic back pain, 31079
utility of neuropsychological assessment, prediction of driving competency, patients with neurological injuries (mean age 46.75 yrs), 32682
utility of psychodiagnostic interview in MMPI–2 screening scales in prediction of drug abuse, mental health outpatients (mean age 33.22 yrs) without primary diagnosis of drug abuse, 9906

validity & accurate prediction of therapist ratings in MMPI—2 content scale constructs & structure, male vs female outpatients (mean age 33.16 yrs), 9870
variables in prediction of assessment of strength in helping alliance after 1 yr of treatment, case managers & therapists of patients with psychiatric disability, 18516
variables that predict verdict, domestic violence cases, 37452
variations of soft keyboards, prediction of text entry rates, college students with novice vs expert experience , 35742
work & non-work related support & occupational stress as predictors of job satisfaction & mental health in Job Strain Model, psychiatric nurses, 9359
Prediction [See Also Academic Achievement Prediction, Occupational Success Prediction]—Books
Statistical analysis of longitudinal categorical data in the social and behavioral sciences: An introduction with computer illustrations, 32748
Prediction [See Also Academic Achievement Prediction, Occupational Success Prediction]—Chapters
Determining social-structural predictors of homicide: Units of analysis and related methodological concerns, 6727
Evolutionary psychology: Ultimate explanations and Panglossian predictions, 36652
Linking gender to educational, occupational, and recreational choices: Applying the Eccles et al. model of achievement-related choices, 1179
Predicting violence in mentally and personality disordered individuals, 34420
Psychosocial predictors of chronic pain and response to treatment, 14941
Predictive Validity—Serials
accuracy & efficacy of academic factors & peer rejection & aggression & withdrawal & other social factors as predictors of adolescent antisocial behaviors, male vs female 3rd–5th graders, 7 yr study, 34288
alternatives to within & between analysis of predictors & criterion in occupational performance prediction validation , 6679
concurrent & predictive validity of DSM-III-R diagnosis of personality disorder, hospitalized 12–18 yr olds, 2 yr followup, 37431
concurrent & predictive validity of Perceived Criticism Measure's Criticism & Upset subscales, college students, 3305
criterion-related validity of situational interview, assessment of past behaviors or future intentions, 9994
development & predictive validity of short screening scale for DSM-IV PTSD, 18–45 yr olds, 22857
examines predictive & construct validity in cognitive tests with respect to biases since 1980, 32570
factor structure & predictive validity of Obsessive Compulsive Drinking Scale, measure of alcohol-related craving, alcohol-dependent adults, 9892
factor structure & validity of Temptation & Restraint Inventory, prediction of drinking restraint, male adults (mean age 23 yrs) vs female adults (mean age 22.5 yrs), 34347
factor structure of Obsessive Compulsive Drinking Scale & subscale distinctiveness & internal consistency & predictive validity & differentiation, alcohol dependent patients, 36028
gender bias & criteria-related & predictive validity & dimensionality & structure of Spanish translation of Test Anxiety Scale for Children, 12–14 yr old primary school children, 19650
incremental validity of Differential Ability Scales factor scores, prediction of individual achievement criteria & cognitive ability, exceptional vs nonexceptional 6–17 yr olds, 13113
predictive & convergent validity of analytic hierarchy process vs conjoint analysis methods of attribute variation, college students, 6713
predictive utility of traditional vs teacher-defined concepts of creative personality as related to creative performance, 3rd & 4th graders & their teachers, 32283
predictive validation of Multnomah Community Ability Scale, functioning level, clinically mentally ill consumers (mean age 43 yrs), 1 yr study , 22884
predictive validity for Medical College Admissions Test alone & with other preadmission data, medical students grouped by race/ethnicity & gender, 2755
predictive validity of Alberta Infant Motor Scale vs Peabody Developmental Gross Motor Scale vs Movement Assessment of Infants, measurement of gross motor development, infants, 18 mo study, 4399
predictive validity of Basic Language Morningness Scale measured by morning vs night study time, college students, 36022
predictive validity of commitment model, 9–17 yr male cricketers, England, 4398
predictive validity of computer model of operator mental workload & situational awareness in simulated air-to-ground combat, 20–32 yr olds, 29
predictive validity of DSM-III-R vs ICD-9 vs ICD-10 vs CATEGO S+, prediction of 13 yr outcome, schizophrenic 15–54 yr olds, England, commentary, 14549
predictive validity of feeling-of-knowing judgments for subsequent recognition memory performance, 18–81 yr old eyewitnesses to crime scenario, 29646
predictive validity of GRE scores, Master's degree program outcomes, graduate psychology students at Acadia University , 9946
predictive validity of Halstead Category Test as cognitive-ability correlate of motor-function recovery in upper-limb hemiplegia, 27–82 yr old stroke survivors, 29355
predictive validity of HCR-20, assessment of recidivism risk, discharged forensic psychiatric patients, 11677
predictive validity of Intrusive Thoughts Questionnaire for trauma distress, 18–80 yr old survivors of automobile accidents vs hurricanes vs airline disaster recovery work, 9812
predictive validity of Psychological Inventory of Criminal Thinking Styles, prediction of release & disciplinary outcomes, adult female prison inmates, 11679
predictive validity of Strengths & Difficulties Questionnaire vs Child Behavior Checklist in ability to distinguish high vs low risk samples, 4–7 yr olds from psychiatric vs dental clinics, 13065
predictive validity of theory of planned behavior & self-identity & impact of questionnaire format & social desirability, health-related food choice intentions, 14–67 yr olds, 32696
predictive validity of WAIS-R Verbal IQ Performance IQ splits for depression, inpatients, 13066
predictive validity of WISC-III index scores in forecasting academic achievement on Wechsler Individual Achievement Test, 8–17 yr olds, 19298
predictive value of cognitive distortion ratings in relation to psychopharmacologic treatment response, 30–86 yr olds with major depression, 2374
psychometric properties & factorial & predictive validity of Diet Readiness Test, 25–50 yr old females in obesity & binge eating treatment, 88
psychometric sensitivity & predictive validity WAIS/WAIS—R premorbid IQ estimations of cognitive decline, normal 16–88 yr olds, 9839
racial differences in self-reported vs physician evaluated morbidity & predictive validity for self-assessed health & morbidity, White & Black 25–74 yr olds, 17757
reliability & construct & predictive validity of Trust in Physician Scale, patients of primary care physicians, 22907
reliability & predictive accuracy of Violent Offender Treatment Program Risk Assessment Scale, violent offenders, 10 yr followup, 9908
reliability & predictive validity of intelligence tests, 6–12 yr olds, Netherlands vs India, 9825
reliability & validity of Brigance K & 1 screen, identification of children in need of more comprehensive evaluation, 52–69 mo olds attending a preschool Head Start program, 9827
research design & analytical strategy, ability to predict future smoking, students assessed from age 12 to age 18 yrs, Netherlands , 10842
stability & validity of individual differences in infant executive function performance, prediction of preschool understanding of theory of mind, children , 873
use of theory of planned behavior in assessment of predictive validity & causal ordering for intentions & attitudes & behavior & perceived control, 20–64 yr old hospital workers, 3 mo study, 16296
usefulness of anger measures for prediction of violent & nonviolent recidivism, 17–64 yr old incarcerated male offenders, 35945
utility of neuropsychological & cognitive tests vs Useful Field of View measure in predicting at-fault car crashes, elderly adults (mean age 70.36 yrs), 6652
utility of scores on projective vs non-projective personality measures of interpersonal dependency as valid predictors of attachment behavior,, 9832
validity of facial EMGs, prediction of subliminal conditioning, adult males, 23271
validity of hospital mortality rates as measure of quality of care, 9212
validity of hospital mortality rates as measure of quality of care, erratum, 15601
validity of measures of trait anger in predicting aggressive behavior, 15–18 yr old incarcerated juvenile offenders, 9882
validity of MMPI–2 in predicting defensive underreporting during psychological evaluation during child custody litigation, parents (mean age 37.42 yrs), 9868
validity of Physical Aggression Subscale of Aggression Questionnaire, prediction of nonlaboratory aggression, male high school hockey players , 6579
validity of short Geriatric Depression Scale versions, diagnosis of major depressive episode according to ICD-10 & DSM-IV criteria, 60+ yr old depressed outpatients, 35919
validity of Spann-Fischer Codependency Scale & relationship of codependency with age & sex & self-confidence & autonomy & succorance, college students, 11214
validity of written selection tests of cognitive & mechanical/spatial abilities, prediction of training & job performance, firefighter candidates, 22583
Predictive Validity—Chapters
Expressed and measured interests, 16400
The validity of metacognitive predictions of widespread learning and long-term retention, 3604
Predisposition—Serials
anxiety sensitivity & threat-related cognitive biases, college students, panic disorder premorbidity implications, 13297
APOE gene & -491 A/T polymorphisms, cognitive impairment in multiple sclerosis patients, implications for increased risk of Alzheimers disease, 37772
arousal predisposition as predictor of antisocial & delinquent behavior, young adults, 30811
cognitive developmental & familial factors in obsessive-compulsive disorder, children & adolescents, 34226
consequences automatic attitude activation & stimulus classification as immediate behavioral predispositions to approach or avoid stimulus, college students, 10088
development & validity of Pilot Response Predisposition Inventory, aircraft pilots, implications for aviation safety, 12984
discriminative stability of executive functioning & memory & auditory attention as schizophrenia genotype risk indicators, relatives of schizophrenia patients, 4-yr followup, 11411
familial predisposition & susceptibility to effect of risk factors for myocardial infarction, 20–93 yr olds, 21519
genetic and/or family environmental influences common to nicotine & alcohol dependence, male Vietnam era veteran twin pairs, 27886
genetic predisposition to criminal & violent behavior & recidivism & comorbidity of mental disorder & crime, 8022
head injury as risk factor–predisposition for offending, research review, 21371
integrative causal model of individual & developmental & environmental variables in development & propensity for antisocial behavior, children & adolescents, 27794
laboratory techniques for induction of dissociative symptoms, undergraduate students with high vs low predisposition to dissociative experience in daily life, 316
learning & imprinting & predispositions & mechanisms of development of filial preferences, newly hatched domestic chick, 13389
linkage analysis & transmission disequilibrium test for D22S278 marker on chromosome 22q for susceptibility to schizophrenia, families multiply affected with schizophrenia, 4957
naloxone, suppression of genetic predisposition toward high volume alcohol consumption, male rats, 26735
predictive models of interrelationship between predisposing & precipitating factors for delirium, hospitalized medical patients aged 70 yrs & over, 37853
predisposing & enabling & need components, community-based services use & type of assistance received, homeless 18 yr olds & older, 2 yr study, 18980
predisposing & enabling & need factors & use of cardiac rehabilitation services, adults in rural areas hospitalized for myocardial infarction or coronary artery bypass or angioplasty, 5908
premorbid risk factors & life experiences, elderly patients with late paraphrenia & depression, 21028
prenatal influences on adult mental & physical health, 21004
relationship of genotypes to sensitivity to & selective involvement in environmental risk factors for schizophrenia & other illness, implications for role of molecular genetics, 4966
social & environmental risk factors & stress, development of delirium, elderly, 37832
subjective vs objective vividness-of-imagery indices & disposition toward hallucination, college students, 26456
type & frequency of mental illness, 19–51 yr olds with fetal alcohol syndrome or fetal alcohol effects, commentary reply , 27847
type & frequency of mental illness, 19–51 yr olds with fetal alcohol syndrome or fetal alcohol effects, commentary, 27878
urban place of birth & residence, risk of adult schizophrenia onset, birth cohorts (maximum age 23 yrs), 37375
values & militarism & nonviolent predispositions, college & high school students, 14315
visual perception biases, psychosis-prone college students, 19736
Predisposition—Books
Nature and nurture in psychiatry: A predisposition—stress model of mental disorders, 14422
Predisposition—Chapters
Developmental theory and research, 24555

Political partisanship, 9824
Prognostications and predispositions, 28062
A vulnerability-diathesis-stress model of chronic pain: Herpes Zoster and the development of postherpetic neuralgia, 14937
Prednisolone—Serials
sertraline treatment for severe depression & irritability & violence & psychosis, 12 yr old male treated with prednisone for 7 yrs for ulcerative colitis, 8870
systemic methylprednisolone, acute nociception & pain behavior & hyperalgesia, normal vs neuropathic male rats, 20308
Preference Measures—Serials
development of patient preference questionnaire, assessment of preferred aspects of therapeutic intervention, migraine sufferers, 5731
preference assessment, preferences for task arrangement involving mobility vs sedentariness, adults with sensory handicaps & profound mental retardation, 6556
selection percentages in response to tangible stimuli vs pictorial representations of stimuli in stimulus preference assessment, 23 & 31 yr old males with mental retardation, 11716
Preference Measures—Chapters
Methods for assessing relative importance in preference based outcome measures, 26216
Preferences [See Also Aesthetic Preferences, Brand Preferences, Food Preferences, Occupational Preference]—Serials
ability to future sketch & provide multi-attribute evaluation, preference ordering of traffic policy scenarios, citizens, Netherlands, 19836
acoustic properties of & female preferences for male advertisement calls, green toads, 3688
advertisement design features & characteristics, preferences for hospital advertisements, 15–65+ yr olds, 6408
affective reactions induced by positive vs negative criticism from out-group, preferences for combinations of in-group/out-group discussion partners, college students , 7789
age & education & gender, use & perceived quality of news media & preference for terms referring to senior citizens, independent living 55 yr olds & older, 4517
age, preferences for current health states, 18–96 yr olds, 31763
alcohol intoxication & sensation seeking, gambling choices as measure of preference reversal effect, male vs female social drinkers, 30485
alcohol limited access, high vs low alcohol preference, mice, 27254
ambient temperature & fluid saccharin concentration, thirst &/vs taste-preference &/vs cold-discomfort dimensions of motivational conflict measured by fluid intake, water-deprived rats, 3643
angiotensin II, ethanol vs water vs potassium intake, male C57BL/6J mice, 33509
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary, 3229
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary, 3228
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, 3234
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary, 3225
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary reply, 3235
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary, 3224
associative learning paradigm, neurophysiological responses, alcohol-preferring vs -nonpreferring male rats, 20059
attentional priority & preference of novel context vs target information in visual stimuli, 6 mo olds , 23684
attraction & access to straw bedding, behavior & health & performance, wire-floor cage reared commercial breed rabbits at 7 & 10 wks old, 20011
attributed meanings & attitudes toward & integrative cultural dimension of end-of-life preferences & euthanasia, healthy & chronically or terminally ill 70–90 yr olds, Israel, 20924
auditory preference for conspecific song, zebra finches reared in acoustic isolation, 26492
behavior, preferences for different light intensities, 2 vs 6 wk old broiler vs layer strain of fowl, implications for poultry welfare, 33022
body coloration as visual cue for social association choices & preferences, black vs white mollies, 3734
bremazocine, unrestricted free-choice ethanol self-administration without affecting sucrose preference, rats, implications for clinical management of ethanol addiction, 17076
cancellation & focus choice model, preferences for political candidates, college students, 7849
characteristics of foot preference in unilateral context of mobility, right- vs left-footed college students, 3514
choice to switch to less-preferred experiences or options for sake of variety, college students, 29184
cognitive explanation for preferences for attractive faces, 6 mo olds, 20521
cognitive structuring of & preferences for top-down vs bottom-up sequences in verbal-pictorial learning material, male Armed Forces university students, 32176
color bias & racial preference, 3- vs 5-yr-old White South Africans, 20559
color preferences, Arctic Inuit vs Southern Canadian adults, 3455
comparison & grouping, assessments of option attractiveness & choice, human Ss, 23080
computerized touch screen procedure, conditioned pattern preferences, 29571
conceptions of ideal mate & allowance for deviations from ideal in potential partners, male vs female college students (mean age 18.9 yrs), 7856
concurrent reinforcement schedule with short vs long changeover delays, reinforcement preferences, pigeons, 10291
conflict aversion & preferences & judgments for ambiguous vs conflicting information from single or multiple sources, college students, 33999
consistency of affiliative preferences & validity of measures of affiliation as mate choice predictors, Japanese quail, 36370
consumption of & preference for sweets & excessive alcohol intake, animals & humans, 26790
correctional officers' preference for work in male vs female state prisons, implications for theory of gendered organizations, 35364
development of ingestion & taste preference for calcium, parathyroidectomized rat pups, 19944
dextro-amphetamine, food intake vs sweet fluid with cocaine intake vs location preference, monkeys, 10574
diazepam & gepirone dosages & novel object vs no object in familiar compartment, novelty-induced place preference, male rats, 20311
dimensions of experience & trade-offs & relation to preferences & stability of those preferences, consumers, 16204
discrepancies between practice & preferences for use of life-sustaining treatments, 25–65 yr old physicians vs 70 yr old & older patients, 38396
discriminate validity of phallometric testing with vs without semantic tracking task, measurement of rapists' sexual preference, rapists vs non-sex-offenders, 22867
discrimination between & preferences for mate vs neighbor vs stranger male songs, female song sparrows, 26519
disorder familiarity & time preferences & money, treatment decision making, 18–78 yr old migraine headache & Crohn's disease patients, 11964
disputant responses to & preferences for managerial resolution tactics, college students, US vs Argentina vs Dominican Republic vs Mexico, 22603
drinking practices & beverage preferences & prevalence of alcohol use disorders & their associated disabilities, 18–65+ yr olds from general population, 1391
duration of contact with stimuli & ambiguous multiple stimulus array assessments for preference, reinforcement effects, 32–52 yr olds with mental retardation, 14857
educational equality & reproductive freedom, preference for resource-acquisition characteristics in mates, males vs females, 30408
empathy & expectations & situational preferences, decisions to participate in voluntary helping behavior, college students & community volunteers, 20901
estrogen receptor alpha, sexual behavior & preferences & maze learning, knockout mice, 33352
ethnic/racial & sex differences, preference for & affective meaning of natural environments, Black vs White vs Hispanic college students, 39017
evaluative criteria used in deciding preferences for formal & informal in-home care services, elderly adults (aged 60–95 yrs), 22226
excitative vs sedative music & preference, subjective & physiological responses, 18–21 yr olds, 20396
exercise, salt preference, adult males, 17001
exercise, taste solution preferences, 19–21 yr olds, 3439
exposure to haloperidol vs amphetamine, behavioral orientation preference & changes in heminеglect, female rats, implications for evaluating neuroleptics in patients with schizophrenia, 24296
exposure to melodies & study-to-test time delays & timbre & study task changes, subsequent preference & recognition, adults, 239
eye gap & nose width, preference for schematic faces, college students, 29610
eye movement & qualitative measurement of subjective preferences for quadrangle shapes & related decision processes, 30–51 yr olds, implications for golden ratio, 32832
factor analysis of dominance in hand proficiency & preference, 7–10 yr olds, 4438
factors affecting & preferences for males of 1 of 2 host species, all-female Amazon molly fish, 16829
familiarity with male color pattern, reduction of female mating preference, guppies, 36342
family motivation & preference for sport aggressiveness, 18–75 yr old married &/or with children vs unmarried sport spectators, 6365
female preferences for temporal order of male conspecific advertisement call components, Neotropical frogs, 36372
flavor conditioning effects of intragastric infusions of maltose vs sucrose, female rats, 3642
fluorescent vs incandescent lighting preference, male turkeys reared in fluorescent vs incandescent lighting, 19927
framing & reflection & probability & payoff characteristics, risk preference & choice behavior, students, 24027
friendship development, female 16-yr-old Chinese immigrants with vs without preference for friends of same ethnicity, 7859
functional vs non-functional motives, catalog shopping preferences, adults, 35724
galactose & glucose & fructose postingestive flavor conditioning & satiation, food-restricted female rats, lactose intolerance implications, 33037
ground corn cob vs woodchips vs wood wool vs peat litter, preference & locomotion & foraging & play & social contact, captive monkeys, 20005
habitat preference & utilization by sympatrically-living patas vs tantalus monkeys, 36352
hand preference, Japanese vs Indian college students, 16926
hand preferences, male deaf adolescents (mean age 17.4 yrs), 37946
high vs low pitch singing voice preference, 6 mo olds, 7548
housing conditions & initiation procedure, alcohol drinking behavior before vs during puberty, selectively bred alcohol-preferring vs -nonpreferring vs high vs low alcohol drinking lines of rats, 713
individual differences in trust & situational variables & mood & outcomes priming & person–situation interactions, preferences for real vs ersatz social activities, undergraduates, 1318
individual preferences for uniqueness vs conformity & cultural values, 16–34 yr old European vs Chinese vs Korean Americans, 33982
influence of patient preferences & local health system characteristics on home vs hospital place of death , 1014
initial preference distribution & group discussion content, 37077
initial preferences & time pressure, group decision making, college student triads, 37066
innate alcohol preference, opioid system & brain regions, alcohol preferring vs nonpreferring rats, 33393
innate attraction & environmentally induced preference for host plant, mature vs callow worker plant ants, 33129
intentional switching between preferred coordination modes & isofrequency & multifrequency conditions across different effector combinations, college students, 32894
internal validity of conjoint analysis of consumer preferences under alternative measurement procedures, 39020
knowledge base preferences during & after degree program, Finnish nursing students from different specialty groups, 3-yr study, 32292
learning & imprinting & predispositions & mechanisms of development of filial preferences, newly hatched domestic chick, 13389
learning style preferences, 55–65 vs 66–74 vs 75 yrs olds & older adults, 23823
left side cradling preference, 24 yr old mother with dextrocardia, 8517
link between commitment & resistance to preference changes & loyalty development, 17–76 yr old service patrons, 32426
localization of class I alcohol dehydrogenases in liver, hamsters with high ethanol preferences, 20385
male figure preferences, 18–23 yr old vs 30–60 yr old males, 30507
matching vs mismatching students' time-of-day preferences, algebra test performance, high school students, 32251
mate choice copying vs preference for actively displaying males, female pied flycatchers, 16863
metric vs nonmetric multidimensional unfolding model & estimation procedure, joint space representation of rank-order preferences, college students, 32738
morphine or naltrexone, preference or aversion for drug following place conditioning, male mice, 10539
motivation & preferences for reading & writing tasks, 3rd graders, 35532

naltrexone, ethanol consumption & preference & subjective drug experience & mood, 21–35 yr old social drinkers, 36547
naltrexone, sweet & salty & sour & bitter taste detection & recognition thresholds & perception of & preference for sucrose, 28–56 yr old females, 17021
neural bases of song preferences & role of high vocal center vs caudal hyperstriatum ventral, female zebra finches, 489
neuropeptide Y, EEG response in hippocampus & amygdala & frontal cortex, male rats with vs without alcohol preference, 26763
nitric oxide synthase inhibitor L-NAME vs inactive isomer D-NAME, saccharin vs water drinking in 2-bottle choice test, saccharin preferring water-deprived male rats, 33383
nociception, ethanol intake, male alcohol-preferring rats, 10553
object attributes that determine preferred or canonical views, 18–35 yr olds, 36139
operative mortality risk, preference for local vs distant regional surgery, patients awaiting elective surgery, implications for regional health planning , 15410
option evaluation & reversals of preference between joint & separate evaluation modes, 29565
perceived effectiveness of forcing vs avoiding vs accommodating vs compromising vs collaborating conflict behaviors for achieving goals & effect on friendship preferences, university students, 33908
perceived threat in male–male competition & nest preferences, male upland bully fish, 3708
perception of nice guys & dating preferences & sociosexual orientation, 18–25 yrs old females , 37017
perceptions of financial difficulty & family strain & personal stress in short vs long-term disability & preferences for home vs institutionalized care, 65–99 yr olds, 31991
performance & preference & task complexity in ipsilateral vs contralateral hemisphere, preferential reaching with right hand, right-handed college students, 26377
personality profile & political party preference, Italian voters, 17506
phylogenetic influence on mating call preferences, female tungara frogs, test of models used to estimate ancestral call characters , 16858
positive evaluation in group preference for shared vs unshared information, dyads , 37081
pre-exposure to ethanol in sensitizing conditioned place preferences toward cocaine & rewarding effects, rats, 4193
preference & differential memory for male's bottom vs top scent over-marks, female meadow voles, 10313
preference for familiar vs unfamiliar females & courtship behavior, male guppies, implications for breeding success, 36344
preference for heavy metal music & mood & reasons for living & suicidal risk & thoughts of suicide, male vs female 10th to 12th grade students, 34301
preference for nest box size & position, common marmoset, implications for animal welfare, 33025
preference for order of application vs market vs merit vs random distribution of scarce goods, college students from market vs regulated (communist) economies & New Zealand vs Germany, 14268
preference for rearing under fluorescent lamps with vs without supplementary ultraviolet radiation, turkeys, 26470
preference for software training methods, software users, 3184
preference responses & written comments to selected music samples, music majors vs nonmajors from US vs Hong Kong vs China, 22453
preference vs utilization of long term care, stroke patients, 2555
preferences & experiences living nearby & perception of group homes, neighbors, 2602
preferences & problems in housing with 24-hr onsite support vs supported housing with onsite visits vs housing with no onsite services, adults with severe mental illness & family members, 17818
preferences for & actual treatment choices, 29–87 yr old patients with amyotrophic lateral sclerosis, 28116
preferences for & information acquisition from over the counter medicine labels, 69–90 yr olds, 10923
preferences for collective vs individualistic styles in competitive vs cooperative social interaction & altruistic behavior, 5 vs 6 yr old males vs females, 30233
preferences for different types of information about cancer, patients, 31159
preferences for odors of consubspecific vs heterosubspecific members of opposite sex, male vs female Mus musculus domesticus vs musculus vs hybrid mice , 3690
preferences for quinine & phencyclidine & caffeine solutions to water, rats, 13722
preferences in 2-model laboratory mate choice test, female eastern mosquitofish from genus without female mate choice & reared in isolation from males, 23235
preferences in school choice & values in education, parents of children in kindergarten through 8th grade in inner city vs suburban school districts, 2821
preferences ratings of & affective responses to images representing archetypal themes, 18–79 yr olds, 11216
preferred activities & sources of assistance & motivation to physical activity, 16–72 yr olds, 17639
preferred coaching styles, 10–18 yr olds in youth sports league vs their parents, 33585
preferred orientation during transport & effect of orientation on balance, horses, 10376
preferred self-to-other ratio when singing sustained vowels together with synthesized choir sounds, choir singers, 23066
price range & comparison to internal reference price & consumer's perception of attractiveness of market price, college students, 16205
prior leisure preferences & current wandering behavior, 64–94 yr old patients with dementia, 8677
process of moralization at individual & cultural levels , 24039
public opinion poll reports, voter preferences, adults, 7714
race group membership & political orientation & agreeable vs disagreeable relationship among pairs of media commentators, preferences for accommodating media representations of Blacks, White viewers, 1304
ratings of properties & preferences for sick vs nonsick jokes & personal characteristics, 16–46 yr olds, 1321
ratings of values for government- vs market-supplied goods & services, 15–44 yr consumers, 6392
reading & writing habits & handedness, aesthetic preference for left vs right facial & bodily profiles, 20–25 yr old Arabic vs Hebrew vs Russian readers , 10440
reasons for combining cocaine & cigarette use & preference for mentholated or nonmentholated cigarettes, 26–59 yr old cocaine & nicotine dependent outpatients, 8389
relationship between cognitive styles & instructional preferences, 18–58 yr old business studies students, 38879
relative preferences of social types and investigative types for tasks & people, college students, 7952
reliance of evaluation process on comparative context of alternatives, graduate students, 19824
response consistency of ranking vs visual analogue scale vs time trade-off, individuals aged 18 to over 64 yrs attending a primary care center, 31373
response effort vs stimulus arrangement novelty vs choice, selecting behavior, profoundly mentally retarded 26-yr-old female with seizure & communication disorders & atypical psychosis, 37704
resting arousal & sensation seeking & musical genre preference, male vs female college students , 30510
right vs left hand & mouth vs hand use preferences, Callithrix vs Saguinus vs Leontopithecus genera of Callitrichinae, 13384
role of ipsilateral hemisphere in mirror writing with preferred vs nonpreferred hand, left- vs right-handed college students, 26380
role of odor cues & visual information in determining familiarization with & subsequent reactions to novel half of exploration box, male vs female rats, 29723
Salvia miltiorrhiza, alcohol absorption & preference & discrimination, ethanol-preferring rats, 23496
selection percentages in response to tangible stimuli vs pictorial representations of stimuli in stimulus preference assessment, 23 & 31 yr old males with mental retardation, 11716
selective orosensory recognition of long-chain fatty acids, male rats, 20218
selective serotonin-reuptake inhibitors fluoxetine & paroxetine & citalopram & fluvoxamine, ethanol intake & preference, alcohol preferring cAA rats, 18068
self-induced anger or joy vs anxiety or sadness mood, preference for landscapes with prospect vs refuge features, 17–56 yr olds , 1327
set-valued utilities as numerical representation for strict partial orders to recover preference relation, 32736
sex & ethnicity & grade level & health risk status, preferences for provider gender & sharing physician with parents & parental presence during examinations & confidentiality of care, 5th–12th graders, 35175
simluated courtship songs, variation & consistency in preferences, female Drosophila virilis, 16817
size preference in association patterns of opposite- & same-sex individuals, male vs female sailfin mollies, 36336
social communication & accessibility of perceptions regarding voting preferences of associates during course of election campaign, registered voters, 1154
specialist models of palliative care, client satisfaction & preference, 31909
stability of preferences for treating severely vs moderately ill patients, prospective jurors (mean age 42 yrs), 31386
stochastic model of persuasion & preference change, application to 1992 presidential election panel data, 19671
sucrose–quinine solution acclimation, sucrose–quinine vs ethanol intake, male rats, 748
terminal-link frequency & duration with vs without food reinforcement, conditioned preference responding, pigeons, 26485
test–retest reliability of preference judgments of artificially processed & hearing-aid transduced speech, normal hearing 18–25 yr olds vs hearing impaired 22–57 yr olds & males vs females , 34713
tranquility & preference attitudes for natural settings, college students, 32443
universal-diverse orientation & preferences for characteristics in psychologists,Euro vs Asian vs African American college students , 4771
unsignaled vs signaled vs no reinforcement delay in 3-component multiple schedule, resistance to change in test of Pavlovian stimulus–reinforcer contingencies, pigeons, 26476
use of additional interspersed mathematics word problems in assignments, perception of difficulty & homework assignment preference & accuracy, high school mathematics students, 25744
use of object retrieval task to examine constraints on problem solving & inhibition, cotton-top tamarins, 19953
visual perception of & preference for different attributes of physicians, 5–15 yr olds vs their parents, 17272
visual-fixation-assessed preference for infant-directed vs adult-directed singing, 2 day olds with normal hearing & their English vs Japanese deaf mothers, 23709

Preferences {See Also Aesthetic Preferences, Brand Preferences, Food Preferences, Occupational Preference}—Chapters

Adolescents' preferences for their homeland and other countries, 10906
Children, advertising, and the Internet: An exploratory study, 17210
Socialization and cognitive-moral influences on justice rule preferences: The case of Indian culture, 36723
Sonic experience of place, 29213
The volunteer's dilemma: Theoretical models and empirical evidence, 30433

Preferred Rewards—Serials

absolute vs relative rewarding properties of fructose vs glucose vs saccharin mixtures, effectiveness in producing anticipatory contrast, rats, 26467
choice between & preferences for unequal temporal reward sequences, male rats, test of parallel time discounting model , 16748

Prefrontal Cortex—Serials

5-HT/2 receptor density in prefrontal cortex, 21–43 yr olds with schizophrenia, 8147
5-HT2 agonist, extracellular GABA levels in prefrontal cortex, male rats, 7159
activation & foci of regional cerebral blood flow in inferior & orbital prefrontal cortex during novel risk-taking task involving choices differing in likelihood & size of rewards, healthy males, 36455
age, prefrontal cortex neurophysiology during cognitive activation, 18–80 yr olds, 29790
alpha-1 adrenergic agonist phenylephrine in prefrontal cortex, cognitive ability, male rats, implications for role in mental disorders associated with elevated norepinephrine turnover, 10530
amplitude & latency topography of prefrontal steady-state visually evoked potential during continuous performance task, 7.75–14.0 yr old males with ADHD , 8441
anatomical observations on visceromotor projections from orbital & medial prefrontal cortex, monkeys, implications for patients with familial depressive or bipolar disorder, 29844
attention shift between color & shape, shift frequency & neural activity in prefrontal cortex & related areas indicated by regional cerebral blood flow, male 22–26 yr olds, 3611
attractor network model of role of dopamine in working memory & prefrontal cortex neurons, 22766
behavioral patterns & ERP-assessed recognition memory, 25–83 yr olds with focal prefrontal vs hippocampal lesions, 18428
characterization of metabolite profile in right prefrontal cortex using proton magnetic-resonance spectroscopy, 17–47 yr old patients with Graves' disease, 5193
chronic antipsychotic drug exposure, neuronal & glial density & cortical thickness in prefrontal area 46, male rhesus monkeys, 6 mo study, 26846
clinical & electrophysiological & neuropsychological evidence of prefrontal dysfunction & poor response to antidepressant treatment, elderly depressed patients (mean age 74.8 yrs), 31659
clonidine vs B-HT920, neural activity in prefrontal cortex during visual discrimination task, female monkeys, 3973
clonidine vs guanfacine, spatial working memory & planning & attentional set-shifting central executive functions of prefrontal cortex, 23–35 yr olds, 13753

clozapine & risperidone & sulpiride & haloperidol & olanzapine & amperozide, serotonin receptor antagonism & extracellular dopamine in medial prefrontal cortex & nucleus accumbens, male rats, 17054
computational model of functional prefrontal cortical circuitry for visuospatial working memory formation, 29863
connectionist computational simulation model of role of dopamine & prefrontal function in cognitive control, patients with schizophrenia, 30698
decision making & prefrontal cortex, male monkeys, 33251
decision-making performance, 19–58 yr olds with amygdala vs ventromedial prefrontal cortex damage, 28123
divided attention, temporal processing, adult patients with lesions in cerebellum vs prefrontal cortex, 8614
dopamine release & metabolism in prefrontal cortex & ventrolateral striatum during enhanced rebound hyperphagia induced by space restriction, female rats, animal model of binge eating, 7061
dopamine synthesis in striatum & medial prefrontal cortex, 21–49 yr old schizophrenic patients, 34173
dorsolateral prefrontal cortex activation during working memory task, male outpatients with schizophrenia, 21147
electrical stimulation of medial prefrontal cortex, forebrain serotonin output, male rats, implications for depression treatment with ECT or transcranial magnetic stimulation, 29904
ERP correlates of lexical processing & repetition priming, 26–77 yr old stroke patients with anterior vs posterior lesions in dorsolateral prefrontal cortex, 2095
event-related activity in prefrontal cortex vs bilateral parahippocampal regions, visual experience remembered well vs less well vs forgotten, Ss, 3822
excitotoxic lesions of ventral hippocampus &/vs neonatal medial prefrontal cortex, MK-801 induced hyperlocomotion & apomorphine induced stereotypies, adult male rats, animal model of schizophrenia , 487
executive control of long term visual memory retrieval, monkeys, top-down signal evidence from prefrontal cortex, 36467
firing characteristics of deep layer neurons in prefrontal cortex during spatial working memory & alternation tasks & food search & role of hippocampal projection, male rats, 3865
functional MRI of prefrontal brain regions during motor response inhibition & motor timing, 12–18 yr old males with ADHD , 24601
functional MRI-assessed spatial & nonspatial working memory & hemispheric organization in dorsal & ventral subdivisions of prefrontal cortex, 19–37 yr olds, 3833
functional segregation of prefrontal cortex in spatial & nonspatial processing & simple & complex aspects of working memory, monkeys, 23327
hallucinogen psilocybin vs 3,4-methylenedioxyethylamphetamine vs d-amphetamine, cerebral glucose metabolism & neurometabolic effects & cognitive activation, healthy 27–47 yr olds, 20292
hydroxydopamine-induced dopamine depletion in medial prefrontal cortex, motor & neurochemical response to cocaine, male rats, 33366
hypothesized reduction in interneuronal neuropil in prefrontal cortex as prominent feature of cortical pathology in schizophrenia, 11437
imipramine vs fluoxetine, 5-HT2A receptor-mediated intracellular calcium mobilization, postmortem human frontal cortex samples, 2337
impairment & lateralization of procedural learning & relation between visuomotor & verbal sequence learning & working memory & executive function, 19–69 yr olds with prefrontal cortex lesions , 24780
inactivation of prelimbic-infralimbic or dorsal anterior cingulate areas, strategy switching in spatial vs visual cued cheeseboard task, rats, 10446
injection of dopamine antagonists SCH23390 & raclopride into orbital prefrontal cortex, cortical modulation of prepulse inhibition of acoustic startle reflex, adult male rats, 20394
intermittent vs continuous cold vs foot shock stress, sensitization of extracellular norepinephrine release in medial prefrontal cortex, male rats, 26708
intra-ventral hippocampal vs medial prefrontal cortical picrotoxin, prepulse inhibition & reversal by haloperidol, male rats, implications for validity of animal model of schizophrenia, 26787
intracranial self-stimulation & distribution of reward sites in medial prefrontal cortex & caudate putamen, male rats, 536
isodirectional tuning of regular & fast spiking adjacent pyramidal cells & interneurons in dorsolateral prefrontal cortex during spatial mnemonic working memory task, rhesus monkeys, 20136
left prefrontal repetitive transcranial magnetic stimulation, mood, 20–64 yr old right-handed outpatients with major depression, commentary & reply, 18763
left vs right prefrontal transcranial magnetic stimulation, 20–52 yr olds with mania, 2420
lesions of neostriatum caudolaterale, reversal learning & go/no-go tasks, pigeons, implications for equivalencies to mammalian prefrontal system, 473
lesions of prefrontal cortex with vs without prelimbic area lesions, avoidance & radial maze learning, female rats, 3843
light deprivation delay & duration, recovery from visual & tactile & auditory sensory neglect, male rats with unilateral medial agranular prefrontal cortex lesions, 3826
medial frontal cortex & temporary memory during exploratory behavior before vs after bilateral lesioning, male rats, 7077
medial prefrontal cortex involvement in response to trauma-related stimuli, male 46–52 yr old Vietnam combat veterans with PTSD, 17957
medial thalamic vs prefrontal cortical lesions, conditional discrimination with vs without memory delays in auditory match-to-position task, male rats, 3921
metabolic rates in anterior cingulate & prefrontal cortex, prediction of therapeutic response to sleep deprivation, patients with unipolar depression, erratum, 38342
metabolic rates in anterior cingulate & prefrontal cortex, prediction of therapeutic response to sleep deprivation, patients with unipolar depression, 31742
morphine vs mu opioid agonist DAMGO, prefrontal cortical cell responses to acetylcholine vs glutamate & afferent evoked excitatory activity, male rats, 667
motivational properties of orbitofrontal neurons, monkeys, 20155
MRI analysis of abnormalities in N-acetyl-aspartate & creatine plus phosphocreatine & choline compounds in hippocampus & dorsolateral prefrontal cortex, schizophrenic Ss & unaffecting siblings, 14539
myristoylated alanine-rich C kinase substrate & related protein expression & distribution in hippocampus & dorsolateral prefrontal cortex, suicide victims, 11546
neural activity in caudate nucleus & anterior insular & temporal & prefrontal cortices & amygdala in response to sad vs happy vs fearful vocalizations, normal males, 33231
neural network model of activity of short- & long-term information processing by dopamine & prefrontal cortex within cortico-striatal circuits during reward-related approach learning, 32483
neural substrates of age-related declines in mental imagery generation & manipulation & role of dorsolateral prefrontal cortex, 19–77 yr olds , 30133
neuroanatomical basis for similarity of function in selectivity of attention & motor preparation & role of thalamus' reticular nucleus & prefrontal cortex in anticipatory behavior, 455
noradrenergic antagonists, prefrontal cortex mediation of oculomotor delayed-response task performance, rhesus monkeys, 742
performance on theory of mind tasks, 34–80 yr old patients with bilateral damage to orbito-frontal cortex vs unilateral damage in left dorsolateral prefrontal cortex, 2090
prefrontal & medial temporal activation during word encoding, remembered vs forgotten experiences, Ss, 3938
prefrontal brain activity & performance in temporal & linguistic task, 19–28 yr olds, 26582
prefrontal brain activity rated to temporal delay & relation to temporal bridging & timing movement, 7086
prefrontal cognitive & neuropsychological dysfunction, 8–19 yr olds with continuously treated phenylketonuria, 28053
prefrontal cortex & recognition memory, adults, 530
prefrontal cortex activity in maintenance vs manipulation of information held in working memory, 19–32 yr old males, 36256
prefrontal cortex, awareness & sensory learning, 20121
prefrontal cortical dysfunction & altered GABA neurotransmission, patients with schizophrenia, 34170
prefrontal regional cerebral blood flow during rest or activation using SPECT, acute unmedicated schizophrenic female patients, 1610
progesterone, avoidance learning & neuronal death following ablation of prefrontal cortex, rats, 7162
quinolinic acid lesions of agranular insular cortex, working memory for food reward value & working memory for spatial locations, male rats , 7082
regional cerebral blood flow in prefrontal cortex & basal ganglia & temporal lobes, 13–18 yr olds with major depressive disorder, 24208
regulation of stress responses at level of medial prefrontal cortex output neurons, male rats, 20251
relationship between prefrontal neuronal pathology & dopamine activity, patients with schizophrenia vs monkeys, 14534
relative density & laminar distribution of dopamine axons in prefrontal cortex, postmortem brains of humans with schizophrenia & monkeys treated with haloperidol, 37345
repeated low vs high dose nicotine pretreatment, mesoprefrontal dopaminergic & behavioral responses to acute footshock stress, male rats, implications for schizophrenia, 4153
reproduction of spiking statistics of neurons in prefrontal cortex through Ornstein-Uhlenbeck process, monkeys, 26034
response contingent food reward, changes in medial prefrontal cortex dopamine levels, male rats, 510
role of hippocampus & prefrontal cortex in effects of cholecystokinin B agonist on memory task, rats & mice, 29850
role of lateral prefrontal cortex in prospective coding for objects, male monkeys, 26635
role of medial prefrontal cortex & medial habenular nucleus in discriminative stimulus effects of nicotine, rats, 33454
role of prelimbic medial prefrontal cortex in development of cocaine-induced behavioral sensitization, lesioned rats, 4281
role of stress-induced activation of Fos in subregions of prefrontal cortex during acquisition of aversive memory, rats, 26556
selective quinolinic acid lesions of prelimbic area of medial prefrontal cortex, mediation of reward & psychomotor activation effects of cocaine & MK-801 & morphine & amphetamine, male rats, 7092
selegiline, memory modalities in prefrontal cortex, 60+ yr olds with mild to moderate Alzheimer's disease, 22046
setoperone positron emission tomography, assessment of prefrontal cortex serotonin receptor binding, 18–45 yr olds with depression & suicidal ideation, 27614
short trains of transcranial magnetic stimulation over left vs right dorsolateral prefrontal cortex, random number generation, 28–42 yr olds, 3863
somatosensory discrimination, neuronal activity in prefrontal cortex, monkeys, implications for neuronal correlates of working memory, 23345
SPECT analysis of selective activation of neurons in medial prefrontal regions of brain during toe graphaesthesia task, 22–24 yr olds, 3979
stress or inherent chemical changes, prefrontal cortex dysfunction & related behavioral problems, children, implications for differential diagnosis of ADHD, 11507
time perception assessed by auditory stimulus & working memory task duration & attention & discrimination, 36–81 yr olds with focal vs unilateral neocerebellar vs prefrontal lesions, 5375
transcranial magnetic stimulation to right prefrontal cortex, catatonia, 24-yr-old female with acute psychosis, 2421
visual discrimination performance & reversal learning, pigeons with posterodorsolateral neostriatum lesions &/or corticoidea dorsolateralis lesions, 23290
Wisconsin Card Sorting Test performance & prefrontal cortical function, adults with major depression vs schizophrenia, 21040
Wisconsin Card Sorting Test, frontal regional cerebral blood flow in cingulate gyrus vs prefrontal cortex, normal volunteers, 3829
working memory, performance of simple span & response tasks, patients with brain lesions of dorsolateral prefrontal cortex, 37823

Prefrontal Cortex—Chapters

Bedside frontal lobe testing: The "Frontal Lobe Score", 6656
Executive cognitive functioning in alcohol use disorders, 5106
Experimental assessment of adult frontal lobe function, 7106
Neuroimaging and activation of the frontal lobes, 7105
Prefrontal cortical networks related to visceral function and mood, 26667
Prefrontal cortical-amygdalar metabolism in major depression, 27647

Pregnancy [See Also Adolescent Pregnancy]—Serials

1996 Guideline of British Royal College of Obstetricians & Gynaecologists concerning alcohol consumption during pregnancy & research findings concerning fetal development, 30006
absolute & proportional gestational weight gain & prepregnancy body mass index as predictors of primary cesarean delivery, adult females, 2584
abuse &/or household dysfunction during childhood, unintended pregnancy during adulthood, 20–50 yr old women, 37454
acceptability of voluntary HIV testing & counseling in developing countries, pregnant females, Africa & Thailand, 9037
age & violence before vs during vs after pregnancy & pregnancy as a result of statutory rape, 13–45 yr old females, erratum, 24416
alcohol use during pregnancy, growth & gestational age of offspring at birth, teenage mothers & infants, 4 yr study, 30877
areas of psychosocial need, pregnant vs nonpregnant HIV-positive women, 8565

attitudes about etiology & treatment of nausea & vomiting during pregnancy, culturally & geographically diverse midwives, 15386
attitudes toward HIV testing, pregnant females, 15440
barriers to prenatal care, 15–41 yr old females with low incomes vs providers, 9162
biopsychosocial characteristics & treatment outcomes of pregnant cocaine-dependent women in residential vs outpatient substance abuse treatment, 38600
chart recorded psychiatric or substance use diagnoses, Ss giving birth in California in 1992, 24090
childhood sexual abuse history, depressive symptoms during pregnancy & pregnancy outcomes, pregnant females (aged 18 yrs & older), 24386
cigarette smoking during pregnancy, prevalence of asthma, mothers, 31062
clinical issues & client reactions to therapist's pregnancy, community mental health center clients & art therapist, 38716
cocaine & tobacco use & spontaneous abortion, pregnant 14–40 yr olds with vs without spontaneous abortions, 22 week followup, 11632
consistency of maternal behavior towards own vs adopted young, 3–18 mo old pregnant vs non-pregnant guinea pigs, 29703
correlates of substance use & effect of advice by physician to abstain, risk of alcohol & tobacco use during pregnancy, 18–45 yr old females, 15450
course & psychopharmacological management of bipolar disorder during pregnancy & postpartum period, 2403
delusion of pregnancy, 36 yr old male with schizophrenia & memories of adult sexual abuse, 14588
development & reliability & factor analysis of theory-based instrument for assessing breastfeeding intention, 13–45 yr old low-income pregnant females, 3352
drug rehabilitation, substance abusing pregnant females, 19067
effectiveness of integrated screening method for Down's syndrome risk in affected vs unaffected pregnancies, comment, 30999
effectiveness of integrated screening method for Down's syndrome risk in affected vs unaffected pregnancies, 31006
effects of psychotropic medication use during pregnancy, mothers & fetuses & newborns, 5603
efficacy of TWEAK, screening instrument to identify women who are at risk drinkers, pregnant women (mean age 30.2 yrs) in prenatal setting, 19646
emotional adjustment, 19–46 yr old pregnant couples with vs without history of perinatal loss, 28019
emotional well-being during pregnancy vs after childbirth, adolescent vs adult women, longitudinal study, 934
evaluation of mental health & depression during pregnancy, 1459
experiences with physical &/or sexual violence, 17–37 yr old pregnant incarcerated females vs poor pregnant health department patients, 32074
exposure of reproducing females to unfamiliar males, pregnancy disruptions & infanticide, gray-tailed voles, 13442
exposure to pregnancy or labor or delivery complications & schizophrenia, 30709
family type as a risk factor for depression in pregnancy, 15–40 yr old females, 4617
fetal body & eye movements & heart rate in developmental organization of behavior from 24-wks gestation onward in normal & complicated pregnancies, healthy pregnant females, 24 wk & onward study, 20440
genetic mating system, pregnant field-captured male pipefish, 36391
high risk behaviors & unintended pregnancies & school dropout & multigenerational poverty & need for interventions teaching skills in decision making & assertiveness, adolescent mothers, 7517
high thyrotropin & low thyroxine level in maternal hypothyroidism during pregnancy, cognitive & visuomotor development & IQ, 7–9 yr olds without hypothyroidism at birth, 31054
history of reproductive problems & demographic characteristics & study attrition & psychosocial problems, pregnant women with vs without malformed offspring, 24714
HIV testing & prevention issues & sample characteristics, females attending antenatal vs family planning vs termination assessment clinics, 25324
increased basal activity of hypothalamo-pituitary-adrenal axis during pregnancy, rats bred for high vs low anxiety-related behavior, implications for fetuses, 4061
individual & demographic & neighborhood-ecological predisposing factors, late initiation of prenatal care seeking, pregnant women, 15457
intention status of current vs past vs hypothetical pregnancies, women seeking prenatal care vs elective abortion vs pregnancy testing, 11035
interdisciplinary & comprehensive & coordinated & managed care treatment model for pregnant licit & illicit substance users, 25535
maintenance on slow-release morphine vs methadone, neonatal abstinence syndrome, 17–40 yr old pregnant female opiate or polysubstance abusers, 19060
maternal & childhood & other short-run costs of smoking, implications for HMOs & employers , 14213
maternal corticotropin-releasing hormone, habituation, developing fetus, 17504
maternal nausea during pregnancy, child temperamental & behavioral outcomes, children assessed at 5–7 mo & 5 & 12 yrs, 33665
maternal smoking during pregnancy & risk of criminal behavior among adult male offspring, Northern Finland, 1966 birth cohort, 24568
mental disorders associated with childbearing, 1483
metacontent analysis of sexuality during pregnancy & after childbirth, couples, 1950–96, 30325
mood & cognitive failure, pregnant working women (mean age 27 yrs), commentary reply, 12902
mood & cognitive failure, pregnant working women (mean age 27 yrs), commentary, 12896
morning sickness & salt intake & food cravings & aversions, 18–46 yr old pregnant females with little or no vs moderate–severe vomiting, 33316
no exercise vs low vs heavy exercise during pregnancy, timeliness of delivery, adult females, 2506
nurse-administered abuse prevention intervention, further violence, 14–42 yr old pregnant women, 6- & 12-mo post-delivery follow-up, 12416
partnership status & secondary gain, pregnancies, nonpregnant women vs women with planned vs semiplanned vs unplanned pregnancies, 14196
perceived vs actual changes in attention & memory abilities during pregnancy, pregnant women, 16575
perceptions & experiences of & communication with caregivers during pregnancy & birth & hospital stay, 20–51+ yr old Hmong females, Australia, 35056
perceptions & experiences of prenatal testing, Thai women, Australia, 25363
perceptions & prevalence of battering, pregnant Latinas (aged 14–42 yrs), 24440
perceptions of denial in drug recovery process, 18–31 yr old & older pregnant & parenting chemically dependent females in treatment, 19058
perceptions of obstetricians & midwives & student midwives & nurses & husbands during perinatal period, pregnant 20–35 yr olds, 20912
personality characteristics & psychopathology, 19–34 yr old treatment seeking HIV+ pregnant drug dependent women , 8381
pharmacological treatment of depression, pregnant females, 28428
plasma & CSF concentrations of nociceptin, pregnant 25–39 yr olds presenting for elective Caesarean section vs established in labour, 595
plasma cortisol & prolactin & oestrogen & progesterone & thyroxine & TSH & depressive symptoms, pregnant vs postpartum women, 4901
pregnancy & estrogen treatment, maternal responsiveness, group-living female pigtail & rhesus macaques, 6994
pregnancy status & other client characteristics & likelihood of completing drug treatment programs, women in women-only vs mixed gender programs, 22261
pregnancy vs disease prevention as motivations for condom use, heterosexual 17–25 yr olds, 33836
pregnancy, bulimic symptoms, females with bulimia (aged 17–38 yrs), 14875
pregnancy-specific interventions vs traditional treatment program, treatment retention, cocaine-addicted pregnant women, 15641
prenatal & perinatal influences on risk for psychopathology in childhood & adolescence, high school students, 4864
prenatal attachment, parents expecting twins, 7667
prenatal depression & catecholamine & cortisol levels, neonatal neuromotor performance & catecholamine & cortisol levels, pregnant mothers with depression (mean age 19.4 yrs) & their neonates, 24211
presence of sire & other pregnant females & group stability & size & dam age & parity, gestation length & viable births & clinical treatment of dam, captive pigtailed macaques, 13451
prevalence & correlates of anger attacks, female psychiatric patients who are pregnant or postpartum (mean 30.2 yrs) , 37484
prevalence & source of midsleep awakenings prior to conception vs 1st vs 2nd vs 3rd trimesters of pregnancy, women (mean age 31.24 yrs), 36499
prevalence of suicide during pregnancy & need for further epidemiological & clinical research, 24474
progesterone & prolactin secretion & anxiety/depression, platelet peripheral-type benzodiazepine receptor binding & expression, 1st vs 3rd trimester pregnant vs lactating female 18–42 yr olds, 33332
prolonged stress-induced elevation in plasma corticosterone, pregnant rats, implications for prenatal stress studies, 4076
psychological & legal issues & forensic evaluation & consultation in cases of pregnancy denial & neonaticide, adolescent females, 11662
psychological variables which predict achievement of pregnancy or treatment persistence, 27–48 yr old married couples with primary infertility, 5780
psychosocial & contextual & biomedical antecedents & outcomes of perceived health during pregnancy & medical care utilization, nulliparous females, 18784
psychosocial & sociodemographic & heritable factors & lifestyle, development of obesity after pregnancy, mothers (mean age 33.54 yrs), 14874
psychosocial risk factors & birth outcomes, 13–42 yr old pregnant African Americans, implications for case management, 1393
recall of smoking habits during pregnancy 0.5–3 yrs after delivery, females, 18060
repetitive transcranial magnetic stimulation, depression, 36 yr old pregnant female, 12261
reproductive cycle length & pregnancy determined through fecal pregnane analysis & observations of mating behavior, captive southern white rhinoceros, 23254
residential treatment course & risk factors for treatment completion, 15–44 yr old pregnant females with substance use with vs without comorbid mental disorders, 19053
resource loss vs gain in conservation of resources theory as stress, depressive mood & anger, 22–40 yr old females during pregnancy & postpartum, 34004
risk factor of becoming pregnant at early age, 14–18 yr old mothers vs nonmothers vs expectant mothers, 17339
risk factors associated with treatment of major depression during pregnancy, pregnant women taking fluoxetine or serotonin reuptake inhibitors, 38331
risks & benefits of pharmacological treatment of major depression during pregnancy, 5629
risks & benefits of psychotropic drugs, pregnant & lactating women with mental illness, 18751
role of vomiting in & origin of raised serum amylase, female patients with hyperemesis gravidarum in pregnancy vs bulimia, 27487
safety of fluoxetine & other selective serotonin reuptake inhibitors during pregnancy, children of depressed mothers, 31646
self efficacy & reasons for & success attributions of smoking cessation during pregnancy & early postpartum period, prediction of continued postpartum abstinence, adult females, 31834
self- vs collateral-reports of prenatal alcohol consumption & smoking & stress, pregnant women, 37035
self-care behaviors during pregnancy, 15–43 yr old females, 2507
self-help booklet with vs without computerized interactive telephone program or motivational counseling from nurse educators, smoking cessation, 18 yr old & older pregnant women, 38447
sexual activity & pregnancy & abortion & contraception & venereal diseases, Latino vs African American magazines, 36686
sexual behavior during pregnancy & year postpartum, spouses, 1184
sexual satiety, disruption of early pregnancy in inseminated female mice, male mice of same vs different genetic strain, 20032
smoking cessation & patient state of change & smoking behavior, 15–46 yr old pregnant smokers, 18087
smoking cessation intervention research, pregnant women, metaevaluation, 1986–98, 5812
smoking during pregnancy, child's cognitive & motor development, children at age 1 & 5 yrs, 27000
social & demographic variables & nicotine dependence & constructs of planned behavior theory, prediction of smoking cessation during pregnancy, pregnant females , 27197
social support processes during high-risk pregnancy & early parenthood, 18 yr old & older low-income pregnant African American females & close support & health care providers, test of grounded theory, 25331
sociodemographic factors & mother's health behavior & pregnancy outcomes, epidemiology of behavioral problems, 16–42 yr old nulliparous mothers of children assessed at age 3 yrs, Finland, 30139
steroid hormone levels & cognition & memory & mood during vs after pregnancy, females (mean age 33 yrs), 10508
steroid hormone levels & cognition & memory & mood during vs after pregnancy, females (mean age 33 yrs), erratum, 23450
structure of depressive symptoms during pregnancy & postpartum, longitudinal study, 27639
subsequent pregnancy, grief & emotional & marital adjustment, 20–51 yr old women & partners who had suffered perinatal loss, 24017

symbolic violence & threats of violence by male intimate & physical violence, pregnant physically & sexually abused Hispanic women, 5042
treatment & maternal & infant outcomes, pregnant 16–19 yr olds vs adult females in intensive outpatient vs short term residential chemical dependency treatment program, 15616
ultrasound examination, anxiety & stress & maternal–fetal attachment & health behavior & attitudes towards & pregnancy & fetus, 31759
unconscious pregnant fantasies as underlying dynamic organizer to panic experience, 19 yr old male & 27 yr old female with panic disorder, 4984
validation of self-administered screening test, detection of alcohol or other substance abuse before or during pregnancy, 13057
validity of US Supreme Court denial of full rights to children based on inability to make critical decisions in informed & mature manner, pregnant adolescents , 26047
views on facilitation of perinatal substance abuse treatment & successful program components, pregnant women & program administrator & treatment provider focus group participants, 38610
Winnicott's primary maternal preoccupation & maternal-child transference & countertransference as model for emotional experience, analyst & pregnant patient before & after birth , 31596
winter pregnancy, Ss with schizophrenia, 27671
work pace control & working conditions, prevalence of preeclampsia & disabling pelvic or low back pain & low offspring birthweight, employed women with singleton pregnancies, 5254
workload, pregnancy & complications, female physicians who were pregnant during residency, 15698
Pregnancy [See Also Adolescent Pregnancy]—Books
Addiction and pregnancy: Empowering recovery through peer counseling, 2702
Pregnancy [See Also Adolescent Pregnancy]—Chapters
Drug use and pregnancy, 11660
Epidemiology of substance abuse during pregnancy, 13913
How did the SISTERS program work and what was its impact?, 2711
Pharmacotherapy during the perinatal period, 25248
Pregnant women and tuberculosis-exposed drug abusers: Reducing drug use and increasing treatment compliance, 18577
Prenatal exposure to cocaine, 5118
Reproductive health, 2449
The role of social support in the lives of pregnant women in recovery, 2715
Pregnancy (False) [See Pseudocyesis]
Prejudice [See Also Religious Prejudices]—Serials
applications of H. Blumer's group position theory to study of contemporary race prejudice, 33744
assessment of cultural sensitivity & lowered prejudice in social work education, 1st vs 2nd vs 3rd yr social work students, Israel, 28831
attitudes toward homosexuality & sexual prejudice, AIDS-related stigma & attitudes toward AIDS, adults, 18305
case study of how new White supremacists present discourse of stigma transformation in magazine "Instauration" , 33741
development of national prejudice & in-group favoritism & self-stereotyping, White 6–16 yr olds, England, 17372
dissociation of stereotypic trait judgments about & prejudice against Jewish males marrying daughter, college students, 27334
ease in recalling 3 vs 8 stereotyped traits, stereotypicality of subsequent judgment, male vs female college students with low vs intermediate vs high level of prejudice regarding women's sex roles, 20778
ethnic hatred & xenophobia, Jewish adults, Israel, 20702
history & psychosocial determinants & dynamics of & solutions to prejudice, Central Europe, 30464
implicit & explicit measures of prejudice & normative protection against discrimination & acceptability of negative opinion expression, Italian Catholic 12–93 yr olds, 20859
individual-oriented vs intergroup techniques for reducing traditional vs contemporary forms of prejudice, 30299
multicultural education & diversity appreciation training, prejudice, mental health counselor trainees, 35398
prejudice & stereotypic perceptions of own vs lower status group, college students , 1266
prejudice, linguistic intergroup bias, White college students, 7312
prejudice/racism, ratings of liking for stereotypically- described minority scholarship applicants, college students, 20853
present vs new public campaigns to reduce ethnic prejudice through persuasive communication programs, White Ss, 27153
processing of persuasive communication from stigmatized vs nonstigmatized sources, majority group adults with high vs low prejudice or high vs low ambivalence toward stigmatized source's group, 11162
proneness to prejudiced responses & authenticity of self reported prejudice-related discrepancies, college students, 1336
psychophysiological assessment of prejudice, 27346
racial identity development & communication style & prejudice, implications for conducting effective focus groups, 1222
right-wing authoritarianism & social dominance orientation as individual difference variables underlying prejudice, college students, 27411
role of anxiety & intergroup relations in anxiety/uncertainty management theory vs integrated threat theory of prejudice, 36950
testosterone & prejudice & pupil dilation while viewing pictures of persons of target races, White vs Black college students, 23985
women's hostile & benevolent prejudices & stereotypes about men, 16–86 yr olds, application of the Ambivalence toward Men Inventory, 35896
Prejudice [See Also Religious Prejudices]—Books
Reducing prejudice and stereotyping in schools, 38881
Prejudice [See Also Religious Prejudices]—Chapters
Affective and cognitive implications of a group becoming a part of the self: New models of prejudice and of the self-concept, 11097
Exploring automatic stereotype activation: A challenge to the inevitability of prejudice, 11175
Social identity, normative content, and "deindividuation" in computer-mediated groups, 30440
Preliminary Scholastic Aptitude Test [See Coll Ent Exam Bd Scholastic Apt Test]
Premarital Counseling—Serials
development of individual & couple assessment needs for research into marriage preparation programs, 11017
marital distress prevention program, relationship dissolution & functioning & satisfaction & positive & negative communication, couples planning marriage, 3 yr study , 8823
model for premarital counseling within church, couples, 38347
model for using family sculpting in premarital counseling, 18608
perceptions of helpfulness of marriage preparation programs, couples married 1–8 yrs, 25105
Premarital Intercourse—Serials
biosocial models of premarital sexual & reproductive behavior, married women, Sudan, 33838
Premature Birth—Serials
coordination dynamics of abdomen & chest during infant breathing, full- vs pre-term babies at 38 wks postconceptual age , 24697
demographic characteristics & caregiving periods & diurnal variations in active sleep & wakefulness, very-low-birthweight preterm infants at 33 vs 35 wks old, 13892
development of breastfeeding behavior, preterm infants, 33587
developmental intervention of multisensory stimulation, neurobehavior & neurodevelopment, preterm infants with periventricular leukomalacia, 15506
family adjustment & partner support & infant's impact on family & levels of depression during hospitalization & homecoming & 6 wks after homecoming, mothers of low vs very low birth weight infants, 30679
Infant Health & Development Program, early educational intervention on cognitive & social-emotional development, low birth weight premature infants & their mothers, 2863
intrauterine growth restriction, neurodevelopmental outcome, preterm infants (gestational age 26–33 wks at birth), 3 yr follow up, 5240
length of time needed to reach full enteral or nipple feedings, medical complications & developmental outcomes, premature infants followed up from birth to 24 mo corrected age, 30129
management of bed rest treatment for preterm labor, 20–43 yr old pregnant females, 25336
maternal sensitivity during infancy & subsequent life events & relation to attachment representation at early adulthood, prematurely born children followed prospectively from birth to age 18 yrs, 20547
maturation of visual evoked potentials, preterm infants, 2 yr study, 13900
neonatal individual differences & behavior & initial maternal interactional style, infant developmental outcome, preterm infants & their mothers, 6–8 mo study, 33583
nonverbal memory span & spatial working-memory ability & planning & set-shifting & recognition memory, 7–9 yr old preterm neonatal intensive-care survivors, 36747
parental characteristics, low birth weight or preterm birth, babies born to 15–34 yr old mothers, Taiwan, 4482
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, 21472
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, commentary, 21450
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, commentary reply, 21473
perceptions of & progression in caretaking & medical expert roles, 18–40 yr old mothers of premature infants in neonatal intensive care unit, 38561
premature birth & social support, maternal ratings & perceptions of temperament, 34 weeks gestation preterm vs normal term infants at 4 months old, 7520
prematurity & feeding & maternal problem eating, development of eating disorders, adults (mean age 28.8 yrs), 34492
previous psychiatric admission & psychopathology & social support & preterm delivery & marital status, prognosis & risk factors for 1st readmission after postpartum psychosis, women, 30755
prosody & pitch & amplitude & duration of disyllable vocalizations, full-term vs preterm 9 month olds with vs without history of respiratory problems, 10774
psychosocial risk factors & birth outcomes, 13–42 yr old pregnant African Americans, implications for case management, 1393
recall & understanding of information given at time of preterm vaginal vs caesarean delivery & symptoms of depression, 17–40 yr old mothers of at risk preterm babies requiring neonatal intensive care, 35077
risk of preterm birth & low birth weight & intrauterine growth retardation, women with schizophrenia, 34145
skin-to-skin holding, ratio of rest to activity, low birth weight infants, 30120
temperament at 24 mo & neurodevelopment & behavior, preterm vs full term children, 4407
use of Bayley Scales of Infant Development-II with premature infants & related concerns, implications for state funding & neonatal intensive care early intervention, commentary, 35
Premature Ejaculation—Serials
behavioral sex therapy techniques & paroxetine & penile constriction ring, Asian males with premature ejaculation, 15080
causes & treatment of primary & secondary premature ejaculation & nurse's role, 8492
clomipramine on as-needed basis shortly before intercourse, 21–73 yr old males with premature ejaculation, 18840
fenfluramine, ejaculatory function & release of LH measured through testosterone levels, 31–54 yr old males with premature ejaculation & hypogonadotropic hypogonadism, 18813
Premenstrual Syndrome [See Premenstrual Tension]
Premenstrual Tension—Serials
alpha-2 adrenergic receptor function, patients with premenstrual dysphoric disorder in follicular vs late luteal phase, 1520
alprazolam administered pre- & postmenstrually, food preferences & intake, restrained vs unrestrained 22–39 yr olds with PMS, 31048
alprazolam, mood & memory & anxiety & cognitive performance, female 22–39 yr olds with premenstrual syndrome , 2309
antidepressant efficacy of sertraline vs desipramine hydrochloride, females with premenstrual syndrome or dysphoric disorder, 38244
citalopram administered during luteal phase vs entire menstrual cycle, premenstrual dysphoria, adult females, 2407
cortisol secretion across menstrual cycle, 21–46 yr old females with vs without premenstrual depression, 8508
cyclic dysfunction & workplace problems & PMS, perimenstrual vs postmenstrual vs non-menstruating female employees, commentary, 9602
EEG during midfollicular vs late luteal menstrual cycle phases & after early vs late partial sleep deprivation, 29–43 yr olds with premenstrual dysphoric disorder, 17881
full- vs half-cycle sertraline, patients with severe PMS, 12322
knowledge level for premenstrual syndrome & reports of symptoms, healthy 20–40 yr old women with 6th grade level of formal education, 14910
L-tryptophan, patients with premenstrual dysphoric disorder, 12241
modulation of serotonergic function by estrogen & effect on mood & premenstrual syndrome & perimenopausal depression, 1410
mood & neuropsychological functioning & cognition, 19–44 yr old premenstrual dysphoric disorder patients , 24214

performance & inter-correlations of single item visual analogue vs prospective symptom rating scales, assessment of severity & drug treatment efficacy, females with premenstrual mood symptoms, 26159
personality changes, women during vs after PMS, 8504
placebo, PMS symptoms, 18–45 yr olds with severe PMS, 34971
progesterone & dysphoria & tension in perimenstruum & chocolate & sweets cravings & other perimenstrual symptoms, 18–45 yr olds with severe premenstrual syndrome, 34556
saccadic eye movements & plasma GABAergic activity in midfollicular & late luteal phase, 25–45 yr old females with vs without PMS, 1961
use of 5-HT reuptake inhibitors in treatment of premenstrual dysphoria, 31636
use of hormonal measures for diagnostic & research purposes in perimenopausal depression & premenstrual syndrome, 1541
use of medical &/or sociocultural model to diagnose females presenting with PMS, 24–82 yr old medical vs non-medical clinicians, 38714

Premenstrual Tension—Chapters

Women's health through the reproductive cycle: Premenstrual syndrome, postpartum disorders, and menopause, 11824

Premorbidity—Serials

childhood antecedents & biological markers of schizophrenia within neurodevelopmental framework, 21161
effectiveness of 5 prediction methods for estimating premorbid intellectual functioning, male patients referred for neuropsychological evaluation, 18342
frequency of corroboration of clients' premorbid dissociative symptomatology in dissociative identity disorder, clinicians, 24331
height & premorbid function, men with schizophrenia, comment & reply, 24266
history of childhood conduct disorder & substance abuse & other premorbid risk factors for violence, adult patients with chronic mental illness, 14448
informant-rated premorbid personality assessed by NEO Personality Inventory–Revised, adjustment to residential placement, elderly Alzheimer's disease patients, 5890
length of episode prior to antidepressant treatment & premorbid neuroticism, time to remission, patients with major depression, 18 mo followup, 28429
life events & infections & symptoms during year preceding disorder, patients (mean age 39.5 yrs) with chronic fatigue syndrome, 21492
lifetime relation patterns & personality traits & premorbid vulnerability, elderly patients with late paraphrenia & depression, 21027
neuropsychological & brain structural abnormalities before onset of schizophrenia, 4939
premorbid functioning & symptoms & neuroleptic responses, patients with atrophic & static schizophrenic psychoses, 24255
premorbid history of psychiatric disorders, 1-yr survival after lung transplantation, patients (mean age 44.4 yrs) with vs without major depression &/or anxiety &/or substance use disorder , 27494
premorbid MMPI scale cluster profiles, prediction of paranoid & nonparanoid schizophrenia diagnosis at 25 yrs, adolescents at high genetic risk, 27657
premorbid risk factors & life experiences, elderly patients with late paraphrenia & depression, 21028
premorbid social adjustment in childhood & adolescence, 16–50 yr olds with schizophrenia vs bipolar disorder, commentary , 24162
premorbid weight & amount of weight loss & weight upon referral for inpatient treatment, 12–17 yr old females with anorexia nervosa, 27971
prevalence of depression, Alzheimer's disease patients with vs without a history of mood disturbances, 34639
prevalence of heroin dependence & somatic health & social & psychiatric status at time imprisonment & personality traits & cognitive functioning, smoke- vs injection-heroin-dependent prisoners, 27838
reading & spot the word tests, estimation of premorbid intellectual ability, 18–55 yr old patients with closed head injury vs orthopedic trauma controls, 21617

Premorbidity—Chapters

Personality disorders, 17970

Prenatal Care—Serials

antepartum alcohol consumption, females with negative alcohol screens, 1196
barriers to prenatal care, 15–41 yr old females with low incomes vs providers, 9162
characteristics of at-risk population, utilization & satisfaction with prenatal care services in St Petersburg, Russian women (aged 15–39 yrs) who had just given birth, 22131
expression of their relationship to & place & understanding of prenatal testing in human genetics class, female high school sophomores, 2949
individual & demographic & neighborhood-ecological predisposing factors, late initiation of prenatal care seeking, pregnant women, 15457
interaction of author & Ss in study of community based prenatal care use for low income females (aged 20–40 yrs), 16435
management of bed rest treatment for preterm labor, 20–43 yr old pregnant females, 25336
perceived impediments to prenatal care among low-income women, 14–44 yr old African American mothers, commentary, 22119
perceived impediments to prenatal care among low-income women, 14–44 yr old African American mothers, commentary reply, 22143
perceived impediments to prenatal care among low-income women, 14–44 yr old African American mothers, 22142
perceived stress & prenatal care utilization & major life events & adequacy of prenatal care, mothers, implications for social work practice, 22149
perceptions & experiences of prenatal testing, Thai women, Australia, 25363
prenatal health behaviors & family background & work status, descriptions of babies & self as mother, 24–34 yr olds in 4th mo of pregnancy, 5832
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21269
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21250
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, reply, 21255
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21235
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup , 1717
reasons for no prenatal care & health behaviors & perceived & actual neonatal outcomes, urban mothers, New Mexico, 18863
role of personal resources & prenatal psychosocial stress & sociocultural factors on length of gestation at birth & infant birth weight, Hispanic vs White pregnant females, 23908
solution-focused outreach program, tobacco use reduction, socially & economically disadvantaged pregnant females (mean age 20.5 yrs), 38597
ultrasound examination, anxiety & stress & maternal–fetal attachment & health behavior & attitudes towards & pregnancy & fetus, 31759
utilization & social & psychological & environmental barriers to access to prenatal care, lower-income inner-city postpartum females, 15467

Prenatal Care—Chapters

Implementation of a prenatal smoking cessation program in three inner-city communities, 12540

Prenatal Development—Serials

1996 Guideline of British Royal College of Obstetricians & Gynaecologists concerning alcohol consumption during pregnancy & research findings concerning fetal development, 30006
association of impaired uteroplacental circulation & neuromotor development, neonates with intrauterine growth restriction, 4–12 mo follow up, 18258
differential behavior assessed by heart rate, fetuses of diabetic vs nondiabetic mothers, 27994
facial recognition, 5.25–20.33 yr olds with left vs right hemisphere damage after perinatal or prenatal stroke, 18344
infant & maternal characteristics & attachment & medical & environmental & biological factors, identification & treatment of risk factors in newborns & infants, 34753
low vs high parasympathetic tone, regulation of homeostasis, fetuses between 36 & 40 wks gestation, implications for behavioral development, 26936
morphologic abnormalities as indicators of nonoptimal fetal development, 11–18 yr olds with schizotypal personality disorder, 24300
physical & reflex development & motor function & activity & sensory function & learning & memory, rats exposed to toluene from day 7 of pregnancy to day 18 postnatally, 33415
preexisting fetal abnormality & labor-delivery complications, patients with or at genetic risk for schizophrenia, 30733
prenatal & perinatal complications, development of schizophrenia & bipolar disorder, 37260
prenatal influences on adult mental & physical health, 21004
prenatal stress, plasma corticosterone & catecholamines in response to footshock, 4.5–5 mo old male offspring of stressed & unstressed rats, 4084
prenatal tobacco smoking, intrauterine growth retardation, mothers & infants living in Republic of Benin, 31049
prenatal uterine position, homotypical sexual behavior & body & testicle weight & serum testosterone, male vs female rats at gestation day 21 vs postal day 21 vs 40 vs 120, 33321
prenatal visual experience, development of spatial turning bias, domestic chicks, 13439
pre–perinatal disturbances & disadvantaged familial environment at age 7 yrs, violent vs nonviolent criminal offending, high risk inner city 7–22 yr olds, implications for biosocial hypothesis, 18112
psychoanalytic theory of triadification & triangulation in parent child relations & early development from pregnancy to 1-yr old, parents & their lst-born infants , 14017
radiolabeled corticotropin-releasing factor & placental transfer & gestational stress, offspring development, pregnant rats, 4085
relationship of prenatal famine to risk of nonaffective psychosis & affective disorders, Dutch birth cohorts, 1944–1946, 24245
risk of preterm birth & low birth weight & intrauterine growth retardation, women with schizophrenia, 34145
role of prenatal & perinatal complications in etiology of schizophrenia & other psychoses, 24247
smoking & serum alpha fetoprotein levels, fetal development, pregnant women, 23654
specificity of developmental precursors of schizophrenia vs affective disorders from epidemiological studies of birth cohorts, 24171
spontaneous general movements before & after birth, infants examined between 38 & 40 wks gestation vs 2 & 4 wks postnatal age, 26937
theoretical approaches on origins of personality in relation to structural model of ego states & prenatal development, implications for transactional analysis, 17704
timing & duration of prenatal cocaine exposure, motor development, 4 mo olds, 37582
ultrasound observation of fetal behavior in late gestation pigs, implications for characterization of fetal development, 20051

Prenatal Development—Books

Prenatal exposures in schizophrenia, 24301
What's going on in there?: How the brain and mind develop in the first five years of life, 30143

Prenatal Development—Chapters

Environmental influences on prenatal development and health, 11771
Plausibility of early nutritional deficiency as a risk factor for schizophrenia, 24304
Prenatal development of the brain, 24313
Schizophrenia: Evidence for a ''cascade'' process with neurodevelopmental origins, 24317
Sensory and integrative development in the human fetus and perinate: The usefulness of animal models, 36389
Twins in utero: Temperament development and intertwin behaviour before and after birth, 33690

Prenatal Diagnosis—Serials

attitudes toward carrier status & utilization of carrier & prenatal testing, relatives of individuals with cystic fibrosis, 11796
effectiveness of integrated screening method for Down's syndrome risk in affected vs unaffected pregnancies, 31006
effectiveness of integrated screening method for Down's syndrome risk in affected vs unaffected pregnancies, comment, 30999
genetic counselor as advocate for clients for DNA testing & as educator to insurance companies, 32 & 35 yr old couple seeking DNA testing for prenatal diagnosis of retinoblastoma, 28641
perceptions & experiences of prenatal testing, Thai women, Australia, 25363

Prenatal Diagnosis—Chapters

Antenatal and postnatal influences on family relationships, 33778

Prenatal Exposure—Serials

2nd-trimester exposure to poliovirus infection as risk factor for development of schizophrenia in adulthood, Ss born between 1951 & 1969 with diagnosis of schizophrenia, 27710
acquisition of fixed ratio schedule, adult male rats neonatally exposed to ethanol &/vs cocaine, 10657
adoption experiences & concerns & service needs 3–5 vs 13–15 mo after placement, adoptive parents of children aged 1 yr 5 mo to 6 yrs 7 mo with prenatal substance exposure, 37572
adverse obstetric experiences & functional–developmental trajectory during 1st 7 yrs of life, schizophrenic patients born between 1959–1965 , 34147
analyzation of ethyl linoleate in meconium as biomarker for prenatal ethanol exposure, mothers & their infants, 14725

azidothymidine administered gestation day 19–22 to postnatal day 2–22, open field behavior in response to amphetamine, rats, animal model of azidothymidine in prevention of maternal HIV transmission, 33371
brain-behavior relations & adaptive & cognitive function, individuals with prenatal alcohol exposure or fetal alcohol syndrome or fetal alcohol effects, 11623
changes in starting point of Bayley Scales of Infant Development II, test results, 11 mo 16 day to 12 mo 15 day old cocaine exposed infants, implications for intervention placement, 18044
characteristics & service provision & placement, infants exposed to cocaine in utero, 24515
chronic intermittent stress, brain corticosteroid receptor densities, rats prenatally exposed to ethanol, 23320
corticosterone & prenatal ethanol exposure, ACTH response to stressor & hypothalamic pituitary adrenal feedback regulation, male vs female rats, 20299
course & psychopharmacological management of bipolar disorder during pregnancy & postpartum period, 2403
delayed auditory & visual evoked potentials & neuropsychological performance, prenatal exposure to seafood pollutant methylmercury, 6.4-7.4 yr olds, 34529
demographic & medical & biologic & self-report measures of drug exposure & visual attention to familiar vs novel stimuli, cocaine vs non-cocaine poly drug exposed 38–44 wk olds & their mothers , 23721
design & materials for study of prenatal diazepam or promethazine exposure, postnatal somatic development, newborns, 2 yr longitudinal study, 21646
dose–response relationship of gestational chronic maternal cocaine, onset of & established maternal behavior, lactating female rats, 7231
drug exposure during gestation, developmental functioning & health & caregiving needs & visits by biological parents & case dispositions, 0–15 mo olds in family foster care, 12449
effects of electrophysiology of hippocampus CA1 neuron, prenatal ethanol exposure, rats, 13616
exposure to cocaine in utero during acquisition & reversal learning of discriminative avoidance response, neuronal activity in cingulate cortex & limbic thalamus, male vs female Dutch-belted rabbits, 10377
exposure to influenza during second trimester of gestation, risk of development of schizophrenia, schizophrenic patients exposed to 1957 influenza epidemics during gestation, 27680
exposure to prenatal famine, patients with schizophrenia, Netherlands, 4944
fetal exposure to light, olfactory lateralization, chicks, 7136
gestational aluminum with vs without restraint, fetal morphological defects & development, female rats, 7177
gestational stage-specific prenatal exposure to retinoic acid, regional brain weights & behavioral performance, rats, 33420
health & social problems encountered & information & emotional support given by community health nurses, mothers & their in utero drug exposed infants, 18 mo study , 2600
high thyrotropin & low thyroxine level in maternal hypothyroidism during pregnancy, cognitive & visuomotor development & IQ, 7–9 yr olds without hypothyroidism at birth, 31054
identifying fetal alcohol syndrome & fetal alcohol effects, 12–18 yr olds with behavior problems in criminal justice system, 37561
in utero & lactational exposure to TCDD, learning & memory, rats, 23582
in utero exposure to amiadarone, neurodevelopment, 24–33 yr old mothers & children aged 13.6 mo to 12.0 yrs, retrospective study, 23542
in utero exposure to morphine & dose & gestational period, play & social grooming behavior of juvenile offspring, male rats, 33461
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary reply, 31782
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary, 31810
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, 12320
infantile handling, reversal learning deficits, young adult rats prenatally exposed to ethanol, 23532
influenza & maternal stress, prenatal neurodevelopment & risk for adult schizophrenia & other mental disorders, 34194
lamivudine administered from gestation day 10 to delivery, somatic & neurobehavioral development, preweaned mice, animal model of effects of lamivudine in prevention of maternal HIV transmission, 33373
lexical priming performance in free recall & recognition memory & verbal fluency assessments, 8–18 yr olds with heavy prenatal alcohol exposure vs Down syndrome, 27932
maternal exposure to delta-9-THC, morphine self-administration & neurobiology, male vs female adult rats, 33360
maternal exposure to doses of tetrahydrocannabinol, sensitivity to morphine reinforcement in conditioned place preference, male vs female rat offspring, 738
maternal exposure to human influenza virus, expression of synaptosome-associated protein 25 kDa in septotemporal vs medial vs dorsal hippocampus, neonatal mice, 3840
maternal smoking during 3rd trimester & other risk factors, prediction of persistent criminal behavior, adult male offspring, comment, 14794
maternal smoking during 3rd trimester & other risk factors, prediction of persistent criminal behavior, adult male offspring, 14790
maternal smoking during pregnancy, ADHD & conduct disorder & substance abuse, 6–23 yr old offspring, 10 yr study, 27492
motor responses to neonatal alcohol odor &/vs tactile stimulation, rat pups prenatally exposed to alcohol odor &/vs tactile stimulation, 19935
neuropsychological & executive functioning, 17–21 mo olds exposed to cocaine in utero, 20495
passive smoking during pregnancy, risk of small-for-gestational-age infants, 15–44 yr old females & their newborns, 1199
pentachlorobiphenyl 126, development through gestation & lactation, multiple FI-FR & DRL performance, rats, 7248
physical & reflex development & motor function & activity & sensory function & learning & memory, rats exposed to toluene from day 7 of pregnancy to day 18 postnatally, 33415
pre & post-natal exposure to low dosages of lead acetate, play fighting & aggressive behavior, male golden hamsters, 33386
pre & postnatal exposure to 2,4-dichlorophenoxyacetic acid, development of neuromotor reflexes & spontaneous motor activity & serotonin syndrome & circling & catalepsy & other behavior patterns, rats, 33367
pre & postnatal trimethylolpropane phosphate exposure & housing conditions & sex, motor behavior & social interaction & emotional responsivity, rats, 33364
pre- & perinatal exposure to pentachlorobiphenyl, performance on visuospatial & sustained attention tasks & response to chlordiazepoxide challenge, adult male rats, 33370
pre-natal auditory experience leading to difficulties with distorted or incomplete verbal communication & need for continuity of contact, 5 yr old mute female & young phobic woman in psychoanalysis, 21443
prenatal & early postnatal cocaine exposure, phase responsiveness to light cycle & role of D1 dopamine receptors of suprachiasmatic nucleus in circadian timing, hamsters, 754
prenatal & perinatal influences on risk for psychopathology in childhood & adolescence, high school students, 4864
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study, commentary, 37735
prenatal alcohol exposure during 1st vs 2nd vs 3rd trimester, weight & height & head circumference & triceps skinfold thickness, 9.9–13.5 yr old offspring, 21304
prenatal alcohol exposure, neurobehavioral outcomes & growth & physical anomalies, newborns, 14 yr study , 24540
prenatal androgen exposure, cerebral lateralization & handedness & cognitive functioning & IQ, 10–23 yr olds with congenital adrenal hyperplasia, 28031
prenatal binge-like alcohol exposure at various trimesters, cerebellum & olfactory bulb cell loss, rats, 20326
prenatal caffeine exposure, fearfulness & hypoactivity & exaggerated stress,l animals & humans , 20361
prenatal cocaine exposure, sensimotor development, 12 mo olds, 8333
prenatal drug &/or alcohol exposure & child & family characteristics, attention & impulsivity, 6 yr old children of 24–65 yr old mothers, 21320
prenatal ethanol exposure, hypothalamic-pituitary-adrenal responses to chronic cold stress, male vs female rats, 10597
prenatal exposure to alcohol &/or stress, dimorphic nuclei in lumbar spinal cord & relation to impaired ejaculation, male rats, 23278
prenatal exposure to amphetamine, development of central noradrenergic system, adult rats, 17074
prenatal exposure to anticonvulsant drugs phenobarbital vs phenytoin, sexual development & gender role behavior & development & gender orientation, adults, 13888
prenatal exposure to gamma radiation, locomotor & exploratory activity & learning & memory & brain weight & brain:body weight ratio, mice, 20281
prenatal exposure to maternal nutritional deficiency, increased risk for antisocial personality disorder, Dutch men born in Holland's larger cities, 1944–46, 30799
prenatal exposure to methadone, attachment behavior & separation reactions, 1 yr olds of 18–35 yr old African American mothers on methadone maintenance during & 12 mo after pregnancy, 14007
prenatal exposure to methylmercury & selenium deficiency, neurobehavioral functions, mice neonates, 13833
prenatal exposure to phenobarbital or phenytoin, hormone related cognitive functioning & spatial ability, adults, 2300
prenatal exposure to radiation, psychological development, 6–11 yr olds exposed at Chernobyl atomic power plant, 14886
prenatal exposure to toluene, postnatal development & behavior, rats, 23518
prenatal methylazoxymethanol acetate & entorhinal cortex disruption, social interaction & memory & learning & pain sensitivity & nerve growth factor, rats, implications for schizophrenia onset, 26771
prenatal morphine exposure, heterotypical sexual behavior, gonadectomized male rats injected with estradiol & progesterone & female ovariohysterectomized rats injected with testosterone, 23593
prenatal phenytoin, body & brain weight & maze learning & locomotor activity & righting & startle & orientation reflexes & eye opening & incisor eruption & negative geotaxis, male vs female rats, 20330
prenatal physical stress & diazepam injected into pregnant female rats, body weight deficits & behavioral alterations, newborn rat pups, model for human intrauterine growth retardation, 17035
prenatal polychlorinated biphenyl congeners, brain & perirenal fat exposure levels & open field & maze behavior & passive avoidance & haloperidol induced catalepsy, rats, 20297
prenatal psychological stress, birth weight & neurobehavioral maturation, infant rhesus monkeys, 16947
prenatal stress & alcohol exposure, adult neurosteroid & catecholaminergic stress responses, rats, 4306
prenatal stress & brain biogenic amine levels & response to social separation, rhesus monkeys, 3798
prenatal stress, glucocorticoid secretion & hippocampal development in postnatal period, 3924
prenatal stress, serotonergic system & induction of synaptic loss in hippocampus & developmental disabilites, rat offspring, implications for learning ability, 3850
prenatal sulfur dioxide, defensive & offensive & attack behaviors in social/agonistic encounters, male mice, 660
prenatal tobacco smoking, intrauterine growth retardation, mothers & infants living in Republic of Benin, 31049
prenatal visual experience, development of spatial turning bias, domestic chicks, 13439
prenatal X-irradiation, hippocampal development, 6 wk old rats, 16931
prenatal zidovudine exposure, neurobehavioral development, mice, 13702
prenatal zidovudine, aggressive behavior, adult male mice, 33474
prolonged stress-induced elevation in plasma corticosterone, pregnant rats, implications for prenatal stress studies, 4076
radiolabeled corticotropin-releasing factor & placental transfer & gestational stress, offspring development, pregnant rats, 4085
role of genetics & exposure to prenatal insult & pathophysiological processes & neurobiology in infantile autism, 14839
safety of fluoxetine & other selective serotonin reuptake inhibitors during pregnancy, children of depressed mothers, 31646
self- vs collateral-reports of prenatal alcohol consumption & smoking & stress, pregnant women, 37035
smoking & serum alpha fetoprotein levels, fetal development, pregnant women, 23654
smoking during pregnancy, child's cognitive & motor development, children at age 1 & 5 yrs, 27000
solution-focused outreach program, tobacco use reduction, socially & economically disadvantaged pregnant females (mean age 20.5 yrs), 38597
subtle effects of early exposure to cocaine during pretanal life, 1788
timing & duration of prenatal cocaine exposure, motor development, 4 mo olds, 37582
training on parenting infants with prenatal substance effects, feelings of efficacy about caring & caregiving skills & knowledge & social support & intent to foster, foster parents, 12440
validation of self-administered screening test, detection of alcohol or other substance abuse before or during pregnancy, 13057

Prenatal Exposure—Books
Alcohol and alcoholism: Effects on brain and development, 14766
Prenatal exposures in schizophrenia, 24301
Prenatal Exposure—Chapters
Alcohol-induced brain damage during development: Potential risk factors, 13844
An alternative path to exceptionality: Prenatal effects of teratogenic substances on developmental processes, 28059
Developmental consequences of early exposure to alcohol and drugs, 13909
The Dutch famine studies: Prenatal nutritional deficiency and schizophrenia, 24308
Epidemiology of substance abuse during pregnancy, 13913
Interaction of genes and prenatal exposures in schizophrenia, 24312
Maternal or paternal exposure to cannabinoids affects central neurotransmitter levels and reproductive function in male offspring, 17127
Modification of alcohol-related neurodevelopmental disorders: In vitro and in vivo studies of neuroplasticity, 15115
Neuromotor and socioemotional behavior in the young monkey is presaged by prenatal conditions, 20046
Plausibility of early nutritional deficiency as a risk factor for schizophrenia, 24304
Plausibility of prenatal rubella, influenza, and other viral infections as risk factors for schizophrenia, 24303
Prenatal and perinatal stress: Implications for neonatal soothing and integrity, 20644
Prenatal ethanol exposure alters the modulation of the $GABA_A$ receptor-gated chloride ion channel in adult rat offspring, 13843
Prenatal exposure to alcohol: Effects on brain structure and neuropsychological functioning, 14787
Prenatal exposure to cocaine, 5118
Seasonality, prenatal influenza exposure, and schizophrenia, 24318
Preoptic Area—Serials
8-OH-DPAT stimulation of 5-HT1A or D2 receptors in medial preoptic area, sexual activity, male rats , 10615
acute doses of vigilance enhancer modafinil, extracellular glutamate vs GABA in medial preoptic area vs posterior hypothalamus, rats, 13728
cocaine in medial preoptic area vs nucleus accumbens vs dorsal striatum vs dorsal medial hippocampus, maternal behavior vs motor activity, female rats, 17117
dopamine antagonist Schering 39166, copulation-induced Fos-like immunoreactivity in medial preoptic nucleus, sexually experienced vs naive male rats, 23540
electrical stimulation of medial preoptic area or medial amygdala, maternal & other behaviors, female rats, 10478
estradiol & progesterone, linkage of hypothalamus-preoptic area alpha 1 adrenoceptors to nitric oxide-cGMP pathway & facilitation of lordosis behavior, rats, 29984
lesioned medial preoptic area & bed nucleus of stria terminalis in medial basal forebrain, electrical self-stimulation of lateral hypothalamus & ventral tegmental area, male rats, 13514
lesions to lateral amygdala vs medial preoptic area vs nucleus accumbens, operant responding for pup-reinforcement, female rats, 13557
microinjection of growth hormone-releasing hormone or its antagonist into preoptic area, sleep, rats, 17125
nitric oxide synthesis inhibitors injected in medial preoptic area, seminal emissions, male rats, 33458
protein synthesis in medial preoptic area, sexual receptivity & mating & vaginal cervical stimulation, female hamsters, 20018
testosterone stimulation of medial preoptic area &/vs medial amygdala, amplification vs redundancy of sexual behavior, castrated male hamsters, 7178
Prepulse Inhibition—Serials
acoustic startle reflex & prepulse inhibition & locomotion activity & latent inhibition, mice from neuroleptic-responsive vs nonresponsive lines , 691
acute & sustained cocaine administration on startle reflex & prepulse inhibition, female rats, model for brain disturbances for deficient sensorimotor gating in schizophrenia, 17064
administration of selective striatal metabotropic glutamate receptor agonists into nucleus accumbens or dorsal striatum, prepulse inhibition of acoustic startle response, male rats, 10583
amphetamine or ketamine, auditory evoked potential gating & prepulse inhibition, rats, animal model of schizophrenia, 13715
apomorphine vs amphetamine vs phencyclidine vs 8-OH-DPAT, prepulse inhibition, Sprague Dawley vs Wistar rats, 26792
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, 611
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, commentary reply, 23587
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, commentary, 23546
bromocriptine &/vs haloperidol & acoustic startle, prepulse inhibition of eyeblink or N1/N2 component of auditory-evoked potential, 18–30 yr old healthy males, 17020
cellular analysis of prepulse inhibition in escape swim response, marine mollusks, 347
competitive NMDA receptor antagonists & brain access, prepulse inhibition & locomotor activity, male rats, 17024
conventional vs excitotoxic NMDA lesions of hippocampal vs fimbria–fornix, prepulse inhibition of startle response & open-field activity, male rats, 36451
ERPs & startle blinks during exposure to noise with vs without preceding prepulses, 23–59 yr old males with schizophrenia, 21135
exposure to smoking cues, prepulse inhibition of startle reflex & subjective craving, 18–47 yr old smokers, 28566
individual differences of prepulse inhibition in startle reflex as measure of individual dopamine function, male rats, 36417
inferior colliculus lesions & auditory stimulus intensity & interstimulus interval, prepulse inhibition of acoustic startle, male hamsters, 3878
injection of dopamine antagonists SCH23390 & raclopride into orbital prefrontal cortex, cortical modulation of prepulse inhibition of acoustic startle reflex, adult male rats, 20394
intra-ventral hippocampal vs medial prefrontal cortical picrotoxin, prepulse inhibition & reversal by haloperidol, male rats, implications for validity of animal model of schizophrenia, 26787
involvement of dopamine D2 receptors in modulation of prepulse inhibition & acoustic startle & role of amphetamine in prepulse inhibition, mice, implications for treatment of schizophrenia, 20134
lesions of nucleus basalis magnocellularis, prepulse & latent inhibition of fear-potentiated startle, male rats, 10451
lesions of ventral pallidum projection to pedunculopontine tegmentum & MK-801 vs 7-chlorokynurenate vs apomorphine vs dopamine in nucleus accumbens, prepulse inhibition, male rats, 3872
locomotor activity & synaptophysin immunoreactivity in dentate gyrus & hippocampus, prepulse inhibition-impaired isolation-reared rats, model for development of neurodevelopmental diseases, 23361
mediation of NMDA antagonist dizocilpine in disruption of prepulse inhibition & startle reactivity in multiple limbic region, rats, 622
neurotensin agonist PD149163, antipsychotic effects on prepulse inhibition & startle reflex, male rats, 17038
nicotine with vs without immobilization stress, acoustic startle reflex & prepulse inhibition, male vs female Sprague-Dawley vs Long-Evans rats, 13724
overnight smoking withdrawal & nicotine dependence & prepulse inhibition of acoustic startle reflex, 19–45 yr old male smokers, 11628
picrotoxin injections into superior colliculus, prepulse inhibition of acoustic startle reflex, male rats, 29995
positive & negative symptom correlates of prepulse inhibition deficits, 21–57 yr old male schizophrenic patients, 17899
post-weaning time range of social isolation rearing, startle reactivity or plasticity & habituation & deficits in prepulse inhibition, male rats, 13683
prepulse inhibition of acoustic startle response & sensorimotor gating, male vs female rats, 4048
prepulse inhibition of acoustic startle, dopamine & DOPAC in nucleus accumbens & striatum & apomorphine or sulpiride induced changes in evoked dopamine release, rats, 3945
prepulse inhibition of auditory ERPs as measure of sensory gating at hospital admission & discharge, schizophrenia patients, 8–21 wk followup, 19010
prepulse inhibition of startle & neurobiology, 6.2–12 yr old males with primary nocturnal enuresis, 21187
prepulse inhibition of startle reflex & effects of various compounds on various sites on N-methyl-D-aspartate receptor complex, rats, 13716
repeated apomorphine, sensitization to prepulse inhibition of startle reflex, male rats, 36587
risperidone vs 5-HT2A vs 5-HT2C receptor antagonists, dizocilpine induced prepulse inhibition, male Wistar vs Sprague-Dawley rats, 13829
role of medial geniculate body in prepulse inhibition of acoustic startle, male rats, implications for schizophrenia, 10469
sensory gating & suppression of P50 evoked potentials during & prepulse inhibition of startle reflex, 19–33 yr olds, 16979
serotonin 2A receptor blocking property of drugs, phencyclidine-induced disruption of prepulse inhibition of acoustic startle, rats, animal model of schizophrenia, 33514
sex & housing conditions, nicotine effects on prepulse inhibition of acoustic startle reflex, Long-Evans vs Sprague Dawley rats, 659
smoking history & prepulse inhibition of acoustic startle, males vs females, analysis of data from past 12 yrs , 36465
social rearing vs isolation-induced prepulse inhibition deficits & hyperactivity, sensorimotor gating, male Sprague–Dawley vs Lister hooded rats before vs during vs after puberty, 33020
stability of prepulse inhibition & habituation & other startle response measures as neurobiological markers for illnesses, 20–46 yr old males, 10380
strain & isolation rearing with vs without apomorphine, startle reactivity & habituation & prepulse inhibition, male Lewis vs Sprague-Dawley vs Fischer F344 rats, 6953
subchronic vs acute administration of haloperidol dosages, intact & dizocilpine-disrupted prepulse inhibition, male rats, 36554
sustained vs repeated exposure to phencyclidine, prepulse inhibition, rats, 23547
Prepulse Inhibition—Books
Startle modification: Implications for neuroscience, cognitive science, and clinical science, 23436
Prepulse Inhibition—Chapters
Affect and the startle reflex, 23439
Behavioral analogies of short lead interval startle inhibition, 23442
Cross-species studies of sensorimotor gating of the startle reflex, 26878
Event-related potential components and startle, 23443
Long lead interval startle modification, 23445
Neurophysiology and neuropharmacology of short lead interval startle modification, 23282
Neurophysiology and neuropharmacology of startle and its affective modification, 23441
Schizophrenia spectrum disorders, 24305
Short lead interval startle modification, 23438
Startle modification during orienting and Pavlovian conditioning, 23444
Startle modification in children and developmental effects, 23675
Startle–response measures of information processing in animals: Relevance to schizophrenia, 36386
Presbyterians [See Protestants]
Preschool Age Children—Serials
development of substance abuse prevention program for at risk preschool age children, 25529
Preschool Education—Serials
age normative precision in identifying disabilities, preschool test for children, 38905
caring ethic & nurturing in early childhood teacher education & teacher-learning processes, 22391
Child Development Associate teacher education program, changes in attitudes toward children & teaching profession, 19–53 yr old female early childhood personnel, 28924
development of preschool play-based curriculum for children with disabilities, 35547
emergent literacy intervention, literacy outcomes, original & replication cohorts of children in Heat Start followed up through kindergarten & 1st & 2nd grades, 28949
experiences & activities & peer & adult interactions & social behavior in inclusive preschool programs, 3–5 yr olds with vs without disabilities, 38885
factors in inclusive vs noninclusive educational program placement, preschool children with disabilities, 16005
guide for use of time-out in preschool & elementary classrooms, 12713
guidelines & strategies & teaching of object-related toy play skills to preschool children with developmental concerns, 35551
knowledge & perceptions regarding kindergarten & preschool programs for children with disabilities, early childhood special education teachers in Korea, 29031
parental values & search process used & selection reasons & program knowledge, mothers of 37–75 mo olds with autism enrolled in child care programs, 8432
peer-mediated procedures for use in inclusion of children with special needs in preschool education, 29025
program quality & teacher characteristics, early childhood programs with vs without children with disabilities, 15995
rationale for & overview of contextual factors informing play-based program planning for preschool children with disabilities, 35550
sociocultural influences, experience of inclusion & rejection in peer culture in inclusive preschool programs, 4.3–5.6 yr olds with significant disabilities, 34049

strengths & weaknesses of state-funded preschool programs & implications for design & implementation & quality of Head Start programs, 19262
strengths & weaknesses of state-funded preschool programs & implications for design & implementation & quality of Head Start programs, 19261
Taking Part curriculum, social skills, 3.2–5.7 yr old Black preschoolers, 9438
use of COACH & VISTA educational planning tools in inclusive preschool program, 4 yr old male with Down's syndrome attending general education preschool, 9548

Preschool Education—Books

Children of the dispossessed: Far-West preschoolers 30 years on (2nd ed.), 22474
Designing preschool interventions: A practitioner's guide, 35468

Preschool Education—Chapters

Divergent cultural models of child rearing and pedagogy in Japanese preschools, 14068
Gender equity policies and early childhood education, 2961
Gendermaps, 989
Improving our gender equity 'tools': A case for discourse analysis, 2960
The politics of category membership in early childhood settings, 2841
Toward a most thorough understanding of the world: Sexual orientation and early childhood education, 2840

Preschool Students [See Also Nursery School Students]—Serials

content & event analyses of cultural & social knowledge in stories & narratives, low-income urban African American preschoolers, implications for literacy bridges between home & school cultures, 22508
differences between home breakfasts & nutrition impact of school breakfast program, preacademic performance, 3.8–5.2 yr olds & their parents , 38851
effectiveness of programs for development of visual perception, 4–6 yr old preschool students with low vision, 19353
factor structure of Preschool Behavior Questionnaire, African- vs Euro- vs Asian- vs Hispanic-American 3–4 yr olds, 26102
inner city environment & Head Start experience, effectance motivation, inner city children vs middle class children attending private preschools, 2861
item response based development & validity of Readiness Inventory, assessment of readiness for 1st grade, preschoolers with vs without intensive readiness preparation training, 22917
parental socialization of emotional distress & children's prosocial behavior & competence in preschool, parents & teachers of male vs female 4.2 yr olds, 2.5 yr-study, 19338
strategies for analyzing developmental delays & making special service eligibility decisions for preschool children using model of functional intervention-based multifactored assessment, 26220
use & single-case design elements of brief experimental analysis, identification of effective school-based behavioral intervention, 3–4 yr olds with noncompliant behavior, 25734

Preschool Teachers—Serials

teacher demographic & classroom structural characteristics, kindergarten teachers, implications for facilitating children's transition to kindergarten, 9392
training in use of Kinder therapy based on filial & Adlerian play therapy principles, student classroom behavior & teacher attitudes & interaction with students, kindergarten teachers, 35579

Prescribing (Drugs)—Serials

awareness of & attitudes toward & recommendations regarding medical use of marijuana for medical patients, oncologists & ophthamologists & neurologists, 18839
demographics & practice & prescriptive patterns, 31–71 yr old advanced practice psychiatric nurses, 6045
drug use review intervention, subsequent sedative hypnotic medication use, 20–105 yr old Medicaid recipients, 5776
factors affecting prescribing practices of psychotropic drugs for mental disorders by primary care physicians, 18–65 yr old patients, 14 countries, 18707
general usage of antidepressants & issues influencing choice of tricyclics vs selective serotonin reuptake inhibitors, 23–45+ yr old general practitioners, 28881
hematologic side effects of psychotropics, 35006
monoamine oxidase inhibitor usefulness in treatment of & prescribing practices for psychiatric patients with mental illness, 30–80 yr old psychiatrists, 28396
perceptions of patient influence on prescribing, general practitioners with high vs low-spending practices, UK, 28616
physician communication of prescription drug information to patients, physicians (mean age 42 yrs), 38417
physician-perceived drug use & patient clinical & psychosocial factors, prescription of antiretroviral drugs, 30–37 yr old HIV infected former vs active injection drug users, France, 15586
prescribing & dispensing of methadone & other drugs to drug misusers, community pharmacists in Scotland, 35323
prescribing methylphenidate & prevalence of ADHD, 9–12 yr olds, 1990–1995, 21945
prescribing of antidepressant drugs, terminally ill patients in palliative care, 31672
prescribing of risperidone & olanzapine at VA hospital outpatient clinics, 12253
prescribing of stimulants for learning disabilities, psychiatrists, 38215
prescribing patterns for antidepressant pharmacotherapy, 20–79 yr old Whites vs Blacks vs Hispanics, 1992–95, 25221
prescribing patterns vs recommended treatment guidelines for tricyclic antidepressants & serotonin reuptake inhibitors, primary care patients, 1992–97, UK, 25160
prescriptions of pemoline, methylphenidate, amphetamines & other psychostimulants written by psychiatrists for adult patients with ADHD or depression or narcolepsy, 34960
prescriptive authority of advanced practice psychiatric nurses , 9299
protocols for prescribing & monitoring benefits & side effects of psychotropic drugs, children, 21901
psychotropic prescription drug rates for geriatric patients residing in nursing vs retirement homes vs homes for aged vs veteran's center, Canada, international comparison, 38225
reasons for non-prescription of clozapine, male inpatients (mean age 42 yrs) with treatment-resistant schizophrenia or schizoaffective psychosis, 38317
relationship between sales of dextropropoxyphene & paracetamol & codeine & their combinations & underprivileged area score & mortality & suicide rates, 20–64 yr olds, Sweden, 24439
repeat prescription of hypnotics, male vs female 16–85+ yr olds, 15357
resident & facility risk factors for psychotropic drug use following Nursing Home Reform Act, nursing home residents, 3 yr study, 12475
retrospective & prospective surveys of psychotropic drugs prescribed during hospitalization, psychiatric inpatients, 12251
safety & efficacy of psychoactive medication prescribing practices vs research knowledge, physicians treating children under age 18 yrs with mental disorders , 21907
site of service & client sociodemographics & ethnicity & symptom severity, prediction of antidepressant prescription & early use, 18–64 yr olds with major depression, 21953
tacrine prescribing & patient data, nursing home residents with dementia, 12325
training & other issues related to prescription privileges, psychologists in training, 15728

Prescribing (Drugs)—Books

Handbook of psychopharmacotherapy, 38336

Prescribing (Drugs)—Chapters

Decision making in the use of antidepressants: Treatment considerations, 25240

Prescription Drugs—Serials

criticism of prescription-only status of antidepressant drugs & clinical-economic context of diagnosis of depression, 15300
illicit prescription drug abuse, recovering drug dependent pharmacists, 17985
in-use vs recommended content & design elements of patient medication warning leaflets, pharmacies, 15282
intranasal abuse of prescribed methylphenidate & side effects, 15 yr old male with ADHD, comment, 8349
prescription of tricyclic antidepressant vs selective serotonin reuptake inhibitors, occurrence of suicide, suicide cases in Britain & Ireland, 31633
psychosocial correlates & prevalence of prescription & over the counter medication usage, community dwelling 65–75+ yr old Mexican Americans, 2131
psychotropic prescription drug rates for geriatric patients residing in nursing vs retirement homes vs homes for aged vs veteran's center, Canada, international comparison, 38225
redundant pictorial &/vs text formats, comprehension & recall of pharmaceutical safety & warning information, college students & young & older adults, 16213
relationships between prescription & over-the-counter drug use, elderly, 28480
silymarin, prevention of hepatotoxic effects & improvement of efficacy & tolerability of tacrine, patients with Alzheimer's disease, 12 wk study, 31615
specialty & attitudes toward switch from prescription to over-the-counter drug status, gynecologists & general practitioners, 25676
workplace access to substances, prescription-type drug misuse, nurses, 22388

Prescription Drugs—Chapters

Medications of abuse: Opioids, 1817

Presenile Dementia [See Also Alzheimers Disease, Creutzfeldt Jakob Syndrome, Picks Disease]—Serials

ascertainment of population of people with early-onset dementia, 30–65 yr olds, 31341
measurement of pattern of change in early-onset dementia, patients with Alzheimer's type vs alcohol-related vs multi-infarct vs mixed or other dementia etiology, 1 yr followup , 31342
pedigree analysis for determination of familial nature & inheritance patterns & onset age of frontotemporal dementia, index patients & relatives, 31198

Preservice Teachers—Serials

aural-diagnostic & prescriptive skills, evaluations for band performances of differing music-difficulty & performance-quality levels, preservice vs expert music teachers, 22402
beliefs about role of schools in cultural diversity & multiculturalism curriculum, preservice teachers, 25722
beliefs regarding appropriate physical education activities for elementary school children, junior & senior preservice elementary education generalists, 9403
causes of mathematics anxiety, female preservice elementary school teachers (aged 21–40 yrs), 32199
elements of mathematics teaching & learning viewed as problematic, preservice elementary teachers enrolled in field based mathematics methods course, implications for reflective thinking & authority, 22410
hands-on highly manipulative mathematics methods course, mathematics attitudes, 21–49 yr old preservice elementary education teachers, 9402
inclusion of research on nature of teachers' work in teacher preparation curricula, 19230
individual characteristics & previous computer access & training, computer attitudes, 19–51 yr old early childhood education & care prospective practitioners, 28925
meditation training, stress levels, preservice teachers, 32200
model of interactions between 3 selves in teaching mathematics, prospective primary school teachers, 2839
perceptions of physical educator education program in learning to teach, preservice teachers, 12636
philosophical beliefs & advocacy for school music programs, undergraduate preservice music education teachers, 22527
situated learning model environment, higher-order thinking during discussion while using interactive multimedia assessment program, preservice mathematics teachers, 22406
theories of race in context of learning to teach, student & preservice teachers & teacher educators, 32183
Vygotskian-based teacher education program, understanding of teaching & peer & cooperating teacher support systems, preservice teachers, 2838

Preservice Teachers—Books

Elementary literacy lessons: Cases and commentaries from the field, 38782

Preservice Teachers—Chapters

Becoming a teacher: The person in the process, 9412
Deciding to teach: Implications of a self-development perspective, 9416

Presidential Debates [See Debates]

Pressors (Drugs) [See Vasoconstrictor Drugs]

Pressure Sensation—Serials

doses of neurotensin injected into rostral ventromedial medulla, biphasic modulation of visceral nociception as seen in visceromotor responses to colorectal distension, male rats, 26647
episodic elevated intracranial pressure & radicular pain, 22 & 45 yr old females with leptomeningeal metastatic disease, 18380
response to lidocaine, males vs females assessed in pressure- pain paradigm, 4255

Prestige (Occupational) [See Occupational Status]

Pretraining (Therapy) [See Client Education]

Prevention [See Also Accident Prevention, AIDS Prevention, Crime Prevention, Drug Abuse Prevention, Preventive Medicine, Primary Mental Health Prevention, Relapse Prevention, Suicide Prevention]—Serials

'triangular' conference of scientists & resulting Tokyo Declaration on work-related stress & health in European Union & Japan & US , 35683
1 shot interventions, prevention of eating disorders, college females, 12365
1-wk didactic & clinical skin cancer prevention training, general & preventive skin cancer knowledge & self efficacy to screen & educate & organizational level constructs, nurses, 3 mo study, 28820

3-level comprehensive community prevention and intervention program, disturbed attitudes about weight control, 13–17 yr old females, Israel , 12446
abstinence-based sex education program, pregnancy prevention knowledge & beliefs, middle school students, 9418
academic–community collaboration between practitioner-oriented clinical psychology doctoral program & nonprofit teen pregnancy prevention agency, 12598
advantages of using juvenile correctional facility records in risk-based approach to plan & implement prevention & treatment programs for violent juvenile offenders, 29283
algorithm to assist mental health clinicians in decisions regarding patient violence & 3rd-party protective measures, 19195
ambivalence about pregnancy prevention, 14–17 yr old African American females, 10838
application of consumer-centered social marketing techniques to international sexually transmitted disease/HIV prevention & sexual risk behavior change, 2511
attitudes & subjective norms & perceived behavioral control & intentions, sunscreen use, 9–13 yr olds, 31831
behavior management & enriched reading curriculum interventions targeting aggressive & disruptive behavior & poor academic achievement, initiation of tobacco smoking, 1st & 2nd graders, 8 yr study, 2856
behavioral skills training training & generalization of sexual abuse prevention skills, 33–57 yr old females with mental retardation, 1 mo follow-up, 38091
benefit-cost analysis, evaluations of child abuse prevention & intervention programs, 25454
bright vs infrared light prophylactic treatment, symptom developments, patients with seasonal affective disorder, 28540
case management & cognitive therapy in comprehensive housing program to prevent homelessness, formerly homeless & at risk mentally ill adults, 35160
characteristics of target population & community services for model of housing intervention program, 19–63 yr olds with mental illness &/or drug abuse at risk for homelessness, 35164
church-based health behavior intervention program using social cognitive theory, at risk populations from rural lower socioeconomic groups, 18896
civil Protection Orders, effectiveness in preventing recurrence of & risk factors for abuse, couples, 2 yr followup, 29284
classroom context & preventative intervention, course & malleability of aggressive behavior, 1st graders, 6 yr followup, erratum, 15975
cognitive & affective functioning as areas needing further consideration & investigation as possible areas of intervention & prevention, older adults, 1006
